BANGALORE, THURSDAY, JANUARY 3, 1929.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Issuing instructions in the matter of facilities to the Representatives of Newspapers.

OFFICIAL MEMORANDUM.

No. O. 2330-42—O. E. 20-28-1, DATED 19TH DECEMBER 1928.

In modification of para 9 (v) of Government Order No. O. 3071-9—Cash 95-21-1, dated 26th June 1922 and Government Order No. G. 1985-2025—G. M. 61-24-1, dated 15th September 1924, Government consider it necessary to issue the following instructions in the matter of facilities to the Representatives of Newspapers:—

1. The practice of making arrangements for the boarding and lodging of Press Representatives, during the Dasara and Birthday Festivities at Mysore, will in future be discontinued.

2. The system of issuing Free Railway Passes from the Secretariat to Press Correspondents will be stopped from 1st January 1929. The Agent, Mysore Railways, will, however, be permitted to grant this concession to the extent allowed by other Railway Administrations.

By Order,
N. MADHAVA RAO,
Chief Secretary to Government.

GENERAL SECRETARIAT.

Reviews the Report on the Progress of Krishnarajasagara and allied works for the year 1927-28.

READ—

Letter No. 2397—K. S. S., dated the 20th November 1928, from the Chief Engineer, Krishnarajasagara Works, forwarding a report on the progress of the Krishnarajasagara and allied works for the year 1927-28.

ORDER NO. G. 7476-88—G. M. 70-28-3, DATED 17TH DECEMBER 1928.

Recorded.

2. Mr. K. R. Seshachar, B.A., B.E., C.E., continued to be in administrative charge of the operations throughout the year.

3. *Important Measures.*—The most important of the works sanctioned and in progress during the year was the Irwin Canal Project which is expected to bring under irrigation an additional area of 1,20,000 acres of land after full development. The total estimated cost of the project amounts to Rs. 222 lakhs the first section of it which is 24½ miles in length costing Rs. 74·65 lakhs; the second section involving the boring of a tunnel 9,133 feet long costing Rs. 45·62 lakhs and the third section lying between the Karighatta range of hills and the Cauvery and Shimsha rivers and commanding large tracts in the dry Taluks of Mandya, Malvalli and T.-Narsipur costing Rs. 101·73 lakhs. The work progressed very rapidly during the year. Divisions were organised to execute the work; arrangements were nearly completed for starting the tunnel work along six faces and boring was done for some distance on two faces. In view of the magnitude and importance of the project, a Land Acquisition Officer was specially appointed and the preliminary acquisition work for lands required for the canal and other purposes for a distance of nearly 29 miles from Krishnarajasagara was commenced and payment of compensation made. The total outlay on account of the project during the year was Rs. 28,39,444 against the final grant of Rs. 28 lakhs. With a view to ensure proper financial control over expenditure in connection with this large and important project, the appointment of a Deputy Comptroller was sanctioned exclusively for Krishnarajasagara Works. The Krishnarajasagara Committee of which Sir M. Visvesvaraya is the Chairman met during the year and considered questions relating to the system of irrigation to be adopted under the canal and the rates of contribution and water rate to be levied. Their final recommendations on these points are awaited.

Good progress was secured during the year in the construction of the Yedatore New Town for which an estimate for Rs. 3,58,000 was sanctioned during the previous year. Water supply works were completed and water service was given from December 1927. All the roads pertaining to the lay-out were fully formed. Several public buildings such as the Taluk Cutcherry, the Musafirkhana, the Travellers' Bungalow, the combined Dispensary and Midwife's quarters were all completed during the year. But progress in the building of houses by private persons was slow and to accelerate this work, the Town Formation Committee was reconstituted and a few model houses are also proposed to be constructed by Government for sale to the public.

A Committee was constituted to go into the question of the levy of water rate for supply of water during the hot weather from the Krishnarajasagara in the non-mamool tracts for growing sugar-cane and other crops as representations were made in and outside the Representative Assembly for a revision of the existing orders and Government approved of the recommendations made by the Committee.

4. *Grant and Outlay.*—The total grant for the Krishnarajasagara and allied works under all heads was Rs. 36,64,325 as against Rs. 12,76,059 in the previous year. This included among other items a grant of Rs. 33,21,600 under capital expenditure (of which 28 lakhs was for the Irwin Canal), Rs. 1 58,700 under revenue expenditure and Rs. 84,841 under Irrigation Cess, District and Palace Funds. The total outlay during the year was Rs. 35,47,830 of which a major portion, namely, Rs. 28,39,444 was spent in connection with the Irwin Canal Works.

5. *Construction.*—The construction of the Krishnarajasagara Dam to the required height of 130 feet was completed during the year including the parapet walls on the dam and ornamental towers and pillars at intervals; and the Electrical Department took up the erection of ornamental lights on the top of the dam. The storage in the reservoir was utilised for the generation of electric power as well as for the irrigation of about 5,500 acres direct from the reservoir and for the hot weather irrigation of nearly 37,000 acres under the old channels. Fairly good progress was made in connection with the formation of new villages in place of those submerged. The construction of two temples in these villages was practically completed and the *Sankusthapana* or foundation laying ceremony was performed for the construction of three more temples and the gopuram works were in hand.

6. *Acquisition.*—The preliminary acquisition work for lands required for the Irwin Canal and other purposes for a distance of nearly 29 miles from Krishnarajasagara was commenced and payment of compensation made. Payments made for permanent acquisition amounted to Rs. 88,696 against a grant of Rs. 1,06,000. Government lands of the aggregate value of Rs. 19,524 were given in exchange to the expropriated raiyats. Cash compensation paid was Rs. 90,850 and crop compensation Rs. 6,717.

7. *Canals.*—The extension of the Ramanathapur channel was practically completed and that of the Krishnarajasagara right bank low level canal was completed. An estimate amounting to Rs. 70,000 was sanctioned during the year for the preparation of a detailed project for the Kabbini reservoir and canals. Extension of irrigation under some of the existing river channel such as Ramasamudram, Madhavamantri and Chikdevarayasagara were sanctioned during the year and excavations were in progress. Orders were passed during the year increasing the mileage allotment of some of the channels in the Cauvery valley to enable annual maintenance being better attended to.

The outlay under the irrigation cess fund for the annual and special repairs of the irrigation works in the Cauvery valley was Rs. 1,00,253 against the grant of Rs. 84,841. Irrigation is steadily developing under the Chamaraj Right Bank Channel. It has reached almost full development under the Hemagiri and Low Level Canals and almost the entire extent awarded under the Mandagere Channel extension.

8. *Progress of Cultivation.*—The area irrigated under the low level canals below and the new channels above the reservoir was about 21,270 acres, the increase during the year being only 594 acres. Works for further extension of irrigation under the Madhavamantri, Ramasamudram, Chikdevarayasagara and other channels to the extent of 1,425 acres were in progress. The slow development of cultivation is explained as being largely due to the shortage of water in the river during the break between the south-west and north-east monsoons and to paucity of cultivators. The Chief Engineer considers it inadvisable to further increase the irrigable area as it is likely to give rise to complaints of inadequate supplies of water at the tail end of the channels in the critical period of the year referred to above. He is also of the opinion that, as the total increase permissible according to the agreement between Mysore and Madras is about 33 per cent of the irrigated area as it stood in the year 1910 and Mysore has to pass compensation water at very low duties to Madras for increased areas above the permissible limit, it is a serious point for consideration whether further increase of cultivation above the reservoir should not be restricted. Detailed proposals promised by the Chief Engineer in this connection are awaited.

9. *General.*—The floods during the year at Krishnarajasagara were below normal and the regulation of water through the sluices was attended to with promptness to meet the demands of power and the monsoon and hot weather irrigation in keeping with the rules of regulation under the agreement with Madras. The canal and tunnel works were inspected by Sir M. Visvesvaraya, Chairman of the Krishnarajasagara Committee, who has commended the rapid progress achieved during the year without the sacrifice of efficiency and economy. The works were also inspected by the Dewan in October 1928. Government are glad to find that, under the able guidance of Mr. K. R. Seshachar, the staff employed on the Krishnarajasagara Works showed commendable enthusiasm in their work and achieved substantial progress in the execution of important projects during the year.

R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

Reviews the Administration Report of the Excise Department for the year 1927-28.

READ—

Letter No. B3-Ped. 44-27, dated 18th October 1928, from the Excise Commissioner in Mysore, forwarding the report on the administration of the Excise Department, for the year 1927-28.

ORDER NO. FL. 4408-17—EX. 58-28-3, DATED 12—13TH DECEMBER 1928.

Recorded.

2. The year under review has witnessed several improvements in the administration and working of the Department. To satisfactorily cope with the excise work in the districts and handle the problems connected therewith, separate District Excise Officers were appointed in the Districts of Bangalore and Kolar during the year. The scheme has since been extended to three more Districts, *viz.*, Mysore, Shimoga and Hassan. The question of appointing whole-time District Excise Officers in the remaining districts, will be considered as and when the need is felt and funds are forthcoming.

3. The scale of pay of the subordinate executive staff was suitably revised. The re-organisation of the office establishment of the Excise Commissioner is under the consideration of Government.

4. In pursuance of the policy of securing the maximum of revenue with the minimum of consumption tree-tax on several kinds of toddy-yielding trees was enhanced (as noted in the margin) to have effect from 1st July 1928.

	From	To
	Rs. a. p.	Rs. a. p.
Date	... 2 8 0	3 0 0
Cocoanut	.. 4 8 0 (Half year.)	5 0 0 (Half year.)
Bagani	... 2 4 0	2 8 0
Palmyra	... 2 0 0	2 4 0

The issue price of ganja was enhanced from Rs. 1-12-0 to Rs. 2 and that of opium from Rs. 75 to Rs. 80 per seer of 80 tolas.

The limit of private possession of arrack including jaggory arrack was reduced from 8½ to 6 drams. The aggregate number of shops of all kinds closed during the year was 61.

5. For the prompt investigation and disposal of illicit distillation cases, the Tarikere Taluk was constituted into an independent Excise Range under Inspector, who is placed also in charge of the mobile party.

6. The existing system of handing over by the outgoing contractor to the incoming contractor on payment of value, the stock and blocks of the Government Central Distillery at Bangalore at the time of each change in the arrack manufacturing contract has been found to be very unsatisfactory and orders have issued for the taking over by Government of the entire machinery and plant on the expiry of the current contract.

7. The transport of liquor by motor lorry from the Shimoga Station to mofussil depots in that district and also to Koppa and Sringeri, experimentally introduced during the year is reported to be working satisfactorily. The extension of this arrangement throughout the State is under consideration. For further reducing transport charges and wastage, Government have sanctioned the construction of a warehouse at Shimoga.

8. The paucity of tappable date trees within easy reach of contractors has led to intensive tapping and malpractices. The Committee appointed to go into the question of the conservation and growth of date plantations, has submitted its recommendations. The proposals are under the consideration of Government. In the meantime preliminary action has been taken by the Department to form blocks of date groves in the Tiptur and Goribidnur Taluks and to raise a date plantation near Pavagada. The result of the experiment is awaited with interest.

9. *Manufacture of Country Spirits.*—The report shows that some defects noticed last year in the working of the Central Distillery have been removed, but there is need for further improvement. The contractor should be asked to complete the

construction of the flues and instal the boiler without delay. Arrangements should be made in communication with the Bangalore City Municipality for preventing flow of surplus sewage water into the Chikkere Tank. The supply of filtered water is reported to have been irregular for some days during summer due to the diversion of water for other areas from the distillery pipe line. The Excise Commissioner suggests the cutting off of the side pipe lines or the putting up of a new pipe line of bigger dimensions. The matter should be taken up with the Water Supply Department early and the defect got remedied.

10. The total quantity of spirits manufactured during the year amounted to 3,61,314 gallons as against 3,22,644 gallons in the preceding year, and including the previous year's balance the stock available for issue was 3,81,781 gallons out of which 3,58,378 gallons (including 68,277 gallons issued to the Civil and Military Station) were issued for consumption as against 3,32,257 gallons in the previous year. A sum of Rs. 99,432 is reported to have accrued as profit to Government from the sale of arrack to licensees.

11. *Transport of Liquor.*—The transport of liquor continued to be managed satisfactorily under departmental control. The total quantity of molasses arrack transported during the year amounted to 2,76,078 gallons as against, 2,48,285 gallons in the previous year. It is gratifying to note that there has been a steady reduction in wastage ever since the transport business was undertaken by the Department. The percentage of wastage during the year under review was 0·9, the lowest on record.

12. *Consumption of Country Spirits.*—Government have perused with interest the Excise Commissioner's observations in para 13 of the report on the statistics of consumption of liquor. It is noted that the slight rise in consumption during the year, *viz.*, 1,82,400 gallons (proof) as against 1,67,200 gallons in the year 1926-27, is attributed to increased demand for labour for works under construction in several parts of the State, favourable seasonal condition and greater vigilance in the detection of excise offences. The decreases in Channagiri and Shikarpur Taluks in the Shimoga District, in Siddlaghatta and Chikballapur in the Kolar District are noticeable. The Excise Commissioner is requested to investigate the causes and take necessary action if the fall in these places was due to illicit distillation or other malpractices.

13. *Special Liquors.*—There was some decrease in the consumption of bottled liquors consisting of jaggory arrack of 35° U.P. and special liquors of 20° U.P. in all the districts except Kadur and it is ascribed to the inconvenience felt by licensees in obtaining supplies direct from the Distillery. This system has since been changed and supplies of these liquors are now made from the bonded depots to the licensees.

14. *Rectified Spirits.*—The quantity of rectified spirits issued from the Distillery during the year amounted to 3,948 gallons as against 3,329 gallons in the previous year out of which 1,308 gallons were issued free of duty and 2,637 gallons at concession rates of duty chiefly to the Mysore Pharmaceuticals, Limited, Bangalore and three gallons to licensed Chemists on payment of full duty. With a view to encouraging local industries in the State, sanction has been accorded for the issue of alcohol free of duty to important industrial concerns under certain conditions.

15. *Denatured Spirits.*—The Rules regulating the manufacture of denatured spirits were revised so as to permit the use of methyl alcohol produced at the Bhadravati Iron Works in lieu of light caoutechoucine. The price was reduced from Rs. 3-8-0 to Rs. 3-4-6 per gallon, excluding the bottling charges owing to permission granted to the manufacturing contractor to use spirits of 50° U.P. in the manufacture of these spirits instead of spirits of 60° U.P.

The Excise Commissioner observes that the rules regarding the levy of duty on imports of medicinal and toilet preparations made from alcohol of Indian manufacture were not properly enforced by the Local Excise Staff during the year. Some cases of unauthorised imports during the year are reported to have been since detected by the staff of Excise Intelligence Bureau. It is hoped that effective arrangements will be made to enforce the rules and to permit the imports only on payment of proper duty.

16. *Toddy.*—The revenue from toddy has been steady with an incidence of Re. 0-9-3 per head of population as in the previous year. The realisations were as follows:—

	Rs.
Tree-tax	9,51,569
Shop rental	23,49,182
Tree rent	88,602

The number of shops decreased from 2,547 to 2,497 while the number of trees tapped rose to 3,50,771 from 3,47,978 in 1926-27. A heavy fall of 3,581 trees is reported in Chitaldrug District. The Deputy Commissioner suspects that this is partly due to malpractices and there is scope for brisk detection work. The continued decrease in the number of bagani trees from 14,893 in 1919-20 to 8,556 in the year under review also requires investigation. The Excise Commissioner is requested to examine the feasibility of the suggestion of the Deputy Commissioner, Kadur District, to encourage offers to sell date toddy in bagani areas and to submit his recommendation to Government.

17. *Malt and Foreign Liquors.*—The consumption of beer remained almost the same as in the previous year, at 11,447 gallons while the quantity of Foreign liquors (including malt liquors) consumed, rose to 25,078 from 23,653 gallons in the year previous. The revenue realised amounted to Rs. 14,509 as against 13,978 in 1926-27.

The increase in consumption was noticeable in the Mysore District. As observed by the Excise Commissioner, it is necessary that the sales in the 'Retail off' shops should be watched with a view to prevent malpractices by vendors.

18. *Ganja.*—During the year, ganja was grown on 40 acres as against 25 acres in the year 1926-27 giving a total yield of 286 maunds. The quality of ganja is reported to have been more resinous than that of last year. The quantity consumed during the year was 10,409 seers and the revenue realised Rs. 4,18,353 as against 12,030 seers and Rs. 4,30,624 respectively in the year previous.

The decrease in consumption is attributed to the increase of duty from Rs. 20 to Rs. 22-8-0 and also to the measures taken to restrict the issues to prevent smuggling of the drug outside the State.

The stock at the end of the year was heavy (17,917 seers). It is reported that according to the recommendation of the Ganja Classification Committee, action has been taken to destroy the old and useless stuff not fit for consumption.

19. *Opium.*—The consumption of opium remained almost stationary, being 1,393 seers as against 1,362 seers of last year. The revenue from rental slightly rose from Rs. 23,968 to Rs. 25,468.

20. *Financial Results.*—Inclusive of Rs. 3,19,861 outstanding at the beginning of the year, the total demand for the year amounted to Rs. 68,84,276 out of which Rs. 66,15,734 were collected during the year and a sum of Rs. 26,965 was remitted leaving a balance of Rs. 2,41,577 at the end of the year as against 3,19,861 outstanding at the beginning of the year.

The incidence of excise revenue per head of population was Rs. 1-2-4 as against Rs. 1-2-2 in the preceding year.

While the collection of current demand was uniformly good in all the districts, the realisation of old arrears was far from satisfactory. The arrears are reported to be heavy in the Districts of Bangalore, Mysore and Tumkur. Government wish to impress on the Deputy Commissioners of Districts the need for speedy collection of all realisable arrears. The amounts definitely ascertained to be irrecoverable even after best efforts made should be written off under proper sanctions. The officers responsible for collection work should be told that they will be held personally liable if amounts become irrecoverable owing to their laches and negligence.

21. *Inamdars' Claims to Excise Revenue from Toddy.*—The disposal of the claim to Excise Revenue of Jodi Kodial Kerenahalli pending in the Bangalore District, should be expedited.

22. *Excise Licensing Boards.*—Only 25 out of the 39 Excise Licensing Boards constituted in the State, are reported to have met and discussed questions relating to the location and the number of Excise shops. The Licensing Boards in the marginally noted places did not meet during the year. The Deputy Commissioners are requested to advise the members of the Boards to evince greater interest in dealing with Excise matters within their purview.

Anekal	Chikmayakanhalli
Dodballapur	Tiptur
Magadi	Chikmagalur
Channapatna	Shimoga
Closepet	Chitaldrug
Kankanhalli	Harihar
Tumkur	

23. *Offences.*—The detection work recorded in the report is good. The number of offences reported under the Excise and Opium Laws was 2,828 during the year as against 2,469 in the year preceding. Of these 581 related to heinous offences, 2,247 were minor offences relating to breaches of license conditions and cutting of date leaves. Of the heinous offences 228 related to illicit distillation against 128 in the previous year. As many as 144 cases have been reported from the Shimoga District and 52 from the Kadur District.

24. The percentage of disposals of cases departmentally by composition was better than last year, being 92·6 as against 88·1 in 1926-27. But the percentage of conviction by the Magistry fell to 72·9 from 84 in the previous year. There is need for the exercise of greater care by the Excise staff in the investigation of heinous cases.

25. *Inspection.*—The inspection work of the Excise Commissioner and of the Deputy Commissioners of six districts was satisfactory. The Deputy Commissioners of Bangalore and Kadur are requested to devote greater attention to this branch of work. The record of inspection of the Sub-Division Officer of Hassan and the District Excise Officer, Bangalore, is very poor.

The Excise Commissioner is requested to impress on all Excise Officers the necessity for a systematic and thorough inspection of shops and groves in their jurisdiction.

26. Government are glad to record that the administration of the Department during the year under review was satisfactory.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Grants-in-aid for Homes for the relief of Destitute and Infirm.

READ—

Government Order No. 2159-60—Muz. 347-27-2, dated 29th May 1928, specifying the objects for which the savings secured by the abolition of Government Annachattrams in the State could be utilised and allotting a sum of Rs. 15,000 per year for making grants-in-aid to Homes for the relief of the Destitute and Infirm.

2. Letter No. 753 of 1928-29, dated 28th November 1928, from the Muzrai Commissioner in Mysore, requesting that, for reasons stated, he may be given an opportunity to examine the proposals coming up for help under the scheme sanctioned in the above Government Order and to express an opinion on the merits of each proposal.

ORDER NO. 1195-204—MUZ. 206-28-2, DATED 19TH DECEMBER 1928.

The Muzrai Commissioner's suggestion is approved. In continuation of the Order read above, Government are pleased to direct that all applications for help under the order should be sent to the Muzrai Commissioner for submission to Government for sanction, with his opinion thereon.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

Quinquennial Valuation Reports of the Actuary on the Insurance Fund.

READ—

Letter No. 10866, dated 27th November 1928, from the Secretary, Mysore State Life Insurance Committee, forwarding copies of the Reports received from Mr. James Bacon, the Actuary on the valuation of the funds of both the Official and Public Branches of Insurance for the quinquennium ending 30th June 1928, with a copy of the Insurance Committee's resolution thereon (subjoined).

"III. Consideration of the Actuarial Reports on the Valuation of the Funds of the Official and Public Branches as at 30th June 1928.

Read and recorded the Reports of the Actuary in respect of mortality experience and resolved:—

(*a*) that as advised by the Actuary a Reversionary Bonus Addition of 1½ per cent per annum in the Official Branch on policies remaining effective on 30th June 1928, and an interim bonus at the same rate of 1½ per cent per annum on the original sum assured in respect of each policy that becomes a claim or matures before the next valuation, be declared;

(*b*) that a Reversionary Bonus addition of 1¼ per cent per annum for each year of assurance entered upon since 30th June 1923, and an interim bonus at the same rate on the original sum assured in respect of each policy that becomes before the next valuation a claim or matures under Tables A, B and C be declared for every year of assurance entered upon after 30th June 1928;

(*c*) that a bonus of one month's pay be granted to the permanent non-gazetted staff working in both the branches; and

(*d*) resolved further that in view of the very good work done by the Deputy Secretary, of the very expeditious manner in which the valuation work was arranged for by him and of the fact that no remuneration is now paid to him for the increased and increasing work of the Public Branch and also in consideration of the fact that almost all the Officers of the Accounts Department employed in other departments are given Duty Allowances, Mr. M. P. Bheema Rao, B.A., Deputy Secretary, may also be recommended for a Duty Allowance of Rs 50 per mensem from the Public Branch Funds so long as he continues to be in charge of the work of that branch."

ORDER NO. FL. 4685-7—G. F. 94-28-2, DATED 21ST DECEMBER 1928.

Government have perused the Actuarial Reports with interest.

2. They are pleased to approve of all the recommendations of the Committee referred to in the letter read above.

3. Mr. M. P. Bheema Rao, Deputy Secretary, may be permitted to draw the duty allowance of Rs. 50 hereby sanctioned with effect from 14th December 1928.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Loans for Agricultural, Industrial and Commercial Purposes.

READ—

Government Order No. I. C. 8815--16—I. & C. 446-24-8, dated 25th June 1926, issuing rules for the grant of loans for Agricultural, Industrial and Commercial purposes.

2. Letter No. D2 2382—27-28, dated 10th April 1928, from the Director of Industries and Commerce, urging the need for making the rules for the grant of loans more liberal in respect of the period of repayment, amount of preliminary deposit, etc., and submitting a revised set of rules for adoption.

3. Letter No. 226, dated 30th July 1928, from the Secretary, Board of Industries and Commerce, approving of the rules proposed by the Director of Industries and Commerce with certain modifications.

ORDER NO. D. 5135-37—I. & C. 254-27-7, DATED 19TH NOVEMBER 1928.

Government are pleased to approve of the proposed modifications in the rules. The revised rules, as approved by Government, are appended to this Order and will come into force from 1st November 1928.

N. RAMA RAO,
Secretary to Government,
Development Departments.

RULES FOR THE GRANT OF LOANS GENERALLY TO FACILITATE AGRICULTURAL AND INDUSTRIAL OPERATIONS AND FOR THE PURCHASE AND ERECTION OF MACHINERY.

1. In order to facilitate agricultural and industrial operations, loans of money may be granted under these rules for any or all the purposes specified below:—

(1) For the purchase and erection of machinery for agricultural or industrial undertakings;

(2) for the construction of wells or tanks, of mills, warehouses and other structures necessary for agricultural and industrial operations;

(3) for the provision of raw material, working capital or appliances other than those specified above, required for the carrying on of industrial operations.

2. The Director of Industries and Commerce shall be competent to sanction loans not exceeding Rs. 2,500. Loans for sums between Rs. 2,500 to Rs. 10,000 require the sanction of Government, and loans above Rs. 10,000 will be referred to the Board of Industries and Commerce, for opinion before sanction by Government.

3. The rate of interest charged shall be 6 per cent for loans sanctioned on and after 1st July 1926.

NOTE.—Interest will be calculated to the nearest anna omitting five pies and less, and reckoning six pies and more as one anna.

4. For loans granted after 1st July 1926, interest will accrue from the date of disbursement of the loan.

5. *Period allowed for repayment and mode of recovery of loans.*—Loans shall be repayable by fixed annual payments, discharging both principal and interest.

Simple interest shall be charged on the loan, or, if it is disbursed in instalments, on these instalments, up to a date one year previous to the date fixed for commencement of repayment; and the total amount comprising the loan and such interest shall be recovered by annuities.

The time allowed for repayment of the loans and the amount of instalments shall be fixed by the authority sanctioning the loan having regard to the nature and magnitude of the agricultural or industrial operations proposed to be undertaken; but such time shall not exceed generally ten years.

Nothing in this rule shall be taken to preclude a borrower from discharging the loan at an earlier period or from paying a larger amount than the annual instalment. The excess so paid shall be credited in reduction of principal and the number of future payments shall, if necessary, be decreased, but no reduction in the amount of the instalments fixed under para 2 of this rule shall on this account be allowed.

6. The date for repayment of each instalment shall be decided by the Director of Industries and Commerce in reference to the nature of the object for which the loan is granted. But the date of payment of the first instalment shall not be put off for more than twenty-four months from the date of the completion of the installation when it is put up by the Department or in the case of loans for working capital for more than 24 months from the date on which interest becomes chargeable. Whenever the applicant for a loan proposes to erect the installation himself the Director shall fix at the time of the disbursement of the loan a reasonable time for the completion of the installation having regard to the nature of the plant to be erected, facilities for labour supply, etc., and the time so fixed shall be binding on the applicant and the installation shall be regarded as completed after the expiry of the period for the purpose of counting the time for repayment.

7. *Postponement of Repayment and Remissions.*—If from causes beyond the control of the borrower the payment of any instalment becomes unduly burdensome to him the Director may suspend the repayment of this instalment for a period of one instalment. This shall have the result of postponing the payment of all future instalments by a like period seriatim and extending the time fixed for the repayment of the loan for the period of one instalment. Such a concession shall not be granted by the Director more than twice during the currency of the loan. Simple interest at the stipulated rate shall be charged on all suspended instalments for the period of such suspension.

8. When the work for the carrying out of which the loan is contracted fails from causes beyond the borrower's control, and when the recovery of the loan in full would occasion serious hardship to the borrower, the circumstances of the case shall be reported to Government, by the Director with his recommendations for their orders.

9. On every instalment which is not paid on the due date, the Director shall have power to recover interest at 9 per cent on the amount due from the date on which payment ought to have been made.

In calculating interest under this rule, a broken period of a month shall count as half a month or one month according as it is less or not less than 15 days and a fraction of a rupee as half-rupee or one rupee according as it is less or not less than eight annas and the overdue interest will be calculated to the nearest anna omitting five pies and less and reckoning six pies and more as one anna.

10. Repayment should ordinarily be made at the treasury of the taluk in which the work has been carried out, but with the special permission of the Director repayment may be made at any District or Taluk Treasury in the State.

11. No loan shall be granted unless the value of the security which may be in the shape of immovable property or of plant and machinery or partly in one and partly in the other is at least 1½ times the amount of the loan, provided that when machinery or other property subject to depreciation is offered as security either wholly or in part it will be taken at 50 per cent of its market value for the purpose of the security. The object on which the loan is expended shall form part of the security, unless specially exempted by the Director or other sanctioning authority, provided that in all cases, and at all times, it shall be open to the Director to re-evaluate the security and require additional security if necessary to restore the required margin of safety. In cases where the security offered is liable to destruction by accident, the agreement shall include a condition as to sufficient insurance against accident.

12. *Hire Purchase.*—If an applicant so desires, he may instead of offering security of immovable property for a loan to purchase machinery for agricultural or industrial purposes, obtain the requisite machinery from the Director of Industries on the hire-purchase system on the terms specified in the form of agreement appended hereto, provided the applicant deposits with his application one-third of the value of the machinery required by him. This amount will be applied towards the reduction of the H. P. amount as provided for under Clause 2 of the agreement In the case of special machinery, however, for which there is not likely to be much demand if sold, the Director shall obtain an initial deposit of 50 per cent of its value. The deposit if paid before the execution of the agreement will be credited to the Government Savings Bank before it is finally applied as provided for in this rule.

13. *Loans for Working Capital.*—Whenever loans are granted for working capital under rule 11 the borrower should submit a quarterly balance sheet showing the distribution in detail of the floating assets of the concern for which the working capital was obtained at their current market value in the form, that may be prescribed by the Director.

14. *Recovery of Loans.*—All loans granted under these rules and all other sums falling due to Government in connection therewith, other than under a contract for hire-purchase, shall be recoverable as arrears of land revenue and a stipulation to this effect shall be inserted in every agreement executed by a borrower. If, at any time, the Director of Industries and Commerce is satisfied that any person or persons who have received a loan, have failed to perform any of the conditions on which it was made, he may after recording in writing the grounds of his decision, pass an order directing the recovery forthwith of the loan, with any interest payable thereon and costs, as an arrear of land revenue. On receipt of a certified copy of such an order, the Deputy Commissioner to whom it is communicated, will forthwith proceed to recover from such person or persons any sums which may remain due together with any interest payable thereon and costs, as an arrear of land revenue; provided that, with the sanction of the Director of Industries and Commerce, such officer may, at his discretion, so recover any sum less than the whole balance of the loan without prejudice to his right to recover the remainder of such balance at any subsequent time.

15. *Mode of Application.*—An application for a loan must be made in writing to the Director of Industries and Commerce on Form No. I, hereto annexed, printed copies of which will be available free of cost at all Taluk Offices. Every application for a loan shall contain a declaration signed by the applicant or his surety as the case may be, that the statements made therein regarding the nature and extent of the encumbrances on the property offered as security are true and that there are no other encumbrances on the property to the best of his information and belief. The applicant shall also show in the column of remarks in Form I:—

(1) Whether the applicant proposes to supplement the loan by any private capital and if so, to what extent;

(2) The estimated total cost of the proposed work and the probable period that will be occupied in its construction.

16. An application for machinery on the hire-purchase system shall be in Form II appended hereto, printed copies of which will be available free of cost at all Taluk Offices.

17. *Grant of Loans.*—No loan shall be granted without a local inquiry which shall be conducted by the Department of Industries and Commerce. It shall form an essential part of the local enquiry to ascertain whether the borrower has sufficient cash or credit to provide necessary working capital for the undertaking. The result of his inquiry will be reported to the Director of Industries and Commerce, whose subsequent action in dealing with the application will be determined by the nature of the report as to the value of the security rendered, the working capital at the disposal of the borrower, his business ability to manage the concern and other relevant particulars. In dealing with applications for loans connected with agricultural purposes the Director will obtain and place on record the opinion of the Director of Agriculture.

18. Loans will ordinarily be granted for the purchase of machinery approved by the Director of Industries and Commerce or other competent professional adviser as suitable for the purpose to which it is to be applied. Intending applicants for loans may address the Director to obtain advice, previous to submitting their applications.

19. All loans will be disbursed by the Director, and it will be the duty of the borrower to put the work in hand immediately after the receipt of the loan.

The Department of Industries and Commerce will, if requested to do so, undertake the erection and starting of machinery for private individuals or firms, and will hand over the same in good working order.

20. Machinery purchased with loans obtained under these rules must be maintained in good working order to the satisfaction of the Director of Industries and Commerce, who may order repairs or renewals to be made at the cost of the owner. Failure to comply with such orders will involve proceedings for the recovery of the loan under rule 14 of these rules. The borrower (or hirer as the case may be) shall send to the Director of Industries and Commerce annually without fail information regarding the working and general financial condition of the undertaking in the form that may be approved by him from time to time.

21. *Registers and Accounts.*—The Director shall keep a register of loans and repayments under these rules, including cases of hire-purchase, in a form which he will settle in consultation with the Comptroller. This register should clearly show the stage in which each transaction stands at any particular time.

22. Every loan sanctioned under these rules should be reported by the sanctioning authority to the Comptroller with full particulars. The Comptroller will see that the loan is covered by rules and sanction of competent authority and will watch the repayment of the instalments. A special section in the Comptroller's Annual Report on loan transactions should be devoted to loans under these rules.

FORM I.

FORM OF APPLICATION FOR LOANS.

1. Name, father's name and residence of applicant.
2. Amount of loan required.
3. Object for which the loan is required.

Security offered									Name of the person who agrees to offer land or other immovable property as security and the nature and extent of his right in it	Rights of others in the land		Nature and extent of encumbrances if any, in the property where land or other immovable property is offered as security	Whether any arrears are due on land or other immovable property offered as security	Proposed time of repayment	Remarks
If person	If land						Other immovable property								
(1) Name, (2) Father's name and (3) residence of the surety	Village	Survey No.	Kind	Extent	Assessment	In whose name registered	Extent	Description		Name, occupation and address	Nature and extent of right				
4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19
				A. g.	Rs. a. p.		A. g.								1 Amount of private capital by which it is proposed to supplement the loan. 2 Total cost of work. 3. Amount of private capital available. 4. Probable period required for completion.

NOTE.

1. Application for a loan under these rules should be made to the Director of Industries and Commerce on Form No. I, printed copies of which will be available free of cost in all Taluk Offices.

2. Loans of money may be granted under these rules for any or all the purposes specified below:—

(i) Purchase and erection of machinery for agricultural or industrial undertakings, ordinarily up to a limit of Rs. 10,000 in each case.

(ii) The construction of wells and tanks, of mills, warehouses and other structures necessary for agricultural or industrial operations.

(iii) The provision of raw material, working capital or appliances, other than those specified above required for the carrying on of industrial operations.

3. All loans granted under these rules and all other sums falling due to Government in connection therewith shall be recoverable as an arrear of land revenue.

4. The applicant will show in the column of remarks in Form No. I :—

(i) Whether the applicant proposes to supplement the loan by any private capital and if so, to what extent.

(ii) The estimated total cost of the proposed work and the probable period that will be occupied in its construction.

5. The rate of interest charged on the loan shall be *6 per cent per annum.*

6. Loans shall be repayable by fixed annual payments, discharging both principal and interest.

7. The time allowed for repayment shall be fixed by the authority sanctioning the loan subject to the limitation of a period of ten years.

8. If the grantee of a loan misapplies the whole or any portion of the loan or otherwise fails in any of the conditions of the grant, the whole unpaid balance of the loan with interest and costs will be liable to summary recovery as an arrear of land revenue.

9. Loans for the purchase of machinery will be sanctioned, only on the condition that the machinery is approved by the Director of Industries and Commerce or other competent professional adviser as suitable for the purpose to which they are to be applied.

10. If requested, the Department of Industries and Commerce will undertake to erect the work for which the loan is obtained at the cost of the borrower and hand it over to him in good working order and with proper accounts of the expenses incurred on his behalf.

11. The machinery purchased and the buildings, etc., erected with the loan referred to above shall be maintained in a suitable condition and working order and repairs and renewals as directed by the Director from time to time shall be carried out without undue delay.

FORM II.

APPLICATION FOR MACHINERY FOR AGRICULTURAL OR INDUSTRIAL PURPOSES ON THE HIRE-PURCHASE SYSTEM.

1. Name of applicant.
2. Father's name.
3. Caste.
4. Age.
5. Residence.
6. Village, hobli, taluk and district where applicant proposes to set up the machinery.
7. Nature and description of machinery required and its approximate value.
8. Object for which the machinery is required.
9. Amount which the applicant is prepared to deposit (being half of the approximate value of the machinery required) and collateral security which he is prepared to offer, if required.
10. Whether the applicant wishes the Director of Industries and Commerce to set up the machinery for the applicant at applicant's cost and what other help he wants from the department in connection with the installation.

FORM III.

I. The sum of rupees.....is granted to..... ...caste..... calling.....son of.....residing at..... as a loan under Government Order No. D. 5135-37—I & C. 254-27-7, dated 19th November 1928, for the purpose of..... ..... subject to the following conditions:—

II. The conditions referred to are as follows:—

(i) That as requested by the borrower.....the amount of the loan shall be expended by the Department of Industries and Commerce on the execution of the necessary security bonds for the purpose of..... .....and the work handed over to the borrower..... .... as soon after completion as possible in good working order with proper accounts of the expenses incurred on behalf of the borrower; or,

(ii) That the amount of the loan shall be paid to the aforesaid.....in..... .....instalments on the execution of the necessary security bonds, the first on the production of this order and the second and subsequent instalments on proof that the first and previous instalments have been properly utilised.

(iii) That if it shall appear to the satisfaction of the Director of Industries and Commerce that any portion of the first or subsequent instalments have been misapplied to any other purpose than that specified above the portion of loan already paid to the aforesaid .....shall be recoverable as an arrear of land revenue.

III. (i) That the loan with interest thereon at 6 per cent shall be repaid by equal annual instalments of Rs.....falling due with the..... .....khist of the revenue year commencing with 19 .....and ending with 19 .....

(ii) Such annual payments shall be made at the Treasury of.....Taluk.

(iii) If default in payments of annual instalments on account of the loan occurs, the Director shall have power to recover interest at 9 per cent on the amount due from the date on which the payment ought to have been made. In calculating interest under this rule a broken period of a month shall count as half a month or one month according as it is less or not less than 15 days, and a fraction of a rupee as half rupee or one rupee according as it is less or not less than eight annas. If the aforesaid.....should contravene any of the conditions under which the loan is granted, the unpaid balance of the loan shall be recoverable as an arrear of land revenue.

NOTE.—Interest under (i) and (iii), will be calculated to the nearest anna omitting five pies and less, and reckoning six pies and more as one anna.

IV. That machinery purchased and building, etc., erected with the loan referred to above shall be maintained in a suitable condition and good working order and that repairs and renewals as directed by the Director of Industries and Commerce from time to time shall be carried out without undue delay.

V. The borrower shall send to the Director of Industries annually without fail information regarding the working and the general condition of the undertaking in the form that may be approved by him from time to time.

VI. That for the repayment of the loan with interest and costs, if any, due on the same, the immovable property specified below. in addition to the object upon which the loan is expended, is hypothecated as collateral security to Government.

Signature of the Officer granting the loan.

I have understood and agreed to the aforesaid terms and conditions.

Signature of Borrower.

FORM IV.

HIRE-PURCHASE AGREEMENT.

An agreement made this.....day of 19 ....between the Director of Industries and Commerce on behalf of the Government of His Highness the Maharaja of Mysore (hereinafter called "the Director") of the one part and.....of..... (hereinafter called "the Hirer") of the other part.

Whereby it is agreed as follows :—

1. The Director agrees to let on hire to the hirer, and the hirer agrees to take from the Director the machinery in the Schedule hereunder written (hereinafter referred to as "the Machinery").

2. The Director hereby acknowledges the receipt of Rs..... for the option of purchase hereinafter contained. If the hirer shall exercise such option, credit will be given to the hirer for such sum. If he does not, then such sum shall be forfeited to Government at the discretion of the Director of Industries and Commerce.

3. So long as the hirer thinks fit to continue the hiring, he shall pay for the hire of the said machinery to the Director at Bangalore, or to his order without demand, the sum of Rs. ..... every year or any shorter period to be fixed by the authority sanctioning the loan with interest on the amount of hire for the time being unpaid at the rate of *6 per cent per annum*.

The first payment of Rs.....together with the interest (which will be calculated to the nearest anna omitting five pies and less and reckoning six pies and more as one anna) which shall have accrued and be payable as aforesaid to be made on the.....day of.....19.....the second payment of Rs.....and interest as aforesaid to be made on the.....day of..... 19.....and the third payment of Rs.....and interest as aforesaid to be made on the..... .....day of.....19.....the fourth payment of Rs.....and interest as aforesaid to be made on the day of.....19 , (*and so on*).

4. It shall be lawful for the Director and all persons authorised by him, at all times to enter upon any premises in which the machinery may be for the time being, to examine the same.

5. The hirer agrees with the Director that during the hiring :—

(*a*) the machinery shall be kept in good and serviceable order and condition (also without damage by fire) and that no alteration or addition thereto shall be made without the previous written consent of the Director ;

(*b*) the machinery shall be kept in possession of the hirer and upon trust for the Director at the hirer's address given in the Schedule, hereto, or at such other addresses as the Director may by writing authorise, free from distress, execution, or other legal processes, and shall not on any account be sold, assigned, or dealt with, or the possession, thereof parted with ;

(*c*) all rates, taxes and outgoings payable in respect of the premises wherein the machinery may for the time being be placed shall be duly and punctually paid and discharged by the hirer, and the current receipts therefor shall be produced to the Director on demand.

(*d*) The hirer shall bind himself to accept the charges incurred by the Department in setting up the plant at his desire.

(*e*) The hirer shall send to the Director of Industries and Commerce annually without fail information regarding the working and general condition of the undertaking in the form that may be approved by him from time to time.

6. It is hereby declared that the Director has entered into this agreement upon the express declaration by the hirer, and the hirer hereby expressly warrants, that the premises upon which the machinery is to be placed are free from any mortgage incumbrance or charge, given or created by the hirer or any person through whom he claims.

7. If the hirer at any time during the hiring shall be desirous of executing or creating any charge mortgage or other incumbrance of or upon the premises in or upon which the machinery shall for the time being be, he shall give to the Director one calendar month's previous notice in writing of his intention so to do, and upon the receipt of such notice it shall be lawful for the Director to put an end to the hiring in manner provided by the next succeeding clause.

8. If the hirer shall make default in punctually paying any hire instalment, the Director may levy overdue interest on such instalment at 9 per cent per annum which will be calculated to the nearest anna from the date on which the instalment became due until the date of payment of the instalment and the accrued interest.—

9. If the hirer :—

(*a*) shall be adjudicated bankrupt or shall file a petition in insolvency or enter into any arrangement or composition with his creditors ; or

(*b*) shall execute or create any mortgage incumbrance or charge of or upon the premises in or upon which the machinery may for the time being be, or give notice of his intention so to do as provided by the last preceding clause ; or

(*c*) shall fail to observe and perform any of the agreements and conditions contained in this Agreement and on his part be observed and performed then and in any such case, it shall be lawful for the Director to immediately put an end to the hiring and for that purpose the hirer hereby authorises the Director or any one deputed by him to enter upon any premises in which the machinery may be for the time being, and to seize and take away the same, except that in cases where the machinery has in the opinion of the Director suffered undue deterioration owing to neglect or otherwise, the Director shall instead of putting an end to the hiring be competent to require additional collateral security towards the repayment of the hire instalments still due.

10. Should the hirer hinder or prevent the Director or his Deputy seizing and taking away the machinery, then and in every such case the hirer shall pay to the Director, the sum of Rs. 200 (two hundred rupees) as and by way of liquidated damage for breach of this provision and not by way of penalty.

11. If the Director shall seize and take possession of the said machinery under clause 9 hereof the hirer shall have the option within one month after such seizure, of purchasing the said machinery by the payment to the Director of Rs....., together with the costs and expenses of and incidental to such seizure. In the event of the hirer making such payment within the time aforesaid, he shall receive credit from the Director for all sums previously paid by him on account of hire and the amount paid on the signing of this agreement. If the hirer shall not exercise such option and make such payments within the time aforesaid, the option given to the hirer by this clause shall cease and the hirer shall not be entitled to any credit, allowance or return for or on account of any payments made previously by him.

12. No allowance, return credit or payment shall be allowed or paid to the hirer in the event o the hiring being determined by the Director as provided by clause 8 hereof, but the hirer shall pay t the Director at Bangalore all arrears of hire, interest and damages, for the breach of this agreemen up to the date of such determination.

Such damages shall be in addition to and not in substitution of any damages mentioned in clause hereof.

13. All sums falling due to the Director under this contract shall be recoverable from the hire as an arrear of land revenue.

14. The Director hereby agrees that the hirer shall have the option of purchasing the machinen at any time during the hiring by paying the sum of Rs.....with interest thereon at 6 *per cen per annum* from the date hereof, and also that if the hirer shall exercise such option, he will give to th hirer credit against such purchase-price for all payments which shall have been made by him for hir with counter interest on such payments at the like-rate and also for the sum paid on the signing of th Agreement. But until such purchase-price shall have been paid in full, the said machinery shall rema the absolute property of the Government of Mysore.

15. If the Director shall grant to the hirer any time or indulgence, the same shall not affect o prejudice the Director's rights under this agreement.

SECURITY BOND TO BE EXECUTED BY A SURETY FOR A BORROWER.

THIS INSTRUMENT MADE the.....day of.....19..... between.....of.....(hereinafter called "the Mortgagor") of the one part and the Director of Industries and Commerce on behalf of the Government of His Highness the Maharaja of Mysore (hereinafter called "the Mortgagee") of the other part.

WHEREAS..... has/have received from the Director of Industries and Commerce..... .....an order under the Rules for the grant of loans generally to facilitate agricultural and industrial operations issued under G. O. No. D. 5135-37—I. & C. 254-27-7, dated 19th November 1928, and dated the.....day of.....19..... in virtue of the said..... is/are entitled to receive the aggregate sum of Rs. .....as a loan from the Mortgagee for the purpose of..... and WHEREAS security for the due application of the amount of the said loan and for the punctual repayment, of the same according to the terms of the said order is demanded by or on behalf of the Mortgagee and in order to furnish such security, the Mortgagor has agreed to sign these presents.

NOW THESE PRESENTS WITNESS that in consideration of the said loan and in pursuance of the said agreement, the Mortgagor doth hereby transfer to Mortgagee, his successors and assigns the immovable property described in the Schedule hereunder written with the appurtenances thereto subject to redemption as hereinafter mentioned.

AND it is hereby agreed that if the said..... his/their legal representatives and assigns shall duly comply with the terms on which the said loan has been granted and shall apply the same and every part thereof in the manner provided in the said order and the said..... his/their legal representatives or assigns or the Mortgagor or his legal representatives shall duly repay the amount of the said loan together with any interest which may have become payable thereon, or on any part thereof, and all costs if any, incurred by the Mortgagee, his successors or assigns in making the said loan or otherwise in connection therewith, the Mortgagee, his successors or assigns shall thereupon retransfer the said immovable property to the Mortgagor, his legal representatives or assigns or as he or they shall direct.

PROVIDED always and it is hereby agreed that in case, the said..... his/their legal representatives or assigns shall fail to comply with the terms on which the said loan has been granted, it shall be lawful for the Mortgagee, his successors and assigns to sell the said immovable property or any part thereof and out of the proceeds of such sale to make good to the Mortgagee, his successors or assigns the amount and which in consequence of any such default shall be payable by the said..... ..... his/their legal representatives or assigns.

PROVIDED also and it is hereby agreed that although as between the said..... .....and the Mortgagor, the Mortgagor is surety only for the said..... yet, as between the Mortgagor and the Mortgagee, the Mortgagor is to be considered as principal debtor for the principal money's interest and costs intended to be hereby secured so that the Mortgagor or his legal representatives shall not be released or exonerated by time being given to the said..... ..... his/their legal representative or by any other dealings, act, matter or things whatsoever whereby the Mortgagor or his legal representatives as surety or sureties only for the said..... ..... and his/their legal representatives would be so released or exonerated.

In witness whereof, the Mortgagor has hereunto set his hand the day and year first above written.

Signature of Surety.

Witnessess

Reviews the Report on the working of the Civil Veterinary Department for the year 1927-28.

READ—

Letter No. Per. 45-28, dated the 20th November 1928, from the Director of Agriculture in Mysore, submitting the report on the working of the Civil Veterinary Department, during the year 1927-28, together with an introductory note by himself.

ORDER NO. D. 6425-83—C. V. 64-28-2, DATED 22ND DECEMBER 1928.

Recorded.

2. The Civil Veterinary Department was re-organised during the year. A certain amount of decentralisation was effected by increasing the number of Divisional Officers from two to four so as to relieve the Superintendent of some of his routine duties, and also to ensure closer supervision of District work. Another very important measure was the establishment of the Serum Institute on a satisfactory basis. The Department seems to be gaining ground in the confidence of the people and securing an increasing measure of co-operation.

3. The seasonal conditions were on the whole favourable, though scarcity of fodder was experienced in some parts owing to lateness of the N.-E. Monsoon.

4. *Contagious Diseases.*—During the year, 1,186 fresh cases of rinderpest, 2,036 of anthrax, 463 of haemorrhagic septiciemia, 1,505 of blackquarter and 2,397 of other diseases were registered and the situation taxed the resources of the Department severely. The experience this year points to the imperative necessity for exercising effective control over the movements of cattle in infected villages and also to and from cattle fairs. It is also necessary to take measures for securing prompt and correct information of the occurrence of infectious diseases in villages. These questions are being examined by a Sepcial Committee and Government hope a decision will be reached at an early date.

5. The prevalence of rinderpest was unfortunately widespread during the year, mainly on account of the cattle dealers from the Madras Presidency purchasing at cheap prices large numbers of cattle from infected localities and marching them through the State *en route* to the British Territory. It was however a redeeming

feature of the situation that the campaign of inoculation was pushed with vigour and was facilitated by an increasing realisation of its usefulness on the part of the people. It is reported that the spread of rinderpest was effectively checked by means of S. S. inoculation, 72,535 cattle having been so inoculated, only 2 of them being reported to have shown symptoms of the disease and that only in a very mild form. Active immunisation is now universally adopted in the State and the results have been very satisfactory. As the Veterinary staff was fully occupied in combating the spread of rinderpest, it was not possible for them to devote as much attention as could be desired to cases of anthrax and haemorrhagic septiciemia.

6. *Serum Institute.*—The Serum Institute was developed and placed on a satisfactory basis. The expansion of the inoculation work this year was largely due to the successful production of serum in the Institute. As the Director's review of the work of the Institute has already been recorded, it is unnecessary to dwell on it at greater length here.

7. *Hospitals and Dispensaries.*—Six Dispensaries were opened during the year at Goribidnur, Gundlupet, Channarayapatna, Nelamangala, Hoskote and Sorab. The total number of Veterinary Institutions in the State stood at 45 at the end of the year. Orders have since been passed for the immediate opening of Veterinary Dispensaries at Devanhalli and Heggaddevankote. The generous offer of a building for the purpose at the former place by Mr. Yele Krishnappa has been thankfully accepted by Government.

It has been brought to notice that the equipment of Veterinary Dispensaries requires to be improved.

8. *Cattle Fairs.*—The Officers of the Department attended 75 out of 95 cattle fairs, and temporary dispensaries were opened at fairs wherever accommodation was available. The Director of Agriculture is requested to examine the present position in regard to the regulation of cattle fairs from the point of sanitation and safeguards against spread of cattle diseases, and submit proposals to Government regarding the measures necessary for minimising the dangers incidental to a large congregation of cattle from all parts of the country.

Government notice with regret that there is a serious shortage in the State's supply of breeding bulls, and think that the matter requires early and careful consideration. They have referred in their review of the Administration Report of the Amrit Mahal Department to the desirability of that Department concentrating its resources as far as possible on the production of breeding stock for improving the cattle of the raiyats; but this can only meet the situation partially, and it will still be necessary to take steps to provide a large number of breeding bulls from other sources. Government trust that the recently constituted Special Committee presided over by the Director of Agriculture will investigate this question thoroughly and furnish its recommendations.

Government are glad to note that the Department has worked satisfactorily during the year under review.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Reviews the Report on the Administration of the Geological Department for the year 1927-28

READ—

Letter No. 2549-7, dated the 20th September 1928, from the Director of Geology in Mysore, submitting the Administration Report on the working of the Department of Geology for 1927-28.

ORDER NO. D. 6623-8—GEOL. 46-28-4, DATED 22ND DECEMBER 1928.

Recorded.

2. Mr. P. Sampat Iyengar was in charge of the Department during the year under report, except for a short period of one month from 26th April 1928.

3. *Prospecting and Mining Rights.*—There were 36 certificates of approval for mining and prospecting in force as against 50 in the previous year. No fresh mining leases for manganese and chrome were issued during the year, the total number of leases current being 45, as against 47 in the previous year.

4. *Mining Activities.*—Mining activity was in evidence on 48 blocks of which 37 were mining leases, and 11 under prospecting licenses in the year under report, as against 34 and 16 respectively in 1926-27, making a total of 50.

(*a*) As in the previous year mining work was carried on and gold produced by five mining companies on the Kolar Gold Fields and the results are as shown below:—

	1926-27. (Actuals.) Ozs.			1927-28. (Approximate.) Ozs.		
Total quantity of gold produced ..	381,607·782			382,178·6		
	Rs.	a.	p.	Rs.	a.	p.
Approximate value	2,16,73,912	9	0	2,16,40,454	15	0
Royalty due	11,88,400	8	0	11,87,580	14	0

(*b*) *Manganese.*—There were 7 prospecting licenses under "the profit sharing scheme" current during the year, and some ore was won and royalty paid thereon in the case of only two of them.

(*c*) *Chromite.*—As in last year, there were 10 mining leases current and one prospecting license, as against six in the year previous.

(*d*) *Magnesite.*—The number of mining leases and prospecting licenses current were the same as in the previous year, *viz.*, 4 and 3 respectively.

(*e*) *Kaolin or China Clay.*—Four mining leases and one prospecting license were current during the year as against 4 and 2 in 1926-27.

5. *Departmental Mining.*—Mining operations carried on by Government Agency at Byrapur in the Channarayapatna Taluk resulted in a considerable output of chromite. Ten thousand five hundred and forty-eight tons of lump ore and 300 tons of powder were sold at pits mouth for a sum of Rs. 2,16,719-11-6. Mining operations are also in progress at Tallur, near Mysore. Copper prospecting at Ingaldhal in the Chitaldrug District was in progress in the year under review. The Department is conducting experiments with a view to ascertain whether crushed limestone could be made available for agricultural purposes. Towards this end about 18 tons of limestone crushed to 1" size were obtained from the Mysore Iron Works, and sent to Marikuppam for being crushed further. The powdered material is kept in stock for distribution among the agriculturists.

6. Exclusive of the royalty on gold and silver the demand, collection and balance of mining revenue are as shown below:—

Items	Demand			Collection			Balance		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
1. Royalty	56,380	0	10	40,544	11	11	*15,835	4	11
2. Rent on mining and prospecting.	17,759	8	3	17,418	4	9	341	4	0
3. Other receipts	685	0	0	685	0	0	....		
4. Geological receipts ..	1,078	14	10	1,078	14	10	....		
5. Receipts credited under "Advance" head.	2,20,110	0	6	2,20,110	0	6	....		
6. Revenue deposits	2,623	0	0	2,623	0	0	....		
Total ..	2,98,636	8	5	2,82,460	0	0	16,176	8	11

*Out of the balance to be recovered a sum of Rs. 11,750-2-0 has since been written off the accounts.

7. *Geological and Mineral Survey.*—For want of an adequate staff sufficient attention was not bestowed on Geological Survey work. Nevertheless, a good deal of

information has been collected about the rock types associated with the mineral deposits in the neighbourhood of Chitaldrug and at Kamasamudram, and the village of Gorur. During the course of prospecting, loose crystals of ruby corundum were found in the vicinity of some villages, situated 4½ miles north-east of the Maddur Railway Station, but the trial pits have not revealed the matrix rock of corundum.

8. *Chemical Laboratory.*—With a view to cope with the growing requirements of the department and mining activities, a separate Chemical Laboratory for the department was sanctioned by Government at a cost of Rs. 9,000; and it is being made use of by the mining public.

9. *Departmental Lectures.*—As directed by Government in their Order No. D. 4460-3—Geol. 47-27-4, dated 2nd November 1927, some officers of the department were deputed to give lectures to the Geology students of the Central College. Practical field instruction in Geological Survey methods and in the prospecting for minerals was also imparted to the B.Sc. students.

10. *Inspections.*—(*a*) The Hulikere tunnel works connected with the Irwin Canal project were inspected by the Director and opinion was furnished to the authorities of the Public Works Department in regard to the rocks met with there. The department was also consulted by the Public Works Department, in connection with some other large irrigation works, and the Geological Department also co-operated with the Department of Industries and Commerce in connection with Well-boring Operations.

(*b*) *Mining and Prospecting Blocks.*—Many prospecting and mining blocks in areas other than the Kolar Gold Fields, were inspected by the officers of the department and instructions to remedy the defects noticed were given to licensees and lessees.

11. *Profit-sharing.*—The scheme of profit-sharing by Government in manganese and chrome mining in force for sometime past did not fulfil the anticipations of Government. In view of the speculative nature of mining and of practical difficulties of working the scheme, it was decided to abolish this.

12. *Revision of Mineral License Rules.*—The question of the general revision of the rules for the grant of mineral licenses and leases is under consideration and as a tentative measure the rates of royalty on manganese were revised, with effect from 1st April 1928; and the levy of a uniform rate of ten annas per ton on all grades of ore was ordered.

13. *General.*—Some rock specimens and minerals of the Mysore State were presented to the Indian School of Mines, Dhanbad, and also to the Oosmania Central Technical Institute. Government acknowledge with thanks the presentation made by Mr. C. B. Oakley to the Geological Museum of some valuable and interesting specimens of tin and wolfram ores and concentrates.

14. Government are glad to note that the work of the Department in all its branches was satisfactory during the period under report.

N. RAMA RAO,
Secretary to Government,
Development Departments.

GENERAL SECRETARIAT.

Board of Visitors for Krishnarajendra Hospital.

ORDER NO. G. 8029-31—MED. 113-27-7, DATED 7TH JANUARY 1929.

Government are pleased to appoint Mrs. P. Van Ingen as an additional member of the Board of Visitors to the Krishnarajendra Hospital, Mysore, appointed in the Government Order No. G. 6844-5—Med. 113-27-2, dated 19th December 1927.

R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

Enhancing the maximum limit of pensions from Rs. 5,000 to Rs. 6,000 by a sliding scale.

READ—

Letter dated 5th January 1927, from the Secretary, Mysore Civil Service Association, submitting for consideration certain proposals for the enhancement of the (maximum) rates of pension now allowed under the Mysore Service Regulations.

ORDER NO. FL. 4822-71—S. & A. 140-28-1, DATED 2ND JANUARY 1929.

The Mysore Civil Service Association as well as certain members of the Services have urged the need for increasing the maximum limit of pension from Rs. 5,000 to Rs. 6,000 per annum and also for allowing special additional pensions to officers holding high appointments on the lines of the system in force in British India.

Government have considered the question and are of opinion that it is not possible to permit the special additions suggested. They, however, direct that the scale of pensions recently sanctioned to the European Professors of the Mysore University in Government Order No. 4070-1—C. B. 68-27-4, dated 11th January 1928, be extended to all officers. The existing maximum limit of Rs. 5,000 per annum prescribed in Article 336 (*b*), Mysore Service Regulations will thus be enhanced to Rs. 6,000 by a sliding scale according to the length of qualifying service as follows:—

Years of completed service.	Scale of pension.	Maximum limit of pension.
		Rs.
25	30/60th	5,000
26	Do	5,200
27	Do	5,400
28	Do	5,600
29	Do	5,800
30 and above	Do	6,000

Necessary addenda and corrigenda slip to the Mysore Service Regulations will be issued separately.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

BANGALORE, THURSDAY, JANUARY 17, 1929.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Reviews the Report on the working of the Treasuries in the State during the year 1927-28.

READ—

Letter No. C. Per. A. 7, dated the 21st November 1928, from the Revenue Commissioner in Mysore, submitting with his remarks, the report of the Comptroller, letter No. 468 T. A. D. B., dated the 29th September 1928, on the working of the treasuries in the State during the year 1927-28.

ORDER NO. R. 5315-25—R. M. 72-28-2, DATED 7TH JANUARY 1929.

From the Comptroller's report it is seen that there has been no substantial improvement during the year under report in the submission of the monthly accounts on the due dates in a complete form with the necessary subsidiary statements. Statement D contains as many as 20 cases where differences between the cash account and the subsidiary registers have been noticed. Schedules of education receipts and of education cess are reported to have been received after considerable delay. It is stated that the monthly accounts of the Mysore District for June 1928, were received on 12th July

after the issue of a telegram from the Comptroller's Office. The total number of bills wrongly paid is 46, and the over-payments number 31. It is also reported that in the Bangalore District the figures given in the cash accounts for July and August were very illegible owing to numerous over-writings.

2. In spite of the observations made in last year's review the delay in the submission of the several annual returns has continued. The annual return of pensioners, due from each treasury by the 15th July 1928, was not submitted till the end of September by the Districts of Bangalore, Chitaldrug and Mysore. There has been a considerable delay ranging from one to two months in the case of the other Districts also. The number of correction memos received by the Comptroller for the rectification of errors in the treasury accounts was 170, the Mysore District being responsible for as many as 51.

3. The delay on the part of the Treasury Officers in complying with the objection slips issued by the Comptroller has ranged from three months to nine months. A shortage in the stock of stamps in the Mysore District Treasury to the extent of Rs. 3,552-14-0 was discovered on the 24th April 1928. Government have since passed orders in respect of this case in No. R. 3921-5—R. M. 43-28-4, dated the 10th November 1928. Cases of embezzlement of money in operating on Savings Bank accounts have been reported in respect of the treasuries at Seringapatam, the Mysore District Treasury and the State Huzur Treasury. The Comptroller states that these serious irregularities are due to withdrawals having been allowed without the production of pass books and to sufficient precautions not having been taken in issuing duplicate pass books, and in preparing dead account lists. Detailed instructions in this regard are stated to have been issued by the Comptroller in his Circular No. 117—S. B., dated the 23rd April 1928. Government have passed orders in their No. 3898-9—R. M. 38-28-3, dated the 10th November 1928, in respect of the defalcation of Rs. 13,000 in the Mysore Taluk Treasury between the years 1925 and 1927. Government trust that the irregularities referred to above will not be allowed to recur.

4. Among the other defects adverted to in the Comptroller's report, double or excess payments have been reported in respect of four treasuries, a double claim in respect of one Taluk Treasury, the payment of interest on bonds bearing a defective endorsement in respect of one District Treasury, irregular negotiation of bonds by the Amildar as Taluk Treasury Officer in regard to two Taluk Treasuries and excess or double payments in respect of one District Treasury. There has been loss of records in one Taluk Treasury and theft of treasury keys and seal in another. Bills have been paid without the drawer's signature in a few treasuries.

5. As observed by the Revenue Commissioner, treasury work is capable of considerable improvement and this would be possible if Deputy Commissioners take special interest in their working and see that the instructions issued from time to time are strictly followed. Government hope that the current year will record an appreciable improvement in this direction.

6. The Deputy Commissioners of Districts and the Comptroller in respect of the State Huzur Treasury are requested to issue special instructions to the officers in charge of the several treasuries to rectify the defects noticed, and submit to them a report of action taken within three months.

7. Government in their Order No. R. 4662-71—R. M. 36-27-4, dated the 21st December 1927, approved of the proposal to depute qualified men from the Comptroller's Office to the District Treasuries where qualified men are not available for a period of two years. The Comptroller states that so far he has not received any requisition from any of the Deputy Commissioners in the matter. Government regret to note that no advantage has been taken of this arrangement by the heads of Districts.

8. The supply of forms is stated to be insufficient. The Comptroller is requested to expedite the submission of the consolidated list of treasury forms and registers, with a view to enable the Revenue Commissioner to arrange with the Superintendent, Government Printing for the indents from Treasuries being promptly complied with.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Grants certain concessions to Village Panchayets that engage themselves in Agricultural work.

READ—

Government Order No. L. 3592-93—A. & E. 96-23-2, dated 14th November 1923, sanctioning the proposal of the Director of Agriculture to charge a general percentage of ten per cent as profit on implements, seeds and manures and allowing five per cent out of it to Co-operative Societies in respect of the sales made through them and directing that no separate establishment or overhead charges be levied.

2. Letter No. I. D. 1367, dated 30th November 1928, from the Director of Agriculture, recommending for reasons stated the grant of similar concessions to Village Panchayets that engage themselves in Agricultural work, such as purchase and sale of implements, seeds, manures and other appliances.

ORDER NO. D. 7018-28—A. & E. 170-28-2, DATED 7TH JANUARY 1929.

The recommendation of the Director of Agriculture is sanctioned.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Reviews the Report on the working of the Department of Mines and Explosives for the year 1927-28.

READ—

Correspondence ending with letter No. 463, dated the 19th September 1928, from the Officiating Chief Inspector of Mines, submitting the Administration Report of the Department of Mines and Explosives for the year 1927-28.

ORDER NO. D. 6997-7008—GEOL. 45-28-4, DATED 7TH JANUARY 1929.

Recorded.

2. *Personnel.*—Mr. C. E. Suryanarayana Rao was acting as Chief Inspector of Mines during the absence of Mr. R. Bocquet on combined leave.

The work of the Department was on the whole satisfactory though the growing volume of business had to be attended to by the staff which was working short-handed owing to the absence of one of the officers.

3. *Mining and Prospecting.*—The following statement shows the number of leases, licenses, and certificates of approval that were current during the year 1927-28 as compared with those of the previous year;—

	1926-27.	1927-28.
Mining leases	47	45
Prospecting licenses	29	15
Collecting	5	4
Exploring	1	4
Certificates of approval	50	36
Total ..	132	104

The number of mining leases for gold remained the same as in previous year, *viz*: 22.

4. *Gold Mining Operations.*—Five Companies carried on gold mining operations during the year under report, and all of them were in the Kolar Gold Fields area. The total quantity of fine gold and silver produced during the year was 3,81,723 ozs., and 20,220 ozs., respectively as against 3,82,299 ozs., and 22,383 ozs. in 1926. The

total value of fine gold and silver produced amounted to £ 1,629,527 as against £ 1,633,848 resulting in a decrease of £ 4,321. All the gold produced, with the exception of some small quantities realised from cyanide slags, etc., was sold in India at favourable rates compared with London market quotations. The total amounts paid in dividends showed an increase of £ 2,749 being £ 3,11,917 against £ 3,09,168 in the previous year, and worked out at 18·70 per cent on the paid up capital as against 18·54 per cent in 1926. There was a reduction of £ 150 in the royalty due to Government, the amount paid being £ 88,876 against £ 89,026 in 1926. Calculated in terms of Indian currency, the total demand on account of royalty payable on gold and silver including the balance due from previous years amounted to Rs. 14,65,608 out of which Rs. 11,86,381 were collected leaving a balance of Rs. 2,79,228. From 1882 to the end of 1927, the total quantity of gold produced was 15,523,392 ozs., of the aggregate value of £ 67,172,452, the total dividends paid were £ 21,544,265 and the royalty realised was £ 3,538,786.

5. *Position of the Mines.*—In the year under report there was an increase in the working costs due to the adoption of improved methods of supporting underground workings. As regards ore reserves, the estimates for all the mines at the end of December 1927 amounted to 1,462,310 tons or a decrease of 5,112 tons as compared with those at the end of 1926.

6. *Other Minerals.*—The following table shows the output, etc., regarding minerals other than gold worked during the year:—

Minerals	Quantity extracted	Quantity exported or sold	Royalty payable for the year
	Tons	Tons	Rs. a. p.
1. Manganese	28,048	30,323	12,181 13 3
2. Chrome	26,115	29,289	23,686 8 0
3. Magnesite	2,373	2,018½	1,760 0 0 dead rent
4. Kaolin	2,333	1,010	1,929 0 0
5. Soapstone	64½	64½	50 0 0
6. Iron Ore	36,744	31,666	Consumed by the Iron Works.
7. Limestone (Higher Calcium)	436	3,059	
8. Dolomite	Nil	Nil	

7. *Inspections.*—In spite of the inadequacy of the staff, the inspection of the Mines on the Kolar Gold Fields area was systematic and satisfactory. No serious defects or violation of mining rules were noticed. Accidents of all kinds were promptly investigated and necessary action was taken. In addition to the above, blocks outside the Kolar Gold Fields were also inspected as detailed below:—

Mysore District	..	6
Shimoga ,,	..	2
Chitaldrug ,,	..	3
Hassan ,,	..	5
and Kolar ,,	..	2

Three fatal accidents occurred in mines outside the Kolar Gold Fields area.

The books and accounts of the Champion Reef Gold Mines were inspected by the Comptroller. Government wish to convey their thanks to the officers and staff of the Company for the co-operation rendered in conducting the examination of the said accounts.

8. *Mining Labour.*—During the year under report 21,822 persons were employed in the Mining Industry as against 21,431 in 1926 showing an increase of 391. Of this number, 18,918 were employed in gold mining, 1,163 on manganese, 873 on chromium, 595 on iron ore, 33 on limestone, 187 on magnesite, 40 on kaolin and 13 on soapstone. Of the 18,918 persons employed in gold mining, 333 were Europeans, 364 Anglo-Indians and 18,221 Indians. The conditions of work were ameliorated by better ventilation and the provision of riding facilities and the introduction of measures calculated to secure the personal safety of the employed.

9. *Accidents.*—The total number of accidents for the year was 221 as against 196 in the year previous. Of these, 36 were fatal, 177 serious and 9 non-mining.

10. *Compensation for Injuries.*—The total premia collected by the Companies for payment of compensation for injuries received in accidents was Rs. 43,704 as against Rs. 42,528 in the previous year; and the amount paid as compensation was Rs. 1,50,189 against Rs. 1,34,226 in 1926. The grant of compensation will, in future, be governed by the provisions of the Workmen's Compensation Regulation which has recently been enacted.

11. *Prosecutions.*—In connection with thefts, etc., of mining materials, 62 persons involved in 46 cases were prosecuted and 54 persons were convicted. Thirty-one persons were convicted for breach of rules, causing accidents, etc., as against 53 in 1926.

12. *Explosives.*—In the year under report 794 licenses were granted as against 737 in the previous year, resulting in an increase of 57 licenses. Reports of inspection of Government magazines in charge of Civil Officers received in the Chief Inspector's Office were scrutinised and the irregularities or defects requiring remedy were brought to the notice of the officers concerned. The number of inspections of explosives premises by the Magistracy and the Police was 320 as compared with 382 during 1926. It is unsatisfactory that there is no improvement in the number of these inspections. Government wish to impress on the authorities concerned, once again, the importance of thorough and systematic inspections with a view to the due improvement of the conditions of the licenses. Forty-five accidents due to explosives involving the death of 20 persons and serious injuries to 51 others were reported in the year under review as against 44, 11 and 47 respectively in 1926.

The question of removal of fireworks shops in the Bangalore City has been pending before the City Municipality for a long time. The District Magistrate, Bangalore, and the President, Bangalore City Municipality, are requested to expedite the disposal of this question.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Appoints some additional non-official members to the Standing Committee of the Economic Conference.

READ—

Government Order No. D. 1525-90—E. C. 2-28-1, dated 7th August 1928, directing that the strength of the Standing Committee of the Economic Conference be increased by six members as indicated in the margin.

3 Non-official gentlemen (one to be selected from each of the Central Boards).
3 Non-official gentlemen (to be nominated directly by Government).

2. Letter No. 227, dated 19th September 1928, from the Secretary, Board of Education, stating that the Board have selected Mr. D. H. Chendrasekhariah, B.A., LL.B., Advocate, Davangere, to be nominated to the Standing Committee.

3. Letter No. C. 2, dated 20th October 1928, from the Secretary, Board of Agriculture, stating that Mr. Sylvester Pais was selected to be nominated to the Standing Committee.

4. Letter No. 688, dated 4th December 1928, from the Secretary, Board of Industries and Commerce, stating that Mr. D. S. Mallappa, Merchant, Tiptur, was chosen to represent to the Board of Industries and Commerce on the Standing Committee of the Economic Conference.

ORDER NO. D. 6783-864—E. C. 2-28-4, DATED 2ND JANUARY 1929.

Government are pleased to approve of the appointment of the following additional non-official members to the Standing Committee :—

SELECTED BY THE CENTRAL BOARDS.

Mr. D. H. Chendrasekhariah, B.A., LL.B., (Board of Education).
" Sylvester Pais, B.A., (Board of Agriculture).
" D. S. Mallappa, (Board of Industries and Commerce).

NOMINATED BY GOVERNMENT.

Mr. K. R. Sreenivasa Iyengar, M.A., President,
Silk Association, and Retired Member of
Council, 5th Road, Chamrajpet,
Bangalore City.

,, Mohamed Abba Sait, Merchant,
Statue Square, Mysore.

,, M. S. Devoji Rao, Member, Board of Agriculture,
Yedatore.

THE STANDING COMMITTEE WILL NOW CONSIST OF THE FOLLOWING MEMBERS :—

Amin-Ul-Mulk
Mirza Muhammad Ismail, Esq., B.A., C.I.E., O.B.E.,
(Dewan-President),
(*Ex-officio*).

1. *Rajakaryaprasakta*
Diwan Bahadur M. N. Krishna Rao, Esq., B.A.,
(First Member of Council),
(*Ex-officio*).

2. *Rajamantrapravina*
C. S. Balasundaram Iyer, Esq., B.A.,
Second Member of Council,
(*Ex-officio*).

3. *Rajamantrapravina*
K. Matthan, Esq., B.A.,
Third Member of Council,
(*Ex-officio*).

4. *Rajasabhabhushana*
Diwan Bahadur Sir K. P. Puttanna Chetty, Kt.,
Retired Member of Council,
5th Road, Chamrajpet, Bangalore City.

5. K. R. Sreenivasa Iyengar, Esq., M.A.,
President, Silk Association and Retired
Member of Council, 5th Road, Chamrajpet,
Bangalore City.

6. P. G. D'Souza, Esq., B.A., B.L.,
Revenue Commissioner in Mysore, Bangalore,
(*Ex-officio*).

7. Dr. L. C. Coleman, M.A., PH.D.,
Director of Agriculture in Mysore, Bangalore,
(*Ex-officio*).

8. N. S. Subba Rao, Esq., M.A., BAR.-AT-LAW,
Director of Public Instruction in Mysore, Bangalore,
(*Ex-officio*).

9. G. H. Krumbiegel, Esq., F.R.H.S.,

BANGALORE, THURSDAY, JANUARY 31, 1929.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Passes orders on the Report of the Bangalore Disturbances Enquiry Committee.

READ :—

1. Government Order No. 1042-1102—C. B. 38-28-114, dated the 28th August 1928, appointing a Committee of Enquiry in connection with the disturbances in the City of Bangalore in July 1928.

2. Report of the Committee of Enquiry dated 15th December 1928 presented to Government on the 18th December 1928.

3. Qualifying note of Mr. Gulam Ahmed Kalami, one of the members of the Committee, dated 15th January 1929, received with the Chairman's letter, dated the 22nd January 1929.

ORDER No. 3348-3400—C. B. 38-28, DATED BANGALORE, THE 26TH JANUARY 1929.

In response to a popular demand, the Government of His Highness the Maharaja, in their order read above, appointed a Committee to investigate certain matters connected with the disturbances that occurred in Bangalore City on the 30th July 1928. The Committee was composed as follows :—

Chairman :

Sir M. Visvesvaraya, K.C.I.E.

Members :

1. Mr. Justice D. K. Rama Rao, B.A., B.L., Judge, Chief Court of Mysore.
2. „ H. G. Basavappa, Member, Legislative Council.
3. „ Gulam Ahmed Kalami.
4. „ V. Manickavelu Mudaliar.
5. „ B. Nagappa, Bar-at-Law, Legal Remembrancer and Secretary to Government, Law Department.
6. „ Ralph Nye, Member, Legislative Council.

2. The terms of reference to the Committee were :—

(1) To ascertain the root causes and course of events that led to the disturbances ;

(2) to investigate the special causes or influences, if any, which were at work at the time and which led to such unusual events ;

(3) to examine the steps taken by the local officers to cope with the situation ; and

(4) to suggest any future measures necessary to remove misunderstandings and restore good feeling and harmony among the various communities concerned.

3. The Committee entered upon its work on the 4th September 1928, and the majority Report was presented to Government on the 18th December. The qualifying note of Mr. Gulam Ahmed Kalami, however, was not received until the 22nd January 1929.

4. The Report commences with a statement of the facts of the disturbances that are common to both sides, on which the members of the Committee are unanimous. There follows an account of the additions which each side would make to this account, for which the Committee takes no responsibility. After this, the Committee gives its conclusions in a chapter to which Mr. Nagappa is not a party, while Mr. Kalami has dissented in several particulars. The same member is also a dissentient from several of the criticisms of officers and the recommendations that follow, and both he and Mr. Nye disagree with the last chapter, which contains certain suggestions which the Committee proposes "should be taken into account in shaping future State policies."

5. The Committee went fully into all the matters referred to it. It examined 156 witnesses—125 in public, 8 *in camera*, and 23 partly in public and partly *in camera*. Counsel or other representatives of the interests concerned were allowed to watch the examination of witnesses and to suggest questions to be put to them. Official witnesses placed before the Committee all correspondence bearing on the disturbances and disclosed all the facts known to them. The records of the Additional District Magistrate, who had conducted the preliminary investigation into the events, were also made available to the Committee.

6. An enquiry of this nature must have imposed a great strain on the members of the Committee, and this was doubtless aggravated by the mass of irrelevant and hearsay evidence given at a time of general excitement and under stress of communal or sectional interests, the evidence being freely interspersed with opinions, impressions, and inferences based largely upon insufficient, inaccurate, and sometimes imaginary, data. It is thus not surprising that the Report is not unanimous in regard to some of the vital points with which it deals.

The enquiry, however, has had the result of allaying the disquiet created in the public mind by wildly exaggerated accounts of incidents which the Committee describes as having been comparatively unimportant in themselves. Whatever view may be taken of the conclusions reached and the recommendations made by the Committee, some of which involve controversial questions of administrative theory and practice and of political aims and ideals, the Report, as a whole, has served to clear up many doubtful and disputed points.

7. His Highness' Government desire to place on record their appreciation of the pains which Sir M. Visvesvaraya and the members of the Committee have

bestowed on the difficult and delicate task entrusted to them, and to thank them for the assistance they have rendered to Government in dealing with the several matters which called for a decision.

8. Before coming to the findings of the Committee, it will be useful to refer to the general description of the occurrences, which is set out in the opening paragraph of the Report :—

"On the 30th of July 1928, certain incidents and disorders occurred in Bangalore City in which school boys took a prominent part. They created disturbances over wide areas including the Public Offices, the Central Jail and the main entrance to the City. The adult population also joined the students in the course of the day and the disorders culminated in a serious riot between Hindus and Mussalmans towards nightfall. The riot was of very short duration and the disorders were quelled with the aid of the Military before midnight, but a considerable amount of panic prevailed among the City population throughout that night and the following day. The news of the disturbances spread rapidly, and exaggerated and distorted versions of the various incidents gained currency throughout the State and even abroad."

Elsewhere the Committee observes, "a large number of persons received wounds and bruises on the 30th July, but, so far as we have been able to ascertain, there have been no deaths. Save in the case of three or four persons, the injuries inflicted were not serious. On the whole, the incidents connected with the disturbances were in themselves comparatively unimportant."

The Committee states that "the 31st July 1928 was a day of great excitement, but Government made all proper arrangements for maintaining law and order within the City." In spite of this, "on account of the estrangement of feeling between the two communities on the 30th July, stray assaults continued to be committed during the days immediately following the riot." It is pointed out, however, in para 111 of the Report, that "whatever may have been the case when the riot was still fresh in the minds of the people, there is really no communal tension between the Hindus and Mussalmans at the present time and there was none even before the riot. The leaders of both communities have testified to this fact."

9. While, however, there was, on the findings of the Committee, no real communal tension, while the incidents that occurred were comparatively unimportant and the riot was speedily quelled, the events have attained a notoriety out of all proportion to their importance. This was due to the agitation, which first led to the disorders, and eventually took the form of recriminations between the various communities and criticism of the actions of the authorities. The influence brought to bear on the school boys to commit excesses and the part played in the agitation by "mob leaders" and by the press are described in considerable detail in several portions of the Report. It is only necessary here to refer briefly to the observations and conclusions of the Committee on these matters.

Firstly, the Committee holds that the action of the students was guided by "mob leaders and other maturer minds" from whom they received bad advice, that there was no justification for their invasion of the schools and colleges, the Central Jail, Carlton House or the Public Offices, and for the acts of rowdyism which they committed at all or most of these places and that their conduct in throwing stones at the sowars was reprehensible.

Secondly, the Committee considers that some of the newspapers "have developed disrespect for authority and a violent tone" and that "their effect on the public mind has not been healthy." In some cases, as in relation to these disturbances, "the Vernacular press has been consciously or unconsciously responsible for inciting communal hatred and jealousies in the mofussil."

Again at a later stage, "the local papers published recriminations between the communities and attacks on Government. The papers outside the State also published exaggerated accounts under sensational headings, such as, "Rebellion in Bangalore and Government Blunders," "Reign of Terror in Mysore," "Police open fire on students," and so on.

With regard to the suspension of some of the newspapers for a short period, the Committee says, "As some of the local papers showed a tendency to spread exaggerated reports and comments on Government measures in violent and undignified language, and as this happened at a time of intense excitement, we are not prepared to say that the suspension of such papers at such a time was altogether unnecessary."

Thirdly, on the much debated point whether there was a general conspiracy in the State to overthrow the Government, the Committee holds that there is no evidence for this. Such a theory, it states, cannot survive a serious analysis. It adds, however, "there were perhaps individual agitators who wrote anonymous communications and spread false or exaggerated rumours secretly and whose misdeeds would come within the purview of the Law Court if sufficient evidence were forthcoming. But the acts of such individuals had no support from any large part of the population."

10. As regards the Military, the Committee finds that it was necessary to call in the aid of the Lancers, who, generally speaking, showed patience and steadiness and stood their ground at a time when confusion and excitement prevailed. "They really saved the situation."

11. The Committee finds that the non-restoration of the Ganesha image to the newly built niche in a public school open to all sections of the community and in a place close to a mosque, pending further enquiry, was fully justified. But this finding is qualified by two criticisms, *viz.*, (i) that the Director of Public Instruction was slow in coming to a final decision and (ii) that the circumstances in which his initial order was passed were not fully and openly stated.

Government agree that the matter might have been dealt with more expeditiously, and there is no doubt that the Director would have thus dealt with it if he had fully realised the influences behind the agitation, which had made it no longer a schoolboys' affair. It is unfortunate that he was on tour at the time when the agitation came to a head and that, even when he learnt of the strike of the schoolboys in camp, he did not return promptly to headquarters. He was thus unaware of the developments that were taking place, although he had assured Government that he would see that "the susceptibilities of the boys are not hurt." It is unfortunate also the leaders of the protest movement preferred public demonstration when an ordinary representation would have prevented all the trouble that arose.

As regards the second criticism, the Committee observes that it was made to appear by Government as if the Director alone was concerned and that [illegible] for the non-restoration of the image on his own initiative. As

a matter of fact, this was actually the case. As is stated in para 11 of the Report, the Director had only been instructed to look into the matter and see what could be done to stop the construction of the "temple," an instruction approved by the Committee in para 61. On this, the Director only passed an *ad interim* order pending further examination of the question and the matter was entirely in his hands until Government decided to restore the image on the 29th July.

12. The Committee has no serious fault to find with the action of the police up to the 29th July, or with the leniency shown by them towards the school boys in the initial stages. It observes, however, that "there should be a limit to such toleration; similar outbursts in the future should be carefully guarded against and the slightest transgression of law swiftly noticed and checked." Government wish to emphasise these observations, because some of the police officers seem to have been under the impression that the instructions issued in Government letter No. 697—C. B., dated 7th August 1921, justified their attitude of non-interference. As the Committee points out, these instructions laid down no general policy applicable to all such occasions, and it was certainly not the intention of Government that transgressions of law by school boys should go unnoticed.

The Committee expresses its satisfaction with the arrangements made for the preservation of law and order on and after the 31st July. It also exonerates the police from the charge that they failed to attend to the complaints of the public as to isolated cases of assault in Bangalore City.

13. The criticisms of the Committee are mainly directed against the alleged acts and omissions of the police and the magistracy on the 30th July. They refer in particular to—

(1) the absence of a concerted plan of operations and of effective arrangements for inter-communication between the various police stations and the scenes of disturbance;

(2) omission to take steps to disperse the crowd after the release of the prisoners;

(3) failure to arrest the offenders on the night of the 30th July during or immediately after the riot;

(4) failure to arrange for the search of houses from which shots were alleged to have been fired; and

(5) delay in commencing investigation.

14. As regards the first point, the officers responsible for the arrangements urge that a concerted plan of action had been prepared, that a number of night duty men and 50 reserve men were kept in readiness to be despatched to any part of the City as occasion demanded, and that inter-communication was kept up by telephone and otherwise. The Committee, however, finds that the arrangements proved to be inadequate.

15. With regard to the second point, the responsibility for releasing the prisoners without taking due precautions rests largely with the City Magistrate, who, according to the Committee's Report, "released the prisoners on the strength of a Government Order conveyed to him orally by a private citizen. Since the order was not his own, he should not have acted on the word of a private gentleman however high the latter's position may be. In any case, he should have taken

steps to see that the crowds dispersed after the release of the prisoners, or, at all events, he should have telephoned to or communicated with the police in some way to enable them to keep track of the processions."

Government agree with the Committee in these observations. It is needless to say that the suggestion that a message was sent to the Magistrate by Government through a private citizen is without foundation.

16. The Committee also observes that "the police officials who noticed the procession at the Yelahanka Gate and through the City should have warned the higher police officers that precautions were necessary near the Sultanpet school to avert possible trouble." In connection with this observation, it is only necessary to state that the objectives of the crowd underwent rapid changes and its final destination was not easy to foresee. Further, the police forces were scattered in other parts of the City and it is doubtful whether at that stage they could have been collected at the Sultanpet school in time and in sufficient strength to avert trouble.

17. On the question why arrests were not made on the night of the 30th July, the substance of the explanations submitted by the District Magistrate and the Inspector-General of Police is as follows:—

When the principal officers arrived on the scene, the riot had already terminated. There was not a single policeman on the spot, as the few that had been posted there for duty had either been injured or had accompanied the injured police officers to the hospital. The Hindus and Mahommedans had divided into "armed mobs" along the road on opposite sides of the school, and had to be kept apart and dispersed. The earliest point at which any arrests could have been thought of was after the arrival of the first batch of Lancers. But at the sight of the Military, the mob disappeared into the various lanes and streets in the neighbourhood. In these circumstances, there could be no question of arresting the rioters red-handed; and also there was a grave risk that, if arrests were made, there might be attempts at rescue, leading to further disturbances. Meanwhile, steps had to be taken to prevent trouble in the various localities where the rowdy elements were reported to be collecting. Later came the news that batches of Mussalmans were coming from the Civil and Military Station. Until past midnight, the attention of the authorities was directed to the task of preventing possible collisions. The District Magistrate had to choose one of two courses, *viz.*, either to attempt arrests and conduct investigation, or to endeavour to maintain law and order by distributing the available forces over the whole area so as to avoid conflicts between the local Hindus and Mahommedans on the one hand, and to prevent the Mussalmans of the Civil and Military Station from joining hands with the Mussalmans of the City on the other. In these circumstances, the District Magistrate considered the latter, the wiser course.

The facts urged by the officers are to a large extent borne out by the Report of the Committee. It is always a question of the greatest difficulty at a time of intense popular excitement whether arrests will quiet the general atmosphere or precipitate disorder. The decision must necessarily depend upon the judgment of the responsible officers on the spot. Their *bona fides* in the present instance have not been questioned, and Government feel that their failure to make arrests in such a crisis is not a matter on which a retrospective judgment can usefully be exercised.

18. This consideration, however, does not apply in equal measure to the failure of the Police and the Magistracy to search or at least to place a cordon round the

houses opposite the school. The District Magistrate says that he could not believe the sensational rumours that reached him, and did not feel justified, on the strength of these rumours, in instituting house searches, especially when on visiting these places he saw nothing to rouse suspicion. He posted some constables, however, in front of the school and near Khan Bahadur Abbas Khan's house and a picket in the verandah of the cycle shop. These arrangements continued and the locality was guarded till the Additional District Magistrate made a formal search and effected mahazars a week later. But these arrangements were not quite adequate, and Government are inclined to think that stricter precautions might have been taken and searches instituted at least on the 31st morning, as is pointed out by the Committee. Whether any fruitful results would have followed or not, the adoption of these measures would have at least saved the Police and the Magistracy from the criticism to which their omission has naturally subjected them.

19. In making these observations, Government cannot, in justice to the Police and the Magistracy, fail to note that the events were of a most unusual nature, and developed with great rapidity, that the police force available was small and few of its members were armed, that both officers and men had passed through a day of great strain in quelling disturbances all over the city, and that the situation which confronted them at night was full of potentialities of danger from many sides.

20. As the Committee points out, there is nothing to indicate that the Police and the Magistracy acted or failed to act by reason of any orders from Government. But the statement that these officers were "in hourly touch with the Members of Government" might possibly suggest that the former subordinated their discretion to the unavowed behests of their official superiors. Government owe it to themselves, and to the officers concerned, to repudiate this suggestion in the most emphatic manner. The Members of Government were no doubt kept informed of the progress of the developments that were taking place, but in the nature of things, they could not be expected to give anything beyond general guidance on the facts placed before them; nor was it necessary for them to interfere with the details of action taken, under a full sense of their own responsibility, by officers invested with extensive powers under the law. Further, there was no occasion at that stage for the Government to call for the explanations of, or to find fault with, the officers, as that would have been merely forestalling the work of the Committee, which, within five days after the occurrence, it had been decided to appoint with the object, among others, of examining "the steps taken by the local officers to cope with the situation."

21. Government are also unable to see the propriety of describing the failure of the Police to make arrests and house searches on the 30th July as a breakdown of the Government machinery. The disturbances were spread over a wide area, and those which occurred near the colleges and schools, the Central Jail, Carlton House and the Public Offices were warded off or quelled. While the Police and the Magistracy were thus occupied in these localities, they had no reason to expect trouble at the Sultanpet school and only a small party of six policemen, including a Sub-Inspector and Sergeant, remained there. Immediately on the occurrence of assaults in that locality, the Lancers were summoned and the Police were reinforced as far as possible. A separate Magistrate was appointed on the 31st July to make an investigation and bring the offenders to justice. The recrudescence of rioting on a much larger scale being apprehended on the 31st

July, armoured cars were requisitioned from the Civil and Military Station and a thorough patrol of all parts of the City by the Police and Military for a few days served to restore public tranquillity. Far from there having been any breakdown of Government machinery on the occasion, it would be more just to emphasise the rapidity with which the situation was brought under control, and that, without the firing of a single shot, either by the Military or the Police, and without the loss of a single life.

22. As to the alleged delay in investigation, it has to be pointed out that a Special Magistrate was appointed on the day following the riot. In response to what appeared to be a general desire on the part of the public, this officer was replaced on the 6th August by a senior officer with the rank of Additional District Magistrate. There was some slight delay due to these changes, but, considering the mass of conflicting evidence that had to be dealt with and the time that the investigation actually occupied, it cannot be said that it was materially retarded by these measures, which were adopted in the interests of the impartial administration of justice as between communities.

23. In this connection, the Committee expresses the view that an officer who had been associated with Khan Bahadur Abbas Khan in the municipal administration of the City should not have been selected as Additional District Magistrate for the investigation of these cases, and that "the appointment was not considered particularly happy and was not calculated to ease the tension in the public mind." During the period of less than two months that the officer in question held the position of Municipal Commissioner of Bangalore City, Khan Bahadur Abbas Khan was the President of the Municipal Council. The Commissioner of a City Municipality is quite independent of the President, and there can be no question of any personal obligation on the part of the official Commissioner to a non-official President. In selecting this officer, Government had in view his seniority, his long experience as a Police Officer and as a Magistrate, and the choice was made precisely upon considerations calculated to inspire confidence in the impartiality and independence of the Magistrate. And, as a matter of fact, Government believe, the appointment, when it was announced, was generally received with satisfaction.

24. With regard to the action taken for the purpose of keeping the public informed of the happenings, the Committee finds that, except as regards two statements, "the communiques which were issued generally had the effect of allaying unrest, at any rate, in the mofussil where the population was dependent on the vernacular newspapers for its news." It, however, criticises two points. The first is that a certain communique "seemed to imply" that the Director of Public Instruction happened to visit the Sultanpet A. V. School on 15th June and casually observed a newly built niche, and the second, that some later communiques denied that there had been any shooting on the 30th of July. In the large amount of criticism that has been evoked in relation to these two points, there seems to be a complete loss of perspective. As regards the first point, the inaccuracy complained of related to a matter of no particular importance. As regards the second point, the position of affairs was that a panic had been created by rumours that there had been a wholesale slaughter, in which the Police and the Military had taken part. The communiques were issued for the purpose of allaying this panic. They were of necessity issued urgently and

on the basis of the best information available at the time. They had, as the Committee has stated, the desired effect. The correction of the communiques relating to the shooting was taken in hand as soon as Government had had time to verify the Report that was brought to them of the existence of a case of what appeared to be a gunshot wound. A study of all the communiques together at once indicates the anxiety of Government to give the public the fullest possible information.

25. The Committee recommends the immediate adoption of the following measures for restoring normal conditions and harmony in the civic life of Bangalore and the State generally :--

(*a*) Special efforts should be made to see that every one who used physical violence or offended against the law and against whom evidence may be forthcoming is arrested and tried according to law.

(*b*) The allegations that boys were dragged in and that four of them were found lying under suspicious circumstances on the top floor of Mr. Abbas Khan's house should be further investigated and scrutinised by a special detective agency and suitable rewards offered for information on the matter.

(*c*) Special courts should be established, presided over by senior officers of the Judicial Department, for the prompt disposal of all cases connected with the Bangalore disturbances.

(*d*) The police force of the City should be reorganised and the C. I. D. staff strengthened and improved. The present mixed composition of the City police force makes it undependable in emergencies when communal quarrels are involved.

(*e*) All available magistrates should be mobilised for service in times of disturbance, and posted in the disturbed areas to guide the police and the military and control operations for the purpose of preserving order with the minimum use of physical force. The officers of the military force entrusted with the command of detached units should be conversant with the provisions of the Criminal Procedure Code pertaining to such occasions.

(*f*) The composition of the military force should be examined to see whether it is suited to present day conditions; and special precautions should be taken in the employment of the military in times of communal disturbances;

(*g*) Qualifications and merit should be the main test for appointment to offices in the State and no one should be appointed merely because of his religion or community. On account of the bitterness and jealousies roused by the order of Government on the Report of the Miller Committee, the questions arising therefrom should be fully discussed at a round table conference or otherwise by the leaders of the Brahmin and non-Brahmin communities, with a view to arriving at a settlement consistent with practices in other countries and with fair play.

(*h*) A Board consisting of about five persons with an official Secretary should be created, on which public men and journalists may sit. It should watch and control writings in the press, issue monthly bulletins reviewing the operations of the press and recommend to

Government punitive action wherever necessary according to law. The starting of one or two good daily newspapers with Government support is also a real need.

26. As regards the first of these recommendations, it may be observed that the Additional District Magistrate made a prolonged and detailed investigation extending over four months and examined 461 witnesses, and that, as a result of this investigation, charge sheets were placed in the City Magistrate's Court for the prosecution and trial of 24 Hindus and 14 Muhammadans. The investigation covered not only cases of personal violence, but all offences committed in the course of the events which preceded and followed the riot. Judging from the status of the officer and the length and thoroughness of the enquiry, it may be taken that all cases in which reliable evidence was available were brought to trial. In these circumstances, it appears to Government that no useful purpose would be served by reopening this matter. Further, with a view to restoring harmony and goodwill, all the cases against the Hindus have been withdrawn, and Government have reason to believe that this has had the desired effect.

27. On this view of the situation and having regard to the present conditions, there seems to be no need for special courts for dealing with the few remaining cases connected with the disturbances, now under trial before the City Magistrate.

28. Nor does it appear worth while to employ a special detective agency, as is proposed by the Committee, for the further testing of the allegation that boys were dragged into Mr. Abbas Khan's house and that their bodies were found there under suspicious circumstances. Full enquiries already made in this direction by the police and magistracy have been unfruitful. The Committee's enquiries also failed to trace any reliable evidence whatever in support of the allegations, which are attributed to possible "hallucination" on the part of individuals. The departmental officers will welcome any clue or reliable information in regard to this matter. But any elaborate attempt to investigate charges, which the Committee itself considers absurd (Para 68), would surely be profitless.

29. The re-organisation of the police force has, for some time past, been engaging the attention of Government, and will be dealt with, so far as funds permit, as soon as the necessary details are worked out.

Government agree with the proposals referred to in clause (*e*) of para 25 *supra*.

30. With regard to the Committee's observations about the re-organisation of the military force, Government consider it neither expedient nor possible to determine its composition by communal considerations. It is a long established tradition, well cherished and widely understood, that the soldier knows no politics or communalism, and has no personal predilections or prejudices, and that his fundamental duty is obedience to lawful authority. Any device or suggestion that assumes the possibility of his showing "special sympathy or antipathy towards any particular section of the citizens" can only lead to the deterioration of the morale of the force. Moreover, what the Committee desires is that the mixed composition of the Police and the Military forces should be abandoned, since in its opinion this makes the forces undependable in cases of communal quarrels. Government are frankly unable to understand this idea. All past experience teaches

that a mixed composition, both as regards the Military and the Police, so far from making the forces undependable, is generally found to have the opposite effect.

31. The Committee's review of the working of the Government Order on the Miller Committee proposals and its own recommendations in this regard introduce a difficult subject. The policy of Government is to give adequate representation to all communities in the public service and the qualifications for admission are carefully laid down with a view to ensuring efficiency. Government would welcome any proposals for improving the existing arrangements which may be put forward by the leaders of the communities concerned after joint deliberation.

32. The proposed constitution of a Press Advisory Board would introduce a kind of press censorship, and it would not be easy to constitute an effective Board. Government will, however, be glad to consider the suggestion further on hearing the views of the press and the public thereon.

33. As regards the question of starting one or two good daily newspapers, it may be observed that the modern newspaper depends for its success more on its organization and equipment than on government aid or support. Any undertaking of this kind must be left to private enterprise, and Government do not see how they can give any tangible help without giving room for criticism on the score of setting up connections with publicity organisations.

34. In the concluding Chapter of the Report (Chapter XII), the Committee examines what it designates "the deeper causes—wider issues" of the disturbances.

After premising that the outburst of the 30th July "was both a portent and a premonition and indicated the existence of deeper causes and pent up forces," and that the remedies proposed in the Chapter "are not intended for the immediate consideration of Government, but they should be taken into account in shaping future State policies," it records its opinion that certain phases of political agitation in British India have affected and influenced public sentiment in the State. Prominent among these it mentions (*a*) the Bardoli Satyagraha, which was actually in operation at the time of the disturbances in Bangalore City, (*b*) Hindu-Moslem differences, (*c*) the Brahmin and non-Brahmin controversy, which originated in Madras, and (*d*) the agitation for responsible Government.

With regard to this analysis of the deeper causes, there is only one observation which the Government wish to offer. There is, so far as the Government are aware, no evidence of the existence of so-called Hindu-Moslem differences in this State, as the Committee itself declares in para 111 of the Report.

35. The Committee next offers certain suggestions for the healing of communal differences, relief of unemployment, and the allaying of political discontent. Government have perused with great interest the observations which the Committee has put forward under these heads.

36. The Committee is of opinion that attempts should be made "to standardise the habits and practices of the people," and refers to the introduction of such reforms a few years ago in Turkey and in Afghanistan at the present time. Government would stress the fact that they are doing as much as a government can in these respects, and they must leave the rest to the silent forces of time, and to sustained voluntary effort among the people themselves.

37. As sound standards will not grow of themselves, but have to be brought into existence by education and propaganda, the Committee suggests that instruction

in civics should be introduced in all schools and that lectures and other forms of propaganda should be arranged for the benefit of adults. The suggestion will receive the consideration of Government.

38. The Committee has also recommended that community councils might be brought into existence for towns and groups of villages with a view to bringing together representatives of all classes to undertake common tasks for their common welfare, to promote common interests, and to foster a common consciousness. This is the idea underlying the scheme of Village Panchayets, to the development of which Government have been devoting considerable attention of late years.

39. The measures proposed for relieving unemployment include the promotion of industries by advancing technical education and by affording financial aid to industries, and these are discussed at some length in paras 134 to 136 of the Report. They may be summed up broadly as diversification in the occupations of the people, by opening up avenues of employment which would, in addition to helping the people, promote the development of the natural resources of the State and the building up of the industries for which it is best fitted. Among the concrete recommendations made are (1) the opening of a Faculty of Agriculture in the Mysore University, (2) the immediate revival of the old Commerce Faculty, (3) the establishment of the proposed Jubilee College of Technology, (4) the adding of vocational courses in High and Middle Schools, giving an industrial bias to the education imparted in elementary schools, and an agricultural bias in rural areas, rendering elementary education compulsory, and (5) building up a State-wide organization to abolish illiteracy.

40. As regards the first two recommendations, Government will refer them to the University for opinion, while, as regards the third, the matter is under consideration, and Government expect to pass orders as soon as certain details are settled. In regard to the remaining suggestions, the Administration Reports of the Education Department for successive years since 1914 show the enormous strides that education has made in the State. The expenditure under this head has also gone up proportionately, and no department of the State has been more liberally treated than that of Education during the past decade or more. Government need hardly extend the assurance that the same policy will be pursued in future.

41. In regard to aid to Industries, the concrete proposal offered by the Committee is that "an outlay of 6 or 8 per cent of the State revenue should be advanced for the next ten years for industrial activities, both governmental and private, if any appreciable results are to be expected in providing employment for the population." Industrial development on the lines indicated by the Committee has had considerable and systematic encouragement in the State during the past fifteen years. A forward move on the lines indicated by the Committee must largely depend on the condition of the State finances, on the progress of technical education, and on the development, necessarily slow, of the right spirit of industrial and commercial enterprise. The whole question has been investigated by the Committee on State Aid to Industries, with a view to the satisfactory development of industries in the immediate future. The Report of this Committee, which is under submission to Government, will receive their close attention.

42. The Committee finally considers what it calls "the problem of how to allay political discontent." The main plea urged in this connection is that the element of responsibility should be introduced into the government of the State. His

Highness's Government are not unaware of this plea, and while they have been and always will be open to all reasonable representations in matters of this kind, they cannot overlook the complexity of the problem. Nor can they be oblivious of the limits within which constitutional changes are possible. Since the reforms introduced in the year 1923, a Committee has considered and reported to Government on the changes required in the Rules pertaining to the Representative Assembly and the Legislative Council. This is enough to show that Government are not standing still in the matter. But even if the form of Government is changed, this does not mean the abolition of rioting, as the experience of other countries has amply demonstrated. The form of Government must have relation to deep-rooted conditions of the social structure, and a two-party system or other ready-made constitutional device of an exotic nature, must necessarily be difficult to reproduce in a country with old and heterogeneous civilisations, cultures, and interests. Political phenomena have to be studied not merely in relation to forms of government and law, but in relation to whole groups of social facts which give to Law and Government the spirit that makes them workable. It is a commonplace to-day that societies are not capable of infinite and immediate modification without reference to the conditions which have worked themselves into their structure. Government do not suggest that changes—desired and desirable—should be prevented, but only wish it to be understood that they should have relation to the ascertained conditions of the society to which they have to be applied. So far, in Mysore, there has been no question of wringing reforms from an unwilling Government.

N. MADHAVA RAO,
Chief Secretary to Government.

Reviews the Administration Report of the Mysore City Municipal Council for the year 1927-28.

READ—

Report from the President, Municipal Council, Mysore, on the working of the Mysore City Municipality during the year 1927-28, received with his letter No. 816, dated the 3rd November 1928.

ORDER No. L. 4795-8—ML. 150-28-45, DATED 22ND JANUARY 1929.

Recorded.

2. *Constitution.*—The Municipal Council consisted of an official President nominated by Government and 29 Councillors of whom 20 were elected and 9 nominated. The general election of the Municipal Council was held in December 1927. There were 46 candidates standing for 20 seats open to election. Out of 5,385 registered voters 2,894 or 53·7 per cent attended the poll. The Council was constituted for a term of three years from 3rd January 1928, in Government Notification No. L. 3774—Ml. 217-27-28, dated the 27th December 1927. Mr. C. S. Kuppuswami Iyengar continued to be the President till 1st May 1928, when Mr. T. G. Rama Iyer, B.A., took his place and continued throughout the rest of the year.

Mr. M. Ramaswami was elected as Vice-President by the reconstituted Council. This was approved in Government Order No. 4417—Ml. 244-27-2, dated the 2nd February 1928.

3. *Meetings.*—The Council held 24 meetings during the year, of which 17 were ordinary and 7 special. The average attendance of members at the meeting was 21 as against 18 in the previous year.

4. The following Committees worked during the year under report in accordance with the rules framed under Section 46 (*a*) of the Municipal Regulation:—

Executive Committees.

1. Managing Committee.
2. Works Committee.
3. School Committee.
4. Health Committee.
5. Town Hall Committee.
6. Vriddhasrama Committee.

Consultative Committees.

1. Audit Committee.
2. Legal Committee.

5. *Taxes and Fees.*—The levy of drainage cess was brought into force, the rate being ½ per cent on the annual letting value, subject to a minimum of 8 annas and a maximum of Rs. 3 per building.

6. *Demand, Collection and Balance.*—The total demand for the year under all heads, including arrears of Rs. 83,936 was Rs. 4,51,094 as against Rs. 4,29,731 in the previous year. The increase is said to be mainly due to the new demand under drainage cess and also enhanced demand under other heads.

There was an increase of Rs. 24,152 in the amount collected, the percentage of collection to the current demand rising from 98 to 99·8. The balance at the end of the year was Rs. 74,459.

7. *The Incidence of Taxation.*—The incidence of taxation per head of population was Rs. 3-9-9 against Rs. 3-5-9 in the previous year.

8. *Revenue and Expenditure.*—The total income excluding the opening balance of Rs. 1,16,999 amounted to Rs. 5,19,777 as against Rs. 5,21,714 in the previous year. The total expenditure under all items amounted to Rs. 6,21,862 as against Rs. 4,88,351 in the previous year. The cash balance at the end of the year was very low as compared with the balances at the end of the previous years. This is attributed to increased expenditure incurred, namely, Rs. 83,043 paid on account of the 2/3rds of the maintenance charges of the Vani Vilas Water Works, Rs. 20,430 paid to the Water Supply Department on account of previous year's water rate and Rs. 15,000 contributed towards the celebration of the Silver Jubilee of the reign of His Highness the Maharaja. The Municipality had also to meet other liabilities amounting to Rs. 40,000. Their financial position cannot thus be considered as altogether satisfactory. The Municipal Council should take steps to discharge the liabilities and to build up a proper reserve by economising expenditure in all possible directions and recovering the moneys due to them.

9. *Water Supply.*—The Vani Vilas Water Works continued to be under the management of the Public Works Department. Orders were issued in Government Order No. L. 80-85—Ml. 84-26-17, dated the 7th July 1928, approving the recommendation of the Municipal Council to revise the house service connection fees sanctioned in Government Order No. L. 4285-8—Ml. 84-26-6, dated the 4—7th January 1927.

10. *Lighting.*—The total number of Electric lights paid for by the Municipality at the end of the year was Rs. 1,460 and the charges paid to the Electric Department during the year amounted to Rs. 24,417 against Rs. 21,434 paid during the previous year.

11. *Conservancy.*—This was satisfactorily attended to. For the speedy removal of City sweepings and rubbish, one more motor lorry was purchased during the year. Active measures were undertaken to lead the sewage of dwelling houses to the underground system.

12. *Public Health.*—Small-pox broke out in the City about the middle of November 1927, and assumed an epidemic form. Active measures were taken to combat the disease. In all, there were 963 attacks and 663 deaths. The disease subsided about the middle of April 1928. Twenty-three thousand persons were vaccinated during the year.

The City was free from Cholera and Influenza except for one imported case under the former while there were 149 deaths from plague. Anti-plague measures were adopted and disinfection and desiccation of houses were systematically undertaken. A special inoculating officer was appointed and 6,933 inoculations were performed during the year against 3,932 in the previous year.

13. *Public Works.*—The total expenditure under this head was Rs. 1,57,836 as against Rs. 1,16,313 in the previous year. The expenditure incurred on the maintenance and up-keep of roads and buildings was Rs. 1,02,786 against Rs. 67,105 in the previous year, the increased expenditure being due to the extensive repair of roads, etc.

14. *Public Instruction.*—The Municipality maintained, with the help of a subsidy from Government, 18 Municipal Schools and paid grants to 4 night schools in addition to the grant-in-aid paid to 6 Wesleyan Mission Schools. The total expenditure on education was Rs. 30,279 against Rs. 31,114 in the previous year. The Municipality paid the usual contribution of Rs. 15,000 to Government towards the cost of Primary Education. As the Municipal Council were not prepared to contribute at least 1/3rd of the whole cost of primary education in the Mysore City, the question of transferring the entire control of Primary Education in the City to the Municipality was dropped.

15. *Audit of Accounts.*—The system of pre-audit was continued and the Audit Committee also worked during the year.

16. *General.*—The arrangement of combining the duties of the Trust Board Engineer and Municipal Engineer in a single officer was made permanent in Government Order No. L. 3495-8—Ml. 11-27-43, dated the 16th December 1927. It was directed in Government Order No. L. 5333-5—Ml. 196-26-116, dated 7th March 1928, that half the salary of the Chairman-President and of the drawing establishment be borne by the Municipal Council.

17. The Municipal Administration continued to be satisfactory during the year.

N. MADHAVA RAO,
Chief Secretary to Government.

Reviews the Report on the working of the Village Panchayets in the State during the year 1927-28.

READ—

Letter No. C. 1205—28-29, dated the 15—20th November 1928, from the Revenue Commissioner in Mysore, submitting the report on the working of the Village Panchayets during the year 1927-28.

ORDER No. V. P. L. 4713-31—V. P. 32-28-7, DATED 22ND JANUARY 1929.

Recorded.

2. The Mysore Village Panchayet Regulation came into force on the 1st February 1927 and 8,863 Panchayets and 240 hamlets were constituted by the close of the year under review, 19 Panchayets and 11 hamlets alone remaining to be constituted at the end of the year.

3. The number of members elected and appointed to the Panchayets as on the last day of the year was 66,638 and there were 8,719 elected Chairmen in all. It is stated that information is not available for the several Districts as to the Panchayets who have appointed Secretaries, the value of labour contributed, etc. The Deputy Commissioners should see that all the information required is supplied in their reports in future years. The Panchayets met in all 25,664 times. This gives an average of about 3 meetings per Panchayet and is not satisfactory. Some Panchayets held no meetings at all while some others did not meet regularly.

4. The total income excluding deposits and advances amounted to Rs. 9 24,575 of which Rs. 44,470 or 5 per cent was realised from cattle pounds, Rs. 1,35,185 or 14 per cent from grants and contributions, Rs. 6,20,284 or 67 per cent from compulsory taxes and the rest from other items. Mohatarfa taxes heretofore collected by the Revenue Department were abolished throughout the State and in their place Village Panchayets levied the taxes prescribed under section 36 of the Village Panchayet Regulation. Seven thousand nine hundred and ten Village Panchayets collected these taxes during the year under review. Four hundred and thirty Village Panchayets levied taxes under section 37 also and 2,876 Panchayets agreed to contribute

weekly labour for works of communal benefit. The collection of taxes is not satisfactory as out of a total demand of Rs. 20,90,033 including an opening balance of Rs. 7,38,574, only a sum of Rs. 8,62,557 was collected. It is hoped that by the arrangement now ordered of entrusting the collection work to Patels and Shanbhogs there will be improvement in collection. Village Panchayets should be asked to make satisfactory arrangements in the matter and in cases of neglect or inability to recover the dues promptly, the powers vested under section 40 should be exercised in time in order to obviate accummulation of arrears.

5. Including the opening balance of Rs. 7,57,509, the amount available for expenditure amounted to Rs. 16,98,482 of which Rs. 2,80,516 only were spent during the year. The expenditure excluding deposits and advances amounted to Rs. 2,70,100 of which Rs. 1,05,979 or 39 per cent was on public works, Rs. 47,248 or 17 per cent on conservancy and sanitation, Rs. 30,483 or 11 per cent on water supply, Rs. 22,556 or 8 per cent on office charges and the rest on other miscellaneous items of expenditure. It is observed that some of the District Boards contributed towards Rural Reconstruction work and Drinking Water Wells in their areas. The closing balance at the end of the year amounted to Rs. 14,17,966 of which Rs. 8,33,707 was the balance under service heads. Attempts should be made to utilise Panchayet Funds for improvement works according to approved programmes. It is understood that the Revenue Commissioner has issued suitable instructions in the matter. It is necessary and desirable that each Panchayet should draw up lists of major and minor wants, including, say, a dozen items each and concentrate effort on satisfying these wants first.

6. The temporary staff of Panchayet Inspectors sanctioned to help the Amildars in the supervision and control of Panchayets was continued during the year. It has been decided to dispense with this staff and entrust their work to the Revenue Inspectors from the beginning of the next official year.

7. Government are glad to note that during the short period of 17 months the Village Panchayet Scheme was in force, some tangible progress was achieved partly through the exertions of the officers of the Revenue Department and partly through the co-operation of the local people, of whom a large number evinced conspicuous practical interest in the administration of the Panchayets. But it is evident that a large number of these Panchayets have not taken up their duties seriously. The collection of taxes and the judicious administration of Panchayet Funds should receive closer attention. It is hoped that the efforts of honorary organisers and Revenue Officers will help to stimulate the Panchayets to take an increasing interest in the work of rural improvement.

Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Appointment of trained men as Teachers in Primary Schools in "Special" and "General" vacancies.

READ—

Government Order No. E. 42-43—Edn. 76-25-32, dated 6th July 1926, approving of the proposal of the Inspector-General of Education, among others to lay down a rule that trained men will invariably be given preference in the matter of appointments in Primary Schools.

2. Government Order No. 5771-830—C. R. B. 5-26-1, dated 10th June laying down revised rules for the guidance of appointing officers.

ORDER NO. D. 7331-32—EDN. 690-28-1, DATED 19TH JANUARY 1929.

Government are pleased to issue the following further instructions in the matter of the preference to trained men for appointments as teachers in Primary Schools:—

1. In "General" vacancies of teachers which are open to candidates of all communities, trained men will have preference over untrained men irrespective of community.

2. In "Special" vacancies of teachers which are open only to members of backward communities, as among the candidates of such communities trained men will have preference over those who are untrained ; but a Brahmin candidate should not be appointed in such special vacancies in preference to a non-Brahmin candidate on the ground that the former is trained and the latter is not.

FINANCIAL SECRETARIAT.

Raising the limit of Combined Leave to eight months on the production of a Medical Certificate.

ORDER NO. FL. 5287-346—S. & A. 1-28-22, DATED 17TH JANUARY 1929.

The maximum period of furlough on average salary, and privilege leave, combined with such furlough now limited to six months, under Article 209A Clauses (*iii*) and (*v*), Mysore Service Regulations, when taken in India may be extended up to eight months, provided a medical certificate in the form prescribed in Chapter XXVI, Mysore Service Regulations, is produced in support of the application for the extension of leave.

2. Necessary Addenda and Corrigenda Slip to Mysore Service Regulations will issue separately.

B. SRINIVASA IYENGAR
Secretary to Government,
Financial Department.

Passes Orders about training Pandits in Agama Sastra.

ORDER NO. 1356-9—MUZ. 133-27-12, DATED 21ST JANUARY 1929.

There are a large number of Temples and Mutts in the State endowed with Government grants and Government in the Muzrai Department exercise supervision over them, and, in some cases, they have also to assume direct management of these institutions. It is necessary to adopt measures for preserving the methods of worship and of conducting other religious ceremonies, as laid down in the Agama Sastras and as authorised by tradition.

2. The existing arrangements for the training of students in Agama Sastras and for consultation in matters relating to methods of worship in temples is by no means satisfactory.

3. There are at present six appointments for teaching Agama Sastras in the Sanskrit College, Mysore—three on Rs. 25—3—40 each, three on Rs. 20—1—2 each, and two Pandits in the Muzrai Commissioner's Office on Rs. 30—2—50 each. There is not full work for the men employed in the Muzrai Commissioner's Office and it is difficult also to obtain the services of men possessing the required qualifications for holding offices of Agamiks. In the Sanskrit College at Mysore, no teacher has been appointed for Saivagama for want of a competent person, and there are now only two teachers and one of even these two, is only a senior student. Five out of the six posts in the College are therefore vacant, due to the fact that qualified persons are not available and the pay allowed is also poor.

4. It is necessary, in the circumstances stated above to arrange for having well qualified staff in the College for teaching all the three systems—Saiva, Vaikhanasa and Pancharatra. No persons proficient in the theory and practice of the

different systems of Agamas being available for employment, suitable persons have to be selected and arrangements made for their instruction in the literature of the respective systems and also for their initiation in all the rites and forms relating to worship and other religious ceremonies concerning mutts and temples, as enjoined by the Sastras and as actually observed in places where the ancient tradition is preserved unimpaired.

5. Government are accordingly pleased to sanction the following arrangements:—

(1) Three persons who have passed with credit the Vidwat Examinations in Naveena-Nyaya and Vedanta, may for the present be selected for undergoing training in Agama Sastras—one for each of the three Agamas, Saiva, Vaikhanasa and Pancharatra. The person selected for undergoing training in Saivagama should have passed the Vidwat Examination in Adwaita—both parts—and those for training in Vaikhanasa and Pancharatra the Vidwat Examination in Visistadwaita—both parts.

(2) The President of the Sanskrit College Committee is requested to select persons who possess these qualifications and who are Mysoreans from among those who passed these Examinations in the last four or five years and report their names and qualifications to Government through the Muzrai Commissioner.

(3) The nominees will be given a scholarship of Rs. 40 per mensem for a year which may be prescribed as the period of their probation and training.

(4) The Board of Sanskrit Studies is requested to prescribe a complete list of books on each of the three systems of Agamas to be studied by the persons under training.

(5) The candidates should pursue their studies systematically and apply to scholars on the staff of the Sanskrit College for the solution of doubts and difficulties felt in the course of their studies and undergo an Examination in the books prescribed. The authorities of the Sanskrit College, Mysore, are requested to arrange for affording this help to the candidates during the period of their training.

(6) The candidates should also receive training in the practice regarding worship and other religious ceremonies as actually in force in some important institutions. They should be required to go to one or more of the following places and stop about a month at each place to study the rites and forms of worship in vogue there:—

SAIVAGAMA.

Mysore ..	.. Trineswaraswami Temple.
	Chamundeswari ,,
Nanjangud ..	.. Nanjundeswaraswami ,,
Srirangam ..	.. Jambukeswaraswami ,,
Chidambaram ..	.. Nataraja ,,
Madura ..	... Meenakshi ,,
Rameswaram ..	.. Rameswaraswami ,,
Conjeevaram ..	.. Kamakshi ,,

VAIKHANASA.

Mysore ..	.. Lakshmiramanaswami Temple.
Tirupathi ..	.. Venkataramanaswami ,,
	(3 or 4 other important institutions where this system is followed).
Sri Perambadur	.. Necessary enquiries may be made about the Agamik classes here and if they are efficiently conducted, the students selected may be required to undergo a course in the institution at this place.

PANCHARATRA.

Mysore ..	.. Krishnadevaru Temple.
	Varahaswami ,,
Conjeevaram ..	.. Varadarajaswami ,,
Melkote ..	... Narayanaswami ,,
	Narasimhaswami ,,
Srirangam ..	.. Ranganathaswami ,,
	(1 or 2 other places where this system is followed).

(7) The Muzrai Commissioner is requested to make arrangements in consultation with the authorities in charge of these institutions to afford to the candidates all the assistance they require for observing and studying the practices prevailing there. The candidates should be required to make notes of points observed by them and also submit brief reports of the work done by them at each place. These reports may be submitted to the scholars on the staff of the Sanskrit College, Mysore, who are requested to help the candidates in studying the prescribed books.

(8) If the performance of the candidates during the period of their training is satisfactory, they will be appointed as teachers of Agamas on Rs. 50—5—100 in the Sanskrit College, Mysore. The permanent men on the staff of the Office of the Muzrai Commissioner or of the College need not be isturbed by the appointment of the new men who may be treated as *extra* until vacancies occur.

6. Government are also of opinion that the younger members of the families of Archaks of large temples should be required to receive training in the Agama Classes at Mysore. With a view to induce them to do so, scholarships may be paid to them. A pass in this course should, after sometime, be prescribed as a condition for employment as Archaks and for drawing the emoluments attached to the places. This condition can, however, be strictly enforced only to cases in which the emoluments of the offices can be considered as sufficient remuneration for the Archaks. In other cases of important institutions with insufficient incomes, it may be necessary to add to the emoluments of the Offices for inducing qualified persons to hold them. These and other connected points may be considered after a sufficient number of candidates are trained and the Agama classes are given a competent staff of teachers.

7. The Muzrai Commissioner is requested to take necessary action in accordance with the foregoing directions and to provide the necessary funds in the Government Muzrai Fund Budget to meet the extra cost involved.

B. SRINIVASA IYENGAR,

Secretary to Government,
Financial Department.

Registered No. M.—1175.

The Mysore Gazette.

Vol. 64.] PUBLISHED BY AUTHORITY. [No. 6.

BANGALORE, THURSDAY, FEBRUARY 7, 1929.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Reviews the Administration Report of the Revenue Department for the year 1927-28.

READ—

Letter No. C. Per. A. 15—28-29, dated the 1st October 1928, from the Revenue Commissioner in Mysore, forwarding the Report on the Administration of the Revenue Department for the year 1927-28.

ORDER NO. R. 5833-92—L. R. 79-28-3, DATED 25TH JANUARY 1929.

Mr. A. K. Syed Taj Peeran, B.A., acted as Revenue Commissioner, during the absence of Mr. P. G. D'Souza on privilege leave, from the commencement of the year up to the 24th September 1927, when the latter returned to duty and continued as Revenue Commissioner during the rest of the year. There was no change of Deputy Commissioners during the year in any of the Districts except Hassan.

2. *Rainfall and Seasonal Conditions.*—Except in the Districts of Mysore, Kadur and Hassan, the total amount of rainfall recorded during the year was equal to or slightly better than that of the previous year. But some portion of the Taluks noted in the margin, suffered for want of sufficient or timely rains, and measures of relief had to be undertaken according to the requirements of each area. In parts of the Mysore and Chitaldrug Districts where scarcity

TALUKS.

1. Nagamangala.	9. Pavagada.
2. Mandya.	10. Madhugiri.
3. Mysore.	11. Bagepalli.
4. Heggaddevankote.	12. Kolar.
5. Malvalli.	13. Bowringpet.
6. Hoskote.	14. Chitaldrug.
7. Devanhalli.	15. Challakere.
8. Sira.	16. Hiriyur.

for drinking water was felt, a sum of Rs. 17,502 was spent for sinking or deepening wells, in addition to a sum of Rs. 11,098 utilised by the District Board of Mysore for the purpose. State Forests and Amrit Mahal Kavals were thrown open for free grazing of cattle in the Nagamangala Taluk of the Mysore District and in the Chitaldrug and Challakere Taluks of Chitaldrug District. A sum of Rs. 10,000 was sanctioned for the latter District for the grant of Takavi loans to purchase fodder. Remission of assessment, to the aggregate extent of Rs. 45,516, was sanctioned in respect of wet and garden lands under tanks which failed to get a supply of water. These various measures, coupled with the starting of relief works wherever necessary, helped to relieve the situation in the affected tracts.

3. *Cultivation.*—An extent of 46,295 acres was taken up for cultivation during the year as against 48,304 during the year previous; and an extent of 20,968 acres resigned as against 20,465 acres in 1926-27. On the whole, the addition to the area under occupation during the year was 25,327 acres as against 27,839 in 1926-27. The net area cropped during the year was 64,57,389 acres as against 64,28,714 in 1926-27.

4. *Darkhasts.*—Seven thousand one hundred and eighty-two applications for lands were pending disposal at the end of the year 1926-27, and 22,606 were received during the year 1927-28, making a total of 29,788. Of these 22,007 were brought to disposal. The percentage of disposals for the whole State was 73·88 as against 74·1 in the year previous. As many as 302 darkhasts have been pending for over two years and 81 for over three years. One hundred and seventy-three darkhasts have been pending for over two years in the Bangalore District, 33 in the Chitaldrug District and 31 in the Tumkur District. It has to be stated that the out-turn of disposals is not quite satisfactory.

5. *Grant of Lands to Depressed Classes.*—The rules relating to the assignment of lands to these people were revised. Nine hundred and sixty-one darkhasts were pending at the beginning of the year; the receipts numbered 3,759, and the disposals 3,242, leaving a balance of 1,478. The area granted comprised 17,987 acres and 4 guntas. The area granted has risen gradually from 4,538 acres and 16 guntas in 1924-25 to the figure given above, in 1927-28. An Adikarnataka colony and some Co-operative Societies have also been started.

6. *Avenue Trees and Topes.*—The number of avenue trees planted during the year was 84,800 as against 77,030 in the previous year. The memorable and happy occasion of the Silver Jubilee and the Birth Day of His Highness the Maharaja was taken advantage of, to plant trees on a large scale. Nine nurseries— 3 at Nanjangud, 5 at Nagamangala, 1 at Chikmagalur—were newly started during the year for rearing plants to be supplied to Village Panchayets. Special attention was devoted to planting work in the Mysore District and particularly in the Hunsur Taluk where the Village Panchayets are said to have planted about 38,000 fruit-bearing and other useful trees.

In Government Order No. R. 4769-88—L. R. 50-27-11, dated the 3rd January 1928, a sum of Rs. 300 was ordered to be provided from 1927-28 onwards for the Mysore District, Rs. 200 for each of the Maidan Districts, and Rs. 100 for each of the Malnad Districts, for encouraging the planting and growth of avenue trees.

7. *Accidental Fires.*—The number of accidental fires, during the year was 491 as against 517 in the year previous. The number of human lives lost was 56, and the value of cattle and property destroyed Rs. 7,00,645-8-0. As usual the largest number of these accidents (131) and the heaviest loss (Rs. 5,21,328-4-0) occurred in the Shimoga District. Government regret to observe in this connection that the concessions granted in Government Order No. R. 50-104—L. R. 299-25-4, dated the 17th October 1926, to agriculturists for building tiled houses have not been freely availed of. The Revenue Commissioner is requested to issue the necessary instructions to the District Officers to encourage raiyats to take advantage of the concessions offered them by Government.

8. *Jamabandy, Demand, Collection and Balance.*—The Jamabandi was completed before the Khistbandi in the Districts of Bangalore, Kolar, Kadur and Chitaldrug. The delay in the other Districts is attributed to special reasons.

The total demand for the year under Land Revenue, including Miscellaneous and arrears, at the beginning of the year, was 1,41,79,944 against 1,40,03,709 in the year 1926-27. The total demand under Land Revenue proper for the year was Rs. 1,29,69,027 or Rs. 2,31,614 more than that of the preceding year. The increase is mainly due to the additional area brought under cultivation and to the introduction of revision settlement in the Kankanhalli Taluk. The whole of the current demand was collected in the Davangere Taluk and over 99 per cent in the Chikballapur and Gundlupet Taluks. In 38 Taluks and 5 Sub-Taluks, the collection under current demand was 95 per cent and over. The total collection including arrears, during the year, was in excess of that of the previous year by Rs. 4,15,681, while the balance at the end of the year (Rs. 9,80,542) was less than at the beginning by Rs. 2,39,694. The percentage of total collections to the total demand for the year was 93·0 as against 91·3 for the year previous. The balances outstanding in the Districts of Mysore, Tumkur, Hassan, Chitaldrug and Kolar at the end of the year are rather heavy as observed by the Revenue Commissioner.

9. *Execution of Co-operative Society Decrees.*—Out of a total number of 3,400 decrees for Rs. 5,05,610 that had to be executed during the year under report, 2,040 decrees involving a sum of Rs. 2,95,800 were finally disposed of, leaving a balance of 1,360 decrees pending, as against 1,567 at the end of the year previous. The Revenue Commissioner refers in his report to certain difficulties felt by the Deputy Commissioners in promptly executing the decrees of the Co-operative Department. It is hoped that he will examine the matter in consultation with the Registrar of Co-operative Societies and report to Government what measures should, in their opinion, be taken to place this branch of revenue business on a better footing.

10. *Coercive Processes.*—There was a decrease, in the total number of coercive processes issued from 1,66,608 to 1,50,970, the amount recovered by merely issuing notices of demand being 78·9 per cent of the total recovered under this head.

11. *Loans and Advances.*—Out of a sum of Rs. 2,07,000 sanctioned by Government for the takavi and land improvement loans, a sum of Rs. 2,04,850 was distributed among the several districts; and loans amounting to Rs. 1,76,995 were actually disbursed during the year. Under Takavi, there were 1,464 applications for a sum of Rs. 2,08,407 against 1,332 applications in the preceding year for Rs. 1,47,503. The percentage of collection to the demand, however, was only 54·5 as against 66·63 in the previous year, which is very unsatisfactory. The Revenue Commissioner is requested to issue strict instructions to the Deputy Commissioners of Districts for the prompt collection of these loans and advances as they fall due.

12. *Takarar Cases.*—The total number of takarar cases received during the year was 23,380, which includes the arrears of previous years. Fifteen thousand five hundred and seventy-five were disposed of, leaving a balance of 7,805 at the close of the year, the percentage of disposal being 66·61 as against 66·15 in the year previous. This is certainly not satisfactory. Government have in their Order No. R. 4255-65—L. R. 247-27-2, dated 1st December 1927, authorised Deputy Commissioners to further delegate powers to Amildars to dispose of certain classes of these cases. Considerable improvement in this item of revenue business is possible by more prompt action on the part of District Officers.

13. *Record of Rights.*—The Record of Rights scheme was introduced in the Taluks of Davangere, including Harihar Sub-Taluk, Sagar and Bangalore during the year under report. The number of hissas recorded in the several taluks is as noted below :—

Name of Taluk			Full S. No.	Phut Hissas
Davangere	..	..	10,565	19,550
Harihar	..	..	4,348	10,308
Sagar	..	..	16,399	9,015
Bangalore	..	..	14,226	53,687

The fee demand for all the Taluks and Sub-Taluk stood at Rs. 2,14,572-8-0, the collection being Rs. 73,897-8-0, leaving a balance of Rs. 1,40,675 which, Government hope, will be collected soon. The expenditure incurred on this account was Rs. 14,797-1-2. The proposals of the Revenue Commissioner for the introduction of

the scheme into eight more taluks in the current year were sanctioned in Government Order No. R. 8793-804—L. S. 12-27-47, dated 15th May 1928. The recovery of fees in the shape of court fee stamps was introduced as an experimental measure in the Bangalore Taluk in Government Order No. R. 8146-51—L. S. 12-27-43, dated 23rd April 1928. The entertainment of recruits for training in survey work in connection with the introduction of this scheme was sanctioned in Government Order No. R. 8030-42—L. S. 12-27-42, dated 19th April 1928. Government are pleased to note that the scheme has been received with enthusiasm by the people as observed by the Revenue Commissioner.

14. *Special Schemes.*—Eight thousand eight hundred and sixty-three Village Panchayets and 240 hamlets have been constituted up to the end of the year under report. It is stated that only 19 Panchayets and 11 hamlets remain to be constituted to complete the work. Seven thousand nine hunded and ten Panchayets have taken action to levy the obligatory taxes under Section 36 of the Regulation; and 430 have agreed to levy optional taxes under Section 37 of the Regulation. The Mohatarfa tax has been abolished in all the villages of the State, whether Inam or Jaghir, as under the Panchayet Regulation, the villages can levy their own taxes. As observed in last year's review, no information has been given as to the progress made in reviving the system of periodical labour for executing works of common utility. This may be done in future reports.

At the end of the year, there were 185 village forests with an area of 54,276 acres and 32 guntas as against 138 with an area of 45,230 acres at the end of the year previous. Government regret to note that the working of these forest panchayets has not shown any marked improvement.

The number of tank panchayets at the end of the year under report was 124 as at the end of the year previous, and their working continued to be unsatisfactory. Government await the definite proposals of the Revenue Commissioner for the better working of the scheme.

15. *Conferences.*—District Conferences were held at the District Head Quarter Towns in all the Districts during the year except in the Bangalore and Chitaldrug Districts, where they were held in the first week of July 1928. Along with the District Conference, a Local Self-Government Conference was held at Tumkur and a Municipal Conference at Kolar. Except in the Chitaldrug, Hassan and Kolar Districts, Taluk Conferences were held in some Taluks of each District. Lectures of general interest on sanitation, cottage industries, child welfare, etc., were delivered by the Officers of the respective departments at these conferences. Practical demonstrations in weaving, physical culture, etc., were also organised. Exhibitions of indigenous articles were held in certain districts, the most noteworthy of them being the Shimoga District Exhibition presided over by Mr. C. S. Balasundaram Iyer, Member of Council.

16. *Tanks.*—Three hundred and eleven major and 596 minor tanks were restored during the year at a cost of Rs. 3,13,671 and Rs. 2,73,416 respectively. The Deputy Commissioners of Districts have inspected 314 major and 405 minor tanks and the Sub-Division Officers 605 major and 884 minor tanks, during the year under report. Revised Rules regarding the inspection of tanks were issued in Government Order No. R. 8075-84—L. R. 11-27-8, dated 20th April 1928. A synopsis of rules relating to the restoration, maintenance and inspection of tanks, as well as a list of minor tanks for the restoration of which contributions had been received from the raiyats, were published by Government in pamphlet form and distributed among the Officers of the Revenue and Public Works Departments for information and guidance, and to ensure a better grip over the work on hand.

17. *Provincial Toll-gates.*—Twenty-nine additional State Fund toll-gates were established from 1st March 1928 on the provincial roads. Of the 19 old toll-gates that existed before, 18 were continued during the year, and the remaining one which had been abolished, was revived from 1st March 1928.

18. *Inspections.*—All the Deputy Commissioners toured for more than the prescribed minimum number of days, *viz.*, 120 and their inspections of the subordinate offices in their charges have been fairly satisfactory. The inspection and touring work of the Sub-Division Officers is capable of further improvement ; and it is hoped that the Revenue Commissioner will strictly regulate the tours of these officers so that they may be more systematic and fruitful of results.

19. *Changes in Administrative Divisions.*—Bowringpet Taluk was placed under the Sub-Division Officer, Malur, and Kolar Taluk under the Treasury Assistant Commissioner, Kolar, by Government Order No. R. 548-608—L. R. 377-26-4, dated 19th July 1927. Mandya and Malvalli Taluks were constituted into a new Revenue Sub-Division with effect from 1st July 1928. Closepet Sub-Taluk was ordered to be converted into a pucca Taluk from 1st July 1928.

20. *Miscellaneous.*—The Revenue Commissioner disposed of 607 appeals during the year, while the Government dealt with 181 appeals and revision applications. The Inspector of Office Systems inspected 6 District Offices, 5 Sub-Division Offices and one Taluk Office during the year, and the notes of inspections were sent to the Revenue Commissioner for necessary action.

21. *Recruitment and Training of Officials.*—The experience of the past two years having shown the desirability of continuing the system of direct recruitment to the Amildari grade, eight Revenue Probationers were appointed during the year, and arrangements made for giving them the prescribed training.

In regard to the officials in the subordinate service to be promoted as Amildars, a Committee was appointed to make a selection with special reference to the aptitude of the candidates for executive work.

An improved scale of pay has been sanctioned for Sheikdars who are now designated "Revenue Inspectors" and will be brought into effect as soon as the question of reducing the number of hoblis is settled. Ten Probationary Revenue Inspectors were appointed during the year, of whom seven belong to the backward communities.

A training class for village officers was opened at Mysore; but owing to paucity of applicants, the school intended to be opened at Bangalore could not be started. Government have since ordered that the prescribed course of training should be undergone by all persons to be newly appointed as shanbhogs and patels as well as by those who have been employed for less than three years and are not more than thirty-five years of age.

22. *General.*—In concluding this review it may be useful to recapitulate, very briefly the more important measures affecting the revenue administration that were considered or sanctioned in the course of the year. Reference has already been made to the progress made in the introduction of the Record of Rights system in certain taluks and its contemplated extension to other areas. Pending such extension, which must necessarily be slow and gradual, it was thought advisable to secure some of the benefits of the Record of Rights even in non-record areas by improving the present system of registering holdings. With this object it was ordered that no minimum area need be prescribed for survey numbers, that sub-division of survey numbers be freely permitted, and that nominal khates be done away with by revenue officers, after due enquiry even in the absence of applications from the parties concerned. As a result of these measures, it is hoped that the village revenue records will more correctly reflect the actual facts of land holding, and that the interests of persons holding shares in survey numbers will be more effectively safeguarded.

The Land Revenue Code was amended by Regulation XVII of 1928 with the object among others, of giving effect to the orders of Government on the recommendations made by the Inam Commission.

The Committee appointed to examine and suggest improvements relating to irrigation works, has submitted its recommendations together with a draft Irrigation Bill, which is under the consideration of the Government.

The rules for the grant of remission of assessment on irrigated lands during years of scanty supply of water were further liberalised. Under the revised rules, the grant of remission is made possible even when the affected area consists of the atchkat of a single tank.

The system of famine administration came under critical review in the light of the experience gained in administering relief measures during the distress which prevailed during the period 1923-1925. It has always been the policy of this Government to adopt measures of relief on the first appearance of signs of distress without waiting to test its intensity by elaborate methods. This policy has been reaffirmed and the mode of administering relief during the pretest period has been laid down in detail in the Famine Code.

The Tank Maintenance Rules have been revised with a view to enable Revenue Officers to take prompt action for executing maintenance work in cases where it is neglected by the holders of land responsible for the up-keep of the tank.

The rules for the grant of land on darkhast were revised and consolidated and the opportunity was taken (*i*) to delete certain obsolete rules, such as those purporting to govern the grant of lands on cowle tenure for Musafirkhanas, Chattrams, etc., (*ii*) to enhance the powers of Revenue Officers to grant lands without auction for an upset price in suitable cases, (*iii*) to extend the concessions given to members of the depressed classes to acquire lands for *bona fide* cultivation, and (*iv*) to place the rules regarding grant of lands for the cultivation of coffee, tea, cardamom, etc., on a more satisfactory footing.

The fees levied for the manufacture of earth salt were reduced in order to give some relief to the people engaged in this useful but decadent industry.

The system of levying tolls on State Fund roads was examined by a Committee with particular reference to the possibility of removing any hardship caused to agriculturists by this impost. On the recommendation of the Committee, the practice of levying tolls on animals has been done away with, while exemptions have been granted in respect of carts carrying manure, agricultural implements, etc. The principle that toll-gates should be at least 25 miles apart from each other has also been accepted.

N. MADHAVA RAO,
Chief Secretary to Government.

Register of Vacancies.

READ—

Paragraphs 12 and 13 of the Manual of Rules relating to the Recruitment to the subordinate ranks of the Public Service about maintaining in the form given in Appendix V of the Manual, a register of vacancies in the Offices of Unit Officers and in those of officers empowered to make appointments and subordinate to the Unit Officers.

2. Letter No. A. 1062-28, dated 16th October 1928, from the Deputy Commissioner, Mysore District, bringing to notice that the form of register of vacancies given in Appendix V of the Manual of Rules relating to recruitment, does not contain headings for noting particulars of pay of the vacancy and the consequential vacancy to be dealt with, and that the desirability of having headings for noting dates of occurrence and report of vacancy and of submission of "A" statement may also be considered, and submitting a draft of a revised form for approval.

ORDER NO. 6069-6168—C. R. B. 21-28-1, DATED 30TH JANUARY 1929.

The form suggested by the Deputy Commissioner, Mysore District, is approved with certain modifications, as shown in the annexure.

2. Government are pleased to direct that the register of vacancies in the Offices of Unit Officers be maintained under the headings given in the appended form.

All officers empowered to make appointments and subordinate to the Unit Officers will also maintain in their offices in the same form, a register of vacancies of appointments within their powers of patronage.

N. MADHAVA RAO,
Chief Secretary to Government.

REGISTER OF VACANCIES IN THE.....DURING THE OFFICIAL YEAR.....

---

1. Serial Number. (The series will begin with the official year.)

2. Date of Vacancy.

3. Date of receipt of report of vacancy in the Unit Office.

4. Designation of the appointment fallen vacant and pay.

5. Duration of the vacancy.

6. Whether the appointment is to be filled up by promotion or by direct recruitment. In the latter case, particulars of two previous vacancies made available for direct recruitment in the same class, during the year.

7. Designation and pay of the consequential appointment thrown open for direct recruitment.

8. Whether the vacancy is one to be filled up on general or special considerations. In the former case, particulars of 2 or 3 previous vacancies made available during the year for direct recruitment with reference to serial number in the Gazette.

9. Date of forwarding the "A" statement to the Central Recruitment Board.

10. Serial number of the vacancy advertised in the Gazette.

11. Date of receipt of applications from Central Recruitment Board.

12. Number of applications received from Brahmins and from non-Brahmins.

13. Name of the candidate appointed and Gazette.

14. Date on which "B' statement was sent to the Central Recruitment Board.

15. Whether any objection was taken or enquiry made by the Central Recruitment Board Office in respect of appointment made in the vacancy. (Number and date of communication from the Central Recruitment Board to be noted.)

16. Remarks.

17. Serial number of the vacancy if readvertised.

DEVELOPMENT SECRETARIAT.

Reviews the Administration Report of the Agricultural Department for the year 1927-28.

READ—

Administration Report of the Agricultural Department for 1927-28 received with letter No. Per. 45—28-29, dated the 1st October 1928, from the Director of Agriculture.

ORDER No. D. 7397-457—A. & E. 115-28-3, DATED 22ND JANUARY 1929.

Recorded.

2. *Personnel.*—Mr. G. H. Krumbiegel continued as Officiating Director till the 30th January 1928 when Dr. Coleman who returned from leave assumed charge of the Department.

3. *Scientific Sections-Chemical Section.* The rise in the prices of agricultural produce and the fall in the cost of artificial fertilisers point to the probability that the application of chemical manures will form a very important feature of future agricultural development and invest manurial experiments with special significance.

A vigorous campaign of demonstrations was responsible for extending the use of artificial especially nitrogenous manures. Manurial experiments were carried on with regard to such important crops as ragi, jola, paddy, sugar-cane, cotton, coffee, arecanut and cocoanut; very striking results have been obtained with irrigated and garden crops indicating that very rapid increase in production is likely to be secured by larger application of manures. In regard to dry crops, the vagaries of the season introduce an inevitable factor of uncertainty, but even here it is probable that profitable increases would result from supplementing our scanty resources in cattle manure by artificial fertilisers.

Recent developments in manure manufacture point to the probability that forms containing nitrogen and phosphoric acid have a wide field before them.

Experiments in feeding stock are confined at present to dairy stock which is comparatively unimportant in the State at present. Government hope that experiments in feeding draught animals will be undertaken when the (Amrit Mahal) Department has a breeding station in the Birur area.

4. *Mycological Section.*—Six thousand acres were sprayed against koleroga. It is interesting to note that a spray mixture cheaper than that previously used and equally effective has been found by experiment. Interesting experiments are in progress with a view to ascertain the manner in which koleroga persists from one season to another and the reason for the apparent impossibility of stamping it out even in isolated areas. Efforts are being made gradually to transfer the stocking and sale of sprayers and spraying materials to co-operative societies. The study of *anaberoga* of arecanut was taken up on systematic lines during the year and it is hoped that with the recent increase of staff it will be possible to make some valuable addition to the rather scanty knowledge on this subject. Progress in coffee work is reported to be not as great as could be desired owing to the laboratory and other buildings on the Coffee Station being yet incomplete. It is reported that it has been definitely established that Blackrot (koleroga) of coffee can be brought completely under control by spraying. Demonstrations in this method of control have created a great demand for sprayers and spraying materials. Similar results have been obtained in regard to the leaf disease of coffee though the most efficient methods have yet to be discovered. Attention is being given to the determination of the best type of sprayers and the most effective spray materials.

With the increase of facilities recently afforded, Government hope that the two other serious diseases of coffee, *viz.*, Dieback and Rootrot, will also be investigated. It is interesting to note that the discovery of intracellular bodies in the cells of leaves attacked by the sandal spike marks a distinct step forward as it seems quite definitely to connect this disease with a number of virus diseases under study in Europe and America where similar bodies have been discovered.

Government have recently strengthened the Mycological and other Scientific Sections and it is hoped that it will be possible to take up the study of a larger number of plant and other diseases.

5. *Entomological Section.*—It is stated that even with seven years' continuous work by the Entomological staff, the raiyats have not taken kindly to the simple measures recommended by the Department against the insect pest, *kamblihula*, which attacks a large number of crops. It may be due partly to the benefits of the work not being very obvious and partly to the lack of proper co-operation in the villages. Government hope that the village panchayets will realise the importance of this work and render effective co-operation.

Jola and grass hoppers are reported to have reappeared in the very areas where they were once prevalent. Measures to control the spread of these major pests are very necessary and needful action should be taken in the matter. It is reported that more or less effective control measures devised against the sugar-cane borer, the avarepod borer and the citrus borer, have not been taken up extensively by the raiyats. In this connection, Government request the Director to impress on the District staff that it is one of their important duties to popularise the results of experiments carried out successfully in the several sections of the Department. It is trusted that with the strengthened District staff and an awakened sense of responsibility on the part of the raiyats and the village panchayets more vigorous and successful efforts will be made in future.

6 *Botanical Section.*—As in previous years, the plant breeding work was confined mainly to hain ragi, cotton, sugar-cane and groundnut. Some of the important crops, for instance paddy and jola, are not yet touched. With the recent strengthening of the staff, Government trust that this important work of breeding will be steadily expanded till it embraces all the more important crops.

The difficulty in the popularisation of improved strains has been the danger of seeds getting mixed up in the field. This retards expansion by making it well nigh impossible to utilise raiyat's crops for seed. A more effective correlation between the breeder or breeding station and the raiyat, with inspection and some measure of supervision at sowing time and harvest, seems essential if the valuable results of the Department's work should bear full fruit. Over 2,000 maunds of pure cotton seed were prepared in this way during the year under review. The introduction of the Cotton Pressing and Ginning Act is expected to help in getting better results in this direction.

As regards groundnut, there is a clear indication that for some time to come there will be a continuous expansion of the area under this crop, especially the short season varieties which not only admit of a second crop on the same land but require less time and labour in harvesting—advantages which more than outweigh a smaller gross yield than is got with the spreading types. Important experiments are in progress aiming at a combination of the advantages of the spread and bunch types.

7. *Engineering Section.*—The work of this section is the least satisfactory owing chiefly to insufficient equipment and the weakness of the staff. The Agricultural Engineer's time is mostly taken up with teaching. The help given in the recent order of reorganisation will probably enable the section to show better results. The field for tractor ploughing in the State seems to be limited in view of its expensiveness and the fact that it is suited only for areas far larger than those of the holdings usually met with in Mysore. Only co-operative action can offer sufficient scope; but even this is doubtful on account of the capital required and the greater expensiveness of tractor ploughing. The strengthened staff of the Section, it is hoped, will be able to devote more attention to the designing and testing of improved implements and to the very important subject of irrigation which has not yet been touched.

8. *Agricultural Education.*—Interest in agricultural education is rapidly increasing in the shape of a great demand for more agricultural schools. District Boards are coming forward with an offer to bear their quota of expenditure for such schools. At the initiative of the Hassan District Board, a school has been opened at Hassan recently. An increase in the number of such schools will no doubt bring into existence a large number of trained men; and it should be possible for Mysore Agriculture to absorb them with benefit to itself. It is probable that with the introduction of more intensive methods such as are envisaged in the larger use of manures, etc., there will

be an increasing scope for the profitable utilisation of the training of these men and also a growing demand for their services from owners of large estates. Also a change of orientation might be secured by selecting students only from the land-owning classes who have facilities for direct application of their knowledge on their own lands. Agricultural Co-operative Societies also would be in a position to take up some men and these societies must be made a feature of our agricultural development. It would be a pity if all these trained men should drift into teaching and other professions; their equipment would and should fit them more for agriculture than for pedagogy. However, some of these men may be usefully employed in the Education Department for teaching agriculture and some others in the Revenue Department also as sheikdars, etc.

9. *Live Stock Section. Improvement of Cattle.*—The whole question of improving draught and milch cattle is under investigation by a Committee appointed at the instance of the Director, and presided over by him. The recommendations of the Committee are awaited with interest.

10. *Sheep Improvement.*—Rapid improvement of sheep by the introduction of foreign strains seems dependent on the importation of a hardier stock than the merino which seems unsuited to Mysore conditions. At the same time, experiments have proved that striking improvement both in quantity and quality of wool is possible by the introduction of foreign strains.

11. *Experimental Farms. Hebbal Farm.*—Experiments were continued with better results than in the previous year on the cultivation and manuring of ragi, sugar-cane and paddy.

12. *Marthur Farm.*—Manurial experiments on arecanut have shown that fertilizers containing nitrogen, phosphoric acid and potash are suited to the crop. As regards sugar-cane, H.M. 544 cane seems to be the one best suited for the Malnad area. Paddy experiments with Dhaincha as a green manure go to show that Dhaincha holds out a distinct promise of usefulness. Attempts are being made to supply better yielders of pepper by the introduction of Malabar varieties. Scarcity of labour in Malnad impedes the expansion of profitable cultivation of dry land crops.

13. *Babbur and Nagenahalli Farms.*—These have been recently declared purely experimental farms. Manurial experiments on cocoanut have been started in the Babbur Farm. Experiments on manuring paddy carried on on the Nagenahalli Farm have so far shown that a combination of green manure and chemical manures yields the most promising results.

14. *The Coffee Experimental Station.*—With a view to ensure the close co-operation of coffee planters, an Advisory Committee was constituted in March 1928. A programme of work for the next twenty years was also approved.

15. *General Demonstration Work.*—It is hoped that the increase in the District Staff resulting from the reorganisation of the Department recently ordered will be taken advantage of to extend the Department's activities in the demonstration of improved implements, seeds and manures. The demand for improved ploughs and plough shares seems to be on the increase. The Director is requested to examine the question of handing over the business entirely to rural co-operative societies engaged in agricultural work.

Government appreciate the spirit with which District Boards are coming forward with liberal grants to spread agricultural knowledge by demonstrations. Co-operative Societies have contributed in no small measure to agricultural improvement in the State by the sale of improved implements, seeds and manures. One hundred and twenty-nine societies were engaged in this work at the end of the year under review. But, perhaps, the most significant and encouraging feature is the readiness that Village Panchayets are coming forward to help the department's activities.

16. *The Agricultural and Experimental Union.*—Government have recently increased the subvention to the Union and hope that the Union will be vivified and made use of as an auxiliary of the Department for field experiments, verification of results and dissemination of knowledge.

17. *Central Implement Depot.*—There has been a steady increase in the total turnover and the value of sales amounted to Rs. 93,672-15-0. The recovery of the outstandings is not satisfactory.

18. *Financial Oil Cake Advances.*—The adjustment of the advances under this head has been pending for a long time and early action should be taken to collect arrears. The Director has been recently authorised to write off arrears in individual cases when they are irrecoverable and the amount does not exceed Rs. 200.

19. *Conclusion.*—The administration of the Department was on the whole satisfactory. The Agricultural Department has important work on its programme during the next few years. The items of outstanding urgency are closer co-ordination between the several sections of the Department and non-official and semi-official agencies and expansion of the scope of the breeding work to include some of the more important crops not taken up hitherto, such as rice, pulses and millets. The scheme of agricultural colonies has to be carefully and cautiously elaborated and brought into operation.

Mysore must not be slow to profit from the rich suggestiveness of the Report of the Royal Commission for Agriculture and our Department of Agriculture will no doubt adopt on its programme such of the recommendations as can be usefully taken up in Mysore. Government are confident that the Department, which has been recently strengthened, will, under the able direction of Dr. Coleman, address itself with vigour and success to a solution of the important problems before it.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Veterinary Dispensaries to be kept open from 3 to 5 p.m. on shandy days.

Read—

Subject No. 14, regarding keeping open Veterinary Dispensaries between 12 noon and 5 P. M. in places where shandies are held, brought forward for discussion at the Representative Assembly held at Mysore in October 1928.

ORDER NO. D. 7353—C. V. 49-28-2, DATED 19TH JANUARY 1929.

Government are pleased to direct that Veterinary Dispensaries at places where they exist be kept open from 3 to 5 P. M. on shandy days. The Director is requested to issue necessary instructions to the Superintendent, Civil Veterinary Department in the matter.

N. RAMA RAO,
Secretary to Government,
Development Departments.

LAW DEPARTMENT.

Members of the Public Accounts Committee for 1928-29.

ORDER NO. REL. 207-268—L. C. 10-28-2, DATED 1ST FEBRUARY 1929.

The Public Accounts Committee for the official year 1928-29 will consist of —

Messrs.—D. H. Chandrasekharaiya, B.A., LL.B.
H. B. Gundappa, B.A., B.L.
D. S. Mallappa, and
S. C. Mallaiya,

who have been elected by the non-official members of the Legislative Council, and of —

Mr. B. Srinivasa Iyengar, B.A., B.L.,
Financial Secretary to Government, and
Mr. N. S. Subba Rao, M.A. (Cantab), BAR-AT-LAW,
Director of Public Instruction.

who are hereby nominated by the Government with the Finance Member of Council as the Chairman. The Assistant Secretary to Government in the Finance Department will be the Secretary to the Committee.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

Medical Probationers.

READ—

Government Order No. G. 679-80—Med. 69-16-4, dated 13th July 1918, sanctioning the reorganization of the Medical Department and creating a class of officers with the designation of Medical Graduates.

ORDER NO. G. 9169-71—MED. 12-28-9, DATED 29TH JANUARY 1929.

Government are pleased to direct that the officers under reference be hereafter designated Medical Probationers.

R. RANGA RAO,
General Secretary to Government.

Sanitary Survey of the Bangalore City.

READ—

The accompanying report of the Sanitary Commissioner in Mysore, on the Sanitary Survey of the Bangalore City based on his inspection of the City in April 1928.

ORDER NO. G. 9096-9—SANY. 87-27-5, DATED 28TH JANUARY 1929.

As a result of certain disquieting features which Government observed in the public health of Bangalore, they requested the Sanitary Commissioner to make a careful examination of the sanitary condition of the City and furnish a report to Government. The report read above has been submitted by the Sanitary Commissioner in accordance with their request. Government have perused it with interest and desire to thank Dr. Usmon for his painstaking and useful report.

The Sanitary Commissioner states that the minor sanitary defects observed by him during his inspection are of the nature usually found in most big cities. He has pointed them out to the Health Officer of the Municipality with suitable suggestions for their improvement. Government hope that the Municipal Council will afford the necessary facilities to the Health Officer to give effect to the suggestions of the Sanitary Commissioner.

The more important suggestions made by the Sanitary Commissioner relate to the following:—

I. Improvement of the Registration of Vital Statistics.
II. Maternity Aid and Reduction of Infant Mortality.
III. Prevention of communicable diseases.
IV. Improvement of General Sanitation with special reference to—
  (*a*) Conservancy,
  (*b*) Abatement of Fly Nuisance,
  (*c*) Drainage, and
  (*d*) Relief of congestion and Housing the poor.

V. Protection of Food Supply and drink with special reference to—

1. Control of Coffee Clubs, eating houses and hotels.
2. Petty Vendors of sweets, etc.
3. Adulteration of Food stuffs.
4. Bakeries and Confectionaries.
5. Aerated Water Factories.
6. Dairies and Milk Supply, and
7. Slaughter Houses.

Government propose to deal briefly with each of these suggestions:—

I. REGISTRATION OF VITAL STATISTICS.

The Sanitary Commissioner suggests, among other things, that the production of death certificates should be insisted upon before permitting the disposal of dead bodies. The Municipal Council is requested to examine the Sanitary Commissioner's suggestion. Arrangements may also be made for the grant of birth certificates. The compilation of Vital Statistics requires to be more carefully and intelligently undertaken.

II. INFANT MORTALITY AND MATERNITY AID.

Government note with pleasure that there has been a gradual decline in infant mortality during the past eight years. But there is ample room for still greater reduction of infant mortality and they agree with the Sanitary Commissioner in his view that a great deal of individual effort and collective propaganda are required. Government hope that the Municipal Council will take early action to open Infant Welfare Centres and Maternity homes in the congested portions of the City as suggested by the Sanitary Commissioner. The question of the establishment of a "Creche" requires the early consideration of the Municipality.

III. CHIEF COMMUNICABLE DISEASES.

Plague.—With a view to prevent recrudescence of epidemics in future, the Sanitary Commissioner suggests the extensive destruction of rats, the systematic examination of rodents for plague infection on more intelligent lines than those obtaining at present and the adoption of suitable bye-laws for securing rat proof granaries and go-downs. Government agree with the Sanitary Commissioner that action in the directions indicated above is necessary and the City Municipal Council is requested to take the necessary measures.

Small-Pox.—The Sanitary Commissioner states that short of a compulsory Regulation the most effective way of pushing revaccination through is by means of a rule requiring all candidates for the Lower Secondary Examination and all new entrants to service to produce revaccination certificates. Government consider that a general Regulation making revaccination compulsory is not expedient. The alternative suggestion to insist on the production of revaccination certificates from candidates for the Lower Secondary Examination and all new entrants into public service appears to be more practicable but since it is of general application all over the State, Government propose to consider this subject further and deal with it as a general question. The suggestion to have lists of unprotected children based primarily on birth registers and to have every birth recorded on the vaccination State Register is approved. The Sanitary Commissioner is requested to submit detailed proposals.

Tuberculosis and Typhoid.—The increase in the death rate from these preventable diseases is a matter of concern and the suggestions to combat these diseases will, it is hoped, receive very early consideration of the Municipal Council. The maintenance of spot maps for each division and the Educational Propaganda on the lines suggested by the Sanitary Commissioner can be undertaken without much expense. The President of the Municipal Council is requested to take necessary steps in this matter and report the action taken for the information of Government.

Government, in agreement with the Sanitary Commissioner, consider it very essential that these two diseases as also the other chief communicable diseases, *viz.*, plague, small-pox, cholera, etc., should be made compulsorily notifiable and desire that suitable bye-laws may be framed and submitted to Government for approval.

Malaria.—The proposals recommended under this head will be referred to Dr. Sweet for consideration in connection with his proposals for dealing with the malaria problem in the State.

Hook-worm Disease.—The suggestion of the Sanitary Commissioner to have the children in the several schools of the City examined for hook-worm infection (manifest or latent) is approved. The Senior Surgeon is requested to issue in consultation with Dr. Sweet, necessary instructions in the matter to the special medical staff appointed for the medical examination of school children in the City.

IV. GENERAL SANITATION.

(*a*) The recommendations to prescribe type designs for house latrines, the employment of motor lorries for the carriage of rubbish and night soil, the opening out of conservancy lanes in those parts of the City where privy pits are still in use should receive the very early attention of the Municipal Council. The President, Municipal Council, is requested to place before the Municipal Council, the recommendation of the Sanitary Commissioner for the use of incinerators for the ultimate disposal of refuse.

(*b*) *Abatement of Fly Nuisance.*—Printed leaflets in English, Kannada and Hindustani explaining the treatment of stable manure and the evils resulting from its accumulation may be freely distributed among stable owners and the Inspecting Staff instructed to pay particular attention to the prompt removal of stable manure. The Council may further examine the desirability of framing suitable bye-laws in the matter so as to make departures therefrom, sanitary offences.

(*c*) *Drainage.*—The Sanitary Commissioner has, in minute detail, described how defective and inadequate the drainage of the City is and suggests that the question of improving it may be investigated by an expert Committee. The Municipal Council is requested to consider the matter.

(*d*) *Relief of Congestion and Housing the Poor.*—In the opinion of Government, the recommendations of the Sanitary Commissioner to relieve congestion in the old City and to house the poor are generally acceptable. The Municipal Commissioner is requested to report, in consultation with the Municipal Council, how far these recommendations can be given effect to during the next two years. Early action should be taken for improving the existing Municipal hutting grounds and the licensing and inspection of private hutting grounds as suggested by the Sanitary Commissioner. The Registrar of Co-operative Societies is also requested to examine and report to what extent co-operative housing is possible.

(1 to 5.) *Protection of Food Supply, etc.*—Separate orders will issue regarding the proposal to introduce the system of licensing coffee clubs, hotels, eating houses, bakeries, aerated water factories and sweetmeat shops. In the meanwhile, the City Municipal Council is requested to examine the proposals of the Sanitary Commissioner in the matter and suggest ways and means.

6. *Dairies and Milk Supplies.*—Government are constrained to observe that the present insanitary condition of the so-called dairies which are in reality mere cattle sheds, is a standing reproach to the sanitary administration of the City and the explanation that the problem of regulating the dairies bristles with difficulties as it involves vested interests of the milkmen and the consumers is not acceptable. Government hope that the President of the Municipality will take early action for a systematic inspection of the cattle sheds and a rigid enforcement of the existing bye-laws so as to ensure the supply of pure milk to the general public.

7. *Slaughter Houses.*—The improvements recommended by the Sanitary Commissioner should be effected without delay.

8. *Regulation of sale of drugs and shaving saloons.*—Government agree with the Sanitary Commissioner in his opinion that bye-laws are necessary to enforce the employment of trained and certified compounders in the Chemists' and Druggists' Shops and to bring shaving saloons under sanitary control. The Municipal Council is requested to frame suitable bye-laws and forward them for the consideration of Government.

Swimming Ponds.—The suggestion to provide and maintain an artificial swimming bath commends itself to Government and they hope that it will receive favourable consideration by the Municipality and necessary action taken by them.

General.—A suitably equipped laboratory and an assistant to the Health Officer of the Municipality to relieve him of a portion of routine work and to help him in the laboratory appear desirable. The suggestion to augment the conservancy staff also deserves consideration. It is satisfactory to note that systematic vaccination has been attempted with good results but greater effort is still necessary.

Conclusion.—The City Municipal Council is requested to consider the various suggestions of the Sanitary Commissioner not dealt with in this order and to submit their views to Government.

R. RANGA RAO,
General Secretary to Government.

Hookworm Survey in the State.

READ—

The following letter from Dr. W. C. Sweet:—

"I am sending with this some notes on the findings of the Hookworm Survey and certain recommendations for control work.

This is not a complete report for publication. The complete report of the work and findings, which Government may care to publish will be forwarded in due course. The present notes may enable Government to plan control work so that it may be started immediately.

I have sent a duplicate copy of this report to the Sanitary Commissioner and have asked him to write you his views on the subject, so as to save time in the consideration of the matter."

2. Correspondence ending with letter No. C. 628, dated 10th December 1928, from the Sanitary Commissioner in Mysore, forwarding his views on Dr. Sweet's note referred to above.

ORDER NO. G. 9085-95—SANY. 51-28-4, DATED 28TH JANUARY 1929.

Government have perused Dr. Sweet's report with great interest and desire to thank him for his suggestions.

2. It is seen from the Report of the Hookworm Survey which was completed in October 1928, that out of 11,972 persons from all Districts examined, 7,109 or 59·4 per cent had Hookworm infection and 4,089 or 34·2 per cent had round worm. The amount of Hookworm infection and its intensity is small in the Districts of Kolar, Bangalore, Tumkur and Chitaldrug and does not require any specific measure of control at present. But the whole of the Shimoga District with the possible exception of Shimoga Town and the Shikarpur, Honnali and Channagiri Taluks, the whole of the Kadur District except the portion to the east of the Bangalore-Shimoga road, the whole of the Hassan District with the exception of the Arsikere Taluk and parts of Mysore District are heavily infected and require special measures of control.

3. The provision of adequate latrines and their universal use is said to be the only measure of permanent control of Hookworm disease. But this is a matter of years of hard work and popular education and some precautionary steps have to be taken in the meanwhile. Government in general agreement with Dr. Sweet are pleased to sanction the following measures in the areas referred to above:—

(1) Simultaneous treatment for Hookworm to be undertaken for all coolies on Coffee and other estates employing more than 30 coolies provided the estates purchase the recommended drugs. This treatment will be repeated annually for two or three years.

(2) All patients attending Hospitals to be treated for Hookworm as a routine matter unless the physical condition gives a definite contra-indication for such treatment.

4. Government approve of Dr. Sweet's proposal to employ Mr. V. L. Padke, Assistant Surgeon, on this work. He will be assisted by Mr. Muniswami, Sub-Assistant Surgeon, and a staff of two microscopists at present. The services of two Sanitary Inspectors will also be made available if necessary. Dr. Sweet is requested to employ more men if they become necessary after taking the approval of Government.

5. The Senior Surgeon is requested to stock and supply on requisition the necessary drugs for the treatment of patients for Hookworm in the Dispensaries situated in the Hookworm zone. He is requested to report to Government if any additional funds are required. The Deputy Commissioners and Presidents of local bodies and the Officers of the Medical and Public Health Departments in the Districts of Shimoga, Kadur, Hassan and Mysore are requested to render all assistance to Dr. Sweet and his staff in carrying on his work. Government trust that Coffee and Tea Planters will co-operate with Government in these measures. The Deputy Commissioners of Districts should enlist the interest of Planters and other employers of labour in their districts and secure their co-operation.

R. RANGA RAO,
General Secretary to Government.

Directs that the powers of the Presidents of District Boards to dispose of Estimate for Repairs be raised from Rs. 500 to Rs. 1,000, etc.

READ—

Notification No. L. 2035—L. B. 81-28-2, dated the 4th September 1928, revising rules 12 and 13 about the powers of the District Boards, to sanction estimates for Public Works, issued with notification No. L. 5470—L. B. 25-26-33, dated the 5th February 1927.

2. Letter No. S. B. 529, dated the 12th September 1928, from the President, District Board, Kolar, enquiring whether estimates for repairs exceeding Rs. 500 should be scrutinized by the Public Works Department under the revised rules issued with the notification dated the 4th September 1928 read abov,e and stating that if such a scrutiny is necessary there will be considerable delay in the execution of the repairs and that under the original rules issued with notification dated the 5th February 1927, such scrutiny was limited to original works only.

ORDER NO. L. 4945-54—L. B. 81-28-5, DATED 25th—26TH JANUARY 1929.

The Chief Engineer who was consulted in the matter has stated that under the existing rules the power of disposal of estimates by Presidents of District Boards is limited to Rs. 500 both in the case of original and repair works, that some sort of limit is necessary in the case of estimates for repair works also as the District Boards have not got competent Technical Assistants and that the limit may perhaps be raised from Rs. 500 to Rs. 1,000 in the case of repair estimates, those exceeding the limit being got scrutinised by the Public Works Department. Government agree with the Chief Engineer and direct that the limit be raised from Rs. 500 to Rs. 1,000 in the case of repair estimates, as proposed above.

2. Clause (*a*) under Rule 12 issued with the notification dated the 4th September 1928, will be modified as below:—

"Estimates not exceeding Rs. 2,500 (except repair estimates for and below Rs. 1,000 and original estimates for and below Rs. 500) shall be scrutinised by the Board Engineer if any or by the Executive Engineer of the Public Works Division concerned."

R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

Reviews the Report on the Administration of the Muzrai Department during 1927-28.

READ—

The report on the working of the Muzrai Department during the year 1927-28, received with the Muzrai Commissioner's letter No. 286 of 1928-29, dated the 15th October 1928.

ORDER NO. 1386-8—MUZ. 147-28-4, DATED 22ND JANUARY 1929.

Recorded.

2. *General.*—The year under review was marked by improvements in the administration of the Muzrai Department in several directions.

3. Two sets of Rules—one under the Mysore Religious and Charitable Institutions Regulation VII of 1927 and the other defining the powers of Muzrai Officers with reference to matters not coming under the purview of the Regulation were framed and issued.

4. With a view to expedite the programme of restoration of Muzrai Buildings, the State Grant for construction and repairs was increased from Rs. 10,000 to Rs. 20,000 for a period of five years and a separate grant of Rs. 5,000 was also made in the Budget of the Public Works Department for the restoration and improvement of ancient monuments. The Deputy Commissioners of Districts were empowered to sanction estimates up to Rs. 1,000.

5. The Muzrai Establishment Fund was finally constituted by the levy of contributions from Muzrai Institutions on the scale sanctioned and the establishments in the several offices were also suitably revised with a view to cope with the work of their Muzrai Branches.

6. A system of audit of Muzrai accounts by peripatetic auditors was introduced. A Property and Income Register was prescribed for maintenance in every institution having transactions in the Treasury. Government note that steps are being taken with the help of the auditors to prepare an accurate classified list of Muzrai Institutions in each District and a complete statement of property belonging to each institution. The Muzrai Commissioner is requested to have the Property and Income Register of each institution properly maintained and kept up to date.

7. The system of Pass Book which was introduced with the object of regulating the transactions of each institution with the Treasury is reported to be working satisfactorily.

8. Final orders were passed regarding the disposal of the savings from the abolished Annachattrams. Out of the savings, a sum of Rs. 15,000 was assigned for the development of the indigenous systems of medicine—Ayurveda and Unani—and Rs. 2,000 to each of the Districts for allowing grants-in-aid to Homes for the relief of the aged and the infirm. The Ayurvedic College at Mysore was reorganised at an annual cost of Rs. 35,000 and the reorganisation provides for the teaching of both systems of medicine, for the opening of in-patient wards in the Ayurvedic and Unani Dispensary attached to the College and for the grant of scholarships at enhanced rates to students undergoing training in both courses.

Two Pandits of the College were deputed to Travancore to study the special methods of treatment adopted in similar institutions there.

With the donation of Rs. 15,000 made by Asthana Vidwan Pandit Ratnam Gundlupet Lakshmanachar and the contribution from the Chattram Savings Fund, the construction of a building for housing the Ayurvedic and Unani College and Dispensary has been sanctioned and the work is now in progress.

9. Arrangement was made for issuing the Budget of the General Muzrai Fund for 1928-29 along with the State Budget.

10. *Income and Expenditure of Muzrai Institutions.*—The total receipts of Muzrai Institutions in the State amounted to Rs. 9,77,563 with an expenditure of Rs. 9,10,201 as against Rs. 7,56,139 and Rs. 5,72,674 respectively in the previous year.

11. *Construction and Repairs.*—The aggregate value of works sanctioned during the year as well as of those pending at the beginning of the year was Rs. 2,47,027. Works to the extent of Rs. 88,239 were completed during the year. There were 149 incomplete works at the close of the year. Government hope that the execution of these works will be expedited and that better progress will be shown in the current year.

12. *Private Endowments.*—In addition to offerings of jewels and small plots of land aggregating 36 acres, private endowments in cash and bonds of an aggregate value of Rs. 43,350 were accepted during the year. The more important among them are :—(1) Rs. 10,000 from Mrs. Lakshmidevamma given in addition to Rs. 40,000 already endowed for the maintenance of the Vaisya Boarding Home at Bangalore, (2) Rs. 6,000 from Mr. B. Chinnaswami Chetty, for the benefit of Polepally Subba Chetty's Charities, (3) Rs. 5,000 from Mr. Komarlu Muniappa Chetty for Girijakalyanotsava of Sri Kasi Visveswara Temple at Tyamagondlu ; and (4) Rs. 5,000 from Swami Yogiswarananda for services in the Sri Ramakrishna Matt, Ulsoor, Bangalore, on the Birthday of Sri Ramakrishnadeva.

13. *Scales of Income and Expenditure.*—Scales of income and expenditure were fixed in respect of 76 institutions during the year as against 71 in the previous year. Information is not furnished as regards the number of institutions for which scales have yet to be fixed. This important item of work should be completed early and the auditors instructed to report progress from time to time.

14. *Mathas.*—The property of the nine Mathas mentioned in the review of the previous year continued to be under Government management. The Parakala Matha lands were also taken over under Government management during the year.

The outstanding arrears of the Vyasarayaswami and Parakalaswami Mathas have been appreciably reduced ; prompt steps should be taken to collect all the remaining dues. Government are glad to note that the Swamies of Bhimanakatte and Sivaganga Mathas are making satisfactory progress in their studies. The Swamy of the Avani Matha has been permitted to stay in Bangalore in the interests of his education. The succession to the vacant Peetas of Sri Sravanabelagola, Adi Chunchinagiri and Avani Mathas was settled in the year under report.

15. *Loss of Property in Muzrai Institutions.*—Eighteen cases of loss of properties in temples were reported during the year, the aggregate loss being Rs. 484. Of the cases taken up by the Police, two are reported to be under investigation. One was detected with the result that the lost properties were traced and restored to the temple and another was pending before the Magistrate. In the remaining cases, the property lost has been ordered to be replaced by the temple servants concerned.

The Muzrai Commissioner is requested to take early action to have the offerings made by devotees regularly recorded in the prescribed lists and to have them checked by Inspecting Officers.

16. *Alienations.*—Fourteen new cases of unauthorised alienation of temple lands were noticed during the year. Including the 52 cases pending from the previous year, there were 66 cases for investigation of which 28 were finally disposed of, leaving a balance of 38 cases. The proposal of the Muzrai Commissioner for the appointment of a Special Officer to speedily investigate cases of unauthorised alienation in Taluks having large endowments is engaging the attention of Government.

17. The financial position of the temples at Nanjangud, Seringapatam, Devarayagudi, Kudli and Sorab is stated to be unsatisfactory as their expenditure exceeds their income. The Muzrai Commissioner is requested to have these cases fully investigated and their position reduced to order by improving their revenue or reducing their charges.

18. *Inspections.*—The Muzrai Commissioner inspected 22 important institutions. The Deputy Commissioner, Kolar, is reported to have inspected the major and minor institutions in the District. The Deputy Commissioners of Hassan and Mysore inspected 58 and 44 institutions respectively. The inspection by the other Deputy Commissioners does not appear to have been adequate. The attention of all Officers is invited to the standing orders relating to inspection of Muzrai Institutions. Government agree with the Muzrai Commissioner that there should be a systematic inspection of jewels of all major and minor institutions by local officers and it should be an important point of these inspections to see that satisfactory arrangements are made for the safe custody of jewels.

19. *Visit of Important Personages and Special Functions.*—His Excellency the Viceroy and Lady Irwin visited the Gumbuz at Seringapatam. His Highness the Maharaja of Benares visited the temples at Seringapatam, Belur, Halebid and Sravanabelagola as also the Gumbuz. Special services were conducted in all the Muzrai Institutions on the occasion of the Silver Jubilee of the Reign of His Highness the Maharaja of Mysore.

20. *Institutions outside the State.*—The question of placing the management of the Ranganathaswamy and other temples in the Sivasamudram Jahgir on a satisfactory footing is engaging the attention of Government. A sum of Rs. 26,042 was spent on the reconstruction of the Mysore Chattram at Benares. Orders have been passed for providing accommodation to all pilgrims in the Tirupathi Chattram by adding a wing to the existing building.

21. Government are glad to note that the administration of the Department by the Muzrai Commissioner, Mr. D'Souza, during the year under review was very satisfactory.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

Rules relating to the Dharmadarsis of the Muzrai Institutions under Palace Management in Mysore.

READ—

Letter No. 1951, dated the 26th—29th December 1928, from the Huzur Secretary to His Highness the Maharaja of Mysore, forwarding a copy of the rules relating to the Dharmadarsis of Muzrai Institutions under Palace management and requesting that the same may be caused to be published in the *Mysore Gazette* and 20 spare copies thereof supplied to his Office for reference.

ORDER NO. 1472-4—MUZ. 242-28-2, DATED 29TH JANUARY 1929.

The Compiler, *Mysore Gazette*, is requested to arrange for the publication of the accompanying rules and furnish 20 spare copies thereof to the Huzur Secretary to His Highness the Maharaja of Mysore and 20 copies to the Muzrai Branch of the Financial Secretariat for reference.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

RULES RELATING TO THE APPOINTMENT OF DHARMADARSIS FOR THE PALACE MUZRAI TEMPLES, THEIR POWERS AND DUTIES AND THE CONDUCT OF THE BUSINESS AT MEETINGS.

The number of Dharmadarsis shall not be less than five or more than seven. The Assistant Secretary to His Highness the Maharaja of Mysore in charge of the Palace Muzrai Institutions shall be one of the Dharmadarsis.

Rule 2.—The Dharmadarsis will advise and co-operate with the Assistant Secretary in matters relating to the internal management of the Institutions for which they are appointed.

Rule 3.—There shall be at least one meeting of Dharmadarsis a month and more, if necessary, to discuss the affairs of the Institutions under their supervision. The Assistant Secretary shall convene the meetings and preside thereat; and in his absence, one of the Dharmadarsis elected for the occasion shall preside and sign the proceedings. One half of the total number of Dharmadarsis will form the quorum. All questions shall be decided by a majority of votes of the Dharmadarsis present and voting, and the presiding authority shall have a casting vote in cases of equality of votes.

Rule 4.—The proceedings of the meetings of the Dharmadarsis shall be recorded in a book kept for the purpose; and copies of the proceedings shall be forwarded by the Assistant Secretary to the Huzur Secretary for information and orders.

Rule 5.—The monthly accounts of receipts and expenditure of the various institutions under the supervision of the Dharmadarsis shall be laid before the meeting and scrutinized; and the result of the scrutiny shall be recorded in the proceedings. For the purpose of the examination of the monthly accounts, the Dharmadarsis shall be given free access to the registers and records maintained in the several institutions.

Rule 6.—In all matters of routine relating to the internal management of the Institutions, the resolutions adopted at the meetings of the Dharmadarsis shall be given effect to. But when the Assistant Secretary disagrees with the resolution of Dharmadarsis, he shall forward a copy of proceedings to the Huzur Secretary for orders, with a brief statement of his reasons for disagreeing with the resolutions of the Dharmadarsis.

Rule 7.—The supervision of the daily routine affairs of the several institutions may be undertaken by individual Dharmadarsis in rotation or otherwise, as may be resolved upon by them at a regular meeting.

Rule 8.—The Dharmadarsis either individually or as a body may be delegated the following special duties under the general or special orders of the Huzur Secretary:—

(i) The periodical inspection of the jewels and other valuable properties belonging to the Institutions in the presence of the temple servant or other person entrusted with the custody thereof. The result of the inspection should at once be reported to the Assistant Secretary.

(ii) The opening of the Golaka Box in the presence of the chief servants of the temples an remitting of the realizations without delay to the Palace Treasury.

(iii) The conduct or supervision of any Santarpane, Utsava or other celebration on any speci occasion.

Rule 9.—The Dharmadarsis shall not be competent to punish any servant of th institutions, but may bring to the notice of the Assistant Secretary any irregularity o misconduct on the part of any servant of the institutions; and the latter shall thereupo investigate the matter and address the Huzur Secretary in regard thereto.

Rule 10.—Any Dharmadarsis failing to attend more than three consecutiv meetings of the Dharmadarsis or being absent from the station for more than thre months will be liable to be removed from office.

Rule 11.—A Dharmadarsi may be removed from his office for sufficient reason under the orders of the Huzur Secretary.

Rule 12.—Every Dharmadarsi shall hold his office for a period of three years fro the date of his appointment, unless removed within that period for reasons mentione in paras 10 and 11.

Rule 13.—Whenever a Dharmadarsi vacates his office or is removed from offic before the expiry of the term of office as sanctioned, the vacancy may be filled up b the appointment of another person, such person holding the office only for the unexpire portion of the aforesaid term.

Rule 14.—All appointments and removals of Dharmadarsis shall be duly notified i the *Mysore Gazette*.

PUBLIC WORKS SECRETARIAT.

Reviews the Administration Report of the Electrical Depratment for the year 1927-28.

READ—

Letter No. 36563, dated the 31st October 1928, from the Chief Electrical Engineer, submitting t Administration Report of the Electrical Department for the year 1927-28.

ORDER NO. E. D. S. 778-85, DATED 21ST JANUARY 1929.

Recorded.

2. The year covered by the Report was the Silver Jubilee year of the powe supply from Sivasamudram and synchronised with the Silver Jubilee of the Reign o His Highness the Maharaja.

3. Besides maintenance and operation, the main activities of the Departmen during the year were under capital works for the development of power up to 46,00 H. P. including remodelling of the receiving system in Bangalore and Mysore an schemes for the electrification of Towns.

4. The estimates for expenditure under capital, depreciation and working charg of the Department and of revenue during the year, were Rs. 20 lakhs, Rs. 3·96 lakh and Rs. 9·50 lakhs respectively, the total expenditure being Rs. 33·46 lakhs. Th gross estimated revenue was Rs. 41·58 lakhs against the actual revenue of Rs. 41·2 lakhs in 1926-27 and Rs. 39·35 lakhs in 1925-26.

5. *Revenue Receipts.*—The demand for the year under report was Rs. 46,53,21 including previous arrears of Rs. 2·44 lakhs and interest of Rs. 3·14 lakhs on Depr ciation Fund, as against Rs. 45,93,732 in 1926-27. The recoveries amounted t Rs. 41,29,063. The arrears which amount to Rs. 2,09,618 still continue high an effective measures are necessary for their collection.

Reduction in Revenue.—The revenue of the Department after its fall some year ago has been more or less stationary. It is explained that but for the reduction i rates in various directions the revenue during the year would have appreciabl increased. As it is reported that the rates sanctioned in the rates for power ha resulted in a tendency to stimulate further consumption, it is hoped that hereafter th revenue will increase progressively.

6. *Capital Outlay.*—The net outlay during the year was Rs. 14,80,270 under capital and Rs. 2,63,015 under Depreciation Fund Accounts. The total outlay on the Electric Works from the commencement up to the end of the year under report has been Rs. 2,28,94,866 excluding the expenditure on the reservoir on which the power scheme depends for the supply of water in summer months. The most important of the capital works under construction, *viz.*, the VII Installation, which is designed to generate 14,000 E. H. P. made further progress, the outlay being Rs. 28,71,515 of which Rs. 6,58,646 was incurred during the year under review. The first of the two 8,000 E. H. P. generating units was put into regular service during the year. The items of important works relating to the VII Installation Scheme that were completed during the year are:—(1) Modification to Head Gates and Anicuts, (2) Modification to Forebay, (3) Modification to Power Channels and (4) Extending Generation Station towards upstream. The other capital work is the installation at Metur for providing power supplies during construction to the Metur Reservoir Works according to an agreement entered into with the Government of Madras. The work was started in the month of February 1928 and is making good progress. Against the revised budget estimate of Rs. 6,00,000 sanctioned for the work, the outlay incurred during the year was Rs. 2,41,444. Besides the above, arrangements were made to supply power up to 800 H. P. to the Hulikere Tunnel Works and this power is being already utilised on the works. Schemes for the electrification of the Towns of Tumkur, Kolar, Nanjangud, Channapatna and Closepet were in progress during the year under review. Similar Schemes for Dodballapur, Chikballapur, Sidlaghatta and Devanhalli were sanctioned during the year. It is interesting to note, in connection with these electrification schemes, that several Village Panchayets, especially around Mysore and Bangalore, have come forward with applications for street and house lighting.

It is reported that the Bangalore and Mysore Telephone Works could not be finished as the materials ordered for from abroad have not yet arrived. In view of the demand from business men and the general public, early introduction of the system is desirable. It is hoped that the Department will be able to complete the work before the end of current year.

7. *Revenue Expenditure.*—The charges under operation and maintenance amounted to Rs. 9,24,769 against Rs. 8,99,753 in the previous year which works out to 22·60 per cent of gross receipts against 22·55 per cent in the previous year.

8. *Power Generated.*—The total quantity of power generated at Sivasamudram during the year was 161,894,410 units as against 151,860,610 units during the previous year.

There were in service at the close of the year 6,817 street lights, 10,937 lighting installations and 471 power installations against 6,220 street lights, 9,918 lighting installations and 361 power installations in the previous year. There has thus been considerable increase in the consumption of power.

The net return for the year is shown as 8·21 per cent on the total capital outlay. But this does not take into account the return on the expenditure on reservoir works. The total expenditure on the combined Hydro-Electric Scheme to the end of the year is Rs. 522·19 lakhs, the net revenue being Rs. 27,85,957 which works up to about 5·34 per cent.

9. The amount credited to the Depreciation Fund Account was Rs. 3,96,500 as against Rs. 7,29,631 during 1926-27. The net amount which accumulated to the credit of this account at the end of the year 1927-28 was Rs. 57,19,255.

10. *Contribution Works.*—Works aggregating to Rs. 84,986 were carried out by the Electrical Department for other Government Departments and public bodies. Out of the total amount of Rs. 84·986 referred to, as much as Rs. 69,850 were incurred in the Mysore Power and Lighting Section.

11. *Rebate.*—The value of rebate allowed to the Mining Companies on account of relinquishment of power amounted to Rs. 3,62,597 as against Rs. 4,31,352 during 1926-27 at current exchange rates. It is reported that practically the whole of this amount came under rebate owing to break down of the plant of the Mining Companies and other causes over which the Department had no control. Considering the large amount involved, Government desire that the cause of such large rebates may be examined with a view to the reduction of the amount. In spite of the fact that the mines applied for increased power supply up to 25,000 H. P. some years ago, the consumption of power continues low and the rebates high.

12. *Stores.*—The value of foreign stores purchased during the year was Rs. 9,50,266 and that of local stores Rs. 3,50,406. It is hoped that the Committee constituted in Government Order of the 23rd September 1927, will suggest measures to maintain the store balance at a minimum, at a very early date and thus reduce the locking up of funds under stores balance.

13. *Interruptions.*—It is observed that there were 108 interruptions of service as against 61 during 1926-27, and 43 during 1925-26. The number of interruptions has increased. Now that the New Transformer and Switching Station at Kankanhalli has been put into service, it is hoped that the number and duration of interruptions will be reduced.

14. *Inspection of Accounts and Sections.*—As in previous year, the Chief Electrical Engineer and his Assistant inspected the Stores and Accounts of all the Sections as also the works of the Department during the year under review. The Financial Assistant to the Chief Electrical Engineer inspected the several sections of the Department. The Accounts Assistant conducted the internal audit, reconciliation of the statements of differences in the countings of stock, etc. The Chief Electrical Engineer reports that he will fix up a programme of inspection for the Financial Branch so that every section may be inspected at least not less than once a year.

15. Government agree with the observation of the Chief Electrical Engineer that the aim of the Financial Branch should be to prevent, as far as possible at the earlier stages, the occurrence of any grave irregularities in the transactions of this big revenue earning Department.

16. Government sanctioned during the year a scheme for the supply of small electrically driven pumps on the hire-purchase system, for the encouragement of lift irrigation from wells with certain concessions as regards the interest on the money due and remission of assessment, etc. Further, the rate for power to be supplied to these pumps was reduced to 1½ annas per unit on the actual consumption without a minimum. Government are pleased to note that numerous pumping installations have sprung up in the vicinity of Bangalore, Mysore, etc., and that such installations are becoming very popular and the demands for pumps are rapidly increasing.

Mr. S. G. Forbes, Chief Electrical Engineer, continued to be in charge of the administration of the Department till the 11th April 1928, when he proceeded on six months' leave, and Mr. C. M. Cariapa was in charge as Officiating Chief Electrical Engineer during the rest of year.

17. The administration of the Department was satisfactory during the year.

K. R. SESHACHAR,
Secretary to Government,
Electrical Department.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Training Schools for Village Officers in the Bangalore and Mysore Districts.

READ—

Government Order No. R. 7909-16—L. R. 433-26-2, dated 26th May 1927—6th June 1927, directing the opening of training schools for village officers in the Districts of Bangalore and Mysore as an experimental measure at an estimated cost of Rs. 1,000 as noted in the margin.

		Rs.
1.	Honorarium to one senior official of each of the Districts at Rs. 90 each.	180
2.	Honorarium to two District Surveyors at Rs. 40 each	80
3.	Honorarium to two Police Officers at Rs. 40 each	80
4.	Honorarium to two Medical and Sanitary Officers at Rs. 50 each ...	100
5.	Honorarium to two Agricultural Inspectors at Rs. 30 each ...	60
6.	Honorarium to two Veterinary Inspectors at Rs. 25 each	50
7.	Honorarium to two Officers of the P. W. D. at Rs. 30 each ...	60
8.	Two peons at Rs. 10 per mensem for 4 months (one peon for each District)	80
9.	House rent at Rs. 20 a month for four months (for 2 Districts) ...	160
10.	Furniture at Rs. 75 for each District	150
11.	Contingencies at Rs. 5 per month for 4 months for each District ...	40
	Total ...	1,040
	or say Rs. ...	1,000

2. Letter No. C. 1295—28-29, dated 18th—21st December 1928, from the Revenue Commissioner in Mysore, submitting proposals for opening training schools for village officers in the Bangalore and Mysore Districts at an estimated cost of Rs. 921 as noted in the margin.

		Rs.
1.	Honorarium to one senior official of each of the Districts at Rs. 100 each	200
2.	Honorarium to two Survey Officers at Rs. 50 each	100
3.	Honorarium to two Police Officers at Rs. 50 each	100
4.	Two peons on Rs. 12 per mensem for 4 months (one peon for each District)	96
5.	House rent at Rs. 20 a month for 4 months (2 Districts)	160
6.	Furniture for Bangalore District only	225
7.	Contingencies at Rs. 5 per month for 4 months for each District ...	40
	Total ...	921

ORDER NO. R. 6218-27—L. R. 443-28-2, DATED 4TH FEBRUARY 1929.

It is reported that the Deputy Commissioner, Mysore District, proposes an increase of Rs. 10 each to the honorarium to be given to the Revenue, Police and Survey Officers and adds that no provision for the payment of honoraria to the officers of Medical, Veterinary, Agricultural and Public Works Departments is necessary, as the village officers need only know their revenue duties and their relationship with other departments can be learnt from the Revenue Officers themselves. He also proposes that the pay of the peon may be raised from Rs. 10 to Rs. 12 per mensem. The Deputy Commissioner, Bangalore, requests that a sum of Rs. 220 may be sanctioned for purchasing the articles of equipment as noted in the margin. The Revenue Commissioner recommends sanction to the proposals of the Deputy Commissioners. In the circumstances reported, the Revenue Commissioner's recommendations are approved, the expenditure of Rs. 921 required being met by reappropriation out of the savings expected under the head "Remuneration to Shanbhogs and Patels" in the current year's budget.

	Rs.
12 benches at Rs. 10	120
2 tables at Rs. 35	70
2 chairs at Rs. 8	16
1 black-board with color and iron hinges, and other sundry articles	14

Chief Secretary to Government.

Cultivation of Tank Bed Lands.

READ—

Rule 16 (1) of the Rules under the Mysore Land Revenue Code, laying down the conditions subject to which beds of tanks in action can be given for temporary cultivation.

2. Government Order No. R. 2588-98—L. R. 474-27-2, dated the 21st September 1928, ordering certain modifications in the above rule with a view to popularise such cultivation within certain limits and stating that the instructions issued in this respect will be in force for a period of three years in the first instance.

3. Promise made by Government at the Representative Assembly of October 1928, to the effect that tank beds could not be given for cultivation without any condition but that the question whether such grants might be restricted to a period of only three years would be considered.

ORDER NO. R. 6346-56—L. R. 297-28-78, DATED 5TH FEBRUARY 1929.

Government are pleased to direct that tank bed lands granted for temporary cultivation should not be allowed to be cultivated for more than three years in succession by one man or another, and that the land should be kept unoccupied for a year or two before being again granted for cultivation.

N. MADHAVA RAO,
Chief Secretary to Government.

Reviews the Administration Report of the Bangalore City Municipal Council for the year 1927-28.

READ—

The Administration Report of the Bangalore City Municipal Council, for the year 1927-28, forwarded with the President's letter No. C. 1-197, dated 21st December 1928.

ORDER NO. L. 5359-62—ML. 150-28-46, DATED 6TH FEBRUARY 1929.

Recorded.

2. *Constitution of the Municipal Council and Election.*—The triennial general election was held on 18th October 1927 and the Council was reconstituted with effect from 4th November 1927. Khan Bahadur Mahommed Abbas Khan, who was the President of the old Council, was elected as President of the reconstituted Council.

The Council held 70 meetings of which 9 were ordinary, 44 adjourned and 17 special meetings.

3. *Committees.*—The following Committees worked during the year:—

1. The Managing Committee.
2. The City Improvement Committee.
3. The Education Committee.
4. The Health Committee.
5. The Market Committee.
6. The Bye-law Committee.

The Managing Committee met 27 times and the average attendance was 4·3 for the sanctioned strength of nine members.

4. *Finance.*—The total receipts during the year amounted to Rs. 15,13,719 as against Rs. 9,45,069 during the previous year, the normal income for the two years however being Rs. 7,89,117 and Rs. 6,43,579 respectively. The increase under income is due mainly to:—

(1) Large realisations from sale of lands;
(2) The withdrawal of a sum of Rs. 2,67,766 from the fixed deposit;
(3) The grants received on account of City Improvement; and
(4) The adjustment of advances made for execution of City Improvement works and for expenditure incurred in connection with primary education.

The total expenditure under all heads including the special items noted below amounted to Rs. 14,34,906 against Rs. 9,49,279 in the previous year:—

		Rs.
1.	City Improvement works carried out by the Special Engineer ..	91,000
2.	Original works carried out by the Municipal Engineer ..	65,364
3.	Compensation	92,816
4.	Public Debt	6,08,813
		8,57,993

The increase under expenditure during the year was mainly due to the payment of Rs. 1,79,803 in settlement of the accounts relating to maintenance charges of water works for the year 1926-27 and for 11 months of the year 1927-28 and to the advances made for carrying out the City Improvement works.

During the year under report, the normal income was within the normal receipts. The closing balance at the end of the year, amounted to Rs. 1,32,714. Besides this, the Council had a fixed deposit of Rs. 2,56,875, in the Bank of Mysore and held Mysore Government State Loan Bonds of the face value of Rs. 1,37,500.

5. *Demand, Collection and Balance.*—The demand under all heads for the year amounted to Rs. 16,73,056 against Rs. 10,55,951 in the previous year including Rs. 1,47,789 which was in arrears at the beginning of the year. The actual collection was Rs. 15,13,719 and a sum of Rs. 3,480 was written off leaving a balance of Rs. 1,55,857 at the close of the year.

The total collection under Octroi was Rs. 1,96,064 against Rs. 1,83,701 in the previous year, showing an increase of Rs. 12,363.

Out of the arrears of Rs. 96,325 under assessed taxes, a sum of Rs. 55,916 was collected for the year of report and out of the new demand of Rs. 2,86,619 under the same head, the amount collected was Rs. 2,67,756. The percentage of collection to the current demand was 69 against 73 in the previous year while that of arrears was 58 against 60 in the previous year. These results are disappointing and point to the need for closer supervision over the work of Revenue collection.

The Toll Revenue was collected departmentally as in the previous year. During the year under review, there was a fall of Rs. 3,000 in the income derived from tolls. In the previous year there was no increase of revenue under this head under departmental supervision even though the levy on some of the items was increased and the revenue derived was Rs. 51,616 against Rs. 51,988 recovered in 1925-26. The Council may therefore examine the position and consider why the system of leasing out the toll revenue should not be reverted to.

6. *Incidence of Taxation.*—The incidence of taxation per head of population was Rs. 4-8-1 as against Rs. 4-2-5 in the previous year.

7. *Public Works.*—A sum of Rs. 2,20,692 was spent on Public Works during the year. New roads to a length of 16½ furlongs were opened and drains to a length of 6,519 feet were newly constructed. Many of the drains were repaired and improvements were effected in respect of several important roads of the City by providing stone-kerbed foot paths. A sum of Rs. 21,816 was spent on account of compensation for lands acquired for Municipal purposes. The land acquisition work was done by the Municipal Commissioner who disposed of 42 cases during the year

The expenditure on City Improvement works amounted to Rs. 1,63,537 of which Rs. 77,500 was on account of works, Rs. 72,000 on account of compensation for properties acquired and Rs. 14,037 on account of Establishment. The Government contribution on account of City Improvement works was Rs. 30,000.

8. *Water Supply.*—In order to meet the increased demand for water in the elevated parts of the City and Extensions, unfiltered water was supplied to Cubbonpet, Gowdanpet, Balepet and Chamarajpet.

9. *Public Safety.*—The scheme of installing ornamental lights in place of the overhead lights was taken. The total number of electric lights at the end of the year was 1,943 against 1,796 at the end of the previous year.

10. *Public Health and Sanitation.*—The public health of the City was generally satisfactory except for a few cases of plague and small-pox in the latter part of the year. There were 30 attacks and 32 deaths from small-pox and 16 deaths from influenza. The number of births recorded showed a slight increase of 268 over the figures of the previous year while the number of deaths was 3,857 against 3,222 in the previous year.

11. *Maternity and Welfare.*—There were 8 midwives in the whole City. A lady health visitor was appointed during the year from 23rd September 1927. The number of labour cases conducted was 1,411 against 1,353 in the previcus year.

12. *Public Instruction.*—Primary Education in the City continued to be under the direct management of the Education Committee of the Municipal Council. There were in all 53 boys' schools and 31 girls' schools under the management of the Committee with a strength of 8,944 as against 7,458 in the previous year. During the year under report, the control over the Urdu boys' and girls' school was taken under the direct management of the Municipal Council and the medical inspection of school children was undertaken. The Municipal Council had under consideration a scheme to raise a loan of Rs. 4,00,000 for the construction of school buildings in the City.

13. *General.*—A general revision of assessments of properties in the City was commenced during the year. A Special Revenue Officer and a Revenue Auditor were appointed for this purpose for a period of six months. As the work could not be finished within the period of six months, the establishment was sanctioned for a further period of six months from 1st October 1928.

The work of the Municipal Council was on the whole satisfactory.

N. MADHAVA RAO,
Chief Secretary to Government.

Maintenance of Maps by Village Panchayets.

ORDER NO. L. 5278-88—V. P. 40-28-9, DATED 4—5TH FEBRUARY 1929.

In connection with Subject No. 169, discussed at the Representative Assembly held in October 1928, relating to the supply of Village Maps noting therein improvements to Village Panchayets, Government consider that it is desirable that each Village Panchayet should maintain a map showing the existing lay-out of the village or villages under its control and the improvements or extensions in contemplation. If this work cannot be done by the Village Panchayet Inspectors, the Panchayet may apply through the Deputy Commissioner of the District for the services of a special Sub-Overseer from the Public Works Department provided it can afford to meet the cost. The Public Works Department should, as far as possible, comply with such requisitions from the Panchayets.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Appointment of non-official gentlemen on the Medical and Engineering College Councils to safeguard the interests of students in the matter of admissions, award of freeships and scholarships.

ORDER NO. D. 8076—UNI. 212-28-3, DATED 7TH FEBRUARY 1929.

In connection with the question of the admission of students belonging to the backward communities to the University Medical College and the University Engineering College, and the award of scholarships and free studentships in those Colleges, representations have been frequently made in the Representative Assembly and the Legislative Council that it would be desirable to appoint Committees including a few non-official members to assist the Principals in dealing with these questions.

2. At the last Session of the Legislative Council, the Government promised to view the representation sympathetically.

3. The Government have considered the matter in all its aspects and are of opinion that the association of a few non-official gentlemen with the College Councils of the respective Colleges will be of assistance to the Principals in dealing with questions of admissions, scholarships, and freeships, and will help to remove misapprehensions, and they desire that this arrangement may come into force at the commencement of the next academical year. The number of non-official gentlemen will be fixed at not more than a third of the strength of the respective College Councils and will be appointed by Government for the term of two years. They will be consulted only in regard to the matter specifically referred to above, and will have no voice in regard to other questions relating to the work of the Colleges such as discipline, promotions, etc.

4. In view of the very small proportion of students of backward communities in these two Colleges, the Government desire that every candidate belonging to such communities, who is a Mysorean and possesses the requisite qualifications for admission to the respective courses, should be granted admission up to a limit of fifty per cent of the number of seats available.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Reviews the Statement of Cattle Mortality in the State for the period ending 30th June 1928.

READ—

Government Order No. D. 166-75—Stcs. 18-27-4, dated the 7th July 1928, reviewing the Statement of Cattle Mortality in the State for the first half-year 1927-28.

2. Letter No. Per. 39—28-29, dated the 11th January 1929, from the *Director of Agriculture in Mysore, forwarding the Statement of Cattle Mortality in the State for the period ending 30th June 1928, together with his review thereon.

(*Director's Review and Statement are printed as annexures.)

ORDER NO. D. 7764-73—STCS. 27-28-2, DATED 28TH JANUARY 1929.

Recorded with the observation that there was a delay of three months in the submission of the Report.

2. Government are constrained to observe that no endeavours still seem to have been made in certain taluks to get the Patels to submit the returns promptly, notwithstanding repeated orders in the matter. They once again emphasise the importance of punctuality in the submission of the Report and trust that the Deputy Commissioners of Districts will spare no pains to enforce the submission of prompt and accurate information from the taluks.

N. RAMA RAO,
Secretary to Government,
Development Departments.

REVIEW ON THE CATTLE MORTALITY IN THE STATE FOR THE HALF-YEAR ENDING 30TH JUNE 1928.

1. The cattle mortality during the year 1927-28, is less than the previous year by 7,665.

It will be observed that the mortality from blackquarter has dropped considerably which is undoubtedly due to preventive inoculation against the disease having been pushed during the last four years in localities prone to the disease.

There has also been a slight decrease in the mortality from anthrax, red water, parasitic diarrhœa, other contagious diseases, natural decay and accidents and other causes.

From rinderpest, unfortunately, there has been an increase in deaths and also in a less degree from hæmorrhagic septicæmia, and foot and mouth disease. It was not till the latter part of the year that any really active steps could be taken to push preventive inoculation against rinderpest, as it was only then that the Serum Institute was able to meet the great demand for serum and that it was possible to secure the services of qualified Veterinary Graduates to fill vacancies and carry on the work. In the meantime, the disease had spread to every District in the State. On account of the large number of rinderpest outbreaks and the Department being short handed, it was not possible to undertake preventive inoculation against hæmorrhagic septicæmia or to attend to foot and mouth outbreaks.

2. There has been slight improvement in the number of cattle mortality returns submitted by Patels in a few taluks, but it is to be regretted that there has been a fall in the number of returns from Patels in several taluks, which previously set the lead.

3. The number of cattle mortality returns received from Patels in the Bangalore, Hoskote, Magadi, Devanhalli, Mysore, Nanjangud, Hunsur, Mandya, T.-Narsipur, Yedatore, Kunigal, Bowringpet, Siddlaghatta, Shimoga, Sagar, Chitaldrug, Hassan, Sakleshpur, Belur, Channarayapatna Taluks still remains unsatisfactory, and especially in Hosadurga and Arkalgud Taluks where no endeavours seem to have been made to get the Patels to submit returns, notwithstanding that representations have repeatedly been made to the Amildars of these Taluks and also to the Deputy Commissioners.

Return of Cattle Mortality in the Mysore State for the official year 1927-28.

LAW SECRETARIAT.

Reviews the Report on the Administration of Criminal Justice in the State for the year 1927-28.

READ—

The Report on the Administration of Criminal Justice in the State for the year 1927-28, received from the Registrar, Chief Court, with his letter No. P. 39—27-28, dated 2nd November 1928.

ORDER NO. P. 4243-51—CTS. 98-28-2, DATED 6TH FEBRUARY 1929.

Recorded.

2. *Offences Reported.*—There was a slight fall in the number of offences reported, from 18,449 in the previous year to 18,393 in the year under review; the number of cases returned as true on the other hand increased from 17,327 to 18,119. Including 7,192 persons awaiting trial at the close of the previous year, the total number of persons brought to trial was 37,289 against 35,209 in the previous year. The cases against 79 per cent of them or 29,344 persons were disposed of resulting in the conviction of 8,395 persons and the discharge or acquittal of 20,283 persons, the percentage of convictions and discharges or acquittals being the same as in the previous year, *viz.*, 28 and 69. There was some improvement in the matter of awarding short terms of imprisonment, the number of persons sentenced to such imprisonment having been 662 against 729 in the previous year. It is satisfactory to note that the provisions of Section 562 Criminal Procedure Code are more largely applied than in the past and that the number of persons dealt with under that section rose from 40 in 1925-26 to 82 in the following year and 158 in the year under review. The cases against 7,945 persons were pending at the end of the year.

3. *Average Duration.*—While there was a slight reduction on the whole in the average duration of cases, *viz.*, 44·6 days against 47·4 days in the previous year, the tendency in the opposite direction in the Magistrates' Courts in the Bangalore Division where there was a rise from 32·9 days in 1925-26 to 47·1 in 1926-27 and to 53·9 in 1927-28 calls for notice. The attention of the District Magistrates concerned is invited to this for needful action.

In the Bench Courts, the average duration was 38·5 days against 45·1 days in the previous year, and it is satisfactory to note that the Bench Courts in the Bangalore Division showed substantial improvement by bringing down the average duration to 29·5 days from 44·8 days in the previous year.

4. *Witnesses.*—The number of witnesses that appeared before Magistrates was 64,302 and the number actually examined was 43,947 or 68 per cent against 82 per cent in the previous year. This tendency apparently to summon persons as witnesses unnecessarily should be discouraged by Courts.

5. *Heinous Offences.*—Except the offences of theft, giving false evidence and grievous hurt which increased from 1,136, 24 and 130 in 1926-27 to 1,336, 28 and 479 respectively in the year under review, the number of heinous offences on the whole was less than in the previous year and it is noteworthy that there was a perceptible decrease in the number of cases of rape, robbery, dacoity and culpable homicide, the figures being 1, 24, 1 and 7 respectively against 6, 48, 4 and 19 in the previous year.

6. *Sessions Work.*—Including 7 cases pending from the previous year, there were for disposal 120 Sessions cases during the year under review against 130 cases in 1926-27 and the number pending at the end of the year was 14 cases, the increase in the pendency being due mainly to the number of disposals in the Mysore Division having been 13 cases less than in the previous year. In point of duration of Sessions Cases, the Shimoga Division was behind hand with an average of 52·6 days against the general average of 36·4 days for the year and compares unfavourably even with its own average of 45·5 days in the previous year. There was also a fall in the number of witnesses examined, *viz.*, 1,094 against 1,376 in 1926-27 and the number of witnesses detained for over 3 days was 211.

7. *Trial by Jury.*—The number of cases tried by Jury was 21 against 22 in 1926-27 and the Judges agreed with the verdict of the Jury wholly in 18 cases and the remaining 3 cases were referred to the Chief Court under Section 307, Criminal Procedure Code.

8. *Preventive Jurisdiction.*—One hundred and fifty-nine persons against 83 in 1926-27 were ordered to give security during the year.

9. *Appellate Work.*—The appeals of 589 persons were before Sessions Judges who disposed of the appeals of 412 persons against 331 in the year previous and 310 in 1925-26. The average duration was 33·3 days against 48·1 days in 1926-27, this improvement being contributed mainly by the Sessions Court, Bangalore, substantially reducing the average duration of the appeals before it from 49·8 days in 1926-27 to 23·6 days in the year under review. The Magistrates had before them the appeals of 596 persons and disposed of those of 540, against 659 persons in the previous year and there was a slight increase in the average duration also. It is hoped that the Magistrates will dispose of their appellate work more expeditiously in future.

10. *Chief Court Work.*—Owing to the withdrawal from 1st December 1927 of the appellate jurisdiction which had been conferred on the Chief Court to hear and decide all such appeals as are allowed by law to the Court of Sessions in the Bangalore Division, the number of appeals filed in the Chief Court during the year decreased from 131 in the year 1926-27 to 93 in the year under review. Out of these 9 appeals were transferred to the Sessions Judge, Bangalore Division, and including 27 appeals pending from the previous year, there were for disposal 111 appeals against 119 in the previous year. The number disposed of was 92 as in the previous year, and the increase in the average duration to 77·27 days against 51·75 days in the previous year is explained to be due to the disposal of all the old appeals of the year 1926-27.

11. *Work of the Special Magistrates under the Separation Scheme.*—Including the cases pending from the previous year, the stipendiary Magistrates had 9,918 cases for disposal, out of which they disposed of 8,099 cases (or 82 per cent) leaving 1,819 cases pending. The disposals were below the normal by about 3 per cent. Out of 288 cases pending for over 6 months, 125 were in the Bangalore District. The Magistrates in this District should be directed to dispose of these old cases as early as possible and the District Magistrate should exercise greater scrutiny over their work.

12. *Bench Courts.*—The Bench Courts had 8,671 cases for disposal of which they disposed of 7,239 cases, or 83 per cent. It is a matter for regret that these Courts in general have left the impression that they are not working satisfactorily and have not inspired confidence in the public. One of these courts had to be abolished recently and a stipendiary Magistrate directed to hold his court instead at the place for a few days every month. It is proposed to introduce this arrangement throughout the State as far as practicable.

13. *Inspection.*—The Chief Judge inspected the Courts of the District Magistrates and First Class Magistrates in the Bangalore, Kolar, Tumkur and Hassan Districts. Mr. Justice D. K. Rama Rao inspected the District Magistrate's Court, Mysore, and the 3 First Class Magistrates' Courts in the District, while Mr. Justice G. Sreenivasa Iyer inspected the District Magistrates' Courts and the First Class Magistrates' Courts in Shimoga and Chitaldrug Districts. Mr. Justice M. Ramachandra Rao inspected the District Magistrate's and First Class Magistrate's Courts at Chikmagalur. The District Magistrates of Bangalore, Tumkur, Hassan, Shimoga and Kadur inspected all the Courts in their respective Districts and the District Magistrates of Kolar, Mysore and Chitaldrug inspected all the Courts except certain Bench Courts in their Districts.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

Designation of Magistrates' Courts.

READ—

Letter No. 505—28-29, dated 21st December 1928, from the Registrar, Chief Court, stating that in order to avoid possible confusion the Judges propose that at places where there are two Special Magistrates' Courts, the Court of the Magistrate permanently exercising First Class powers may be designated as the First Magistrate's Court and the other Court as the Second Magistrate's Court.

ORDER NO. P. 3975-84—CTS. 146-28-2, DATED 29TH JANUARY 1929.

Government agree with the Judges of the Chief Court and direct that the Special First Class Magistrate's Court and the Special Second Class Magistrate's Court at each of the following places, namely, Bangalore, Kolar, Tumkur, Shimoga and Chitaldrug, be designated as the First Magistrate's Court and the Second Magistrate's Court respectively.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

Reviews the Report on the Administration of Civil Justice in the State for the year 1927-28.

READ—

The Report on the Administration of Civil Justice in Mysore for 1927-28, received from the Registrar, Chief Court, with his letter No. P. 38—27-28, dated 10th October 1928.

ORDER NO. P. 4072-73—CTS. 89-28-2, DATED 31ST JANUARY 1929.

Recorded.

2. *Number of Courts.*—The total number of courts at the close of the year under the Chief Court was 34, consisting of the Courts of 3 District Judges, 5 Subordinate Judges (including 2 temporary Subordinate Judges at Mysore and Shimoga), one Small Cause Judge and 25 Munsiffs (including one temporary Munsiff at Sagar). There were in addition 186 Village Courts, of which only 117 were actually working.

3. *Original Work.—(a) Institutions.*—There was an appreciable increase in the number of suits instituted, *viz.*, from 37,239 (15,594 ordinary and 21,645 Small Cause) in the previous year to 43,646 (19,170 ordinary and 24,476 Small Cause) in the year under review. This latter number includes 3,814 suits pending on 14th October 1927, which were transferred from Court to Court as a result of the establishment of new courts and the consequent readjustment of jurisdiction from that date and the net increase in institutions was 2,593 over those of the previous year.

(*b*) *Disposals.*—The courts started work with an opening balance of 17,193 suits and, with fresh institutions and suits re-filed and remanded, had 58,154 suits for disposal. They disposed of 39,259 suits (16,389 ordinary and 22,870 Small Cause) against 38,374 (15,978 ordinary and 22,396 Small Cause) in the previous year. In spite of this improvement in the number of suits disposed of, the pendency rose from 17,193 in 1926-27 to 18,895 in consequence of the large increase in the number of institutions during the year. Government are glad to observe that greater attention is being paid to the disposal of old cases. The number of applications for setting aside orders of dismissal and exparte decrees, however, continued to be on the increase and points to the need for checking hasty disposal.

Duration.—Government are glad to observe that the establishment of additional courts has, as anticipated, tended to reduce the average duration of suits. The average duration of contested ordinary suits decreased from 551·6 days in 1926-27 to 515·5 days in the year under review, that of contested small causes from 267·2 to 228·1 days and of both kinds of suits together from 442·8 to 394·84 days.

4. *Execution of Decrees.*—Including 29,317 applications pending from the previous year there were for disposal 80,527 applications for execution of decrees against 71,480 in 1926-27. The number disposed of was 50,676 against 42,153 in the previous year leaving 29,851 pending at the close of the year against 29,327 at the end of 1926-27. The percentage of applications that proved wholly infructuous also showed an improvement, being 52·2 against 58·9 in the previous year, but is still very large and demands further attention.

5. *Appeals in Subordinate Appellate Courts.*—Including the arrears of the previous year, the District Judges had for disposal 886 appeals against 921 and the Subordinate Judges 818 appeals against 596 in the previous year. The District Judges disposed of 256 appeals against 247 in 1926-27 and the Subordinate Judges 377 against 326 in the previous year. The number of appeals pending at the end of the year was 630 against 674 in 1926-27 in the Courts of District Judges and 441 against 270 in 1926-27 in the Courts of the Subordinate Judges. The average duration of appeals decreased to 337·98 days from 381·87 in 1926-27 in the Courts of the District Judges. In the Courts of the Subordinate Judges on the other hand, there was a marked increase from 377·84 in 1926-27 to 643·76 days in the year under review and it is attributed to the disposal of old appeals in the Shimoga Division dating back to the year 1922-23.

6. *Chief Court.*—The Chief Court had before them for disposal during the year 2,089 cases of all classes as against 1,965 in the year 1926-27 and disposed of 993 cases against 708 in the previous year with the result that there was an improvement in the disposals to the extent of 11 per cent.

(*i*) *First Appeals.*—The number of first appeals filed during the year fell from 313 in 1926-27 to 178 in the year under review in consequence of the withdrawal with effect from 1st December 1927 of the appellate jurisdiction of the Chief Court over the Bangalore Division in respect of appeals of the value of Rs. 3,000 and below. Including 857 appeals pending from the previous year, the total number of first appeals for disposal was 1,035 against 1,037 in the previous year. The number disposed of was 372 as against 180 in the previous year, leaving 663 appeals pending at the end of the year. It is gratifying to find that the number of disposals was the highest on record, for the past two decades.

(*ii*) *Second Appeals.*—There was perceptible improvement in the disposal of second appeals also. The number of such appeals filed during the year was 173 as against 155 in 1926-27. Including 182 appeals pending from the previous year and 2 appeals refiled, there were for disposal 357 appeals as against 335 in the previous year and 203 appeals were disposed of against 153 in 1926-27 and the pendency at the end of the year was reduced to 154 against 182 in 1926-27.

(*iii*) *Average duration.*—The general average duration showed a rise in the case of both first and second appeals, the figures being 850·06 days and 381 respectively against 647·48 and 273·67 days in 1926-27. But this was due to the disposal of a large number of old appeals during the year under review.

7. *Inspections.*—The Chief Judge and the other Judges of the Chief Court, inspected all the Subordinate Courts, except two Munsiffs' Courts and the inspection by the District Judges of the Courts subordinate to them was also satisfactory.

8. The Civil and Magisterial branches of the Judicial Service were amalgamated during the year under review. The Special Second Class Magistrate's Court at Hole-Narsipur was abolished and the jurisdiction of that Court was combined with the Civil Jurisdiction of the Munsiff's Court at the place. The question of extending this arrangement as far as practicable is being investigated by the Chief Court and the result is awaited.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT

Passing orders on the Report on Tuberculosis in Mysore by Dr. P. S. Chandrasekar, B.A., M.D.

READ—

Report on Tuberculosis in Mysore by Dr. P. S. Chandrasekar, B.A., M.D., Special Officer, Tuberculosis Survey.

2. Government Order No. G. 13907-9—Med. 43-27-44, dated the 18th June 1928, conveying the thanks and appreciation of Government to Dr. Chandrasekar for his interesting and exhaustive report and stating that it would be printed and published for general information.

ORDER NO. G. 9157-68—MED. 43-27-49, DATED 29TH JANUARY 1929.

In their order dated the 16th June 1928, read above, Government promised to take separate action on the recommendations contained in Dr. Chandrasekar's report. Of the various recommendations made by him, the following are the principal ones:—

(1) Preventive measures to be carried out by Municipalities such as opening out of congested areas, removal of end houses in blind alleys, insistence on a minimum width of houses (30 to 40 feet), provision of parks in crowded localities, etc.

(2) Improvement of the general sanitation of Cities, especially Bangalore and Mysore.

(3) Systematic inspection of schools and pupils in Bangalore and Mysore and construction of Open Air Schools.

(4) Provision of Tuberculosis Dispensary, Hospital and Sanatorium in Bangalore and in Mysore.

(5) Provision of a Tuberculosis Settlement for the whole State at Hassan and of a Hill Station for treatment of surgical tuberculosis in Jogimurdi, Devarayadurga, Chamundi Hill or Nandi Hill.

(6) Extension and improvement of the Princess Krishnajammanni Sanatorium at Mysore.

(7) Post-Graduate training for all District Medical Officers and Assistant and Sub-Assistant Surgeons in the early diagnosis and treatment of tuberculosis.

(8) Formation of Anti-Tuberculosis Associations in Bangalore and Mysore; and

(9) The appointment of an Officer to co-ordinate and supervise the Tuberculosis work in the State.

2. Government agree with Dr. Chandrasekar that the opening out congested areas, the removal of end houses, the demolition of old and narrow houses, the widening of narrow and dirty streets, the introduction of efficient conservancy, the building of model houses, the provision of standard plans for houses of different sizes, the formation of parks in crowded localities, the insistence on a minimum breadth of houses and the provision of open court yards of suitable size inside the houses are likely to help in the control of the spread of tuberculosis and the prevention of infection of healthy persons. Government are further of opinion that if Municipalities follow a sound system of house planning and rigidly enforce the building regulations, many of the causes which, as pointed out by Dr. Chandrasekar, are at present contributing to the increase of tuberculosis in the State, will disappear. They desire that every Municipality in the State should study Dr. Chandrasekar's recommendations and report to Government what action they propose to take in the matter.

3. As regards the improvement of the general sanitation of Cities, Government agree with Dr. Chandrasekar that this question should receive the earnest attention of the Municipalities as also of the Public Health Department. To enable the latter Department to deal with the matter adequately, Government propose to increase the staff and the scope of the Public Health Department, shortly. Orders have already issued in regard to the improved sanitation of the Mysore City in Government Order No. G. 5176-8, dated 2nd March 1928. The question relating to the sanitation of Bangalore City is separately under the consideration of Government. The Sanitary Commissioner is requested to examine the question of improving the sanitation of other important urban areas like Davangere, Tarikere, Bhadravati and the like and submit a special report to Government.

4. Orders have been passed regarding medical inspection of school children in Government Order No. D. 6908-19—Edn. 95-26-60, dated the 3rd—21st January 1928, and the scheme is already in operation in parts of the State. A copy of Dr. Chandrasekar's report will be furnished to each of the Medical Officers employed on the work of school inspection with a view to give effect to the suggestions contained in the report. As regards the construction of Open Air Schools, a beginning has been made in the matter and it is understood that the Consulting Architect is preparing fresh designs for school buildings of the open air type. The Director of Public Instruction is requested to place himself in communication with the Consulting Architect and the Chief Engineer and expedite the matter.

5. There is a Tuberculosis Dispensary and Sanatorium in Mysore. The question of providing similar institutions in Bangalore will be considered after watching the working of these institutions at Mysore for a year or two. In the meanwhile,

the District Medical Officer, Bangalore, will be requested to give effect to some of Dr. Chandrasekar's practical suggestions in the Tuberculosis Section of the Isolation Hospital in Bangalore.

6. Regarding the suggestion of Dr. Chandrasekar about the extension and improvement of the Princess Krishnajammanni Sanatorium at Mysore, and the giving of Post-Graduate training for all District Medical Officers and Assistant and Sub-Assistant Surgeons in the early diagnosis and treatment of tuberculosis, Government request the Senior Surgeon to favour them with definite proposals. He is also requested to take steps for the formation of an Anti-Tuberculosis Association at Bangalore and of another at Mysore.

7. Separate orders will issue regarding the appointment of a Special Officer to co-ordinate and supervise the tuberculosis work in the State, after the return of Dr. B. Jayaram Naidu, who has been sent to England for undergoing special training in Tuberculosis.

R. RANGA RAO,
General Secretary to Government.

Reviews the Administration Report of the Railway Department for the year 1927-28.

READ—

Report of the Administration of the Railway Department for the year 1927-28, received with letter No. 1171, dated the 3rd December 1928, from the Agent and Secretary to Government for Railways.

ORDER NO. G. 9380-430—G. M. 78-28-4, DATED 2ND FEBRUARY 1929.

Recorded.

2. *Administrative Changes.*—Khan Bahadur A. A. Khan remained in charge of the Department as Agent and Secretary to Government for Railways in addition to his duties as Traffic Manager throughout the year except for a month in January when he was on leave and Mr. K. Srinivasa Iyengar, A.M.I., MECH. E., etc., Engineer-in-Chief for Railways, officiated as Agent and Secretary in addition to his own duties. There was no change in the *personnel* of the Heads of Departments except that Mr. E. J. Kelly, Loco and Carriage Superintendent, went on four months' leave with effect from the 4th March 1928 prior to retirement and Mr. H. S. Aers, previously Works Manager, Madras and Southern Mahratta Railway, Perambur, was appointed in his place.

3. *Lines under Construction.*—The construction of the Shimoga-Arasalu Railway which was begun in March 1927 made good progress during the year. The Tunga bridge was completed and the new Shimoga Station will be shortly ready for opening. The whole line up to Kagi Hosahalli is likely to be opened for traffic in a few months. The extension of this Railway as far as Arasalu has been sanctioned and it is proposed to extend the line further as far as Anantapur and Sagar. The expenditure incurred on the construction of this Railway was Rs. 9,70,800 during the year and Rs. 14,18,239 from the commencement.

4. *Open Lines worked by the Madras and Southern Mahratta Railway Company.*—The length of the State lines worked by the Madras and Southern Mahratta Railway Company remained the same as before, namely, 271·48 miles. The gross earnings amounted to Rs. 52·59 lakhs as against Rs. 50·60 lakhs during the previous year; and the working expenses amounted to Rs. 30·40 lakhs as against Rs. 28·43 lakhs in the previous year. After payment of the surplus profits to the company and the guaranteed interest on the sterling loan, the net income to the State amounted to Rs. 14·79 lakhs yielding a return of 7·44 per cent as against 7·37 per cent in the previous year.

5. *Open Lines worked by the State.*—The length of the open lines worked by the State Railway Department remained the same as in the previous year, namely, 424·29 miles. The gross earnings of these lines amounted to Rs. 38·04 lakhs as against Rs. 35·60 lakhs in the previous year. There was thus an increase of Rs. 2·44 lakhs of which Rs. 1·24 lakhs was under coaching due to large movement of passengers during the celebrations in connection with the Silver Jubilee of His Highness the Maharaja, the All-India Exhibition at Mysore and general improvement in traffic; and Rs. 0·93 lakhs under Goods and Rs. 0·27 lakhs under Miscellaneous.

The increase of passengers was noticeable on Metre Gauge and Narrow Gauge and under all classes. There was however a fall of passengers traffic on tramways due to competition from road Motor Services. The question of co-ordinating these Motor bus services with the Railways in the best manner possible is under consideration.

The ordinary working expenses amounted to Rs. 22·64 lakhs as against Rs. 23·56 lakhs in the previous year. The percentage of working expenses to the gross earnings was 59·50 as against 66·16 and this is the lowest on record during the past six years.

After setting apart a sum of Rs. 4 lakhs towards the Depreciation Fund, the net cash receipts from the lines worked by the State amounted to Rs. 9,89,000 or 3·16 per cent on the capital outlay as against Rs. 6,22,334 or 1·99 per cent in the previous year.

The capital outlay during the year was Rs. 17·42 lakhs of which Rs. 2·65 lakhs was on lines worked by the Madras and Southern Mahratta Railway and Rs. 14·77 lakhs was on lines worked by the State. This brings the total investment on Railways to 530·72 lakhs. The total revenue from the Railways worked by the Company as well as the State amounted to Rs. 88·19 lakhs as against Rs. 76·42 lakhs in the year 1922-23 showing a large surplus of Rs. 11·77 lakhs during a period of six years ; and the net revenue from Railways amounted to Rs. 22·62 lakhs or a return of 4·38 per cent on the total investment.

6. *Stores.*—There were stores in the Department of the value of Rs. 7,31,719 at the beginning of the year. Stores to the extent of Rs. 11,54,105 were purchased during the year and the issues amounted to Rs. 11,29,974 leaving a balance of Rs. 7,55,850 at the end of the year.

7. *Accidents, etc.*—There was no accident to trains that caused serious injury to persons or damage to property. Three persons were run over by trains and killed. One person fell down from a running train and died of the injuries sustained. The number of passengers injured during the year was five due either to falling from or jumping out of trains and the number of engine failures was 42 as against 49 in the previous year. The number of cattle accidents was 94 as against 96 in the previous year.

8. *General.*—The traffic prospects of the marginally noted lines were investigated during the year and the reports received in this connection were under consideration. A telegraph training class was opened to train students in telegraphy and traffic working. Three Traffic Probationers were entertained and deputed for training ; two on the Madras and Southern Mahratta and the South Indian Railways and one locally. The question of entertaining three more Probationers for the Loco Department was under consideration.

1. Chamarajnagar-Satyamangala Extension.
2. Chamarajnagar-Kollegal Railway.
3. Tumkur-Sira-Hiriyur Railway.
4. Tumkur-Sira Railway *via* Madhugiri.
5. Tumkur-Madhugiri Railway *via* Sira.
6. Tumkur-Sira Railway.
7. Chitaldrug-Huliyur Railway.
8. Chitaldrug-Challakere Railway.
9. Davangere-Jagalur Railway.
10. Davangere-Kottur Railway *via* Jagalur.

Sir Clement Hindley, President of the Railway Board and Sir Francis Couchman, one of the Directors of the Madras and Southern Mahratta Railway Home Board, paid a visit to Mysore during the year.

Special efforts were made during the year for the economising of expenditure in several directions, as a result of which the working expenses were reduced from 84·07 per cent of the gross earnings in the year 1921-22 to 59·50 per cent in the year 1927-28. It is hoped that, with the addition of more mileage in the coming years, it will be possible to bring down these expenses still further.

Government desire to place on record their appreciation of the satisfactory working of the Department during the year under the able guidance of Khan Bahadur A. A. Khan.

R. RANGA RAO,
General Secretary to Government.

Taluk Sheristedars in charge of the Office of the Amildars, continuing as *ex-officio* Presidents of Municipal Councils.

READ—

Letter No. M. I. C. 1604—28-29, dated the 14th November 1928, from the Deputy Commissioner, Shimoga District, stating that in consequence of the appointment of Mr. K. V. Srinivasachar, Amildar of the Shimoga Taluk, as Acting Assistant Commissioner, the Sheristedar was placed in charge of the Taluk during the period of absence of Mr. Srinivasachar or until further orders and that the in charge Amildar has now sought instructions whether he might attend to the duties of the President of the Bhadravati Municipality also and requesting in the circumstances stated, whether the Sheristedar who is the in charge Amildar, should be authorised to look after the work of the Municipality as *ex-officio* President.

ORDER NO. L. 5151-61—ML. 55-28-8, DATED 1ST FEBRUARY 1929.

Government consider that under Sub-Section (3) of Section 23 of the Mysore Municipal Regulation VII of 1906 as amended from time to time, an officer who executes the functions of an office as Amildar or Deputy Amildar shall also be the *ex-officio* President of a Municipal Council when the Amildar or the Deputy Amildar is appointed as President of the Council *ex-officio* and they accordingly direct that in the present case the Taluk Sheristedar who is in charge of the office of the Amildar of the Shimoga Taluk shall also continue to be the President of the Bhadravati Municipal Council.

R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

Special Sub-Registry Office at Bannur.

READ—

Letter No. C. R. 68—28-29, dated the 23rd December 1928, from the Inspector-General of Registration in Mysore, submitting proposals for the opening of a new Sub-Registry Office at Bannur.

"I have the honour to state that I have had the question of the best method of affording relief to the heavily worked Sub-Registry Offices under consideration for some time. On examining carefully the work turned out in such offices it is found that the office at T.-Narsipur is registering annually more than 5,000 documents and those at Nanjangud and Malvalli more than 6,000 and while at Chamrajnagar the number of registrations is nearly 7,000. Thus it will be seen that on account of exceptionally large number of documents registered, there is much congestion of work in these offices. The Sub-Registrars, however efficient and quick they may be cannot cope with the work when it is very heavy. As a consequence not only the parties have to wait for a long time to get their documents registered but also the Sub-Registrars cannot find time to attend to other important work such as scrutinising the documents properly, comparing a fair percentage of them and checking the indexes, etc.

The necessity to relieve congestion in such offices was brought to the notice of Government in the last Birthday Session of the Legislative Council also.

2. Taking the offices at Malvalli, T.-Narsipur and Nanjangud first, they are all contiguous taluks and may be taken up together; with a view to relieve congestion in these three offices, I have the honour to propose that a new office may be opened at Bannur. I inspected the place and found that the opening of a new office would be attended with advantage. The District Registrar whom I consulted in the matter reports that an office at Bannur will besides removing congestion in the said three Sub-Registry Offices, remove the difficulty to the people of Bannur and Sosale Hoblis of crossing the river Cauvery in the flood season to T.-Narsipur for the purpose of registration. He agrees with the recommendation to open a new office at Bannur with jurisdiction over Bannur and Sosale Hoblis of the T.-Narsipur Taluk and the Kerigaval Hobli of the Malvalli Taluk, and transferring the Registration jurisdiction of the Belegere Hobli of the Nanjangud Taluk to the T.-Narsipur Sub-Registry Office and that of the Chikkarasanakere Hobli of the Malvalli Taluk to the new office at Maddur sanctioned in Government Order No. Fl. 611-15—Regis. 1-28-2, dated 3rd July 1928.

3. The statement appended on the margin shows the average number of registrations and the income of each office both at present and also after the above changes are effected.

Office	Present		Future	
	No.	Income	No.	Income
		Rs.		Rs.
T.-Narsipur ...	5,200	10,400	4,400	8,600
Malvalli ...	6,400	9,900	3,800	6,200
Nanjangud ...	6,000	12,000	4,600	9,300
Maddur ...	...	...	4,500	7,000
Bannur ...	...	...	3,500	6,300

4. I agree with the District Registrar and recommend that a new Sub-Registry Office may be opened at Bannur and the changes proposed in the registration jurisdiction sanctioned.

5. The cost of the establishment required will be Rs. 3,403. By deducting the savings of Rs. 1,095 that will be effected by the reduction of establishment in the three offices of T.-Narsipur, Malvalli and Nanjangud, the net extra cost for a year will be Rs. 2,308 as shown in the *accompanying statement. In case the changes are effected from 1st March 1929, the extra cost to start with for the establishment for the four months in the current year and also for furniture, etc., will be about Rs. 700 which may be met from the sum of Rs. 25,000 sanctioned under "5 Registration, 2 District charges" in the current year's budget for the reorganization of the Department.

*(Printed as annexure.)

6. The question of the removal of congestion in the Chamrajnagar Sub-Registry Office, is being worked out and a further report will be submitted later on."

ORDER NO. FL. 5773-6—REGIS. 18-28-2, DATED 29TH—30TH JANUARY 1929.

Government are pleased to sanction the recommendations of the Inspector-General of Registration to open a Sub-Registry Office at Bannur, with jurisdiction over Bannur and Sosale Hoblis of the T.-Narsipur Taluk and the Kerigaval Hobli of the Malvalli Taluk and to change the registration jurisdiction of the Special Sub-Registry Offices at Malvalli, T.-Narsipur, Nanjangud and Maddur, as proposed by him tentatively for a period of two years, with effect from the 1st July 1929.

Necessary provision should be made in the budget for 1929-30.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

IMPORTANT GOVERNMENT ORDERS.

GENERAL SECRETARIAT.

Sanctions the revival of the post of whole-time Sanitary Commissioner from 1st February 1929.

READ—

Government Order No. L. 7567-82—Sany. 55-21-1, dated 26th June 1922 abolishing, as a measure of retrenchment, the separate post of Sanitary Commissioner and appointing the Senior Surgeon as *ex-officio* Sanitary Commissioner.

2. Government Order No. G. 7223-34—Sany. 3-26-6, dated 7th January 1927 and No. 3740-1—C. B. 238-26-1, dated 1st June 1927 sanctioning the appointment of a Deputy Sanitary Commissioner on a pay of Rs. 700-50-800 to assist the *ex-officio* Sanitary Commissioner.

ORDER NO. 3696-3718—C. B. 135-28-2, DATED 18TH FEBRUARY 1929.

The abolition of the appointment of a whole-time Sanitary Commissioner was ordered in the year 1922 as a measure of retrenchment. Experience has shown however that the work of this vital and growing Department cannot receive adequate supervision from an *ex-officio* Head of Department who, besides exercising administrative control over medical institutions all over the State, is also the Inspector-General of Prisons. Government are therefore pleased to sanction the revival of the appointment of a whole-time Sanitary Commissioner, with effect from 1st February 1929.

2. The pay of the new post of Sanitary Commissioner will be fixed at Rs. 800—50—1000. Dr. J. V. Karve, Deputy Sanitary Commissioner, is appointed Sanitary Commissioner from 1st February 1929, the date from which he has been placed in charge of the office, and his starting pay will be fixed at Rs. 850 in the grade Rs. 800—50—1000.

2. The Post of Deputy Sanitary Commissioner is abolished from the 1st February 1929. The Sanitary Commissioner is requested to suggest a re-appropriation for meeting the extra cost involved during the current year.

R. RANGA RAO,

General Secretary to Government.

Actuarial Valuation of the Funds of the Public Branch.

READ—

Letter No. 15506, dated the 2nd February 1929, from the Secretary, Life Insurance Committee, requesting sanction (1) to the sub-joined Resolution No. V, passed by the Committee at its meeting held on the 26th January 1929 in regard to the valuation of the Public Branch Funds being conducted in future once in three years instead of once in five years as at present and (ii) to the consequention amendment of Rule 24 of the Public Branch Rules by substituting "three" for "five" occurring in the first sentence of the above rule.

Resolution No. V, dated 26th January 1929.

"Resolved that the existing rates may be allowed to stand till the next Actuarial Valuation which may, however, be arranged to be made once in three years instead of once in five years in the Public Branch, the next valuation being done according to this arrangement for the period of three years ending June 1931."

ORDER NO. FL. 6303-5—G. F. 30-28, DATED 18TH FEBRUARY 1929.

Sanctioned.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Revision of the clerical and menial staff of the Office of the Excise Commissioner in Mysore.

READ—

Letter No. B1-485—28-29, dated the 22nd September 1928, from the Excise Commissioner in Mysore, forwarding, duly verified by the Comptroller, a proposition statement, in duplicate, for the revision of the clerical and menial establishments of his office.

" Adverting to your letter No. Fl. 6383, dated 6th February 1928, calling for revised proposals regarding the revision of the scale of pay of my Office Establishment, I have the honour to forward herewith, in duplicate, a revised proposition statement showing the present and proposed scale of pay of both ministerial and menial establishment of my office.

2. In revising the scale, I have carefully considered the suggestion of the Inspector of Office Systems to retrench the existing establishment by four hands in order to provide for the improvement of the pay and prospects of the officials. I find, however, that there is not much scope for effecting any large retrenchment as already expressed by Mr. B. Ramaswamaiya in para 8 of his letter No. C. 207—26, dated 17th February 1927, in view of the volume of work dealt with in this office. Having regard, however, to the immediate need for the improvement of the pay and prospects of the officials to secure efficiency in work, I have proposed the retrenchment of two hands to minimise extra expenditure. I enclose a revised statement showing the distribution of work among the several officials of the office including a Steno-typist and I think that the work allotted to each is more than sufficient for him and that it will not be possible to retrench any further without prejudice to efficient work.

3. The proposed scale of pay of clerks (except the Manager) corresponds to the revised scale sanctioned for the Revenue Commissioner's Office. The pay of the Manager has slightly been increased from 100—10—150 to 125—10—175. The increase proposed does not appear to be much considering the responsible work that has to be attended to by him and the scale of pay prevailing in the offices of the Revenue Commissioner and the Comptroller to Government. Another reason for proposing this increase is to make this appointment attractive to smart and experienced Inspectors whenever there is a vacancy.

4. The case of menial establishment also deserves sympathetic consideration and I have proposed a small increase to the menial establishment in view of the increased price of food grains and high cost of living in the City of Bangalore.

5. The proposal involves an extra expenditure of Rs. 2,184 per annum. I request that Government may be pleased to sanction these proposals. The extra expenditure during the current year will be met by re-appropriation of the sanctioned grants.

6. A copy of the proposition statement has also been sent through the Comptroller for verification and submission to Government. "

ORDER NO. FL. 6030-1—EX. 44-28, DATED 11TH FEBRUARY 1929.

The main features of the Excise Commissioner's proposals for revision are:—

(1) Introduction of a time scale of pay to all officials in superior service.
(2) Reduction of staff by two hands by re-adjustment of work.
(3) Increases of pay to the Manager and menial staff.

2. While accepting the Excise Commissioner's recommendation for the substitution of a graded scale of pay to the staff, Government consider that overlapping grades should be avoided. The maximum pay of the Manager may remain at Rs. 150 as at present.

3. Subject to these modifications, Government are pleased to sanction the revision of establishments of the Excise Commissioner's Office as shown in the accompanying statement with effect from the 1st of January 1929.

4. The Excise Commissioner is requested to meet the extra cost during the current year by re-appropriation from sanctioned grants.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Sanctions the Revision of Pay of the Office Establishment of the Inspector-General of Registration.

READ—

Memo No. 1127 Books dated the 20th December 1928, from the Comptroller, Mysore Government, forwarding, duly verified, the proposition statement received with letter No. C. R. 161—27-28, dated the 6th October 1928, from the *Inspector-General of Registration in Mysore, for the revision of the pay of his office establishment.

*(Printed as annexure.)

ORDER NO. FL. 6129-30—REGIS. 16-28-2, DATED 13—15TH FEBRUARY 1929.

The Inspector-General of Registration states that the present scale of pay of the establishment of his office was fixed so far back as 1897, when the Department was in its infancy. It is urged that though the work has increased both in quality and quantity, the scale of pay fixed 30 years ago remains the same, except for the addition of the high price allowance in 1921.

2. Government have recently sanctioned a revision of the cadre of Sub-Registrars and their establishments.

3. With a view to remove discontent and ensure the efficiency of the officials employed in the Head Office, the Inspector-General has proposed a revised scale of graded pay involving an additional cost of Rs. 1,476 per annum.

4. Government are of opinion that a revision of the pay of the officials of the Head Office adopting a time-scale of pay is called for. It is also desirable that the post of the Manager of the office should be graded with the Upper Grade Sub-Registrars. Some re-adjustments to reduce the extra cost are however necessary. Government are pleased to sanction the following scale of pay to the establishment of the office of the Inspector-General of Registration in lieu of the existing fixed pay:—

			Rs.
1 Manager	..	..	110—8—150.
2 Senior Clerks	..	..	50—5—75.
4 Junior Clerks	..	..	30—3—45 plus P. A. of Rs. 5 to one clerk, till the present incumbent gets promotion.
1 Mutchi	..	..	17.
1 Daffedar	..	..	15.
3 Peons	..	..	13, 12, 12.

4. The revision, which entails an average increase of cost of Rs. 1,098 per annum, will be given effect to from 1st January 1929 and the extra cost during the current year will be met out of the lumpsum provision of Rs. 25,000 in the current year's Budget.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Letter No. C. R. 161—27-28, dated 5—6th October 1928, from the Inspector-General of Registration in Mysore, Bangalore, to the Financial Secretary to the Government of Mysore, Bangalore.

In continuation of my letter No. C. R. 161—27-28, dated 3rd September 1928, forwarding a statement of allocation of Sub-Registrars in the revised scale, I have the honor to bring to the notice of Government that the present scale of pay of the establishment of my office was fixed so far back as 1897 when the Department was in its infancy and when the cost of living was far less than at present. The number of special Sub-Registry Offices was then only 24, and the number of registrations in all the offices of the State was only about 44,000 with an income of about Rs. 1,03,000. Now the number of special Sub-Registry Offices including the one at Yelandur has risen to 60 and the number of registrations and the income have increased to 1,65,000 and Rs. 3,72,000 respectively. Although the work has increased enormously both in quantity and quality and the cost of living has risen considerably, yet the scale of pay fixed 30 years ago still continues without any change except the addition of the consolidated allowance in 1921.

2. On submitting proposals for the Re-organisation of the entire Department including the Head Office in 1915, the Government were pleased to sanction only the revision of the pay of Sub-Registrars and their clerks with effect from 1st January 1918; (*Vide* Government Order No. J. 1674-8—Regis. 7-14-16, dated 20th November 1917.) The pay of the officials of the District Registry Offices has also been increased lately and given effect to from 1st July 1927; (*Vide* Government Order No. Fl. 6397-8—Regis. 23-26-2, dated 9th February 1927.) Again on a representation that the scale of pay of the Sub-Registrars and of their clerks sanctioned in 1918 was not adequate, the recent revision has been sanctioned in Government Order No. Fl. 1701-10—Regis. 12-27-3, dated 17—18th August 1928.

3. Now what remains to be done to make the re-organisation of the Department complete is to revise the pay of the Establishment of the Head Office, as it is very necessary to remove discontent and improve the efficiency of the officials of the Head Office.

4. Out of the 9 existing hands in the office 2 relate to the Stamp Department and their pay has since been revised in Government Order No. Fl. 1875-6—St. 3-28-2, dated 22nd—24th August 1928.

As regards the others, after a careful consideration of all the aspects of the question, I submit the following scale of pay:—

—	Present pay	Proposed pay	Value	Extra cost
	Rs.		Rs.	Rs.
1 Manager	100	1. Rs. 110—8—150	140	40
1 Head Clerk	67	1. Rs. 80	80	13
1 Deputy Clerk ..	55	1. Rs. 55—4—75	70	15
1 Third Clerk ..	50			
1 Record-keeper ..	35	4. Rs. 35—3—50	185	40
2 Clerks on Rs. 30 ..	60			
1 Mutchi	15	1. Rs. 18	18	3
1 Daffedar	13	1. Rs. 16	16	3
3 Peons on Rs. 10 each ..	30	3. 1 on Rs. 14	14	
		1 ,, 13	13	9
12		1 ,, 12	12	
Total ..	425	....	548	123 or Rs. 1,476 a year.

The present pay of the Manager was fixed at Rs. 100 when the First Grade Sub-Registrars were getting only Rs. 70 so that selection for the Manager's place might be made from among the experienced Sub-Registrars of the First Grade. The pay of the Manager is now proposed to be fixed on the same level as the pay of the upper grade Sub-Registrars recently sanctioned. The pay of the other clerks has been so fixed as to give them scope for promotion and in case of necessity to draft some of them as Sub-Registrars. As regards menials, it is hardly necessary to state that their present pay is altogether inadequate in these days of high prices especially in Bangalore where house rent is exceptionally high. Considering these circumstances the pay now proposed for them cannot be said to be too high as a casual labourer earns more than 8 annas a day.

5. I request that these proposals may kindly be sanctioned with effect from 1st August 1928, as in the case of Sub-Registrars and their clerks and that those for whom progressive pay is recommended may be allowed one increment in advance for each year of service during which the present pay has been drawn by them.

6. The extra cost comes to only Rs. 1,476 a year as per calculations under the rules in the Mysore Service Regulations, and about Rs. 1,230 for 10 months in the current year from August 1928 to June 1929. I request that this amount may kindly be ordered to be met from the lumpsum grant of Rs. 25,000 sanctioned in the current year's budget pending the submission of an allocation statement.

7. A proposition statement in duplicate is herewith submitted.

RAILWAY SECRETARIAT.

Railway Advisory Committee.

ORDER NO. R. S. 1570-1601—RY. F. 224—G. 28-29, DATED MYSORE, 26TH JAN. 1929.

There was a suggestion from one of the members of the Legislative Council at the meeting held in June 1928 that a Railway Advisory Committee might be formed for the Mysore Railways, similar to that existing on other Railways in India. The Government of His Highness the Maharaja of Mysore, after due consideration, are pleased to approve of the constitution of a Railway Advisory Committee for

Mysore Railways and to nominate the following members to it, to serve on the Committee for a period of two years from the date of the first meeting:—

Diwan Bahadur P. Raghavendra Rao, B.A., B.L., Retired Member of Council.
Rao Bahadur N. S. Nanjundiah, President, District Board, Hassan.
Mr. H. C. Basavappa, Member, Mysore Legislative Council, Shimoga District.
Captain Wright, Hunsur Works, Hunsur.
Mr. R. Sundaram Iyer, Vice-Chairman, Mysore Chamber of Commerce.
,, L. S. Raju, M.A., (Hons.) B.L., Director, B. C. L. Ry. Co., Bangalore.
,, Mohamed Sait, President, Merchants' Association, Mysore.
,, C. B. Gopala Rao, President, District Board, Kolar.

The rules for the working of the Committee are as contained as an annexure to this order.

A. A. KHAN,
Secretary for Railways,
Government of Mysore.

ANNEXURE.

RULES RELATING TO THE MYSORE RAILWAY ADVISORY COMMITTEE.

1. *Constitution of Committee.*—The Committee shall consist of a Chairman and not less than six, nor more than ten other members.

2. *Appointment of Chairman and Railway Members.*—The Agent of the Mysore Railways shall be *ex-officio* Chairman of the Committee. The Agent shall appoint a Senior Officer of the Mysore Railways to act for him during his absence.

3. *Election of Members.*—The remaining members shall consist of:—

One Representative of the Legislative Council.
One Representative of the Representative Assembly.
One Elected Member of the Mysore Chamber of Commerce.
A Representative of the Board of Directors, Bangalore-Chikballapur Light Railway.
A Representative of the Merchants' Association, Mysore.
One President, District Board (Non-official) to be nominated by Government.
One Member of the Planting Community to be nominated by Government.
Another non-official gentleman to be nominated by Government.
Assistant Traffic Manager, Mysore Railways.
Assistant Agent, Mysore Railways or Personal Assistant to Agent and Secretary for Railways, Secretary to the Committee.

4. *Terms of Office of Members.*—The members of the Committee shall hold office for a term of two years commencing from the date of the First Meeting. Any person ceasing to be a member shall be eligible for re-appointment on re-election.

5. *Meetings for Transactions of Business.*—The Committee shall meet together and shall from time to time make such arrangements with respect to the day, hour, notice, management and adjournment of its meetings as it may think fit subject to the following conditions :—

(*a*) That a meeting shall be held ordinarily once a quarter.
(*b*) That the Chairman may whenever he thinks fit call for a special meeting.
(*c*) That no business shall be transacted unless at least four members are present throughout such meeting.
(*d*) That every meeting shall be presided over by the Agent if, he is present, if, and when he is absent, by such Senior Officer of the Mysore Railways as may be appointed by him.
(*e*) That minutes shall be kept of the names of the members present, and of the proceedings of each meeting, in a book to be provided for this purpose, which shall be signed as soon as practicable by the Chairman of such meeting, and shall be open to inspection by any member of the Committee.
(*f*) The Chairman may, with the consent of the meeting, adjourn it.

6. *Functions of Committee.*—The functions of the Advisory Committee shall be purely advisory, as its name implies. Questions of personnel, discipline, appointments and transfers will not be brought before the Committee. The Committee shall have no authority to enquire into, or interfere in any way with the general administration of the Railway. The Committee shall have no authority to act as a Conciliation Board. The Agent may, however, at any time, if he thinks fit, ask for the advice of his Advisory Committee on any matter.

In the event of any question arising before the Committee in regard to the limit of its functions, the decision of the Chairman shall be final, subject to any orders that may be issued by the Government of Mysore, to whom the question shall be referred.

7. *Scope of Duties.*—The Committee shall be authorised to discuss and record its opinion on the following subjects :—

(1) Alterations in the Time Table of passenger services.
(2) Alteration in Rates and Fares, and changes of Goods Classification.
(3) Proposals in regard to new projects and extensions.
(4) Proposals in regard to new Rolling Stock.
(5) Any matters affecting the general public interest or convenience.

Any member of the Committee shall be at liberty to suggest subjects for discussion, unless inadmissible under para 6 but the Chairman may rule out any subject for reasons which should be explained at the first meeting after the ruling is given.

8. A copy of the minutes of the meeting shall be furnished to each member of the Committee, to the Government of Mysore and to the Press in the form of a Press Communique.

If in any case the Chairman decides, that he is unable to follow the advice of the majority of the Committee, he shall bring the matter to the notice of the Government of Mysore, when forwarding the minutes of meeting for their perusal.

9. The Chairman shall furnish the members of the Committee with the regular periodical returns of traffic and such other information in regard to the traffic of Mysore Railways as may from time to time be available, and with which they may desire to be supplied.

10. No action shall be taken on any representation of the Committee without the approval of the Agent, unless the Government of Mysore shall in any case otherwise direct. The Agent shall, however, carefully consider all such representation, and so far as he may find them in conformity with the general instructions of the Government of Mysore and likely to be beneficial to the undertaking, and to serve the public convenience he shall endeavour to give effect to them.

11. The Committee shall bear in mind, that while they are invited to act in consultation with the Agent of the Railway Administration with a view to extend the facilities for traffic on the Railway, and increase the convenience offered to the public they are also required to give due weight to the responsibility which rests on the Administration of the Railway to respect the legitimate interest of the Government of Mysore and the Railway Department in maintaining the revenue.

12. The Chairman shall have power to allow any officer of the Railway who is not a Member to be summoned at Special Meetings where his presence is necessary.

13. *Remuneration and Passes.*—Travelling and halting allowances on the same scales as are paid to the members of the Standing Committee for Railways, Public Works and Electrical Departments and Economic Conference will be paid to every non-official member of the Railway Advisory Committee other than the Chairman or any Railway Member for each meeting of the Committee. As regards non-official resident members daily allowance only will be allowed.

14. Passes over Mysore Railways and actual fares over other Railways as are allowed to non-official members of the Standing Committee for Railways, Public Works and Electrical Departments and Economic Conference will be granted to members of the Railway Advisory Committee residing out of Mysore when attending meetings.

BANGALORE, THURSDAY, FEBRUARY 28, 1929.

PART I.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Reviews the Report on Public Instruction in Mysore for the year 1927-28.

READ—

The report on Public Instruction in Mysore, for the year 1927-28, submitted by the Director of Public Instruction, with his letter No. A. R. 69 of 27-28, dated the 20th November 1928.

ORDER NO. D. 8315-74—EDN. 507-28-4, DATED 18TH FEBRUARY 1929.

During the year under report, the designation of "Inspector-General of Education" was changed to "Director of Public Instruction." Mr. N. S. Subba Rao officiated as Director of Public Instruction during the deputation of Mr. K. Matthan to attend the Imperial Education Conference held in London, again when Mr. Matthan acted as Member of Council, and for a third time when he went on leave. Mr. N. S. Subba Rao was confirmed as Director of Public Instruction from 12th June 1928, when Mr. Matthan was appointed Member of Council. A re-organisation of the Higher Inspectorate based on territorial jurisdiction and calculated to secure unity of the District Educational Administration, was brought into effect from 1st November 1927. The re-organisation abolished the posts of Inspectors of Primary and Middle Schools, and of Secondary and Normal Schools, and substituted in their places two Deputy Directors of Public Instruction each with jurisdiction over four Districts. One Deputy Director's charge consists of the Districts of Mysore, Tumkur, Hassan and Chitaldrug with Headquarters at Mysore, and the other of the remaining Districts with Headquarters at Shimoga. These Officers have complete administrative control over all the Educational Institutions in the Districts included in their charge. There is a third Deputy Director of Public Instruction at Headquarters to relieve the Director of Public Instruction of the greater part of administrative routine and leave him free to devote himself to larger questions of educational policy. The educational institutions in the Districts are in the charge of the District Educational Officers with the exception of

the High Schools, which are directly under the Deputy Directors. The Assistant Inspectresses have been relieved of administrative control, and to co-ordinate their work, there is a Lady Assistant at Headquarters directly subordinate to the Director of Public Instruction. There is similarly an Urdu Assistant, who is concerned with questions relating to Muhammadan Education. It is gratifying to note that the re-organisation, as was expected, has brought about a greater unity of control and resulted in a more effective co-ordination of work in the Districts.

The itineration and inspection of the Deputy Directors of Shimoga and Mysore were satisfactory. Those of the District Educational Officers were generally up to the mark with the exception of the District Educational Officers of Bangalore and Mysore, which left much to be desired. As many as 23 schools in the direct charge of the District Educational Officer, Bangalore, were left uninspected. The touring and inspection work of the Assistant Inspectress, Mysore, was far from satisfactory. A large number of schools under the charge of the Assistant Inspectors of the Chikballapur, Nagamangala, Chikmagalur, Narasimharajapura, Shimoga and Tirthahalli Ranges were left uninspected. This is not satisfactory. One thousand and three Educational Institutions were visited by non-departmental officers. It is pleasing to note that these officers are taking interest in an increasing degree in the welfare of the Educational Institutions situated within their spheres of work.

Government note with gratification that private munificence continues to be attracted to educational institutions in such desirable forms as the provision of school buildings, equipment and other facilities.

Statistics.—The total number of both public and private institutions on 31st March 1928, was 8,182, with a strength of 3,21,538 as against 8,212 institutions with 3,19,517 pupils in the previous year. Though there is a decrease of 30 in the number of schools, there has been an increase in their total strength by 2,021. The decrease in the number of schools is reported to be due to the withdrawal of the grants of large number of night schools which were not working. Of the total number of institutions, 4,953 were Government Institutions with 2,28,814 pupils, 96 were Municipal Institutions with 12,185 pupils 2,004 were aided institutions with 62,919 pupils and 1,129 were unaided institutions with 18,094 pupils. The percentage of boys and girls at school to the population of school-going age (taken at 15 per cent of the total population) was 36·58 as against 36·35 in the previous year; that of boys only to the male population of school-going age was 57·32 and that of girls to the total female population of school-going age was 15. The percentage of boys under instruction to the total male population was 8·59, that of girls to the total female population was 2·24 and that of both boys and girls to the total population was 5·48. On an average, there was one school for every 3·6 square miles of area and 716 persons of total population and one out of every 2·7 of the population of school-going age was under instruction.

Expenditure.—There has been an increase in the total expenditure both direct and indirect (including Rs. 9,45,195 spent on University Education) to the extent of Rs. 3,12,517. The total expenditure during 1927-28 amounted to Rs. 64,05,794 as detailed in the margin, against Rs. 60,93,277 in the previous year. Of the total expenditure on education, Rs. 42,53,098 were spent on Government Institutions, Rs. 3,66,800 on aided institutions, 1,32,000 on Municipal Schools, Rs. 3,97,674 on buildings and furniture and Rs. 12,56,222 under the head "general" which included charges on account of direction, inspection, scholarships, and miscellaneous items. The direct expenditure was Rs. 47,51,898 or 74·2 per cent of the total. The following statement gives details of direct expenditure on the different grades of education:—

	Rs.	or Per cent.
State Funds	51,62,113	80·6
Local do	5,19,795	8·1
Municipal do	50,476	0·8
From Fees	4,66,291	7·2
Other sources mainly contributions by aided agencies	2,07,119	3·3

		Rs.	or Per cent.
1.	University Education	6,43,900	10·05
2.	Oriental Colleges— not forming part of the University ..	48,012	0·75
3.	Training Schools	1,92,275	3·0
4.	High School Education	6,21,189	9·7
5.	Middle School	9,99,266	15·6
6.	Primary Education	20,13,011	31·4
7.	Technical Education	2,34,245	3·7

The average cost of education per head of population rose from Rs. 1-0-8 in 1926-27 to Rs. 1-1-5 and of this expenditure Re. 0-14-1 was met from State Funds.

Collegiate Schools.—The University Entrance Classes were abolished from 1st July 1927, in consequence of the opening of the Intermediate courses in the University. Pending the establishment of the Intermediate Colleges by the University the Junior Intermediate Classes were permitted to be opened in the Collegiate High Schools. These Classes have been transferred to the University from the beginning of this year, and the Collegiate High Schools have now become ordinary High Schools.

High Schools.—The number of High Schools for boys remained the same as in the previous year. But the number on the rolls decreased from 7,093 in 1926-27 to 6,710 in 1927-28. This fall, in spite of the insistent demand for more High Schools, requires explanation. To meet the growing demand for the opening of High Schools in the Mofussil, Government have sanctioned from the beginning of the current year the opening of two Municipal High Schools on a grant-in-aid basis, one at Dodballapur and the other at Sagar.

The Director reports that the time now devoted to vocational subjects, *viz.*, four periods a week, is felt by some to be very inadequate. He is requested to examine the position, and submit proposals for improving vocational instruction both in High and Middle Schools, bearing in mind the difference in aim between vocational education in general schools and that in technical and industrial schools. The former is only intended to give a vocational bias to general education to afford pupils to discover their aptitudes and in some cases to provide a general preparation for specialised courses in technical and industrial schools.

The number of candidates registered for S. S. L. C. Public Examination was 2,219. Of these, 2,054 were registered as ordinary candidates and 165 as candidates, seeking supplementary certificates. This is a new feature in the S. S. L. C. Examination and a consequence of the introduction of differential minima for declaring eligibility for college courses of study. Out of the 2,054 ordinary candidates registered, 2.017 were examined and 1,131 were declared "passed" the percentage of passes being 56 as against 62 in the previous year. Of those that were declared to have passed 637 were declared eligible for admission to the college courses of study by the Mysore University, the percentage being 32 as against 40 in the previous year. The percentage of "passes" and of candidates declared "eligible" for college courses have been declining steadily. The Director of Public Instruction is requested to investigate the reason for this decline. The percentage of passes in respect of six* of the Government High Schools fell short of the State average, *viz.*, 56 per cent.

*Government High School, Chikballapur.
Do Davangere.
Do Malleswaram.
Do Shimoga.
Do Tumkur.
Marimallappa's High School, Mysore.

Middle Schools.—The number of Middle Schools for boys rose from 235 in 1926-27 to 240 in 1927-28 and their strength from 20,944 to 22,118. In addition there were also 274 Incomplete Middle Schools with a strength of 5,077 as against 280 with a strength of 4,904 in the previous year. On account of the anomalous position of Incomplete Middle Schools, the policy of the Department is gradually to convert them either into full Middle Schools teaching English or into Vernacular Middle Schools or to reduce them to the Primary Standard. This process was in operation during the year under report.

Five thousand nine hundred and seventy eight students sat for the English Lower Secondary Examination, and 2,136 passed, giving a percentage of 36·6 as against 40·6 in 1927 and 44·02 in 1926. Three thousand six hundred and forty-eight students sat for the Vernacular Lower Secondary Examination and 969 passed, giving a percentage of 26·6 as against 33·9 in 1927 and 31.7 in 1926. Here again, there has been a steady fall in the percentage of passes year after year. The Director considers that the rule recently issued that no school with less than four teachers, one at least of whom should have passed the Upper Secondary Examination, should be permitted to present candidates for the Vernacular Lower Secondary Examination, will reduce the percentage of failures in future years. Government trust that this expectation will be realised. As regards the decline in the percentage of passes in the English Lower Secondary Examination, the Director attributes it to the inadequacy of the staff in rural Middle Schools which makes it necessary for a teacher to handle two classes at a time, and leaves him very little leisure for intelligent preparation and reading. This could hardly be the sole reason as the same handicap existed in previous years. The Director is requested to examine whether the large number of failures is not due partly at least to a falling off in the standard of teaching.

Primary Education.—The number of Primary Schools decreased from 5,658 in 1926-27 to 5,630 in 1927-28 and the strength also from 2,24,372 to 2,21,495. The decrease is due to the fall in the number of aided primary schools. The percentage of boys in the primary classes to the total male population of school-going age was 49·4 as against 45·29 in the previous year and 43·57 in 1925-26. The stagnation of a large percentage of pupils in the Primary Classes not only continues but appears to be on the increase. The chief causes for this stagnation are reported to be the lack of adequate staff, and the inadequacy of the existing scales of pay of Primary School Teachers, which do not attract men with suitable qualifications. Government are aware of the need for additional staff and better qualified teachers, but improvement in this direction is a question of funds and has necessarily to be gradual.

The working of the adult schools is far from satisfactory.

A scheme for the transfer of Primary Education to local bodies was sanctioned in January 1928. According to this scheme, local bodies which contribute one-third of the cost of Primary Education will be entrusted with complete control of such education in their areas, inspection and educational control being reserved to the Department in order to ensure maintenance of the prescribed standards of efficiency. Government expect that local bodies will realise the importance of taking over control of primary education and co-operate with Government in the expansion of Primary Education.

It has been urged on the attention of Government both in the Representative Assembly and the Legislative Council that a scheme should be formulated by which Village Panchayets may be enabled to open and maintain primary schools in their areas. Government recognise the possibilities in this direction and have made an experimental beginning by authorising the District Board of Mysore to open 54 Village Panchayet Schools on a grant-in-aid basis under an arrangement by which the Village Panchayet Committees will be paid a sum of Rs. 100 per annum for the maintenance of the schools which is to be supplemented from their own resources. The Panchayet will exercise complete control over the school, the Departmental Inspecting Officers exercising only the educational supervision necessary to maintain the required standard. If the experiment proves successful, the scheme may be extended to other Panchayets willing to share the responsibility for primary education in their villages.

Special Institutions.—The number of training institutions on 31st March 1928 was eleven as against ten in the previous year, including three for the training of mistresses. In spite of the sustained effort to train teachers, a very large number of teachers still remain untrained. A majority of the trained teachers themselves possess no more than a bare minimum qualification. It is hardly to be expected that the Primary Schools can attain a high standard of efficiency so long as this state of things continues and very rapid improvement is not to be expected in the nature of things; yet Government hope that with the extension of the Lower Secondary Training courses to two years, there will be a gradual rise in the standard of equipment of trained teachers. Refresher courses for teachers who had undergone the Lower Secondary Training course more than five years previously were held during the summer vacations of 1927 and 1928, with a view to acquainting them with the latest developments in primary education, the technique of teaching and different sides of school activity.

Government are glad to note that the School of Engineering is maintaining its efficiency and popularity. The Central Institute for defectives at Mysore continued to do useful work. It is under the active consideration of Government to sanction the construction of a new building on the site acquired for the purpose. When this building is completed, it will be possible to accommodate more pupils in this institution.

The number of Sanskrit Colleges and Patasalas remained the same as in last year, *viz.*, 3 and 51. The strength of the Chamarajendra Sanskrit College, Bangalore, which has been thrown open to all communities was 97. Of this number, 73 were Brahmins, 21 were Lingayets, 2 were Gosais and 1 was a Kuruba. In the 51 Sanskrit Patasalas, there was a total number of 1,711 students, *viz.*, 1,261 Brahmin boys, 123 Brahmin girls, 124 Lingayet boys, 5 Lingayet girls, 51 Vokkaligar boys, 7 Vokkaligar girls, 50 Vaisya boys, 1 Vaisya girl, 26 Jain boys, 5 Jain girls, 5 Kshatriya boys, 1 Kshatriya girl and 50 of other castes.

Women's Education.—The re-organisation of the Higher Inspectorate brought into effect from November 1927, resulted in considerable changes in the personnel and the organisation of the Women Inspectorate. The posts of Inspectress and Deputy Inspectress of Girls' Schools were abolished and the Assistant Inspectresses were divested of administrative work. The work of these Inspectresses now consists purely of the inspection of girls' schools and of carrying out propaganda during their tours with a view to creating an atmosphere favourable to the extension of women's education.

The number of Girls' Schools of all grades remained the same as in the previous year, *viz.*, 788; but the strength of these institutions increased from 37,764 in 1926-27 to 40,332 on 1st March 1928. There were besides, 24,488 girls reading in Boys' Schools. Of the total number of institutions for girls, one was a College, one an Intermediate College, five English High Schools, one a Kannada High School, 25 Middle Schools, 44 Incomplete Middle Schools, 706 Primary Schools, three Training Schools and two Industrial Schools.

It is seen from the statistics that 33·13 per cent of the girls at school are attending boys' schools. The possibilities of the co-education of boys and girls in Kannada Primary Schools, in places where public sentiment is not definitely against it, are being investigated. This scheme of co-education is expected to result in efficiency and economy.

The total expenditure on Women's Education (including University Education) was Rs. 6,16,322.

With a view to supply teachers with professional and cultural equipment, a separate Training Institution for women under the designation of "the Maharani's Training College for Women" has been organised from the beginning of the current year.

Muhammadan Education.—The total number of Urdu Schools, both for boys and girls, was 930, with a strength of 36,531, of whom 10,675 were Non-Muhammadans. In addition to the above, 17,024 pupils were reading in general schools, thus making a total of 42,880 pupils under instruction (29,972 boys and 12,908 girls). The percentage of pupils under instruction to the total population of school-going age was 90·67. In order to afford facilities for Muhammadan girls to take to higher study, a boarding home has been opened as an adjunct to the Urdu Girls' Middle School, Bangalore. It is reported that two Committees of Ladies have been constituted, one at Mysore and the other at Bangalore, to investigate and report on the needs of Urdu Girls' Schools in the State. Government await the recommendations of the Director on their reports. The total expenditure incurred on educational institutions, specially maintained for pupils of this community was Rs. 4,65,000.

Education of the Depressed Classes.—There were 631 special schools in all for the education of the Depressed Classes with a strength of 17,206 pupils, including 2,688 girls. There were besides 5,108 pupils of this community in general schools. It is reported that the opposition to the admission of these pupils to general Middle Schools is waning and about half the number of students in this stage are attending the general schools. The Director has been requested to investigate how far it would be possible to abolish separate Adikarnataka primary schools and admit pupils of the Adikarnataka Community to general primary schools with a view to utilising the staff and equipment thus set free in improving the efficiency of the general primary schools. During the year, another Boarding Middle School was opened at Hassan. A Boarding Middle School for the girls of the Depressed Classes is proposed to be opened at Bangalore from 1929-30.

The Sri Narasimharaja Hostel for Adikarnataka boys at Bangalore is increasing in popularity and the number of boarders on 31st March 1928 was 149. Government wish to reiterate that it is desirable that the pupils of the High School stage should contribute something towards the cost of their education. The Director is requested to examine the question and submit his proposals in the matter.

Scholarships.—The total amount spent on scholarships, excluding those of the University, was Rs. 1,60,984. A sum of Rs. 1,08,000 was as usual provided for giving special encouragement to the children of the Backward and Depressed Classes. In addition, another grant of Rs. 2,000 was made to the Department for awarding

scholarships to the students of minor backward communities who were not benefited by the general scheme. Having regard to the representations made by the members of the Backward Communities both in the Representative Assembly and the Legislative Council, Government have been pleased to sanction an additional grant of Rs. 50,000 for scholarships to the students of these communities with a view to afford further educational facilities for the masses.

Buildings.—The total allotment for buildings during the year 1927-28 including the additional grants sanctioned, was Rs. 3,07,615. Of this, only a sum of Rs. 2,07,195 was spent and nearly a lakh of rupees lapsed. Educational buildings are greatly in demand, and it is unsatisfactory that any lapse should have been permitted in the provision made for the purpose. The Chief Engineer and the Director of Public Instruction are requested to see that such lapses do not occur in future.

Hostels.—Though the number of hostels remained the same as in the previous years, the strength increased from 2,606 in 1926-27 to 2,741 during the year 1927-28. Of the total number of hostels, one was for Christians, one for Maharattas, one for Vaisyas, one for Jains, eight for Vokkaligars, five for Muhammadans, three for Adikarnatakas, 19 for Lingayats, one for Kunchitigas, 3 for Brahmins, and the rest were hostels for all communities.

Other Activities.—The Scout Movement made steady progress during the year. There were 220 scout troops, 27 cub packs and 10 Rover troops with a total membership of 5,283. Two hundred and fifty scouts participated in the All-India Scout Jamboree held at Bombay. The team of Rovers deputed to compete for the All-India Ambulance Trophy at Ajmere won the Gabriel Challenger Brigade Cup and a cash prize of Rs. 50.

The two Physical Inspectors newly appointed held a vacation class in Bangalore for the Drill Instructors with a view to training them in up-to-date methods of physical culture. A vacation class in physical education was also organised for the women teachers under Mrs. Buck.

It is gratifying to note that several of the Municipal Councils are coming forward with their share of contributions towards the scheme of medical inspection of boys. The question of extending the scheme of medical inspection of school children to girls' schools is under the active consideration of Government.

The administration of the Department during the year was satisfactory.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Disposal of Grazing Rights in "Terige" Lands in Amrut Mahal Kavals.

READ—

Correspondence ending with letter No. Roc. 2360 of 27-28, dated 7th December 1928, from the Director of Agriculture, submitting his opinion regarding the manner in which the grazing rights in the "terige" lands of the Amrut Mahal Kavals may be disposed of.

ORDER NO. D. 8192-8200—A. M. 48-27-5, DATED 13TH FEBRUARY 1929.

It has been brought to the notice of Government that the system of disposing of the grazing rights in "terige" lands in Amrut Mahal Kavals by auction has resulted in considerable hardship to the villagers in as much as the bids are unduly forced up through unhealthy rivalry or by moneyed persons who wish to profiteer. In order to remedy this state of affairs, the Director of Agriculture proposes that the right of grazing in such lands may in future be sold for a fixed sum, calculated on the basis of the average realisations of the previous five years, to the villagers or the Servegars, the former being given the first refusal. In case neither of them is willing to pay the required amount, he suggests that the right may be sold by auction as heretofore.

2. Government are pleased to approve the proposal of the Director.

3. Mr. H. Basavaiya, Member, Representative Assembly, Hassan, who brought up this subject for discussion at the Representative Assembly in June 1928, may be informed accordingly, by the Deputy Commissioner, Hassan District.

N. RAMA RAO,
Secretary to Government,
Development Departments.

LAW SECRETARIAT.

Reviews the Administration Report of the Police Department for the year 1927-28.

READ—

Letter No. Per. 73, dated 19th November 1928, from the Inspector-General of Police in Mysore, submitting a Report on the Administration of the Police Department during the year 1927-28 with the required statistics.

ORDER NO. P. 4506-16—POL. 178-28-2, DATED 15TH FEBRUARY 1929.

Recorded.

2. Mr. S. Hiriannaiya, M.A., B.L., was in charge of the Department throughout the year under review.

3. *Principal Measures.*—Among the measures sanctioned during the year were the revision of the rules for punishment by black marks under Rule 137 of the Police Manual, the extension of certain provisions of section 56 of the Police Regulation to the towns of Bhadravati and Shiralkoppa in the Shimoga District, the transfer of the police jurisdiction over Hosdurga and Jagalur Taluks to the Assistant Superintendent of Police, Davangere, and the District Superintendent of Police, Chitaldrug, respectively, the systematisation of the Malnad and Ghat Batta allowances, and the arrangement for the Assistant Superintendent of Police, Railways and C. I. D. supervising the special police staff employed for the prevention of the smuggling of sandalwood in Kolar and Bangalore Districts.

4. *Cognizable Offences.*—During the year, 8,029 cognizable offences of all classes or 123 cases more than in the previous year were reported to the Police. The increase was contributed mainly by the Districts of Kolar and Hassan and the Cities of Bangalore and Mysore, and the Railways. The largest increase was in the Bangalore City, *viz.*, by 344 cases, while the largest decrease was in the Shimoga District, *viz.*, by 201 cases. The improvement in this respect in the Kolar Gold Fields has been steady

during the past three years. The increase where it is noticeable is explained to be due, among other causes, to the stricter enforcement of the Criminal Tribes Regulation, the larger number of cases instituted under the Motor Vehicles Regulation and the proper registration of Crimes, and the decrease generally to greater vigilance exercised by the Police.

5. Inclusive of the cases pending from the previous year, the Police had 11,371 cases to deal with as against 10,982 cases in 1926-27. Of these 51 cases were transferred, investigation was refused in 332 cases, 1,581 cases were declared by the Magistrates to be false or due to mistake of fact or law or non-cognizable, 1,073 cases were returned as undetectable and 316 cases were disposed of otherwise. Out of the remaining 8,018 cases, 3,462 cases ended in conviction and 1,190 cases in acquittal or discharge, leaving 3,366 cases pending at the end of the year as against 3,342 in the previous year, *i.e.*, 336 cases, on "A" reports, 620 cases on "B" reports with Magistrates, and 1,410 cases, against 1,381 cases in the previous year, with the Police. The percentage of convictions to cases decided was 74·42 as against 74·75, *i.e.*, practically the same as in the previous year.

6. *Offences against the State, Public Tranquillity, etc.*—The number of cases under this head dealt with during the year, inclusive of 129 cases pending from the previous year, was 244 against 249 in 1926-27. There was an appreciable fall in the number of cases of unlawful assembly and rioting, *viz.*, from 100 to 40. Of the 244 cases, 114 cases were reported as true as against 88, and 69 cases ended in conviction, as against 47 cases, in the previous year, the percentage being 60·52 as against 53·4. A case of uttering forged currency notes of the denomination of Rs. 100 detected in the Arsikere Taluk was ultimately traced to Bangalore, where certain persons with the aid of a former convict were found to have been making unsuccessful attempts to prepare the plate for counterfeiting. The accused were caught in the act, all the implements were seized, and all of them, except one who was made an approver, were convicted and sentenced to deterrent terms of imprisonment. A case of rioting which created local sensation was reported from Yelandur Town where the Pariwars, who form the majority of the population, are alleged to have attacked the local Mahomedans armed with clubs on the *Bakrid* day. A charge-sheet is reported to have been placed against the accused Pariwars. The previous year's case of rioting at Bharmasagara in the Chitaldrug Taluk ended in conviction during the year under review.

7. *Severe offences against person.*—While the number of cases of murder during the year as compared with the previous year, increased from 59 to 71, cases of 'culpable' homicide and 'attempts at murder' showed a fall, the figures being 23 and 9 respectively against 31 and 10. The total number of convictions for these offences was less than in the previous year, *viz.*, 37 against 39. There was a decrease in the number of cases of grievous hurt and kidnapping by 15 and 2 respectively as compared with the previous year.

8. *Dacoity and Robbery and Housebreaking and Theft.*—It is noteworthy that cases of dacoity and robbery decreased from 93 to 67. The number of cases of housebreaking and theft however increased from 1,529 to 1,567. Under these heads the percentage of convictions to cases returned as true was 31·4 and 27·65, respectively, during the year against 42·4 and 22·3 in 1926-27. A case of robbery in a house in the Jagalur Taluk on the night of 15th April 1927, in which the stolen property consisted of cash and jewels of the value of Rs. 650 is suspected to be the work of a criminal gang from British India and no clue is reported to have been obtained so far towards the detection of the case.

A case of burglary in a temple in the Hiriyur Taluk on 28th August 1927, in which gold and silver jewels valued at Rs. 935 and cash of Rs. 400 were stolen, is reported to have been successfully investigated by the local Police with the result that a substantial portion of the stolen property was recovered and two out of the four accused sent up for trial were convicted.

9. *Cases referred to the Police for enquiry.*—The effect of the instructions issued by the Chief Court in June 1927 in the matter of Magistrates using greater discrimination in referring cases to the Police for investigation is reflected in the appreciable decrease in the number of cases so referred during the year, *viz.*, 285 against 486 in the previous year. The percentage of such cases returned as true was 11·9 as against 8·2 in the previous year, while that of cases reported to be false was 51·9 as against 64·8.

10. *Recovery of stolen property.*—The value of property lost was Rs. 2,40,271-3-4 in 3,189 cognizable cases against Rs. 2,96,488-6-9 in 2,821 cases, and property of the value of Rs. 1,10,819-8-11 concerned in 2,014 cases was recovered as against Rs. 1,43,052-15-2 in 1,750 cases, the percentage of the value of property recovered to that lost being 46·95 as against 48·2 in the previous year.

11. *Preventive action under Section 565, Cr. P. C.*—During the year 33 convicted persons, as against 28 in the previous year, were ordered to notify their residence for terms ranging from 1 to 5 years after their release from Jail. But the improvement is inappreciable, considering the fact that there were 322 persons against whom previous convictions for offences under Chapter XII and XVII of the I.P.C. were proved. Government hope that this precautionary measure will be more largely used in the future.

12. *Offences under the Infant Marriage Prevention Regulation.*—As in the previous year, there were no prosecutions under this Regulation.

13. *Offences under the Juvenile Smoking Prevention Regulation.*—Four hundred and twenty-seven juveniles were warned as first offenders during the year as against 369 in the previous year. In seven cases the shop owners were also prosecuted for selling smoking materials to juveniles. Of these four cases ended in conviction, one in acquittal and the remaining two were pending with the Magistrates. The evil is more widespread than these figures indicate and demands stricter enforcement of the provisions of the Regulation.

14. *Offences under the Coffee Stealing Prevention Regulation.*—As in the previous year there were no prosecutions under this Regulation.

15. *Offences under the Criminal Tribes Regulation.*—One hundred and sixty-two cases involving 171 persons were instituted under the Regulation as against 73 cases involving 75 persons in the previous year. Of these 132 cases involving 147 persons ended in conviction, six cases involving six persons ended in acquittal or discharge, in one case the proceedings were stopped and the remaining 23 cases involving 23 persons were pending trial at the close of the year.

16. *Inspection of Tonga and Jatka Ponies.*—There were as usual half-yearly inspections of Tonga and Jutka ponies conducted jointly by the Veterinary and Police Inspectors. No prosecutions were instituted under Section 57 of the Police Regulation.

17. *Working of the Motor Vehicles Regulation and Rules.*—During the year under review 556 Motor Vehicles were registered under the Regulation as against 361 in the previous year. There were 97 cases of motor accidents against 85 in the previous year, of which 50 were pure accidents. Out of the remaining 47 cases nine ended in conviction, six in acquittal or discharge, three were "B" sheeted, one was compounded and one case was withdrawn and the remaining 27 cases were pending at the close of the year. The most serious of these accidents was the one which occurred at Varuna on the Mysore-T.-Narsipur Road on 29th February 1928 in consequence of a bus plying for hire catching fire and falling into a tank and it resulted in the death of eight persons. The driver of the bus whose negligence was responsible for this catastrophe was prosecuted and has lately been convicted under Section 304, I. P. C. and sentenced to two years rigorous imprisonment. With the number of motor vehicles multiplying rapidly the effective control of motor traffic is becoming more and more necessary and sustained effort is required to tackle the problem. There is considerable room for improvement both in the existing system of control and its practical working and such improvements as are possible can be effected only gradually as experience suggests. To this end a central agency should collect the necessary data by carefully and intelligently tabulating the various causes which contribute to the motor accidents that happen from time to time instead of leaving each case of accident to be dealt with in the usual course without being followed up in its bearing on the remedial measures to be adopted to prevent its recurrence. Improvements in the system of periodical inspection and control over speed at various points are obviously indicated and the Inspector-General of Police is requested to suggest suitable measures in these directions.

18. *Inspection Work.*—The Inspector-General of Police toured in all the Districts of the State and was out in camp for 148 days, inspected the offices of all the District Superintendents and Assistant Superintendents of Police, 38 Taluk Police

Offices, 70 Head Stations, 31 Sub-Stations and 27 Out-Posts. While the inspection work of the Deputy Commissioners of Districts during the year was fair, that of the Superintendents of Police left much to be desired.

19. *Criminal Investigation Department.*—As observed by Government in their review of the report for 1926-27, the Criminal Investigation Department requires re-organisation. The proposals of the Inspector-General of Police regarding this and other allied matters to which he refers in his present report, *viz.*, organization of a Criminal Intelligence Bureau for recording the history of the more dangerous criminals operating in more than one district and of a separate section to watch political activities are awaited.

20. *Cost of the Department.*—The cost of the Police Administration during the year was Rs. 16,29,073-11-11 as against Rs. 16,19,948-2-10 in 1926-27, the increase of Rs. 9,125 in the expenditure being due to the augmentation of the Bangalore City Police Force sanctioned in April 1927.

21. *General.*—Government are glad to note that the Administration of the Department was satisfactory during the year under report. The attention of District Magistrates is invited to the observations in para 26 of the report in regard to the need for greater promptness in the trial and disposal of cases in Courts and it is hoped that they will take suitable steps in that direction.

FINANCIAL SECRETARIAT.

Rates of mileage of all classes of officers for Road Journeys performed by means of buses.

READ—

Proceedings of the Officers' Meeting held at Mysore on 4th June 1928, in the matter of allowing to Inferior Servants actual bus fare plus daily allowance, as the present rate of mileage, *viz.*, 6 pies per mile is not adequate to meet their out-of-pocket expenses.

2. Correspondence ending with letter No. 13—Rys., dated 19th July 1928, from the Comptroller to the Government of Mysore, forwarding a copy of Railway Auditor's letter No. E. A. 34 T. 1820, dated 20th June 1928, suggesting modifications in the rates of mileage of all classes of officers for road journeys performed by means of buses.

ORDER NO. FL. 6132-91—S. & A. 201-28-1, DATED 12—15TH FEBRUARY 1929.

Motor bus service having been established in several parts of the State, the question of suitably revising the rules for the grant of mileage in respect of road journeys performed by buses has been under the consideration of Government for some time past. It has been represented that the existing mileage rate of 6 pies in the case of officers in inferior service is inadequate to meet their actual travelling expenses. On the other hand, it has been pointed out by the Audit Department that the present mileage rates to officers in superior service for journeys by buses are excessive and admit of reduction.

Some revision of the existing arrangement in regard to mileage rates for journeys by buses appears to be necessary and Government consider it desirable to introduce the change tentatively in respect of certain classes of public servants and watch its results before extending it to other officers. Government are accordingly pleased to sanction the following rules for the grant of travelling allowance for road journeys with effect from 1st April 1929:—

(i) Where there is regular bus service between places unconnected by rail, such means of locomotion shall be used by all officers whose salary is less than Rs. 40 (whether in superior or inferior service) unless otherwise authorised by Heads of Offices concerned for reasons to be recorded in writing.

(ii) For journeys by buses, these officers will be allowed actual bus fare of the lowest class plus daily allowance for all distances exceeding 5 miles from Headquarters.

(iii) The District Magistrates will furnish the Comptroller once a quarter with schedules of rates authorised to be charged by bus owners in their respective districts.

This order will be in force for a period of one year. The Comptroller is requested to report the result of its working by March 1930. The question of extending the arrangement with or without modifications to other classes of officers who travel by bus will be considered on receipt of the Comptroller's report.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Countersignature of Travelling Allowance Bills.

READ—

Circular No. R. 5779-86—L. R. 227-20-2, dated 15th November 1920, directing that Travelling Allowance Bills of the Deputy Commissioners for journeys to Mysore in connection with the Representative Assembly meetings and for other journeys beyond their jurisdiction should be submitted to the Revenue Commissioner for countersignature.

2. Letter No. C. 2136—28-29, dated the 10th December 1928, from the Revenue Commissioner, forwarding a copy of letter from the Deputy Commissioner, Chitaldrug District, in the matter of obtaining the sanction of the Head of the Department under Article 41 (a) of the Mysore Service Regulations, for journeys performed outside the District by the Deputy Commissioners to attend the Dasara and Birthday Durbars at Mysore and other periodical meetings held at Bangalore and stating that he is in agreement with the Deputy Commissioner, that it is superfluous to obtain the sanction of the Head of the Department for journeys which are authorised by Government and which are done in pursuance of their instructions and requesting that Article 41 (a), Mysore Service Regulations may be suitably modified.

ORDER NO. Fl. 6423-82—S. & A. 1-28-28, DATED 19TH—21ST FEBRUARY 1929.

In supersession of the instructions contained in circular No. R. 5779-86—L. R. 227-20-2, dated 15th November 1920 read above, Government are pleased to direct that in the case of journeys by officers to Mysore for the Dasara and Birthday Festivities, the countersignature of their Travelling Allowance Bills by the Head of the Department need not be insisted upon as the invitations issued on these occasions are regulated by standing orders, copies of which will be furnished to the Comptroller, any changes therein being also communicated to him.

2. Countersignature may also be dispensed with in the case of journeys performed by the Deputy Commissioners to attend the meeting of officers held annually at Bangalore in February or March.

3. Similarly when officers attend meetings of Special Committees of which they are members, their Travelling Allowance Bills need not be countersigned by the Head of the Department as the Government Orders constituting such Committees are usually communicated to the Comptroller. As regards the periods of halt for such duties, the Deputy Commissioners' certificate may be accepted.

4. If and when the Travelling Allowance Bills include items of journeys other than those specified above, those Travelling Allowance Bills should be subject to countersignature by the Head of the Department under the ordinary rules.

5. Addendum and Corrigendum slip amending Article 41 (a), Mysore Service Regulations, will issue separately.

Initial deposit in the case of purchases of Domestic Basins.

READ—

Government Order No. D. 8020-21—Seri. 41-27-2, dated 30th January 1928, directing the sale of domestic units on the hire-purchase system.

2. Correspondence ending with letter No. D. 4-1884-27, dated 23rd January 1929, from the Director of Industries and Commerce, submitting his report on the suggestion whether the rule requiring applicants for the purchase of domestic units to make an initial deposit of Rs. 200 may not be relaxed, etc.

ORDER No. D. 8389-90—SERI. 84-28-3, DATED 18TH FEBRUARY 1929.

It has been brought to the notice of Government that the rule requiring purchasers of domestic basins to deposit one-third of the cost of the plant under the hire-purchase rules is a hindrance to the popularisation of these basins as in a majority of cases the applicants find it difficult to secure this amount.

2. The Director of Industries and Commerce who was consulted was of opinion that if Government decided to dispense with the initial deposit, the five unit basin might be sold on the hire-purchase system for 60 monthly payments of Rs. 11-8-6 each and single basins for 24 monthly payments of Rs. 5-12-3 each. Government consider that the condition in the hire-purchase rules about the initial deposit acts as an obstacle to popularisation and that the hire-purchase terms sufficiently safe guard the interests of Government. They are therefore pleased to approve the proposals of the Director and direct that the initial deposit be waived in future.

Issuing additional permits to the pump holders for possessing Petrol in Cans.

READ—

Letter No. C. 2-147—28-29, dated the 4th August 1928, from the Director of Industries and Commerce, stating that the special license in Form Q of the Petroleum Rules, now in use for the possession of dangerous petroleum in bulk up to 500 gallons in underground tanks, prohibits the pump holders from keeping petrol in cans in excess of three gallons for the purpose of supplying to customers that may require it in cans, and requesting that he may be empowered to issue additional permits to such pumps holders to keep spare cans of petrol of two gallons each not in excess of five cans at a time.

ORDER NO. D. 8770-78—GEOL. 30-28-4, DATED 25TH FEBRUARY 1929.

Government are of opinion that holders of special licenses in Form Q can only be permitted to keep petrol in cans if they take out also licenses in Form C from the authority empowered to grant them after paying the prescribed fee.

GENERAL SECRETARIAT

Sanctions the revision of the number and scale of the Gazetted Assistants of the Government Press, Bangalore.

READ—

Letter No. 3238, dated 9th April 1928, from the Superintendent, Government Printing, submitting proposals for increasing the superior establishment of the Government Central Press, Bangalore.

ORDER NO. G. 10678-9—P. & S. 56-27-2, DATED 23RD FEBRUARY 1929.

The Superintendent, Government Printing, represents that the work in the Press is daily growing in volume, necessitating the opening of the Press for work both morning and evening almost throughout the year and that this heavy overtime working calls for more efficient and responsible supervision than is available at present. Accordingly he recommends the addition to the existing Gazetted Staff of an Officer of the grade of at least a Sub-Assistant Superintendent to render technical assistance to the Superintendent and to be in responsible charge of the working branches. He also recommends a revision of the grade of the present Sub-Assistant Superintendent, Mr. B. Venkatasubba Rao who reached the maximum of his grade Rs. 150—10—200) last year and has no immediate prospects of promotion as there is no chance of a vacancy in the superior staff of the Press in the near future.

2. On an examination of the working of the Government Central Press and its requirements, Government are satisfied that two Gazetted Assistants are required immediately to cope with the growing volume of work in the Press and Stationery Department. They are therefore pleased to direct that the number of Sub-Assistant Superintendents in the Press be increased from one to two and that the pay of the grade be fixed at Rs. 150—10—250. They are also pleased to direct that Mr. B. Venkatasubba Rao, the Senior Sub-Assistant Superintendent who has been drawing Rs. 200 from 1927 be given one increment in advance from 1st January 1929 and that Mr. B. Krishnaswamy Chetty, the present Chief Foreman, be appointed Sub-Assistant Superintendent and started on the minimum pay of the new grade from the same date. The place of the Chief Foreman will remain unfilled for the present. The financial effect of these proposals will be an increase of Rs. 1,216-10-8 per annum as shown in the appended statement. The extra cost during the current year will be met from the provision for piece-work in the current year's Press Budget and the Comptroller is requested to make the necessary provision for the purpose in future budgets.

R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

Resumption of Inams of Defunct Muzrai Institutions and grant of the same to deserving Institutions.

READ—

Correspondence ending with D. O. letter No. 105 of 1928-29, dated 2nd January 1929, from the Muzrai Commissioner in Mysore, reporting on the subject of resumption of grants of defunct Muzrai Institutions.

ORDER NO. 1769-72—MUZ. 49-28-2, DATED 1ST MARCH 1929.

Instances have been repeatedly brought to the notice of Government in which institutions to which land or cash grants are allowed by Government have ceased to exist and yet their grants are being enjoyed by persons who have no right to them. Cases have also come to notice in which institutions to which land grants are allowed

are in existence, but their Devadaya Inam lands have been alienated and are in the enjoyment of persons who render no service to the institutions concerned. There has been no systematic enquiry into cases of this kind for the resumption or restoration of grants, the unauthorised enjoyment or alienation of which is established. In view of these facts Government have decided to arrange for an exhaustive investigation into all instances of this nature in all the Taluks.

2. In Taluks, in which the number of cases for enquiry is large, a special agency will be employed for the period necessary and its cost will be met from the General Muzrai Fund and in other Taluks the work will be required to be done by the respective Amildars. The Muzrai Commissioner's recommendation for the appointment of an Officer of the status of an Amildar for a period of three months for conducting this investigation in the Taluks of Tirthahalli and Shimoga is approved, and he is requested to submit proposals regarding the Officer to be employed on this work, the staff required for him and the cost for which provision should be made in the Budget of the General Muzrai Fund. He is also requested to report in what other Taluks there is need for this special arrangement and to issue instructions for prompt attention to this work by the respective Amildars in other Taluks where the work is not expected to be heavy. Quarterly reports of the progress of the work should be submitted to Government on the 15th of April, July, October and January.

3. An Inam grant, cash or land, to a religious or charitable institution can be continued to it only so long as the conditions of the grant are duly fulfilled. When an Institution entitled to an Inam grant ceases to exist and the circumstances of the case are such that the resuscitation of the Institution is not necessary, possible or desirable, the Inam allowed to it, should be resumed for failure of service. If the policy of resumption is continued to be enforced in the future as it has been in the past, most of the Inam grants will disappear as, in the natural order of things and in the course of long periods, Old Institutions especially temples fall into disuse. It is desirable to prevent this result as far as possible Old Religious Institutions fall into decay, but new ones come into existence. As fresh grants are not now generally made, the Inam grants, cash or land, of defunct Muzrai Institutions may not be resumed, but may be made available for New Institutions or for Old Institutions the resources of which are insufficient to meet their requirements.

4. Cash or Land Inams, or both, allowed to some Institutions are found to be inadequate for their maintenance and representations are being made for increasing their grants. Charitably disposed persons build New Religious Institutions and apply for Government grants for their maintenance. It is desirable to lay down some general rules according to which such applications might be dealt with.

5. In view of these considerations Government are pleased to issue the following instructions for regulating the disposal of resumed grants:—

(1) Cash and Land Inams of defunct Muzrai Institutions may be granted to Old or New Institutions which are considered deserving of Government help and all such grants required the sanction of Government. Resumed grants, land or cash, will not ordinarily be allowed to Matts.

(2) After resumption and until regranted to other institutions, the cash grants of defunct Muzrai Institutions and also the annual income from their land Inams will be credited to the General Muzrai Fund under a separate head to be opened for the purpose. The Muzrai Commissioner is requested to issue instructions in consultation with the Comptroller for the maintenance in every Taluk of a proper register for showing full particulars of resumed grants, the annual demand on account of them, the realisation of the demand as it falls due and the credit of the amount to the Treasury and its verification with the account of the General Muzrai Fund. When a cash or land Inam brought on this Register is granted to another institution it will be struck off the Register under proper authority.

(3) The resumed cash or land Inams may be granted to Institutions which belong to the same religion as the Old Institutions from which they were resumed and which are in the same District preference, however, being given where possible to Institutions in the same Taluk; and

(4) Inam grants under these rules may be allowed only to Institutions which are meant for the use of the public and which are supported by endowments made by private or public subscriptions.

6. The details of the scheme sanctioned in this order will be reviewed after a period of five years with a view to see if they require any modification.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Directs the publication in the Mysore Gazette of the Annual Accounts of the Mysore University.

READ—

Correspondence ending with letter No. 12714, dated the 20th December 1928, from the Registrar, Mysore University, in regard to the publication of the accounts of the University in the *Mysore Gazette*.

ORDER NO. D. 9024-6—EDN. 346-28-9, DATED 1ST MARCH 1929.

Under Section 19 (3) of the Mysore University Regulation, the accounts of the University, when audited, are to be published together with the Auditor's Report, in such form as may be prescribed by Government and a copy thereof submitted to Government. The question of prescribing the forms in which the accounts of the University are to be published has been considered by Government in consultation with the Comptroller to Government and with the Registrar, *Mysore* University. Government direct that the annual accounts of the University, when audited, be published in the *Mysore Gazette*, together with the Auditor's Report in the forms appended, a copy thereof being submitted to Government soon after such publication.

N. RAMA RAO,
Secretary to Government,
Development Departments.

FINANCIAL SECRETARIAT.

Refund of Initial Deposits.

READ—

Letter No. 7510, dated 12th October 1928, from the Secretary, Insurance Committee, forwarding for sanction, the following Resolution of the Committee passed at their meeting held on 6th October 1928:—

IV. Read representations from a helper in regard to the inconveniences and difficulties experienced by proposers in coming a long way to the Government Treasury to receive refunds of initial deposits paid by them in cases where proposals are rejected on medical or other grounds.

Resolved that all refunds of initial deposits be authorised to be made by the State Huzur Treasury, through Postal Money Orders, the money order commission being deducted from the amount due to the parties. The postal receipts will be filed in the Treasury as proof of the remittance of the Money Order and the Payees acknowledgments will be forwarded to the Insurance Office as voucher for payment.

2. Correspondence ending with Note No. 18353, dated 27th February 1929, from the Insurance Secretary, on the subject.

ORDER NO. FL. 6929-31—G. F., DATED 11—12TH MARCH 1929.

Government direct that such refunds be paid out of the Insurance Office Imprest in cases in which parties ask specifically for payment by Postal Money Orders.

LAW SECRETARIAT.

Ex-officio Magistrates.

READ—

Government Order No. J. 4550-4600—Cts. 312-12-1, dated 10th May 1918, sanctioning a scheme for the separation of Judicial and Executive functions in the State and directing that Assistant Commissioners, Amildars and Deputy Amildars while continuing to be *Ex-officio* Magistrates, shall cease to exercise magisterial functions in practice except such as are really executive in their nature.

2. Letter No. R. O. C. 586—28-29, dated 28th November 1928, from the Registrar, Chief Court, proposing for reasons stated, that Assistant Commissioners and *Ex-officio* Magistrates in charge of Revenue Sub-Divisions may be empowered to try such cases as are referred to them by the District Magistrate when Special Magistrates cannot try the same on personal or other grounds.

ORDER NO. P. 5237-47—CTS. 126-28-2, DATED 18TH MARCH 1929.

The proposal of the Chief Court is approved.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

Revision of the Cadre of Lady Medical Officers.

Read—

Government Order No. G. 1964-74—Med. 52-19-3, dated 27th July 1920, sanctioning a separate cadre for Lady Medical Officers in the State.

2. Correspondence ending with letter No. G. C. 216, dated 18th October 1928, from the Senior Surgeon, regarding the prospects of Lady Medical Officers.

ORDER NO. G. 10658-9—MED. 179-27-3, DATED 22ND FEBRUARY 1929.

Prior to July 1920, all Medical Officers (men and women) were in one cadre. With a view to avoid certain inconveniences and hardships resulting from continuing Lady Medical Officers in the combined cadre for the entire Medical Department, the cadres of men and women Medical Officers were separated and orders were passed in July 1920 sanctioning the constitution of a separate cadre for Lady Medical Officers and prescribing the emoluments of Lady Surgeons and Assistant Surgeons, as well as of Lady Medical Subordinates. The Senior Surgeon brought to the notice of Government that while this separation of cadres removed certain inconveniences, it gave rise to certain fresh ones and he urged for a general revision of the pay of Lady Medical Officers.

2. After a careful consideration of the matter, Government are pleased to direct that the cadre of Lady Medical Officers be revised as indicated below:—

As against the existing scale of—

Two Surgeons	on Rs.	400—50/3—700
Four Asst. Surgeons on	,,	200—20—360
Three Asst. Surgeons on	,,	150—10—200
Four Asst. Surgeons on	,,	300 (under the Malnad Improvement Scheme)

there will hereafter be—

(1) Six Surgeons on Rs. 200—20—400—Efficiency Bar—30—700 to be attached to—

(*a*) The Maternity Hospital, Bangalore.
(*b*) The Victoria Hospital, Bangalore.
(*c*) The Krishnarajendra Hospital, Mysore.
(*d*) The Vani Vilas Hospital, Mysore.
(*e*) The Maternity Hospital, Chikmagalur.
(*f*) The Maternity Hospital, Kolar Gold Fields.

The temporary appointment of Miss C. B. Slater on a pay of Rs. 300 *plus* 200 will count against one of these appointments.

(2) The appointments of Lady Assistant Surgeons on Rs. 200—20—360 will be abolished.

(3) The four appointments of Assistant Surgeons on Rs. 300 under the Malnad Improvement Scheme as also the three appointments of Assistant Surgeons on Rs. 150—10—200 will continue.

(4) There will be a selection appointment of Surgeon on Rs. 750—50—900, which will be filled up by the selection of a Lady Surgeon who is considered specially fit and who has reached the maximum of Rs. 700 and has put in one year's service on that pay. When this Surgeon's place is thus filled up, the number of appointments on Rs. 200—20—400—30—700 will be reduced from six to five.

3. These changes will result in an average addition of Rs. 16,596 per annum to the Medical Budget, as per statement annexed. Since it is not the intention to fill up the appointment of Rs. 750—50—900 for the present, the immediate extra charge will be Rs. 6,156 per annum.

4. With a view to secure uniformity of treatment and regularise promotion in the new grades and so as not to involve hardship to any of the officers concerned, the following principles will be observed in allocating the existing officers and granting increments:—

(*a*) The sex allowance of Lady Surgeons will be abolished.
(*b*) The initial pay of the present Lady Assistant Surgeons and Surgeons who will be put into the new grade will be fixed with reference to their pay *plus* sex allowance.

5. The allowance granted at present to Medical Officers possessing special qualifications will continue to be governed by the rules applicable to men and women as laid down in Government Order No. G. 1993—Med. 1-27-1, dated the 22nd August 1927.

6. The revision will take effect from 1st January 1929. The Senior Surgeon is requested to send up proposals for allocating the officers concerned in the new grades and to indicate the source for meeting the extra cost during the current year.

R. RANGA RAO,
General Secretary to Government.

DEVELOPMENT SECRETARIAT.

Utilisation of Education Cess in Kolar District.

READ—

Government Order No. L. 8941-2—L. B. 67-26-5, dated the 23rd June 1927, sanctioning the levy of Education Cess in Kolar District, at six pies in the rupee on all items of revenue on which local cess is levied, with effect from 1st July 1927.

2. Correspondence ending with letter No. D4 3883—27-28, dated the 31st January 1929, from the Director of Public Instruction, submitting for orders, proposals for the utilisation of Education Cess realised in Kolar District with his remarks on the several resolutions of the District Board.

ORDER No. D. 9615-17—EDN. 326-28-3, DATED 19TH MARCH 1929.

The estimated income from Education Cess in Kolar District is Rs. 90,000. After setting apart one-tenth of the total revenue as a reserve against possible fluctuation, etc., the amount available for expenditure is Rs. 81,000. The District Board, Kolar, who were consulted in the matter of utilising the cess realisations in the District are agreeable to (1) the conversion of 107 aided schools into Government institutions; (2) the opening of 115 new primary schools and (3) the improvement of the staff of 35 of the existing primary schools.

But as the conversion of 7 of the aided schools and the improvement of the staff of 4 of the existing primary schools require further scrutiny, the Director requests sanction for the conversion of 100 aided Primary Schools, the opening of 115 new Primary Schools and the improvement of 31 existing Primary Schools (*vide* lists A. B. C. appended hereto) with effect from 1st June 1929 involving a total recurring and non-recurring expenditure of Rs. 47,265-8-0 and Rs. 34,250 respectively as detailed in the margin, the non-recurring expenditure being met out of the accumulated income for 1927-28 and 1928-29.

	Recurring	Non-recurring
	Rs.	Rs.
1. Conversion of 100 aided Primary Schools.	12,396	15,000
2. Starting of 115 New Primary Schools.	26,926½	17,250
3. Improvement of 31 existing Primary Schools.	7,943	...
Cost of transmission of equipment.	...	2,000
Total ...	47,265½	34,250

The proposals of the Director of Public Instruction, as agreed to by the District Board, are sanctioned with effect from 1st June 1929.

In this connection, the Director of Public Instruction invites reference to the resolution of the District Board to the effect that the cess income may be spent only on Primary Education and states that with the expansion of Primary Education consequent upon the addition of new primary schools, the need for greater facilities for Middle School Education will automatically arise and that it is necessary to increase the existing number of middle schools in the District to meet the demands of the pupils in respect of middle schools.

Government wish to point out to the District Board, Kolar, that it is an accepted principle that Middle School Education and practical instruction are also a legitimate charge on cess funds of the District and that in all other Districts, the cess income is being utilised for Middle School Education as well.

The Director of Public Instruction is requested to forward proposals, in consultation with the District Board, Kolar, in regard to Middle School Education and practical instruction, in connection with the utilisation of the balance of cess realisations.

N. RAMA RAO,
Secretary to Government,
Development Departments.

GENERAL SECRETARIAT.

Grant of a Commission under Section 99, Land Revenue Code, to Mr. B. K. Garudachar.

READ—

Letter No. C. 3365-3367—28-29, dated 18th February 1929, from the Revenue Commissioner in Mysore, recommending the grant of powers under section 99, Land Revenue Code, clauses (*b*), (*d*), (*e*) and (*f*) to Mr. B. K. Garudachar to be exercised in respect of his Inam villages noted in the margin.

Name of village.	Taluk.
1. Taralu ...	... Kankanhalli.
2. Kyalasanahalli ...	... Anekal.
3. Vajaragalli ...	... Bangalore.
4. Kadarenahalli ...	... Do

ORDER NO. R. 7801-2—L. R. 541-28-2, DATED 27TH MARCH 1929.

Government are pleased to issue the accompanying Commission to Mr. B. K. Garudachar.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Commission granted under Section 99 of the Land Revenue Code Regulation IV of 1888.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. B. K. Garudachar the following powers specified in clauses (*a*), (*b*), (*d*), (*e*), and (*f*) of section 99 of the Mysore Land Revenue Code to be exercised within the limits of the Inam Villages of (1) Taralu, Kankanhalli Taluk, (2) Kyalasanahalli, Anekal Taluk, (3) Vajaragalli and (4) Kadirenahalli, Bangalore Taluk.

Clause (*a*) to demand security for the payment of the Land Revenue or rent due to you and if the same be not furnished, to take such action, as the Deputy Commissioner is authorised to take under section 147 to 149 except the power to fine under para 3 of section 149 or to sell the crop under section 149.

(*b*) To attach the property of persons making default in the payment of Land Revenue or rent due to you in the said villages.

(*d*) To exercise the powers of a Deputy Commissioner under sections 63 and 64.

(*e*) To receive notices of relinquishment under section 71 and to determine the date up to which such notices shall be received as in that section provided, and

(*f*) to take measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in section 130.

II. The above mentioned powers delegated to you are vested in you during the pleasure of, and subject to recall by, the Government of His Highness the Maharaja of Mysore.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Appreciation of the good work of the Superintendent, Government Printing and the staff of the Government Press in printing the Evidence and Report of the Bangalore Disturbances Enquiry Committee.

READ—

Correspondence ending with letter No. P. 2535, dated 22nd February 1929, from the Superintendent, Government Printing, recommending sanction to the grant of a month's pay as bonus to certain members of the Press staff who worked in connection with the printing of the Evidence and Report pertaining to the Bangalore Disturbances Enquiry Committee.

ORDER No. G. 12564-5—P. & S. 70-28-4, DATED 8TH APRIL 1929.

The main grounds on which the recommendation of the Superintendent is based for the grant of a month's pay as bonus to certain members of the staff of the Press for attending to the printing work relating to the Bangalore Disturbances Enquiry Committee are the following:—

(1) That the work was a phenomenally heavy one, entailing continuous work for full four months for about ten hours a day;

(2) that the evidence portion has come up to 1,500 pages in foolscap size and the report portion to 60 pages in royal octavo size and these have locked up about 10½ tons of type;

(3) that the resources of the Press in men and materials were so organised that proofs of each day's evidence were being given day to day in a complete form so that the entire proofs were in the hands of the Committee almost on the day it closed the evidence: and

(4) That the execution of this un-precedentedly heavy work would not have been possible but for the whole-hearted loyalty and devotion to work shown by the members of the staff from morning till evening for full four months.

2. After a careful consideration of the matter, Government observe that, as all the members of the staff of the Press except the Chief Foreman have been in receipt

of over-time allowances for the work done by them beyond the usual office hours, no case is made out for the grant of a bonus to them as recommended by the Superintendent. At the same time, Government realise that considerable stress and strain must have devolved on the Superintendent and the entire staff in supervising the work and getting it through with commendable promptitude. They therefore wish to place on record their appreciation of the good work turned out by the Superintendent and his staff in this direction.

Depressed Class House Building Co-operative Societies.

READ—

Government Order No. D. 65-66—C. S. 160-26-2, dated the 12th June 1927, sanctioning a sum of Rs. 10,000 for granting loans during 1927-28 to Depressed Class House Building Co-operative Societies, at five per cent interest, repayable in ten years in half-yearly equated instalments.

2. Letter No. 3257—C. S., dated the 22nd December 1928, from the Registrar of Co-operative Societies in Mysore, recommending that a sum of Rs. 20,000 may be placed at his disposal for two years, for granting loans to the Depressed Class House Building Co-operative Societies free of interest and repayable in fifteen annual instalments, with power to him to sanction up to Rs. 2,500 per Society out of this amount.

ORDER NO. D. 10173-4—C. S. 63-28-2, DATED 4TH APRIL 1929.

Government are pleased to sanction the placing of a sum of Rs. 10,000 per annum at the disposal of the Registrar of Co-operative Societies for the purpose of granting loans to Depressed Class House Building Societies. The necessary condition for the grant of such loans should be, that there should be in existence at the place a successful credit Society through which the loan should be granted.

Government are also pleased to empower the Registrar to sanction loans up to Rs. 2,500 per Society, provided there is adequate guarantee for the repayment of the advance, which may be made repayable in fifteen annual instalments. These loans will be granted free of interest for the next three years.

Special Licenses for the Possession of Dangerous Petroleum.

READ—

Government Order No. I. C. 2118-27—Geol. 29-26-2, dated the 28th September 1926, prescribing a form for the issue of special licenses for the possession of dangerous petroleum in receptacles containing more than 65 gallons, but not more than 2,000 gallons referred to in Rule 6 Chapter IV of Part II of the Petroleum Rules.

2. Correspondence ending with letter No. C^2 147—28-29, dated 28th January 1929, from the Director of Industries and Commerce, stating that the special form "Q" introduced in Government Order dated 28th September 1926, does not answer the purpose in cases where the capacity of the tank is in excess of 2,000 gallons, and since cases had arisen in which licenses in excess of that quantity had been asked for, and suggesting certain amendments to the existing Rule 6 of Chapter IV to avoid inconvenience and to bring the rule in conformity with the one in force in British India.

ORDER NO. D. 10424-33—GEOL. 95-27-10, DATED 11TH APRIL 1929.

The limit of 2,000 gallons fixed in Rule 6 Chapter IV of the rules under Regul tion I of 1923, leads to certain anomalies in practice, to avoid which, the Director Industries and Commerce has recommended the adoption of a new form. But th expedient will not meet the case, and Government are of opinion that it is necessa to amend both Rule 6 and form "Q" in such wise as to render it possible to grant special license under the amended rule in the same form for storing any reasonab quantity of dangerous petroleum in excess of 65 gallons. They are according pleased to direct as follows:—

Rule 6 Chapter IV shall be amended by the omission of the words "but not more than 2.0 gallons each."

Notification amending Rule 6 Chapter IV, and revising form "Q" will be published separately.

Vacancies in the Tutorial Staff of the University.

READ—

Government Order No. 1411-12—C. R. B. 6-28-1, dated 7th August 1928, issuing certai instructions for regulating appointments in the Tutorial Staff of the Mysore University.

Letter No. 18840, dated 18th March 1929, from the Registrar, Mysore University, stating amon other matters, that the procedure to be followed in cases where a Brahmin and a Non-Brahmin of near equal qualifications are candidates for the same vacancy is not made explicit in the Government Orde dated 7th August 1928 read above and that the council is of opinion (unanimously) that a Backwar Community candidate should be preferred to another of approximately equal qualification.

ORDER NO. 7872-74—C. R. B. 6-28-4, DATED 13TH APRIL 1929.

Agreeing with the opinion of the University Council which is in conformity wi the resolution of the Central Recruitment Board referred to in para 2 of the Gover ment Order dated 7th August 1928 read above, Government are pleased to direct th in making selection of candidates for vacancies in the Tutorial Staff of the Universit preference should be given to persons belonging to Backward Communities if the qualifications are approximately equal to those of other candidates.

Appointment of a Deputy Registrar of Co-operative Societies for Land Mortgage Banks.

READ—

Government Proceedings No. G. 11438-44—Sany. 30-26-7, dated 10th April 1928, passing orders about the establishment of a Land Mortgage Bank at Bangalore and directing that the duties of general supervision and control over the operations of the Bank be entrusted to an officer to be designated Director of Land Mortgage Banks.

2. Government Order No. G. 13109-28—Sany. 81-27-1, dated 22nd May 1928, appointing the Director of Industries and Commerce as the Director of Land Mortgage Banks also and requesting him to take necessary further action for the establishment of the Land Mortgage Bank at an early date.

ORDER No. G. 12698-716—SANY. 21-28-15, DATED 12TH APRIL 1929.

The Director of Industries and Commerce who under the second order read above has been entrusted with the work of organising the Land Mortgage Bank has taken some considerable preliminary action in the matter, but Government consider that on account of the heavy duties of his own Department, he cannot devote as much time to the work relating to the Land Mortgage Bank as its importance and urgency require. Government also consider that in response to the general desire expressed by the Members of both the Legislative Council and the Representative Assembly, the scheme should be brought under the Mysore Co-operative Societies Regulation and the institution placed under the control of the Registrar of Co-operative Societies. As, however, the Registrar also has his hands full just as the Director of Industries and Commerce, Government consider it necessary to appoint a whole-time officer for the purpose of organising and supervising the work. They are therefore pleased to create the appointment of a Deputy Registrar of Co-operative Societies to help the Registrar in connection with the Land Mortgage Banks. The appointment is sanctioned for a period of two years in the first instance. This officer will work under the general control of the Registrar, but will be responsible for all the details connected with the work.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Boarding Middle School for Adikarnataka Girls.

READ—

Correspondence ending with letter No. As. 5017 of 28-29, dated the 30th March 1929, from the Director of Public Instruction in Mysore, stating that preliminary arrangements are being made to open an Adikarnataka Girls' Boarding Middle School at Bangalore from the beginning of the next school year and requesting sanction for opening of the Boarding Middle School, the required provision therefor being included in the next year's budget.

ORDER No. D. 10316--17—EDN. 920-28-2, DATED 6TH APRIL 1929.

In view of the need for the opening of a Boarding Middle School for the Adikarnataka Girls, the Director of Public Instruction has submitted proposals for the opening of one such School at Bangalore for thirty pupils at a cost of Rs. 9,836 recurring per annum and Rs. 1,900, non-recurring as detailed in the statement appended. As only the first two Middle School Classes will be opened to start with and admissions will be limited to twenty pupils, there will be savings in staff and other expenditure and the provision necessary in the budget of 1929-30 will be Rs. 6,796 recurring and Rs. 1,900 non-recurring for purchase of vessels, furniture, etc.

Government are pleased to sanction the opening of a Boarding Middle School for Adikarnataka Girls which would eventually cost Rs. 9,836 per annum recurring and

Rs. 1,900 non-recurring expenditure as detailed in the statement referred to above. They further direct a sum of Rs. 8,696 required for the purpose during the next year be included in the budget of 1929-30.

N. RAMA RAO,
Secretary to Government,

GENERAL SECRETARIAT.

Delegation of power to the Revenue Commissioner in respect of clubbing together adjacent villages.

READ—

Letter No. C. 2551—28-29, dated 26th—28th January 1929, from the Revenue Commissioner in Mysore, recommending sanction to the merging of Dasanapura Bechirak village with Yenagumba village, Haradanahalli Hobli, Chamrajnagar Taluk, and proposing that the power of clubbing together adjacent villages may be delegated to the Revenue Commissioner.

2. Un-official No. 135, dated 4th March 1929, from the Superintendent, Revenue Survey in Mysore, in the matter.

ORDER No. R. 8360-419—L. R. 526-28-2, DATED 18TH APRIL 1929.

It is reported that the two villages of Dasanapura and Yenagumba are contiguous and there is a single Patel and Shanbhog for them. Further it is stated that there are only 12 Khate numbers, with 28 survey numbers and a cultivable area of 112 acres and 15 guntas assessed at Rs. 148-8-0 in Dasanapura village. In the circumstances reported, Government are pleased to approve of the Revenue Commissioner's recommendation.

2. With regard to the delegation of power to the Revenue Commissioner in respect of clubbing together adjacent villages, Government are pleased to approve of the same, subject to the condition that orders in such cases should be passed by the Revenue Commissioner in consultation with the Superintendent, Revenue Survey and where both the officers concur in the proposed change.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Revised instructions in the matter of the preference to be shown to Candidates belonging to Depressed Classes in filling up vacancies in Government Offices.

READ—

The marginally noted Government Orders in the matter of appointment of candidates of depressed classes to vacancies in Government Offices and the preference that should be shown to them over candidates of other communities.

1. Government Order No. 3809-80—E. A. 41-21-1, dated 20th February 1922.
2. Do letter No. E. 3164-214—C. R. B. 2-26-4, dated 10th December 1926.
3. Do Order No. 5770-830—C. R. B. 5-26-1, dated 10th June 1927.
4. Official Memorandum No. 123-373—C. R. B. 1-28-1, dated 10th July 1928.

2. Resolution passed by the Central Recruitment Board on 1st February 1929, on the same subject.

ORDER No. 7993-8142—C. R. B. 1-28-4, DATED 22ND APRIL 1929.

Reports have reached Government that the instructions issued in the several orders read above have given rise to divergent views as to the principles that should be adopted in selecting candidates belonging to depressed classes for appointment to vacancies in Government Offices. With a view to remove all doubts in the matter, Government are pleased to issue the following instructions in supersession of all previous orders on the subject:—

In the case of General Vacancies open to candidates of all communities, candidates possessing the highest qualifications should be preferred for appointment as heretofore irrespective of the communities to which they belong; and candidates of depressed classes possessing the minimum qualifications prescribed for the particular appointment need not be shown preference over others possessing better qualifications.

In the case of Special Vacancies open to candidates of all Backward Communities, candidates of depressed classes possessing the minimum qualifications prescribed, should be shown preference over candidates of all other communities though the latter may possess higher qualifications.

DEVELOPMENT SECRETARIAT.

Loans to Co-operative Societies for stocking for sale Improved Agricultural Implements, Seeds and Manures.

READ—

Government Order No. I. C. 8139-51—A. & E. 60-24-6, dated the 30th March 1925, sanctioning tentatively for a period of two years a scheme for the grant of loans to Co-operative Societies through the Registrar of Co-operative Societies to enable them to stock for sale improved agricultural implements, seeds and manures.

2. Government Order No. D. 10442-4—A. & E. 16-26-13, dated the 28th March 1927, sanctioning the recommendation of the Registrar of Co-operative Societies in Mysore, to entrust the business of granting the loans referred to in the Government Order read above to the Apex Bank on certain conditions.

3. Letter No. C. 698—Hc. 240 of 28-29, dated the 14th September 1928, from the Director of Agriculture in Mysore, recommending the continuance of the scheme sanctioned in the first of the Government Orders read above on a permanent basis as it is working satisfactorily.

4. Correspondence ending with letter No. 3473 C. S., dated the 5th January 1929, from the Registrar of Co-operative Societies, stating that the Apex Bank is agreeable to continue to finance the Societies at 5 per cent per annum, provided Government continue the cash credit sanctioned in the second of the Government Orders read above and recommending in the circumstances stated, sanction for the arrangements ordered in the latter Government Order being made permanent with the modification that the cash credit be raised to Rs. 15,000 as the demand for such loans is steadily increasing.

NO. D. 10783-5—A. & E. 98-28-5, DATED 20TH APRIL 1929.

The recommendations of the Registrar of Co-operative Societies are sanctioned, the cost during the current year being met out of the lump sum provision of Rs. 1,50,000 for loans to Co-operative Societies.

Recruitment and Training of Revenue Inspectors.

READ—

Government Order No. R. 1372-81—L. R. 393-22-6, dated 20th August 1924, sanctioning a scheme for the direct recruitment of Probationary Sheikdars.

2. Letter No. C. 2520—28-29, dated 7—8th December 1928, from the Revenue Commissioner in Mysore, submitting proposals regarding the recruitment and training of Revenue Inspectors.

ORDER NO. R. 8624-33—L. R. 165-28-19, DATED 19—20TH APRIL 1929.

The Revenue Commissioner reports that the selection of the Revenue Inspectors, who are promoted from the subordinate staff, has not been made, at present, with due regard to efficiency, and that even those who are directly recruited by the Deputy Commissioners are not compelled to undergo proper training. As a consequence there are stated to be a large number of Revenue Inspectors, who are found to be quite unfit for their charges. He therefore proposes that:—

(1) fifty per cent of the vacancies of the Revenue Inspectors should be reserved for promotion to the subordinate staff and the remaining 50 per cent should be filled up by the direct recruitment;

(2) direct recruitment by the Deputy Commissioners of Districts to the grade of Revenue Inspectors may be done away with, as it is not always possible for them to secure proper men owing to the limited field of their choice, this power being vested in the Revenue Commissioner only;

(3) no person, who is more than 40 years of age should be made a Revenue Inspector even by promotion;

(4) the Deputy Commissioners of Districts should report to the Revenue Commissioner by the end of December of each year the probable number of permanent vacancies that may occur in the coming year, and that on ascertaining the total number of vacancies for the State, applications should be called for by the Revenue Commissioner to fill up 50 per cent of the total number by direct recruitment;

(5) seventy-five per cent of the appointments made by direct recruitment should be reserved for members of the backward classes;

(6) with regard to filling up vacancies in each District, preference is to be given to the persons coming from that District, so that at least one candidate, if available, may be selected from each District, in order that adequate facilities may be given for candidates from all Districts;

(7) at least twenty persons may be appointed as Revenue Inspectors every year; and

(8) all persons appointed as Revenue Inspectors hereafter whether by direct recruitment or by promotion should be required to undergo the prescribed training, including training in Agriculture and in the compilation of statistics.

2. Government are pleased to approve of the Revenue Commissioner's proposals with the following modifications:—

(*a*) only one in three vacancies should be filled up by promotion, the other two being filled up by direct recruitment;

(*b*) the number of Revenue Inspectors to be recruited every year need not be fixed at 20 but should be determined with reference to the prospective vacancies and the budget provision made for their training;

(*c*) the necessity for prescribing a compulsory course of training in Agriculture and in the compilation of statistics may be further examined.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

FINANCIAL SECRETARIAT.

Grant for Irrigation Works.

READ—

Government Order No. 724-741—Camp Mysore, dated 17th October 1926, sanctioning a triennial programme of construction and restoration of Irrigation Works.

ORDER NO. FL. 7714-63—G. F. 149-28-1, DATED 19TH APRIL 1929.

In the order read above, Government laid down a policy of continuous attention to the construction of Irrigation Works and the restoration of tanks in the State and sanctioned a programme of their execution.

2. The annual outlay during the past three years has risen from Rs. 6½ lakhs to Rs. 10 lakhs. The budget grant during the current year for Irrigation Works charged directly or indirectly to Revenue is 14 lakhs financed from the following sources:—

		Rs.
1.	Grant from current revenue	4 lakhs.
2.	Interest on Famine Insurance Fund	3 ,,
3.	Irrigation Capital Reserve	1 1/3 ,,
4.	Contribution from Irrigation Cess Fund	5 2/3 ,,
	Total ..	14 lakhs

3. Irrigation Works have not received in the past as much attention as they deserve and Government consider that the existing financial arrangements for their construction should be improved.

4. Restoration of tanks has proved a perennial problem. Repairs of old Irrigation Works are heavily in arrears. The cost of restoration of all old tanks in the State is not likely to be less than a crore and half of rupees. Even if the programme of restoration of these works is spread over a period of 25 to 30 years, the annual demand on this account alone cannot be less than Rs. 5 or 6 lakhs.

5. In addition to the requirements of restoration, there are demands on account of construction of new works and the incidental establishment charges. Irrigation Works are mostly protective in their character and what return they can yield is often deferred and it is also less than the interest on Capital invested on them. It is therefore desirable to increase the contribution from General Revenues for meeting wholly or partially the cost of large Irrigation Works which cannot satisfy the conditions of productive works.

6. Government accordingly direct that the annual grant to be allotted from General Revenues towards Irrigation Works including the interest income on the Famine Insurance Fund be fixed at a minimum of Rs. 10 lakhs with effect from the next official year.

7. The requirements on account of restoration works and establishment charges shall be the first charge on this annual grant, and the balance if any, after meeting these demands together with the contributions from the Irrigation Capital Reserve, the Irrigation Cess Fund and other sources will be utilised on new works of construction. The grant unspent in a year will not lapse but will be funded and will be available for expenditure on Irrigation Works in future years.

8. The acreage contributions now classified as receipts under XIII Miscellaneous will also be shown as a lumpsum grant under 23 Irrigation Works charged to revenue, for being utilised on the works for which they are intended.

9. Outlay on Irrigation Works including ordinary maintenance and repairs are now financed from the following sources:—

1. Capital Funds.
2. Current Revenues.
3. Reserves formed from past surpluses.
4. Contributions from raiyats and other sources.
5. Irrigation Cess Fund.
6. Loans and Advances, recoverable from raiyats.

10. Government consider it desirable to present, as one whole, all operations in regard to Irrigation Works. And for this purpose there should be a separate appendix to the General Budget dealing with all Irrigation Works including those financed from borrowed funds and also from Loans and Advances made by Government.

11. The Irrigation appendix to the General Budget will consist of the following parts:—

1. Outlay on Capital Works.
2. Irrigation Works charged to Revenue.
3. Maintenance works and repairs chargeable to the Irrigation Cess Fund.
4. Works of restoration and maintenance of minor tanks to be undertaken by raiyats but financed from loans and advances from Government in the first instance.

Expenditure on works coming under part (1) will represent the Irrigation Capital Budget under the present arrangement.

Part (2) will replace the present budget under 23 Irrigation Works charged to revenue.

It will contain the following particulars of grants and appropriations:—

Appropriations.

		Rs. a. p.
1.	Original Works (Major)	
2.	Original Works (Minor).	
3.	Restoration of Minor Tanks	
4.	Repairs	
5.	Establishment	
6.	Tools and Plant	
7.	Suspense	
	Total ..	

Grants.

Lumpsum grant from General Revenues:—			
Irrigation Capital Reserve	..	..	..
Irrigation Cess Fund	..	..	..
Other contributions	..	..	..
		Total	..

The figures under class (3) will follow the Irrigation Cess Fund Budget which will continue to be separately sanctioned in the Revenue Department.

Works under class (4) will comprise those which are financed from the provision made in the Ways and Means budget under loans and advances and the cost of which is ultimately recoverable from raiyats under the Tank Maintenance Rules and Minor Tank Restoration Scheme.

12. The Comptroller is requested to give effect to the foregoing directions of Government in preparing the budget of next year and submit for the approval of Government in consultation with the Chief Engineer and the Revenue Commissioner a set of detailed rules for the guidance of all officers in the preparation of the Budget and Accounts of expenditure on Irrigation Works.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Duties of Boards of Visitors of Local Fund Dispensaries.

ORDER NO. G. 13327—MED. 62-27-43, DATED 26TH APRIL 1929.

The functions of the Boards of Visitors of Local Fund Dispensaries, appointed under Government Order No. G. 46-59-70—Med. 6227—37, dated 10th October 1928, will be as detailed in the appendix attached to this order.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Appendix.

Duties of the Boards of Visitors of Local Fund Dispensaries.

1. The Boards shall visit the Dispensaries once a month on a date to be fixed by them and preferably the third Saturday of every month in the morning, between 8 and 10.

2. No business will be transacted by the Boards unless at least two members thereof are present.

3. The Medical Officers in charge of the Dispensaries will send notices of the date of visit to the members of the Boards a week in advance.

4. It will be the duty of the Boards to hold enquiry into complaints from the public against the working of the institutions in so far as it may relate to the convenience and comfort of the patients or to the popularity and usefulness of the institutions and to make suitable recommendations to the Senior Surgeon.

5. Other matters cognisable by the Boards will be such as pertain to sanitation, adequacy or otherwise of accommodation, hours of hospital attendance for out-patients, whether there is any delay in attending to patients, and such other matters (excluding those of a purely professional nature) as affect the well-being of the patients.

6. The Boards will have no power to interfere in any way with the disciplinary control of the Medical Officers over the staff of the Dispensaries or with any work or records of a purely professional nature.

7. The Medical Officers in charge will be bound to afford facilities to the Boards by complying with all reasonable requisitions for information, etc., and will be themselves present at the meeting, if called upon to do so.

8. The Boards may submit their recommendations and proposals for improving the usefulness of these institutions to the Senior Surgeon in Mysore, who will submit them whenever necessary for the information of Government with his remarks thereon.

Non-official Visitors to Local Fund Dispensaries.

READ—

Government Order No. G. 4659-70—Med. 62-27-23, dated 10th December 1928, according sanction to the appointment of Boards of Non-official Visitors to certain Dispensaries outside District Headquarters and requesting the Senior Surgeon to send up in consultation with the Deputy Commissioners proposals for constituting the said Boards.

2. Correspondence ending with letter No. G. C. 9-28, dated 8th April 1929, from the Senior Surgeon, submitting proposals in regard to the personnel of the Boards of Visitors to the Local Fund Dispensaries at Seringapatam and Yedatore.

ORDER NO. G. 13422-6—MED. 62-27-44, DATED 30TH APRIL 1929.

The personnel of the Boards is approved and appended to this order. The term of office of each member will be two years.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

APPENDIX.

DEVELOPMENT SECRETARIAT.

Special Examinations in Music.

READ—

Correspondence ending with letter No. A3-5883 of 27-28, dated the 22nd February 1929, from the Director of Public Instruction in Mysore, submitting for the approval of Government, a set of rules for conducting Special Examination in Music.

ORDER NO. D. 10968-70—EDN. 794-28-2, DATED 23RD APRIL 1929.

At present, music is taught to girl students in all the High and Middle Schools and also some Primary Schools. The Director of Public Instruction has brought to the notice of Government that it is difficult to get competent teachers of music, as the attainments required of them are not standardised. Selection has often to proceed on insufficient material, and the men appointed are frequently not quite up to the desired standard.

Two special examinations for music teachers were held—one in the year 1923 and the other in 1925—and altogether 83 persons passed at them; but there are still about 200 teachers whose fitness to teach music remains to be verified. It is desirable that special examinations in music, based on definite and well-considered standards should be instituted, not only to test and train teachers of music in educational institutions, but also to meet the needs of persons desirous of obtaining certificates of proficiency, after a successful examination in music.

With this object in view, the Director has submitted for the approval of Government a set of rules relating to special examinations in music, and suggested the formation of a Board consisting of the marginally noted ladies and gentlemen for conducting the examinations.

1. The Director of Public Instruction (Chairman) *Ex-officio*.
2. Mr. T. G. Rama Iyer, B.A.
3. ,, H. Yoganarasimham, M.A.
4. ,, R. Ananthakrishna Sharma.
5. ,, H. P. Krishna Rao, B.A.
6. ,, M. Anantha Sastry.
7. Sri Abhayambal, M.A.
8. The Lady Assistant to the Director of Public Instruction (*Ex-officio*).
9. Mr. Muthiah Bhagavathar.
10. Miss Leelavathi Ranga Rao.

The Director requests sanction for the scheme of examination, the holding of the First Examination from May 1929, the inclusion of Rs. 300, 250 towards fees to examiners and Rs. 50 for contingent expenditure for expenses, in the budget of 1929-30 and future years, and the printing of the requisite registers and forms required for the purpose at the Government Press.

Government are pleased to approve the scheme as a whole, and to sanction the appointment of the Examination Board for music, as recommended by the Director of Public Instruction. The members of the Board, other than those who are appointed *Ex-officio* will hold office for a period of three years. Government also direct that a provision of Rs. 300 (Rs. 250 towards fees to examiners and Rs. 50 for contingent expenditure) be made in the budget for 1929-30 and for the two succeeding years. The question of continuing the scheme thereafter will be decided on receipt of a report from the Director of Public Instruction which should be submitted about the end of 1931.

The Superintendent, Government Printing, is requested to supply on indent the registers and forms required for the purpose.

N. RAMA RAO,
Secretary to Government,
Development Departments.

RULES FOR THE CONDUCT OF EXAMINATIONS IN MUSIC.

1. There will be two sections of the Examination, *viz.*, Vocal, Instrumental, and three Grades of Examination under each section, *viz.*, junior, senior and proficiency.

NOTE.

(*a*) The instruments recognised for the purpose of instrumental music are (i) the Veena, (ii) the Violin, and (iii) the Flute. Candidates intending to offer other instruments may do so only after obtaining previous permission from the Secretary of the Board, in the month of December preceding the examination.

(*b*) No candidate shall be permitted to offer the Harmonium for instrumental music, but the Harmonium may, however, be used for purposes "Sruthi" only.

(*c*) Special consideration will be shown to candidates who are able to sing to the Sruthi of the Tamboora.

2. The examinations shall be conducted by a Board consisting of ten members, including the Director of Public Instruction and the Lady Assistant to the Director of Public Instruction, who shall be the *Ex-officio* President and Secretary of the Board, respectively.

3. The Board shall be appointed by the Director of Public Instruction for a period of three years, the members being eligible for re-appointment.

4. The Board shall arrange for the conduct of the examinations and the award of the certificates in accordance with the provisions contained in these rules.

5. The examination shall be held in Mysore and such other centres as may be notified, about the middle of May each year.

6. (*a*) The Junior Grade Examination shall be open to all persons who have successfully completed the four years' primary course, or who are certified to be able to read and write Kannada with ease, by an Officer of the Education Department who is not lower in status than an Assistant Inspector of Education.

(*b*) The Senior Grade Examination shall be open to all persons who have passed the Junior Grade Examination in any branch either instrumental or vocal.

(*c*) The Proficiency Grade Examination shall be open to all persons who have passed the Senior Grade Examination in any branch either vocal or instrumental.

7. A candidate may offer vocal music or instrumental music or both and in one or more grades, simultaneously, provided however, the candidate has passed the examination in the Lower Grade, and provided the fee prescribed for each branch of the examination is paid.

NOTE.

In explanation of this rule, it may be stated that a candidate may appear for the Junior Grade Examination in Vocal Music and Instrumental Music in the same year. Similarly a candidate who has passed the Junior Grade Examination in Vocal Music may appear for the Senior Grade Examination in any branch and a candidate who has the Senior Grade Examination in Violin may appear for the Proficiency Grade Examination in Vocal Music or any branch of Instrumental Music. But the candidate should pay the fees prescribed for the several branches of examination which he or she intends to take.

8. The fee for admission to the examination shall be Rs. 2 for the Junior Grade Rs. 3 for the Senior Grade and Rs. 5 for the Proficiency Grade of Examination.

NOTE.

(*a*) The fee shall be paid into a Mysore Government Treasury and the Treasury receipt shall be attached to the application for admission to the examination.

(*b*) Fees once paid into the Treasury, shall on no account be refunded or reserved for a subsequent examination.

9. Applications from intending candidates shall be submitted to the Secretary, Music Examinations Board, Bangalore, before the 1st April, preceding the examination on printed application forms which will be supplied on requisition sent to the Secretary of the Board. Applications received after that date shall be rejected.

10. The examinations shall be conducted on the basis of the following syllabuses:—

JUNIOR GRADE.

Sarale Varase, Gita, Alankara, three Swarajates, four Aditala Varnas, twelve easy Krithies and six Devaranamams.

SENIOR GRADE.

Four Aditala and two Attatala Vernams in two kalams, six Vilambakala Krithies and twelve Madhyamakala Krithies.

PROFICIENCY GRADE.

Varnas in thrikala, advanced Krithies, Raga Alapana and Pallavi.

NOTE.

(*a*) Each candidate shall hand in the list of Krithies and Varnams, he or she is well versed in, to the Examiners at the time of the examination.

(*b*) The candidates will be examined *viva voce* about the general fundamental principles and the practice of music corresponding to the grades of the examination.

(*c*) Special marks will be allotted for a knowledge of the meaning of Krithies sung by the candidates.

(*d*) Every candidate shall be examined by a Board consisting of not less than three members.

(*e*) The candidates shall provide themselves with the instruments they may need.

11. The maximum marks shall be 100 and candidates obtaining not less than 50 marks shall be placed in the pass class, those obtaining not less than 60 marks shall be placed in the Second Class and candidates obtaining 70 per cent or more shall be placed in the First Class.

12. Candidates passing in these examinations shall be given certificates signed by the Director of Public Instruction.

13. The Board shall have the power to add to, or alter these rules, with the concurrence of the Director of Public Instruction.

LAW SECRETARIAT.

Reviews the Report on the working of the Mysore Arms Regulation, etc., for the year 1928.

READ—

Letter No. D2. 2670, dated 5th April 1929, from the Inspector-General of Police, reporting on the working of the *Mysore Arms Regulation and the Rules framed thereunder for the calendar year 1928.

* (*Vide* annexure.)

ORDER NO. P. 6566-76—POL. 222-28-2, DATED 29TH APRIL 1929.

Recorded.

2. Though the inspection of licensed shops was on the whole satisfactory, the number of shops left uninspected in the Shimoga District continues to be large. The District Magistrates should fix the responsibility for this work by making at the beginning of each year a suitable distribution of it among the Police Officers and Magistrates subordinate to them. They should also mention in their annual reports serious irregularities, if any, noticed by the Inspecting Officers, and the action taken thereon.

3. It is observed that the several forms of licenses issued under the Arms Rules are described in the Inspector-General's Report by the numbers assigned to them in the Rules of 1917. If printed copies of the forms of licenses prescribed by the revised Rules of 1926, have not yet been supplied from the Government Stationery Depot, the District Magistrates should arrange to get them at once and use them in issuing licenses in future.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

No. D2. 2670—28, dated, Bangalore, the 4th April 1929, from S. Hiriannaiya, Esq., M.A., B.L., Inspector-General of Police in Mysore, Bangalore, to P. Mahadevayya, Esq., B.A., B.L., Legal Remembrancer and Secretary to Government, Law Department.

I have the honor to submit the following report on the working of the Mysore Arms Regulation and the Rules framed thereunder for the calendar year 1928.

2. Statement No. I enclosed shows the total number and description of licenses issued during the year under the various forms as compared with those of the year 1927. It will be seen therefrom that 26,992 licenses were issued during the year as against 24,687 in the previous year showing an increase of 2,305.

This increase is mostly under forms IV and VII in all the Districts, the largest increase being in the Shimoga District, *viz.*, 879. Next come in order the Districts of Mysore, Kolar, Hassan, Kadur, Chitaldrug, Tumkur and Bangalore with an increase of 499, 470, 271, 208, 130, 57 and 18 respectively.

3. Statement II appended shows the number of licensed dealers in sulphur, the stock and the purposes for which sulphur was chiefly used during the year under report.

One hundred persons were licensed during the year to deal in sulphur as against 82 in the previous year. The stock on hand with these dealers at the end of the year 1928 was 9 tons, 17 cwts. 2 qrs. and 19¼ lbs. as against 14 tons, 5 cwts. and 11 lbs. at the end of the year 1927.

Sulphur is reported to have been mainly used for the preparation of medicines and fire works.

4. Statement No. III herewith forwarded shows the number of shops licensed in forms II and III and the result of inspection by the Police and the Magistracy. The total number of shops for which licenses were given during the year was 134 as against 106 in the year 1927. Out of these, Police Inspectors inspected 92 shops, Superintendents and the Assistant Superintendents of Police 53 and the Magistracy 101. The total number of shops left wholly uninspected was 16 during the year as against 23 in the previous year. The inspection in the Shimoga District is unsatisfactory again, shops left wholly uninspected being 13 during the year against 17 in the previous year. The direction of Government contained in Government Order No. P. 7470-9—Pol. 188-27-2, dated the 26th June 1928, has, I regret to say, not had the desired effect.

5. During the year under report, 60 persons were prosecuted in 60 cases including 19 cases and 19 persons pending at the beginning of the year for violation of the provisions of the Mysore Arms Regulation and the Rules framed thereunder. Of these, 40 persons in 40 cases were convicted, 8 persons in 8 cases were acquitted and the remaining 12 cases with 12 persons were pending at the close of the year.

6. During the year under report it is reported that 22 guns (4 muzzle loading guns and 18 guns) were newly manufactured in the Bangalore and Mysore Districts. In the same districts 205 guns, 23 pistols, 25 swords and 19 barrels were also reported to have been repaired.

7. The delay in the submission of the report is due to the non-receipt of the required information from the Mysore District in time.

No. I.—Statement showing the number and description of licenses issued by the District Magistrates in the State for the year 1928 and the previous year.

Nature of licenses issued	No. issued for the year 1927			No. issued for the year under report			Variations compared with the preceding year

GENERAL SECRETARIAT.

District Board Elections.

ORDER NO. L. 7199-207— L.B. 161-26-7, DATED 26TH APRIL 1929.

In connection with the existing rules regulating District Board Elections, it has been suggested that the following may be introduced : —

(1) The symbols adopted by candidates for purposes of identification may be of objects familiar to villagers;
(2) Larger size blocks may be used for printing these symbols;
(3) Coloured pencils may be used for marking the votes instead of pen and ink;
(4) The names of candidates for whom votes are not given be required to be scored out;
(5) A large hall should be selected for the polling booth so as to enable 10 or 12 persons to vote at a time, each voter being screened off from others so that he may vote unobserved; and
(6) The polling officer with his associates should sit at the entrance of the polling booth and identify the voters and let them in with their voting papers.

The Deputy Commissioners of Kolar, Mysore and Shimoga Districts were consulted on these suggestions. While the Deputy Commissioner, Mysore, is of opinion that all the above suggestions may be adopted, the Deputy Commissioner, Kolar, has approved of the 1st, 3rd and 4th suggestions only and the Deputy Commissioner, Shimoga, is in favour of suggestions (1) to (4).

3. After a careful consideration of the matter, Government are pleased to order as follows :—

(*a*) In regard to suggestions (1) and (2), Government observe that 16 symbols have already been approved for use in connection with the District Board elections in the marginally noted Government orders. These have been adopted for the Representative and the Legislative Council elections also and in addition to these, nine more symbols noted in the margin have been approved for these two bodies in Government Order No. 733-746—R. A. 25-26-13, dated the 22nd February 1927. Government direct that these nine new symbols may also be adopted for use at district Board elections. The Superintendent, Government Printing, is requested to have large size blocks for these symbols prepared in bigger and bolder figures as in the Representative Assembly and the Legislative Council elections and kept ready for being printed on the voting papers.

1. L. 1330-44—L. B. 25-26-4, dated 24th August 1926.
2. L. 2091-105—L. B. 25-26-9, dated 16th September 1926.
3. L. 2757-9—L. B. 25-26-13, dated 19th October 1926.
4. L. 3528-41—L. B. 25-26-17, dated 2nd December 1926.

(1) Charka.
(2) Spade.
(3) Bicycle.
(4) Axe.
(5) Flag.
(6) Umbrella.
(7) Bell.
(8) Ganapathi.
(9) Hand.

(*b*) As regards the third suggestion that coloured pencils may be used for marking votes instead of ink and pen, Government direct that this suggestion be adopted and that the instructions on the voting paper be revised accordingly. It is desirable that the mark made should be clear and unambiguous.

(c) With regard to suggestion No. (4), it is observed that rule 25 of the District Board Election Rules requires that the votes given in favour of a candidate should be denoted by a cross mark. The Committee appointed to scrutinise the Representative Assembly and Legislative Council Rules and Standing Orders have recommended that a mark may be made against each of the names of candidates for whom votes are given and that against the names of those for whom votes are not given, neither a mark should be placed nor the name scored out. Government observe that it would be convenient if the procedure is made uniform for all elections—whether to District Boards, Municipal Councils, the Legislative Council or the Representative Assembly—and that the question of revising the aforesaid rule in this behalf be considered after orders are passed on the recommendation of the above Committee.

(*d*) With reference to the last two suggestions, it may be pointed out that rule 27 of the District Board Election Rules already provides for the voters voting in a place screened off from observation. Rule 24 of the same rules also provides for the polling officer satisfying himself as to the identity of voters. No hard and fast rules can be prescribed for the manner in which the polling officer should identify the voters.

(*e*) The suggestion of the Deputy Commissioner, Shimoga, to have more polling centres instead of a big hall is approved.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Advances to Village Panchayets for Village Extensions, etc.

READ—

Government Order No. L. 7036-45—V. P. 13-26-1, dated 6th April 1927, directing that the expenditure required for extension of village sites be met out of State Funds wherever necessary and treated as advances to Village Panchayets, etc.

2. Letter No. 689, Loans dated 13th March 1929, from the Comptroller to Government, requesting orders on the following points :—

(1) Rate of interest chargeable if any on the advances.

(2) Conditions of repayment of the amount advanced to the Panchayets and the date of commencement of repayment.

(3) The authority competent to sanction such advances and the maximum amount that may be sanctioned in each case.

ORDER NO. L. 7182-91—V. P. 13-26-4, DATED 26TH APRIL 1929.

Government are pleased to direct (1) that no interest be charged on the amounts advanced to Panchayets for Village Extensions, (2) that the advances should be adjusted in annual instalments within three years, and (3) that the Revenue Commissioner shall have power to sanction the amount required in each case up to a limit of Rs. 500, Government sanction being obtained for larger amounts.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Kuruhinasetties.

READ—

Government Order No. G. 9419-89—G. M. 161-25-10, dated the 16th February 1928, directing that the members belonging to the 'Koramar' or 'Korachar' community in the Mysore State be termed as Kuruhina Setties if they desire to be returned as such.

2. Memorials from Mr. B. R. Kaveti Rangappa, Secretary, Kuruhina Sangha, Bangalore City and other members of the Bilimagga community in various parts of the State praying for a modification of the order read above.

ORDER NO. G. 13171-230—G. M. 161-25-12, DATED 24TH APRIL 1929.

The memorialists represent that it is the people of the Bilimagga Community that are entitled to be termed 'Kuruhina Setties', and that if, as is contemplated in the Government Order read above, all members of the Koramar or Korachar Community be allowed to return themselves as Kuruhina Setties, it is likely to result in a mistaken identity of the communities in question, besides bringing down the Bilimagga people to the level of the Korachars and Koramars who come under the purview of the Criminal Tribes Regulation. On a careful consideration of the subject, Government are pleased to direct that the term 'Kuruhina Setties' be confined to the Bilimagga Community.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Placing Mr. C. E. Rama Rau, B.A., on special duty.

ORDER NO. O. 4104-11—O. E. 124-28-1, DATED 10TH MAY 1929.

Mr. C. E. Rama Rau, B.A., Registrar, General and Revenue Secretariat, is placed on Special Duty, with effect from the 28th May 1929 in connection with the arrangements for the reception and entertainment of Indian Guests during the festivities connected with the Birthday of His Highness the Maharaja, in June 1929.

2. Gentlemen invited to Mysore as guests are requested to place themselves in communication with that officer for any information or assistance they may require in the way of accommodation, conveyance, etc., at Mysore.

3. The Deputy Commissioner, Mysore District, the President, Mysore City Municipal Council and the Executive Engineer, Special Division, Mysore, are requested to render all reasonable help to the Officer on Special Duty.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Reviews the Report on the working of the Archæological Department for the year 1927-28.

READ—

Report on the working of the Archæological Department for the year 1927-28, received from the Registrar, Mysore University, with his letter No. 15098-9, dated the 23rd January 1929.

ORDER NO. D. 11384-96—UNI. 360-28-2, DATED 2ND MAY 1929.

1. Recorded.

2. The Director and his staff toured in parts of the Districts of Mysore, Hassan, Kolar, Shimoga and Chitaldrug, partly for excavation, partly for exploration of ancient monuments and partly for the search and collection of epigraphs and other old records and manuscripts. A detailed survey of monuments was made during the year in parts of Davangere, Sagar, Shikarpur and Chikmagalur Taluks. The most noteworthy monuments discovered are two temples situated in the heart of a forest near Nadkalsi in the Sagar Taluk. These temples which are reported to be in a very good state of preservation are said to be very fine examples of the Hoysala style of architecture, a type rarely found in the Malnad parts. The minor repairs which are reported to be necessary should be executed very early. While reviewing the last year's report, Government drew the attention of the Deputy Commissioner of Tumkur to the necessity for the proper maintenance of the temples at Kaidala by an effective administration of the temple lands; but no report has yet been received in the matter as yet. This should be attended to.

3. The total number of records collected during the year was 113 and included 11 copper plate grants and 3 sannads, the rest being stone inscriptions. In the closing months of the year under report, *i.e.*, between the 9th May and 9th June 1928, preliminary work of excavation on the ancient site of Chandravalli near the town of Chitaldrug was begun and carried on under the supervision of Professor M. H. Krishna Iyengar, M.A., D.Litt., (London) at a cost of Rs. 1,000, from the funds of the Archæological Department. It is gratifying to note that this step resulted in some interesting finds, among other things, of coins belonging to the Satavahana and later dynasties. It is hoped that further excavations on the site will result in even more interesting discoveries throwing light on the history of this ancient period. The detailed report promised on these finds will be awaited with interest.

New facts stated to have been gleaned during the year are:—

1. Confirmation of the rule of the Satavahanas and the Chatus over Mysore, both by archæological finds unearthed by excavating on the Chandravalli Site and by the application of the linguistic test noticed in the report.

2. The outbreak of a war between the Keladi and Kalasa chiefs, and the spoliation of the Sringeri Mutt by the latter.

R. RANGA RAO

DEVELOPMENT SECRETARIAT.

Reviews the Report on the working of the Department of Industries and Commerce for 1927-28.

READ—

Report on the working of the Department of Industries and Commerce for the year 1927-28 received with letter No. B. 1 per 28-29, dated the 10th January 1929, from the Director.

ORDER NO. D. 11319-83—I. & C. 247-28-3, DATED 2ND MAY 1929.

Recorded.

Personnel.—Mr. C. Ranganatha Rao Sahib was in charge of the Department during the year under review except for two short periods of leave when Mr. R. Ananthasubrahmanyam, Industrial Assistant, looked after the current duties of the Director.

Mr. H. G. Alderton, who was Superintendent of the Chamarajendra Technical Institute had to retire from service on account of ill health. During the 13 years or so for which he was connected with the Chamarajendra Technical Institute he initiated several new lines of work and did much to build up the reputation of the institution.

Industrial Statistics.—A beginning was made in the collection of statistics of Industrial production. Owing to unfamiliarity with the forms and to want of appreciation of the object of enquiries made, the response on the part of Industrial Establishments in some of the Districts is reported to have been somewhat unsatisfactory. Fairly accurate information was however obtained from the majority of the concerns in the Bangalore City and published in the form of a bulletin. The publication contains interesting and instructive information on the general industrial position in the City and indicates the progress made during the last seven years. It is important to have reliable Industrial Statistics for the whole State and Government trust that a complete compilation will be made early and revised periodically.

Industrial Installations.—The Department was responsible for the erection of 63 Industrial installations during the year involving a capital outlay of nearly three lakhs of rupees as against 46 installations in the previous year. Seventeen Rice Mills, 12 Pumping Plants, 4 Flour Mills and 2 Oil Mills were among the more important of the installations erected. It is an encouraging feature that the aggregate amount of state-aid in the form of loans granted by Government for these installations formed only 11 per cent of the total capital invested on them and that since 1923-24, when the proportion was about 50 per cent, the share of initial capital contributed in the form of Government loans has been steadily decreasing year by year.

The steady increase in the number of industrial installations has resulted in a growing demand for the services of the Technical Staff of the Department and necessitated an addition to the strength of this staff which has been allowed. After consulting the Board of Industries and Commerce, Government considered that the time had arrived for levying fees on a very moderate scale for technical assistance rendered by the department to private industrialists and accordingly approved of the recommendations of the Director.

Loans.—The report makes a comprehensive survey of the results of the system of granting loans for assisting industries which has been in force for about 15 years. During this period 330 loans involving a sum of Rs. 12,48,022 were disbursed of which 205, involving Rs. 5,98,840, were closed by the end of 1927-28, leaving 125 accounts amounting to Rs. 6,49,182. Of the total sum advanced, only a balance of Rs. 3,70,026 was outstanding at the end of June 1928, not taking into account a sum of Rs. 70,524 due from the Premier Metal Factory. The Director considers that the bad debts to be written off may not on the whole exceed the sum already recovered towards interest. One feature of the loan transaction is that minor industries and rural concerns appear to be deriving more benefit from them than ventures of greater magnitude.

The policy of financial aid pursued by the State during the past 15 years seems on the whole justified by results. It has resulted in an appreciable development of some essential industries; and, what is more important still, in the awakening of a spirit of enterprise which is full of promise for the future. It has also given us much experience which would enable us to regulate the lines on which the future policy of the State might be based, both in regard to industries to be encouraged and the manner in which encouragement should be extended. As was observed in the Review on the report of the Department for 1926-27, and as has been incidentally noticed above, the loss to Government on loans made for this purpose has only been about equal to the interest on the total amount laid out, so that it may be said broadly that Government have in effect only spent the interest on the money so laid out for advancing industrial developments; and this cannot be considered as too great a price to pay for the results achieved and the experience obtained.

Government recently appointed a Special Committee under the Chairmanship of Dr. Sir Brajendranath Seal for going into the whole question of financial aid to industries in a comprehensive manner and formulating the principles on which the future policy of the State in this regard should be regulated. They have now before them the interesting report presented by the Committee.

The working of the concerns under the Department.—The Central Industrial Workshop turned out during the year, work to the value of Rs. 97,416 as against Rs. 74,528 in 1926-27 and the loss on working was Rs. 3,137 as compared with Rs. 8,256 in the previous year. The Director explains that this loss is chiefly due to the fact that the overhead charges of the workshop are more or less permanently fixed and that the present condition of competition in Bangalore precludes the possibility of raising the percentage charge for overhead to be borne by the Consumer. The remedy is to canvass for more orders for removing this disability and Government agree with the Director that the Workshop should be fully utilised by all Government Departments for obtaining their requirements. At the same time, Government would impress upon the Director the need for a thorough examination of working costs with a view to introduce further economies without sacrifice of efficiency.

The Workshop also serves the useful purpose of training mechanics for employment in all the Industrial Concerns in the State. There were 35 such artisan apprentices under training during the year.

It is gratifying to note that the Workshop was able to make a new Calyx Drill with the aid of a few parts obtained from the manufacturers and that it also manufactured all the structural iron work required by the Electrical Department for the Mettur Transmission line. It turned out likewise a large number of agricultural implements. Government think that the Workshop ought to play an important part in the development of Mysore Agriculture, by placing large supplies of improved implements, pumps and agricultural machinery at the disposal of the raiyats. The Director is requested to pay special attention to this branch of work of the Workshop in consultation with the Director of Agriculture.

There was a slight reduction in output during the year in the Art Workshop due to retrenchment in establishment. Thirty artisan apprentices were under training and a sum of Rs. 1,014 was distributed in scholarships. There was an appreciable increase in the value of goods sold in the Sales Depot and it is reported that a large part of them were the handi-work of artisans all over the State received on commission sale, the policy of the Department being to find an outlet for the goods of the Mysore handicrafts-men. This Depot was started nearly 15 years ago, with the object that it should afford at once an advertisement and an outlet for works of indigenous art and exercise a potent influence on the improvement of Mysore Craftsmanship. These objectives do not appear to have been steadily kept in view and the institution has become a repositary of articles some of which are not of particular artistic value and some which are not even of Mysore Origin. The Depot requires reorganisation, and the articles exposed should be purely the work of local artisans, exhibiting the distinctive character of Mysore Art. The Director is requested to work out proposals with this object in view and submit them for the orders of Government.

It is satisfactory to note that the Soap Factory has been working well and steadily enlarging its scope of operations. The output of the Factory was 92 tons of soap as against 58 tons in the previous year, and the net profits amounted to Rs. 12,307 as against Rs. 4,957 in 1926-27.

The Weaving Factory was able to pay its way and made a profit of Rs. 903. This result may be attributed to the overhauling of its methods of work and to the stricter control exercised over its operations. With improved equipment, and with greater attention to experimental and teaching sides of its work, this institution ought to play an important part in the evolution and development of the Weaving Industry. It ought to pioneer the use of up-to-date appliances and machinery and it should also give the lead to weavers of the State in introducing new styles and patterns, especially in silk goods. It ought to make the fullest possible use of the advantage possessed by the State in its production of silk of superior quality by manufacturing high class silk fabrics in demand in and out of the State.

In regard to the influence of the Factory on the handloom industry, Government agree with the Director that the introduction of better appliances, more efficient methods and attractive designs solves only a part of the problem and that the other and perhaps more important part consists in the amelioration of the weaver's economic condition, by the provision of co-operative or other finance on reasonable terms, and the creation of facilities for marketing his production. The Director is requested to consider what measures can be adopted for affording such assistance to the weaver.

In view of the nature of its functions which are primarily those of pioneering, improved methods and processes of popularising the use of new appliances and of giving instruction to apprentices in the different branches of weaving, the institution cannot be expected to fulfil the conditions of a commercial concern and it should be worked more as a Weaving Institute than as a profit making Factory and this question to which Sir Alfred Chatterton has invited attention is under consideration.

The Director's summary about the results of working of the Badnval Hand-spinning and Weaving Centre is interesting. This experiment was started in November 1927 with the help of an Organiser lent by the All-India Spinners' Association in order to see whether hand-spinning as a subsidiary occupation for agriculturists is a practical proposition. The Director's report shows that it promises to be such, provided a market can be found for the khadi cloth woven from the handspun yarn. So far no difficulty has been experienced in disposing of the production of this centre. There is much scope for improvement in the appliances used and in the technique of manufacture and the Director is devoting considerable attention to this side of the problem. With improved appliances and increased skill of spinners acquired by continuous practice, better qualities of yarn which will prove more popular may be expected to be produced. The question of organising similar centres at other places in the State has been engaging the attention of Government. The District Board, Mysore, has offered to finance the starting of one at Gundlupet. Government trust that other Local Bodies in the State will co-operate in an experiment, the success of which will go a great way to improve the economic condition of the poor agricultural classes.

Well-Boring.—Experiments in well-boring were continued during the year, three types of drills, *viz.*, the Calyx, the Power Musto's and the Cyclone, being tried. The work done with the Calyx Core Drill in Bangalore and Chitaldrug has proved successful so far. Tube-wells are likely to offer in some parts of the State, a promising solution of the problem of the supply of potable water and this invests the experiments now in progress both in drilling and in the manufacture of drilling machinery with great importance. The present equipment consists of only four drills which are efficient and three less serviceable plants. With a large addition to the number of powerful drills, the work can be expected to make more rapid progress in future and a comprehensive programme of work could be outlined. Rules were sanctioned during the year for regulating the loan of drilling sets to private persons.

Industrial Schools.—The scale of pay of Superintendents of Industrial Schools was improved and the question of revising the pay of the staff of these schools is under consideration. It has been suggested that in lieu of the present system of scholarships, boarding homes might be attached to Industrial Schools but the heavy cost involved by the scheme precludes its introduction in the case of all schools. Government will be glad to consider such proposals sympathetically where Local Bodies offer to meet a portion of the expenditure. The Director has submitted recommendations for reorganising the system of Industrial Education. His proposals are under consideration.

Minor Industries.—The Department should devote special attention with the assistance of the Economic Superintendents to the revival and development of rural, cottage and minor industries and report what industries require special encouragement at the hands of Government.

Trade.—The Director's review of the rail-borne trade of the State is interesting and shows that during the past 15 years the balance of trade is steadily rising in favour of the State and that the position in the year under review was specially favourable. There was an increase in the quantity of rice, gram, and pulses imported and of fruits, vegetables, ragi, paddy and jaggory exported. There is a large increase in the import of rice within recent years and the Director is requested to investigate the causes therefor in consultation with the Director of Agriculture. The decrease in the export of raw silk and the increase in the import of the same material also require examination.

Government agree with the Director that it is necessary to have correct statistics of road borne trade and the proposals of the Industries and Commerce Board for collecting such statistics through the agency of Toll-gates are under the active consideration of Government.

Special Schemes.—As regard the special schemes prepared by the Director one for the starting of a Joint Stock Bank for financing Coffee Planters was considered by the Economic Conference and is now under the consideration of Government and another for forming an Association of Cardamom Growers is being considered by the Board of Agriculture. Government await with interest the results of the investigation now being carried out in regard to the possibilities of manufacturing caustic soda, bleaching powder, and vegetable ghee locally.

Weights and Measures.—The Weights and Measures Regulation as amended in 1927 could not be enforced owing to the necessity of completing preliminary arrangements such as making available a sufficient supply of weights and measures and appointing the staff necessary for testing and stamping them. The arrangements are nearing completion and the Regulation will be enforced in the first instance in Mysore, Bangalore, and Davangere.

Labour.—It is satisfactory to note that there were no cases of labour unrest of a serious nature during the year under report. Steps were taken during the year for the better administration of the Factories Regulation as amended in 1925 and the Workmen's Compensation Regulation was also passed.

Conclusion.—The working of the concerns under the Department showed considerable improvement and a number of industrial problems were dealt with by the Director and others are engaging his attention. Government are pleased to note that during the year under review, the Department made satisfactory progress in all its branches under Mr. C. Ranganatha Rao Sahib.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Opening of tenders received by the Stores Purchase Committee.

READ—

Rule 19 of the Rules published with Government Order No. G. 13082-13140—G. M. 170-23-2 dated 28th March 1924, in the matter of the opening of tenders received by the Stores Purchase Committee.

2. Discussion at the June Session of the Legislative Council 1928, on cut motion No. 126, regarding the omission of the demand under the Stores Purchase Committee Establishment.

ORDER NO. G. 13043-100—G. M. 132-28-1, DATED 22ND APRIL 1929.

Rule 19 of the Rules published with Government Order No. G. 13082-13140—G. M. 170-23-2, dated 28th March 1924, lays down the procedure for the opening of tenders received in the Office of the Stores Purchase Committee and states that competitive tenders shall be opened under the supervision of the President of the Stores Purchase Committee, without specifically stating that they should be so opened in the presence of the tenderers.

2. At the Budget Session of the Legislative Council held in June 1928, it was urged that tenders should be opened in the presence of the tenderers. The Secretary, Stores Purchase Committee, reports that although this practice is in vogue in the case of all important contracts, there is no specific rule to that effect. It is also reported that it is not always convenient for the President to be present when tenders are opened. The question was considered by the Stores Purchase Committee at their meeting held on 8th March 1929 and they were of opinion that the Secretary, Stores Purchase Committee, might be authorised to open the tenders in the presence of the tenderers.

3. Government agree with the Committee and direct that Rule 19 of the Rules of procedure and functions of the Stores Purchase Committee be revised as follows:—

"In the case of competitive tenders, a day and hour shall be fixed by which time the tenders should be received. They should be opened by the President or *the Secretary of the Committee on his behalf in the presence of such tenderers as may choose to be present* on a day and at the hour to be notified on the Notice Board of the Office. Single tenders may be opened as received. The quotations will then be checked and abstracts of each set of tenders prepared by the Secretary for being placed before the Committee for their consideration."

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Debarred from Appointment to Public Service.

READ—

Correspondence ending with letter No. P. S. 902—28-29, dated 19th March 1929, from the Director of Public Instruction in Mysore, Bangalore, furnishing his opinion as to the notice to be taken of the conduct of one K. T. Krishna Murthy for having made a false statement in regard to his qualification and thereby secured an appointment in the Government Service.

ORDER NO. 8393-8542—C. R. B. 31-28-1, DATED 14TH MAY 1929.

In an application submitted by him to the Central Recruitment Board in May 1928 for the vacancy of Assistant Master of the Incomplete Middle School at Hudugur in the Goribidnur Taluk, K. T. Krishna Murthy, son of K. Thimmappa, Retired Headmaster, Goribidnur, stated that his qualification was "S. S. L. C. of 1922." He was thereupon appointed to the post by the District Educational Officer of Kolar under the belief that he had passed the S. S. L. C. Examination as stated in his application. Some time after he joined duty, it was found that he had passed in only one group of the S. S. L. C. Examination.

The District Educational Officer reported the matter to the Central Recruitment Board and recommended that, as Krishna Murthy could not be allowed to continue permanently in the appointment as he was not qualified to remain in a Middle School, exemption may be granted to appoint him in a vacancy of Rs. 17 in the grade of Rs. 17—1—20.

The Director of Public Instruction who was consulted in the matter is of opinion that it is not desirable to exempt Krishna Murthy from the operation of the Central Recruitment Board Rules for purposes of appointment, but that he should be debarred from Government Service for the next two years. Government agree with the Director in his opinion and accordingly direct that Krishna Murthy be debarred from appointment to Public Service in Mysore for two years on account of his misrepresentation.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

LAW SECRETARIAT.

Places Mr. C. E. Rama Rao in charge of arrangements in connection with the Budget Session of the Representative Assembly 1929.

ORDER NO. REL. 319-32—R. A. 34-28-1, DATED 20TH MAY 1929.

arrangements in connection with the Budget Session of the Representative Assembly in 1929.

2. Members of the Representative Assembly are requested to place themselves in communication with Mr. C. E. Rama Rao, for any information or assistance they may require at Mysore during the Session of the Assembly.

3. The Deputy Commissioner, Mysore District, the President, Mysore City Municipal Council and the Executive Engineer, Special Division, Mysore are requested to render all reasonable help to the Officer on Special Duty.

House Building Advances.

READ—

G. O. No. Fl. 1947-87—G. F. 159-10-1, dated 15th October 1910, prescribing an application form and directing that applications for advances for House Building, should be made in the said printed forms.

2. Correspondence ending with letter No. 752 Loans, dated 27th March 1929, from the Comptroller, stating that a column in the application form for noting the amount of the Insurance Bonus due to the applicant, may be inserted, but that the verification of such Bonus amounts, should be left to the Head of the Office.

ORDER NO. FL. 8232-81—G. F. 1-28, DATED 10TH—11TH MAY 1929.

Approved.

Government direct that the revised form (attached hereto) be adopted in applying for House Building Advances. Heads of Departments and Deputy Commissioners of Districts are requested to arrange to get the forms on indent from the Superintendent, Government Printing.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

APPLICATION FOR HOUSE BUILDING OR HOUSE PURCHASE ADVANCE.

1. Name and age (Next Birthday).	
2. Official designation.	
3. Monthly substantive pay of the applicant and pay or salary in *Sub-pro-tem*, acting or temporary appointment, if any.	
4. Amount of advance (one year's or two years' substantive pay) prayed for.	
5. Locality where the house is to be built or purchased together with No. of the site or of the house as the case may be to be mortgaged to Government.	
6. Whether the house proposed to be purchased was itself built with the help of a previous Government advance sanctioned for the purpose.	
7. Government Order No. dated sanctioning previous advance if any, the amounts drawn and adjusted.	
8. Whether the site intended to be built upon is situate in an extension laid out in accordance with a regular plan. *Note.*—To be answered if the application is for advance of two years' pay.	
9. Whether the applicant already owns a house in the extensions, Old Town or City.	
10. Whether the site intended to be built upon and the building thereon, if any, (the condition and market value of the latter may also be stated), are encumbered. If so how?	
11. Collateral security offered by the applicant: (*a*) Personal, (*b*) Property. *N.B.*—Life Insurance Policies cannot be accepted as collateral security.	
12. The amount of bonus the officer is entitled to in the Mysore State Life Insurance Scheme (official or public) or the amount of the Provident Fund at the credit of the applicant in the State, Railway or other Provident Funds.	

I hereby bind myself to use the money for the purpose I have applied for and in accordance with the rules regarding such advances contained in Article 136 of the Civil Account Code and Orders of Government and further engage myself to refund any surplus that may remain unutilised for the said purpose.

Signature of the applicant.

(The entries above this line to be filled up by the applicant.)

Official Superior's Certificate.

I certify that I consider the advance applied for necessary and may be sanctioned.

Signature of the Officer.

Report of inspection by and opinion of the Deputy Commissioner of the District when the application is for a second advance for six months' pay for the same building.

I beg to report that I have inspected site No. and the house thereon belonging to Mr. in the extension of City and town and in my opinion the second instalment of the advance of Rs. applied for is $\frac{\text{necessary}}{\text{unnecessary}}$ for the completion of the said house.

Deputy Commissioner,
District.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Exemption of the Students of the Depressed Classes from the payment of admission and class fees, etc., for three years.

READ—

Government Order No. E. 409—Edn. 52-26-2, dated the 24th July 1926, sanctioning the continuance of the concession of exempting the students of the depressed classes from the payment of admission and class fees, for a further period of 3 years from 1st July 1926.

2. Letter No. A5-5239-547 of 28-29, dated the 12th April 1929, from the Director of Public Instruction in Mysore, stating that the concession sanctioned in the Government Order read above has conduced to the spread of education among the depressed classes and that it is very desirable to continue the same until there has been an appreciable improvement in the Social and Economic condition of these classes and requesting sanction therefor, for a further period of 3 years from 1st July 1929 and also for exempting them from the payment of sports and library fees.

ORDER NO. D. 11690—EDN. 950-28-2, DATED 11TH MAY 1929.

The recommendation of the Director of Public Instruction to exempt the students of the depressed classes from the payment of admission and class fees as also sports and library fess, for a further period of three years is sanctioned.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Approves a scheme for the establishment of an Agricultural Colony under the Bhadra Channel.

READ—

Letter No. Roc. 837-Hc. 306—28-29, dated the 19th November 1928, from the *Director of Agriculture in Mysore, submitting proposals for the establishment of an Agricultural Colony under the Bhadra Channel.

(*Printed as an annexure.)

2. Correspondence ending with letter No. 952, dated the 16th January 1929, from the Secretary, Board of Agriculture, submitting the marginally noted resolution of the Board passed at their meeting held on 14th December 1928.

"Resolved that the scheme of colonisation submitted by the Director of Agriculture be approved and recommended to Government for sanction."

ORDER No. D. 11965-12037—A. & E. 153-28-5, DATED 20TH MAY 1929.

The question of establishing an Agricultural Colony has been under the consideration of Government for sometime past. The Director of Agriculture has submitted proposals for the establishment of an Agricultural Colony under the Bhadra Channel, where an area comprising 379 acres of wet land and 442 acres of dry land (100 acres of the latter being Inam land) has been selected for the purpose.

The objects of the scheme are as follows:—

(i) To give apportunities to intelligent young men who have had training in Agriculture either in Mysore or elsewhere to utilise their knowledge to the advantage of themselves and the benefit of the country. Incidentally their practical capacity will be tested and the experience gained would be of the highest value in modifying, or, if necessary, remodelling any scheme of Agricultural Education on economically sound lines.

(ii) To open out and develop the resources of hitherto insufficiently developed tracts.

(iii) To serve as centres for the spread of Agricultural Improvements.

(iv) To furnish facilities for carrying out demonstrations of approved methods on a large scale under skilled supervision.

2. The site chosen for the colony is calculated to furnish lessons of first hand application to undeveloped tracts, where science and energy have to overcome adverse conditions of climate and environment and its success would be a convincing demonstration of what could be achieved by scientific agriculture and well directed effort to develop the rich resources of our malnad parts.

3. The main features of his schemes are:—

(*a*) To admit only ten men to the colony allowing each 30 acres of wet and 40 acres of dry land.

(*b*) The colonist to clear up all the wet land allotted to him within two years of the grant on pain of resumption by Government an extension of time being, however, granted for sufficient reasons.

(*c*) Each holding to be non-transferable for 20 years, or until all the dues are paid: but the Director of Agriculture to have authority to permit it to be transferred as a whole to a party who has had agricultural training of the standard prescribed for the original colonists.

(*d*) The estate to be impartible.

(*e*) A sum of Rs. 5,000 to be spent on wells, roads and bridges for the colony.

(*f*) The whole colony to be placed under the control of the Director of Agriculture and no expenditure to be incurred or advances made except on his express recommendation.

4. The scheme is estimated to cost Rs. 10,250 per man of which the colonist is to contribute Rs. 1,500 and the Government the balance of Rs. 8,750 the latter sum being treated as a loan, free of interest for four years. The Director proposes that the principal of this loan, with interest thereon thereafter at six per cent, be made repayable in 16 equal annual instalments commencing from the fifth year after the disbursement of the loan.

5. The larger interests of the State require that the potentialities of large expenses of fertile land locked up in the Malnad should be fully developed and the establishment of such a colony would be a potent factor in Malnad Improvement. The scheme involves no outright expenditure, but only a recoverable and reasonably secured advance and it secures to the work all that is best in the human element employed by offering to each colonist an assured future as the reward of skilful and strenuous work. The Board of Agriculture has also discussed the scheme at length and approved of it.

6. Government are pleased generally to approve the scheme and to direct that a demand for the necessary budget provision may be placed before the Legislative Council for being passed before effect is given to the scheme.

N. RAMA RAO,
Secretary to Government,
Development Departments.

ANNEXURE.

Copy of the letter No. Roc. 837-Hc. 306—28-29, dated 19th November 1928, from the Director of Agriculture, to the Secretary to Government, Development Departments.

AGRICULTURAL COLONY SCHEME.

In continuation of my letter No. Roc. 1199 of the 7th October 1928, I have the honor to state that I made a general inspection of lands under the Bhadra Channel in connection with their suitability for an Agricultural Colony in company with Mr. D. G. Ramachandra Rao on the 9th October. The area on close inspection proved to be one in every way suitable except that it is covered with a very much heavier growth of jungle than I had anticipated. I made local enquiries and have no doubt that an estimate of Rs. 100 an acre for clearing the land under the channel is not too high, I may say, enquiries made by Mr. Ramachandra Rao and myself have failed to reveal as suitable an area for the purpose elsewhere in Mysore.

I instructed Mr. Ramachandra Rao to make as thorough an investigation as possible of the area actually available as I found the maps supplied to us imperfect in certain important particulars. He has recently submitted his report with a map of the area available which is as accurate as present information will allow him to make it. I forward the map herewith which shows the shape and position of the area in relation to the Bhadravati-Channagiri. At its nearest point the area is about 2½ miles from Bhadravati. I also enclose a statement of areas villagewar.

The area available for the colony as ascertained from combined information furnished by the Revenue Department and Public Works Department is 379 acres 9 guntas wet and 342 acres of dry as indicated in the enclosed list. To this must be added 100 acres of Inam land which belongs to the Majjigehalli Matt and which the Matt authorities are prepared to give free of charge for the annual kandayam. Mr. Ramachandra Rao believes that the figure of 379 acres of wet land may be an over estimate and that there are probably no more than 330 acres. We should thus have safely 330 acres of wet land and 440 acres of dry land, the latter being of practically no value at the present time. In other words it would hardly pay to clear the scrub jungle on these dry lands. Under these circumstances it would probably be advisable to admit only ten men to the colony allowing each 30 acres wet land and 40 acres dry land. As stated the latter will be little better than grazing land for some years to come but may finally be used for the development of dairying or live stock breeding as a subsidiary industry in the colony. It may be thought that the area allowed is large. However, against this we have the fact that the labour will be expensive and difficult to obtain in this area both on account of the proximity to the iron works and on account of the malarious character of the neighbourhood. We also have the fact that the labour involved in clearing this land will be undoubtedly very great. I must further point out that the whole purpose of the experiment is to ascertain whether intelligent young men who have had training in agriculture either in the Hebbal School or in an Agricultural College are able to utilise the knowledge to the advantage of themselves and the benefit of the country. They will be pioneers and I should certainly advise ensuring to them a reasonable chance of making a decent livelihood.

Mr. Ramachandra Rao has given the following estimate of the expenditure involved in the establishment of such a colony. He has divided up the expenditure into that which will be common such as the purchase of implements and machinery which can be used in common the digging of a well, construction of bridges, roads, fencing, etc., and that which will be borne individually. As will be seen the Rs. 5,000 set apart in the budget of the Economic Conference would just about cover cost of survey, wells and the roads and bridges which will be required to open up the area as well as expenses in surveying the area which may be incurred.

The individual expenditure includes that for cleaning of the land at Rs. 100 an acre for the wet land and Rs. 25 an acre for the dry land for bringing the wet land into crop at Rs. 50 an acre, for construction of farm houses and cooly quarters, for purchase of cattle and for maintenance of the man for the first year until he is able to get a return from this cultivation. Added to this is the cost of 30 acres of wet land at Rs. 25 an acre a figure which is, I believe, not too small considering the nature of the experiment. As will be seen if we leave out of account the sum spent on wells, bridges and roads, the total expenditure involved per man is estimated at Rs. 10,250 of which the colonist will have to put down Rs. 1,500 and the Government will have to meet the balance or Rs. 8,750 by a loan.

It must be obvious that for the first three years at least the returns will not greatly exceed the requirements of the colonist for funds to set him on his feet for the estimate given for housing live-stock, etc., must be looked upon as a bare minimum which will have to be added to if real efficiency is to be obtained. It will therefore be necessary to postpone payment of principal and interest for at least three years and I would favour four years to give the man a good chance of getting on his feet. The amount should thereafter be paid back in 16 equal instalments of principal with interest at 6 per cent so that the debt will be liquidated within 20 years.

This will involve an expenditure of about Rs. 865-13-0 per man per annum. The colonist will have to make a net profit of Rs. 50 an acre over the whole of his wet land in order to pay back these instalments and still have Rs. 50 a month to support himself and his family. He should, I think, expect this much as that is the minimum pay given to our Agricultural Inspectors.

Certain very definite safeguard will have to be provided. In the first place the whole colony should be placed under the control of the Director of Agriculture and no expenditure or advances should be made without his recommendation. In the second place a definite time limit must be fixed for the clearing of all the wet area. I should fix this at two years. If any part of the wet land remains uncleared at the end of this period except for satisfactory reasons the whole block should be liable to be resumed by Government. In the second place each holding should be non-transferable until the twenty years have elapsed or until such time as all dues have been paid except with the permission of the Director of Agriculture and then only to a party who has undergone agricultural training of the desired standard. In the third place the land should be and remain permanently impartible. As to whether the colony should work on a co-operative basis that should, I think, be left to decision of the colonists although I think it certain that they will have to work co-operatively in the use of the more expensive farm equipment such as tractors, sugar-cane mill, etc.

It may be asked what is to be gained from the establishment of such a colony. The most important benefit will be the concrete information as to whether agricultural education is economically sound. Unless and until information on this point can be obtained I, for one, am opposed to launching out on further schemes of higher agricultural education. I believe information of great value should be available at the end of the first year even and within two years we should be able to form some idea of what our young men can do if provided with this sort of training.

In the second place if colonies of this sort succeed they should serve as most valuable centres for the spread of agricultural improvements. The area where it is proposed to place this colony is one of great potential possibilities but it is at the same time one which is at present agriculturally very backward. The presence of a colony such as this carrying out operations on approved lines should have an immense effect upon the agriculture of the surrounding area. The possibilities of the usefulness of such colonies in advancing agriculture in backward tracts or in areas where it is necessary to get the highest possible returns from the land such as that which will be commanded by the Irwin Canal can be ascertained only through an experiment such as this.

Finally this colony will be in a malarious tract and we should through the sanitary measures which will be provided there in consultation with Dr. Sweet and the Health Department furnished valuable information in connection with our effort to control our serious contagious diseases in villages.

The financial commitments involved are as follows :—

(1) The expenditure of Rs. 5,000 on wells, roads and bridges for the colony.

(2) An advance of Rs. 8,750 to each of the ten members of the colony the loan to be free of interest for four years and thereafter to be paid back in 16 equal instalments of principal and interest at 6 per cent. If possible the whole of this amount should be made available in the first year. At the very least Rs. 50,000 should be made available this year and the balance in the year 1929-30.

As regards the safety of the investment I may point out that the land will undoubtedly be worth at least Rs. 300 an acre if it is cleared, brought into cultivation and connected with roads so that the capital invested is assured. If the area develops as I expect it to, wet land should rise to Rs. 500 an acre in the course of a few years, so if the land is resumed to Government at any time there will be no risk of loss. The money will be advanced in small lots only after the Director of Agriculture has assured himself that previous advances have been properly utilised, so there should be no danger of the money being unwisely or wrongly spent. Finally the fact that the colonist has to put up Rs. 1,500 himself which he is liable to lose entirely if he does not meet the conditions will, I believe, deter all but the most earnest from entering the colony and will ensure every effort upon the part of the colonists to make it a success.

Finally I have induced Mr. D. G. Ramachandra Rao one who has had long practical agricultural experience to join the colony and to act as its leader and I believe his experience and knowledge will go far to ensure the success of the experiment.

As the scheme should come into operation without delay, I have the honor to request you to obtain very early orders of Government on my proposals. In the meantime I would request permission to operate on the Rs. 5,000 to the extent of having the area surveyed pending decision of Government. I may state that if sanction is obtained within a month's time it might be possible to get the colony going so that a first crop could be put in by June or July next.

Mr. D. G. Ramachandra Rao's estimate of the expenditure involved in the establishment of the Agricultural Colony.

Passes orders regarding the publication of the Review of the Foreign Rail-Borne Trade in Mysore.

READ—

Correspondence ending with letter No. C. 3-1574—27-28, dated the 19th—20th April 1929, from the Director of Industries and Commerce in Mysore, in the matter of the Review of the Foreign Rail-Borne Trade, periodically published by the Department of Industries and Commerce.

ORDER NO. D. 11549-60—STCS. 15-27-8, DATED 7TH MAY 1929.

In the year 1913, Government ordered the publication in the *Mysore Gazette*, of the quarterly returns of statistics (quantities only) of rail-borne trade passing across the Mysore frontiers, as received from the M. S. M. Railway Co., for the information of the mercantile community and the general public.

2. The returns of the four quarters with the addition of values, are also consolidated and published in the form of an annual review of the Rail-Borne Trade of the State.

3. With a view to avoid the delay, which now occurs in the publication of the Review, the Director of Industries and Commerce suggests that when the quarterly statistics are set in type, in the Government Press for publication in the Gazette, the type may be kept standing, till the end of the year, for the purpose of the Review. The extra cost on account of the type being thus locked up, is estimated to amount to about Rs. 100 per annum. He also suggests that as recommended by the Industries and Commerce Board at their meeting held on the 6th March 1928, the original method of publishing the statistics of trade under the 17 blocks into which India is divided, as against the four now in vogue, may be revived. He requests sanction for an expenditure of a sum of Rs. 375 per annum to be paid to the Railway Company for collecting the statistics for the 17 blocks. As for the date and the form of the publication of the Review, he states that it would be convenient to publish it about the end of December each year and that, though it is not desirable to prescribe a rigid form, information may be furnished under five main chapters, *viz.*, (i) General Introduction, (ii) Agricultural Statistics, (iii) Detailed Report on Rail-Borne Trade, (iv) Road-Borne Trade and (v) Balance of Trade.

4. Government are pleased to approve the proposals of the Director as set forth above.

5. Necessary provision for an annual expenditure of Rs. 475, *i.e.*, Rs. 100 for keeping the type standing and Rs. 375 for payment to the Railway Company for collection of statistics, will be made in the Budget of the Industries and Commerce Department for 1929-30 and subsequent years.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Reviews the Report on Rainfall Registration in Mysore for 1928.

READ—

Letter No. 2071, dated the 16th April 1929, from the Meteorological Reporter to the Government of Mysore, submitting the Report on the Rainfall Registration in Mysore for 1928.

ORDER NO. D. 12101-12110—STCS. 40-28-3, DATED 22ND MAY 1929.

Recorded.

2. The total number of Raingauge Stations on the 31st December 1928, was 234, the same as in the previous year. Government regret to observe that there has been no improvement in the inspection of the Raingauge Stations in spite of instructions issued

by them in this behalf from time to time and that as many as 37 stations remained uninspected, *i.e.*, 11 more than in the last year. By far the greater number of these was in the Tumkur and Hassan Districts of which it is surprising to learn that as many as 8 were taluk headquarter stations. The Deputy Commissioners of these and other Districts are requested to see that such neglect of duty on the part of the officers concerned does not occur in future. The Meteorological Reporter has also brought to the notice of Government the unsatisfactory condition of certain raingauges in the Chitaldrug District noticed during his inspection. He states that one of the gauges had a diameter of over 5 inches having lost the brass ring. This is an unsatisfactory state of things and it is hoped that no cause for such remarks will be given in future.

3. The Revenue Commissioner is requested to issue strict instructions to the officers concerned so as to ensure prompt and careful inspection of all the Raingauge Stations in their respective jurisdictions. Failure of duty in this respect should be suitably noticed.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Issues orders regarding the revised arrangements for the conduct of the Arthasadhaka Patrike.

READ—

Government Order No. D. 3106-16—E. C. 18-28-1, dated the 12th September 1928, appointing a Committee to examine the present position in regard to the Mysore Economic Journal and the Arthasadhaka Patrike and to submit alternative recommendations to Government for improving the Journals.

2. The proceedings of the meeting of the Committee referred to above held on the 30th November 1928 (printed as annexure I).

3. Mr. S. Venkatesaiya's dissenting note, dated 24th February 1929 (printed as annexure II).

ORDER No. D. 11847-53—E. C. 18-28-4, DATED 16TH MAY 1929.

The recommendations of the Committee relate entirely to the improvement of the Arthasadhaka Patrike. They recommend that the Arthasadhaka Patrike might be converted into an illustrated weekly containing 32 pages of matter, chiefly concerned with subjects bearing directly on rural reconstruction such as Agriculture, Horticulture, Live Stock, Sericulture, Sanitation, Education, Co-operation and Industries. The Development Departments of Government are to use the Journal largely as their organ for propaganda and also co-operate by furnishing it with matter of public interest relating to the activities of their Departments. As the Journal is likely to be of great value to agencies engaged in rural reconstruction, the Village Panchayets are to be induced to subscribe for copies. The Government subvention is to be raised from Rs. 1,500 to Rs. 2,500, 500 copies being supplied to Government as at present; and the Editor is to be required to work in close touch with the Secretary, Economic Conference, who should be responsible to see that the paper fulfils the objects for which it is subsidised.

2. Government are pleased to approve of the recommendations of the Committee.

3. The Heads of Departments referred to in the proceedings are requested to utilise the Patrike to the fullest extent possible and to extend to the Editor all reasonable facilities to enable him to conduct the paper successfully on the lines laid down therein.

4. The Secretary, Economic Conference, is requested to obtain a suitable agreement from the Editor of the Patrike in consultation with the Government Advocate on the terms indicated in the proceedings read above.

5. The cost on this account will be duly provided for in the budget under Economic Development for the year 1929-30.

6. Mr. S. Venkatesaiya in his dissenting note has expressed the opinion that the Journal should be issued directly by the Conference Office, but Government consider that this course should only be adopted on the failure of private enterprise and capacity to take up the work.

7. The Committee have considered it un-necessary to take up the question of the Mysore Economic Journal, as the order sanctioning the purchase of 250 copies of the Journal by Government is in force till 1930. With reference to this Mr. S. Venkatesaiya has observed in his dissenting note as follows :—" One of the reasons why the reference was made to us was the prevalent feeling that this Journal (English) had become largely a collection of newspaper cuttings with very little original matter. I do not suppose the Government Order contemplated such a situation. It is difficult to say what purpose the Journal serves in its present condition. I think the Government ought to insist on a minimum amount of original matter (partly at least of local interest) and on all extracts being acknowledged or withdraw support to the Journal at once and start a new one of our own edited by the Conference staff."

8. The attention of the Editor will be called to the above observations and it is hoped that he will take early steps to improve the Journal.

N. RAMA RAO,
Secretary to Government,
Development Departments.

ANNEXURE I.

Proceedings of the Meeting of the Committee appointed to go into the question of the improvement of the Mysore Economic Journal and the Arthasadhaka Patrike, held on Friday the 30th November 1928:—

PRESENT.

Dr. L. C. Coleman.
Mr. P. G. D'Souza.
" N. S. Subba Rao.
" C. Ranganatha Rao Sahib.
" K. H. Ramayya.
" M. S. Lingegowda.
" B. K. Garudachar.
" N. Rama Rao (Convener).

READ:—Khan Bhadur Mr. Abbaskhan's letter and Mr. Hanumanthia Gowda's letter.

As the main object is to disseminate information and stimulate intelligent interest among the rural population the Committee are of opinion that the improvement of the Kannada Journal is far more important at the present time than that of the English Journal. They do not think it necessary to take up the question relating to the English Journal, especially as the order sanctioning subscription for 250 copies will be in force till 1930.

In regard to the Arthasadhaka Patrike, the Committee consider it essential that it should be improved in regard to frequency of issue, matter, and get up, and that it should be put in a position to reach a wide circle of readers, especially in rural parts. It should contain matter of essential importance on all aspects of rural reconstruction such as agriculture, village industries, public health, education, co-operation and civics. It should be utilised as far as possible by the Development Departments and the agencies of the Conference as their organ for propaganda, and the spread of useful information. With these objects in view, the Committee strongly recommend as follows :—

(1) That in view of the fact that the Journal has to serve largely the needs of the rural population the Committee do not consider it necessary to increase the subscription to the English Economic Journal.

(2) That the Arthasadhaka Patrike be converted into an illustrated weekly in demi octavo size, each issue comprising 32 pages of matter. (The Director of Agriculture kindly offered to allow the use of the large number of blocks in his Department.)

(3) That the Government subvention to the Arthasadhaka Patrike be raised to Rs. 2,500 per annum and that 500 copies be supplied to Government as at present; and that the Revenue Commissioner be requested to arrange for at least 2,000 copies of the Journal being subscribed for by the Village Panchayets. (The Revenue Commissioner thought this easily feasible and the figure was adopted at his suggestion.)

(4) That about two-thirds of each issue should be devoted to subjects directly bearing on rural reconstruction such as agriculture, breeding of live stock, sericulture, horticulture, sanitation, education, co-operation, industries and commerce, and other matters useful to the Village Panchayets. The Heads of Departments particularly of Development Departments, Secretaries to Government, Presidents of District Boards and Municipalities and the District Economic Superintendents should be requested to make use largely of this Journal for propaganda work by furnishing information and articles of an educative nature, or calculated to stimulate interest in matters relating to Economic Development. (The Director of Agriculture, the Revenue Commissioner, the Director of Public Instruction, the Registrar of Co-operative Societies, and the Director of Industries and Commerce) kindly promised to co-operate by furnishing the Journal with matter of public interest, relating to the activities of their Departments. The Secretary to the Economic Conference promised to supply information relating to the Development work in the Districts and the activities of the Conference organisation generally.

(5) That the editor's request for the supply of printing machinery be sympathetically considered by Government; and that if no suitable old machines were available in the Government Press, a takavi loan be granted for the purchase of suitable plant.

(6) That papers placed at the disposal of the press be made available to the Editor.

(7) That the Editor be required to be in close touch with the Secretary, Economic Conference, who would be responsible to see that the facilities granted are properly utilised and that the objects for which the Journal is subsidised are fulfilled.

(Sd.) P. G. D'Souza.
" Leslie C. Coleman.
" C. Ranganatha Rao Sahib.
" K. H. Ramayya.
" B. K. Garudachar.
" N. S. Subba Rao.
" M. S. Linge Gowda.
" N. Rama Rao (Secretary).

ANNEXURE II.

(NOTE BY MR. S. VENKATESAIYA, B.A., B.L.)

I regret I am unable to concur in the report of the majority of the Committee and must therefore append this minute.

1. As regards the Economic Journal in English it is recommended that there is no need to increase the subscription. I agree. As the sanction to subscribe for 250 copies will be in force till 1930 the majority have not thought it necessary to take up the question of the Mysore Economic Journal. One of the reasons why the reference was made to us was the prevalent feeling that this Journal (English) had become largely a collection of newspaper cuttings with very little original matter. I do not suppose the Government Order contemplated such a situation. It is difficult to say what purpose the Journal serves in its present condition. I think the Government ought to insist on a minimum amount of original matter (partly at least of local interest) and on all extracts being acknowledged or withdraw support to the Journal at once and start a new one of our own edited by the Conference staff.

Neither the Government Order in force, nor the feeling that it is the interests of the rural population largely that have to be served can justify our neglecting the condition of the English Journal. After all the Conference does aspire to organise Industrial Development on a large scale. Even Agricultural Improvement must depend in large measure on the adoption of modern and scientific methods of intensive cultivation. The appeal of the Conference in any case is largely to men of education and men of capital, large or small. Our aim is to attract to productive occupations increasing numbers of these classes. Further it is through them that knowledge should filter down to the masses. I do not think we can ignore the need for effective propaganda among the English educated classes in our present stage.

2. As regards the Arthasadhaka Patrike too I regret I cannot agree to the recommendations. It is proposed to supply him with articles, 2,000 subscribers, blocks for illustrations and machinery for printing. I do not see why we should pay him a subsidy in addition. I have no doubt it would be better to issue it from the Conference office direct. If the Development Departments will only be regular and prompt in supplying the articles and blocks (as promised to the subsidised Journal) printing and posting should not occasion any serious difficulty. As for the Village Panchayets I think we ought to supply such things to them free. They are the legitimate media for the conference to reach the rural population and not a mere financial convenience.

I do not think that bulky matter has any chance of being read by the Panchayets or the rural population. It is desirable that the articles should be brief, well printed on good paper and well illustrated. I do not think second hand machinery can turn out good work. While each issue should not contain too many articles, I agree that the Journal should be issued frequently. I would suggest two issues a week. A few brief and brightly written articles well illustrated with small items of interesting information (relating to topics germane to the Journal) and the whole well turned out in an up-to-date press may succeed. I attach importance also to the fact that the articles should be written by Departmental officials or other responsible persons so that we may be sure that the "Propaganda" is on sound lines and the information broadcast on our authority is sound and correct.

Our past experience does not encourage us to hope that the continuance of past practices with a little more expenditure would improve matters. The obvious lack of capital and the admitted need for the supply of material for the Journal seem to me in themselves sufficient to make the proposals unacceptable. Past experiences seem also against continuance.

A competent hand to write up the articles in popular Kannada will have to be employed in the Office. It is necessary that the language should be as simple and familiar as possible. The printing should be done in the Government Press or if that is impossible in some other Press which could turn out good and attractive work.

The expenditure would not be much in excess of the proposed subsidy. If however the Journal is supplied to the Village Panchayets free the total cost of the Journal to the Conference would of course be more. I think however it would be worth while. In view of past experience I have no doubt we should strike out a new line. I therefore recommend that the Journal should be run on the lines indicated above that the Development Departments should be responsible for the contents and that the Journal should be issued directly by the Conference Office who should be responsible for the language, get up and punctuality of the Journal.

GENERAL SECRETARIAT.

Reviews the Report on the Administration of the Several Town and Minor Municipal Councils in the State during the year 1927-28.

READ—

The reports on the administration of the several Town and Minor Municipalities in the State for the year 1927-28 and the reviews of the Deputy Commissioners of Districts thereon.

2. Letter No. 425—L. A. D., dated the 19th January 1929, from the Comptroller, forwarding the report on the audit of the accounts of these Municipalities during the year.

ORDER NO. L. 7624-35—ML. 150-28-48, DATED 20TH MAY 1929.

Recorded.

2. *Number of Municipalities.*—The total number of Town and Minor Municipal Councils was the same, *viz.*, 102 as in the preceding year. Though Belakavadi and Yelandur were notified as Minor Municipal Councils during the year, they were not brought into working order. The Minor Municipal Council of Arsikere was converted into a Town Municipal Council. Sringeri continued to be a non-regulation Municipality and the question of bringing it under the provisions of the Municipal Regulation is under the consideration of Government. Orders have since been passed

converting the Malebennur Municipal Council, Chitaldrug District, into a Village Panchayet and the question of converting other Minor Municipal Councils with a population of less than 3,000 into Panchayets is under consideration.

3. *Constitution.*—General elections were held in 58 Municipalities. No information is furnished in many of the reviews as to whether the seats were contested and what percentage of the voters in the several constituencies exercised their right of voting.

4. *Strength of Councils and Meetings.*—The total strength of members on the last day of the year was 1,520 as against 1,488 members on the last day of the preceding year. Of these, 724 were elected members, 313 *Ex-officio* members and the rest, *viz.*, 483 were non-officials appointed by the Government. The attendance at meetings is reported to be fairly satisfactory, but there is still much scope for improvement. In the Kolar District all the Municipal Councils held the prescribed number of meetings, which was not the case in several Municipal Councils of the other Districts. It is unsatisfactory to note that Alur Municipal Council in the Hassan District held only two meetings during the year. Of 1,245 meetings held, the number of meetings adjourned for want of quorum was 240. The number of such meetings was large in the case of Channapatna, Shimoga and Chikmagalur Municipal Councils. This is unsatisfactory. The Deputy Commissioners are requested to impress upon the Municipal Councils and the members constituting them, the necessity of holding monthly meetings regularly for the despatch of work and of regular and punctual attendance at the meetings.

5. *Presidents and Vice-Presidents.*—In addition to the Municipal Councils of Tumkur, Chikmagalur and Hassan, the privilege of electing a non-official President from among the Municipal Councillors was conferred on the Tiptur Municipal Council. The privilege of electing a Vice-President from among Municipal Councillors was withdrawn from the Vadigenahalli Municipal Council and a Vice-President was nominated thereto.

6. *Committees.*—In spite of the observations made in the review on the administration of these Municipal Councils for the year 1926-27, it is found that no progress has een made in several Municipal Councils in the matter of constituting committees authorised under the Municipal Regulation and the Municipal Account Manual. Even where the Managing Committees have been constituted, either no business has been transacted or the work turned out is very poor. The Deputy Commissioners are requested to issue necessary instructions to see that in all Municipalities three committees, *viz.*, the Managing Committee, the Audit Committee and the Health Committee are formed during the current year.

7. *Bye-laws.*—Information has not been furnished in the reviews of Bangalore, Kolar, Tumkur and Chitaldrug Districts as to whether any bye-laws were framed by the several Municipal Councils in these districts during the year. It is reported that in some of the Municipalities of the Hassan District, bye-laws for the (1) levy of octroi, (2) compulsory vaccination, and (3) registration of births and deaths have not been framed. The defects should be rectified as early as possible. Draft bye-laws relating to epidemic diseases and eating houses, levy of market fees, introduction of daily conservancy and for regulation of water-supply are reported to have been framed by some of the Municipal Councils in the Kadur and Mysore Districts but that sanction of Government has not been obtained therefor. The Town Municipal Council of Sagar framed Building Bye-laws and Octroi and Taxation Rules and they have been sanctioned by the Government. The proposal of the Shimoga Town Municipal Council for exempting genuine hand spun Khadder imported into the Municipal limits from levy of octroi was sanctioned. The attention of the Deputy Commissioners is invited to para 6 of Government Order No. L. 6253-67—Ml. 153-27-49, dated 9th April 1928, in this matter and they are requested to advise the Municipal Councils to take prompt action to frame the necessary bye-laws on important matters.

8. *Finance and Incidence of Taxation.*—The year opened with a balance of Rs. 5,29,440 and the income and expenditure amounted to Rs. 13,63,863 and 13,78,823 respectively. The year closed with a balance of Rs. 5,14,480. The expenditure during the year was more than the income in the districts of Mysore, Tumkur, Kolar and Chitaldrug. The incidence of taxation per head of population ranged from Re. 0-4-0 in the Konanur Municipality, Hassan District, to Rs. 6-8-4 in the French-Rocks Municipality, Mysore District.

9. *Collection of Municipal Dues.*—The reviews of the Deputy Commissioners disclose that the collection work in several Town Municipalities was not satisfactory. In the Kadur District, the arrears in each Municipal Council are stated to be more than the annual demand in each case, while in the Chitaldrug District in the Municipalities of Harihar, Hiriyur, Molakalmuru, Mayakonda and Malebennur, the arrears are more than 25 per cent of the demand. In the Shimoga District, Shiralkoppa Municipality has got the heaviest arrears, *viz.*, 69·33 per cent of its demand. In the Mysore District, the Municipalities of Nanjangud, Seringapatam, Hunsur and Chamarajnagar account for heavy balances of old arrears. The Comptroller's report on the audit of the Municipal accounts for 1926-27 shows that the arrears under Mohatarfa were more than double the annual demand in three Municipalities and that the arrears exist for a period of 30 years in the cases of Goribidnur, Seringapatam, Hassan and Honnali Municipalities. The attention of the Municipal Councils is invited to Section 161 (*b*) of the Municipal Regulation, according to which the Municipal Council is not authorised to issue distress warrants for arrears of mohatarfa taxes more than three years old. In the case of time barred dues, persuasion should be resorted to as far as possible and the really irrecoverable items should be written off the accounts after observing the required procedure. The Municipal Councils may be instructed to take systematic action and institute coercive steps for the recovery of the arrears. This is being repeatedly urged on the attention of the Municipal Councils. But no prompt action has yet been taken by them to recover the dues and also to improve their financial position by periodical revision of assessment, without which it is not possible to carry out measures for the comfort, health and convenience of the ratepayers. Government trust that due attention will be paid to this and better results will be achieved in this direction in future.

10. *Public Works, Town Improvements and Water Supply.*—A sum of Rs. 2,63, 786 was spent in all the districts for the above purposes. Improvement of towns received considerable attention and the suggestions made by the Executive Engineer, Town Planning Division are receiving attention at the hands of Municipal Councils. The amounts sanctioned by Government for Town Improvement were distributed to the several districts and several improvement works such as drainage works, removal of congestion by opening out lanes, filling up of ditches, widening of squares and streets were carried out supplemented by contributions out of Municipal Funds. The drainage scheme of Channarayapatna was under consideration. The construction of filter beds and laying out of pipes in connection with the water-supply scheme of Tumkur was completed and water was let for public use. The water-supply works at Kadur and Mudigere Towns were completed. The project for the supply of water to Hunsur was taken up and those for Malvalli and Tarikere were under investigation as also the scheme for water-supply for Dodballapur Town. In regard to the latter, a further sum has been sanctioned for borehole experiment. The improvement in the supply of water to the Shimoga Town is stated to have been almost completed during the year. In the Chitaldrug District, the difficulty for water-supply was met by sinking boreholes and the Anklimutt valley scheme was not pushed through. The electrification of Bowringpet and Channapatna was completed while that of Kolar and Tumkur were nearing completion. Electrification works in connection with Closepet and Nanjangud Towns were in progress during the year under report, while estimates for the electrification of Dodballapur, Chikballapur, Sidlaghatta and Devanhalli were sanctioned during the year and those for Mandya, Malvalli, Chamarajnagar and Maddur were under consideration.

11. *Public Health and Sanitation.*—Public health was generally good, except for the prevalence of plague, cholera and small-pox in a sporadic form. The Municipal Councils are reported to have adopted the necessary preventive and precautionary measures to check the spread of the diseases. Complete information is not furnished as regards the number of patients treated in the Local Fund Dispensaries and Vaidyasalas and the number of labour cases attended to by the Midwives. Information is not also available as regards the number of vaccinations performed in the several Municipalities.

12. *Public Instruction.*—A sum of Rs. 8,756 was spent on Public Instruction in the Districts of Kolar, Shimoga, Tumkur and Chitaldrug. Information has not been furnished in respect of other districts. Action should be taken by such of Municipal Councils as have not levied the Education Cess to levy the same with effect from 1929-30 after obtaining the sanction of Government.

13. *Inspection of Municipalities and Municipal Offices.*—In connection with improvement of towns, the Executive Engineer, Town Planning Division inspected a few Municipalities in regard to the improvement and his suggestions are receiving the attention of the Municipal Councils. Except the Deputy Commissioners of Kadur, Chitaldrug and Hassan, who inspected 4, 3 and 4 offices respectively, the other Deputy Commissioners have not furnished any information on this point. The attention of the Deputy Commissioners is invited to para 15 of the review on the administration of these Municipal Councils during the year 1926-27 and to Government Order No. L. 2174-80—Ml. 99-28-29, dated 19th September 1928, issuing instructions in regard to the inspection of Town and Minor Municipal Council by Deputy Commissioners and they are requested to inspect the Municipal Offices in their districts at least once a year and to arrange to see that the defects noticed by them are also rectified.

14. *Audit of Accounts.*—Audit Committees were not constituted by many Municipal Councils. The report of audit of Municipal accounts for the year 1926-27 made by the Local Audit staff was received from the Comptroller on 1st January 1929. It is noticed therefrom that the irregularities of previous years have been repeated. Government observe that these defects and irregularities to some extent are due to the fact that the clerks therein entrusted with the work, do not possess required qualification. The Deputy Commissioners are requested to arrange to have only qualified men posted to these appointments. The Comptroller's report will be separately printed and circulated to the several Municipal Councils.

15. *General.*—None of the reviews of the Deputy Commissioners was received on the prescribed dates. The reviews do not also contain complete information on all the points prescribed for the Municipal administration report and the consolidated statements, 21 in number were not submitted along with the review. The Deputy Commissioners are requested to submit their reports to Government in due time in future with complete information.

16. *Conclusion.*—During the year under review, the Silver Jubilee of the 25th year of the reign of His Highness the Maharaja was celebrated with enthusiasm by all the Municipal Councils in the State. The event was commemorated by the several Municipal Councils by the construction of Silver Jubilee Town Halls and Silver Jubilee Parks, etc.

The non-official Councillors, Presidents and Vice-Presidents of Municipalities are reported to have evinced keen interest in the administration of the Municipal affairs during the year. As an appreciation of the services so rendered, Public Service Medals were awarded by His Highness the Maharaja to Messrs. B. Kesaviah and C. Vasudeva Rao of Chikmagalur and Mr. Baba Saheb of Tarikere. But as repeated in the last year's review, Government are constrained to observe that the same defects such as bad collection, unwillingness to systematically revise the assessments and to take coercive steps for the recovery of the Municipal dues and indifference to audit reports still continue and unless these are remedied the administration of the Municipalities cannot be considered to be satisfactory.

The Special Committee appointed to scrutinise the draft bill for the Minor Municipalities have finished their labours and the bill has been submitted to Government. Another bill for amending the existing Municipal Regulation in the light of the experience gained in the course of its working is engaging the attention of the said Committee.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

FINANCIAL SECRETARIAT.

Continuance of the rate of interest of 5 per cent on Charitable Endowments for a period of three years from 30th July 1929.

READ—

G. O. No. Fl. 431-90—G. F. 255-26-6, dated the 14th July 1927, directing the continuance of the rate of 5% interest on Charitable Deposits, for a further period of two years from 30th July 1927.

2. Letter No. 2349—S. L. dated 2nd May 1929, from the Comptroller, soliciting orders about the rate to be allowed after the expiry of the current sanction on 30th July 1929.

ORDER NO. FL. 8571-630—G. F. 150-28, DATED 21ST MAY 1929.

Government are pleased to direct that the rate of interest of 5% be continued for a further period of three years from 30th July 1929.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Permanent arrangements for the future organisation and conduct of the Mysore Dasara Exhibition.

ORDER NO. D. 12179-259—A. & E. 266-27-79, DATED 23RD MAY 1929.

Since the Exhibition has been made a recurring annual function, Government consider it necessary to make permanent arrangements for its future organisation and conduct, with a view to secure steady and progressive improvement of the departmental stalls and the demonstration plots; for these will be permanent features which will serve as a nucleus round which the inflow of exhibits from outside every year could be grouped. Continuous attention is also necessary to keep the exhibits in the stalls up-to-date, and to prevent staleness by frequent renewals and replacements.

2. As the success of the Exhibition depends essentially on the co-operation of the Development Departments, the most appropriate agency for being in charge of the Exhibition is the Economic Conference whose function it is to co-ordinate the activities of these Departments. Now that a separate Assistant Secretary has been appointed, the Economic Conference is in a position to undertake this responsibility. The grant for the Exhibition also is included in that for Economic Development.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Permanent arrangements for the future organisation and conduct of the Mysore Dasara Exhibition.

ORDER NO. D. 12179-259—A. & E. 266-27-79, DATED 23RD MAY 1929.

Since the Exhibition has been made a recurring annual function, Government consider it necessary to make permanent arrangements for its future organisation and conduct, with a view to secure steady and progressive improvement of the departmental stalls and the demonstration plots; for these will be permanent features which will serve as a nucleus round which the inflow of exhibits from outside every year could be grouped. Continuous attention is also necessary to keep the exhibits in the stalls up-to-date, and to prevent staleness by frequent renewals and replacements.

2. As the success of the Exhibition depends essentially on the co-operation of the Development Departments, the most appropriate agency for being in charge of the Exhibition is the Economic Conference whose function it is to co-ordinate the activities of these Departments. Now that a separate Assistant Secretary has been appointed, the Economic Conference is in a position to undertake this responsibility. The grant for the Exhibition also is included in that for Economic Development.

3. Government accordingly direct that the future conduct of Exhibitions be entrusted to a Committee which is strongly representative of the Economic Conference and in which there is also a pronounced non-official element. The constitution of the Committee will be as follows:—

CHAIRMAN.

Second Member of Council.

MEMBERS.

The Director of Agriculture in Mysore.
The Director of Industries and Commerce in Mysore.
The Director of Horticulture in Mysore.
The Secretary, Economic Conference (Vice-Chairman).
Two Non-official members of the Economic Conference to be nominated by the Dewan President.
The Deputy Commissioner, Mysore District.
The President, Mysore City Municipality.
The Executive Engineer, Special Division, Mysore.
The Chief Electrical Engineer in Mysore.
Two Non-official gentlemen resident in Mysore.

SECRETARY.

The Assistant Secretary to the Economic Conference.

4. The Assistant Secretary to the Economic Conference will be in executive charge of the Exhibition under the immediate control of the Secretary to the Economic Conference as Vice-Chairman, and for that purpose he will have his Headquarters transferred to Mysore during the requisite period every year.

5. A permanent Exhibition Office is not necessary at Mysore during off-seasons, but a care-taker on Rs. 15 per mensem and a peon on Rs. 12 may be employed under the control of the Economic Conference. During the season of active organisation, a small temporary staff may be employed as usual.

6. The demonstration plots (in the bed of Jeevanrayankatte) will be given over to the control of the Agricultural and the Gardens Departments in order that continuous work might go on; and the other exhibiting departments might likewise be entrusted with the control of the stalls allotted to them in order that they might be in a position to improve the exhibits in them by additions and replacements continuously to minimise staleness.

N. RAMA RAO.
Secretary to Government,
Development Departments.

Reviews the report on the Mysore Dasara Exhibition, 1928.

READ—

Government Order No. D. 12274-348—A. & E. 266-27-9, dated 15th May 1928, directing the holding of an Exhibition at Mysore during the Dasara of 1928 and appointing a Committee with Mr. G. H. Krumbiegel, F.R.H.S., Director of Horticulture and Consulting Architect, as the Chairman for organising and conducting the Exhibition.

2. Letter No. 886, dated 30th January 1929, from the Chairman, Exhibition Committee, submitting a report on the Exhibition held as directed above.

ORDER NO. D. 12355-12436—A. & E. 266-27-79, DATED 27TH MAY 1929.

Recorded.

2. There was no change in the constitution of the Committee, except that Mr. Krumbiegel was appointed Chairman and Mr. K. Ananthaswami Rao, Curator, Government Museum as Secretary. This time there was only one Secretary as against two in the previous year.

3. The Exhibition was held in the same place as last year. Further improvements were made to the buildings. The Exhibition grounds were extended by the addition of the bed of the Jeevanrayanakere tank for purposes of agricultural and horticultural demonstrations.

4. This year's Exhibition differed rather sharply from its predecessor in two important respects. There were fewer exhibits from outside the State, probably owing to the shortness of the interval between the two Exhibitions and owing also to the competition of other Exhibitions elsewhere which were held at about the same time; but ther was a marked improvement in the number and variety of products of cottage industries exhibited, and the method and completeness of the arrangements in the Departmental Stalls. The Mysore, the M. & S. M., the S. I., the N. G. S., the B. B. and C. I., the B. N. and the G. I. P. Railway authorities granted concessions in the matter of freight on exhibits while the Mysore and M. & S. M. Railways afforded in addition special facilities to exhibitors and visitors. A booking office was opened in the Exhibition Grounds by the Mysore Railways. Other facilities, such as a combined Post and Telegraph Office, arrangements for transhipment of exhibits and restaurants were also provided on the grounds.

5. The receipts from rent for stalls, etc., amounted to Rs. 3,166-8-0, as against Rs. 3,529-3-3 in the previous year, the slight fall being attributable to the decrease in response from outside already referred to. A sum of Rs. 7,728-2-0 was realised by the sale of visitors' tickets, as against Rs. 9,665-9-6 in 1927. This rather marked decrease was no doubt partly due to the weather, which was very wet during this period; but it also points to the necessity of introducing a larger variety of popular amusements to attract visitors and holiday makers.

6. The Exhibition was opened two days later than the date notified, *viz.*, 15th October 1928, owing to the late arrival of some of the exhibitors and exhibits and it closed on 31st October 1928. All the sections were well represented, except those of painting, sculpture and musical instruments. At the close of the Exhibition, the Dewan presented the prizes and certificates awarded to successful Exhibitors. The total value of the exhibits, excluding those of the Government Departments amounted to about Rs. 5 lakhs and business to the extent of one and a quarter lakh of rupees was done. A separate section for women's work was a special feature of the Exhibition.

7. The receipts from the Exhibition including the value of gold medals presented, amounted to Rs. 16,109-1-9, while the expenditure including establishment charges was Rs. 15,328-2-4. A sum of Rs. 42,500 was also sanctioned by Government out of which a sum of Rs. 29,471 was spent on capital works. The net surplus on 1st January 1929 was Rs. 2,971-15-5.

8. The Exhibition as an annual function has to set before itself a definite objective and also to overcome certain disadvantages. This year's experience has shown that, to ensure success, a recurring exhibition while welcoming participation from outside, should not depend too largely on it but should aim at an impressive presentation of the development and distribution of indigenous arts and industries. If this object is kept in view and each department and section has a fixed place allotted to it, the stalls and show rooms should grow richer and more varied from year to year and not only can the interest be kept perpetually fresh by replacements and fresh accretions but the Exhibition can also be made to keep pace automatically with the progress of the country. Due attention should also be bestowed on the popular and recreative side so that the Exhibition might materially add to the attractions of Mysore to the large concourse of people who come there for the Dasara Celebration. Suitable games, sports, side shows and other amusements should be provided to attract the multitude and combine pleasure with instruction.

9. Government acknowledge with thanks the co-operation and courtesy extended to the organisers of the Exhibition by the Governments of Bengal, Madras, Baroda, Jaipur, Bihar and Orissa and the Bansada State. The acknowledgments of Government are due to all the Railway Administrations for their co-operation. Their thanks are also due to the Chairman, Members and entire staff of the Committee for their labours in conducting the Exhibition and to the Heads of Departments, Deputy Commissioners, Presidents of District Boards and the various official and non-official ladies and gentlemen who co-operated with them.

N. RAMA RAO,
Secretary to Government,
Development Departments.

GENERAL SECRETARIAT.

Irrigation Cess Fund Budget for 1929-30.

READ—

Letter No. C. Per. A. 12—28-29, dated the 17th May 1929, from the Revenue *Commissioner in Mysore, submitting the Budget Estimates for the Irrigation Cess Funds for the year 1929-30, with a memorandum on the subject.

*(Printed as annexure.)

2. Letter No. 10363, dated 25th May 1929, from the Chief Engineer of Mysore, stating that the budget may be sanctioned as recommended by the Revenue Commissioner.

ORDER NO. R. 9887-99—L. R. 596-28-4, DATED 27TH MAY 1929.

The estimated receipts for the year 1929-30 are shown below together with those of the current year:—

District	1929-30	1928-29
	Rs.	Rs.
Bangalore	29,516	29,441
Kolar	47,307	47,182
Tumkur	47,900	47,650
Mysore	79,010	70,501
Hassan	45,210	45,210
Shimoga	75,000	70,000
Kadur	28,000	28,000
Chitaldrug	16,264	16,211
Total ..	3,68,207	3,54,195

2. The estimated closing balances of the year 1927-28, with the adjustments effected by the Comptroller as recorded in Government Order No. R. 8792-801—L. R. 312-28-4, dated 25th April 1929, have to be adopted for the opening balances of the current year. After working out the details as per budget estimates of the current year with the additional grant since sanctioned, *viz.*, Rs. 22,148 (Government Order No. 5952-56—L. R. 491-27-8, dated 2nd September 1929) the opening balances of the year 1929-30 have to be arrived at. They stand as follows, as compared with the figures under closing balances in the budget of 1928-29:—

				(Budget 1928-29)		
	Rs.	a.	p.	Rs.	a.	p.
Bangalore	28,251	12	1	6,093	2	11
Kolar	1,10,302	3	3	1,19,214	7	3
Tumkur	—2,932	5	6	47	3	2
Mysore	—30,898	0	0	—8,750	0	0
Hassan	62,182	11	8	47	4	9
Shimoga	2,35,813	9	5	1,89,869	14	3
Kadur	39,221	1	7	422	12	8
Chitaldrug	—3,815	1	4	—4,264	0	0
General Irrigation Cess Fund ..	—2,218	9	5	66,021	5	10

By the addition of the opening balances, as shown above and of the State Grant for the maintenance of channels the total estimated receipts for the year 1929-30 will be Rs. 9,16,604-5-11 as against Rs. 12,41,854-13-0 as noted below:—

	1929-30			1928-29.		
	Rs.	a.	p.	Rs.	a.	p.
1. Opening balance (without the minus balances) ..	4,75,771	5	11	8,22,947	13	0
2. Estimated receipts from Districts ..	3,68,207	0	0	3,54,195	0	0
3. State grant for maintenance of Channels ..	72,626	0	0	64,712	0	0
Total ..	9,16,604	5	11	12,41,854	13	0

The minus opening balances shown against Tumkur, Mysore, and Chitaldrug will be adjusted from the funds to be credited to the General Irrigation Cess Fund during the next year. The contribution of Rs. 72,626 from the State Fund to the Irrigation Cess Fund on account of charges for maintenance of River Channels will be met out of the provision of Rs. 80,000 made in the State Budget under "23. Irrigation Works charged to Revenue 4 Repairs".

3. The proposed programme of expenditure on account of works for the year 1929-30 as compared with that of 1928-29 is shown below:—

District	1929-30	1928-29
	Rs.	Rs.
Bangalore	22,000	28,100
Kolar	50,000	50,500
Tumkur	32,000	60,000
Mysore	1,09,929	93,700
Hassan	42,868	40,000
Shimoga	40,000	50,000
Kadur	32,250	45,000
Chitaldrug	22,000	22,500
Total ..	3,51,047	3,89,800

Adding a sum of Rs. 61,375 being the contribution to the General Irrigation Cess Fund and a further amount of Rs. 63,188 for establishment, tools and plant percentage charges, for which no grant has been made in the State Budget, the total expenditure on works for the year 1929-30 will be Rs. 4,75,610 as against Rs. 5,34,174 in the previous year.

4. A sum of Rs. 6,14,000 is provided in the State Budget for expenditure on account of the Triennial Programme of works during the year 1929-30. Out of this, a sum of Rs. 3,08,000 will be charged to the Irrigation Cess Funds at the credit of the several districts as shown in the expenditure statement appended.

5. *Provision for Road Works.*—The grant of Rs. 10,000 to the Kadur District ordered in Government Order No. R. 1229-34—L. R. 454-26-9, dated the 15th August 1927, will be continued next year also. The recommendation of the Revenue Commissioner for an enhanced grant of Rs. 25,000 for the Shimoga District is also sanctioned. A sum of Rs. 5,000 is provided for the Hassan District too.

6. The lumpsum allotments recommended by the Revenue Commissioner in respect of the Tumkur, Hassan, Shimoga and Chitaldrug Districts are also included in the Expenditure Statement.

7. No provision has been made in the State Budget for meeting the cost of the establishment, tool and plant charges as in the previous two years. The amounts required under this head will be met from the funds themselves as heretofore. The anticipated minus closing balances shown against the three Districts, Mysore, Tumkur and Chitaldrug will be debited to the General Irrigation Cess Fund.

8. With these observations, the estimates of the Irrigation Cess Funds for the year 1929-30 are sanctioned as detailed in the appended statements.

9. As regards the suggestion of the Chief Engineer that the allotments for the two channel divisions may be shown separately from that given to the Hassan and the Mysore Districts for tank works, he is requested to arrange for the necessary distribution of the amounts to the channel divisions in consultation with the Revenue Commissioner and the Chief Engineer, Krishnarajasagara Works.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

ANNEXURE.

No. C. Per. A. 12—28-29, dated Bangalore 16—17th May 1929, from the Revenue Commissioner in Mysore, to the General Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

I have the honor to forward herewith the Irrigation Cess Fund Budget for the year 1929-30, together with a memorandum on the subject. The delay is due to the non-receipt of the estimates pertaining to the Mysore District which were received only to-day after issue of several reminders.

2. A copy of the estimates and a copy of the memo as also the estimates received from the Districts (with their enclosures) have been forwarded to the Chief Engineer for furnishing his opinion to Government.

Memorandum on the Irrigation Cess Fund Budget for the year 1929-30.

A consolidated statement showing the estimated receipts and expenditure during the coming year 1929-30 based on the information furnished in the District Estimates, forwarded by the Deputy Commissioners, is appended.

2. *Receipts.*—The estimated receipts during 1929-30, from Irrigation Cess are shown below, together with the estimated receipts for the current year :—

District	1929-30 Rs.	1928-29 Rs.
Bangalore	29,516	29,441
Kolar	47,307	47,182
Tumkur	47,900	47,650
Mysore	79,010	70,501
Hassan	45,210	45,210
Shimoga	75,000	70,000
Kadur	28,000	28,000
Chitaldrug	16,264	16,211
Total ..	368,207	354,195

The realisations from the Irrigation Cess in the several districts will thus amount to Rs. 368,207. To this, the following grants from State Funds according to Standing Orders should be added:—

		Rs.
(i)	For maintenance of River Channels 60 per cent of the estimated expenditure (*i. e.*, Rs. 121,044).	72,626
(ii)	Contributions on account of establishment and Tools and Plant at 18 per cent of the estimated expenditure.	63,188

No grant under this item was sanctioned by Government in the current (1928-29) and previous years though recommended by this office. As the existing standing orders require that a grant equal to 18 per cent of the expenditure should be given, it is very desirable that such grants should be made. A reference has already been made to Government in the matter. (*Vide* letter No. C. Per A. 12—28-29, dated 4th May 1929.) Including these State grants, the total realisations will work out to Rs. 504,021.

According to the sanctioned estimates of 1928-29, the closing balances of the several districts aggregate to only Rs. 315,694. The Comptroller who was requested to intimate what would be the probable opening balances in the several district units, estimates the same at Rs. 860,592 (*vide* copy of his communication No. 1013 –T. A. D. B., dated 29th April 1929, enclosed). The forecast of the Comptroller can only be taken as a very rough one as the expenditure will be generally great during the months of April, May and June.

3. *Expenditure.*—In framing the estimates of some of the districts, the principle enunciated in Government Order No. R. 3342-53—L. R. 302-25-2, dated 6th January 1926

viz., the expenditure for each district should never be allowed to exceed the limit prescribed for the Districts, has not been followed. Hence, the estimates have been revised in this office in accordance with the above principle and the amounts proposed by the Deputy Commissioners for expenditure are indicated in brackets below the figures which ought to have been provided by strictly adhering to the rules. The expenditure on works as revised by this office and that sanctioned for the current year are indicated below:—

District	1929-30	1928-29	
Bangalore	.. 22,000	28,100	
Kolar	.. 50,000	50,500	
Tumkur	.. 32,000	60,000	
Mysore	.. 109,929	93,700	
		+22,148	(Supplemental grant sanctioned in Government Order No. R. 5952-56—L. R. 491-27-8, dated 25—29th January 1929.
Hassan	.. 42,868	40,000	
Shimoga	.. 40,000	50,000	
Kadur	.. 32,250	45,000	
Chitaldrug	.. 22,000	22,500	
Total	.. 351,047	389,800 (+22,148)	

To this, the cost of establishment and tools and plant charges amounting to Rs. 63,188 will have to be added.

The Deputy Commissioner, Bangalore District, has proposed a provision of Rs. 47,500 for "Fresh Works" and Rs. 11,000 for incomplete works, *i.e.*, in all Rs. 58,500 for works and Rs. 10,530 for establishment and tools and plant. He states that the enhanced provision is required for repairing tanks damaged on account of rains. No programme of works has yet been fixed. The expenditure allowed according to rules is only Rs. 22,600 in round figures, *i.e.*, 75 per cent of the cess realisations and it will be seen that what the Deputy Commissioner has proposed is nearly double of the amount realised in the district during the year. The opening balance at the credit of the District is also small unless the rough forecast of the Comptroller is accepted. Hence, a sum of Rs. 22,000 only may be provided for expenditure especially as no programme has yet been fixed and if additional amount is found absolutely needed supplemental grant can be given in due course out of the surplus at the credit of the District which will be known definitely at the end of this year.

With regard to Kolar District, though the expenditure proposed by the Deputy Commissioner is in excess of even the expected realisations of the year still in view of the peculiar condition of the District which depends mainly on the net work of tanks spread all over, and the large surplus available to its credit, the figures furnished by him may be accepted.

The Deputy Commissioner, Mysore, has proposed the provision of Rs. 70,924 for maintenance of river channels, 50,000 for fresh and incomplete works and Rs. 10,000 as reserve for unforeseen works. As only 95 per cent of the estimated receipts can be utilised in this district, only a sum of Rs. 39,005 will be available for works after providing for cost of maintenance of river channels (40 per cent debited to Irrigation Cess Fund) and Rs. 7,685 for being transferred to Krishnarajasagara Works being the cess realised on the channels included thereunder. Hence only Rs. 39,005 has been proposed by this office. The Deputy Commissioner's proposal to meet the remaining expenditure from the General Irrigation Cess Fund is not in conformity with the directions of Government contained in para 4 of Government Order No. Camp R. 3-15—L. R., dated 30th May 1928.

The Deputy Commissioner, Kadur District, has proposed a lumpsum provision of Rs. 56,000 for tank works and maintenance of channels. As 60 per cent of the cost of maintenance of river channels has to be borne by State Funds, and the Deputy Commissioner has not given the expenditure under this head separately, a sum of Rs. 18,750 has been provided for expenditure under this head as in last year. As 40 per cent of this, *i.e.*, Rs. 7,500 is debitable to Cess Fund, only a sum of Rs. 13,500 will be available for fresh and incomplete works, as only 75 per cent of the estimated receipts under cess, *viz.*, 21,000, can be spent. After ascertaining what surplus will be available at the credit of the District after the close of 1928-29, supplemental grants may be sanctioned if more funds are required by the Deputy Commissioner for works in this District.

The Deputy Commissioner, Chitaldrug District, states that the works proposed to be taken up for next year are all of very urgent nature and that since the income of the

District cannot provide for all these and since there are no funds at the credit of the District as surplus, a grant of Rs. 18,000 may me given either from the General Irrigation Cess Fund or from State Funds. It may not be possible to give any grant from the General Irrigation Cess Fund as the balance at the credit of that fund is also small and moreover, Government have ordered that such an arrangement should not be continued in future in the case of Mysore and Chitaldrug Districts (*Vide* para 4 of Government Order No. Camp R. 3-15—L. R. dated 30th May 1928). Hence, any additional grant will have to be from State Funds only. I agree with the Deputy Commissioner that the District is in need of special treatment in view of its extreme dryness and that the special grant asked for is necessary.

Lumpsum allotment for unforeseen urgent Irrigation Works. (vide *Chief Secretary's letter No. R. 695, dated 26th—30th July 1927).*—Except the Deputy Commissioner, Mysore District, no other Deputy Commissioners have asked for such reserves. In the case of Bangalore, Kolar, Mysore and Kadur Districts, no provision for reserve is possible as expenditure on works to the prescribed limit has been provided for. In these cases, any urgent and unforeseen works will have to be executed by reappropriation of sanctioned grants as heretofore. In the case of other Districts, where the expenditure proposed is below the prescribed limit, some provision has been made as reserve.

Grants to Road Works.—Government Order No. R. 1229-34—L. R. 454-26-9, dated the 16th August 1927, directs the grant of funds to Road works in the Districts of Hassan, Shimoga and Kadur provided that there is a balance of the fund available in the respective districts after meeting their irrigational requirements. No provision has been made by the Deputy Commissioner of Hassan District, in the estimates of that District. A sum of Rs. 5,000 may be provided for out of the surplus at the credit of the district which is estimated by Comptroller at Rs. 123,911. The amount allowed to the Shimoga District in the Government Order quoted above is Rs. 15,000. The Deputy Commissioner has proposed a grant of Rs. 25,000 which may be sanctioned (*vide* this office letter No. C. 1498—28-29, dated 6th May 1929). The Deputy Commissioner, Kadur District, has not proposed any grant for road works in his District. As the income from cess is not sufficient for Irrigation works and the surplus at the credit of the District is also not much and the amount proposed by the Deputy Commissioner for Irrigation works has itself been curtailed, it is not possible to grant any funds for road works in this District.

Irrigation Cess Fund Budget, for 1929-30.

General Irrigation Cess Fund	70,000

Grant of a Commission under section 99 Land Revenue Code to Mr. M. N. Balaraj Urs.

READ—

Government Order No. R. 9451-2—L. R. 435-27-4, dated 14th June 1928, sanctioning the issue of a Commission under section 99 Land Revenue Code clauses (*d*) (*e*) (*f*) to Messrs. M. N. Balaraj Urs and Baladevaraj Urs, Inamdars of the marginally noted eight villages. (7 and 8 are Dakhale Villages of Asali Mangala).

VILLAGE.	TALUK.
1. Kadakola	Mysore.
2. Byatahalli	
3. Sindhuvalli	
4. Dadadahalli	
5. Beerihundi	
6. Javanhalli	
7. Hullepura	Chamrajnagar.
8. Yadiyur	

2. Letter No. C. 4415—28-29, dated 29th April 1929, from the Revenue Commissioner in Mysore, recommending, for reasons given, the grant of powers under clauses (*a*) and (*b*) of section 99 Land Revenue Code also to Mr. M. N. Balaraj Urs in respect of the Inam Villages referred to above.

ORDER NO. R. 9923-4—L. R. 646-28-2, DATED 29TH MAY 1929.

Government are pleased to sanction the Revenue Commissioner's recommendation and to issue the accompanying Commission to Mr. M. N. Balaraj Urs.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Commission Granted Under Section 99 *of the Land Revenue Code Regulation IV of* 1888.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. M. N. Balaraj Urs, Inamdar of the Inam Villages noted in the margin, the following powers specified in clauses (*a*) and (*b*) of section 99 of the Mysore Land Revenue Code to be exercised within the limits of the Inam Villages. (Dakhale villages in Asali Mangala village.)

VILLAGE.	TALUK.
1. Kadakola	Mysore
2. Byatahalli	
3. Sindhuvalli	
4. Dadadahalli	
5. Beerihundi	
6. Javanhalli	
7. Hullepura	Chamrajnagar.
8. Yediyur	

Clause (*a*) to demand security for the payment of the Land Revenue or rent due to you and if the same be not furnished, to take such action, as the Deputy Commissioner is authorised to take under section 147 to 149 except the power to fine under paragraph 3 of section 149 or to sell the crop under section 149.

(*b*) To attach the property of persons making default in the payment of Land Revenue or rent due to you in the said Villages.

II. The abovementioned powers delegated to you are vested in you during the pleasure of and subject to recall, by the Government of His Highness the Maharaja of Mysore.

FINANCIAL SECRETARIAT.

Reduced rates of Travelling Allowance for rapid journeys of over 50 miles a day by road.

READ—

Government Order No. Fl. 4829-78—S. & A. 16-22-2, dated 18th April 1923, directing that all Travelling Allowance claims for road journeys exceeding 50 miles should be submitted to Government for sanction with a full explanation of the need for such journeys.

ORDER NO. FL. 8704-63—S. & A. 288-28-1, DATED 27TH MAY 1929.

Government are pleased to suspend the operation of the rule embodied in Article 590A, Mysore Service Regulations, which requires the submission to them of all claims for road marches exceeding 50 miles a day and to direct that for such marches of all officers the usual mileage rate be passed only up to 50 miles, three-fourths of the said rate being allowed for the distance in excess of 50 miles.

2. This arrangement will be tentatively in force for a period of one year from 1st June 1929.

3. The need for rapid marches of more than 50 miles should, however, be noted in Travelling Allowance bills for purposes of audit and the Comptroller will be competent under standing orders to refer to Government cases in which rapid marches do not appear to be in the interests of public service and considerations of economy are ignored.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

Budget Estimates of General Muzrai Fund for the year 1929-30.

READ—

Letter No. 1839 of 1928-29, dated the 11th—13th May 1929, *from the Muzrai Commissioner in Mysore, submitting for sanction the Budget Estimates of Income and Expenditure of the General Muzrai Fund for the year 1929-30.

*(Printed as annexure.)

ORDER NO. 2535-7—MUZ. 399-28-2, DATED 17TH—21ST MAY 1929.

The Muzrai Commissioner's proposals are approved with the following modifications:—

1. Under IX Grant to First Day's Biksha and other unforeseen charges, the provision proposed will be reduced by Rs. 200 and fixed at Rs. 400.
2. Under XI Grant-in-aid to the newly opened Patasalas, the provision will be fixed at Rs. 3,000.

The Muzrai Commissioner is requested to submit very early a consolidated list of works to be undertaken out of the provision made for works and repairs of institutions in the Budget.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

ANNEXURE.

Letter No. 1839 *of* 1928-29, *dated* 13*th May* 1929, *from the Muzrai Commissioner in Mysore, to the Secretary to Government, Financial Department.*

I have the honor to submit herewith the Budget Estimates of Income and Expenditure of the General Muzrai Fund for the year 1929-30 and to state as follows:—

(1) For the Agama Classes, a provision of Rs. 5,000 is made with a view to give effect to the scheme sanctioned in G. O. No. 1356-9—Muz. 133-27-12, dated 21st January 1929. The Principal of the Maharaja's Sanskrit College, Mysore, has sent up proposals asking for a grant of Rs. 5,540. These have been considered and only a sum of Rs. 5,000 has been provided and a separate reference to Government is being made in this respect

(2) The temporary grant of Rs. 200 to the Belur Temple has been retained as the selection of lands for the temple is still under correspondence and has not yet been definitely settled. The provision may be kindly allowed till the lands are actually allotted.

(3) The provision for the maintenance of the Belur and Halebid temples may as usual be allowed, having regard to the importance of the temples and need to keep them in good condition in view of their architectural importance.

(4) The provision of Rs. 2,000 allowed in the last year's budget for "Grant-in-aid" to Veda Patasalas in the State has been found inadequate as increased grants have been given to certain Patasalas while grants have been sanctioned to new ones and as applications for grants for newly opened Patasalas are being received. Individual recommendations will however be sent up and orders obtained. A sum of Rs. 3,500 at least is required. This provision may be kindly allowed.

(5) The other items of expenditure are all covered by Government sanction.

(6) The expenditure of Rs. 4,000 in excess of the income may be met from the balance as per Pass Book available at the end of this year, *i.e.*, the closing balance of 1928-29, the transactions of which year are likely to result in an appreciable *plus* balance in favour of the fund.

I solicit the favour of early orders sanctioning the budget so that it may be printed and issued.

BANGALORE, THURSDAY, JUNE 13, 1929.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Debarred from entry into Public Service.

READ—

Correspondence ending with letter No. L. 3934—28-29, dated 8th April 1929, from the Deputy Commissioner, Mysore District, forwarding a copy of his order dispensing with the services of T. Srinivasa Rao, who secured an appointment by making a false statement regarding his educational qualifications.

ORDER No. 8858-9007—C. R. B. 31-28-2, DATED 1ST JUNE 1929.

In his application dated 7th October 1928 to the Central Recruitment Board, for the vacancy of Municipal Clerk, Periyapatna Municipality on Rs. 25, T. Srinivasa Rao, son of T. Krishna Rao, Retired Head Gumasta, Pavagada, mentioned "S. S. L. C. and Revenue Lower" as his qualification and stated that for the previous five years, he held acting appointments as Judicial Clerk, Record-keeper, Panchayet Inspector and Revenue Sheikdar. He was thereupon appointed to the vacancy of Municipal Clerk. But as it was found subsequently that Srinivasa Rao had passed only the L. S. Examination, the Deputy Commissioner, Mysore District, ordered his services to be dispensed with, without prejudice to his reappointment to a post for which L. S. is the qualification required.

2. Government observe that merely dispensing with the services of Srinivasa Rao, subject to his re-employment in Government service as a candidate with the L. S. qualification, is not adequate punishment in the circumstances of the case and accordingly direct that Srinivasa Rao be debarred from entry into public service for a period of two years.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Confirmation of Officials on Rs. 25.

ORDER NO. 9008-9157—C. R. B. 34-28-1, DATED 1ST JUNE 1929.

The minimum educational qualification for appointments prescribed carrying a pay of Rs. 25 in Government Order No. E. A. 2093-172—E. A. 14-21-7, dated 28th November 1921, was a pass in the L. S. Examination or a certificate of having studied in the Fifth Form of a recognised High School. This having been raised to S. S. L. C. in Government Order No. 3567-3652—C. R. B. 12-28-1, dated 10th October 1928, it has been represented that a large number of officials who, having been recruited on a pay of Rs. 25 under the old order are still continuing on a temporary basis and cannot be confirmed on the same pay.

With a view to remedy the hardship caused to the officials in question in this respect, Government are pleased to direct that discretion be given to all Unit Officers to confirm the existing officials (of all communities) who, having passed the L. S. Examination or studied in the Fifth Form of a recognised High School, were recruited under the Government Order of 28th November 1921 and are holding appointments on a pay of Rs. 25 if the vacancies in which they are acting could be permanently filled up. Such of the acting officials of the class in question as cannot be so confirmed may be treated as exempted from passing the S. S. L. C. Examination for purposes of being appointed to posts on a pay of Rs. 25 per mensem.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Re-advertisement of Temporary Vacancies.

ORDER NO. 9158-9407—C. R. B. 35-28-1, DATED 1ST JUNE 1929.

According to Government Order No. E. 5204-261—C. R. B. 7-25-5, dated 18th March 1926, vacancies advertised as temporary at first and filled up by candidates applying for the same through the Central Recruitment Board are required to be re-advertised as fresh vacancies when they become permanent. This rule is said to be working as a hardship as the candidates already selected are liable to be thrown out of employment and fresh men may be selected when the vacancies become permanent.

The matter was considered by the Central Recruitment Board at their meeting held on the 15th April 1929, and it has been recommended by them that the existing rule should be modified with a view to safeguard the interests of candidates of backward communities taking up service in temporary vacancies.

Agreeing with the recommendation of the Central Recruitment Board, Government are pleased to direct in modification of the Government Order dated 18th March 1926, that vacancies advertised as temporary at first should be advertised as fresh vacancies if they eventually become permanent, unless candidates of backward communities recruited under the rules of recruitment are already appointed in such vacancies, in which case such candidates may be confirmed in the vacancies that have become permanent.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Reviews the Report on the working of the Co-operative Societies in Mysore for the year 1927-28.

READ—

Letter No. 2659—C. S., dated the 20th November 1928, from the Registrar of Co-operative Societies in Mysore, submitting a report on the working of the Co-operative Societies in the State for the year ended 30th June 1928.

ORDER NO. D. 12691-12700— C. S. 58-28-4, DATED 31ST MAY 1929.

Recorded.

2. Mr. K. H. Ramayya, continued to be in charge of the Department throughout the year, except for a very short period from the 3rd to 12th January 1928, when he was absent on privilege leave, and the Assistant Registrar Mr. K. Subba Rao, was in charge of the Registrar's duties in addition to his own. There was no change in personnel of Assistant Registrars; the marginally noted transfers were effected about the middle of the year under review in the interests of public service.

1. Mr. R. Ramachandra Rao Bhombore, B.A., from Bangalore Division to Shimoga.
2. ,, P. A Krishnaswamy Iyer, B.A., from Shimoga to Tumkur.
3. ,, K. Subba Rao, B.A., LL.B., from Mysore to Bangalore Division.
4. ,, D. Venkate Urs, B.A., from Tumkur to Mysore Division.

3. The scheme of Honorary Organisers was continued during the year, there being seven organisers in all for the whole State, including Mr. D. Kongadiappa who is an additional organiser for the Bangalore District, for the development of Depressed Classes Societies in the District. There were 23 Honorary Supervisors working at the end of the year.

4. The number of Co-operative Societies in the State rose from 1748 to 1866, the number of members from 98,933 to 1,07,223 and the working capital from 112 lakhs to 131 lakhs. Government are glad to learn that during the year a large number of rural credit societies helped in the supply of improved agricultural implements, seeds and manures recommended by the Agricultural Department, resulting in increased sales of these materials and that the Apex Bank readily financed these societies for the purpose at a cheap rate of interest. The question of organising co-operative finance for cardamom growers requires early consideration, and Government trust that some material progress will be made in the course of this year.

5. Government watch with interest the experiment being tried at Ramohalli in the Bangalore Taluk to grant "Produce" loans to Agriculturists through Local Co-operative Societies in order to help them to wait for a better market for their produce, and trust that the experiment will meet with success as anticipated by the Registrar. They are also pleased to note that special societies were started for the benefit of the labourers of the Bangalore Mills and that sericultural, house building, and hand loom weaving co-operation received great impetus during the year. Particular attention was also given to the improvement of the condition of the depressed classes by means of propaganda work, by the starting of special co-operative societies exclusively for their benefit, and providing such societies with working capital in the initial stages, both by means of advances from Government and loans from the Apex Bank.

6. It is also reported that further progress was made in the development of the Gottigere Adikarnataka Colony, and Government trust that this interesting experiment will pave the way for the establishment of similar colonies elsewhere in the near future.

7. The total transactions of all the Societies during the year amounted to Rs. 43,004,931 as against Rs. 35,810,958 during the last year, yielding a net profit of Rs. 4,87,674 as against Rs. 4,59,177 in the previous year. The total Reserve Fund has increased from Rs. 1,756,803 last year to Rs. 1,830,493 in 1927-28. The real increase is greater than these figures would indicate; for, last year's figure included other funds, such as, building fund, rebate fund, etc., which have since been separated out. Such other funds amounted to Rs. 87,186 in 1927-28.

8. Government regret to notice that the large proportion of overdue loans to the total outstanding has become quite a feature of the working of the Societies, and is showing a tendency to increase. In the year under report, overdue loans accounted for Rs. 11·90 lakhs, out of a total outstanding of Rs. 32·68 lakhs in Agricultural Societies and Rs. 12·38 lakhs out of a total of Rs. 46·42 lakhs in Non-Agricultural Societies. This is a matter for serious concern, as want of punctuality indicates that the movement has not inculcated thrift and business habits. Special efforts should be made to impress the importance of a faithful fulfilment of business engagements, in order that co-operation might not suffer in a very essential part of its educative mission.

9. The foundation stone for the new building for the Apex Bank was laid by His Highness the Yuvaraja of Mysore in February 1928.

10. This Bank made rapid progress during the year. The total transactions increased from about 34 lakhs in 1926-27 to nearly 58 lakhs in the year under report. Though Government placed funds at its disposal for financing at a low rate of interest rural societies for the purchase of agricultural implements, seeds and manures and house building societies, yet the Bank without drawing upon these resources, made its own funds available for achieving the objects of Government. The popularity of the Bank is also shown by the large increase in deposits necessitating a reduction in the rates of interest allowed. Government desire to congratulate the Bank on its progress and the co-operative spirit displayed by it and wish it continued prosperity and an enlarged sphere of usefulness.

11. The Central Co-operative Bank, Bangalore, also showed good progress, it having for the first time, extended its benefits to individual shareholders in the Chitaldrug, Shimoga and Kadur Districts. With all that, however, it was not able fully to utilise the capital at its disposal and a sum of 3¾ lakhs was locked up as fixed deposit in the Mysore Bank. Government hope that this Bank will also further widen its sphere of action and extend the benefits of co-operation to a much larger circle of the raiyat population. Government regret to note that the District Central Banks have not succeeded very appreciably in tapping local capital for financing rural societies. The Registrar is requested to see what improvements, whether of management or of organisation, are necessary to make them fulfil their purpose better. It is heartening to be assured that credit and non-credit agricultural societies are showing good progress, as also the non-agricultural co-operative societies. Of the latter the Weavers Co-operative Societies, whose progress is reported to be not very encouraging require special attention in order to ameliorate the condition of the weavers. It has been suggested that this object could be more easily secured by enlisting the sympathy and co-operation of the merchants who at present finance small weavers, and by interesting them in improved methods and new patterns. This suggestion deserves a trial in selected places, in consultation with the Industries and Commerce Department. More attention should also be paid to develop the Sericultural Co-operative Societies. The Registrar says that more staff is necessary to advise these Societies in the technique of the industry. He may submit suitable proposals in consultation with the Director of Industries and Commerce for the consideration of Government. It is also reported that the working of the non-credit artisan societies is not encouraging but Government would like to have more information about them and to know in what respects they could be helped.

12. As regards grain banks, the Registrar is requested once again to submit concrete proposals for the help which he thinks they need from Government. There were only 55 such banks working during the year as against 56 last year. While reviewing the report of the Department for 1926-27, the Registrar was requested to investigate the causes for the decline of these banks and to suggest remedial action. His report is still due and Government await it with interest.

13. Government are glad to note the progress made in the various activities for the amelioration of the Depressed Classes and trust that this important work will continue to receive earnest attention.

14. There was a further decline in the number of suits for adjudication during the year. Out of 1943 suits entertained and 892 suits pending disposal at the beginning of the year, 2143 suits were disposed of during the year leaving a balance of 692 suits pending at the close of the year. Permission was also freely granted to Societies to seek immediate relief in the Civil Courts as against defaulters. Out of a total of 6265 decrees for execution only 1584 were executed during the year leaving

a balance of 4711 decrees still to be executed. This is unsatisfactory and it should be possible to reduce pendency in this important branch of work very early. A report as to what progress is made in this direction should be submitted on the 1st July next for the orders of Government.

15. The fourteenth Mysore Provincial Conference was held at Mysore under the Presidency of Rajamantrapravina Mr. C. S. Balasundaram Iyer, Member of Council.

16. Government are pleased to note that the Department has done good work during the year under the direction of the Registrar Mr. K. H. Ramayya. There is however a very vast field before it as only 8·9 per cent of the population has till now been touched by the movement. Government trust that efforts will be made to extend the benefits of co-operation in parts of the State, especially the malnad where it has so far made little headway.

N. RAMA RAO,
Secretary to Government,
Development Departments.

GENERAL SECRETARIAT.

Exemption from payment of toll at the Belur Toll-gate.

ORDER NO. CAMP 5-7—R. M., DATED CAMP MYSORE, 11TH JUNE 1929.

Government are pleased to direct that cars, carts and other vehicular traffic that pay toll at the Belur Toll Gate be exempted from payment of toll again on the same day at the Chikkanhalli Toll Gate and *vice versa*. This may be included in the sale notifications in respect of these two Toll Gates.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Reduction of toll-gates (Provincial and District Fund.)

READ—

Government Order No. L. 8795-874—L. B. 49-25-28, dated the 9th June 1927, passing orders on the report of the Joint Toll-gates Committee about the establishment and administration of toll-gates on the Provincial, District Fund and Municipal Roads.

2. Government Order Nos. R. 5166-84—R. M. 9-27-4, dated the 13th January 1928 and R. 5942-60—R. M. 9-27-11, dated 6th February 1928 and R. 6338-56—R. M. 9-27-25, dated 13th February 1928, fixing the location of toll-gates to be newly opened on the State Fund Roads under the order of June 1927, and issuing instructions and revised rules in regard to the administration of the said tolls.

3. Government Order No. R. 8729-40—R. M. 9-27-53, dated 15th May 1928, passing orders on the report of the Toll-Committee appointed to review the arrangements ordered in the Government Orders referred to above.

4. Government Order No. L. 3940-64—L. B. 111-28-1. dated 1st December 1928, appointing a Committee consisting of the marginally noted gentlemen to go into the question of reducing the number of toll-gates established on the several Provincial and District Boards roads.

1. The Revenue Commissioner in Mysore (Chairman.)
2. The Chief Secretary to the Government of Mysore.
3. The President, District Board, Bangalore.
4. The President, District Board, Hassan.
5. Mr. K. V. Anantaraman, B.A., Deputy Commissioner, Mysore.
6. Mr. Niligiri Sanjiviah, Member, Representative Assembly.
7. Mr. M. S. Linge Gowda, Member, Representative Assembly.

5. Letter No. L. 6215—L. B. 111-28-23, dated 22nd March 1929, from the Secretary, Toll-gate Committee, forwarding the * report of the Committee.

(* Printed as annexure.)

ORDER NO. L. 8055-73—L. B. 111-28-30, DATED 31ST MAY 1929.

The Committee were asked to examine the question of reducing the number of toll-gates established on the several Provincial and District Boards Roads.

After a consideration of the several aspects connected with both the Provincial and District Fund Toll-gates, the Committee have made the following recommendations:—

(1) That there should be a distance of not less than 25 miles between two provincial toll-gates, that this rule should be strictly adhered to and those gates which did not satisfy the condition should be abolished but that there should be no limit as to distance as regards District Board gates and the discretion of the District Boards in the matter should not be interfered with.

(2) That Municipal Councils should be required not to levy tolls on through Traffic.

(3) That the following toll-gates should be abolished:—

(*a*) *Provincial.*—The toll-gates at Byrapatna and Avati in the Bangalore District; Gundlupet, Hampapur and Yelwal in the Mysore District; Thippaganahalli in the Kolar District; Bidarammanagudi in the Tumkur District; Kartikere in the Kadur District and Malur in the Shimoga District.

(*b*) *District Board.*—The toll-gates at Magadi-Huliyurdrug Road, Dobspet-Koratagere Road in the Bangalore District; Dodballapur-Chikballapur Road in the Kolar District; Kotgudda-Pavagada Road and Gubbi-Chelur Road in the Tumkur District; Balehonnur-Narasimharajapura in the Kadur District; Bhadravati on Channagiri Road and another on Sorab-Sirsi Road in the (Shimoga District) and at Yelladakeri, Pilapura, Gollarahalli, Musturu, Madadakere, Talavarahalli and Dibbadahalli in the Chitaldrug District.

(4) That fresh toll-gates may be established on the Sivasamudram Bridge and at Paschimavahini in Mysore District and at Sakrepatna in the Kadur District.

(5) That the following adjustment in the location of toll-gates be ordered to avoid inconvenience and harassment to people of the localities concerned, namely (1) that the gate on Maddur-Sivasamudram Road be shifted to Rotti-Katte; that of Dodkurgod towards the frontier near the boundary; that of Tadigol beyond Royalpad and lastly that the toll-gates at Dodhalli, Rajavanthi and Chandrabhavi in Tumkur District and Sowlanga, Honnali and Malebennur in the Shimoga District be treated as one gate.

(6) That there should be reciprocity between the gates (1) at Hindignal and Narasapur (2) at Sivasamudram Bridge and Rotti-Katte and (3) Paschimavahini and Wellesly Bridge, and

(7) That cattle passing out of Mysore to neighbouring British Provinces for or by way of sale should not be exempted from payment of tolls in the State gates.

Government have carefully considered the several recommendations of the Committee and are pleased to accept the same with the following modification:—

The toll-gates at Hampapur may be retained and the toll-gates at Byrapatna and Narasapur may be shifted a suitable distance to the Mysore and Bangalore side respectively and the toll-gate at Gundlupet to the boundary between the Nanjangud and Gundlupet Taluks so as not to interfere with small local traffic.

Action will be taken separately in the matter of removing the misconception said to exist regarding the levy of District Fund tolls at more than one gate in a District and in regard to levy of toll fee on cattle passing out of the State.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

ANNEXURE.

No. L. 6215—L. B. 111-28-23, dated, Bangalore, 22nd March 1929, from T. K. Somesvara Iyer, Esq., Secretary, Toll-gate Committee, to N. Madhava Rao, Esq., B.A., B.L., Chief Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

With reference to Government Order No. L. 3940-64—L. B. 111-28-1, dated 1st December 1928, appointing a Committee consisting of the marginally noted gentlemen to go into the question of reducing the number of Toll-gates established on the several Provincial and District Boards Roads, I am directed to submit herewith the accompanying report of the Committee, Messrs. Niligiri Sanjeeviah and Rao Bahadur N. S. Nanjundaiya, have not sent their final opinion on the draft report sent to them for remarks. But their opinions as given at the meeting are embodied in the report.

1. The Revenue Commissioner in Mysore (Chairman).
2. The Chief Secretary to the Government of Mysore.
3. The President, District Board, Bangalore.
4. Do do Hassan.
5. Mr. K. V. Anantharaman, B.A., Deputy Commissioner, Mysore.
6. ,, Niligiri Sanjiviah, Member, Representative Assembly.
7. ,, M. S. Lingegowda, Member, Representative Assembly.

REPORT OF THE TOLL-COMMITTEE APPOINTED IN GOVERNMENT ORDER No. L. 3940-64—L. B. 111-28-1, DATED 1ST DECEMBER 1928.

In the above order, Government appointed a Committee consisting of the marginally noted members to go into the question of the reduction of the number of Toll-gates established on the several Provincial and District Fund Roads from time to time and to submit their recommendation to Government within a period of two months.

1. The Revenue Commissioner in Mysore (Chairman).
2. The Chief Secretary to the Government of Mysore.
3. The President, District Board, Bangalore.
4. Do do Hassan.
5. Mr. K. V. Anantaraman, B.A., Deputy Commissioner, Mysore.
6. ,, Niligiri Sanjiviah, Member, Representative Assembly.
7. ,, M. S. Lingegowda, Member, Representative Assembly.

2. The Committee regret that owing to several causes, the report could not be submitted within 1st February 1929 as required.

3. They held two meetings, one on the 10th January 1929 and the other on the 2nd February 1929. The Chief Secretary could not be present at either of these meetings and Rao Bahadur Mr. N. S. Nanjundaiya was not also present at the second meeting.

4. At the first meeting, certain tentative conclusions were arrived at and in accordance therewith a map was got prepared for further scrutiny and the whole question of the location of the toll-gates, both Provincial and District Board was carefully considered at both the meetings and the Committee now beg to submit the following recommendations on the question referred to them.

5. The Committee considered that there should be a distance of not less than 25 miles between two Provincial toll-gates; that this rule should be strictly adhered to and those gates which did not satisfy the condition should be abolished, but that there should be no limit as to distance as regards District Board gates and that consequently the discretion of the District Boards regarding location of gates need not be interfered with as under section 66 (5) of the District Boards Regulation, only one toll is payable in a whole District in a period of 24 hours, irrespective of the number of toll-gates therein. They were however of opinion that the ruling that only one toll is leviable should be made clear to avoid misconception on this point, as there seems to be an impression on the part of some of the District Boards that the exemption applies only to the particular gate at which the toll is levied.

6. Finally they considered that pending final decision on the report of the British India Roads Committee by that Government and the introduction of similar measures if any in the State for the replacement of tolls by any other tax, the system of levying tolls might continue and the Municipal Councils should be required not to levy toll on through traffic.

7. The Committee examined the several toll-gates with reference to the above principles and they now beg to submit the following recommendations as regards the reduction or adjustment of the existing toll-gates.

A. PROVINCIAL TOLL-GATES.

1 AND 2. BANGALORE AND MYSORE DISTRICTS.

8. All the existing toll-gates in the Bangalore District might be retained except those at Byrapatna and Avati. The gate at Byrapatna is unnecessary as there is a toll-gate on the Wellesley Bridge at Seringapatam and causes a somewhat heavy levy on through traffic from Mysore and the frontier to Bangalore, while it is irksome to the people of Channapatna, and the gate at Avati may be abolished as the traffic is very light and there are toll-gates at Chikballapur and Bagepalli. In view of the fact that the Hindiganal toll-gate is situated at a distance of 12 miles from the Narasapur toll-gate in the Kolar District, complete exemption may be given to carts passing through one gate, when they have paid toll in the other gate within a period of 24 hours; and in view of the existence of a Provincial gate at Dobspet, the District Fund toll-gate at Dobspet-Koratagere Road at Makanahalli which is within five miles from the former may be abolished.

9. The toll-gate on the Maddur-Sivasamudram-Kollegal Road in the Mysore District is reported to cause some harassment to the people of Malvalli. With a view to give them relief it is proposed to shift this to Rottikatte and also to locate a toll-gate near the Sivasamudram Bridge, payment at the Rottikatte gate clearing the gate near the said bridge and *vice versa*. It is further proposed to open a bridge toll at Paschimavahini with the condition that vehicles paying taxes in Paschimavahini will be entitled to exemption from payment of toll at the Wellesley Bridge gate and *vice versa*. It is considered that the above arrangement will give relief to people and make up for the loss of revenue arising by the abolition of the gate at Byrapatna.

10. It was also considered that the gates at Gundlupet, Hampapur and Yelwal in the Mysore District should be abolished and that as regards the Attibele toll-gate in the Bangalore District, arrangement should be made for reciprocity with the adjacent British toll-gates.

11. In this connection, the Committee were strongly of opinion that cattle passing out of Mysore to neighbouring British Provinces for or by way of sale should not be exempted from payment of tolls in the toll-gates in the State.

3. KOLAR DISTRICT.

12. The proposal of the Kolar District Deputy Commissioner to shift (1) the Viduraswatha (Dodkurugod) toll-gate towards the frontier near the boundary, (2) the Tadigol gate beyond Rayalpad was approved. It was resolved to abolish the gate at Tippaganahalli on the Dodballapur-Goribidnur Road, as there is one at Viduraswatha (Dodkurugod).

4. TUMKUR DISTRICT.

13. The gates at (1) Dodhalli, (2) Rajavanthi and (3) Chandrabhavi should be treated as one gate and the Bidarammanagudi gate may be abolished as it is only six miles from Arsikere and 14 miles from Banavar. A toll-gate may be established near Sakrepatna so as to catch the traffic to Chikmagalur, abolishing the toll-gate at Kartikere in the Kadur District.

5. HASSAN.

14. With reference to the proposal of the Deputy Commissioner, Hassan, to abolish the gate at Cheekanhalli, the Committee considered that it might be retained as it is on one of the main routes through Coffee Estates, but toll may be levied only on motor vehicles as in the case of Wellesley Bridge toll.

6. KADUR.

15. As already decided above, the Kartikere toll-gate may be abolished and the others retained.

7. SHIMOGA.

16. On account of the existence of a toll at the Bhadra Bridge, the District Fund toll-gate at Bhadravati on the Bhadravati-Channagiri Road may be abolished as the latter is too near the former which has to be retained.

17. In view of the existence of a toll-gate at Agumby, the gate at Malur may be abolished.

18. Sowlanga, Honnali and Malebennur gates should be treated as one gate and traffic passing through any of these gates should be exempted from payment of tolls in the other gate or gates, when tolls have been paid thereon in the other gate or gates in a period of 24 hours.

8. CHITALDRUG.

19. All the existing gates may be retained.

9. DISTRICT FUND TOLL-GATES.

1. BANGALORE DISTRICT.

20. It was resolved to retain all the existing District Fund gates with the exception of those at (1) Magadi-Huliyurdrug Road and (2) Dobspet-Koratagere Road, and Mr. Sanjeeviah wanted the toll-gate at Anekal to be abolished. This was not agreed to by the other members present.

2. KOLAR.

21. The toll-gate on the Dodballapur-Chikballapur Road may be abolished and the rest may be retained.

3. TUMKUR.

22. The toll-gates on (1) Kotgudda-Pavagada Road and (2) Chelur-Gubbi Road may be abolished and the rest may be retained.

4. MYSORE.

23. All the existing District Fund toll-gates may be retained.

5. HASSAN.

24. Same as above.

6. KADUR.

25. All except the gate on Balehonnur- Narasimharajpura Road may be retained.

7. SHIMOGA.

26. With the exception of the gate at Bhadravati on the Channagiri Road and the one on the Sorab-Sirsi Road, the rest may be retained.

8. CHITALDRUG.

27. There are a large number of gates in this District and complaints have been received against this. The District Board have recommended the abolition of all the gates. The Deputy Commissioner has recommended the abolition of 7 gates as noted in the margin.

1. Hiriyur-Huliyur Road at Yelladakere.
2. Hosdurga-Ajjampur Road at Pilapura.
3. Anji-Huchangidurga Road at Gollarhalli.
4. Jagalur-Challakere Road at Mustur.
5. Hosdurga-Hiriyur Road at Madadakere.
6. Hanagal-Ulavasankanahalli Road at Talavarhalli.
7. Malebennur-Channagiri Road near Dibbadahalli.

28. Mr. Sanjeevaiya was of opinion that all the 14 gates recommended by the District Board may be abolished. But the other members considered that the Deputy Commissioner's recommendation might be approved.

29. The suggestion of the President, Octroi Committee to have a joint meeting of the Committee with the Octroi Committee was considered and it was resolved that as this Committee were appointed only to go into the particular question of reduction of the existing toll-gates and not into the principles relating to the levy or abolition of tolls, there is no necessity for a joint meeting of these two Committees.

30. The Committee desire to place on record their appreciation of the help they received from the Secretary, Mr. T. K. Somesvara Iyer whose intimate knowledge of the subject was of great use to them.

Scale of contribution towards the expenses of District Conferences.

READ—

Government Order No. L. 6237-97—L. B. 116-26-3, dated the 7th March 1927, issuing revised rules for the constitution and working of District Conferences in the State and fixing the annual contribution of Rs. 150 from Government towards the expenses of each Conference.

2. Government Order No. L. 2703-11—Ml. 66-28-66, dated the 9th October 1928, prescribing the marginally noted scale of expenditure in respect of contribution by the several Municipal Councils in the State towards the expenses of the District Conferences in future, sanction of Government being obtained in regard to grant of larger amounts.

Town Municipal Councils Rs. 50 per annum.
Minor Municipal Councils Rs. 25 per annum.

ORDER NO. L. 8173-85—L B. 12-28-40, DATED 6TH JUNE 1929.

Government are pleased to prescribe the following scale of expenditure in respect of contribution by several District Boards and the Village Panchayets in the State towards the expenses of the District Conferences in future :—

District Boards.	Not exceeding Rs. 200 per annum.
Village Panchayets.	Not exceeding Rs. 15 per annum.

2. In case expenditure in excess of the above scale is proposed to be incurred by any District Board or the Panchayet, Government sanction should be obtained before incurring the same.

Sanctions the Amendment to Rule 7 of Public Branch Life Insurance Rules.

READ—

Letter No. 23780, dated 6th May 1929, from the Secretary, Mysore State Life Insurance Committee, requesting sanction to the amendment of note 2 to Rule 7 of the Public Branch Rules in accordance with Resolution No. V passed by the Insurance Committee at its meeting held on the 27th April 1929.

ORDER NO. FL. 8924-25—G. F. 30-28-24, DATED 30TH MAY—1ST JUNE 1929.

Sanctioned.

The amended note will stand as:

"Lives exposed to extra risk on account of hazardous occupation by employment in the Electrical or Military Department, may be accepted and charged an extra 5 per cent premium, provided the lives are otherwise eligible."

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Opening of a new *Ex-officio* Sub-Registry Office at Periapatna.

READ—

Government Order R. 2481-541—L. R. 174-27-151, dated 19th September 1928, issuing orders regarding the constitution of a new Sub-Taluk for the 3 hoblis of Periapatna, Bettadapura and Haranahalli with Periyapatna as Head-quarters, temporarily for a period of 2 years from 1st January 1929.

2. Correspondence ending with letter No. C. R. 478—28-29, dated 29th April 1929, from the Inspector-General of Registration, recommending that a new *Ex-officio* Sub-Registry Office may be opened at Periapatna.

"With reference to Government Order No. R. 2481-541—L. R. 174-27-151, dated 19th September 1928, sanctioning the constitution of a new Sub-Taluk for Bettadapura, Harnahalli and Periapatna Hoblis of the Hunsur Taluk with Periapatna as Head-quarters temporarily for two years, I have the honor to state that the District Registrar of the Mysore District reported that the people of the said

3 Hoblis would find it more convenient to get their documents registered at Periapatna than at Hunsur which is far off, and recommended that a new Sub-Registry Office may be opened at Periapatna the Deputy Amildar being appointed as *Ex-officio* Sub-Registrar.

3. On obtaining the required statistics, it is seen, that in the Hunsur Sub-Registry Office the average number of documents registered in a year is about 2,600 with an income of about Rs. 5,200. Out of these 960 with an income of about Rs. 1,500 relate to the said 3 Hoblis and the balance to the other 4 Hoblis.

4. For opening a new *Ex-officio* Office there will be no extra cost except the payment of an allowance of Rs. 15 per mensem or Rs. 180 for a year to the Deputy Amildar as in the case of other Deputy Amildars of the Sub-Taluks having no special Sub-Registrars. The establishment required is only one clerk on Rs. 20—1—25. As the number of registrations will be reduced in the present Hunsur Office one clerk may be transferred from there.

5. The people of the said 3 Hoblis represent that it is very inconvenient for them to get their documents registered at Hunsur which is far away from their places and urge the necessity of opening an office at Periapatna which is close by (*vide* petition received with your memo No. Fl. 6995, dated 14th March 1929, and returned herewith for reference.)

6. In these circumstances I recommend that the Deputy Amildar may be appointed as *Ex-officio* Sub-Registrar as a temporary measure for two years with effect from 1st July 1929, his registration jurisdiction being conterminous with his revenue jurisdiction. The extra cost of Rs. 180 may be provided in the next year's budget ".

ORDER NO. FL. 8779-81—REGIS. 25-28-4, DATED 27—28TH MAY 1929.

The proposals of the Inspector-General of Registration are sanctioned with effect from 1st July 1929, the period of currency of the Sub-Registry Office being conterminous with that of the Sub-Taluk.

2. The Inspector-General is requested to submit a draft notification regarding the opening of the office for publication in the Gazette.

3. The necessary provision for the purpose will be made in the next year's budget estimates of the next and succeeding years.

Appointment of Teachers in High Schools in "Special" and "General Vacancies."

READ—

Government Order No. E. 2421—Edn. 12-25-209, dated 3rd November 1926, approving of the proposal of the Inspector-General of Education, for the employment of trained graduates up to 50 per cent of the vacancies in the Education Department irrespective of the communities to which they belong.

2. Government Order No. 5771-830—C. R. B. 5-26-1, dated 10th June 1927, laying down revised rules for the guidance of appointing officers for filling up vacancies in departments in which the representation of Backward Communities has not reached 50 per cent and those in which it has reached the prescribed limit.

3. Letter No. A1-3540-564 of 1928-29, dated 15th January 1929, from the Director of Public Instruction in Mysore, requesting instructions as to whether the second order read above is intended to supersede the first or whether the earlier order still holds good.

ORDER NO. 9411-12—C. R. B. 36-28-1, DATED 4TH JUNE 1929.

Government are pleased to direct that the following instructions issued in Government Order No. D. 7331-32—Edn. 690-28-1, dated 19th January 1929, in respect of appointments of teachers in Primary Schools be followed in the selection of candidates for the appointments of teachers in High Schools also:—

"In General Vacancies of teachers which are open to candidates of all communities, trained men will have preference over untrained men irrespective of community."

"In Special Vacancies of teachers which are open only to members of backward communities, as among the candidates of such communities, trained men will have preference over those who are untrained; but a Brahmin candidate should not be appointed in such special vacancies in preference to a Non-Brahmin candidate on the ground that the former is trained and the latter is not."

DEVELOPMENT SECRETARIAT.

Opening of a High School at Chintamani.

READ—

Correspondence ending with letter No. Hc. 57—27-28, dated the 28th March 1929, from the President, District Board, Kolar, regarding the opening of a Board High School at Chintamani.

2. Letter No. A3-3566 of 28-29, dated the 15th May 1929, from the Director of Public Instruction, n the matter of the opening of a High School at Chintamani.

3. Letter No. A5-c. 2302—27-28, dated the 9th June 1929, from the Deputy Commissioner, Kolar District, in the same matter.

ORDER NO. D. 13226-9—EDN. 253-28-6, DATED CAMP MYSORE, 12TH JUNE 1929.

The Director of Public Instruction reports that with the development of Primary and Middle School Education, the demand for more High Schools has been growing and that several Municipal Councils and District Boards have come forward with proposals for opening High Schools on the lines of the Aided Municipal Schools at Sagar and Dodballapur. He states that the Municipal Council of Chintamani and the District Board of Kolar, have approached the Department with a proposal to open a High School at Chintamani to meet the needs of the pupils who pass out of the four Middle Schools at Chintamani, Srinivaspur, Sidlaghatta and Kagathi. Assuming that only the IV and V Form Classes will be opened during 1929-30, the Director has estimated the recurring expenditure this year at Rs. 4,540 and the non-recurring expenditure at Rs. 6,000 as detailed below:—

Recurring Expenditure.

		Rs.	
1.	One Head Master on Rs. 100—5—150 ..	130	5/9 per mensem
2.	Two Assistant Masters on Rs. 40—4—60 ..	106	2/3 ,,
3.	One Pandit on Rs. 30—2—40 ..	36	2/3 ,,
4.	One Drawing Master and Clerk on Rs. 30—2—40	36	2/3 ,,
5.	One Urdu Munshi Allowance	10	,,
6.	Two Peons on Rs. 10 each	20	,,
7.	Provident Fund Contribution	20	,,
8.	Contingency	8	,,
		368	5/9 or 370 per mensem
	370 X 12 ..	4,440	
	For purchase of books for the library ..	100	
	Total ..	4,540	per annum

Non-Recurring Expenditure.

	Rs.
Laboratory	2,000
Furniture	2,000
Library	1,000
Teaching Appliances	1,000
Total ..	6,000

As against the above recurring and non-recurring expenditure, the Municipal Council, Chintamani, have resolved to contribute a sum of Rs. 1,200 a year for recurring charges, and Rs. 3,000 towards the initial non-recurring expenditure for equipment. They have also agreed to contribute a sum of Rs. 6,000 towards the cost of a new building, Rs. 500 for the acquisition of a site and Rs. 5,000 towards ensuring the financial stability of the institution. They have also undertaken to provide a temporary habitation for the High School. Further the District Board, Kolar, has also agreed to contribute a sum of Rs. 1,200 per annum from their revenues towards the maintenance of the school and also Rs. 6,000 towards the cost of a permanent building.

The net recurring expenditure to Government after deducting the contributions from the local bodies and the realisations from school fees, estimated at Rs. 126 per mensem will therefore be Rs. 52 1/3 per mensem (Rs. 628 per annum).

In view of the earnestness evinced by the local bodies concerned, Government are pleased to accord sanction to the opening of a High School at Chintamani from the beginning of the current school year and to the payment of contribution by the Municipal Council, Chintamani, and District Board, Kolar, towards recurring and non-recurring expenditure of the school as detailed above. The Government share of the expenditure of Rs. 3,000 towards initial equipment and a sum not exceeding Rs. 720 towards recurring charges, will be met out of the lump sum provision for additional requirements in the next year's budget of the Education Department.

The High School will be under the management of a Committee consisting of the Deputy Commissioner, Kolar, the Deputy Director of Public Instruction, the District Educational Officer (*Ex-officio* Members), three non-officials to represent the Municipal Council, Chintamani, and two to represent the District Board, Kolar, to be nominated by the respective bodies. The Director of Public Instruction is requested to take steps to constitute the Committee as early as possible.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Report on the working of the Game and Fish Preservation Regulation, etc., during the calendar year 1928.

READ—

Letter No. C. 1869, dated the 10th May 1929, from the Inspector-General of Police, submitting a *report on the working of the Game and Fish Preservation Regulation and the Rules framed thereunder during the calendar year 1928.

*(Printed as annexure.)

ORDER No. P. 7350-9—POL. 241-28-2, DATED 7TH JUNE 1929.

Recorded.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

ANNEXURE.

No. C. 1869—Pol. 241-28-1, dated 10th May 1929, from S. Hiriannaiya, Esq., M.A., B.L., Inspector-General of Police in Mysore, Bangalore, to P. Mahadevayya, Esq., B.A., B.L., Legal Remembrancer and Secretary to Government, Law Department.

I have the honour to report as follows on the working of the Mysore Game and Fish Preservation Regulation and the Rules framed thereunder during the calendar year 1928:—

2. During the year under report the Government in their order No. G. 12144-200—Ft. 179-26-2, dated 30th April 1928, empowered the District Forest Officers to issue licenses in their respective jurisdictions and the District Magistrates ceased to exercise the powers of granting licenses under the Regulation and the Rules framed thereunder.

3. The enclosed statement shows particulars of licenses issued and the amount of license fees realised therefrom during the year under report as compared with those of 1927. There was an increase both in the number of licenses granted and the amount realised, being 264 licenses and Rs. 1,788 respectively as against 244 licenses and Rs. 1,638 in the year 1927. The increase was in the Districts of Bangalore, Kolar, Mysore, Hassan and Kadur while there was a decrease in the Shimoga and Chitaldrug Districts. No licenses were issued during the year in the Tumkur District.

4. Of the 264 licenses issued during the year under report, 181 were District licenses, 36 District licenses including State Forests, 16 Provincial licenses and 31 Agricultural licenses. Out of these, 92 were issued to Europeans and Anglo-Indians and the rest, *viz.*, 172 to Indians.

5. One case was reported in the Kolar Gold Field area during the year and it ended in conviction.

6. Permission to shoot 11 buck was granted in the Kolar District during the year. The District Forest Officer, Bhadravati, reports that one male wild dog was killed on the 8th November 1928 by Forester M. Abdul Wahab and a reward of Rs. 30 was recommended through the Deputy Commissioner, Shimoga District.

7. The reports received from the Districts are herewith forwarded in original for reference. The delay in the submission of the report is due to non-receipt of the full information in time from the District Magistrate, Mysore.

GENERAL SECRETARIAT.

Continuance of the Special Land Acquisition and Revenue Sub-Division Office at Mandya.

READ—

Government Order No. R. 1497-503—L. R. 118-27-1, dated the 27th August 1927, passing orders *re* the constitution of the Special Land Acquisition Office at Mandya for a period of two years.

2. Government Order No. R. 4725-31—L. R. 118-27-2, dated the 28th December 1927—3rd January 1928, issuing orders *re* the conversion of the Special Land Acquisition Office at Mandya into a Revenue Sub-Division Office and sanctioning the arrangement as a temporary measure for one year in the first instance.

3. Letter No. C. Per. A. 6—28-29, dated the 22nd—25th April 1929, from the Revenue Commissioner in Mysore, recommending that the Revenue Sub-Division Office at Mandya may be continued for a further period of two years from 1st July 1929.

ORDER NO. R. 10171-7—L. R. 707-28-2, DATED 6TH JUNE 1929.

It is reported that since July 1928, an extent of 447 acres has been declared for acquisition and that proposals have been submitted for acquiring an extent of about 345 acres. Two hundred acres have been acquired till the end of March 1929, and another 300 acres will be acquired before the close of the current year.

2. An extent of about 300 acres will have to be acquired during 1929-30 for the distributaries under the Maddur Branch for the main Maddur Canal from 20 to 28½ miles and for the Cauvery Branch, up to the first 10 miles. The preparation of the list of lands to be irrigated and the contribution to be recovered will have to be taken up during the next year.

3. The Sub-Division Officer also reports that the acquisition of the remaining length of the Irwin Canal and the distributaries has to be taken up during 1930-31. The Deputy Commissioner and the Revenue Commissioner support the Sub-Division Officer's proposal. In the circumstances reported, the Revenue Commissioner's recommendation for the continuance of the Special Land Acquisition and Revenue Sub-Division Office for two years from 1st July 1929 is approved, the expenditure being met from the provision made for the purpose in the next year's budget.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Exemption of a certain class of bullock carts from the payment of toll at all the interior Provincial Road Toll Gates.

ORDER NO. R. 87-98—R. M. 81-28-6, DATED CAMP MYSORE, 15TH JUNE 1929.

R. 5166-04—R. M. 9-27-4, dated 13th January 1928.
R. 6838-55—R. M. 9-27-5, dated 18th February 1928.

Government are pleased to direct that all bullock carts except those that carry timber for commercial purposes be exempted from payment of toll at all the interior Provincial Road Toll Gates newly established in the State as per the marginally noted Government Orders.

Two Non-official Members of the Economic Conference, to be nominated by the Dewan-President.
The Deputy Commissioner, Mysore District.
The President, Mysore City Municipality.
The Executive Engineer, Special Division, Mysore.
The Chief Electrical Engineer in Mysore.
Two Non-official gentlemen resident in Mysore.

SECRETARY.

The Assistant Secretary to the Economic Conference.

ORDER No. D. 13471-519—E. C. 47-28-1, DATED 22ND JUNE 1929.

Government are pleased to nominate the following four gentlemen as members of the Committee referred to above.

From the Economic Conference.

1. Mr. B. Abdur Rahmon, B.A.,
President, District Board,
Bangalore Disirict,
Bangalore.

2. Mr. S. C. Malliah,
Member of the Board of Agriculture,
Somanahalli, Mandya Taluk.

From the Mysore City.

3. Mr. Abdul Sattar Sait,
(of Messrs. Abba Abdul Shukoor Sait & Sons),
Mysore.

4. Mr. Sowcar Thammanna,
(son of late Mr. Sowcar Thimmaiya),
Mysore.

N. RAMA RAO,
Secretary to Government,
Development Departments.

GENERAL SECRETARIAT.

Revision Settlement of the Nanjangud Taluk.

READ—

Government Order No. 8435-6—R. 3736, dated the 17th May 1899, sanctioning the original settlement of the Nanjangud Taluk.

2. Letter No. 133, dated the 4th March 1929, from the Superintendent, Revenue Survey and Settlements in Mysore, forwarding proposals for the revision settlement of Nanjangud Taluk.

3. Letter No. C. 3779—28-29, dated the 20th April 1929, from the Revenue Commissioner in Mysore, submitting his own opinion on the proposals with those of the Deputy Commissioner, Mysore District.

4. Letter No. 170, dated the 4th May 1929, from the Superintendent, Revenue Survey and Settlements in Mysore, furnishing his remarks on the views of the Deputy Commissioner, Mysore and the Revenue Commissioner in Mysore and submitting revised proposals.

5. Letter No. 181, dated the 18th May 1929, from the Superintendent, Revenue Survey and Settlements, forwarding the objection petitions received with his opinion thereon.

ORDER NO. R. 75-86—L. S. 45-28-8, DATED CAMP MYSORE, 15TH JUNE 1929.

The original settlement of the Taluk was ordered in 1899. The present proposals relate to 156 Sircar Villages of the Nanjangud Taluk. The number of villages at the time of the original settlement was 171. Sixteen have been absorbed in the neighbouring villages and one village, which was formerly Inam, has since been treated as Sircar after resumption.

2. The climate of the Taluk is generally healthy. The average rainfall is about 25 inches and is fairly evenly distributed over the whole Taluk.

3. The river Kapila traverses the whole Taluk from west to east and is also the source for the Rampur and Hulhalli channels. The Brighu and Gundal rivers also flow in the Taluk and afford ample facilities for cultivation. The soil in the neighbourhood of Chamrajnagar and T.-Narsipur is of the rich black type, and the northern and eastern portions of the Taluk are generally very fertile. There are 8 important tanks in the Taluk on which a sum of Rs. 61,177 has been spent since the original settlement.

4. The means of communication are good and the Taluk Head Quarter is within easy reach of all the Hobli Head Quarters. There are important roads connecting the Taluk with the adjacent Taluks and beyond, the total length of provisional and local fund roads being 40 miles and 120 miles respectively. The Taluk is traversed by the Nanjangud-Chamrajnagar Railway also.

5. Paddy is the principal wet crop of the Taluk and the chief dry crops are ragi, jola, avare, Bengal gram; cocoanut is the chief garden crop; areca, plantain, betel leaf and chillies are also largely grown.

6. There has been a steady increase in the population of the Taluk from 79,693 in 1891 to 101,621 in 1921, an increase of nearly 28 per cent.

7. Weekly fairs are held in three places in the Taluk. In one of these shandies *viz.*, Hemmargal shandy, trade up to a sum of nearly Rs. 4,000 is carried on. The fair at Santemaranhalli, Chamrajnagar Taluk, is also largely resorted to. This place and Mysore are the two chief centres for the disposal of the surplus produce of the Taluk. Besides, the Jatras at Nanjangud, Kalale and Konanur attract a good assemblage of pilgrims and business men, and business to the extent of nearly Rs. 8,000 is carried on.

8. The agricultural resources of the people in the Taluk have materially increased since the original settlement. The number of houses has increased by 15 per cent, cattle by 10 per cent, and the number of carts and ploughs by 40 per cent and 17 per cent respectively.

The prices of the staple agricultural products have risen considerably compared with those obtaining in the year 1902; rice by 142 per cent, ragi by 156 per cent, cholum by 160 per cent horse-gram by 145 per cent, castor seed by 450 per cent, cocoanut dry by 133 per cent, cocoanut per 1,000 by 130 per cent, areca by 450 per cent and chillies by 333 per cent. The selling value of dry, wet and garden lands has risen by 163 per cent, 176 per cent, 190 per cent respectively. The price of wet land ranges from Rs. 100 at its lowest to Rs. 1,500 per acre in the vicinity of nalas.

9. The revenue history of the Taluk is on the whole steady and satisfactory. The number of acres under cultivation has risen from 1,19,399 in 1899-900 to 1,25,330 in 1926-27 and the total collection from Rs. 1,51,611 in 1899-900 to 1,57,600 in 1926-27. There were no remissions from 1899-900 to 1920-21, and the small remissions from 1921-22 to 1926-27 are only due to breaches of tanks, floods and acquisitions.

10. In view of the foregoing considerations and the general prosperity of the Taluk, the Survey Superintendent proposes the revision of the rate of assessment as follows, retaining the present grouping of villages into four classes:—

Group	No. of villages	As per original settlement — Maximum rates			No. of villages	As per revision settlement — Maximum rates		
		Dry	Wet ordinary channel	Garden		Dry	Wet ordinary channel	Garden
		Rs. a. p.				Rs. a. p.		
I	84	1 14 0			85	2 8 0		
II	17	1 12 0	8 9 Ord. Ch.		17	2 4 0	10 12 Ord. Ch.	
III	38	1 10 0		10	38	2 2 0		10
IV	16	1 6 0	6 9 Ord. Ch.		16	1 12 0	8 12 Ord. Ch.	
Total ...	155			Total ...	156			

These proposals are expected to result in a net increase of Rs. 59,376 or 33 per cent over the present collections of the Taluk.

11. The Deputy Commissioner, Mysore District, is of opinion that the maximum dry rates for I and II groups may be adopted generally, but that it has to be reduced by 25 per cent in respect of the 8 villages mentioned by him for reasons given. He further adds that maximum dry rates proposed for groups III and IV, *viz.*, Rs. 2-2-0 and Rs. 1-12-0 respectively are high and not necessary and that the rates of the original settlement, *viz.*, Rs. 1-10-0 and Rs. 1-6-0 respectively should stand. He also desires that the original rates should be retained in the case of tank irrigated wet lands. As regards channel lands, he agrees to the rates proposed by the Survey Superintendent in regard to Rampur and Hullehalli channels only, and proposes a maximum rate of Rs. 9 per acre for lands under the Brighu channel.

12. The Revenue Commissioner states that the dry maximum rates for groups I and II may be fixed generally at Rs. 2-4-0 and Rs. 2 respectively. As regards the other proposals he agrees with the views of the Deputy Commissioner, Mysore District, with the exception however that he proposes a maximum rate of Rs. 11 for channel lands instead of Rs. 12.

13. The Survey Superintendent who was further consulted has submitted modified final proposals. He is of opinion that there is no need to reduce the rates of Rs. 2-8-0 and Rs. 2-4-0 fixed for groups I and II as proposed by the Revenue Commissioner. He has also adduced strong arguments why the original settlement rates should not be kept intact for the last two dry groups. To do so would in his opinion amount to special partiality, which the adjoining villagers of the Heggaddevankote and Gundlupet Taluks may justly complain of. He has however agreed to the reduction of the maximum rates of these groups by 2 annas only. That is they are to be Rs. 2 and Rs. 1-10-0 respectively. As regards the wet rates, the Survey Superintendent is of opinion that the reasons adduced by the Revenue Commissioner for reducing the channel rate are not very convincing, that the rate for T.-Narsipur is Rs. 12-8-0 and that the rate of Rs. 12 compares very favourably with the maximum levied under the Cauvery and Kapini Channels elsewhere, and that therefore there is

no need to lower it. He adds however that as regards lands under the newly formed Brighu channel the maximum of Rs. 12 may be retained, but that for a period of 10 years, a specially reduced rate of Rs. 9, may be levied with a view to encourage wet cultivation in the tract, the full rate of Rs. 12 coming into operation in the 11th year after the resettlement. The Survey Superintendent is agreeable to the reduction of the tank rates by one rupee, *i.e.*, from Rs. 10 and 8 to Rs. 9 and 7 respectively.

14. The above revised proposals of the Survey Superintendent which are indicated below result in a net increase of Rs. 55,634 or 32 per cent over the existing rates of the taluk as against Rs. 59,376 or 33 per cent as originally proposed by him:—

Group	No. of villages	As per original settlement				No. of villages	As per revision settlement			
		Maximum rates					Maximum rates			
		Dry	Wet		Garden		Dry	Wet		Garden
			Ordinary	Channels				Ordinary	Channels	
		Rs. a. p.					Rs. a. p.			
I	84	1 14 0	8	9	10	85	2 8 0	9	12 Channel	10 Brighu
II	17	1 12 0				17	2 4 0			
III	38	1 10 0				38	2 0 0		*9 Channel	
IV	16	1 6 0	6	9		16	1 10 0	7		
Total ...	155				Total ...	156				

*This will be only for a period of 10 years, the maximum of Rs. 12 being applicable from the 11th year after the resettlement.

15. Eight objection petitions have been received from the raiyats of the Taluk. They are of a vague and general character.

16. Government have carefully considered the original proposals of the Survey Superintendent, the recommendations of the Deputy Commissioner, Mysore District and the Revenue Commissioner and the revised proposals submitted by the Survey Superintendent in the light of the observations made by the Deputy Commissioner and the Revenue Commissioner. They are pleased to sanction the revised proposals of the Survey Superintendent (*vide* para 14 *supra*), in their entirety. The new rates will be announced as soon as possible and brought into effect from 1st July 1929 with the usual guarantee of 30 years.

17. The irrigation Cess will not be levied separately but will be merged in the revised wet and garden assessment and a lumpsum of Rs. 5,638 approximately will be set apart for the irrigation cess fund.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Sandalwood on private lands.

READ—

Government Order No. R. 7699—Ft. 13-05-17, dated the 25th March 1909, passing orders for the grant of bonus to occupants of lands from which mature sandalwood trees are removed by Government.

2. Several representations (*vide* Appendix A) regarding sandalwood trees on occupied lands.

ORDER NO. G. 14775-84—FT. 347-27-8, DATED 11TH JUNE 1929.

Under section 72 of the Forest Regulation, all sandal trees in the State are the exclusive property of Government, except where the right to them is expressly alienated in any particular area. Under section 73, a land-holder is responsible for the preservation of every sandal tree growing on his land and in case of any injury or damage done to it, he is liable to pay compensation, unless he can prove that the injury or damage was not due to his act or negligence. In 1909, Government laid down a policy which gave the raiyat a share in the revenue from sandal trees growing on his holdings and afforded him facilities for the removal of trees which hindered the legitimate use of his land. With a view to discouraging the removal of immature trees from occupied lands a scale of fees was laid down for payment of compensation to Government for trees required to be removed.

2. Representations regarding the modification of the existing rules have frequently been made and they have been considered, keeping the interests of Government and the raiyat in view, *vide* Appendix B. All the difficulties experienced do not, however, appear to have been removed and there are renewed requests for a reconsideration of the position.

3. With a view to enable them to come to a decision as to the alterations to be made in the rules and orders now in force, Government consider it desirable to have the whole question pertaining to sandal trees on occupied lands and on lands to be given out for cultivation, carefully gone into by a Committee of official and non-official members. They are accordingly pleased to appoint a Committee, consisting of the following:—

1. The Revenue Commissioner (Chairman).
2. The Chief Conservator of Forests.
3 and 4. The Deputy Commissioners of Mysore and Kadur Districts.
5. Mr. S. L. Mannaji Rau Kadom, Member, Legislative Council.
6. ,, F. M. Abdul Quddus, Member, Representative Assembly.

The Technical Assistant to the Chief Conservator will be the Secretary to the Committee.

4. The terms of reference to the Committee will be as follows:—

(*a*) Whether the occupant or holder may be relieved to any extent of the responsibility for damage to sandal trees on his land.

(i) if he is relieved of the responsibility, what measures should be adopted for the proper preservation of the trees;

(ii) if the continuance of the present rule is necessary, what further reliefs, if any, may be given to him; and whether it is not necessary to raise the scale of fees for damage to the trees having regard to the increased value of sandalwood;

(iii) whether the rates of bonus now granted require any revision;

(iv) whether the procedure for the payment of bonus required any change to ensure that the amount is received promptly by the person entitled to it.

(*b*) Whether any compensation should be recovered from the occupant for the removal of 'Green' sandal trees from his occupancy at his request.

(*c*) Whether malki should be recovered from the raiyat on trees standing on the land given out to him for cultivation.

(*d*) Whether the malki recovered from the occupant should be refunded to him when he resigns the land leaving the trees intact.

(*e*) Whether the concessions granted in the Government Order of 1919, are sufficient to encourage the raising of sandal plantations; if not, what further concessions are necessary for popularising the rearing of such plantations.

(*f*) Whether it is desirable to prepare lists of lands suitable for cultivation of sandalwood with a view to their reservation or to their being given out for growing sandal on special terms.

(*g*) In what respects the rules regarding grant of lands containing sandal trees require revision, so as to meet the reasonable demand of the people for lands for cultivation without affecting Government interests in sandal trees.

(*h*) What safeguards should be provided for the prevention of the removal for destruction of sandal saplings growing on occupied lands.

(*i*) Whether the existing provisions of the Regulation (sections 747, 54 and 55 thereof) are sufficiently deterrent in case of offences relating to sandal, and, if not, what amendment of the law is necessary.

5. The Committee are authorised to make enquiries of Government Officers or others for obtaining information in respect of matters referred to them, and are requested to submit their report before the end of September 1929.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

APPENDIX A.

ABSTRACT OF REPRESENTATION.	ABSTRACT OF ORDERS OF GOVERNMENT.
1911 (a) The officers of the Forest Department should arrange for the prompt removal of mature sandal trees from occupied lands or (*b*) the occupant himself should be permitted to remove the tree to the Koti.	There is no objection to the occupant himself removing the tree provided it is previously marked by the Range Officer and wood is transported under a passport. R. 1811-20—Ft. 147-11-5, dated 28th September 1912.
1911-12 Recovery of bonus on sandal trees. Lands containing sandal trees should be given out for cultivation without recovering malki and the holder allowed half the value of sandalwood on maturity of the tree.	Rule 41A of the Land Revenue Rules was modified giving discretion to the Deputy Commissioners to grant lands subject to certain conditions for cultivation without recovering the upset price on trees.
96 of 1913.—The sandal trees on lands given out for cultivation, may be treated as the exclusive property of Government for safe preservation.	
50 of 1916.—The existing rule *re* recovery of bonus on sandal trees on lands given out for cultivation may be cancelled.	
The value of the bonus on sandal trees in darkhast lands recovered when the occupancy is given out may be refunded when the land is resigned.	
24 of 1923-127. Abolition of the levy of bonus on trees in lands given out for cultivation in Honnali and Nagar.	The above rules were extended to these Taluks also.
43 of 1917.—Cultivation of sandal trees may be encouraged by allowing them a concession of half the income.	Government Order No. 8145-54—Ft. 176-17-9, dated 4th January 1919 issuing rules, for the payment of value of wood up to 25 per cent in Malnad and 50 per cent in Maidan Districts in cases when sandalwood plantations are raised.
15 (1918.)—To meet the increasing demand for sandalwood, special encouragement should be given for the growth and preservation of sandal trees.	Do
Government may be pleased to recognise the claim of Jodidars to one half of the value of each sandal tree growing on Jodi or Sarvamanya lands, in order that the Jodidars may take interest in the up-keep of the trees.	The above rules are applicable in the case of Jodi lands also.

APPENDIX B.

REPRESENTATION IN BRIEF.	REPLY OF GOVERNMENT.
185-1912 and 187-1912.—The Khatedar may be relieved of the responsibility for damage done to sandal trees in his Khate lands.	The Khatedar cannot be relieved of the responsibility (on account of the valuable nature of the trees).
153-1910.—The rules in force for the preservation of sandal trees on private lands may be modified.	The rule which is a very long standing one and well understood cannot be altered and it is not enforced so as to be unnecessarily oppressive.
159-1911.—Khatedars should not be made responsible for the destruction of or injury to the sandal trees on their holding.	The responsibility of the Khatedar cannot be lessened.
23 of 1923 June.—Right of ownership to sandal trees on occupied lands to be given to the concerned occupants.	The State monopoly in the wood cannot be released, but the rules for the payment of bonus would be revised, if necessary. The rules are not well-known and will be published widely.
24 of 1923 and 39 of 1925. Monopoly of Sandal trees.—That the present monopoly of Government to sandal trees which is causing great trouble and inconvenience may be removed and the raiyats given the sole right to the trees, and that, as regards damages to trees on the margin of khate lands, the raiyats should not be punished without clear proof.	Government will consider in what way the rigour of punishment could be reduced.
1927 October.—Cancellation of the existing rules *re* sandal trees on lands in the occupancy of raiyats, by amending the Forest Regulation.	Though it is not possible to amend the Regulation so long as Government has a monopoly of sandalwood, yet Government will consider the question of giving some inducements to raiyats for the growing of sandal trees and taking care of trees already existing.
38 of October 1926.—Growth of sandal trees on occupied lands. (*a*) Encouragement should be given to grow sandal trees and take care of trees already existing for grant of 50 per cent of value of the wood; (*b*) arrangements should be made to pay bonus before the tree is removed.	The matter will be considered.
40 of October 1928.—The holders of lands may be relieved of the responsibility for preservation of trees or their lands.	The appointment of a Committee is engaging attention.

LAW SECRETARIAT.

Appoints a Committee to examine the question of improving the position of women in the Hindu Law of Inheritance.

ORDER NO. P. 7383-93—LEGIS. 17-28-21, DATED 7TH JUNE 1929.

The question of improving the position assigned to women in the Hindu Law of Inheritance as at present administered by the Courts in the State has been frequently pressed upon the attention of the Government and a resolution was also moved at the last Dasara Session of the Representative Assembly recommending legislation on the subject. The sense of the Assembly on this motion was that before legislation was undertaken, it was desirable that the question should be examined by a non-official Committee. The proposal commends itself to Government, who are accordingly pleased to appoint a Committee consisting of:—

1. Diwan Bahadur Rajadharmapravina K. S. Chandrasekhara Iyer, B.A., B.L.
2. Mr. A. R. Nageswara Iyer, B.A., B.L., Government Advocate, Bangalore.
3. „ N. V. Narayana Murthi, B.A., B.L., Advocate, Bangalore.
4. „ H. Naranaiya, Advocate, Chikballapur.
5. „ B. S. Puttaswamy, B.A., B.L., Advocate, Mysore.
6. „ T. Venkatasubba Sastri, B.A., LL.B., Advocate, Shimoga.
7. „ M. Ramachandra Rao Sindhia, Merchant, Bangalore.
8. „ K. T. Bhashyam Iyengar, B.A., B.L., Advocate, Bangalore.
9. „ H. C. Dasappa, B.A., LL.B., Advocate, Mysore.
10. Mrs. K. D. Rukminiamma, B.A., Superintendent, Maharani's Women's College, Mysore.

Mr. K. S. Chandrasekhara Iyer has kindly consented to act as Chairman; and the Assistant Secretary, Legislative Department, will act as Secretary.

2. The Committee is requested to examine the subject in all its aspects inclusive of any other incidental points that might arise in connection with it and also with reference to the recent legislation in British India in the same direction, and to submit a report to Government indicating in what respects the present Hindu Law of Inheritance stands in need of reform, together with a draft bill embodying the recommendations of the Committee.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

Applicability of the G. O. No. L. 5556-65—Ml. 93-28-2, dated 13th February 1929, about the rank and emoluments of officials lent to Town and Minor Municipal Councils in the State

READ—

Government Order No. L. 6052-125—Ml. 158-26-1, dated the 1st March 1927, issuing rules for regulating the recruitment, pay, etc., of lent officers and servants of Town and Minor Municipal Councils in the State.

2. Government Order No. L. 5556-65—Ml. 93-28-2, dated the 13th February 1929, issuing subsidiary instructions in the matter referred to above.

3. Letter No. A5. C. 1211, dated the 19th March 1929, from the Deputy Commissioner, Kolar, requesting that the instructions issued in the Government Order of February 1929 read above, about the rank and emoluments of officials lent to Town and Minor Municipal Councils in the State may be made applicable to all officials lent from Government Departments for service in Local Bodies whether Municipal, District Board or Sanitary Board.

ORDER NO. L. 8447-64—ML. 193-28-4, DATED 28TH JUNE 1929.

The recommendation is sanctioned.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

FINANCIAL SECRETARIAT.

Sanctions the Budget Estimates for the year 1929-30.

ORDER NO. FL. 9452-509—G. F. 187-28-1, DATED 30TH JUNE 1929.

The provisional Budget Estimates for 1929-30 were placed before the Representative Assembly for general discussion on the 11th, 12th and partly on 13th June 1929.

The estimates with the marginally noted additions were presented to the Legislative Council which met from the 24th of this month and were dealt with by that body in the two stages of (1) General discussions, and (2) voting of demands for grants, the former on 24th and 25th June and the latter on 26th to 29th June 1929.

	Rs.
26. Education.— Additional provision under 6 Primary Education for expansion in rural areas	25,000
30. Grants for Public Improvements.— Additional provision for Drinking Water Wells	25,000
39. Loans and Advances.— For establishing an Agricultural colony under the Bhadra Channel	65,000

BANGALORE, THURSDAY, JULY 11, 1929.

PART I.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Hostels for Adi Karnataka and Adi Dravida pupils.

READ—

Government Order No. 4566-8—Edn. 268-20-8, dated 1st June 1922, issuing revised rules regulating grants to Private Hostels.

2. Government Order No. D. 7711-12—Edn. 252-27-2, dated 25th January 1928, sanctioning certain additional concessions to Adi Karnataka Hostels started on a Grant-in-aid basis, so as to include some provision for a grant towards Boarding charges also.

3. Letter No. D1-4394-330 of 28-29, dated 1st March 1929, from the Director of Public Instruction in Mysore, proposing in the circumstances explained, a modification to the second of the Government Orders read above.

ORDER NO. D. 13690-91—EDN. 834-28-2, DATED 27TH JUNE 1929.

Resolved that Hostels for Adi Karnatakas on the Grant-in-aid basis be encouraged, the usual grant allowed under Grant-in-aid Rules with half the cost of boarding not exceeding Rs. 3 per boy being given.

In the Government Order dated 25th January 1928, referred to above, Government while approving the marginally noted resolution of the informal conference of gentlemen interested in the education of Adi Karnatakas, held on 13th December 1926, directed that the following note be inserted under Rule C III of the Rules of Grant-in-aid to Private Hostels issued under the first of the Government Orders read above:—

"*Note.*—In the case of Hostels intended for Adi Karnataka and Adi Dravida pupils, one half of the establishment and boarding charges subject to a maximum of Rs. 3 per boarder per mensem, will be given in addition to the existing concessions". This concession will be in force for three years.

Under Rule C III of the Rules of Grant-in-aid to Private Hostels issued under Government Order dated 1st June 1922, the grant in the case of hostels attached to Training Institutions and Hostels intended for girls and pupils of the depressed classes is increased up to the full cost of establishment and rent.

The Director of Public Instruction points out that the note to Rule C III of Government Order dated 1st June 1922 referred to above, does not agree in full with the resolution of the informal conference as it sanctions only half the charges (subject to a maximum of Rs. 3 per boarder) on account of the establishment and boarding together.

He therefore requests that the resolution of the informal conference may be approved in toto and that the words "the establishment" occurring in Note to Government Order dated 25th January 1928, may be deleted.

Government are pleased to sanction the proposal of the Director of Public Instruction. The words "establishment and" occurring in the above mentioned note will be deleted.

N. RAMA RAO,
Secretary to Government,
Development Departments.

GENERAL SECRETARIAT.

Budget Estimates of the Mysore City Improvement Trust Board for the year 1929-30.

READ—

Correspondence ending with letter No. 1482, dated the 30th May 1929, from the Chairman, City Improvement Trust Board, Mysore, forwarding for sanction the budget estimates of the Trust Board for 1929-30.

ORDER NO. L. 8424-29—ML. 235-28-69, DATED 27TH JUNE 1929.

Receipts.—The income is estimated at Rs. 1,55,000 as detailed below:—

	Rs.
Opening Balance	25,000
(1) State Grant	1,00,000
(2) Contribution by Municipal Council for the construction of New Municipal Office	10,000
(3) Sale proceeds of the Board's properties and repayment of loans and miscellaneous receipts, etc.	20,000

Expenditure.—The estimated expenditure is equal to the income including the opening balance. A sum of Rs. 33,000 has been provided for acquisition work, Rs. 11,700 for sanctioned works and Rs. 21,300 for new works.

Construction Works.—The total sum provided under "Construction Works" is Rs. 92,835 the bulk of which is intended to carry out sewage and drainage works. The allotment for these works is nearly a third of the total income and a provision of Rs. 10,000 has been made for giving house connections in sewered areas. A sum of Rs. 7,000 is also provided for house building advances and loans.

The establishment charges for 1929-30, according to details furnished, aggregate Rs. 27,710 against a sum of Rs. 27,470 provided for the year 1928-29. It is however possible to further reduce the expenditure under this head, as observed by Government, last year.

A sum of Rs. 5,000 is provided for meeting the expenditure on special works of urgent and unforeseen nature and a sum of Rs. 5,300 for maintenance of avenues.

The estimates of receipts and expenditure are sanctioned as shown in the statement hereto appended.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Amendments to Insurance Rules (Official Branch.)

READ—

Government Order No. Fl. 3634-5—G. F. 78-28-2, dated 15th November 1928, sanctioning the introduction of whole life policies in the Official Branch of Mysore State Life Insurance Scheme, and the Insurance Committee's recommendation to entrust to Mr. James Bacon, Actuary, London, the work of framing the necessary rules and tables.

2. Letter No. 24134, dated 11th May 1929, from the Secretary, Insurance Committee, forwarding for sanction of Government the following Resolutions of the Committee on the suggestions of the Actuary together with a set of amendments to the Rules relevent to the introduction of Whole Life Assurance and loading of female lives and stating that the tables for Whole Life Policies will be prepared according to actuarial advice and submitted for sanction in due course.

'III Consideration of the letter, dated 31st January 1929, from Mr. James Bacon, Actuary, containing his suggestions regarding the Scheme of Whole Life Policies in the Official Branch.	Resolved that the rates recommended by Mr. James Bacon, the Actuary, be adopted for Whole Life Limited Assurances and on this basis a table may be prepared showing the sums assured payable for the several rates of monthly premia at various ages. It was also resolved that the alteration of rules rendered necessary by the introduction of the system of Whole Life Assurances, as proposed by the Actuary be adopted and incorporated in the Rules slightly modified as in the annexed statement.
IV Consideration of the question of loading female lives in the official branch as per para 6 of the letter from the Actuary dated 31st January 1929.	Resolved that, the recommendation of the Actuary for loading lives by enhancing premium by 5 per cent for endowment assurances and 15 per cent for Whole Life Assurance may be accepted and given effect to by making corresponding reductions (which will work up to 1/21 of the sum assured for male lives for endowment assurance and 3/23 for Whole Life Assurance respectively) in the amounts assured as under the Life Insurance rules fixed amounts of premia are recovered monthly and that fresh tables under both Endowment and Whole Life Limited Scheme be prepared on this basis."

ORDER NO. FL. 41-91—FL. 78-28-4, DATED 27TH JUNE—4TH JULY 1929.

Sanctioned.

2. The amended rules as approved are reproduced in the annexure appended hereto.

3. The tables of premia for the Whole Life Policy Scheme are awaited.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

ANNEXURE.

Rule 1.—The Official Branch of the Mysore State Life Insurance shall be conducted under the following rules.—

Rule 3.—The term "Policy" means the written document containing the contract for the payment under these rules of a certain sum of money on the occurrence of the events specified therein in consideration of the premium paid by the insured.

Rule 4.—Officers holding permanent appointments under the Government of Mysore and Officers of other Governments now employed under the Mysore Government or hereafter entering its service may insure their lives under these rules provided that in the case of the latter class of officers, such insurance shall be subject to the consent of the Government lending them.

Rule 7(1).—Ten per cent of the pay of the insured shall be recovered every month as premium and credited to Government, in consideration of which an insurance policy in the appropriate form according to the table contained in these rules selected by the insured shall be issued. The sum assured under the policy shall be payable from the Mysore Revenues on the death of the insured if the policy is for a Whole Life Assurance or on the insured completing 55 years of age or at his death if earlier if the policy is for an Endowment Assurance.

Fractions of a rupee other than multiples of eight annas, shall be excluded in calculating the monthly premium.

Rule 9.—Since the maximum limit is revised to Rs. 60 the Rule as already amended as in the Col. (1) may be allowed to stand.

Rule 10.—When an insured official ceases to be in the services of Government before completing the age of 55 years, he may elect within 12 months any one of the following courses :—

(i) To continue to pay the premiums due on his policy or policies until they cease on attainment of age 55.

(ii) To take a paid up policy for a reduced sum assured bearing the same proportion to the original sum assured as the total premium paid under the policy bears to the total premiums which would be paid if the original policy continued in force until the assured attained age 55.

(iii) To take the cash surrender value of the policy in accordance with the tables appended to these rules.

(iv) In the case of an official recommended for retirement before attaining the age of 55, and who finds it difficult to continue to pay the premia due on an Endowment policy till the date of its maturity, to treat the premia due on the policy from the date of retirement to the date of superannuation as debt due to Government carrying interest at 6¼ per cent to be recovered from the amount of the bonus payable on the date of maturity of the policy.

Rule 26.—When an insured who has ceased to be in the service of Government elects under Rule 10, to continue to pay premium, he may be allowed by the Secretary to pay such premium monthly, quarterly, half-yearly or yearly into any Treasury of the Mysore Government. Likewise an insured officer of the Mysore Government who is transferred to foreign service under Article 407 of the Mysore Service Regulations may be permitted to pay his premium quarterly, half-yearly or yearly provided he communicates his election to do so within three months from the date of such transfer. A grace of 15 days shall be allowed when the premium is payable monthly and a grace of one month when it is paid otherwise. If the insured fails to pay the premium within the days of grace, he may be allowed to pay it within six months from the date of default on production of a certificate of good health, or thereafter within 18 months on production of a detailed medical certificate, obtained on payment of the prescribed fee and paying up all the arrears together with interest at 6¼ per cent failing which the payment of the premium shall be deemed to have been discontinued and the insured who has ceased to be in service shall be permitted to obtain a paid-up policy or surrender value and an insured transferred to foreign service only a paid-up policy as prescribed in Rule 10.

Rule 29.—The above rules shall also apply *mutatis mutandis* to officers on the permanent establishment of Local Fund and Municipal Boards in Mysore.

Women are eligible to take policies but in their case the sum assured will be reduced by 1/21 of the sum assured for males under Endowment Scheme and 3/23 of the sum assured for males for Whole Life Limited payments which reduction is equivalent to an enhancement of the premium payable by 5 per cent and 15 per cent respectively.

Rule 11.—If, in consequence of the pay having been reduced and insured is unable to pay the full premium due on his policy (or policies) the assurance shall be continued for the proportion of the premium which the assured is able to pay which shall not be less than 10 per cent of his reduced pay and the remainder shall be converted into a paid-up policy as prescribed in Rule 10.

Alterations in the proposal form.

In (4) and (*d*) class of assurance, *i.e.*, Endowment Assurance or Whole Life. In proposal form G. 1 (concluded) page 21 add "class of Assurance, *i.e.*, Endowment Assurance or Whole Life." It is suggested that throughout the Rules where the word "bonus" is used in the sense of sum assured the words "sum assured" should be substituted to avoid confusion with the Reversionary Bonuses allotted as the result of valuation.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Giving wider publicity to the vacancies of appointments.

ORDER No. 69-77—C. R. B. 1-29-1, DATED 3RD JULY 1929.

The question of giving wider publicity to the vacancies of appointments arising in various departments has been urged on the attention of Government for some time past and it has been represented that the publication of such vacancies in the official Gazette does not very often reach a large number of candidates residing in the interior parts of the State where copies of the Gazette may not be available for reference.

The Central Recruitment Board to whom the question was referred for consideration suggested at first that the object in view might be served if copies of notifications of vacancies are sent to the Secretaries of recognised Associations having the privilege of returning members to the Representative Assembly. As this did not work well in practice, they have on further consideration suggested that it would be desirable to have the vacancies advertised also in some of the English and Vernacular Newspapers in the State.

Agreeing with the Board in this view, Government consider it desirable to have the vacancies published twice a week in some of the daily newspapers and once a week in some of the weeklies. They are accordingly pleased to direct that all vacancies that are now published in the *Mysore Gazette* every week should also be sent to the marginally noted newspapers for publication, an honorarium at the rate noted being paid to each of the newspapers.

		Rs.	
(1) Bangalore Times	..	120	per annum
(2) Chitragupta	...	100	do
(3) Vokkaligara Patrike	...	60	do
(4) Kurubara Patrike	...	60	do

While sending copies of notifications relating to vacancies for publication in the Gazette, the Secretary to the Central Recruitment Board will simultaneously send copies of such notifications to the newspapers concerned for publication.

The cost on this account will be met from the contingencies of the General and Revenue Secretariat.

R. RANGA RAO,

DEVELOPMENT SECRETARIAT.

Municipal High School at Malvalli.

READ—

Government Order No. D. 13775-78—Edn. 1000-27-5, dated 30th June 1928, sanctioning the opening of Municipal High Schools at Dodballapur and Sagar.

2. Letter No. C. 1749—L. B. 28-29, dated 13th June 1929, from the Deputy Commissioner, Mysore District, requesting sanction to the opening of a Municipal High School at Malvalli.

3. Letter No. A3-4032 of 28-29, dated 14th June 1929, from the Director of Public Instruction in Mysore, recommending sanction to the opening of a High School at Malvalli.

ORDER NO. D. 96-99—EDN. 1177-28-2, DATED 4TH JULY 1929.

The Deputy Commissioner, Mysore District, and the Director of Public Instruction have, in their letters read above recommended, for the sanction of Government, the proposal of the Municipal Council of Malvalli and the District Board of Mysore, for opening a Municipal High School at Malvalli, on lines similar to those of the recently sanctioned Municipal High Schools at Dodballapur and Sagar. The Director of Public Instruction considers that Malvalli, which stands third among all the taluks in point of population and first in point of school-going population and which has eight Middle Schools, is very favourably situated for a High School, and adds that the opening of a High School there, will obviate the necessity of opening more sections in the High Schools in the Mysore City. The local bodies have come forward with proposals to open a High School at the place.

2. In according sanction to the opening of High Schools by Municipal Councils, Government have not only considered the ability of the local bodies to fulfil their responsibility in respect of such institutions but have also insisted on certain conditions calculated to ensure the permanence and the satisfactory working of the institutions. These conditions are briefly:—

(1) The Department of Public Instruction should have the same control over the Municipal High School as over the other Aided High Schools in the State.

(2) The School should be under the management of a Committee consisting of the Deputy Commissioner, the Deputy Director of Public Instruction, the District Educational Officer as *Ex-officio* members and a few non-official representatives of the local bodies who contribute towards the maintenance of the School.

(3) Fees have to be levied at rates not lower than those in Government High Schools, and the free studentships allowed need not be more than 10 per cent of the strength of each class.

(4) The local bodies should provide a suitable building for the school for which no grant will be paid by Government.

(5) They have to deposit a sum of Rs. 5,000 to ensure financial stability.

(6) They have to meet a half of the cost of initial equipment, the other half being borne by Government; and they are also responsible for meeting recurring expenditure with the aid of the Government grant which is fixed at a half of the net expenditure, subject to a maximum of Rs. 50 per month per form.

3. These conditions have been agreed to in the case of the proposed High School for Malvalli. As regards accommodation, it is proposed, as a temporary measure, to hold the School in the Town Hall, till a permanent building is constructed and it is stated that early steps will be taken to provide a permanent building at a cost of not less than Rs. 10,000 and that a substantial portion of this amount is already available and that the balance can be readily collected. The Deputy Commissioner reports that the Municipal Council is in a position to meet its share of the expenditure under the scheme outlined above.

4. In these circumstances, Government are pleased to accord sanction to the opening of a Municipal High School at Malvalli, subject to the conditions indicated in para 2 above. Of the initial expenditure of Rs. 6,000 the Government will contribute Rs. 3,000 and the remaining sum of Rs. 3,000 will be met out of the funds of

the Municipal Council of Malvalli. The recurring expenditure of this school assuming that only IV and V Form classes would be opened to begin with will be Rs. 4,556 for this year as per details given below:—

		Average cost per mensem	
One Head Master on	100—5—150	133	1/3
Two Assistant Masters	40—4—60	106	2/3
One Pandit	30—2—40	36	2/3
One Drawing Master and Clerk ..	30—2—40	36	2/3
Allowance to Urdu Munshi ..	..	10	
Two Peons on Rs. 10 each ..	..	20	
Provident Fund Contribution ..	..	20	
Contingency	..	8	
	Rs.	371	1/3 per mensem or Rs. 4,456 per annum
Add for purchase of books for the library and renewals in the laboratory		100	
	Rs.	4,556	

The District Board of Mysore have agreed to contribute one half of the recurring expenditure devolving on local bodies, and the Deputy Commissioner conveys the assurance that the Municipal Council will contribute the balance. Allowing for an expected fee income of Rs. 1,368 and a Government grant of Rs. 1,200, the balance to be borne in equal proportions by the District Board and the Municipal Council will be Rs. 1,988. Government are pleased to sanction this expenditure in the proportions indicated above. The Government share both of the non-recurring and recurring expenditure will be met out of the unutilised provision of Rs. 5,000 made for the deputation of Mysore Scouts to the Imperial Jamboree.

5. The Deputy Commissioner is requested to take prompt action in regard to the deposit of the sum of Rs. 5,000 to ensure the financial stability of the school.

6. The proposal to hold the High School in the Town Hall, as a temporary measure, is also approved; but Government desire that early steps should be taken to construct a permanent building.

7. The Director of Public Instruction is requested to constitute a Committee of Management to the School at a very early date.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Municipal High School at Hole-Narsipur.

READ—

Letter No. A3-5480—28-29, dated the 16th June 1929, from the Director of Public Instruction in Mysore, recommending sanction to the opening of a Municipal High School at Hole-Narsipur from the current school year due provision on account of the Government share of expenditure being ordered to be included in the Budget of the next year.

2. Correspondence ending with letter No. C. 23 (*c*) 26-27, dated the 16th June 1929, from the Deputy Commissioner, Hassan District, in the matter.

3. Government Order No. D. 96-99—Edn. 1177-28-2, dated 4th July 1929 sanctioning the opening of a Municipal High School at Malvalli.

ORDER NO. D. 100-103—EDN. 1213-28-6, DATED 4TH JULY 1929.

The Director of Public Instruction reports that the opening of a High School at Hole-Narsipur will serve the needs of the Middle Schools at Hole-Narsipur, Channarayapatna and Arkalgud and also of the Middle Schools in a few neighbouring places in the Mysore District. The conditions under which the sanction of Government is accorded to the opening of a Municipal School on a Grant-in-aid basis have been set forth at length in Government Order No. D. 96-99—Edn. 1177-28-2, dated 4th July 1929, sanctioning the opening of a Municipal High School at Malvalli.

The requirements for starting such a High School are as follows, assuming that the IVth and Vth Forms will be opened:—

(1) A suitable building.
(2) Initial equipment estimated at Rs. 6,000.
(3) A deposit of Rs. 5,000.
(4) A recurring expenditure of Rs. 4,560 per annum as detailed below:—

Recurring charges.		Rs.	
One Head Master on Rs. 100—5—150 ..	..	130	5/9
Two Assistant Masters Rs. 40—4—60 ..	..	106	2/3
One Pandit on Rs. 30—2—40 ..	..	36	2/3
One Drawing Master and Clerk Rs. 30—2—40	..	36	2/3
Allowance to Urdu Munshi ..	..	10	
Two Peons on Rs. 10 each ..	..	20	
Contingency		8	
Scavenging allowance	..	3	
Provident Fund Contribution ..	..	20	
		371	5/9 per mensem or per annum
	roughly Rs.	4,460	
For purchase of books to the library, etc.	..	100	
Total	..	4,560	

It is proposed to hold the High School Classes in the building in which the Middle School is housed at present, the Middle School building being transferred to the Primary School Building; and it is reported that the Municipal Council have taken steps to provide a suitable building for the Primary School and are agreeable to meet the rent till a permanent building for the High School is constructed.

The Deputy Commissioner, Hassan, has stated that the Municipal Council have provided Rs. 3,000 being their half of the cost of initial equipment in their Budget for 1929-30 and that the deposit of Rs. 5,000 required to ensure the financial stability of the School will also be made up.

In regard to the recurring expenditure the share of the Local Bodies after deducting fee income and the grant-in-aid from Government will be Rs. 1,990 as shown in the margin. Of this amount the District Board of Hassan have resolved to contribute Rs. 1,200 and the President conveys the assurance that the contribution will be paid from the general revenues of the District Board and not from the Education Cess which is not to be utilised for purposes of High School Education.

		Rs.
Total recurring expenditure ...	...	4,560
Less—(*a*) Government Grant-in-aid	Rs. 1,200	
(*b*) Fee income	,, 1,370	
		2,570
		1,990

In these circumstances Government are pleased to sanction the opening of a High School at Hole-Narsipur. The Government share of the expenditure of this year, *viz.*, Rs. 3,000 for initial equipment plus Rs. 1,200 towards the recurring charges will be met as shown below:—

Rs. 3,000 out of the expected savings under building grants.
,, 1,200 from the provision for adult night schools.

The proposal to hold the High School Classes in the Middle School Building and to make temporary arrangements for the Middle and Primary Schools as referred to above is approved for one year. Early steps should be taken by the Municipal Council to provide a suitable building for the High School.

The School will be under the management of a Committee consisting of the Deputy Commissioner, the Deputy Director of Public Instruction, the District Educational Officer, Hassan, three non-officials to represent the Municipal Council and two to represent the District Board to be selected by the respective Local Bodies. The Director of Public Instruction is requested to constitute the Committee of Management very early.

Review of the Foreign Rail-Borne Trade.

READ—

Government Order No. D. 11549-60—Stcs. 15-27-8, dated the 7th May 1929, passing order regarding the publication of the Review of the Foreign Rail Borne Trade in Mysore.

2. Letter No. C. 3-1574—27-28, dated the 1st June 1929, from the Director of Industries and Commerce in Mysore, stating that the word " mensem " should have been used in place of the word " annum " in his letter No. C. 3-1574—27-28, dated the 19—20th April 1929 and requesting that suitable corrections may be made in the Government Order read above so as to provide for an annual expenditure of Rs. 4,600 *i.e.*, Rs. 100 for keeping the type standing and Rs. 4,500 for payment to the Railway Company for collection of the Statistics.

ORDER NO. D. 172-83—STCS. 15-27-10, DATED 5TH JULY 1929.

The following modifications will be made in the order dated the 7th May 1929 read above:—

1. Para 3. For " per annum " after Rs. 375, read " per month ".
2. Para 5. For " Rs. 475 " read " Rs. 4,600 " and for " Rs. 375 " " Rs. 4,500 "

BANGALORE, THURSDAY, JULY 25, 1929.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Reviews the Report on the working of the Jails and Lock-ups for the calendar year 1928.

READ—

Letter No. 374-55, dated the 31st May 1929, from the Inspector-General of Prisons in Mysore, submitting the report on the working of the Jails and Lock-ups in the State, during the calendar year 1928 with the prescribed statements.

ORDER No. G. 765-75—PRIS. 93-28-2, DATED 18TH JULY 1929.

Recorded.

There was no change in the number of jails and lock-ups, which remained the same as in the previous year, *viz.*, 2 jails and 79 lock-ups.

Inclusive of 922 prisoners confined in the jails and lock-ups at the beginning of the year, the total jail population during the year was 7,848. Of these, 6,839 were discharged during the year leaving a balance of 1,009 at the close of the year. There was an increase in the daily average number of prisoners which was 950·82 against 889·65 in the previous year.

The gross expenditure of the Department was Rs. 149,659-1-9 against Rs. 1,49,388-14-9 or an average of Rs. 157-6-4 per head as against Rs. 167-14-8 during the year 1927.

Realisations from the employment of convicts on remunerative labour increased to Rs. 23,278-8-9 from 19,467-12-4 in the previous year and the average cash earnings of a convict was Rs. 36-10-6 as against Rs. 29-15-2 in the previous year. This is satisfactory.

The total cost of maintenance of prisoners in the two jails was Rs. 1,19,549-5-1 as against Rs. 1,24,714-12-2 in the previous year. The average net cost of maintenance after deducting cash earnings works out to Rs. 119-6-3 per head as against Rs. 135-11-1 in the previous year. The decrease in the average cost is mainly due to the increased cash receipts in the manufacturing department of the Jails. The total expenditure on Jail Industries was Rs. 18,081-12-1 and the gross receipts Rs .41,360-4-1.

The health of prisoners was good throughout the year, the number of deaths among prisoners being 3 as against 10 in the year previous.

There was no overcrowding in the jails and lock-ups except in the Mysore Jail where accommodation for civil prisoners is reported to be insufficient. The gross expenditure in all the lock-ups during the year amounted to Rs. 30,109-12-8 against Rs. 24,674-2-7 during the previous year. The excess is due to the greater average number of prisoners dieted.

It is reported that the jail buildings at Bangalore have become old and require frequent repairs. The Inspector-General of Prisons is requested to submit separate proposals for the construction of new buildings at some distance from the City.

Government note that weekly religious classes for imparting moral and religious instruction for convicts were regularly conducted in the two jails, and that lectures were delivered and Harikathas performed for the benefit of prisoners by public spirited philanthropic gentlemen.

Of the six non-official visitors of the Bangalore Central Jail, only three visited the Jail and one of them visited thrice while the other two paid but one visit. The two non-official visitors of the Mysore Jail visited the Jail only once during the year.

Government are pleased to note that the administration of the Department during the year under Dr. B. Mahomed Usmon, L. M. S., who was since retired was satisfactory.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Reviews the Report on the working of the Joint Stock Companies.

READ—

Letter No. C. 114—29-30, dated the 23rd May 1929, from the Registrar of Joint Stock Companies in Mysore, submitting a brief report on the working of the Joint Stock Companies as well as the Literary, Scientific and Charitable Societies during the year ending 31st March 1929.

ORDER NO. D. 344-5—J. S. 27-28-3, DATED 11TH JULY 1929.

Recorded.

The number of public and private companies registered during the year was seven, of which five were public companies. The total number of companies limited by shares on the rolls at the close of the year under review was 129 as against 126 at the close of the previous year. The number of companies limited by guarantee was 21, the same as last year.

The number of companies established outside Mysore and having places of business in the State was 49 as against 43 in the previous year.

Three companies are reported to have gone into voluntary liquidation during the year and one ordered to be compulsorily wound up. No company was struck off the Register but action is said to be taken to strike off the names of defunct companies from the rolls.

The number of institutions registered during the year, under the Societies Registration Regulation of 1904, was 13. One society was dissolved thus bringing the total number of such institutions working at the close of the year to 174 as against 162 in the previous year.

No prosecutions for failure to comply with the provisions of the Companies Regulation, were sanctioned by Government against any of the companies, during the year under review. The prosecution sanctioned against one company during the year 1927-28 was withdrawn as the company went into liquidation. No auditor or inspector was appointed by Government to investigate the affairs of any of the companies.

The total authorised, subscribed and paid up capitals, of all the Joint Stock Companies at the end of the year under review were Rs. 9,30,15,100, 2,13,90,017½ and Rs. 1,50,65,153½ respectively. The aggregate increases in the authorised, subscribed and paid up capitals amounted to Rs. 4 lakhs, Rs. 2·80 lakhs and Rs. 2·74 lakhs respectively. The total reductions in the authorised, subscribed and paid up capitals amounted to Rs. 38·80 lakhs, 13·35 lakhs and 12·35 lakhs respectively.

The number of persons holding Auditors' Certificates at the end of the year was 33, of whom 10 held permanent certificates and the remainder temporary certificates.

Four hundred and thirty-eight documents were received in the Registrar's Office for being registered, recorded or filed as against 499 in the previous year.

There has been an improvement in the receipts of the Office of the Registrar, from Rs. 2,157-1-6 in the previous year to Rs. 2,952-1-0 during the year under review. The total charges of establishment, etc., were Rs. 2,935-0-0.

There is an improvement in the inspection of the registered offices of companies by the Registrar, the number inspected being 14 as against 2 in the previous year.

Government note that the issue of a Manual under the Companies' Regulation embodying details of the legal provisions to be observed by the Companies and the submission of proposals for the amendment of the Companies' Regulation are receiving the attention of the Registrar.

The question of introducing a Regulation providing for the regulation of Life Assurance Companies in the State, is under the consideration of Government.

Revenue Probationers.

READ—

Government Order No. R. 9787—L. R. 192-28-23, dated the 23rd May 1929, appointing a Committee consisting of the marginally noted officers for the selection of Revenue Probationers.

(1) The Revenue Commissioner in Mysore (Chairman).
(2) The Chief Secretary to Government.
(3) The Survey Superintendent in Mysore.
(4) The Senior Surgeon in Mysore.

2. Letter dated the 13th July 1929, from the Revenue Commissioner in Mysore, forwarding the report of the Committee.

ORDER No. C. B. 424-6—L. R. 192-28, DATED 27TH JULY 1929.

Government are pleased to direct that the following candidates be appointed Revenue Probationers:—

(1) Mr. M. K. Appajappa, B.A.
(2) ,, Chikkanarayanaswami, B.Sc.
(3) ,, C. I. Machaiya, B.A.
(4) ,, S. Muninanjappa, B.A., B.L.
(5) ,, T. Rangamallaiya, B.Sc.
(6) ,, R. J. Rego, M.A.
(7) ,, K. Seshagiri Rao, M.A., LL.B.

2. During the probationary period which will be fixed at two years, the Probationers will be given a salary of Rs. 80 per mensem. They should qualify themselves for appointment as Amildars or Deputy Amildars by passing the prescribed tests, *viz.*, the Local Service Revenue Higher, Criminal Higher and Accounts Lower Examinations and the Equitation test.

3. The confirmation of the Probationers after the period of probation, as Amildars or Deputy Amildars, is subject to the occurrence of vacancies. Ordinarily not less than 50 per cent of the vacancies in the grades of Amildars and Deputy Amildars will be made available for Revenue Probationers.

4. The Revenue Commissioner is requested to issue necessary instructions regarding the posting of the Probationers and the course of training to be undergone by them and report the action taken to the Government.

Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Rules for the grant of Takavi Loans.

READ—

Correspondence ending with the un-official note, dated the 4th May 1929, of the Registrar of Co-operative Societies in Mysore, submitting his replies to the modifications proposed by the Revenue Commissioner to the draft rules for the grant of Takavi Loans for Agricultural and Industrial purposes through Co-operative Societies as finally passed by the Development Board.

ORDER NO. D. 514-16—C. S. 169-26-11, DATED 15TH JUNE 1929.

The proposed rules as finally modified by Government are approved and appended hereto.

2. The Revenue Commissioner and the Registrar of Co-operative Societies are requested to take further action in the matter early so that these loans may be issued through Co-operative Societies from the beginning of the official year.

N. RAMA RAO,
Secretary to Government,
Development Departments.

RULES FOR THE GRANT OF TAKAVI LOANS FOR AGRICULTURAL AND INDUSTRIAL PURPOSES THROUGH CO-OPERATIVE SOCIETIES.

1. These rules may be called the Co-operative Societies' Takavi Loans Rules, 1929.

2. They shall apply to loans granted to members of Co-operative Societies with unlimited liability registered under the Mysore Co-operative Societies Regulation No. VII of 1918.

3. No member of an Agricultural or Industrial Co-operative Society with unlimited liability shall be granted a loan under these rules unless the consent of the Managing Committee of the society of which he is a member has been obtained in writing and the society stands as surety for the loan.

4. The Registrar shall, from time to time, select the societies that may undertake this work and intimate the names of the selected societies to the authorities authorised to sanction loans for Agricultural and Industrial purposes.

5. The society shall, from time to time, prepare a list of members wishing to obtain loans under these rules for whom it is willing to stand as surety, and shall submit such list in the attached form to the Amildar of the Taluk, or the Deputy Commissioner or other authority competent to sanction loans for disposal, through the Inspector of Co-operative Societies of the Circle in which the society is situated, provided that—

(i) The society shall not stand as surety for any member for any amount exceeding Rs. 200.

(ii) The society shall not stand as surety for any loan repayable in instalments extending over more than five years.

(iii) The total amount of loans to be granted for all purposes shall not exceed Rs. 2,000 per society.

(iv) The society has been included in the list of societies approved by the Registrar for undertaking this work.

(v) The society undertakes to see that the loan is used by the member for the purpose for which it is taken and it may obtain a suitable agreement from the borrower to enable it to prevent the utilisation of the loan for other purposes.

(vi) Loans may be advanced either on mortgage or personal security. In the latter case the Managing Committee of the society shall insist on the borrower producing one surety to be approved by the society in addition to the society.

(vii) The society may charge the borrower such commission not exceeding one per cent for its services over and above the usual interest payable to Government on the loan as may be determined at a General Meeting of the society and approved by the Registrar.

Note.—In special circumstances, and on the resolution of the general body of the members passed at a general meeting the Registrar may relax the restrictions imposed in clauses (i) and (iii).

6. *Sanction of Loan.*—On receipt of such consolidated application from the society through the Inspector of Co-operative Societies of the Circle, the authority competent to sanction the loan shall, if the society is included in the list of societies approved by the Registrar for undertaking this work, and if it complies with the conditions described in rule 5 proceed to dispose of the loan application in the usual manner and communicate its orders to the society concerned.

7. *Execution of Bonds.*—When a loan has been sanctioned under Rule 6, the whole amount shall be paid to a duly authorised representative of the society who shall also be supplied with forms of bonds. The society will be responsible for the execution of the bonds in favour of Government under the Land Revenue Rules, the distribution of the money among the applicants and the return of the bonds duly executed within 10 days to the Taluk Office. A copy of the resolution of the Managing Committee authorising one of the members of the society by name to sign on behalf of the society as surety shall be attached by the society to every bond so signed by its representative.

8. *Recovery of Loans.*—The authority sanctioning the loan shall send each year to the society a list showing the names of members from whom recoveries are to be made under these rules in that year, the amounts of instalments due (principal and interest separately) and the due dates for repayment. The society shall be responsible for collecting these instalments and remitting them to the Taluk Treasury within one month after the respective due dates. If however, the society recommends the suspension of any instalment on account of exceptional circumstances, the Amildar shall investigate the facts of the case and submit his report to the Sub-Divisional Officer, through the Registrar. The decision of the Sub-Divisional Officer is final and if he grants the suspension of the instalment that instalment and all subsequent instalments shall be postponed by one instalment period. In other cases, where the society reports that it has been unable to recover the whole or part of an instalment the authority sanctioning the loan shall forthwith recover the amount from the borrower under the provisions of the Land Improvement Loans Regulation or the Land Revenue Code. In the event of a deficit remaining thereafter, the authority sanctioning the loan shall report the facts of the case through the Deputy Commissioner to the Registrar who shall take such further steps under section 45 of the Mysore Co-operative Societies Regulation No. VII of 1918 to require the society to make good the deficit as may seem to him necessary unless the case is considered by the authority sanctioning the loan to be a fit one for suspending or remitting the demand.

9. Save as provided in these rules conditions incidental to loans under the Mysore Land Improvement Loans Regulation or under section 194 of the Mysore Land Revenue Code or under the Rules of 2nd September 1913 (G. O. No. G. 2097-145—G. M. 55-12-239, dated 2nd September 1923) or under the Revised Rules for the grant of loans for agricultural, industrial and commercial purposes sanctioned in Government Order No. 5135-37—I. & C. 254-27-7, dated 19th November 1928, shall *mutatis mutandis* apply to these loans also as far as may be.

FORM OF APPLICATION FOR TAKAVI.

1. Name of Society.....Unlimited
2. Village.
3. Taluk.
4. Number of members.
   (1) Agriculturists.
   (2) Industrialists or artizans.
   (3) Others.

GENERAL SECRETARIAT.

Ex-officio **Sub-Registrars.**

READ—

Letter No. C. R. 448—28-29, dated the 23rd May 1929, from the Inspector-General of Registration in Mysore, proposing for reasons given that only persons who have passed the Registration Examination may be posted as Taluk Sheristedars or Deputy Amildars to places where they have to do registration work also.

2. Un-official No. D1 Dis. 1567—28-29, dated the 26th June 1929, from the Revenue Commissioner in Mysore in the matter.

ORDER NO. R. 563-74—L. R. 715-28-2, DATED 25TH JULY 1929.

The Inspector-General of Registration states that out of 79 Sub-Registry Offices in the State, 21 offices are under the Taluk Sheristedars and Deputy Amildars, who are *Ex-officio* Sub-Registrars. Of these *Ex-officio* Sub-Registrars, nine Taluk

Sheristedars and one Deputy Amildar, who have to do registration work, are stated to have not passed the Registration Examination. As the pay of the clerks in the *Ex-officio* offices is only Rs. 20—1—25 and as they are not expected to pass the examination under the rules, it so happens in some cases that both the *Ex-officio* Sub-Registrars and the clerks have not passed the Registration Examination. Under such circumstances the work cannot be said to be done efficiently. The Inspector-General of Registration therefore proposes that only persons, who have passed the Registration Examination should be posted as Taluk Sheristedars or Deputy Amildars to places where they have to do registration work also. The Revenue Commissioner in Mysore, who was consulted in the matter, is agreeable to the proposal. Government are pleased to approve of the recommendation as regards the posting of persons, who have passed the registration examination as Taluk Sheristedars to places where they are to be *Ex-officio* Sub-Registrars.

2. As regards the Deputy Amildars who are to be *Ex-officio* Sub-Registrars, the Revenue Commissioner proposes that Registration Examination may in future be made compulsory for Amildars and Deputy Amildars. This question is reserved for consideration separately.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Registration Examination.

READ—

Government Order No. R. 7304-52—L. R. 345-17-1, dated the 21st January 1918, directing among other matters that the officers who are to be appointed as Amildars and Deputy Amildars should pass the Revenue Higher, Criminal Higher and Accounts Higher or Lower Examinations.

2. Letter No. C. R. 448—28-29, dated the 23rd May 1929, from the Inspector-General of Registration, proposing that only officers who have passed the Registration Examination may be posted to places where they have to do registration work also.

ORDER NO. R. 699-758—L. R. 715-28-3, DATED 30TH JULY 1929.

The Inspector-General of Registration brings to notice that in certain places both the *Ex-officio* Sub-Registrars and the clerks happen to be those who have not passed the Registration Examination, as the clerks on a pay of Rs. 20—1—25 are not expected to be so qualified. In such cases the work is not likely to be done efficiently or satisfactorily. Government therefore direct that Deputy Amildars should also qualify themselves by passing the Registration Examination.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

FINANCIAL SECRETARIAT.

Tables of Premia.

READ—

Government Order No. Fl. 41-91—G. F. 78-28-4, dated 4th July 1929, sanctioning the amendments consequent on the introduction of Whole Life Policies in the Official Branch of Mysore State Life Insurance.

2. Letter No. 28683, dated 4th June 1929, from the Secretary, Insurance Committee, forwarding for sanction the detailed Tables of Premia for the Whole Life Assurance, etc., based on the rates recommended by the Actuary.

ORDER NO. Fl. 506-7—G. F. 78-28, DATED 19TH—20TH JULY 1929.

Sanctioned.

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

Grant of Leave to an Officer after his 55th year.

ORDER No. Fl. 614-64—S. & A. 38-29-1, DATED 24TH—25TH JULY 1929.

In modification of Order No. Fl. 1-60—S. & A. 11-26, dated Camp, Mysore, 11th October 1926, Government are pleased to direct that Article 150A, Mysore Service Regulations, in regard to the grant of leave to an officer after his 55th Birthday be amended as follows:—

(*a*) All leave at the credit of a Government servant shall lapse on the date on which he attains his 55th Birthday provided that if in sufficient time before that date he has

(1) formally applied for leave and been refused it, or

(2) ascertained in writing from the sanctioning authority that leave, if applied for, would not be granted—

in either case the ground of refusal being the requirements of the public service, then the Government servant may be granted, after the date of retirement, the amount of leave so refused subject to a maximum of six months.

(*b*) A Government servant retained in service after the age of superannuation shall earn leave on full average salary at the rate of one-eleventh of duty, after that date and shall be allowed to add thereto any amount of leave which could have been granted to him under clause (*a*) had he retired on that date. The total period which he may take on each occasion shall not exceed six months.

If the Government servant has during the period of extension formally applied for leave due and been refused it or ascertained in writing from the sanctioning authority that leave, if applied for, would not be granted, in either case, the ground for refusal being the requirements of the public service, then the said Government servant may be granted, when his duties finally cease, and preparatory to retirement, the amount of leave so refused up to a maximum of six months.

Note.—Leave up to two months in the aggregate during an extension of service may be sanctioned by the Heads of Departments specified in Appendix R and Deputy Commissioners, to Non-Gazetted Officers without reference to Government. In all other cases, previous sanction of Government is necessary for the grant of leave to an officer after attaining the age of superannuation.

2. The revised rules will come into effect from 1st October 1929.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

PART I.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Establishment of a Kar Ragi Breeding Station at Hunsur.

READ—

Government Order No. D. 106972-83—A. & E. 242-28-6, dated 19th April 1929, sanctioning certain items of expenditure amounting to Rs. 2,000 in connection with the establishment of a "Kar" Ragi Breeding Station at Hunsur.

2. *Letter No. Roc. 178-Sc. 48—28-29, dated 3rd July 1929, from the Director of Agriculture, requesting sanction for the utilisation of the sum of Rs. 20,000 provided in the budget for 1929-30 for the Kar Ragi Breeding Station.

*(Printed as annexure.)

ORDER No. D. 1028-39—A. & E. 242-28-10, DATED 30TH JULY 1929.

In continuation of the Government Order read above, Government are pleased to sanction the proposals of the Director of Agriculture for the establishment of a Kar Ragi Breeding Station on the Thippe Kaval in the vicinity of Hunsur in the Mysore District. This new experimental station will be chiefly utilised for the improvement of Kar Ragi a crop largely grown in several parts of the State.

The Director's proposal regarding the recurring and non-recurring expenditure during 1929-30 are approved, the cost being debited to the provision made for the purpose in the current year's Budget of the Agricultural Department. The details of expenditure are given below:—

	Average annual cost. Rs.
1. *Establishment.*—	
One Junior Assistant Botanist on Rs. 70—10—150 ..	1,448
One Agricultural Inspector on Rs. 50—4—70	760
One Clerk on Rs. 30—5/2—50	524
Two Junior Fieldmen on Rs. 20—2—30	640
Total ..	3,372
2. *Cattle, Carts and Implements.*—	
Five pairs of cattle at Rs. 250 per pair	1,250
Two Carts	300
Implements and Tools	350
Total ..	1,900
3. Cooly Labour	3,000
4. Seeds and Manures	1,800
5. Cattle Feed	1,500
6. Contingencies	500
7. *Buildings.*—	
Office and Laboratory	3,000
Agricultural Inspector's Quarters	2,000
Fencing	2,000
Cooly Lines	928
Grand Total ..	20,000

Government believe that the actual expenditure on establishment will be appreciably less than the average figures given by the Director because presumably the men will be entertained only after a part of the year has already elapsed and started at the minimum pay of their respective grades.

The Director has been separately authorised to advertise the posts sanctioned for this Farm in order to obviate delay in starting work.

As it will not be possible this year to provide quarters on the Farm for the Junior Assistant Botanist, the Clerk and two Fieldmen, the Director recommends the grant of house rent allowance to them for the present. Government are pleased to sanction the grant to them of actual house rent subject to the following maxima:—

Junior Assistant Botanist	Rs. 15 per mensem
Clerk	Rs. 7—8—0 per mensem
Two Fieldmen each Rs. 5	Rs. 10 per mensem

The expenditure on this account will be met, as suggested by the Director, out of the savings in the provision for the establishment.

The Director is requested to submit plans and estimates for the buildings sanctioned in this order.

N. RAMA RAO,
Secretary to Government,
Development Departments.

ANNEXURE.

No: Roc. 178—Sc. 48—28-29, dated 3rd July 1929, from Leslie C. Coleman, Esq., M.A., Ph.D., Director of Agriculture in Mysore, Bangalore, to N. Rama Rao, Esq., B.A., B.L., Secretary to the Government of Mysore, Development Departments, Bangalore.

In inviting your kind reference to Government Order No. D. 10672-83—A. & E. 242-28-6, dated 19th April 1929, sanctioning the expenditure of a sum of Rs. 2,000 for preliminary work in connection with the Kar Ragi Breeding Station at Hunsur, I have the honour to request you to kindly communicate early sanction of Government for the utilisation of the sum of Rs. 20,000 provided in the Budget for 1929-30, in accordance with the details furnished below:—

1. *Establishment.*—The establishment required will be the same as has already been proposed in this office letter No. Roc. 178—Sc. 48—28-29, dated 15th March 1929, *i.e.*—

	Average annual cost, Rs.
One Junior Assistant Botanist in charge on Rs. 70—10—150	.. 1,448
One Agricultural Inspector on Rs. 50—4—70	.. 760
One Clerk on Rs. 30—5/2—50	.. 524
Two Junior Fieldmen on Rs. 20—2—30 ..	... 640
Total	.. 3,372

2. *Cattle, Carts and Implements.*—A sum of Rs. 1,900 will be required for these as per details below:—

	Rs.
5 pairs of cattle at Rs. 250 per pair	.. 1,250
Two carts	.. 300
Implements and tools	.. 350
Total	.. 1,900

3. *Cooly Labour.*—A sum of Rs. 3,000 will be required under the head as already proposed.

4. *Seeds and Manure.*—A sum of Rs. 1,800 will be required under this head.

5. *Cattle Feed.*—A sum of Rs. 1,500 will be required for this purpose.

6. *Contingencies.*—A sum of Rs. 500 will be required under this head. About Rs. 200 out of this will be required to pay the bills in connection with certain minor alterations in existing structures already carried out by the Agricultural Engineer and which could not be paid for before the end of June 1929.

7. *Buildings.*—After setting apart the amounts noted above, there remains only a sum of Rs. 7,928 to be utilised on buildings during the year 1929-30. As the original proposals regarding buildings were made on the expectation of a grant of Rs. 28,500 during 1929-30, modified proposals as given below are now submitted for the utilisation of the sum of Rs. 7,928:—

	Rs.
Office and Laboratory	.. 3,000
Agricultural Inspector's quarters	.. 2,000
Fencing	.. 2,000
Cooly lines	.. 928
Total	7,928

I request that sanction of Government may be accorded to the office building being constructed under the supervision of the Agricultural Engineer. Plans and estimates will be submitted in due course to Government for sanction.

8. *House Rent Allowances.*—As the Junior Assistant Botanist in charge of the Station, the Clerk and the two Fieldmen are likely to be provided with quarters only in the year 1930-31, I would strongly recommend the grant of house rent allowances to

them at the following rates until such time as they are provided with quarters on the Station:—

		Rs.			
Junior Assistant Botanist	..	... 25	0	0	per month.
Clerk ..	...	.. 7	8	0	do
Two Fieldmen ..	..	.. 5	0	0	each per month.

The amount that will be required for 12 months for granting the above allowances will be Rs. 510. I expect that the actual expenditure on this account during 1929-30 can be easily met from the savings out of the sum of Rs. 3,372 provided under Establishment, as provision has been made for a whole year and the staff will be entertained for work only after receipt of orders of Government on these proposals.

9. In conclusion, I wish to state that although a sum of Rs. 2,000 was sanctioned for emergent expenditure in 1928-29, it was not possible to spend more than about Rs. 500 owing to the difficulty experienced in finding the balance of Rs. 1,500 by reappropriation.

GENERAL SECRETARIAT.

Exempting officers and subordinates of the Public Works Department from payment of Tolls.

READ—

Government Order No. R. 862-72—R. M. 17-28-3, dated 27th July 1928, directing that clause (g) of the rules relating to exemptions from payment of tolls at the toll-gates on State Fund Roads be modified as indicated therein.

2. Correspondence ending with letter No. 9638, dated 3rd May 1929, from the Chief Engineer of Mysore, requesting the sanction of Government to exempt all the officers and subordinates of the Public Works Department who travel on duty, from payment of tolls at the toll-gates on State Fund Roads.

ORDER No. R. 791-801—R. M. 29-28-11, DATED 31ST JULY 1929.

Government are pleased to accord sanction to the proposal of the Chief Engineer and to direct that the following clause be added to the list of exemptions enumerated in the Government Order of the 27th July 1928 read in the preamble to this order:—

(8) they belong to officers and subordinates of the Public Works Department who travel on duty within their jurisdiction.

Clause (*g*) of the rules will therefore read as follows:—

"(*g*) No toll shall be levied for the passage or carriages or carts, etc., if—

(1) they belong to His Highness the Maharaja or His Highness the Yuvaraja ;
(2) they belong to the Hon'ble the British Resident in Mysore and his staff, namely, the Secretary to the Resident, the Residency Surgeon and the Personal Assistant to the Resident;
(3) they belong to the Dewan of Mysore ;
(4) they are engaged by the Postal Department exclusively to carry mails;
(5) they belong to a person who has compounded with the proper authorities in accordance with the rules framed by Government ;
(6) they convey British Military Officers on duty ; and

Note.—(*a*) To entitle an officer to pass a toll-gate without payment as being "on duty" he must fulfil one of the following conditions:—

(i) be travelling in a staff car;
(ii) wear uniform;

(*b*) Officers passing toll-gates on duty otherwise than in uniform will enter in a book kept by the toll-gate keeper for that purpose their rank, name and the nature of duty on which they are travelling;

(7) they belong to the Heads of Matts who hold a Rahadari issued by a competent authority;
(8) they belong to officers and subordinates of the Public Works Department who travel on duty within their jurisdiction."

Exemption of the Students of the Depressed Classes from the payment of Examination fees.

READ—

Government Order No. E. 3387-9—Edn. 52-26-5, dated 22nd December 1926, sanctioning the continuance of the exemption of the pupils belonging to the Depressed Classes from the payment of fees for appearing for the several Local Examinations up to and inclusive of the Examinations of 1929.

2. Letter No. E2-6281-153 of 28-29, dated 5th June 1929, from the Director of Public Instruction, stating that the concession sanctioned in the Government Order read above which has since expired, has been a source of considerable encouragement to the Depressed Class students, that the number of pupils belonging to these classes taking Public Examinations is increasing year by year but that there has not been any appreciable improvement in their social and economic condition and requesting therefore that the concession may be extended for a further period of three years up to and inclusive of the Examinations of 1932.

ORDER NO. D. 1139-40—EDN. 1181-28-2, DATED 1ST AUGUST 1929.

GENERAL SECRETARIAT.

Reduction of 15 Hoblies in the State.

READ—

Government Order No. R. 5457-517—L. R. 291-22-26, dated 21st—26th January 1928, directing *inter alia* the reduction of Hoblies by 25.

2. Correspondence ending with letter No. C. 22—22-23, dated 4—5th June 1929, from the Revenue Commissioner in Mysore, proposing, for reasons given, that the number of Hoblies may be reduced by 15 instead of 25 as directed in Government Order of 21st—26th January 1928 read above.

ORDER NO. R. 1060-119—L. R. 577-28-4, DATED 6TH AUGUST 1929.

In their order of 21st—26th January 1928, Government accepted the Revenue Commissioner's recommendation regarding the abolition of 25 Hoblies. He was however requested to examine the possibility of further reducing the number of Hoblies in view of phoding work in the Districts generally having been given over to the Officers of the Survey Department.

2. In view of the proposal to abolish the posts of the Village Panchayet Inspectors and entrusting that work to the Revenue Inspectors, the Revenue Commissioner reports that the Deputy Commissioners of Districts are of opinion that the Panchayet work will add considerably to the work of the Revenue Inspectors and that it will not be possible to reduce the number of Hoblies by 25 as originally contemplated. The Deputy Commissioners have therefore proposed the reduction of Hoblies by seven only. The Revenue Commissioner is however of the opinion that the recommendations made by the Deputy Commissioners are far too cautious and proposes the reduction of 15 Hoblies noted in the margin. Government consider that the Revenue Commissioner's proposal is suitable and are pleased to approve of the same. The abolition of these Hoblies will have effect from 1st October 1929. A Notification showing the redistribution of the villages comprised in these Hoblies among other Hoblies of the Taluks concerned will be published in the Gazette.

Name of Hobli		*Taluk.*
1. Attibele	..	Anekal.
2. Mugdalbetta	..	Pavagada.
3. Addagal	..	Srinivaspur.
4. Purnasagara	..	Chikballapur.
5. Lakshmipura	..	Nagar.
6. Anati	..	Channarayapatna.
7. Marnahalli	..	Manjarabad.
8. Kadakola	..	Mysore.
9. Ummathur	..	Chamrajnagar.

13. Danivasa	..	Narasimharajpur Sub-Taluk.
14. Hadadi	..	Davangere.
15. Channel Hobli	..	Hiriyur.

3. The Revenue Commissioner is requested to take necessary action to absorb the persons suitably who will be thrown out of employment in giving effect to this order.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Appointment of Revenue Inspectors as *ex-officio* Village Panchayet Inspectors.

READ—

Government Order No. L. 711-29—V. P. 45-28-5, dated the 21st—24th July 1928, directing the continuance of the appointment of Village Panchayet Inspectors for one year up to the end of 1928-29, their work being undertaken by the Revenue Inspectors.

2. Government Order No. L. 6774-92—V. P. 45-28-5, dated the 12th April 1929, directing the continuance of the appointment of Village Panchayet Inspectors for one year up to the end of 1929-30.

ORDER NO. L. 1041-50—V. P. 45-28-6, DATED 6TH AUGUST 1929.

The question of abolishing the posts of Village Panchayet Inspectors was discussed at the Officers' Meeting held at Mysore in June 1929. The Deputy Commissioner, Chitaldrug, was willing to work the Panchayets without the aid of Panchayet Inspectors as also the Deputy Commissioner of Kolar though the latter was doubtful as to the result. Government have considered the matter and are pleased to direct that the system of supervising the Village Panchayets with the aid of Revenue Inspectors as *ex-officio* Panchayet Inspectors may be tried in the two Districts of Kolar and Chitaldrug for a period of one year and the result watched before the appointment of separate Panchayet Inspectors is abolished in the other Districts.

2. They are accordingly pleased to direct in modification of the Government Order of 12th April 1929, that the posts of Village Panchayet Inspectors in the two Districts of Kolar and Chitaldrug be abolished as early as practicable and that the Revenue Inspectors in these Districts be appointed *ex-officio* Village Inspectors of Village Panchayets in their jurisdiction.

3. The Deputy Commissioners of the Kolar and Chitaldrug Districts are requested to require the Village Panchayets in their Districts to employ the patels and shanbhogs of villages for collection work and the work of maintaining khate and khirdi respectively.

4. The above arrangements will be in force for a period of one year in the first instance.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Appointment of Health Probationers.

READ—

Letter No. C. 1156, dated 4th May 1929, from the Sanitary Commissioner in Mysore, forwarding in original, letter No. 265 of the same date from Dr. Sweet, suggesting that pending the formation of Taluk Health Units, three Inspecting Health Officers may be appointed for improving the Sanitary work in the rural parts of the Districts except Mysore and Shimoga.

ORDER NO. G. 2060-80—San. 89-28-2, DATED 10TH AUGUST 1929.

Hassan and Kadur with Headquarter at Hassan.
Tumkur and Chitaldrug with Headquarter at Tumkur.
Bangalore and Kolar with Headquarter at Kolar.

Both the Sanitary Commissioner and Dr. Sweet consider that under the present system of having District Medical Officers as *Ex-officio* Sanitary Officers, many routine and general health problems such as supervision of vaccination, control of epidemics, improvements in the registration of vital statistics, health education, town and village improvements, do not receive adequate attention. They propose that pending the appointment of full time Taluk and District Health Officers, it is necessary to appoint Inspecting Health Officers in order that Health work in the Districts may receive some attention. They recommend the appointment of three Inspecting Health Officers to be placed in charge of six Districts as noted in the margin, leaving the District Health Officer, Shimoga, in his present position and placing the Mysore District under the direct control of the Sanitary Commissioner and the Officer-in-charge of Health Units being asked to undertake additional periodical inspections. It is stated that the new appointments will serve as 'try-outs' for fellowships or for permanent appointments in the Department of Health.

2. The Inspecting Health Officers are proposed to be placed directly under the Sanitary Commissioner, submitting all their programmes and reports to him. They would be required to inspect the work of the Vaccinators and Sanitary Inspectors, report on the adequacy or otherwise of sanitary measures now obtaining and propose new ones and generally act as Assistants to the Sanitary Commissioner in district work. The object is to enable the Sanitary Commissioner to maintain a more intimate touch with local conditions than it would be possible for him trying to tour and inspect the whole State.

3. Government are in general agreement with the scheme outlined above. But they consider it desirable that the arrangement should be tried tentatively, *without disturbing the existing arrangements*. They are accordingly pleased to direct that three Medical Graduates who are likely to take up health work permanently, may be appointed as Health Probationers on Rs. 100 per mensem rising after one year of approved service to Rs. 150. The may each be allowed the services of one clerk on Rs. 30—1—35 and a peon on Rs. 10 per mensem.

4. The entire cost on account of the Health Probationers and their staff will be met from the lump sum provision of Rs. 33,900 made in the current year's budget for the reorganisation of the Public Health Department.

5. The Sanitary Commissioner is requested to report, in consultation with Dr. Sweet, the names of Medical Graduates who may be appointed to the posts and the districts to which they may be posted.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Amendment to Rule III (iv) of the Grant-in-aid Code.

READ—

Letter No. D_1.-5240-392 of 28-29, dated 10th May 1929, from the Director of Public Instruction, in the matter of modifying Rule III (iv) of the Grant-in-aid Code regarding the disbursement of building grants.

ORDER NO. D. 1177-79—EDN. 1065-28-2, DATED 1ST AUGUST 1929.

Under the Rules of the Grant-in-aid Code (as approved in Government Order No. 4557-8—Edn. 188-19-19, dated 29th May 1922), building grants, *i.e.*, grants for the erection extension or repairs of Educational buildings and hostels should be disbursed only on receipt of a certificate from the Public Works Department stating that the work has been completed in accordance with plans and estimates originally approved, etc. It is reported that in cases where the Government grant is spread over two or more years, under specific orders, the audit and payment of bills does not involve much difficulty, but in cases where the grant is not so distributed it is payable in a single instalment, only after the completion of the work. Instances are reported to have come to the notice of the Education Department where the payment of the grant in a single instalment only after the completion of the work has caused considerable hardship to the managements of aided institutions, as in most cases they do not command the financial facilities for completing the work before drawing the Government grant. With a view to remove this hardship and at the same time to ensure the completion of the works the Director suggests the modification of the existing rules so as to allow disbursements of the grants in instalments as work progresses.

Government agree with the suggestion of the Director and are pleased to direct that the following proviso be added to the existing Rule:—

"When it is necessary for the convenience of the aided agencies and for the early completion of the buildings that disbursements should be made in instalments as the work progresses, the Director of Public Instruction may in his discretion make such disbursements on bills supported by certificates of the Public Works Department and vouchers, provided that no bills be accepted for any amount less than one-third of the total cost in respect of buildings costing up to Rs. 5,000, one-fourth in the case of buildings costing between Rs. 5,000 and Rs. 10,000 and one-fifth in the case of buildings costing more than Rs. 10,000.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Administration of the Scholarships for Backward Class Pupils for the year 1928-29.

READ—

Letter No. D3. 4667-273* of 28-29, dated 8th June 1929, from the Director of Public Instruction, submitting a report on the administration of the allotment sanctioned for scholarships for pupils of the Backward Classes for the year 1928-29.

*(Printed as annexure.)

ORDER NO. D. 1185-86—EDN. 1168-28-2, DATED 2ND AUGUST 1929.

Recorded.

Government wish to express their thanks to the several Ad.Hoc Committees for the honorary services rendered by them.

N. RAMA RAO,
Secretary to Government,
Development Departments.

ANNEXURE.

Letter No. D3. 4667-273 of 28-29, dated 8th June 1929, from N. S. Subba Rao, Esq., M.A., Bar-at-Law, Director of Public Instruction in Mysore, Bangalore, to N. Rama Rao, Esq., B.A., B.L., Secretary to Government of Mysore, Development Departments, Bangalore.

Adverting to para A. III. 2 (F) of Government Order No. E. 5030-3—Edn. 142-21-41, dated 17th February 1923, requiring the submission of a report on the administration of Backward Class Scholarships of the several grades in the State, I have the honor to submit herewith a detailed statement showing the number of applications received by the several Ad.Hoc Committees, awards made and application rejected, etc., and the number of applications that could not be considered favourably for want of provision.

2. From a perusal of the Statement (A), it will be seen that, out of the total provision of Rs. 52,090 per annum (exclusive of the sum of Rs. 9,700 per annum intended for Backward Class Scholarships in the Junior Intermediate Class, since transferred to the Mysore University) a sum of Rs. 51,960 per annum has been awarded leaving a small balance of Rs. 130 for the whole year, as against Rs. 10 in the previous year.

3. During the current year, in their Order No. D. 4934-36—Edn. 247-28-6, dated 10th November 1928, Government sanctioned for a period of three years from 1928-29, an additional grant of Rs. 25,000 per annum for scholarships to Backward Class pupils (including Mahomedan and Depressed Classes) reading in the High School classes. This sum has been almost fully utilised leaving a balance of only Rs. 860 as detailed in Statement B. As the Government Order was received somewhat late in the year, after the usual awards had been made by the Ad.Hoc Committees, and recommendations with applications for lapsed scholarships had been made by them to the Director of Public Instruction, the scholarships out of the additional grant were awarded by this office for the current year, on the recommendations of the several Committees, with a view to avoid delay. These scholarships were distributed among the several communities or groups of communities coming under the category of Backward Classes in proportion to the respective allotments they get at present in respect of the usual allotment for Backward Class Scholarships (including Mahomedan and Depressed Class scholarships). The scholarships out of the additional grant will, if approved by Government be granted for 1929-30 and 1930-31 on the same lines as scholarships out of the usual allotment.

4. Government have also, in their Order No. D. 12360-1—Edn. 126-27-6, dated 16th May 1928, been pleased to sanction a sum of Rs. 2,000 per annum with effect from 1928-29 for awarding scholarships to Minor Backward Class pupils who are not benefited by the scheme of Backward Scholarships owing to the low percentage of their population. Out of this, a sum of Rs. 1,800 per annum has been awarded this year as detailed in Statement C.

It will be seen from the above statements, that it has been possible with the additional grants, to give scholarships to 291 more candidates this year than in the previous year, and that the demand for more scholarships has been met to a considerable extent.

From the experience so far gained, the scheme has been working satisfactorily with the co-operation of the several Ad.Hoc Committees to whom the thanks of the Department are due for the willing and honorary services rendered by them.

Statement of Cattle Mortality.

READ—

Letter No. Per. 39—28-29, dated the 3rd June 1929, from the Director of Agriculture in Mysore, forwarding the statement of Cattle Mortality in the State for the half-year ending the 31st December 1928, together with his review thereon (Director's Review and Statement printed as annexure).

ORDER NO. D. 1591-600—Stcs. 27-28-4, DATED 10TH AUGUST 1929.

Recorded with the observation that there has again been a delay of more than two months in the submission of the Report in spite of the remarks made in the last Review. It is hoped that the Director will see that the report is submitted promptly in future.

Government view with concern the fact that there has been a marked increase in deaths from Rinderpest in spite of strenuous efforts on the part of the Civil Veterinary Department to combat the disease. The Director is of opinion that unless the movement of cattle from infected areas is controlled and the staff of Veterinary Inspectors increased, effective check on the spread of infection will not be possible. It is the policy of Government to open a Veterinary Dispensary in every Taluk Headquarters according to a definite programme, so that the staff will in course of time be automatically increased. The control of the movement of cattle is also receiving serious consideration and Government have recently appointed a committee to go into the matter and submit their proposals.

Government observe that though there is some improvement in the submission of cattle mortality returns, the importance of this duty does not seem to be adequately realised. The attention of the Revenue Commissioner and Deputy Commissioners of Districts is once again drawn to this subject and they are requested to take severe notice of the failure of duty in this respect on the part of their subordinate officials. The Amildars of the Taluks specifically referred to by the Director, especially those of Bangalore and Sagar, should be warned to show better progress in future. The explanations of all these Amildars for the poor progress shown should be obtained and scrutinised by the Revenue Commissioner.

N. RAMA RAO,
Secretary to Government,
Development Departments.

ANNEXURE.

REVIEW ON THE CATTLE MORTALITY IN THE STATE FOR THE HALF-YEAR ENDING 31ST DECEMBER 1928.

The Live Stock Mortality for the half-year ending with the 31st December 1928, shows total deaths from all causes amounting to 43,914 as against 40,709 for the same period of the previous year. This is an increase of 3,205 or approximately 8 per cent.

If we turn to the figures for contagious diseases we find that the reported deaths from these causes amounted to 19,108 as compared with 10,543 for the same period of the previous year an increase of 8,565 or nearly 85 per cent. This is accounted for almost entirely by a very marked increase in deaths from Rinderpest there having been 11,531 deaths reported from this disease as compared with 3,354 in the same period of 1927—an increase of over 300 per cent. This increase has occurred notwithstanding most strenuous efforts on the part of the Civil Veterinary Department to protect animals by inoculation and of the Serum Institute to provide serum for the purpose. It emphasises the importance of the contention which I have time and again advanced that unless and until we can get some means of effectively controlling the movement of cattle from infected areas it will be extremely difficult to bring this disease under control.

Rinderpest like a number of our wide spread contagious human diseases such as plague and influenza appears to have waves of severe infection and spread followed by [illegible] of comparative mildness. We are at present in the midst of a very severe wave and

must I fear expect heavy losses notwithstanding the most vigorous action that may be taken with the existing staff and materials. That the inadequate supply of Veterinary Inspectors has a good deal to do with the difficulty of bringing this disease under control is, of course, undoubted.

It is gratifying to note that the percentage of cattle mortality returns received in the Taluk Offices from Patels, has improved but it still remains unsatisfactory. In spite of the Revenue Commissioner's circulars and Government reviews year after year, and repeated reminders to Amildars and Deputy Commissioners, due attention has not been paid to this important source of information of the incidence of contagious diseases in the State, which enables and Veterinary Inspectors to ascertain the presence of disease in their areas and to take early preventive measures.

The number of cattle mortality returns received from the Patels in the Bangalore, Devanhalli, Bowringpet, T.-Narsipur, Nanjangud, Arkalgud, Belur, Tumkur, Hosdurga and Sagar Taluks, still remain far below the average, in other Taluks there has been a slight improvement, while in Bangalore and Sagar Taluks no effective endeavours seem to have been made to get the Patels to submit returns promptly, notwithstanding frequent reminders to the Amildars and Deputy Commissioners.

Return of Cattle Mortality in the Mysore State for the half-year ending 31st December 1928.

LAW SECRETARIAT

Standing Committees of the Representative Assembly and the Legislative Council.

READ—

Government Order No. Rel. 19-28—R. A. 43-27-1, dated 18th July 1928, notifying the names of the following gentlemen as members of the Standing Committees of the Representative Assembly and the Legislative Council for the year 1928-29:—

I. *Standing Committee for Finance and Taxation.*—

1. Mr. D. H. Chandrasekharaiya, B.A., LL.B., Member, Legislative Council, Davangere.
2. Mr. Sylvester Pais, B.A., Member, Legislative Council, Kudregundi Estate, Mudgere.
3. Mr. S. C. Mallaiya, Member, Representative Assembly, Maddur.
4. Mr. K. V. Veeranna, Member, Representative Assembly, Chamrajnagar Taluk.
5. Mr. H. B. Gundappa *alias* Gundappa Gowda, B.A., B.L., Member, Representative Assembly, Hassan.
6. Mr. B. P. Basappa Chetty, Member, Representative Assembly, Aldoor, Chikmagalur Taluk.

II. *Standing Committee for Local Self-Government and the Departments of Medicine, Sanitation and Public Health.*—

1. Khan Bahadur Mahomed Abbas Khan, Member, Legislative Council, Bangalore.
2. Mr. H. C. Dasappa, B.A., LL.B., Member, Legislative Council, Mysore.
3. Mr. Siddalinga Devaru, Member, Representative Assembly, Seringapatam.
4. Mr. Channabasappa, Member, Representative Assembly, Davangere Taluk.
5. Mr. S. Surappa, Member, Representative Assembly, Sira.
6. Mr. M. Devappa Gowda, Member, Representative Assembly, Mudigere Taluk.

III. *Standing Committee for Railways, Public Works and Electrical Departments.*—

1. Mr. M. C. Linge Gowda, Member, Legislative Council, Chunchungiri, Nagamangala Taluk.
2. Mr. N. G. Sanjeeviah, Member, Legislative Council, Bangalore.
3. Mr. J. Sivarudrappa, Member, Representative Assembly, Nyamthi.
4. Mr. V. Venkataswami Chetty, Member, Representative Assembly, Chikballapur.
5. Mr. L. Vema Reddy, Member, Representative Assembly, Malur.
6. Mr. T. S. Ali Kan, Member, Representative Assembly, Mysore.

ORDER NO. REL. 33-42—R. A. 40-28-1, DATED 17TH AUGUST 1929.

Government are pleased to extend the term of office of the members of the Standing Committees referred to above till 13th June 1930.

The First Member of Council will be the Chairman of the Standing Committee for Finance and Taxation and the Financial Secretary to Government is appointed Secretary to the Committee.

The Second Member of Council will be the Chairman of the Standing Committee for Local Self-Government and the Departments of Medical, Sanitation and Public Health and the General Secretary to Government is appointed Secretary to the Committee.

The Third Member of Council will be the Chairman of the Standing Committee for Railways, Public Works and Electrical Departments and the Secretary to Government, Public Works Department is appointed Secretary to the Committee.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

Revision of the scale of pay of the Establishment of the Revenue Department.

READ—

Government Order No. R. 4933-43—L. R. 105-28-38, dated 14th December 1928, appointing a Committee to go into the question of the revision of the pay of the establishment of the Revenue Department.

2. Correspondence ending with letter No. C. 2501—28-29, dated 20th—25th February 1929, from the Revenue Commissioner in Mysore, submitting the proposals of the Committee.

ORDER NO. R. 1305-14—L. R. 105-28-104, DATED 10TH—13TH AUGUST 1929.

The question of revising suitably to altered conditions the different scales of pay of the establishment of the Revenue Department has been under the consideration of Government for some time past. A Committee consisting of the Revenue Commissioner as Chairman, the Inspector of Office Systems and the Deputy Commissioner, Bangalore, as members with one of the Office Assistants to the Revenue Commissioner as Secretary, was appointed to go into the question and submit proposals.

2. The following were the terms of reference to the Committee:—

(1) The revision of the scales of pay of the establishment in Revenue Offices and the provision of a time scale.
(2) The possibility of a reduction of staff.
(3) The improvement of the method of recruitment including the provision for the appointment of probationers in Taluk Offices particularly; and
(4) The employment of a reserve staff of officials in Public Offices.

3. On previous occasions revisions had been made only in respect of particular branches of Revenue Offices. The revision in 1907 affected Sub-Division Offices only, that in 1913 District Offices alone, that in 1918 Taluk Offices in particular, and that in 1922 District Treasuries solely. The existing scales of pay which were sanctioned several years ago have become inadequate. With a view to improve the efficiency of work in the Revenue Offices, and also to attract a better class of recruits with higher qualifications, it has been found necessary to grant a suitable enhancement of pay to the officials and also to provide a time scale to ensure an even flow of promotion thus preventing stagnation. Under the above conditions a reduction in the strength of offices will be possible.

4. The proposals of the Committee are briefly summarised below:—

(1) The minimum pay of an official in Revenue Offices should be Rs. 25.
(2) The grades of officials in the several offices should be uniform so that there may be an interchange of officials from one office to another when necessary.
(3) A reduction of hands in District Offices by 15 and by 85 in Taluk Offices inclusive of the abolition of the post of Head Munshis in Taluk Offices.
(4) The minimum qualification for the lowest grade appointment should be a pass in the S. S. L. C. Examination.
(5) Direct recruitment should be confined to the last two grades excepting the posts of Head Clerks of Sub-Division Offices and Taluk Offices.
(6) The horse allowance of the Revenue Inspectors should be increased from Rs. 10 to Rs. 15.
(7) The minimum pay of menials in all Revenue Offices may be fixed at Rs. 11 and of Duffedars in Taluk Offices at Rs. 13 and in Sub-Division Offices at Rs. 14.
(8) The number of menials may be reduced by 100, 30 by the abolition of 15 Hoblies and 70 more at the rate of one each per Taluk Office.

5. As regards the grant of an increased scale of pay the Committee's proposals are as follows :—

DISTRICT OFFICE.

			Rs.
District Sheristedars	..	..	150—25/2—200
Head Clerks	..	..	90—5—120.
Heads of Sections	..	..	60—4—80.
Clerks (i)	..	..	50—2—60.
(ii)	..	...	45—2½—50.
(iii)	..	..	25—1—30—1½—45.

DISTRICT TREASURY.

District Treasurer	..	..	80—4—100.
Senior Shroffs	...	..	30—1½—45.
Junior	..	..	25—1—35.
Head Accountants	...	..	60—4—80
Deputy Accountants :—			
Senior	..	..	50—2—60.
Junior	..	..	45—2½—50.
Assistant Accountants		..	25—1—30—1½—45.
Gollars	..	..	12—1—18.

The Mysore and Shimoga District Treasurers to be paid a duty allowance of Rs. 20 per mensem in addition.

The District Treasury Head Accountant, Mysore, to be given a duty allowance of Rs. 10 per mensem in addition.

SUB-DIVISION OFFICE.

Head Clerks	...	..	50—2—60.
Other Clerks	..	..	25—1—30—1½—45.

TALUK OFFICE.

Taluk Sheristedar	...	..	60—4—80.
Head Clerks	..	..	45—2½—50.
Clerks	..	..	25—1—30—1½—45.
Shroffs	..	..	25—1—35.
Gollars	..	..	11—½—15.

6. Having regard to the state of the finances, Government consider that the re-organisation of the Land Revenue Establishment has to be taken up in easy stages, and that for the present a graded scale of pay may be sanctioned only in respect of officials whose pay does not exceed Rs. 50, reserving to a future occasion the revision of the pay of officials on a pay exceeding Rs. 50 per mensem, and also the consideration of the questions of granting increased horse allowance to Revenue Inspectors and the entertainment of a reserve staff.

7. With a view to minimise the extra cost, Government consider that instead of a time scale of Rs. 25—1—30 (efficiency bar) 1½—45 and of 45—2½—50 as proposed by the Committee for the last two classes of clerks, slightly lower grades, *viz.*, 25—1—30 (efficiency bar) 1—40 and 40—2—50 respectively might be adopted. Government approve of the reduction of 15 hands in the District Offices, and of 85 hands in Taluk Offices as proposed by the Committee (*vide* Statement No. 1 appended to this order) and of the revised scales of pay as stated above. The Revenue Commissioner is requested to absorb suitably the persons who are thrown out of employment in giving effect to this order.

8. As regards the menial establishment the Committee have recommended a minimum pay of Rs. 11 for a peon and an incremental scale of pay of Rs. 11—½—15 to Taluk Office Gollars and 12—1—18 to District Treasury Gollars. Relief to Treasury Gollars is long overdue. Government are accordingly pleased to sanction the increased scale of pay to Gollars, and to direct that the question of increasing the pay of the other menial staff be postponed for the present.

9. The proposals sanctioned above involve an extra cost of Rs. 44,219 per annum against the Committee's estimate of Rs. 1,06,000. A statement (No. 2) showing the existing and the sanctioned scale of establishment is appended to this order. The revised scale of pay will have effect from 1st October 1929. The extra cost during the current year will be met out of the provision of Rs. 15,000 made for the purpose in the budget of the Revenue Department.

10. As regards the question of recruitment and qualifications to be prescribed, the Committee's recommendations are as follows:—

(1) There should be one unit officer for the whole District, *viz.*, the Deputy Commissioner, the appointments of the District Sheristedars and of the Head Clerks being made as at present by the Revenue Commissioner.

(2) The minimum qualification for the lowest grade appointment should be a pass in the S. S. L. C. Examination.

(3) Every new official should be on probation for one year and before confirmation he should pass the Revenue Lower and the Clerkship examination consisting of the following subjects:—

(i) Office Procedure and Practice.
(ii) Writing up of petitions or reports and dictation in Kannada.
(iii) Transcribing a Kannada manuscript.
(iv) Translation from Kannada into English and English into Kannada.

(4) There should be efficiency bar at Rs. 30.

(5) The minimum qualification for all higher grades in case of direct recruitment, should be a degree of a recognised University.

(6) In cases where graduates or persons who have passed the Intermediate Examination are entertained in the lowest grade, the Revenue Commissioner is to be authorised to start them on a suitable intermediate pay in the grade.

(7) No official should be confirmed in the several posts unless he passes the prescribed departmental examinations.

(*a*) For the District Treasury staff excluding the Shroffs, a pass in the Accounts Higher Examination should be insisted upon.
(*b*) For the Heads of sections in District Offices a pass in the Revenue or Criminal Higher and Accounts Lower should be made compulsory in addition to the other examinations prescribed in the existing rules.

(8) Direct recruitment is to be confined to the last two grades excepting the posts of Head Clerks of Sub-Division Offices and Taluk Offices. The Taluk Office Head Clerk's place is to be treated as a selection grade for promotion to clerks in the lower grade.

(9) Officials who are already in service are to be started on the substantive pay they are getting at the time. Increments are not to be given to them in the new scale until they satisfy the conditions prescribed.

(10) Officials who have put in not less than ten years' approved service or are above the age of 45 years may be given exemption in necessary cases by the appointing officers.

11. Government consider that all these proposals are suitable and are accordingly pleased to approve of the same.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

STATEMENT I.

Showing the details of clerks retrenched in the several offices.

District	Number of hands retrenched in District Office	Number of hands retrenched in Taluk Offices	Remarks

Reconstitution of Revenue Sub-Divisions in the Kolar District.

READ—

Government Order No. R. 548-608—L. R. 377-26-4, dated 19th July 1927, directing that Bowringpet and Kolar Taluks be placed under the Sub-Division Officer, Malur, and the Treasury Assistant Commissioner, Kolar, respectively.

2. Letter No. C. 5425—28-29, dated 18—26th June 1929, from the Revenue Commissioner in Mysore, proposing the transfer of the Revenue charge of the Kolar Taluk from the Treasury Assistant Commissioner to the Sub-Division Officer of Malur and of the Chintamani Taluk from the Malur Sub-Division Officer to the Chikballapur Sub-Division Officer on grounds of administrative convenience.

ORDER NO. R. 1236-95—L. R. 718-28-3, DATED 10TH AUGUST 1929.

With a view to relieve the Deputy Commissioner, Kolar District, of the routine work connected with the Bowringpet Taluk of which he was in direct revenue charge, that Taluk was added to the Malur Sub-Division and the Kolar Taluk was placed under the Treasury Assistant Commissioner in Government Order of 19th July 1927 read above. The Treasury Assistant Commissioner, who is also the Personal Assistant to the Deputy Commissioner has recently been appointed *Ex-officio* President of the Kolar Municipality. The Municipal duties require his personal attention at Headquarters. He cannot accordingly pay adequate attention to the routine work in the District Office and also to the touring and inspection work in the Kolar Taluk. The Deputy Commissioner therefore proposes—

(1) that the District Treasury Officer may be relieved of the revenue charge of the Kolar Taluk;

(2) that the Kolar Taluk may be included in the jurisdiction of Malur Sub-Division which may hereafter be called Kolar Sub-Division; and

(3) that the Chintamani Taluk may be transferred from the present Malur Sub-Division to the Chikballapur Sub-Division.

2. The Revenue Commissioner supports the Deputy Commissioner. Government are pleased to approve of these proposals and to direct that the two Sub-Divisions in the Kolar District be reconstituted as follows:—

(1) Kolar Sub-Division.—
To consist of Kolar, Bowringpet, Malur, Mulbagal and Srinivaspur Taluks.

(2) Chikballapur Sub-Division.—
To consist of Chikballapur, Sidlaghatta, Bagepalli, Goribidnur and Chintamani Taluks and Gudibanda Sub-Taluk.

3. As regards the respective establishments, Government direct that the post of the Income-tax clerk attached to the Office of the Treasury Assistant Commissioner in charge of the Kolar Taluk, be abolished and the post of a clerk on Rs. 25 sanctioned temporarily in Government Order No. R. 9875-7—L. R. 105-28-86, dated 27th May 1929, be made permanent and attached to the Kolar Sub-Division. The Revenue Commissioner is requested to point out direct to the Comptroller the source from which this additional cost required during the current year has to be met.

Rule 15 of the Public Branch Insurance Rules.

READ—

Letter No. 2834, dated 2nd August 1929, from the Secretary, Mysore State Life Insurance Committee, requesting sanction of Government to amend Rule 15 of the Public Branch Rules as proposed in the following Resolution of the Committee.

"Resolved that in the last sentence of Rule 15 the words beginning from "and" and ending with "cost" be deleted."

ORDER NO. FL. 1019-20, DATED 13TH AUGUST 1929.

Sanctioned.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Delegation of Powers to Muzrai Officers in charge of Sub-Divisions.

READ—

Correspondence ending with the Muzrai Commissioner's letter No. 1357 of 1928-29, dated 26th June 1929, recommending the proposal of the Deputy Commissioner, Kolar District, in the matter of delegation of powers to the Assistant Commissioner s in charge of Taluks, under the Mysore Religious and Charitable Institutions Regulation.

ORDER NO. 274-83—MUZ. 346-28-5, DATED 30TH JULY—12TH AUGUST 1929.

The Deputy Commissioners as Muzrai Officers of the Districts are now empowered under Rule 4, Cl. 7 of the Rules under the Mysore Religious and Charitable Institutions Regulation to appoint, suspend, dismiss, transfer and grant leave to hereditary Muzrai Servants in the case of appointments carrying a pay of not more than Rs. 25 per mensem. As a measure of decentralisation and administrative convenience, the Muzrai Commissioner now recommends that this power may be delegated to the Assistant Commissioners in charge of Taluks.

2. The recommendation of the Muzrai Commissioner is sanctioned. Separate Notification amending the Rules will issue accordingly.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Committees of Non-Official Visitors of District Headquarter Hospitals.

READ —

Government Order No. L. 1800-801—Med. 82-24-8, dated 7th September 1925, appointing Boards of Visitors to the Victoria Hospital at Bangalore and to the Krishnarajendra Hospital, Mysore.

2. Government Order No. G. 4659-70—Med. 62-27-37, dated 10th October 1928, sanctioning the appointment of Non-Official Boards of Visitors to certain dispensaries in the State as an experimental measure.

3. Correspondence ending with letter No. G. C. 446-5, dated 16th July 1929, from the Senior Surgeon, stating that Committees consisting of four members and working on the same lines as those in the Cities of Bangalore and Mysore, may, as an experimental measure, be appointed for District Headquarter Hospitals for a period of two years.

ORDER NO. G. 1343-52—MED. 84-28-39, DATED 31ST JULY 1929.

The Senior Surgeon's recommendation is approved. The duties of the Committees will be the same as those specified in the appendix to the first of the Government Orders read above.

2. The Senior Surgeon is requested to submit proposals for constituting the Committees in consultation with the Deputy Commissioners and District Medical Officers concerned.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Abolition of the Malnad Improvement Committees.

READ—

Government Order No. C. 1-50—San. 17-26-1, dated 11th October 1926, sanctioning among other matters the reconstitution of the District Malnad Improvement Committees with the Deputy Commissioners as Chairmen and certain official and non-official gentlemen as members.

2. Government Order No. G. 278-86—Sany. 31-26-34, dated 11th July 1927, fixing the term of Malnad Improvement Committees at two years.

3. Correspondence ending with the marginally noted letters from the Deputy Commissioners and Presidents of Malnad Improvement Committees of Shimoga, Hassan and Mysore Districts furnishing their opinion about the continuance or otherwise of the Malnad Improvement Committees.

Shimoga—Al. C. 1347—28-29, dated 29th April —1st May 1929.
Hassan—P. R. 328—28-29, dated 15th July 1929.
Mysore—D2. Dis. 704—L. B. 28-29, dated 5th June 1929.

ORDER NO. G. 2250-2—SANY. 65-28-6, DATED 16TH AUGUST 1929.

The Malnad Improvement Committees which had been abolished in 1921, as a measure of retrenchment were, on the recommendation of the Special Malnad Improvement Committee of 1925, revived for a period of two years.

2. The period having expired, the Deputy Commissioners of Malnad Districts were asked to furnish their opinion about the continuance or otherwise of the Committees.

3. The whole question of the Malnad Improvement Committees was also considered at the meeting of officers held at Mysore on 16th June 1929. The general trend of opinion was that as the Malnad Improvement Committees were purely advisory bodies with no responsibility for the execution of Improvement works and as the amounts allotted for such works were not so large as to necessitate the continuance of these Committees to administer them, they might be abolished, the grants being made over to the respective District Boards.

4. Government agree with this view and consider that Malnad Improvement Work can be carried on more vigorously if it is entrusted to the District Boards, who may also be able to divert a part of their own funds to supplement the grants given by Government for the purpose. They are accordingly pleased to direct that the scheme of Malnad Improvement Committees sanctioned in the first of the Government Orders read above be abolished and that the available amounts out of the grants sanctioned during the current year and those to be made in subsequent years be placed at the disposal of the respective District Boards for promoting definite schemes of malnad improvement approved by Government. Each District Board will be requested to appoint, under Section 34 of the District Board Regulation, a Malnad Improvement Committee consisting of the President of the District Board as the Chairman and four members of the District Board as members with the District Economic Superintendent as Secretary. The Committee may under section 32 (2) of the District Board Regulation co-opt any individual as a member for special purposes. This Committee will consider the needs of the malnad area in the District and send up proposals for the consideration of the District Board as a whole, who will give effect to them with such modifications as they deem fit.

5. The District Boards of Shimoga, Kadur, Hassan and Mysore are requested to take necessary action to form the Committees early and forward for the information of Government the personnel of the Committees so constituted.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Season and Crop Report.

READ—

Correspondence ending with letter No. C. Per A. 19—28-29, dated the 17th—19th July 1929, from the Revenue Commissioner in Mysore, forwarding the Season and Crop Report for the State, for the year 1927-28, with his review thereon on the several tables of the Report.

2. Letter No. ROC 2218 H. C. 863—28-29, dated the 3rd July 1929, from the Director of Agriculture in Mysore, communicating his views on the Season and Crop Report for the year 1927-28

ORDER NO. D. 1885-1944—STCS. 34-28-8, DATED 17TH AUGUST 1929.

Recorded.

Seasonal Conditions.—The average rainfall during the year under review was 37·31 inches as against 35·69 inches during the previous year, showing an increase of 1 inch and 62 cents. The Murgar rains were timely and well distributed in the Tumkur, Shimoga, Kadur and Mysore Districts but they were not so favourable in the Bangalore, Kolar, Hassan and Chitaldrug Districts.

Area of the State and its Classification.—The total area of the State by professional survey is 1,88,97,962 acres as against 1,88,97,978 acres in the previous year. Of this, 13,24,117 acres consist of alienated tracts such as Jahagirs, Jodi villages, etc. The balance, *viz.*, 17,573,845 acres, represents the net area of the State as against 17,573,852 acres during the previous year.

Out of a total extent of 17,573,845 acres, 1,930,129 acres were covered by Forests and 6,920,180 acres were not available for cultivation, being public topes, Government plantations, and lands reserved for pasture or covered by buildings, water, and roads or appropriated for purposes other than agriculture. The extent of cultivable waste was 650,041 acres. The remaining extent of 8,073,495 acres was in occupancy as against 8,025,146 acres during 1926-27. The total extent actually brought under cultivation increased from 6,464,568 acres to 6,493,446 acres during the year under review, showing an increase of 28,878 acres in the net area cropped during the year. The area under current fallows also increased from 1,560,578 acres to 1,580,049 acres.

An extent of 1,139,695 acres of land was irrigated from the several sources of irrigation, such as canals, tanks, wells, etc., as against 1,081,331 acres in the previous year and the gross area under irrigated crops rose from 1,092,662 to 1,162,144 acres.

Specification of Crops.—The total area cropped during the year under review was 6,677,031 acres as against 6,780,248 acres during the previous year. Deducting 183,585 acres, being the area cropped more than once, the remaining 6,493,446 acres represent the net area cropped during the year showing an increase of 28,878 acres over the corresponding figures for 1926-27.

It is satisfactory to note that the areas under Rice, Horsegram, Cholum and Groundnut showed an appreciable increase, especially those under the last two crops. On the other hand the area under Ragi which forms the most important and staple food grain of the State, fell from 2,304,069 acres in the previous year to 2,298,513 acres during the year under review. In the Chitaldrug District, the decrease is said to be due both to the want of rain and the substitution of the more profitable groundnut for the ragi. The rapid increase of the area under groundnuts (from 1,95,096 in the previous year to 2,54,405 in the year under review) is perhaps the most striking feature in the report; and this is a feature which Government view with satisfaction as groundnut is about the most profitable money crop in Mysore for unirrigated land.

Incidence of Land Revenue.—The incidence of Land Revenue per head of population was Rs. 2-5-3 as against Rs. 2-4-2 in the previous year.

Exports and Imports (by rail) of the Chief Agricultural Products.—During the year under review, cocoanut, paddy, ragi, groundnut, betelnuts, coriander, tobacco, sugar, jaggery and molasses were exported in greater quantities than in the previous year. Fresh fruits and vegetables, dried fruits and nuts, rice (not in husk), wheat, cotton seeds, coriander, refined sugar, were among the most important articles which were imported in larger quantities than in the previous year.

General.—Government regret to observe that though on the whole the Season and Crop Report for 1927-28, indicates rather more care in preparation than its predecessor, the figures given in it were still in many cases inaccurate and entailed some labour for rectification.

Government trust that with strict instructions from the Revenue Commissioner, future returns will show a marked and progressive improvement in this regard.

N. RAMA RAO,
Secretary to Government,
Development Departments.

FINANCIAL SECRETARIAT.

Public Accounts Committee.

READ—

Audit and Appropriation Report of the Comptroller on the accounts for the year 1927-28, received with his letter No. 1470, dated 14th February 1929.

2. Report of the Public Accounts Committee on the Audit and Appropriation Accounts for 1927-28.

ORDER NO. FL. 1078-1138—G. F. 46-29-1, DATED 12TH—14TH AUGUST 1929.

The report of the Public Accounts Committee on the Audit and Appropriation Accounts for 1927-28 was placed before the Legislative Council at the session held in June—July 1929 and was approved by that Body.

2. Government have considered the report and desire to record their appreciation of the care, industry and ability with which the Committee have conducted their scrutiny.

3. Government are pleased to pass the following orders on the more important points brought to notice as the result of the investigation by the Committee.

4. Government share the satisfaction which the Committee have expressed at the successful working of the system of providing some of the large spending Departments with internal audit organisations of their own and note the recommendation for the gradual extension of the scheme of giving Account Assistants to other Heads of Departments who have to deal with financial transactions of magnitude.

PART I.

5. *Paras 4 to 7-7A of the Report. Variations between Grant and Actuals.*—The Committee have commented on the large lapses under certain heads and on the wide divergence between estimates and actuals especially under Capital, Depreciation Funds, and Loans and Advances. While there is some improvement in this respect over the last year's results the occurrence of heavy lapses continues to be a repeating feature year after year. Supplementary grants are obtained even in cases where the actual expenditure is well within the original grants. Government agree with the Committee that insistent efforts are necessary to secure a better approximation of the programme of sanctions to actuals than at present and that possibilities of reappropriation should be fully explored by Heads of Departments before applying

for supplementary grants. Lapses in the Railway Department are reported to be mainly due to the long intervals between the placing of orders with foreign manufacturing firms and the compliance of orders by them and the Committee recommend that the Railway Department should have triennial programmes of Capital Works and that when any estimate is submitted for sanction the appropriation therefor in such programmes should be pointed out, so that timely action might be taken for making purchases and utilising the provisions therefor in the budgets of the years concerned. The Committee's suggestion is commended to the Agent and Railway Secretary and all other Heads of Departments responsible for incurring large outlay on machinery and materials to be obtained from foreign countries are also requested to take similar action.

Para 8, ibid—Excesses over grants.—An excess over grant is noticeable under 'Loans and Advances' and this was mainly due to the transfer of the excess over cost of manufacture included in the price of arrack recovered from licensees, to the Revenue Head concerned without any provision to cover the transfer. The excess over grant would not have occurred if the system of accounting contemplated in the original estimate had been followed in the accounts. Orders have since issued to the Comptroller accepting his proposal to adjust the profits to Revenue heads by reducing the credits under the advance heads. The other excesses are minor. The Committee, while recommending that the excess grants be all passed, emphasize the view held by their predecessors that Heads of Departments should forecast excesses at the earliest possible moment and come up for sanction to supplementary grants in time and that such sanctions should not be anticipated. Government fully endorse the Committee's opinion and desire that effective steps should be taken to give effect to the suggestion.

Para 9, ibid—New Service Expenditure.—The Committee refer in this paragraph to an item of capital expenditure (Preliminary investigations on the Jog Falls Scheme) not contemplated in the Budget Programme which was financed by reappropriation from savings on grants allotted to the Bhadravathi Iron Works and suggest the desirability of giving an opportunity to the Legislature to express its views in cases involving heavy capital outlay for which provision is not made in the original Budget Estimates. What constitutes a 'New Service' for which a vote of the Legislative Council is necessary is a question about which there is room for difference of opinion. The Committee have felt some difficulty in finding a clear-cut definition of the term 'New Service' and are of the opinion that till further experience is gained, it is best to deal with each case on its merits.

Government are of opinion that the best possible efforts should be made to forecast as far as possible all demands of importance and magnitude likely to arise during the year, whether under Revenue, Capital or Debt heads and to include them in the original Budget presented to the Legislature.

Para 10, ibid—Propriety of Outright Grants.—In regard to the policy of making outright grants to Local Boards and Municipalities, for Rural Reconstruction, Drinking Water Wells, etc., the Committee are agreeable to the continuance of the system of outright grants in view of the insistent demand for expenditure on these beneficent services. But they consider that it should be possible to devise methods by which necessary information could be furnished to the Audit Department to satisfy it that the funds allotted are in fact being spent for the purposes for which the grants are intended. The Comptroller is requested to consider the means of giving effect to this suggestion and submit in consultation with the Revenue Commissioner for the approval of Government a set of draft rules for the guidance of all the officers concerned.

PART II.—AUDIT REPORT.

Para 13, ibid—Reluctance of Departmental officers to furnish information to Audit.—The attention of all officers is invited to the Committee's observations contained in paras 13 and 182 of the Report. An officer of the Public Works Department is reported to have delayed the supply of information called for by Audit on the plea of his having sought the permission of his official superior. The Committee have fully gone into the case and have held that there was no need to have sought such permission. Government direct that requisitions of the Audit

Department for supply of information necessary for purposes of audit be complied with by all Departments.

Paras 14 to 17 and 19 and 22.—Losses due to inattention to rules of fraud by individuals and the responsibilities of Government officers in that connection.—The Committee observe that in many offices the certificates to be made by Drawing and Countersigning Officers in respect of contingent bills and bills for supplies are regarded as matters of pure routine and the certificates are signed by them, without adequate scrutiny and that the cash and imprest accounts do not receive the attention they deserve. Want of timely action on the part of an officer in disposing of some materials is reported to have resulted in loss to Government. An instance is also brought to notice in which the Head of a Department did not report to Government the defalcation of public funds immediately on its discovery as required by standing orders.

The Committee's investigation has shown that in a number of cases, pecuniary loss to Government has been occasioned by inattention to Account Rules, and by the neglect or disregard of standing orders in the matter of custody of cash and property, and of entering into contracts, etc. For the prevention of such cases in future and for the enforcement of personal responsibility of officers for losses caused, Government consider it necessary to lay down the following general principles:—

1. Every Government servant should realise fully and clearly that he will be held personally responsible for any loss sustained by Government through fraud or negligence on his part, and that he will also be held personally responsible for any loss arising from fraud or negligence on the part of any other Government servant to the extent to which it may be shown that he contributed to the loss by his own action or negligence. The cardinal principle governing the assessment of responsibility in such cases is that every public officer should exert the same vigilance in respect of public expenditure and public funds as a person of ordinary prudence would exercise in respect of the expenditure and the custody of his own money. An officer's honest errors of judgment involving financial loss may be deserving of condonation if he can show that he has done his best up to the limits of his ability and experience. Where however an officer is dishonest, careless or negligent in the duties entrusted to him, and causes loss to Government the case is clearly one for punishment and enforcement of personal liability.

2. It is of the greatest importance to avoid delay in the investigation of any loss due to fraud, negligence, financial irregularity, etc. If the irregularity is detected by Audit in the first instance, it will be the duty of the Audit Officer to report immediately to the Administrative authority concerned. If the irregularity is detected by the Administrative authority in the first instance, and if it is one which should be reported to the Comptroller in terms of Article 38 (*a*), Mysore Account Code, Volume I, he must make that report immediately. Every important case should be brought to the notice of superior authority as soon as possible. Should the Administrative authority require the assistance of the Audit Officer in pursuing the investigation, he may call on that officer for all vouchers and other documents that may be relevant to the investigation; and if the investigation is complex and he needs the assistance of an expert Audit Officer to unravel it, he should apply forthwith for that assistance to Government who will then issue instructions to the Audit Officer for sparing the services of an investigating staff. Thereafter the Administrative authority and the Audit authority will be personally responsible, within their respective spheres, for the expeditious conduct of the enquiry.

3. In any case in which it appears that recourse to judicial proceedings is likely to be involved, competent legal advice should be taken as soon as the possibility emerges. In the case of losses involving a reasonable suspicion of fraud or other criminal offence a prosecution should be attempted unless the legal advisers consider that the evidence available is not such as will secure a conviction. The reasons for not attempting a prosecution should be placed on record in all such cases.

4. In cases where loss is due to delinquencies of subordinate officials and where it appears that this has been facilitated by laxity of supervision on the part of a superior officer, the latter should also be called strictly to account and his personal liability in the matter carefully assessed.

5. The question of enforcing pecuniary liability should always be considered as well as the question of other forms of disciplinary action. In deciding the degree of the Officer's pecuniary liability it will be necessary to look not only to the circumstances of the case but also to the financial circumstances of the officer, since it should be recognised that the penalty should not be such as to impair the Government servant's future efficiency.

In particular, if the loss has occurred through fraud, every endeavour should be made to recover the whole amount lost from the guilty persons, and if laxity of supervision has facilitated the fraud, the supervising officer at fault may properly be penalised either directly by requiring him to make good in money a sufficient proportion of the loss, or indirectly by reduction or stoppage of his increments of pay.

It should always be considered whether the value of Government property or equipment lost, damaged, or destroyed by the carelessness of individuals entrusted with their care (*e.g.*, a policeman's rifle, a touring officer's tents, a factory motor lorry, an Engineer's instruments) should not be recovered in full up to the limit of the officer's capacity to pay.

6. Steps should be taken to ensure that an officer concerned in any loss or irregularity which is the subject of an inquiry, is not inadvertently allowed to retire on pension while the enquiry is in

progress, and accordingly, when a pensionable Government servant is concerned in any irregularity or loss, the authority investigating the case should immediately inform the Comptroller and the Head of the Department concerned, and it will rest with the latter to make a note of the information and to see that pension is not sanctioned before either a conclusion is arrived at as regards the Government servant's culpability, or it has been decided by the sanctioning authority that the result of the investigation need not be awaited.

Para 18—Stock taking.—The Committee, like their predecessors, rightly emphasize the need for taking stock regularly at least once in every year in all departments which hold stocks of large value. This work should receive the particular attention of the Heads of the Departments concerned.

Para 20—Savings Bank Accounts.—In commenting on the irregularities in Savings Bank Accounts reported by the Comptroller, the Committee suggest that each individual depositor may be furnished with a statement of his accounts at the end of each year so as to afford protection against possible frauds. The Comptroller is requested to examine the question and to submit detailed proposals for the orders of Government.

Para 21—Belated Claims.—Government accept the Committee's recommendation in regard to dealing with belated claims and direct that contingent bills not preferred for recoupment within three years, should, as a rule, not be sanctioned or permitted to be encashed.

Para 23—Delay in settling Pension Cases.—With a view to prevent delay in settling pension claims, the Committee suggest that Heads of Departments should take action some time before the retirement of each officer (say two years) to rectify the defects in his service records and to have them completed before he actually retires. This suggestion is commended to all Heads of Departments.

Para 24, ibid—Stamps.—The Committee consider that the existing procedure, for communication of the orders for supplies to the Stamp Department, for payment of supplies received, and for despatch of advice of payment to the Department is defective. The Stores Purchase Committee is requested to look into this matter with a view to improve the existing arrangement.

GENERAL.

Paras 27 and 28, ibid.—The Committee observe that the Comptroller's report on the financial transactions of the Iron Works does not furnish sufficient details of the results of audit. They also state that the report is silent as regards the work of the special Auditor under the Chief Court. The Comptroller is requested to supply these omissions in the future reports. In all departments where internal audit organisations have been sanctioned, the Comptroller is competent to obtain information about the results of audit for inclusion in the Audit and Appropriation Report. The Financial Assistants in the Electric, Education and Military Departments, as well as the Account Assistants in the Forest and Agricultural Departments, the Chief Accountant of the Mysore Iron Works and the Civil Court Auditor should submit to the Comptroller through the respective departmental Heads, reports on the lines laid down by the Comptroller.

Para 26, ibid—Non-voted Items of Expenditure.—The Comptroller's report deals with the audit and appropriation of accounts under voted as well as non-voted items. The Committee have raised the question as to whether expenditure falling under non-voted heads can be reviewed by them. This question requires examination and is reserved for separate orders.

In regard to other matters dealt with in the Committee's report or their proceedings, Government desire that the suggestions made by the Committee should receive the careful attention of Heads of Departments concerned and that they should take all necessary action to give effect to them.

Government are pleased to note the Committee's observation that the relations between the Railway Administration and its Audit Department are cordial and that adequate use is being made by the administration of the financial advice tendered by the Auditor.

S. S. L. C. Rules.

READ—

Clause VIII (1) of the Notification No. D. 1950—Edn. 55-28-2, dated 13th August 1928, issuing revised rules for the award of the S. S. L. Certificates.

2. Letter No. E1-6168—140 of 28-29, dated 8th June 1929, from the Director of Public Instruction in Mysore, stating that some of the teachers of Middle and Incomplete Middle Schools who had appeared for the Madras Matriculation Examination some years ago but did not pass it having represented that they might be given an opportunity to improve their prospects in the Department by being permitted to appear for the Mysore S. S. L. C. Examination by private study, the question was considered by the S. S. L. C. Board at their meeting held on the 15th May 1929, who passed the marginally noted resolution and requesting therefore for the modification of the Rule referred to in the Government Order read above to provide for the cases of such candidates.

"Resolved that persons who had appeared for the Madras Matriculation Examination through one of the Recognised High Schools in Mysore and who failed at that examination be permitted to appear for the Mysore S. S. L. C. Public Examination by private study".

ORDER NO. D. 1988—EDN. 55-28-4, DATED 19TH AUGUST 1929.

Government are pleased to approve the abovementioned resolution of the S. S. L. C. Board and direct that as recommended by the Director of Public Instruction, the following note be added to Rule VIII (1) of the S. S. L. C. Rules read in the preamble:—

Note.—"Candidates who had appeared for the Matriculation Examination of the Madras University *through one of the Recognised High Schools in Mysore* in previous years and who failed at that examination may be permitted to appear for the Mysore S. S. L. C. Public Examination by private study on furnishing satisfactory evidence to show that they had so appeared and failed at the Madras Matriculation Examination".

Land Mortgage Bank.

READ—

Letter No. 7606—C. S., dated the 28th—29th June 1929, from the Registrar of Co-operative Societies in Mysore, forwarding a copy of letter dated 22nd June 1929, from the Deputy Registrar of Co-operative Societies in the matter of authorising Taluk Treasuries to receive share monies on behalf of the proposed Land Mortgage Bank.

ORDER NO. G. 2580-91—L. M. 2-29-2, DATED 28TH AUGUST 1929.

The Registrar of Co-operative Societies requests that all the District and Taluk Treasuries in the State may be authorised to receive share monies on behalf of the Land Mortgage Bank and to issue Remittance Transfer Receipt at par in favour of the Bank for the amounts tendered by the share-holders, applicants for shares and borrowers.

2. As this procedure will involve heavy work on the Treasuries and the Comptroller's Office, Government are pleased to sanction the following procedure:—

All Treasuries in the State will receive subscriptions towards the share capital of the proposed Land Mortgage Bank and credit them to a definite head to be specially opened for the purpose. On getting intimation of such receipts, the Comptroller will issue a consolidated cheque to the Bank for the amounts so received twice a month.

LAW SECRETARIAT.

Abolition of the Bench Court at Kunigal.

READ—

Letter R. O. C. No. 1546, dated 14th August 1929, from the Registrar, Chief Court, recommending that the Bench Court at Kunigal may, as suggested by the District Magistrate, Tumkur, be abolished and the Second Magistrate, Tumkur, permitted to hold his Court at Kunigal for ten days in a month for the trial of the Second and Third Class cases arising in the Taluk of Kunigal.

ORDER NO. P. 1301-3—CTS. 32-29-4, DATED 26TH AUGUST 1929.

The recommendation of the Chief Court is approved.

The Bench Court at Kunigal will be abolished with effect from 1st October 1929. The District Magistrate, Tumkur, is requested to transfer to the Second Magistrate, Tumkur, the pending cases of the Bench Court on the said date and to send up to Government in time the names of the Honorary Magistrates whose powers will have to be withdrawn.

The Second Magistrate, Tumkur, is directed to hold his Court at Kunigal for not more than ten days in a month and attend to the Second and Third Class cases of the Kunigal Taluk. He is permitted to take a clerk and a peon with him whenever he proceeds to Kunigal on this duty.

The extra cost on account of travelling allowance to the Magistrate and his establishment will be met out of the provision made in the current year's budget for travelling allowance under "18 Courts of Law—4 Criminal Courts."

Secretary to Government,
Law Department.

PUBLIC WORKS SECRETARIAT.

Irrigation under the Sulekere Tank in the Channagiri Taluk.

READ —

Petition dated the 5th January 1927, addressed to the Dewan of Mysore, by the raiyats of Belalgere and other villages of Basavapatna Hobli in the Channagiri Taluk, praying for the restoration of the tank channels.

2. Letter No. A1. C. 2100—26-27, dated the 22nd July 1928, from the Deputy Commissioner, Shimoga District, on the subject.

3. Note No. D. 955, dated the 8th February 1929, by the Public Works Secretary, submitting proposals for the proper regulation of water, etc.

ORDER NO. P. W. 499-506—3087-94, DATED 30TH AUGUST 1929.

The Sulekere tank in the Channagiri Taluk has a catchment area of 365 square miles. The tank is in good condition. It has however silted up considerably, and the supply during the past few years has been scanty. Though the capacity of the tank at its weir level is 10,054 units, the average supply during the past few years has been only 2,300 units. The extent irrigated by this tank directly is 2,747 acres, and that from the channels drawn from kattes across the waste weir halla is about 1,304 acres. As the yield from the catchment has been so low as 2,300 units, there have been bitter complaints from the raiyats about the insufficiency of supply and loss of crops.

2. During the tour of the Dewan in the Shimoga District in January 1927, a large number of people owning lands under this tank represented their grievances in connection with the water-supply from the tank for wet cultivation. It was decided that the problems, noted below, connected with the tank should be solved by both the Revenue and the Public Works Departments:—

(*a*) the improvement of the voddus and channels under the tank to ensure satisfactory supply of water,

(*b*) the releasing for cultivation of a reasonable proportion of the lands now reserved as date groves,

(*c*) arrangements for bringing under irrigation only such extent of lands as can be easily irrigated in any one year with the water stored in the tank; dividing the atchkat, if necessary, into several blocks or hanthas, each block so constituted being cultivated by rotation,

(*d*) levy of assessment on the lands under the tank according to the kind of crop raised, either wet or dry, and

(*e*) throwing out such portion of the tank bed as is not likely to be submerged at any time for cultivation.

The questions referred to above are of a complicated nature, and to arrive at a satisfactory solution, the officers noted in the margin have carefully considered the local conditions, and after hearing the grievances of the raiyats in person have submitted their recommendations.

1. Deputy Commissioner, Shimoga District.
2. Superintending Engineer, Shimoga Circle.
3. Executive Engineer, Shimoga Division.
4. Survey Assistant Superintendent.

3. *Item (a) Improvement of Voddus and Channels.*—There are six channels in all, *viz.*:—

Two Channels (Siddan and Basavan Channels) drawn directly from the tank with an atchkat of 2,747 acres.

Two Channels (Tyavange and Belalgere) drawn from Kulmenahalli Voddu with an atchkat of (537 plus 313)= 850 acres.

Two Channels (Katalgere and Karignur) with an atchkat of (344 plus 210)= 554 acres.

It is reported that the two main channels (Siddan and Basavan) are being repaired annually by the Public Works Department, and are maintained in good working order. The raiyats wanted locking arrangements for the sluices and these have been since fitted up. The Kulamenahalli as also the Tyavange have been since repaired. The remaining two channels do not require to be repaired since they are recommended to be abandoned, the atchkat being converted into dry.

Item (b)—Release of date groves for cultivation.—It is reported that an area of 196½ acres has already been released by the Excise Department and transferred to the Revenue Department for disposal. As a large area may be brought under wet cultivation under the Siddan and Basavan Channels, the Deputy Commissioner is requested to take early steps to get the remaining extent also released and decide as to the extent that could be brought under cultivation.

Item (c)—Method of Irrigation.—The Deputy Commissioner has brought to notice that the raiyats are not agreeable to the atchkat being devided into blocks and water distributed by rotation; and there are besides practical difficulties in introducing the system. In order to avoid complaints, it has become necessary to reduce the atchkat by converting some of the existing wet lands into dry. The Deputy Commissioner has recommended with the concurrence of the raiyats that the area noted in the margin may be converted into dry. The recommendation is approved.

Village.		Area. A.	G.
Doddaghatta	...	304	20
Lakshmisagara	...	73	28
Kabbala, Kanvibilechi, Kengapur	...	162	24
Area now commanded by Katalgere and Karignur Channels	...	554	0

Item (d)—Levy of assessment on lands on the kinds of crops raised.—Government observe that this question does not arise now in-as-much as all the lands that could not be cultivated wet have been ordered to be converted into dry. The wet lands may be levied with wet assessment as usual, and the lands converted into dry levied with maximum dry assessment. Government further direct that if in any year there is abundant supply of water in the tank, such of the lands converted into dry might be given water for wet cultivation as a temporary measure by levying extra water rate for that particular year only.

Item (e).—Throwing out portion of the tank bed for cultivation.—Government are not in favour of encouraging cultivation in the tank bed as it will allow the tank to be silted up soon.

4. As a result of the above orders, the cultivation under the four channels is now restricted to 3,056 acres only as shown under:—

		Existing area.	Area as now limited.
1 Siddan Channel, 2. Basavan Do	..	2,747	2,206
3. Tyavange	..	537	537 (no difference)
4. Belalgere	..	313	313

5. The Deputy Commissioner, Shimoga, is requested to give early effect to the above orders.

J. BHORE,
Secretary to Government,

Medical Inspection.

READ—

The following Government Orders on the Scheme of Medical Inspection of students in the University:—

No. E. 222-4—Edn. 304-23-2, dated 19th July 1924.
No. E. 104-105—Edn. 214-24-2, dated 10th July 1925.
No. D. 6177-8—Uni. 111-28-4, dated 13th December 1928.

2. Correspondence ending with letter No. 23518, dated the 7th May 1929, from the Registrar, Mysore University, stating that the marginally noted Resolution of the University Council regarding the levy of fees from students of the University on account of medical inspection was considered and passed at the meeting of the Senate on the 4th April 1929, and requesting orders of Government in the matter.

"That the resolution of the University Council dated the 15th December 1928, (i) that a fee of Re. 1 (one) be levied (every alternate year) and that the amount levied be constituted a fund and earmarked for the purpose of taking such measures as may be necessary to improve the health of students, (ii) that this system of levying the fee do come into force from next year, be approved".

3. Further letter No. 25810, dated the 11th June 1929, from the same officer, stating that the University Council have resolved at their meeting held on the 25th May 1929, that women students be exempted from payment of fees on account of medical inspection and requesting orders on the resolution.

ORDER No. D. 2129-30—UNI. 111-28-8, DATED 23RD AUGUST 1929.

The proposals of the University as embodied in the two Resolutions of the Senate and the Council respectively read above are approved.

2. This order will come into force from 1st July 1929.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Grants to Village Panchayets for Drinking Water Wells or Village Improvement Works.

READ—

Government Order No. L. 4720-38—L. B. 32-26-24, dated the 20th January 1927, directing among other things that the grants made by Government to Village Panchayets for construction of Drinking Water Wells or Village Improvement Works be treated as absolute and outright grants and credited to Village Panchayet Funds.

2. Paras 92 to 96 of the Audit and Appropriation Report for 1927-28, stating that for reasons explained, it is undesirable to treat the grants as outright.

3. Letter No. C. 4492, dated 24th April 1929, from the Revenue Commissioner in Mysore, stating that there is much force in the reasons given by the Comptroller in the Audit and Appropriation Report referred to above against treating the grants as outright, that he considers it necessary that the sanctioned grants should be drawn only as the works are executed and that some special provision may be made in consultation with the Comptroller, to avoid lapses of grants every year.

ORDER NO. L. 1658-67—V. P. 27-28-30, DATED 31ST AUGUST 1929.

The Comptroller who was consulted in the matter, has stated that he agrees with the Revenue Commissioner regarding the undesirability of treating the grants as outright to the several Panchayets and that to avoid lapses, the unutilised amounts may be funded as in the case of road fund. He has however added that if Government are particular about continuing to treat the grants as outright, it is at least necessary to make certain provisions for ascertaining whether the money is not drawn unnecessarily long in advance of requirements and whether it is being spent on the very work for which the grant was intended.

2. The question was fully considered by the Public Accounts Committee recently who are of the opinion that "in view of the heavy and insistent demand for expenditure on these beneficent services and comparatively small extent of the allotments, the scope for diversion of funds for other purposes is very limited that there is no need to change the existing system at present and that it should be possible to devise measures by which information could be furnished to Audit that the funds have in fact been spent for the purposes for which the grants have been sanctioned."

3. Government agree with the above view and consider that without changing the present system it may be possible to ensure that the sanctioned grants are utilised for the purposes for which they were allotted. Government are accordingly pleased to direct that the existing system of treating the grants as outright be continued. The following suggestions made by the Comptroller for ensuring that the grants are used for the purposes for which they were allotted will be adopted:—

(1) The Panchayets should be instructed that the expenditure on grant-in-aid works should not be mixed up with others but should be shown separately in the Day Books under a separate head.

(2) The Taluk Office should keep an account of the grant-in-aid for each work, showing the date of grant, amount of grant, amount spent during the month, total spent to the end of the month and the balance available, a copy of the statement being sent to the Deputy Commissioner by the 15th of the month following.

(3) The monthly statements received from the Taluks will be consolidated in the Deputy Commissioner's Office once a quarter, showing only totals of talukwar grants, expenditure during the quarter and the balance available, with a list of an analysis of the balance by works and the dates on which the grants were drawn. A copy of this statement and the list will be sent to the Comptroller for audit and another set sent to the Revenue Commissioner who may review the same and submit a copy thereof to Government for information.

4. The Comptroller is requested to issue detailed instructions to the several officers concerned about the proper and correct preparation and submission of the above returns.

GENERAL SECRETARIAT.

Reconstitution of Revenue Sub-Divisions in the Kolar District.

READ—

Government Order No. R. 1236-95—L. R. 718-28-3, dated 10th August 1929, issuing orders regarding the reconstitution of Revenue Sub-Divisions in the Kolar District.

2. Letter No. C. 5425—28-29, dated 27th—30th August 1929, from the Revenue Commissioner in Mysore, requesting instructions as regards the date from which the reconstitution has to be given effect to.

ORDER NO. R. 2013-72—L. R. 718-28-7, DATED 10TH SEPTEMBER 1929.

Government direct that the reconstitution of the Revenue Sub-Divisions in Kolar District ordered in the Government Order read above should take effect from 1st October 1929.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Grant of a commission under Section 99, Land Revenue Code to Mr. M. N. Hiriyanniah.

READ—

Letter No. C. 489—29-30, dated 5th August 1929, from the Revenue Commissioner in Mysore, recommending sanction to the grant of a commission under Section 99, Land Revenue Code, classes (b), (d), (e) and (f) to Mr. M. N. Hiriyanniah, Inamdar of Jodi Aluvalli Village, Manjarabad Taluk to be exercised in respect of the said village.

ORDER NO. R. 2091-2—L. R. 96-29-2, DATED 11TH SEPTEMBER 1929.

Government are pleased to issue the accompanying commission to the Inamdar.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

ACCOMPANIMENT.

COMMISSION GRANTED UNDER SECTION 99 OF THE LAND REVENUE CODE REGULATION, IV of 1888.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore, are pleased to confer on you, Mr. M. N. Hiriyanniah, Inamdar of Jodi Aluvalli Village, Manjarabad Taluk, the following powers specified in clauses (d), (e) and (f) of Section 99 of the Mysore Land Revenue Code, to be exercised within the limits of the said Inam Village.

(*d*) To exercise the powers of a Deputy Commissioner under Section 63 and 64.

(*e*) To receive notices of relinquishment under Section 71 and to determine the date up to which such notices shall be received as in that section provided, and

(*f*) To take measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in Section 130.

II. The abovementioned powers delegated to you are vested in you during the pleasure of, and subject to recall by, the Government of His Highness the Maharaja of Mysore.

By Order,
B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Form of Diary of Amildars.

READ—

Government Order No. R. 2836—L. R. 155-23-4, dated 18th December 1923, prescribing a revised form of Diary of Amildars.

2. Government Order No. R. 3824—L. R. 118-26-15, dated 21st November 1927, directing, among other matters, that some additional information should be furnished in the diaries of Amildars.

3. Letter No. C. 4719—28-29, dated 1st June 1929, from the Revenue Commissioner in Mysore, proposing that some additional information as suggested by the Deputy Commissioner, Kadur District, noted in the margin may be ordered to be furnished in the diaries of Amildars.

1. Serial Nos. 3 and 4:—For "No. of important villages", "Names of important villages," may be inserted.
2. Additional column:—1 (a) No. of miles travelled on horse back.
3. Additional column:—1 (b) No. of days camped out of Headquarters.

ORDER NO. R. 2074-83—L. R. 709-28-2, DATED 11TH SEPTEMBER 1929.

It is proposed that the names of important villages visited by the Amildars may be shown separately. As the names of all the villages visited are at present shown in column 4 of the statement, Government direct that the names of the important villages visited should be underlined in red ink in the column provided for the purpose and need not be shown separately as suggested.

2. As regards the number of days camped out of head quarters and the number of miles travelled on horse back, such information should be furnished as indicated in the form of the diary appended to this order.

Reconstitution of Revenue Sub-Divisions in Shimoga and Hassan Districts.

READ—

Government Order No. R. 1235-96—L. R. 116-20-9, dated 3rd September 1921, directing among other matters that Hassan Taluk should be placed under the District Treasury Officer, Hassan District.

2. Government Order No. R. 2843-906—L. R. 135-21-10, dated 2nd December 1921, directing that the Alur Sub-Taluk should be attached to the Hassan Taluk under the charge of the District Treasury Officer.

3. Government Order No. R. 4066-4128—L. R. 284-22-2, dated 15th March 1923, directing that the Shimoga Taluk should be placed under the District Treasury Officer, Shimoga District.

4. Letter No. C. 379—29-30, dated 19—24th July 1929, from the Revenue Commissioner in Mysore, proposing that Kolar, Tumkur, Shimoga and Hassan Taluks and the Alur Sub-Taluk which are at present placed under the charge of the District Treasury Officers concerned may be included under the charge of the Sub-Division Officers who have their Headquarters at the District Headquarter towns and that the Alur Sub-Taluk may be added on to the Saklespur Sub-Division.

ORDER No. R. 1932-99—L. R. 90-29-2, DATED 10TH—12TH SEPTEMBER 1929.

The Revenue Commissioner reports that under the existing arrangement, the District Treasury Officers can hardly find time for touring and inspection work in the Taluks under their charge. The inspections have to be confined to Sundays and other holidays when the Treasury is closed. Thus the Taluks do not receive the attention they deserve and the inspection of interior villages is not up to the mark. He therefore proposes that the Taluks now under the charge of the District Treasury Officers may be placed under the Sub-Division Officers who have their Headquarters at the District Headquarter towns.

2. In their Order No. R. 1236-95—L. R. 718-28-3, dated 10th August 1929, Government have already passed orders in respect of the Kolar Taluk.

3. As regards Shimoga Taluk, the Revenue Commissioner proposes that it might be added on to the Tirthahalli Sub-Division and that the clerk withdrawn from the Shimoga Sub-Division and transferred to the Office of the Treasury Assistant Commissioner, Shimoga, in Government Order No. R. 4066-4128—L. R. 284-22-2, dated 15th March 1923, might be retransferred to the Tirthahalli Sub-Division again. Government approve of the Revenue Commissioner's proposal and direct that Shimoga, Tirthahalli, Channagiri and Honnali Taluks and the Kumsi Sub-Taluk be again constituted a Sub-Division going by the name of the Shimoga Sub-Division.

4. As regards Hassan Taluk and the Alur Sub-Taluk, the Revenue Commissioner proposes that the former might be placed under the charge of the Hole-Narsipur Sub-Division Officer and the latter under the Officer in charge of the Saklespur Sub-Division. The Revenue Commissioner states that the existing establishment in each of the two Sub-Divisions is sufficient to cope with the additional work and that no extra hands are necessary. Government are pleased to approve of the Revenue Commissioner's proposal and direct that Hassan, Hole-Narsipur, Arkalgud, Channarayapatna and Arsikere Taluks be constituted a Sub-Division called the Hassan Sub-Division. The financial transactions of the Alur Sub-Taluk however will, as heretofore, be with the Hassan Taluk Treasury. The Revenue Commissioner is requested to submit proposals as to how the establishment now attending to revenue work under the Treasury Assistant Commissioner, Hassan District, should be re-absorbed.

5. As regards the Tumkur Taluk, the Revenue Commissioner's proposals are separately under the consideration of Government.

6. The arrangements approved above will have effect from 1st October 1929.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Exempting Country Carts from payment of Tolls.

ORDER NO. L. 2026-43—L. B. 111-28-40, DATED 14TH SEPTEMBER 1929.

At the last session of the Representative Assembly, it was brought to notice that much hardship was caused to raiyats on account of levy of tolls on country carts. Government have in Government Order No. R. 87-98—R. M., dated the 15th June 1929, directed that all bullock carts, except those that carry timber for commercial purposes, be exempted from payment of tolls at all Interior Provincial Toll-gates, newly established in the State. They consider that a similar concession may at the discretion of the District Boards be granted in respect of such carts in all District Fund Toll-gates, subject to the exception specified.

FINANCIAL SECRETARIAT.

Commutation of Pensions.

READ—

Government Order No. Fl. 71-120—S. & A. 1-27-1, dated 4th July 1927, sanctioning the revival of the Scheme of Commutation of Pensions.

2. Government Order No. Fl. 9093-4—S. & A. 377-27-6, dated 1st June 1928, fixing the scale of fees payable to Medical Officers for examination of applicants for commutation of pensions.

ORDER NO. FL. 1589-90—S. & A. 189-28-4, DATED 27—29TH AUGUST 1929.

The rules prescribed for dealing with applications for commutation of pensions published with Government Order dated 4th July 1927, read above do not provide for appeals by applicants against unfavourable reports by examining Medical Officers. Excepting applicants drawing invalid pensions, in whose case examination by a Medical Board is necessary, all other persons applying for commutation are in the first instance, required to present themselves for examination before the Medical Officer of the District in which the pensioner is drawing his pension or before a Lady Surgeon or Assistant Surgeon attached to any Government Medical Institution in the State in the case of female applicant and the certificate granted by the examining Medical Officers submitted to the Senior Surgeon for countersignature.

2. Representations having been received from pensioners for an opportunity being afforded to them for a second medical exmination in cases where the first report is not acceptable to them, Government are pleased to sanction the following rules for guidance in such cases:—

(i) Applicants declared ineligible on the report of the examining Medical Officer of the District or a Lady Surgeon or Assistant Surgeon in the case of female applicants, may within one month of rejection, apply to Government for a second medical examination on payment of a fee of Rs. 10 to the Treasury. No appeal however lies against the Medical opinion when the examination is conducted by a Medical Board or by the Senior Surgeon himself.

(ii) If the application is in order and is accompanied by the Treasury Chellan for payment of the fee, the connected records of the case will be sent to the Senior Surgeon and the party will be advised to present himself for examination by the Senior Surgeon at the time and place notified by him. After the examination of the applicant, the Senior Surgen will return the record to Government with his opinion through the Comptroller.

(iii) If the appeal is fully successful, the applicant will be entitled to the refund of the deposit made by him and the fee payable to the Senior Surgeon will be borne by Government.

(iv) The fee payble to the Senior Surgeon for each examination on appeal will be Rs. 5 and it will be paid to him out of the deposit made by the applicant, the balance being credited to Government.

Exemption from the Rules of Recruitment.

READ—

Correspondence ending with letter No. P. 814, dated 10th September 1929, from the Superintendent, Government Printing, Bangalore, recommending that certain appointments of a technical nature in the Government Press, may be exempted from the operation of the rules of recruitment.

ORDER No. 1717-18—C. R. B. 9-29-1, DATED 24TH SEPTEMBER 1929.

The Superintendent represents that the posts of Compositors, Proof Readers, Proof Examiners, Foremen, Assistant Foremen, etc., in the Press are purely of a Technical character for which, men with a long course of apprenticeship in the Press and a pass in the respective Technical Examinations would be more suited than those with purely academical qualifications and that therefore no useful purpose is likely to be served by advertising such vacancies in the Gazette. Agreeing with the Superintendent in this view, Government are pleased to direct that the appointments referred to, be excluded from the operation of the Rules of Recruitment. The appointments made in such vacancies together with the qualifications of the candidates selected should from time to time, be reported for the information of the Central Recruitment Board.

DEVELOPMENT SECRETARIAT.

All-State Memorial of the Silver Jubilee.

No. D. 3177-237—UNI. 151-29-1, DATED 21ST SEPTEMBER 1929.

At a public meeting of the citizens of the State held in the Lal-Bagh on the 11th April 1927 to consider the question of celebrating in a fitting manner the Silver Jubilee of the reign of His Highness the Maharaja of Mysore, Central and Executive Committees were appointed to take all the necessary measures for the proper celebration of the event on the 8th August 1927, and also to decide upon the erection of one or more permanent memorials of the happy occasion.

Subscriptions came in from all parts of the State and at a meeting of the Central Committee held at Mysore on the 29th June 1927, it was resolved that the permanent Memorial might take one of the following forms, subject to the final approval of the Government and of His Highness the Maharaja:—

(1) A scheme for Maternity and Child Welfare for the whole State.

or

(2) A Technological College at Mysore or Bangalore-together with a scheme for awarding foreign scholarships in either case.

Two Sub-Committees were also appointed at that meeting to consider these two proposals, Sir Charles Todhunter, K.C.S.I., agreeing to draft a memorandum for the benefit of the first Sub-Committee, and Sir Brajendranath Seal, Kt., being requested to act as Chairman of the second. The latter was also requested to consult Sir M. Visvesvaraya, K.C.I.E., regarding his views on any proposed scheme for establishing a Technological College. The two reports of the Sub-Committees and a note drawn up by Sir M. Visvesvaraya embodying his suggestions for developing the present College of Engineering in Bangalore into a College of Engineering and Technology, were considered at a meeting of the Central Committee held at the Daly Memorial Hall, Bangalore, on the 30th January 1928.

After full discussion of these proposals and various other schemes put forward by other members of the Committee, another small Sub-Committee under the Chairmanship of Sir K. P. Puttanna Chetty was appointed to consider the form which the Memorial might take and to send in its recommendations to Government.

This Sub-Committee sent in its report on the 24th April 1928 making the following recommendations.

(1) That it is unanimously of the opinion that the funds available can only meet the needs of one All-State Memorial and that they should be restricted to only one such Memorial with such additional help as Government may be pleased to give to it.

(2) (*a*) That the All-State Memorial shall take the form of a Technological Institute for which the funds subscribed be devoted, a detailed scheme for the same worked out separately. (*b*) That it do place on record the opinion of Sir Charles Todhunter that the most appropriate form of the All-State Memorial would be the Maternity and Child Welfare Scheme proposed by the Sub-Committee responsible for it, but failing that, he gives his wholehearted support to the scheme of the Technological Institute.

(3) That the All-State Memorial should include a dignified building of its own for locating the proposed Technological Institute and that in this view of the scheme proposed, the estimated cost of the Technological Institute would, at the minimum, be approximately Rs. 6 lakhs, including the cost of buildings, plant and equipment, a site being granted free by the Government for the proposed building.

(4) That Government be pleased to add on the basis of 2 to 1 or 1 to 1 to the 3 lakhs subscribed by the public in favour of the All-State Memorial, either in a lumpsum or in annual instalments as they might find it convenient, to make the proposed All-State Memorial Scheme a success.

(5) That the University of Mysore and the Departments of Government concerned should be requested to afford such facilities as they can in connection with the courses of instruction that might be adopted in the proposed Institute.

(6) That it is desirable that a scheme of foreign scholarships should be attached to the proposed Technological Institute Scheme, provided that the funds required for it can be made available by Government.

(7) That a scheme for administering the Silver Jubilee Memorial Fund, with such additions as Government might make towards it now and hereafter, which should, in its opinion, be kept separate, be worked out, in consultation with the Government, after the Government have generally approved of the proposed All-State Memorial.

(8) That the Central Jubilee Committee may be entrusted with the duty of carrying recommendation (7) into effect.

Government have carefully considered these proposals. They are pleased to accept the suggestion that the All-State Memorial should take the form of a Technological Institute and direct that a Committee comprised of the following members be appointed to work out the details of the scheme:—

1. Sir Brajendranath Seal, Kt., (Chairman).
2. Sir Charles Todhunter, K.C.S.I.
3. Sir K. P. Puttanna Chetty, Kt., C.I.E.
4. The Director of Industries and Commerce.
5. The Director of Public Instruction.
6. The Chief Engineer, Public Works Department.
7. The Director of Agriculture.
8. The Chief Electrical Engineer.
9. The Secretary to Government, Development Departments.
10. Mr. Batchelor (of Messrs. The Bangalore Woollen, Cotton and Silk Mills, Ltd.)
11. Professor Caterson Smith.
12. Mr. B. K. Garudachar.
13. Mr. V. Ramalingam.

The Chairman is requested to select a suitable member to function as Secretary to the Committee.

N. RAMA RAO,

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Revival of the system of offering Rewards for killing Tigers.

ORDER No. G. 4086-95—FT. 329-28-19, DATED 25TH SEPTEMBER 1929.

At the last Budget Session of the Representative Assembly the Malnad members urged the revival of the system of offering rewards for the killing of tigers which was in force till recently but was abolished when certain amendments to the Game Laws were ordered in April 1928. They also sought for permission to shoot tigers without license in places where their number had increased and there was in consequence great danger to men and cattle.

2. The Chief Conservator of Forests who was consulted in the matter has expressed the opinion that, as the number of tigers is gradually diminishing in our forests, protection from indiscriminate killing of these animals is absolutely necessary and that, as the revival of the system of rewards is urged more for the sake of skins than for the alleged damage done by tigers, it is not desirable to revive the system wholesale. In view however of the difficulties brought to notice in certain areas, he suggests the desirability of offering rewards to local people who shoot tigers in the specified areas thrown open for shooting tigers without licenses in pursuance of Government Order No. G. 11674-83—Ft. 149-28-11, dated 18th March 1929.

3. Government agree with the Chief Conservator in this view and are pleased to direct that rewards be granted to local people for killing tigers on the scale previously laid down.

4. As regards the other proposal moved in the Assembly, it has already been *ordered in the Government Order of 18th March 1929 referred to above that,* when tigers become a source of danger to life and property the Chief Conservator may, on the recommendation of the Deputy Commissioners of Districts permit the villagers for free shooting of tigers without a license. No further modification in this respect is called for.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Accommodation of Members of the Legislative Council, Representative Assembly and Economic Conference.

ORDER No. G. 4110-420—G. M. 75-29-1, DATED 25TH SEPTEMBER 1929.

With a view to meet a longfelt want, Government are pleased to direct that he building known as "Race View" at Bangalore in which till recently the Chief Commandant's Office was located and which is vacant at present, be made available for the accommodation of Members of the Legislative Council, the Representative Assembly and the Economic Conference, when they come to Bangalore on duty in connection with the work of those bodies, on payment of a rent of Rs. 2 per day per room.

The Chief Engineer is requested to issue instructions for effecting alterations necessary to adapt the building for the purposes referred to above, so that it may accommodate about 12 members at a time. The rooms may be furnished in a simple manner and a vegetarian cook employed.

The date from which the building will be ready for occupation will be notified separately on receipt of a report from the Chief Engineer after the above instructions have been carried out.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Apprisal Form for measuring progress in Health Activities.

READ—

Letter No. C. 113, dated the July 1929, from the Sanitary Commissioner in Mysore, forwarding a copy of letter received by him from Dr. Sweet and recommending that the 'Apprisal' form therein referred to may be approved for adoption in the Cities with a population of 50,000 and over, with a view to measure the progress of health activities therein.

ORDER No. G. 4068-75—SANY. 19-29-2, DATED 24TH SEPTEMBER 1929.

It is reported that the proposed Apprisal form is drawn up on the American model with necessary alterations to suit local conditions and would be very useful in measuring the progress of health activities in the Bangalore and Mysore Cities and the Kolar Gold Field area, whether carried on by the State, District, Municipal or private agencies. The Central Health authority at each inspection of the areas concerned allots the points scored by each area on every item of health work and can estimate definitely the progress made by the Health Officers since the previous inspection. When these scores come to be published, it is expected that healthy rivalry will be set up amongst the Cities for improving the conditions therein. The Sanitary Commissioner in strongly recommending its adoption in Mysore, suggests that it may be published as a Public Health Department Bulletin with a suitable preface to be prepared later on.

Government agree with the Sanitary Commissioner and Dr. Sweet that the form is likely to prove useful and furnish a standard for measuring progress in Health activities. The form is accordingly approved and appended to this order.

The proposal to publish it as a Public Health Department Bulletin with a suitable preface is also approved. The Sanitary Commissioner is requested to take necessary further action in the matter in consultation with Dr. Sweet.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

APPRISAL FORM FOR HEALTH ACTIVITIES.

IN CITIES OF OVER 50,000 POPULATION.

I. *Administration*—(Total Points, 100.)

(A) Health Officer.—

1.	Full time (If part time ½ score only)	10
2.	Qualified by degrees or over 10 years experience	6

(B) Sanitary Inspectors.—

1.	One per 10,000 population	10
2.	One per 10,000-15,000 population	5
3.	One per 15,000 and over ,,	2
4.	Duties entirely in Health work	5
5.	Do not do	2

(C) Vaccinators.—

1.	One for each 15,000 population	10
2.	One for more than 15,000 population	7 (or less)
3.	Employing Female Vaccinator, 1 for every 30,000 population or less	5

(D) Midwives (Licensed).—

1.	One for each 200 births registered	12
2.	Do 200-500 do	8

(B) Water Supply.—		
1. Distribution.—		
Available to total population		10
Do 80 per cent population	8	
Do 60 do	6	
Do 40 do	4	
Do 20 do	3	
Do 10 do	1	
Less than 10 per cent	0	
2. Water purification.—		
(a) Stored, filtered and chlorinated		15
(b) Stored and chlorinated	13	
(c) Stored and filtered	10	
(d) Chlorinated only	8	
(e) Filtered only	6	
3. Purity.—		
30 per cent or less of 10 cc. domestic samples showing B. Coli or other dangerous organisms		15
31 per cent—50 per cent as above	10	
Over 50 per cent as above	0	
(C) Sewage and Latrines.—		
1. Sewage system present.—		
At least 60 per cent of houses connected		10
Do 50 do	8	
Do 30 do	6	
Do 20 do	4	
Do 10 do	2	
Less than 10 do	0	
2. Per cent of unsewered houses have adequate latrines.—		
At least 100 per cent		10
Do 85 do	6	
Do 75 do	4	
Do 50 do	2	
Less than 50 do	0	
3. Adequate disposal of sewage		10
4. Do night soil from latrines		10

(D) Plague.—		
1. All food and grain stores, godowns, etc., rat-proofed		10
At least 80 per cent rat-proofed	8	
Do 40 do	4	
Do 20 do	2	
Less than 20 do	0	
2. Rat-catching gangs of 1 maistry and 5 coolies. (1 per 15,000 population)		5
(E) Recommendations for mosquito control.—		
1. Fully carried out		15
2. Half carried out	8	
3. Less than half carried out	4	
4. Disregarded	0	
(F) Public Baths.—		
1. At least 1 per 5,000 population		8
2. Adequate supervision	4	
(G) Public latrines and urinals.—		
1. Latrines, 1 per 1,000 population		12
2. Urinals, 1 per 500 population	4	
3. Supervised and kept clean	4	
VIII. Laboratory—(100 points).		
(A) Facilities—Local.—		
1. Any available		5
2. Technician employed		10
3. Adequate equipment and space (for simple processes only)		10
(B) Specimens examined. (Locally or Centrally).		
1. At least 60 specimens per 1,000 population of faeces, blood smears, sputum, etc., for full score		25
2. Water samples.—		
(*a*) From public supplies.		
Daily		25
Weekly	15	
Monthly	10	
Less often	5	
(*b*) From private or semi-public supplies at least 50 specimens per 10,000 population		10
3. Rats examined for plague (at least 10 a month for full score)		10
4. Food samples (at least 10 a month for full score)		5
IX. Popular Health Instruction—(100 points).		
(A) Use of pamphlets, lectures, talks and Motion pictures to reach at least 10 per cent of the population yearly		35
(B) Newspaper publicity		35
Reports of Meetings only	10	
Monthly Report of work only	10	
Special articles only	15	
(C) Periodic Reports printed and circulated free		15
(D) Special demonstrations		15

DEVELOPMENT SECRETARIAT.

Medical Inspection of pupils in Girl's Schools.

READ—

Correspondence ending with letter No. A. 3-384 of 27-28, dated 7th May 1929, from the Director of Public Instruction in Mysore, submitting proposals for the introduction of a Scheme of Medical Inspection of pupils in Girls' Schools in all District Headquarter Towns and certain selected Taluk Headquarter Towns.

2. Letter No. G. C. 509-1, dated 9th April 1929, from the Senior Surgeon on the subject.

3. Correspondence ending with letter No. C. 2-237 of 28-29, dated 13th June 1929, from the President, City Municipality, Bangalore City, forwarding a resolution of the Municipal Council to the effect that they are not in favour of meeting the cost of Medical Inspection of Girls in the Primary Schools in the City.

4. Correspondence ending with letter No. G. T. 2760, dated 9th July 1929, from the President, City Municipal Council, Mysore, forwarding copy of the resolution of that body agreeing to contribute a lumpsum of Rs. 350 per annum towards the cost of Medical Inspection of Girls in Schools in the Mysore City.

5. Correspondence with the Deputy Commissioners of Districts, except Bangalore District, in the matter of contributions from certain select Municipal Councils towards the cost of the scheme.

ORDER NO. D. 3636-48—EDN. 95-26-89, DATED 4TH OCTOBER 1929.

A scheme for the Medical Inspection of school children has been introduced in Boys' Schools and has been in operation for some time.

2. The Director of Public Instruction has now formulated a scheme for the Medical Inspection of pupils in Girls' Schools in the District Headquarter Towns and certain Taluk Headquarter Towns where Lady Medical Officers are available. The scheme is as follows:—

I Agency.—With a view to minimise expenditure it is proposed to appoint a Lady Assistant Surgeon to look after the Medical Inspection of Girls in both the Cities of Mysore and Bangalore working one half-year in each of these places. The Senior Surgeon agrees with the proposal to appoint one Lady Medical Officer for both the Cities but suggests that a Sub-Assistant Surgeon in the grade of Rs. 75—5—150 with a conveyance allowance of Rs. 30 per mensem might be appointed and states that the efficiency of the work would not suffer by this arrangement. In other District Headquarter Towns the inspection is proposed to be assigned to the Lady Medical Officers, Assistant Surgeons, Sub-Assistant Surgeons or Apothecaries who may be in charge of Hospitals or Dispensaries at the several stations.

The scheme contemplates the inspection of all the pupils of the Girls' Schools at each station to which it will be extended at least once a year.

II Remuneration.—(i) The Lady Medical Officer for the two Cities will be a wholetime officer of the status of a Sub-Assistant Surgeon and will receive a graded pay of Rs. 75—5—150 with a conveyance allowance of Rs. 30 per mensem. The following expenditure is also proposed:—

Recurring.		Rs.	*Non-recurring.*		Rs.	
One Clerk	..	30 per mensem.	Furniture	..	200	425
One Peon	..	10 do	Appliances	..	225	
House rent	..	25 do				
Contingencies	..	5 do				

(ii) In other places the remuneration proposed to be paid to the Lady Medical Officers is as follows:—

(*a*) Lady Medical Officers at District Headquarters at Rs. 40 per mensem.

(*b*) Assistant Surgeons Rs. 15 per mensem when the number of pupils to be examined by them is below 500, Rs. 20 per mensem when the number is between 500 and 1,000 and Rs. 25 per mensem when the number of pupils exceeds 1,000.

(*c*) Sub-Assistant Surgeons Rs. 10 per mensem when the number of pupils does not exceed 750 and Rs. 15 per mensem when the number exceeds this limit, subject to the condition that the Sub-Assistant Surgeons will draw half a rupee per pupil examined when the number to be examined is less than 240 and that the Assistant Surgeons will draw Re. 1 per pupil examined when the number to be inspected does not exceed 180.

III. Fees.—The following scale of fees is recommended for adoption:—

Locality	High Schools	Middle and Incomplete Middle Schools	Primary Schools
	(Per pupil per annum.)		
	Rs. a. p.	Rs. a. p.	Rs. a. p.
1. Bangalore and Mysore Cities ..	0 8 0	0 8 0	0 4 0
2. Other District Headquarter Towns and Taluk Headquarter Towns.	....	0 4 0	0 2 0

IV. Contribution from Municipal Councils.—It is proposed that the City Municipalities should make a contribution of one-third of the cost of medical inspection of pupils in all Primary schools (Government and Municipal) the proportionate cost for the Primary Schools being calculated on the proportion which the number of pupils therein bears to the total number of pupils in the High, Middle and Primary Schools put together.

The Town and Minor Municipal Councils are to be required to contribute at the rate of Rs. 10 and Rs. 5 per mensem respectively.

The lady medical inspectors other than the wholetime officer for the two cities are to be given a clerical allowance of Re. 1 for every 50 pupils examined subject to a minimum of Rs. 10 per annum.

3. The Senior Surgeon agrees to the scale of remuneration proposed by the Director of Public Instruction.

4. Government are pleased to sanction the abovementioned scheme for the medical examination of pupils in Girls' Schools proposed by the Director of Public Instruction and as agreed to by the Senior Surgeon.

5. At present only the Municipal Councils of Tumkur, Chikmagalur, Kolar and Chikballapur have agreed to pay their share of contribution. The City Municipal Council, Mysore, has agreed to pay a lumpsum of Rs. 350 per annum towards the cost to be incurred for the City of Mysore, while the contribution it would have to pay under the scheme would be 354. Government therefore direct that the scheme be introduced into these five Municipal areas immediately. The other Municipal areas in the State may be included in the scheme on their agreeing to conform to the conditions laid down above and making provision for the cost.

6. It is reported by the Director of Public Instruction that the medical inspection of girls in the marginally named places was actually begun from 1st December 1927. Government direct that in the case of such of these Municipalities as have refused to participate in the scheme, further inspection be stopped immediately and that the commitments incurred for the period from December 1927, to the date of the discontinuance be met by the Department.

1. Bangalore City.
2. Mysore City.
3. Kolar.
4. Chikballapur.
5. Chintamani.
6. Tumkur.
7. Nanjangud.
8. Hassan.
9. Saklespur.
10. Hole-Narsipur.
11. Shimoga.
12. Sagar.
13. Chikmagalur.
14. Kadur.
15. Mudgere.
16. Tarikere.
17. Chitaldrug.
18. Davangere.

7. The Director of Public Instruction is requested to point out a definite source for meeting the expenditure during the current year and also for meeting the cost and remuneration to be paid to the lady medical officers for their work since December 1927.

Amendments to the rules for the Kannada Pandits' and Moulvis' Examinations.

READ—

Government Order No. D. 10036—Edn. 209-26-2, dated 14th May 1927, passing orders revising the courses for the Kannada Pandits' and Moulvis' Examinations.

2. Letter No. E2 634-18 of 29-30, dated 31st July 1929, from the Director of Public Instruction stating that the course for the Moulvis' Examination as revised in the order read above is considered extremely light, that the Local Examination Board which met on the 29th May 1929, to consider the question of modifying the rules for the examination passed the marginally noted resolution, that the Committee referred to in the resolution met on the 29th June 1929 and adopted the modifications embodied in the annexures and requesting sanction therefor.

"Resolved that the general lines on which the rules are proposed to be modified be approved and that the President be authorised to settle the details of the modifications necessary in consultation with Messrs. Aga Mahomed Abbass Shustry, Nawab Gulam Ahamed Kalami and A. K. Syed Taj Peeran".

ORDER NO. D. 3505—EDN. 112-29-2, DATED 27TH SEPTEMBER 1929.

Sanctioned.

N. RAMA RAO,
Secretary to Government,
Development Departments.

ANNEXURE.

MODIFIED RULES.

Read para 3 as follows:—

The subjects of the Examination will be divided into two groups, *viz.*, I. Urdu and II. Arabic or Persian, as indicated below:—

No.	Subject	Duration	Marks
	I. URDU.

Revised arrangements in respect of Sandal Oil Business in America and the opening of an Office in London under an Officer designated "The Trade Commissioner for Mysore in London."

READ—

Government Order No. I. C. 6951-2—S. O. F. 35-25-4, dated 7th April 1926, sanctioning the continuance of the Agency of Messrs. Essenfleur Products, Ltd., for the sale of Factory Sandalwood Oil for a period of three years and four months from 1st September 1926.

2. Letter dated 16th May 1929, from Mr. N. Madhava Rao, Chief Secretary to Government on deputation, proposing that the present arrangement for the sale of oil be cancelled and that an Office be opened by Government themselves in London to transact the business.

3. Cablegram dated 6th July 1929, from Mr. Madhava Rao, reporting for approval terms of settlement with the present distillers in America, etc., in respect of Sandal Oil Business in America in future.

ORDER NO. 680-2—C. B. 36-29-1, DATED 17TH AUGUST 1929.

In his letter and cable read above, Mr. Madhava Rao, who was deputed to investigate the position of Sandal Oil Trade in Europe and America, has submitted the following proposals:—

(i) The Agreement whereby the Essenfleur Products, Ltd., were appointed Agents for the sale of sandal oil, both in England and America, should be cancelled in *toto*.

(ii) Government might have their own Office in London for the conduct of their sandal oil business at an approximate cost of £3,000 per annum.

(iii) The services of Mr. Cox, the Sub-Agent in America appointed by the Essenfleur Products, Ltd., be definitely terminated and a sum of 50,000 dollars accepted from him in final settlement of all claims against him by Government.

(iv) Messrs. Bush & Co., might be employed as Distillers of oil in America and also as Agents for the sale of oil in that continent, paying them 70 dollars a ton of sandalwood for distillation plus a flat rate of 10 dollars for incidental expenses such as carting and warehousing, and a commission of 3 per cent on sales, including all expenses except audit and cables, the agency being limited to two years, terminable at three months notice, the firm having agreed to pay 10,000 dollars.

Government are pleased to pass the following orders on the several proposals:—

The contract of agency with the Essenfleur Products was extended by Government Order No. I. C. 6951-2, dated 7th April 1926, by three years and four months from 1st September 1926, and would in the ordinary course run till the end of December 1929, but in view of recent developments, Government consider that this agency should be terminated under clause 14 of the agreement executed in that behalf. They therefore direct that the said agency with Essenfleur Products be cancelled forthwith, without prejudice to such action as Government might deem fit to take for the enforcement of their rights and claims against that firm in respect of past transactions.

Government are satisfied that the establishment of their own Office in London is not only the best and safest way of consolidating and extending the Sandal Oil Business, but has also other advantages of an important nature. Such an Office would bring the factories into more intimate relation with the consumers, and the Officer in charge could exercise a real and effective control over the business in America. Government observe that besides its other obvious advantages an Office of their own in London would also be less expensive than an agency.

Government are therefore pleased to sanction the opening of an Office in London under an Officer to be designated "The Trade Commissioner for Mysore in London." The approximate annual cost of the Office of the Trade Commissioner (exclusive of the pay of the Trade Commissioner, which will be fixed when selecting an officer for the post) will be £ 1,800 per annum as shown below:—

Office rent	£ 200
Establishment	£ 500
Warehousing charges	£ 300
Travelling expenses	£ 150
Sundries (including remuneration for technical advice.)	£ 650
Total ..	£ 1,800

The Trade Commissioner will, in addition to direct charge and supervision of all business relating to Sandal Oil in England and America, be responsible for such other business as may be entrusted to him by Government in respect of purchases and sales to be effected abroad, and the collection of intelligence of economic value to the State. For the effective fulfilment of this function, the Trade Commissioner should place himself in touch with all buying, selling and manufacturing departments of Government and be on the alert to secure for them all available assistance and information which might contribute to the betterment of their foreign transactions. All correspondence between the Trade Commissioner and the Heads of Departments should pass through the Development Secretariat. The Director of Sandal Oil Factories will, however, be in direct and constant communication with the Trade Commissioner in regard to all matters relating to the Sandal Oil Business.

Mr. N. Madhava Rao, is requested to take steps to form the office and to be in charge of it himself as Trade Commissioner till an officer is appointed and sent to relieve him. He is also requested to announce to all concerned the termination of the agency of the Essenfleur Products and the establishment of a Government Office in London for the direct conduct of sandal oil business. The association of Mr. H. D. Rice may be continued for the present, to assist the Trade Commissioner, with advice in technical matters.

Government have already communicated to Mr. Madhava Rao by cable their approval of the terms secured by him in America, and hereby confirm their approval. The amount of 50,000 dollars due from Messrs. Cox, Aspden and Fletcher under the settlement should be recovered forthwith if this has not been done already, as also the payment of 10,000 dollars forming part of the agreement with Messrs. Bush & Co., and both sums placed to the credit of Government with their Bankers. The arrangement with Messrs. Bush & Co., will be in force for a period of two years, subject to the condition of earlier termination at three months' notice on either side. All stocks and outstandings should be guaranteed by a surety company at the Agents' cost. Mr. N. Madhava Rao is authorised to enter into a formal contract with Messrs. Bush & Co., embodying the abovesaid terms of agreement and providing in addition for the following:—

(*a*) Quarterly audit of accounts by auditors appointed by Government.
(*b*) Maintenance of accounts in the form prescribed by Government.
(*c*) Submission of accounts prescribed by Government to the Office of the Trade Commissioner for Mysore in London.
(*d*) Inspection of all accounts, registers and connected documents, by the Trade Commissioner or officer deputed by him.

It should be clearly stipulated that Messrs. Bush & Co., should not handle sale realisations, but that all sale proceeds of sandal oil should be realised by means of crossed cheques for credit to the account of Government with their Bankers and that all sums due to them on account of commission and other charges should be drawn from the Bankers of Government on submission of detailed bills therefor.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Appointment of a Trade Commissioner for Mysore in London.

READ—

Government Order No. 680-2—C. B. 36-29-1, dated 17th August 1929, sanctioning the opening of an office in London under the control of the Trade Commissioner for the transaction of sandal oil business, etc.

ORDER No. 741-6—C. B. 36-29-2, DATED 24TH AUGUST 1929.

Government are pleased to appoint Mr. B. T. Kesava Iyengar, Deputy Commissioner, as Trade Commissioner for Mysore in London. He is requested to proceed to London in time to reach there at least a month before Mr. Madhava Rau's departure back to India, and he is requested to relieve that officer of the charge of the London Office. He may also pay a visit to New York if he considers it necessary, to acquaint himself at first hand with Messrs. Bush & Co., and the arrangements for the conduct of business in America. Mr. B. T. Kesava Iyengar is requested to prepare, in consultation with Mr. N. Madhava Rau, a programme of work including visits to the more important consumers both in England and on the Continent, so that the assumption of control by Government might commence on a basis of mutual goodwill and confidence. He may also prepare a list of points on which he considers it necessary to have the orders of Government.

Mr. Kesava Iyengar's appointment will be for a period of two years, and he will, during this period, be given a consolidated pay of £1,600 a year, free of income-tax.

The functions of the Trade Commissioner have been indicated generally in the order read above, and are, perhaps, not capable of exact definition. The post is one which commands almost unlimited opportunities of furthering the interests of the State in all matters relating to industries and trade. Without imposing any limit on the scope of the Trade Commissioner's activities, Government would only indicate a few of the subjects to which he might devote his attention. He should study the foreign purchases of all departments, and also of the State, as a whole, and investigate how they could be made to the best advantage. In regard to sales of Mysore products, the extent to which existing markets could be extended, and new ones secured, should also be carefully studied. The possibility of supplying the requirements of foreign countries by the development of industries for which Mysore enjoys natural advantages such as silk, artware and furniture, is specially worthy of examination. The Trade Commissioner should also keep in touch with scientific and technical improvements which are effected from time to time in manufacturing methods and report such of them as are likely to be of assistance in the industrial development of the State. It is also important that commercial and industrial information with a bearing on existing or potential industries in the State should be gathered and made available. In purchases and sales alike, all economies which could possibly be secured by the elimination of middle-men should be explored and more direct relations and better methods of business established as far as practicable.

N. RAMA RAO,

Itineration of the Special Magistrate, Tiptur, to Turuvekere.

READ—

Government Order No. P. 5795-805—Cts. 169-27-11, dated 30th March 1929, directing among other things, the Special Magistrate, Tiptur, to hold his Court at Chiknaikanhalli for a week every month.

2. Letter R. O. C. No. 11-29-30, dated 24th August 1929, from the Registrar, Chief Court requesting sanction to the recommendation of the District Magistrate, Tumkur, that the Special Magistrate at Tiptur, may be asked to hold his court at Turuvekere also for the trial of 2nd and 3rd class cases arising in the Sub-Taluk of Turuvekere.

ORDER NO. P. 1844-5—CTS. 55-29-2, DATED 27TH SEPTEMBER 1929.

Sanctioned.

2. The total period of itineration of the Special Magistrate to the two places referred to above should not exceed ten days in a month and he should adjust his stay in each place accordingly with due regard to the number of cases for trial.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

Itineration of the Special Second Class Magistrate at Mandya to Malvalli.

READ—

Letter No. R. O. C. 88—29-30, dated 14th September 1929, from the Registrar, Chief Court recommending that, in view of the reported dearth of suitable persons for appointment as Magistrate to the Bench Court at Malvalli, the said Court may be abolished and the Special Second Class Magistrate, Mandya, directed to hold his Court at Malvalli for a week every month to try all Second and Third Class cases of the Malvalli Taluk.

ORDER NO. P. 1891-4—CTS. 32-29-6, DATED 28TH—30TH SEPTEMBER 1929.

The recommendation of the Chief Court is sanctioned with effect from 1st November 1929. The District Magistrate, Mysore, is requested to transfer to the file of the Special Second Class Magistrate, Mandya, all the cases pending before the Bench Court at Malvalli on the aforesaid date and to forward to Government in time, the names of Honorary Magistrates of the said Court whose powers will have to be withdrawn.

P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

Revised form of Agreement in connection with the introduction of Survey and Settlement into Inam villages.

READ—

Government Order No. R. 3762-72—L. S. 70-06-6, dated 12th December 1910, prescribing the procedure to be adopted in connection with the introduction of Survey and Settlement into Inam villages and the form of agreement to be executed by the Inamdars for the purpose.

2. Government Orders No. R. 28-48—L. R 482-17-42, dated 2nd July 1925 and No. R. 4306-26—L. R. 126-25-7, dated 22nd January 1927, passing orders on the several recommendations made by the Inam Commission in the matter of the relationship between the Inamdars, their tenants and the Government and on the memorandum of the Mysore Inamdars' Association suggesting a reconsideration of the orders of Government contained in the Government order of 2nd July 1925.

3. Letter No. 81, dated 16th October 1928, from the Survey Superintendent, stating that the form of agreement appended to the Government order of 1910 has to be amended in consonance with the orders of Government contained in the orders read above.

4. Correspondence ending with letter No. C. 2975—27-28 dated 3rd July 1929, from the Revenue Commissioner in Mysore, forwarding for the approval of Government, a revised form of the agreement to be executed by Inamdars who apply for the introduction of Survey and Settlement into their inam villages.

5. Un-official opinion dated 30th August 1929 of the Survey Superintendent offering certain suggestions on the draft agreement suggested by the Revenue Commissioner.

ORDER No. R. 2585-96—L. S. 49-26-8, DATED 4TH OCTOBER 1929.

According to the Government Order of 1910 read above and the form of agreement appended thereto, the cost of revision Survey and Settlement of Inam villages should be borne by Government. As orders have been issued in Government Order No. R. 4306-26—L. R. 126-25-7, dated 22nd January 1927 (last sentence of para 3) that the cost in such cases should be borne by the Inamdars, except in those instances where there is an agreement to the contrary, the agreement attached to the Government Order of 1910 has to be revised in conformity with the above orders of Government. It has also been ordered in the Government order of 22nd January 1927 read above that only half the cost of Survey should be paid by the Inamdar when he applies for the introduction of Survey only into his Inam village, the other half being borne by Government. According to the previous order of 1910, the Inamdar had to pay the entire charges in such cases. The Revenue Commissioner and the Survey Superintendent who were requested to send a suitable revised draft agreement, have proposed the revision of the existing form so as to meet the altered conditions, as noted above. Government are pleased to approve of the revised form of agreement proposed by the Revenue Commissioner subject to certain modifications suggested by the Survey Superintendent.

2. The form as revised and as approved by Government is appended to this order.

3. A Kanarese translation of the revised form of agreement will be sent to the Superintendent, Government Printing, who is requested to print the same and supply copies to the Deputy Commissioners of Districts on their indent.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

APPENDIX.

FORM OF AGREEMENT TO BE EXECUTED BY INAMDARS FOR THE INTRODUCTION OF SURVEY AND SETTLEMENT INTO THEIR VILLAGES

Agreement made by.....Inamdar of the village of..... Hobli.....Taluk,.....District. Whereas I have applied to Government that, under Section 236 of the Mysore Land Revenue Code, 1888, the provi-

.....I do hereby for myself, my heirs, executors and administrators agree in the event of my application being granted, to the following conditions:—

(1) That after my application is sanctioned, I myself or my agent will be present at the village together with the Village Officers, during the progress of the Survey and Classing operations and render every reasonable help towards the speedy and satisfactory completion of the work, in accordance with the directions of the Superintendent of Survey.

(2) That in case the survey work is in any way impeded either by my failure to render the aforesaid help or through my negligence or delay otherwise, and any extra expenditure is thereby caused, such cost as may be fixed by the Superintendent of Survey may be recovered from me as a primary charge on my revenues and my holdings.

(3) That in order to meet the cost of any paid labour to be entertained in the event of my or my raiyats failing to render timely help during the course of Survey operations or erection of boundary marks, I will deposit in the Taluk Treasury such amount as may be fixed by the Superintendent of Survey, and produce the Treasury receipt for the same within fifteen days from the service of notice requiring me to deposit the sum. The balance of the deposit, if any, after meeting the above charges should be refunded to me. But if it falls short of the cost that may be incurred by any amount, the same may be recovered from me according to law.

(4) That after my application is sanctioned, it shall be within the discretion of the Superintendent of Survey to fix the time for the commencement of Survey Operations in my village and he may, if necessary, require any extra expenditure that may have to be incurred in carrying them or otherwise than in connection with the ordinary survey programme, to be paid in advance.

(5) That in the event of my not agreeing, on the estimate of the probable effect of the Survey and Settlement being intimated to me by the Superintendent of Survey, to the extension of the Survey and Settlement to my said village, I will pay the cost of measurement, classification and preliminary operations which have been incurred as fixed by the Superintendent of Survey. In case of my failure to pay the costs, the same may be recovered from me as a first charge on my village. Provided that where only survey is done or asked for without any settlement, half the cost only of the said survey shall be chargeable to me in addition to the usual labour charges, the other half being borne by Government.

(6) That in case of my agreeing to the introduction of the rates fixed by the Survey Department on the conclusion of the Survey operations, Government should bear the costs of the Survey and Settlement excepting, however, the charges referred to in the foregoing paragraphs.

(7) That the Government may introduce Revision Survey and Settlement into my village along with the Government villages of the Taluk, irrespective of my wishes and that the entire charges of such revision survey and settlement shall be borne by me.

(8) That I will pay the salaries and perquisites of the village officers of the said village according to the scale and in the manner prescribed from time to time, for the payment of the village officers of unalienated villages.

(9) That I will, from time to time, at my own expense, cause to be prepared and furnished with punctuality such periodical or other agricultural and vital statistics concerning the said village as may be required by the Deputy Commissioner, and that in the event of my failure at any time to discharge this obligation, the Deputy Commissioner may make such arrangements as he deems fit for obtaining such statistics as aforesaid and the costs shall be recoverable from me in such manner as the Deputy Commissioner may direct.

(10) All the charges that will become due from me under the terms of this agreement shall be a primary charge on my inam village and shall also be recoverable from my other holdings as arrears of Land Revenue.

Rewiew on the working of the Government Presses.

READ—

Report on the working of the Government Presses, the *Mysore Gazette* Office and the Office of the Registrar of Authorised Publications, for the year 1928-29, received with letter No. P. 570, dated the 14th August 1929, from the Superintendent, Government Printing, Bangalore.

ORDER No. G. 4480-530—P. & S. 20-29-3, DATED 25TH SEPTEMBER 1929.

Recorded.

2. *Superintendence.*—Mr. B. Puttaiya continued to be Superintendent, throughout the year. Owing to the steady increase of work in the Central Press, the number of Sub-Assistant Superintendents was raised from one to two and the pay of the appointment was fixed at Rs. 150—10—250. Mr. B. Krishnaswamy Chetty, Chief Foreman, was appointed Junior Sub-Assistant Superintendent. He has been deputed for advanced studies in printing in England and America for a period of three years.

3. *Establishment.*—There were 406 paid employees in the Central and 103 in the Branch Press as against 400 and 99 respectively in the previous year. Of these, 132 in the Central Press and 61 in the Branch Press were on a fixed scale of pay and the rest on piece-work wages. The total number of over-time units of one hour was 27,830 against 23,520 in the previous year.

4. *Plant.*—Additional plant to the value of Rs. 9,325-1-0 was purchased during the year. Type valued at Rs. 4,207-0-7 was cast and taken to stock in the Central Press and miscellaneous additions were made costing Rs. 3,381-0-4. Including the value of new machines and press accessories, the total value of plant at the Central and Branch Presses at the beginning of the year was Rs. 3,36,623-8-6. After allowing for depreciation and certain deductions indicated in the report, the value of the plant at the close of the year was Rs. 3,35,984-11-5.

5. *Expenditure.*—The expenditure on the Government Central Press and the Branch Press amounted to Rs. 1,78,040-11-1 and Rs. 39,196-10-0 as against Rs. 1,61,028-4-0 and Rs. 36,940-15-0 respectively in the previous year. The question of reducing the growing expenditure of the Department is under the active consideration of Government.

6. *Out-turn of Work.*—The out-turn of work in the Central and Branch Presses was 69,503 pica foolscap pages composed, 37,503,450 impressions printed, 1,270,969 books bound as against 59,357 pica foolscap pages, 33,520,214 impressions and 1,218,561 books in the previous year.

The Branch Press executed works for the University, the Railways and the Electrical Departments of the value of Rs. 36,297-7-0 and printed school books for the Educational Department of the value of Rs. 20,452-8-0.

7. *The Mysore Gazette.*—The realisations from subscription, advertisement and other sources, during the year amounted to Rs. 15,869-15-2 as against Rs. 14,587-9-4 in the previous year. The cost of printing the Gazette including the cost of paper amounted to Rs. 45,341-8-0. The receipts work up to 35 per cent of the expenditure as against 33·4 in the previous year.

8. *Registration of Books.*—The number of books and periodicals registered rose from 238 in the previous year to 330 during the year under report, and 142 of them were in the vernaculars spoken in the State. Copy-right was secured in respect of 60 books as against 56 books in the previous year.

9. *General.*—The vocational classes in printing and bookbinding for the High School students, the printing school for training press employees and the general education school conducted by the Education Department were continued and they did good work during the year under review.

10. Orders were issued during the year sanctioning higher wages to the hour account compositors according to the service put in by them and the quality of their work during that period of service.

11. The Press was inspected by the Third Member of Council on 15th November 1928. The question of insuring the Press Buildings against fire is under active consideration.

Offg. *General Secretary to Government.*

Rewiew on the working of the Government Stationery Depot.

READ—

The Report on the working of the Government Stationery Depot for the year 1928-29, received with letter No. S. 706, dated the 15th—17th August 1929, from the Superintendent of Stationery.

ORDER No. G. 4423-73—P. & S. 21-29-4, DATED 25TH SEPTEMBER 1929.

Recorded.

Mr. B. Puttaiya was in charge of the Stationery Depot throughout the year.

The value of stock at the beginning of the year was Rs. 1,33,574-15-0. New stock of the value of Rs. 2,37,379-13-1 was either purchased or received from the Press and other offices bringing the total value of the stock to Rs. 3,70,954-12-1 in the year under report, against Rs. 3,44,677-2-11, in the preceding year. Supplies of the value of Rs. 2,20,973-8-2 were made to several offices as against Rs. 2,11,102-3-11 in the previous year, leaving a balance of stock worth Rs. 1,49,981-3-11 at the close of the year.

The total value of articles purchased during the year was Rs. 2,17,165-2-11 of which that of Mysore Manufacture was Rs. 4,451-3-0 and of other Indian Manufacture Rs. 1,48,912-9-0 against Rs. 2,602-10-3 and Rs. 1,47,969-0-0 respectively in the previous year.

The net expenditure of the Stationery Depot during the year was Rs. 7,679-8-9 as against Rs. 7,550-10-6 in the previous year. The charges of handling and storage of stock are reported to work out to 3¼ per cent as against 4 per cent in the previous year.

The Superintendent inspected the stock of stationery and forms in 74 offices in the Bangalore, Kolar and Mysore Districts and issued instructions to remedy the defects noticed by him.

Re-vaccination Certificate.

READ—

Government Order No. G. 9096-9—Sany. 87-27-5, dated 28th January 1929, passing orders on the report on the Sanitary Commissioner on the Sanitary Survey of the Bangalore City and stating *inter alia* that the suggestion therein contained with regard to the control of small-pox the production of a re-vaccination certificate should be insisted on from candidates for the Lower Secondary Examination and all new entrants into public service would be further considered and dealt with as a general question applicable to the whole State.

2. Correspondence ending with letter No. A3. 185 of 29-30, dated 9th August 1929, from the Director of Public Instruction stating that he considers the production of a re-vaccination certificate from the candidates appearing for the Lower Secondary Examination very desirable as ensuring re-vaccination in all cases.

ORDER NO. D. 3911-12—EDN. 1087-28-3, DATED CAMP MYSORE, 14TH OCTOBER 1929.

Government direct that the production of a re-vaccination certificate from candidates appearing for the first time for the Lower Secondary or Middle School Examination along with their application form for the Examination be made compulsory. The Director of Public Instruction is requested to issue a circular introducing this condition as a note to the rules regarding the conduct of Lower Secondary and Middle School Examinations.

Minor Forest Produce and Amarayi.

READ—

Government Order No. I. C. 4482-91—Ft. 230-20-19, dated the 17th February 1922, passing orders in the matter of the sale of Minor Forest Produce and Village Amarayi as distinguished from each other.

2. The undermentioned orders of Government in the matter of the sale of the right to collect Tangadi and Kakke Barks and of other Minor Forest Produce.—

(1) Government Order No. I. C. 5869-80—Ft. 42-22-8, dated 24th March 1923.

(2) Government Order No. I. C. 6574-84—Ft. 101-23-3, dated 24th April 1924.

(3) Government Order No. I. C. 815-25—Ft. 336-23-4, dated 1st August 1924.

3. Subject No. 12 of the Budget Session of the Representative Assembly of 1927, praying that Amarayi sales should be held by the Deputy Commissioner along with the Minor Forest Produce.

4. The following letters on the subject.—

(*i*) Letter No. 3360—26, dated the 31st March 1927, and No. C. 1836—27, dated 15th December 1927, from the Revenue Commissioner.

(*ii*) Correspondence ending with letter No. D2—3188-27, dated 9th July 1929, from the Chief Conservator of Forests, forwarding the opinion of the Revenue Commissioner on the subject and requesting orders in the matter.

ORDER No. G. 5199-210—FT. 452-26-11, DATED 21ST OCTOBER 1929.

According to the existing practice, sales relating to Tangadi and Kakke Barks and other items of Minor Forest Produce are held by Deputy Commissioners or by Assistant Commissioners deputed for the purpose assisted by District Forest Officers and sales relating to Village Amarayi are held at or before the Jamabandi time by Amildars.

2. It has been brought to the notice of Government that separate sales of Minor Forest Produce and Village Amarayi present difficulties in practical working and that separate leases are not also likely to fetch proper prices. It has, therefore, been suggested by the Revenue Commissioner and the Chief Conservator that both these sales might be combined and held by a single agency and that, as the Forest Department has control over the bulk of the Minor Forest Produce, it would be an advantage to entrust the work to that Department.

3. In view of the practical difficulties involved in the present practice relating to these sales, Government are pleased to direct that the arrangement proposed by the Chief Conservator and the Revenue Commissioner, namely, that both Minor Forest Produce and Village Amarayi be disposed of together by the Forest Department, be given a trial tentatively for a period of two years in two Districts—one Maidan and one Malnad.

4. As regards the division of the total revenue of the combined sales of Village Amarayi and Minor Forest Produce between the Forest and Revenue Departments, Government are pleased to direct that the average realisations of the Forest and Revenue Departments from Minor Forest Produce and Village Amarayi, during the last three years, may be calculated and the future combined revenue divided in that proportion and credit afforded to the two Departments as the collections are made.

5. The responsibility not only for auctioning the right to the several products but also for effecting recoveries should rest with the Forest Department according to the system agreed to by the Chief Conservator and the Revenue Commissioner.

6. The Revenue from Minor Forest Produce other than tanning barks is not now separately shown in the accounts and estimates of the Forest Department. This separation will be necessary under the arrangement now sanctioned and a separate head of account for showing the revenue from Minor Forest Produce other than the income from Tangadi and Kakke Barks should be opened.

7. As both the Forest and Revenue Departments will be interested in the sales of the combined lease, responsible representatives of both the Departments should be required to conduct the auction.

8. The Chief Conservator is requested to report in consultation with the Revenue Commissioner which two Districts should be selected for the introduction of the new system. He should also report at the end of two years how the new arrangement now ordered works.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Report on Vaccination in the State and of the Vaccine Institute, Bangalore, during the Calendar year 1928.

READ—

Report on Vaccination in the State and of the Vaccine Institute, Bangalore, received from the Sanitary Commissioner in Mysore, with his letter No. Per. Y. 16, dated the 10th August 1929.

ORDER NO. G. 5256-76—SANY. 94-28-8, DATED 22ND OCTOBER 1929.

Recorded.

2. There was a delay of more than three months in the submission of the report. Such delays should be avoided.

3. *Number of vaccinations performed.*—There were 190 Vaccinators in the State against 168 during 1927. The total number of vaccinations performed by them was 199,524 against 124,627 during 1927 showing an increase of 74,897. Of these, the number of vaccinations performed in rural areas was 1,45,138 as compared with 93,322 during 1927. The largest increase, *viz.*, 26,273 was in the Mysore District. This was due to a widespread outbreak of small-pox in some of the Taluks of the

District during the year. The average number of vaccinations performed by each Vaccinator was 1,002 against 681 during 1927. Special attention continued to be paid to vaccinations of Adikarnatakas and Adidravidas and the total number of vaccinations performed among these in all the Districts except Kolar and Tumkur was 14,089 against 7,364 during the previous year.

4. *Small-pox.*—The total number of deaths from small-pox was 4,571 against 531 in 1927 giving a ratio of 0·77 against 0·09 during the previous year per mille of population. The largest number of deaths, *viz.*, 2,794 occurred in the Mysore District.

5. *Inspections.*—The total number of vaccination cases inspected by the District Sanitary Officers and the Taluk Sanitary Inspectors amounted to 11,006 and 42,146, respectively.

6. *Compulsory Vaccination.*—Compulsory vaccination remained in force in all the Municipalities in the State and in the area under the administration of the Kolar Gold Field Sanitary Board. The question of enforcing vaccination throughout the State is engaging the consideration of Government. The attention of all the Municipal Councils is invited to the Sanitary Commissioner's remarks that " in order to facilitate the application of the provision of the Vaccination Regulation, it is necessary to maintain an up-to-date *Vaccination State Register.*"

7. *Cost of the Department.*—The total cost of the Department excluding the Vaccine Institute, was Rs. 57,910-1-5 against Rs. 42,755-14-0 during 1927.

8. *Vaccine Institute.*—During the year under review, 473 calves were successfully vaccinated and yielded 42,847 grains of pulp equivalent to 428,470 cases. The quantity of vaccine issued was equivalent to 285,230 cases including 31,945 cases issued outside the State. The cost of vaccine supplied was one anna and six pies per case against one anna and two pies during 1927. The income and expenditure during the year were Rs. 25,183-9-0 and Rs. 25,669-7-0 respectively showing an excess of expenditure by Rs. 485-14-0. The increased expenditure during the year was due to a sum of Rs. 7,507-8-0 having been incurred for the improvement and better equipment of the Institute. The amount outstanding on account of the supply of vaccine lymph was Rs. 41,092-15-5. The attention of the Sanitary Commissioner is invited to Government letter No. G. 1664—Sany. 63-26-29, dated the 6th August 1929 in the matter of outstandings and he is requested to arrange to get timely information as to the actual payments of money by Municipalities and others into the Treasury.

9. *General.*—Twenty four candidates for Vaccinator's appointments, two Midwives and five pupil compounders were given training in vaccination in the Vaccine Institute. During the year Mr. J. A. Isvara Murthi, Superintendent in charge of the Vaccine Institute, was deputed to the King Institute of Preventive Medicine, Guindy, Madras, to study the system of lymph production there, and as a result of his recommendations, Government have sanctioned certain proposals for the manufacture of improved vaccine lymph.

10. The working of the Department was on the whole satisfactory and showed increased activities on all sides.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Statement of Dismissals.

ORDER NO. G. 5019-70—G. M. 3-28-75, DATED 8TH OCTOBER 1929.

Confirmation of Officials on Rs. 25 per mensem.

READ—

Government Order No. 9008-9157—C. R. B. 34-28-1, dated 1st June 1929, granting discretion to all Unit Officers to confirm officials who were recruited under Government Order No. E. A. G. 2093-172—E. A. 14-21-7, dated 28th November 1921, and are holding appointments on a pay of Rs. 25 if the vacancies in which they are acting could be permanently filled up and exempting such of the officials as cannot be confirmed in existing vacancies from passing the S. S. L. C. Examination for purposes of being appointed to posts on a pay of Rs. 25.

ORDER NO. 2164-2264—C. R. B. 17-29-1, DATED 21ST OCTOBER 1929.

Some practical difficulties are reported to be experienced by appointing officers in giving effect to the Government Order read above. In the first place, confirmation of officials on Rs. 25 is authorised in the above order only if the vacancies in which they are acting could be permanently filled up. This will not enable appointing officers to confirm the officials in other permanent vacancies that may become available. In the second place, the mere granting of exemption from passing the S. S. L. C. Examination will not enable the officials in question being selected for appointments on Rs. 25 without advertising the vacancies.

2. With a view to facilitate the speedy absorption of acting officials of the class in question, Government are pleased to authorise appointing officers to confirm such officials in any permanent vacancies that may become available in their Units without advertising the vacancies. Such appointments should be reported for the information of the Central Recruitment Board.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Expansion of Primary Education in Rural areas.

READ—

Correspondence ending with letter Nos. D2-6282-7 of 1928-29 and 295—P. S., dated 2nd September 1929, and 30th September 1929, from the Director of Public Instruction in Mysore, submitting proposals for the utilisation of a sum of Rs. 50,000 provided in the Budget for 1929-30 for the expansion of Primary Education in Rural areas.

ORDER NO. D. 3884-85—EDN. 748-28-6, DATED 13TH OCTOBER 1929.

The Director of Public Instruction proposes to utilise the additional grant of Rs. 50,000 made by Government for the expansion of the Primary Education in Rural areas on the following items:—

I. Opening of 145 new schools at a cost of Rs. 36,435 per annum.
II. Conversion of 60 Aided Primary Schools into Government institutions at a cost of Rs. 9,180 per annum.
III. Appointment of 15 additional hands to the existing Primary Schools at a cost of Rs. 3,600 per annum.

2. *New Schools.*—Villages have been selected for new schools on the following considerations:—

(i) A minimum population of about 500.
(ii) Provision of building accommodation.
(iii) Certainty of fairly good attendance, and
(iv) The villages selected should as far as possible be in a Village Panchayet Area where there are no schools.

These conditions have, however, been relaxed in the case of Urdu and Adikarnataka schools and in a few instances where a school has been considered necessary on such grounds as the absence of institutions within easy distance.

3. *Conversion of Grant-in-aid Schools.*—The principles of selection in the case of Grant-in-aid schools proposed to be converted into Government institutions are that these schools should be of at least five years standing and situated in villages where suitable accommodation is available.

4. *Pay of School Masters.*—In fixing the pay of the school masters to be appointed in this connection regard has been had to the inadequacy of the existing scales of pay of primary school teachers, a large majority of whom are on a fixed pay of Rs. 15 per mensem. The present occasion has been taken to create a number of posts on Rs. 20 per mensem to provide an opportunity of promotion to school masters who have worked for long periods on salaries of Rs. 15 and Rs. 17 per mensem.

5. The total cost of the proposal as noted above is Rs. 49,215 per annum. The small balance of Rs. 785 that will remain after meeting the total recurring cost is proposed to be kept as a reserve to meet possible charges on account of cart-hire in the case of Urdu Girls' Schools, and rent, where absolutely necessary, in the case of Urdu and Adikarnataka Schools.

6. The Director proposes to meet the entire cost on account of the equipments of the abovementioned schools out of the savings that will accrue during the current year, as the opening of the new, and the conversion of the Aided Schools cannot be effected earlier than 1st November 1929. Such savings are expected to amount to about Rs. 20,000 which will cover the expenditure on equipment.

7. In the above circumstances, Government are pleased to sanction the proposals of the Director of Public Instruction, for:—

(i) The opening of 145 new Primary Schools in the villages selected;

(ii) The conversion of the 60 Aided Schools into Government schools;

(iii) Entertainment of 15 new hands for existing Primary Schools in urgent need of additional staff;

(iv) The fixing of the pay of teachers in new schools, in the schools to be converted and also the pay of additional 15 hands at Rs. 20 each per mensem; and

(v) The utilisation of savings expected in the grant of Rs. 50,000 for the equipment of those schools at a cost not exceeding Rs. 100 per school.

8. Statements showing the names of villages wherein the new schools are to be opened and the names of 45 villages wherein the grant-in-aid schools are to be converted into Government Schools are appended to this order. The Director of Public Instruction is requested to forward the list of 15 other villages wherein the aided schools are to be converted into Government schools.

GENERAL SECRETARIAT.

Preparation and publication of Voters' lists for General Constituencies in connection with the ensuing District Board Elections.

READ—

Rules 7-12 of the rules issued with Notification No. L. 1311—L. B. 25-26-3, dated the 21st August 1926, for the election of Members to District Boards and the preparation and publication of the lists of voters eligible for voting at the said elections.

ORDER NO. L. 3003-3020—L. B. 30-29-26, DATED 25TH OCTOBER 1929.

During the discussions at the Representative Assembly Session in October 1929, it was brought to the notice of Government that the lists of voters for the general constituencies prepared in the several Districts in connection with the elections for the reconstitution of the District Boards in February 1927 were defective and incorrect in several cases and certain suggestions were also made for the proper preparation and publication of the voters' lists and the satisfactory conduct of elections in all the Districts.

2. The matter has been carefully considered by Government and they are pleased to direct that all further proceedings in regard to the elections now arranged for in the several Districts be stopped and immediate steps be taken for the proper preparation and publication of fresh voters' lists in accordance with the following instructions:—

(*a*) As a preliminary step for the preparation of the voters' lists, the Deputy Commissioners of Districts should hold a meeting of the Sub-Division Officers, Amildars and Deputy Amildars of the District at the District Head Quarters and explain to them the mode of preparing the lists. The Taluk Officers may similarly arrange for a meeting of the Revenue and Panchayet Inspectors in the Taluks and explain to them the Rules and the procedure to be followed. The Revenue and Panchayet Inspectors should be asked to carry out the instructions fully with the help of the Patels and Shanbogues and to verify the correctness of the lists relating to their jurisdiction.

(*b*) The lists of voters for each Taluk or general constituency should be prepared in the form prescribed in rule 7 of the rules read above and signed by the Shanbogues and Patels in token of verification and correctness. Wherever feasible, the Chairman or Members of the Village Panchayet may be got to examine the list and verify it as far as possible The Revenue Inspector may scrutinise and check about 50 per cent, the Amildars or Deputy Amildars about 20 per cent and the Sub-Division Officers about 5 per cent of the entries in the lists so prepared. The lists will thereafter be sent to the Deputy Commissioners for final approval. A copy of the list for each Village so verified and approved may be posted in the chavadi, village panchayet office or other public place in the Village and a copy for the whole Taluk in the Taluk Office to enable voters to prefer their objections and claims, if any, in proper time.

(*c*) After approval of the lists, the Deputy Commissioner will arrange to get them printed in English and Kannada at the cost of the District Boards and to make copies of the same available for sale to the public at a price to be fixed.

(*d*) Claims and objections made in respect of these lists under rule 9 of the rules read above, either for entry of the names omitted in the lists or for the removal of the names unauthorisedly included in the lists may be heard by the Deputy Commissioner or any other Officer deputed by him under the rule and supplementary lists of such corrections printed and made available for sale.

3. The Deputy Commissioners of the several Districts are requested to take necessary steps for the preparation and publication of lists as above and send up for the information of Government fresh calendars showing the several stages for the elections under the altered circumstances. As it will necessarily take some time for the conduct of elections and reconstitution of the Boards under the above arrangements, a separate notification will issue extending the term of the existing District Boards.

B. NARAYANASWAMI IYENGAR
Offg. *General Secretary to Government.*

Registered No. M.—1175

The Mysore Gazette.

Vol. 64.] PUBLISHED BY AUTHORITY. [No. 44.

BANGALORE, THURSDAY, NOVEMBER 7, 1929.

PART I.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Reviews the Annual Administration Report of the Military Forces for the year 1928-29.

READ—

Report of the Mysore State Troops for the year 1928-29, received with letter No. C. 47—29-30, dated the 24th September 1929.

ORDER No. G. 5482—Mily. 82-29-4, DATED 28TH OCTOBER 1929.

Recorded.

2. Lt. Col. C. R. H. P. Landon, C.B.E., D.S.O., whose term of office as Chief Commandant was for a period of three years from 10th September 1926, continued to hold charge of the appointment till the end of May 1929 and availed himself of three months and nine days leave before retiring from the State Service Col. J. C. Loch, C.B.E., of the Indian Army has since been appointed in his place as Chief Commandant.

3. The post of Personal Assistant to the Chief Commandant which was abolished in November 1927 was revived during the year and Mr. A. J. Donne, Assistant Commissioner, was appointed to the post from 1st April 1929. He was in charge of the office of the Chief Commandant also during the absence of Col. Landon on leave. Major Sadig Mahomed Khan, Sardar Bahadur, I.O.M., continued in cammand of the Mysore Lancers till 31st May 1929 when he resigned the service and Major B. P. Krishne Urs, M.C., I.D.S.M., assumed command of the Unit from 1st June 1929.

4. The composition of the troops remained the same as in the previous year, namely, one cavalry regiment at Bangalore known as the 'Mysore Lancers', one squadron of the 'Mysore Horse' at Mysore, three battalions of Infantry at Bangalore, Shimoga and Mysore and one troop of the Transport Corps at Bangalore with detachments at Kunigal and Mysore. The health of the troops and the sanitation of the lines were good.

5. There were no courts martial and discipline was satisfactory. Two Sowars of the Mysore Lancers concerned in a case of theft of Sandalwood and sixteen men of the Barr guard responsible for the escape of prisoners from the Shimoga Jail were dismissed from the service during the year.

6. The officers and men who took part in the various military sports and competitions both within and outside the State gave a good account of themselves and won several cups and prizes. The Horses belonging to the Mysore Lancers won some cups at the Horse Shows at Bangalore and Ootacamund.

7. The civil authorities called in the aid of the Military to quell or to prevent disturbances. Three squadrons of mounted men and half a squadron of dismounted men were detailed for duty in connection with the disturbances in Bangalore City on 30th July 1928. Small detachments of men were also detailed in connection with the disturbances in Bangalore in July 1929 and also during mill strikes and lock-outs at Bangalore from time to time as well as in connection with the Mohurrum disturbances at Davangere towards the close of the year. The troops acquitted themselves satisfactorily on all these occasions and restored order.

8. The total expenditure under the head "Army" during the year was Rs. 19,12,813 as against Rs. 18,91,005 of the previous year. The total amount spent on military works both original and repair was Rs. 1,57,956 as against Rs. 1,44,221 in the previous year. Of this, the outlay incurred on the construction of quarters for officers and sowars at Mysore and for Barr sepoys at Nanjangud, Yedatore, Pavagada, Madhugiri, Honnali and Shimoga amounted Rs. 67,101.

9. His Excellency the Commander-in-Chief inspected the Mysore Lancers in July 1928 and was very much pleased with the turn-out of the men and the stable arrangements. The Military Adviser to the Government of India has, in his annual report of inspection of the Mysore Lancers, highly commended the smartness of the officers and men and their efficiency in horse-manship and military training.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Reviews the Administration Report on the working of the Stores Purchase Committee for the year 1928-29.

READ—

The Administration Report on the working of the Stores Purchase Committee for the year 1928-29, received with letter No. 3520, dated 10—11th September 1929, from the Secretary of the Committee.

ORDER NO. G. 5325-78—G. M. 63-29-3, DATED 23RD OCTOBER 1929.

Recorded.

2. Col. P. A. Barton and Mr. T. Nanjappa were nominated as the representatives on the Committee of the Industries and Commerce Board and Mr. B. K. Garudachar as the representative of the Mysore Chamber of Commerce. The latter, however, resigned his seat in April 1929.

3. The Committee met six times during the year and discussed thirty-eight subjects relating mostly to the acceptance of tenders.

4. The total value of stores purchased in India and in foreign countries amounted to Rs. 33,75,671 as against Rs. 31,65,473 during the previous year. Of this, orders to the value of Rs. 19,52,084 were for foreign articles and of Rs. 14,23,587 were for those made in India. Of the stores, all materials required by the Railway Department representing about half the total value of foreign orders were obtained through Messrs. Render Palmer and Tritton, London; stores to the extent of £ 13,485 were ordered through Mr. H. D. Rice, London; and the rest were purchased by the Committee direct from manufacturers. The policy of giving all possible encouragement to local industries and manufacturers was as usual adhered to during the year. Clothing materials for the menials of some of the Government offices were obtained as in

the last year from the Badanaval Handspinning and Weaving centre. A part of the supply of sandals required for the Police and other Departments was obtained from the chucklers of Malvalli and this arrangement is reported to have afforded employment to some poor families there besides giving an impetus to the industry.

5. The expenditure on account of the establishment, etc., of the Stores Purchase Committee and the commission paid to the two London Agencies, namely Messrs. Rendel Palmer and Tritton and Mr. H. D. Rice, amounted to Rs. 31,926 as detailed below:—

Rs. 12,388 commission paid to Messrs. Rendel Palmer and Tritton, London.
Rs. 4,495 commission paid to Mr. H. D. Rice.
Rs. 15,043 Establishment and other charges of the Stores Purchase Committee.

This works out to an incidence of ·95 per cent to the total business transacted as against ·92 per cent in the previous year.

Government note with pleasure that the work of the Committee was satisfactory in the year under report.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

The Meteorological Department.

READ—

The Annual Administration Report of the Meteorological Department for 1928-29, received with letter No. 175, dated the 9th September 1929, from the Meteorological Reporter to Government.

ORDER No. G. 5399-409—G. M. 62-29-3, DATED 24TH OCTOBER 1929.

Recorded.

2. Mr. C. Seshachar, M.A., F.R. MET. SOC., was in charge of the Department throughout the year under report except for a short period of seven days in July 1928 when the Chief Observer acted for him.

3. A new 3rd Class Observatory was opened at the Balehonnur Government Coffee Experimental Farm in the Kadur District, in April 1929, in order to obtain climatological data for the malnad area. Arrangements were made to record temperature and rainfall at Jogimatti, a small hill station near Chitaldrug, to see if it can be made a sanatorium. No new rain-gauge station was opened during the year under report.

The Observatories at Bangalore, Mysore and Hassan were inspected once and the one at Chitaldrug twice during the year. Out of 237 rain-gauge stations in the State, 79 were inspected once, 134 more than once and the remaining 24 were not inspected during the year.

The First Class Observatory at Bangalore which has been well equipped with up-to-date self-recording and other special instruments and the four 3rd Class Observatories at Mysore, Hassan, Chitaldrug and Balehonnur continued to record weather elements satisfactorily and the daily readings taken at fixed intervals were telegraphed to Poona and Madras for incorporation in the daily forecast and weather reports issued from these centres. As usual, reports were published in certain local newspapers.

The observations of the velocity and direction of wind in the upper air regions with the help of pilot balloons, and of clouds with the help of the Nephoscope were made at regular hours and the results were calculated and telegraphed to Poona and Agra, respectively. A number of storm observations were taken and telegraphed to Poona; and the Chitaldrug Observatory sent a flood warning telegram to Waltair.

The work of the Department during the year was satisfactory.

Grant of lands for the cultivation of Tea, Coffee, Cinchona and Rubber.

READ—

Government Order No. R. 1102-14—L. R. 484-26-8, dated 8th August 1928, issuing revised rules in the matter of the grant of lands for tea, coffee, rubber, cinchona and cardamom cultivation.

Letter dated nil from the Secretary, the Mysore Planters' Association, making certain representations in the matter of the rigidity and harshness of certain portions of the revised rules, and proposing certain additions and modifications thereto as approved by the Association.

Letter No. C. 3390—28-29, dated 20—24th April 1929, from the Revenue Commissioner in Mysore, submitting his views on the various suggestions and amendments of the said Planters' Association.

ORDER NO. R. 2631-91—L. R. 445-28-17, DATED 7TH OCTOBER 1929.

The proposals of the Association are detailed below:—

(*a*) The following addition to be made to Rule 1: "To enable such applications to be correctly made, the Shanbhog concerned shall, on application, supply to the applicant for land full details of the land to be applied for".

(*b*) In Rule 2, after the words "higher revenue officer" insert "than the Amildar with a view to seeing if there are any objections to the grant, but not to value the land" and add the following sentence at the end: "when it has been ascertained that there is no objection to the grant of the land applied for, it shall be duly demarcated".

(*c*) In Rule 3, after the word 'instituted' insert "at the same time by the same Revenue Officer, who shall make a written report of his recommendations sending a copy of it to the applicant" and after the word "communities" insert the word "landholders."

(*d*) In rule 6, omit the words "shall be duly demarcated and"; cancel the word 'an' and insert "a fixed"; cancel the words "to be fixed by the Deputy Commissioner, with reference to the market value of the land, such upset price being not less than" and insert "of"; for "dispose" read "sanction the sale"; insert after "valuation" the words "but to no other person" cancel the words "or to any other person"; "cancel the words" 'either' and "or for upset price"; and insert the words "or lease" after "alienate."

(*e*) In rule 9, cancel the words after "shall be published in the neighbouring villages"; and substitute "posted for one calendar month in Kannada, Urdu and English outside both the Taluk Treasury and the house of the Grama Patel of the village in which the land to be sold is situated, and the Shanbhog shall notify and obtain the signatures to the notification of all landholders of lands adjoining the land to be sold".

(*f*) In Rule 10, insert at the beginning of the rule "sales of lands not exceeding 25 acres shall be held on the spot; sales of land over 25 acres shall be held at the Taluk

Treasury"; cancel the words "under the usual conditions" and insert "between the hours of 10 A.M. and 4 P.M., and no auction shall be closed before 4 P.M." cancel 'and the' and substitute 'The'; cancel 'fixed'.

(*g*) In rule 10 A, omit from the word 'provided' onwards.

(*h*) In rule 10 C, omit "it shall be refunded to him"; add after 'auction' the following words "the auctioneer shall at once give the applicant a demand note for the amount of his deposit, which note shall be cashed at once on presentation at the Taluk Treasury".

(*i*) In rule 11, for 'arable' read "plantable".

(*j*) Add the following as Rule 16:—"Confirmation of sale must be given or denied to the buyer by the revenue officer of the next grade above the auctioneer on or before the 30th day after the sale. If the confirmation of the sale be denied, the reason must be clearly and fully stated with the responsible cause".

2. It will be seen from the above that the most important objection is to Rule 6 as it stands at present. It is said that upset prices are fixed arbitrarily, and without proper regard for the soil and the nature of the surroundings, and that therefore it should be fixed as of old at ten rupees per acre. Government agree that there is some force in this contention, but are of opinion that there is no need to revert to the old rate. In the Nilgiri District of the Madras Presidency, the minimum is as much as Rs. 75 per acre for land covered with scrub jungle, and one hundred and twenty-five to two hundred rupees per acre for land covered with shola or good forest growth. Government are of opinion therefore that the upset price may be fixed ordinarily at Rs. 40 per acre, and only in the case of applications from the Depressed Classes and from *bona fide* cultivators of small means, at Rs. 12-8-0 per acre when the extent asked for is 15 acres and below in each case.

3. The next important alteration suggested is that sales of these lands exceeding 25 acres in extent should be held at the Taluk office only. Government approved of this suggestion also. The third suggestion is that in cases where the land is purchased by any person, other than the first applicant, the sale conducting officer should at once give a demand note to the latter for the amount of the deposit, which should be cashed at once on presentation at the Taluk Treasury. The Revenue Commissioner is not in favour of this addition to the existing rules. Government agree with the Revenue Commissioner, and think that it will serve the purpose if Revenue officers are duly instructed by the Revenue Commissioner to see that the deposits are returned promptly to the unsuccessful darkhastdars.

4. The other alterations suggested are mainly of a subsidiary character and need no detailed comment. Government do not think it necessary to apply the coffee rules to lands granted for cardamom cultivation. The ordinary darkhast rules will apply to them as heretofore.

5. The rules as revised are appended herewith.

B. NARAYANASWAMIIYENGAR,
Offg. *General Secretary to Government.*

ANNEXURE.

In supersession of the existing rules, the Government of His Highness the Maharaja are pleased to issue the following revised rules for the grant of lands, for the cultivation of tea, coffee, cinchona or rubber in the State.

APPENDIX I.

1. Applications for land for tea, coffee or cinchona cultivation shall be made to the Amildar in the first instance setting forth the area required, the survey number, the village and the hobli in which the land is situated. To enable such applications to be correctly made the shanbhog concerned shall, on application supply to the applicant full details of the land to be applied for.

2. The land applied for when more than 50 acres in extent, shall be inspected by a Revenue Officer of a status higher than the Amildar, and when situated in a valuable timber tract by the Forest Officer. The land applied for should be demarcated only after the grant is sanctioned, and just before the land is put in possession of the purchaser at the auction sale or for upset price, the cost of such demarcation being born by the grantee.

3. In all cases, due enquiry shall be instituted as to whether the land can be given out for cultivation without prejudice to the interests and rights of neighbouring village communities and of the Forest Department.

4. Ordinarily, no application shall be entertained for an area larger than 500 acres, in the case of tea, and 200 in the case of coffee, cinchona or rubber ; but in special cases in which the Deputy Commissioner is satisfied of the applicant's ability to bring under cultivation a larger area within a reasonable time, an application may be entertained for such area as the Deputy Commissioner may consider reasonable.

5. No land containing valuable timber trees, which it is desirable that the Government should in the Forest Department conserve and work, shall be granted for tea, coffee, cinchona or rubber cultivation.

6. When it has been ascertained that there is no objection to the grant of the land applied for, it shall ordinarily be sold by public auction subject to an upset price of Rs. 40 per acre. In the case of applications from the Depressed Classes and *bona fide* cultivators of small means when the extent applied for is 15 acres and below in each case, the minimum upset price will be Rs. 12-8-0 per acre.

Deputy Commissioners may dispose of lands by public auction up to a limit of 50 acres. In exceptional cases when a sale by public auction is undesirable, the Revenue Commissioner may order the grant of the land to the first applicant or to any other person on a fair valuation. His powers of grant, either by auction or for upset price, will be limited to an extent of 100 acres. All other cases, particularly when the applications are considered to be of a speculative nature, should be referred to Government.

Provided also that when such lands are applied for by applicants belonging to the Depressed Classes they may be given by the Deputy Commissioner to the first applicant for an upset price without auction. In these cases a mutchalika should be taken from the grantees in the form prescribed in Government Order No. R. 869-75—L. R. 75-25-2, dated 18th August 1925, stating that they will not alienate or lease out the lands for a period of 15 years. The extent granted to any one individual under this proviso should not exceed 15 acres in extent.

7. The upset price fixed as above shall include right of Government to all reserved trees except Sandal which shall always be reserved absolutely to the Government.

What the fixed upset price of the land shall include.

8. Before the land is advertised for sale, the applicant shall deposit with the Deputy Commissioner one-fourth of the upset price fixed as above.

Deposit to be made by applicant.

9. Full notice of every intended sale shall be posted for one full calendar month in Kannada, Urdu and English in the Taluk Office, the chavadi or other conspicuous place of the village where the land to be sold is situated and the Shekdar shall notify and obtain the signatures to the notification of all holders of lands adjoining the land to be sold, as far as it may be possible. All sales of Blocks of a greater extent than 50 acres shall be advertised in the Official Gazette and in the local and outside papers also, if deemed necessary by the Deputy Commissioner of the District and the Revenue Commissioner.

10 Sales of land not exceeding 25 acres in extent shall be held on the spot; sales of land over 25 acres in extent shall be held at the Taluk Office. The sale shall be by public auction under the usual conditions between the hours of 10 A. M., and 4 P. M., and no auction sale shall be closed before 4 P. M. The land shall be knocked down to the highest bidder above the upset price fixed, whereupon the purchaser shall deposit a sum equal to 25 per cent of his bid, and in default of such deposit, the property shall forthwith be again put up and sold. The full amount of purchase money shall be paid before sunset of the 15th day from that on which the sale of the land took place, or if the said 15th day be an authorised holiday, then before sunset of the first office day after such 15th day.

10A. In default of payment within the prescribed period of the full amount of purchase money, the deposit, after defraying thereout the expenses of the sale, shall be forfeited to Government, and the property shall be resold, and the defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may be subsequently sold.

10B. If the proceeds of the sale, which is eventually made, be less than the price bid by such defaulting purchaser the difference shall be recoverable from him by the Deputy Commissioner as an arrear of land revenue.

10C. The deposit of one-fourth of the upset price made by the applicant under para 8 above, shall, if the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money, and it shall be refunded to him, if the land is purchased by any other person in the auction.

11. The lands sold under the above rules shall be given on a guarantee for 30 years on the terms of the Survey Settlement subject to the condition that this period will run for the taluk or the locality as a whole, thus providing for the synchronization of future revision settlements for coffee, tea and other lands of a particular area like a taluk. The lands shall, in the case of coffee be held.

(*a*) Free of assessment for the first three years, and half assessment for the next two years, the full assessment of Rs. 1-4-0 per acre being payable from and after the sixth year.

(*b*) In the case of tea, free of assessment for the first five years from the date of grant, and on full assessment at the rate of Rs. 1-8-0 per acre from the sixth year onwards. No grant will be made unless the applicant is able to prove that he can raise the necessary capital for starting the industry. One-fifth of the area granted shall be planted up every year.

The same rate of assessment will be levied on coffee lands held on temporary tenure or other lands which are cultivated with tea. Before the abovementioned concessions are granted, the purchaser will bind himself in writing to pay the full assessment from the first year in the event of his resigning the lands after cutting down the timber thereon or otherwise clearing any portion, but without having made any *bona fide* attempt to bring under cultivation the plantable lands included in the grant.

Concession as regards land required *bona fide* for purposes of coffee or tea cultivation, such as drying grounds, cooly lines, etc.

12. The Deputy Commissioner may, in his discretion, grant to the holder of an estate, on a fair valuation and without an auction, any moderate extent of Kharab land adjoining his farm which may be unfit for coffee cultivation, but required *bona fide* for the purposes of coffee cultivation, such as (1) drying-grounds, (2) pulper buildings and washing cisterns, (3) store buildings, (4) cooly lines, and (5) bungalows. In making grants under this rule, due regard shall be had to the provisions of the preceding rules as far as they apply, provided that in no case shall the extent of land to be granted by the Deputy Commissioner under this rule exceed ten acres for any single estate without the previous sanction of the Government.

Land granted under this rule shall be assessed at Rupee one and annas four per acre in the case of coffee and at Rs. 1-8-0 in the case of tea.

The proprietor of an estate may be allowed to erect cooly lines, store buildings, etc., on the assessed land under his occupation.

13. For lands under these rules title-deeds shall be granted to the grantees specifying the conditions and privileges of the grant in the appended form.

Fee for title-deed.

14. A fee of one rupee for each title-deed shall be recovered from the grantee for cost.

Drawing toddy—how allowed and how restricted.

15. The grantee can draw toddy from Bagani or other trees for the making of bread or other *bona fide* domestic purposes, but not otherwise, as the toddy contractor alone has the right to draw toddy for other purposes after obtaining the grantee's consent.

FORM.

Whereas under the Rules for the disposal of lands for coffee or tea cultivation the land specified in the schedule hereunder written has been sold $\frac{\text{in public auction}}{\text{for upset price}}$ and A. B., being the $\frac{\text{highest bidder}}{\text{purchaser}}$ was declared the purchaser thereof, and whereas the said A. B., has paid into the Government Treasury the full sum of the purchase money amounting to Rs.....

Now I.C.D., the Deputy Commissioner of ....., acting under the authority of the Government of His Highness the Maharaja of Mysore, do hereby grant and confirm the said land to the said A. B., his heirs, personal representatives and assigns under the terms of the Survey Guarantee Rule and subject to the provisos hereinafter mentioned, and subject also to the regular yearly payment of the sum of Rs.....as the land revenue assessment of the land until the same is revised in accordance with the law for the time being in force.

1. Provided that this assessment shall be paid for each revenue year to the proper receiving officer on or before the 31st March in that year, failing which it will be recoverable by the ordinary process for recovering arrears of land revenue in Mysore.

2. Provided also that the said A. B., or other lawful owner of the said land, shall, at all times hereafter at his own expense, repair and maintain in good order the boundary marks erected round and in the said land, failing which, it shall be lawful for His Highness the Maharaja's Government after due notice to cause the repair of the boundary marks to be carried out and to recover the cost of such repair as a revenue demand from the said A. B., or other lawful owner.

3. Provided also that this title-deed in no way affects the liability of the abovesaid land to such rates or taxes other than land revenue as are or as may be imposed by law, whether for general, municipal or other local purposes; nor does it in any way affect any rights or interest which other parties may have in the said land.

4. Provided also that nothing in the title-deed contained shall affect the existing or customary rights of Government or of proprietors of lands adjoining or lying near the said land in all existing roads and paths and in streams of water running through or bounding the said land.

5. Provided also that this title-deed shall in no way be considered to grant to or in any way vest in the said A. B., his heirs, personal representatives or assigns any right, title or interest in or to precious stones, gold and other minerals or coal or stone or rock containing or supposed to contain precious stones, gold or other minerals or coal known to exist or which may at any time hereafter be discovered on or under the said land or any part thereof all of which are hereby respectively reserved to the Government of His Highness the Maharaja of Mysore subject to the following conditions, namely:—

(*a*) That if the said Government decides to work any mine upon the land either by itself or its servants, agents and other persons by it duly authorised, then the said Government shall have full and free liberty and right of ingress, egress and regress by nearest way at all times for itself and its servants, agents and workmen and for all persons by it duly authorised, in and upon the said lands and premises and either with or without horses and other cattle, carts and waggons and other carriages to erect on the said land and premises and to use any engines or machinery for the purpose of searching for working, getting and carrying away the said precious stones, gold and other minerals, and coal, with full liberty for the said Government to sink, drive, make and use upon the said land, mines, pits, shafts, drifts, adits, air-courses and water courses and to use all water which may be lifted or raised from the same and also to appropriate and use any part of the surface of the land and premises for depositing, placing and heaping thereon, the minerals, waste, rubbish and other substances which may be got from the said mines and generally to do all other acts and things necessary or proper for working and getting the said precious stones, gold and other minerals and coal and rendering the same merchantable, the said Government paying or rendering compensation to the said A. B., his heirs, personal representatives and assigns for all damage which the said A. B., his heirs personal representatives shall sustain by reason of the exercise by the said Government of such right of way as is hereinbefore reserved, or by the erection and use of any such engines, machinery or works as are hereinbefore mentioned or the exercise of all or any of the rights hereinbefore reserved to the said Government, provided always that nothing hereinbefore contained shall authorise the said Government to sink any mine, pit or shaft or exercise any of the rights hereinbefore reserved to it upon any part

of the said land and premises which shall be occupied by any messuage or dwelling house or its curtilage or by any enclosed garden or orchard, and provided further that if the said Government and the said A. B., his heirs, personal representatives or assigns do not agree as to the amount of compensation to be paid to the said A. B., his heirs, personal representatives or assigns the amount of such compensation shall be settled in accordance with the procedure prescribed by the Land Acquisition Regulation, 1894, for determining the amount of compensation; and

(*b*) That the said A. B., his heirs, personal representatives or assigns shall always be allowed to use free of charge any limestone, granite and ordinary minerals other than metals or coals or precious stones which may be found on or under the said land and which may be applied to the *bona fide* private use of the said A. B., his heirs, personal representatives or assigns and not removed for purposes of sale.

6. And provided also that this title-deed shall not be considered in any way to grant to or vest in the said A. B., his heirs, personal representatives or assigns the right to Sandal trees, which are hereby reserved to the Government of His Highness the Maharaja of Mysore.

APPENDIX II.

Revised rules for the grant of lands for rubber cultivation.

Government direct that all future applications for lands for rubber cultivation be dealt with in accordance with the rules relating to the grant of lands for coffee or tea cultivation. The lands will be sold by auction subject to a minimum upset price of Rs. 40 per acre and granted on temporary tenure. They will be held free of assessment for the first three years and on half assessment for next two years, full assessment at Rs. 1-8-0 per acre being recovered from the 6th year. A title-deed in the form given above will be issued to the grantee, whenever lands are given out for rubber cultivation as above.

2. In the case of lands which have already been given out for rubber cultivation under the rules of 28th September 1906, Government are pleased to direct that the rates of assessment be reduced from Rs. 3 to Rs. 2 per acre.

By Order,

Compassionate Gratuity.

READ—

G. O. No. Fl. 7418-77—S. & A. 252-28-4, dated 1st—3rd April 1929, sanctioning a provisional scheme for grant of compassionate gratuity to the families of deceased officers.

2. Letter No. Fl. 1181—28, dated 30th April 1929, from the Chief Commandant, Mysore State Troops, recommending that the scheme introduced in the Government Order read above may be applied *mutatis mutandis* to the dependents of Military Officers who meet with natural death while yet in service or very soon after retirement.

ORDER No. Fl. 2820-79—S. & A. 97-29-2, DATED 25TH—26TH OCTOBER 1929.

Government are pleased to direct that the scheme of grant of compassionate gratuity introduced in the Government Order read above be extended to the cases of pensioners of the Military Department governed by the Civil Pension Rules. Separate orders will issue regarding the extension of the scheme to those subject to the Military Pension Rules.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Directs the conversion of the present *Ex-officio* Sub-Registry Office at Kortagere into Special Office.

READ—

Letter No. C. R. 231/28-29, dated 26th July 1929, from the Inspector-General of Registration, recommending that the present *Ex-officio* Sub-Registry Office at Kortagere, may be converted into Special Office with effect from 1st October 1929.

With reference to correspondence ending with Government Order No. Fl. 9137-8—Regis., dated 9th—11th June 1929, approving the appointment of an additional clerk temporarily to the *Ex-officio* Sub-Registry Office at Kortagere, I have the honor to state that the Sub-Taluk of Kortagere was formed into a pukka taluk from 1st January 1929, by adding Kolala Hobli and 29 villages of the Uradagere Hobli of the Tumkur Taluk. As a consequence the number of registrations at Kortagere on the average increased from 800 to more than 1,000, the work fell consequently into arrears being too heavy to be managed by the Taluk Sheristedar in addition to his own duties in the Revenue Department and a single clerk. As a temporary measure an additional clerk has since been appointed. The Taluk Sheristedar will not be able to supervise the work properly and to attend to the registration work without causing inconvenience to the parties. As the number of documents to be registered is more than a thousand the District Registrar is repeatedly pressing for the appointment of a whole-time Sub-Registrar and I therefore recommend that the present *Ex-officio* Office may be converted into a special one with effect from 1st October 1929.

The establishment required is one Sub-Registrar on Rs. 50 one Clerk on Rs. 20—1—25 and an attender on Rs. 15 and two peons, one on Rs. 10 and another on Rs. 9 costing in all Rs. 1,743 a year. Deducting from this the present cost of Rs. 645 (allowance to the Taluk Sheristedar Rs. 10 one Clerk on Rs. 20—1—25 and one temporary Clerk on Rs. 20) the net extra expenditure will be Rs. 1,098 and for the eight months in the current year it will be about Rs. 432. The proposal for this extra charge could not be included in the current year's Budget as the question of forming a special office had not been decided at the time of sending up the Budget Estimates. I request that an additional grant for Rs. 432 may kindly be sanctioned as it is not possible to find the amount by re-appropriation.

2. Correspondence ending with letter No. B. 290, dated 2nd September 1929, from the Comptroller forwarding, duly verified, a proposition statement in connection with the recommendation referred to above and stating that the proposal involves an extra cost of Rs. 1,228 per annum.

ORDER No. FL. 2659-61—REGIS. 5-29-4, DATED 24TH OCTOBER 1929.

The proposals of the Inspector-General of Registration are sanctioned subject to the modification that instead of two peons as proposed there will be one peon on Rs. 10 and one scavenger on Rs. 9.

The extra amount required during the current year will be met by a re-appropriation of funds.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Fruit Culture.

OFFICIAL MEMORANDUM.

No. D. 4515-24—E. C. 21-29-1, DATED 7TH NOVEMBER 1929.

Much useful work could be done in the way of encouraging people to grow fruit trees in the yards of their houses, both in towns and villages.

The District Economic Superintendents are requested to take up this activity and pursue it in a steady and systematic manner. In places like Bangalore and Mysore, fruit plants suited to the locality, such as Papayas, Guavas, Loquots, Figs, Pomegranates, Sapodilla, Vine and Lime, are easily available, and what is required is that the Economic Superintendents should get at people, who have available space for planting and supply the requisite plants.

There are nurseries in some Districts, and these should be developed so as to render available a large supply of plants for distribution throughout the District. The local bodies may be interested in this activity and their co-operation secured to the fullest extent possible. Where nurseries do not exist already the District Economic Superintendents should exert themselves to start nurseries, or get the plants from the Lal-Bagh where a large number of plants of the kinds mentioned above are available. The Superintendent will supply them free, only cost of transport being borne by the District Economic Superintendents. They may also adopt other means of securing local supplies of fruit plants for the benefit of people who can be induced to adopt growing fruit trees in their yards as a supplemental source of food or income.

The plants should be selected with special reference to the requirements and natural facilities of each locality.

The District Economic Superintendents are requested to submit a programme of the work they intend doing in this direction, and to devote a special paragraph in their future monthly reports, to the action they have taken and results they have achieved.

By Order,

N. RAMA RAO,
Secretary to Government,
Development Departments.

Economic Lecturer.

ORDER NO. D. 4569-73—E. C. 23-29-1, DATED 8TH NOVEMBER 1929.

It has been suggested that rural development would be expedited and given a proper orientation if competent men could be secured to carry on systematic propaganda by means of lectures, readings and cinema shows. Government are of opinion that this suggestion is deserving of a trial and are pleased to sanction the appointment of Mr. G. B. Raghavendrachar, B.A., now a teacher on Rs. 75 *plus* 20 in the Education Department, on a pay of Rs. 100 *plus* fixed Travelling Allowance of Rs. 40 per mensem for a period of one year as Economic Lecturer for the Bangalore District.

It will be the duty of the lecturer to carry on a propaganda on all aspects of Village Improvement, especially Education, Agriculture, Industries and Commerce, and Sanitation.

The lecturer should, in the first instance, select, in consultation with the Economic Superintendent, and under the orders of the Deputy Commissioner, a number of Panchayet Villages, which may be regarded as typical of the conditions prevailing in the District, and carry on this work in them. He will be expected to camp in these villages for not less than 15 days in the month and to enlist the cordial co-operation of the panchayets and officers connected with the work of rural re-construction. The influence he is able to exercise on village life and the extent of co-operation he is able to secure will be regarded as the measure of his usefulness.

Mr. Raghavendrachar will work under the District Economic Superintendent of Bangalore, and his diary will be submitted to the Secretary, Economic Conference, through the Deputy Commissioner and the Revenue Commissioner. The Secretary to the Economic Conference is requested to place before each session of the Conference and its Standing Committee, a brief report of the work done by the lecturer.

The cost on account of this appointment will be met from the reserve of Rs. 5,731 sanctioned in Government Order No. D. 1725-54—E. C. 6-29-1, dated 14th August 1929.

N. RAMA RAO,
Secretary to Government,
Development Departments.

FINANCIAL SECRETARIAT.

Leave and Pension Rules.

ORDER NO. FL. 3287-336—S. & A. 164-28-3, DATED 12TH NOVEMBER 1929.

The question of revising the leave and pension rules applicable to inferior servants, so as to bring them into line with those governing the cases of officers in superior service has been under consideration for some time.

2. While a superior servant is entitled to pension for a qualifying service of not less than 10 years, at 1-60th of the average emoluments multiplied by the number of years of service up to a maximum of half the average emoluments drawn during the last three years' tenure an inferior servant cannot under the existing rules get pension for service of less than 30 years and the maximum pension admissible to him is limited to Rs. 8 whatever his pay.

3. There is also differentiation in the scale of gratuity admissible to the two classes of officers for service short of that required for earning pension. While an officer in superior service, is allowed gratuity of one full month's pay for each year of service, an inferior servant can claim only half a month's pay for each year of service rendered by him.

4. As regards leave, inferior servants are now under a disability in not being allowed furlough on average salary or leave on medical certificate with the privilege of claiming leave allowances equal to three-fourths salary.

5. Having considered the matter in all its aspects, Government are now pleased to revise the leave and pension rules applicable to inferior servants as follows :—

(1) *Compensation and Invalid Gratuity.*—Gratuity at one month's pay at retirement, will be allowed for each completed year of qualifying service up to 15 years.

(2) *Compensation and Invalid Pension.*—After a service of not less than 15 years, the scale of pension will be as follows:—

Years of completed service.	Scale of pension.
15 ..	... 15—60ths of average emoluments.
16 ..	... 16—60ths do
17 ..	.. 17—60ths do
18 ..	.. 18—60ths do
19 ..	.. 19—60ths do
20 ...	.. 20—60ths do
21 .	... 21—60ths do
22 ..	.. 22—60ths do
23 ..	.. 23—60ths do
24 ...	... 24—60ths do
25 ...	.. 25—60ths do
26 ..	.. 26—60ths do
27 ..	.. 27—60ths do
28 ..	.. 28—60ths do
29 ...	.. 29—60ths do
30 and above	.. 30—60ths do

(3) *Regarding Leave.*—The provisions relating to grant of furlough on average salary and leave on medical certificate to superior servants, will be extended to inferior servants as well.

6. Under the existing rules applicable to Military pensioners service gratuity is not admissible for less than five years and for service thereafter the gratuity allowable is only three months' pay for every complete five years in all units except the Transport Corps where the scale for gratuity is three months' pay for every completed period of six years.

The minimum period for earning pension is—

18 to 20 years in the Cavalry Regiments.
21 years in the Transport Corps.
24 years in the Barr Forces.

7. Government consider that the service gratuity and pension rules of the Military pensioners should also be revised so as to permit the grant of gratuity of full one month's pay for each completed year up to 15 years' service and of ordinary or first pension for service of 15 years and over, uniformly in all the units.

8. Necessary A and C slip incorporating the foregoing modifications in the Mysore Service Regulations will issue separately.

9. The revision sanctioned in this order, will have effect from the 18th October 1929.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Standing Advisory Boards.

READ—

Government Order No. G. 3446-55—Pris. 39-24-22, dated the 29th September 1926, approving of the constitution of Standing Advisory Boards for the revision of sentences of Long Term Prisoners.

2. Correspondence ending with letter No. C. 150-7, dated the 22nd October 1929, from the Inspector-General of Prisons in Mysore, stating that the system sanctioned in the Government Order read above has worked satisfactorily in both the Bangalore Central and Mysore Jails and has greatly contributed to the moral well-being of the prisoners released on probation and therefore requesting sanction for the constitution of the Advisory Board as a permanent measure.

ORDER NO. G. 6260-70—PRIS. 24-29-3, DATED 21ST NOVEMBER 1929.

Sanctioned.

The Inspector-General of Prisons is requested to submit proposals for the nomination of the non-official members to the two Boards of the Bangalore Central and Mysore Jails.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

Debarred from Appointment to the Public Service.

READ—

Correspondence ending with letter No. 89, dated 26th October 1929, from the Superintendent, Revenue Survey and Settlements in Mysore, reporting on the conduct of K. B. Mohan Ponde.

ORDER No. 2636-2835—C. R. B. 20-29-1, DATED 22ND NOVEMBER 1929.

In response to a Notification dated 6th August 1928, calling for applications from candidates possessing at least the S. S. L. C. qualification for admission to the Survey Class to be opened for training men for the Record of Rights Work, one K. B. Mohan Ponde, residing at No. 109, Srinivasa Mandiram Lane, Balepet, Bangalore City, submitted an application to the Central Recruitment Board on the 28th idem in which he stated that he had studied up to the Intermediate Examination and was willing to undergo the Record of Rights Training. His application was sent to the Superintendent of Revenue Survey and Settlements along with those of others possessing the prescribed qualifications and he was eventually selected by the Superintendent for admission to the Training Class.

After the completion of the Training, Mohan Ponde was posted for work in the Mysore Circle. When he reported himself for duty in that Circle on 3rd August 1929, it was found on enquiry that he had not passed the S. S. L. C. Examination, but had got admission to the Survey Training Class by making a false statement. The Superintendent of Revenue Survey to whom the matter was reported by the Circle Officer is of the opinion that it is not desirable to retain such men in the service. He accordingly recommends that the services of Mohan Ponde may be dispensed with and that he may be debarred from entry into service for such period as Government think fit.

Government agree with the Superintendent, in the view put forward by him and direct that Mohan Ponde be debarred from appointment to the Public Service in Mysore for two years and that his services be dispensed with immediately.

R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Bye-laws of the Mysore Co-operative Land Mortgage Bank.

READ—

Letter No. 499—C. S., dated the 18th—20th July 1929, from the Registrar of Co-operative Societies in Mysore forwarding a set of draft bye-laws for the working of the Mysore Co-operative Land Mortgage Bank.

ORDER No. G. 5927-8—L.M. 4-29-3, DATED 11TH NOVEMBER 1929.

Under Section 53 of the Mysore Co-operative Societies Regulation, VII of 1918, as amended by Regulation V of 1929, Government are pleased to approve of the accompanying bye-laws of the Mysore Co-operative Land Mortgage Bank.

N. RAMA RAO,
Secretary to Government,
Development Departments.

THE MYSORE CO-OPERATIVE LAND MORTGAGE BANK, LTD., BANGALORE CITY.

Bye-laws (as approved by Government.)

Name.

1. The name of the Bank is the Mysore Co-operative Land Mortgage Bank, Limited, Bangalore City.

Address.

2. The registered address of the Bank is Bangalore City, where the office of the Bank shall be situated.

Objects.

3. The main object of the Bank is the relief of agricultural indebtedness by the provision of long term mortgage credit to *bona fide* land owning members.

Membership.

4. The members of the Bank shall consist of:

(i) Persons, whether agriculturists or non-agriculturists, residing or carrying on business within the limits of the State, who have attained the age of majority and are legally capable of entering into a contract;

(ii) Local Land Mortgage Societies registered under the Mysore Co-operative Societies Regulation; and

(iii) Other Co-operative Societies registered under the Mysore Co-operative Socities Regulation.

5. A Local Land Mortgage Society which is a member of the Bank shall be termed an "Affiliated Society."

6. A person or registered society wishing to become a member of the Bank shall apply to the Secretary of the Bank in the prescribed application form for membership. The application shall be accompanied by an entrance fee of Re. 1, a share fee of annas four for each share applied for, and also, a sum not less than the first instalment of Rs. 10 towards each share applied for.

7. The application shall be considered by the Board of Directors of the Bank and if it thinks fit, the applicant may be admitted as a member of the Bank and allotted the full number of shares applied for or such smaller number as the Board may deem fit. The Board may reject any application for membership without assigning reasons. In the event of the application being rejected in full, the total amount paid by the applicant with the application shall be refunded to him. If only a smaller number of shares than applied for is allotted, the proportionate share fee and share instalment shall be refunded or credited to his share account.

8. Every person or registered society whose application for membership has been accepted by the Board of Directors shall be deemed to have become a member of the Bank and to have acquired all the rights and liabilities of a member from the date of such acceptance.

9. Every member of the Bank shall hold at least one share. No individual member can at any time hold more than 20 shares.

10. The name and address of every person admitted to membership as set forth in the application shall be entered in the Register of Members. All changes in their addresses shall be intimated to the Secretary by the members and the same duly entered in the said Register.

11. (*a*) Every person who is a member of the Bank may nominate any person to succeed, in the event of his death, to his share or interest in the Bank. Subject to the other bye-laws, such nomination shall, in the event of his death, be given effect to by the Bank. Provided that

(i) the nomination has been registered in the books of the Bank maintained for the purpose; and

(ii) the person nominated is admitted by the Board of Directors to membership.

(*b*) No fees shall be charged for registering the nomination for the first time, but for registering every subsequent change, a fee of four annas shall be charged.

Cessation of Membership.

12. (a) A registered society admitted to membership shall cease to be a member of the Bank if it is removed from membership or if it is dissolved.

(*b*) Any other member shall cease to be a member of the Bank on death, expulsion, insolvency, ceasing to hold any share of the Bank (by withdrawal, transfer, resignation or forfeiture) and permanent removal of residence from within the limits of the Mysore State.

13. The Directors shall have power to remove any member for persistent default in respect of any sums due to the Bank.

14. The Board of Directors shall remove from membership any person who, being a member of the Bank,

(*a*) deliberately commits a serious breach of the rules or the by-laws; or

(*b*) wilfully deceives the Bank by false statements or fictitious documents or endeavours in any way to defraud the Bank; or

(*c*) is declared insolvent; or

(*d*) is convicted of any criminal offence which, in the opinion of the Board, is such as to render him unfit to continue as a member of the Bank; or

(*e*) becomes legally or mentally disabled; or

(*f*) does any act which is likely to be injurious to the credit, reputation or stability of the Bank.

15. When a member or registered society ceases to be a member of the Bank, the Board of Directors shall remove his name from the list of members and shall pay him back within a reasonable period the share capital actually paid by him with the dividend declared, if any, after deducting therefrom the money, if any, due from him to the Bank either as principal debtor or as surety.

16. (*a*) On the death of a member, his nominee, if any, registered in the books of the Bank under bye-law 11 (a) or heir or legal representative in interest may, on application, be admitted as a shareholder of the Bank if he is not already one, and the Board of Directors may, subject to the limit prescribed in bye-law 9 transfer the shares held by the deceased member to such applicant on payment of a fee of four annas for each share transferred.

(*b*) Should, however, such a transfer be not made, the Board shall pay the share capital paid by the deceased with the dividends, if any, due up to the date of payment after the same has been declared, to the heir, representative in interest or the nominee of the deceased under the bye-laws in force at the time, after deducting the amounts due to the Bank from the deceased member.

Funds.

17. (*a*) The Bank will ordinarily obtain its funds from the following sources .—

(i) Share subscriptions ;
(ii) Deposits ;
(iii) Debentures ; and
(iv) Grants and other miscellaneous items.

(*b*) Provided that the liabilities of the Bank by way of deposits, issue of debentures or otherwise shall at no time exceed twelve times the subscribed share capital plus reserve fund.

Liability.

18. The liability of a member is limited to the value of the share or shares held by him.

19. (i) A past member shall be liable for the debts of the Bank as they existed on the date when he ceased to be a member and such liability shall continue for a period of two years after the date of cessation of membership.

(ii) The estate of a deceased member shall be liable for the debts of the Bank as they existed on the date of his decease for a period of one year after his decease.

Transfer of Shares.

20. No member shall be permitted to transfer his share or shares except with the previous sanction of the Board of Directors.

21. Every transferee of a share or shares shall pay a fee of four annas for every share so transferred.

Withdrawal from Membership.

22. No member shall be permitted to withdraw any of the shares held by him in the Bank before the expiry of ten years from the date when such shares were allotted to him. After that period is over a member may withdraw shares with the consent of the Board of Directors. Provided firstly, that he has given at least six months' notice of withdrawal; secondly, that the total amount of share capital that is permitted to be withdrawn in any one year does not exceed ten per cent of the aggregate paid-up share capital of the Bank as it was on June 30th preceding; thirdly that there are no debts due from him to the Bank; and fourthly, that there are no debts due to the Bank in regard to which he has stood surety. When a member withdraws shares under this bye-law he shall be paid back the share capital actually paid by him with the dividend declared if any. For the purpose of calculating the maximum amount of share capital withdrawable in any one year in accordance with this bye-law, all repayments of share capital whether by way of adjustment or otherwise, are to be included except such as are made under bye-laws 15 and 16 (b).

23. No affiliated society will be permitted to withdraw from membership.

Shares.

24. The share capital of the Bank shall, for the present, be fixed at Rs. 5 lakhs made up of 10,000 shares of the value of Rs. 50 each.

Payment of Share Money.

25. The members shall, subject to the provisions contained in bye-law No. 6, pay the amount of share or shares allotted to them either in one lumpsum or in monthly instalments of Rs. 5 each for each share held and the same shall be paid on or before the 15th of the month for which the instalment is due. Default interest at the rate of two pies per rupee per month shall be levied on all overdue share instalments.

26. If the share instalments remain unpaid for more than three months, the Board of Directors may declare such shares cancelled and payments made thereon, if any, forfeited and the rights of membership if any, attaching to these shares extinct. Such shares may, however, be renewed, if the Board of Directors permits, within a period of three months from the date of notice of forfeiture, on payment of all arrear amounts including interest and renewal fee of one rupee per share.

Deposits.

27. The Board of Directors may receive deposits at their discretion either from members or others and it shall be open to them to settle the terms on which deposits shall be taken, provided that the interest on such deposits shall not, in any case, exceed

$6\frac{1}{2}$ per cent per annum, and provided also that no deposit shall be received for a period of less than two years.

Debentures.

28. Subject to bye-law 17 (*b*) and subject to the condition that the total loan raised does not exceed 20 lakhs of rupees, and subject also to the provisions contained in Section 56 of the Mysore Co-operative Societies Regulation of 1929, the Bank may raise loans from time to time by the issue of debenture bonds bearing interest not exceeding six per cent per annum and liable to be redeemed within such period not exceeding 30 years as may be prescribed by the Bank.

29. The Bank shall, once every year, draw for redemption by lot as many debenture bonds as its financial condition permits, or, if the Bank deems it preferable, it may re-purchase its bonds instead of drawing them by lot. Provided that the Bank shall not redeem or repurchase any debenture bond issued by it within a period of ten years from the date of issue of the bond.

30. The Bank shall be at liberty to effect a reduction in the rate of interest payable on any series of debenture bonds at any time after the expiry of the minimum period of redemption thereof, and provided that option is given to the holders of such bonds to accept payment in cash at par.

31. The previous sanction of Government will be necessary for :—

(i) the conversion of one class of debentures into another class bearing a different rate of interest; or

(ii) for any other matters in which the Government may desire that their previous sanction should be obtained.

32. (i) Debentures which, by reason of damage sustained, have become unfit for circulation, provided however, that the essential marks for genuineness and identity are still recognizable, especially the number, the amount, the rate of interest, the date and signatures of the authorised executing officers of the Board of Directors, will be replaced at the request of the holder on giving up the damaged or defaced debentures. Fresh debentures shall also be issued to replace completely destroyed debentures when, in the opinion of the Board of Directors, the fact of destruction is proved without any doubt or uncertainty.

(ii) When such proof is not produced or when in case of damage the essential marks on the debenture are lost and no longer recognizable, as well as in all cases in which the debenture has been stolen from the owner or has been in other ways mislaid, a new debenture will only be issued when the debenture which is alleged to be missing or unrecognizable has been previously advertised for by the claimant in the manner prescribed by the Board of Directors and its nullity legally declared.

(iii) The re-issue shall be made for the same amount under the same number with the addition of the word "renewed" and at the cost of the debenture-holder concerned.

33. The debenture shall be signed and executed by at least three members of the Board of Directors of whom the President shall be one. The Bank shall have a special seal to be used for debentures and the seal shall remain in the safe custody of the President.

34. Debentures in respect of which notice of redemption has been given to the holders by the Board of Directors must be given up on the expiry of the term mentioned in the notice and if the debentures are not so given up, the holder shall have no claim upon the Bank for interest accruing after the expiry of the term.

35. The capital raised by debentures shall be earmarked for the grant of long term loans on the mortgage of agricultural land, short term loans, if any, being granted out of share capital and deposits.

36. Whenever a Trustee is appointed by Government, the Bank shall, if so required by the Trustee, transfer to him its right in the mortgages on the security of which debentures are issued. The Bank shall also credit to an account opened in the Trustee's name in such other Bank as may be approved by him, all recoveries made from members of the Bank under the terms of their mortgage deeds. The Bank shall also carry out all instructions that may, from time to time, be issued by the Trustee under the powers vested in him by the Mysore Co-operative Societies Regulation and the Rules thereunder.

Loans.

37. The lending operations of the Bank shall, for the present, be confined to the Taluks of Sagar, Koppa, Saklespur and Tumkur.

38. Loan shall be granted only to members, but no registered society, other than a Local Land Mortgage Society, shall be granted loans. No member can claim a loan as a matter of right. Applications for loans shall be disposed of by the Board of Directors.

39. All applications for loans shall be made to the Secretary in the form prescribed for the purpose. He shall place them before the Board of Directors who shall have discretion to grant or reject loans without assigning any reasons.

40. Loans may be given by the Bank only for the following purposes:—

(*a*) Redemption of subsisting mortgages on agricultural land;

(*b*) Liquidation of other prior debts of agriculturists;

(*c*) Improvement of land or for the better cultivation of it; and

(*d*) Current agricultural operations.

41. The Bank may grant loans either through Local Land Mortgage Societies or direct to individual borrowers.

42. The minimum and maximum amount of loans to be granted to any one person through a Local Land Mortgage Society shall be Rs. 500 and Rs. 5,000 respectively. Provided that the maximum amount of loans granted through any one such society shall not exceed Rs. 30,000 and provided also that the Local Land Mortgage Society shall be surety to the Land Mortgage Bank for all loans granted through it to the members. Loans granted through Local Land Mortgage Societies also, shall be subject to the conditions laid down in the bye-laws governing direct loans in all other respects. In the case of individuals borrowing direct from the Bank, the loan shall not be less than Rs. 2,000 or more than Rs. 5,000.

43. Long term loans shall be granted for redemption of subsisting mortgages on agricultural land or for liquidation of other prior debts or for the improvement of land, and short term loans shall be granted for the better cultivation of land or for current agricultural operations.

Provided that no loan for the improvement or the better cultivation of agricultural land or for current agricultural operations shall be granted except to a member who has been previously granted a long term loan for the redemption of subsisting mortgages or for liquidation of other prior debts, and whose mortgage is subsisting.

44. (i) Loans granted by the Bank shall bear interest at rates fixed from time to time but not exceeding

(*a*) a maximum of eight per cent per annum in the case of long term loans; and

(*b*) a maximum of nine per cent per annum on short term loans.

(ii) In the case of loans granted through a Local Land Mortgage Society the rates of interest charged to the Society shall be such as to enable the members borrowing through such Society to get loans at rates not exceeding those charged by the Bank to individual persons borrowing direct from it.

45. Should a borrower fail to repay his loan or instalment thereof within the stipulated time, he shall be liable to pay interest at ten per cent per annum on the instalments actually overdue from the due date to the date of settlement

46. Long term loans granted by the Bank shall be repayable in equal yearly instalments which shall not be less than 25 or more than 30 as may be fixed by the Board of Directors, and shall not be liable to be recalled except under the provisions of Section 59 of the Mysore Co-operative Societies Regulation of 1929. Nothing in this bye-law shall be considered to preclude the borrower from repaying his loans wholly or in part at any earlier time.

47. Long term loans and the interest due thereon shall be discharged by a system of equated payments, but the borrower will be at liberty to pay larger sums according to his convenience.

48. Long term loans granted by the Bank shall not exceed 50 per cent of the value of the property which is mortgaged to the Bank on account of these loans.

49. The valuation of the properties offered as security for loans shall be made by the Bank in accordance with the principles of land valuation to be prescribed by the Board of Directors and approved by the Registrar of Co-operative Societies.

50. When a mortgage deed is executed by a member, the Board of Directors shall insist on all persons interested in the property joining in the execution whether such persons are themeselves members or not.

51. Every application for a loan shall be accompanied by the title deeds and other documents relating to the land proposed to be mortgaged.

52. When a member from whom money is due pays any sum, it shall be appropriated in the following order:—

Firstly to fees, postal, registration, and other miscellaneous charges due by him.

Secondly to interest; and

Thirdly to principal.

Profits.

53. The net profits of the Bank as declared by the Registrar every year shall be disposed of as shown below;—

(i) Not less than ten per cent shall be carried to the credit of the Reserve fund;

(ii) Out of the remainder, a dividend subject to a maximum of five per cent per annum on the paid-up value of each share may be paid to members, proportionately to the amount of paid-up share capital held by each and also the period during which the paid-up share capital was so held during the year; and

(iii) the balance shall be added to the Reserve Fund.

NOTE.—All undisbursable and indivisible profits shall be added to the Reserve Fund.

Reserve Fund.

54. A Reserve Fund shall be formed by the Bank. To this shall be carried

(i) A sum not less than ten per cent of the net profits of every year,

(ii) the interest on the capital of this fund,

(iii) amounts not claimed and amounts forfeited, and

(iv) any other funds which may be credited to the Reserve Fund by the General Body of members.

55. The Reserve Fund shall be invested in such manner as the Registrar of Co-operative Societies may prescribe and shall not be drawn upon except with his sanction.

56. With the previous sanction of the Registrar, the loss in any year may be met from the Reserve Fund, provided that no dividend on the shares is paid that year.

57. In case of the dissolution of the Bank, the Reserve Fund and other funds contributed by it under

the provisions of its bye-laws may be applied in such manner and to such purposes not inconsistent with the Regulation and Rules as may be determined, with the approval of the Registrar, by the majorty of the members.

Management.

58. The administration of the Bank shall be vested in the following :—

(*a*) Board of Directors;
(*b*) Board of Supervision ; and
(*c*) General Body of the Members of the Bank.

Board of Directors.

59. (*a*) The Board of Directors shall consist of a President and not more than 14 members. Of the members one shall be nominated by Government as provided in Section 54 of the Mysore Co-operative Societies Regulation 1929 and three shall be selected to represent debenture holders as provided in Section 55 of the Regulation and in accordance with rules to be prescribed by Government. The remaining members and the President shall be elected by the General Body of the members of the Bank.

(*b*) The President as well as the other members of the first Board of Directors shall be nominated by Government and shall hold office for a period of two years, at the end of which they shall be replaced by a Board constituted in the manner laid down in bye-law 59 (*a*).

60. The President and other members of the Board of Directors shall hold office for one year or until their successors are appointed.

61. A retiring President or Director shall be eligible for re-election.

62. The Board of Directors shall administer and conduct the affairs of the Bank, prepare and issue agreements, declarations, etc.

63. The following shall be the office bearers of the Bank :—

(1) The President ;
(2) The Honorary Treasurer, where one such is appointed ; and
(3) The Secretary.

64. Subject to such resolutions as the Board of Directors may, from time to time pass, the several officers of the Bank shall have the powers mentioned below ;—

(*a*) The President shall have a general control over all the affairs of the Bank. He shall also have power to appoint the members of the establishment as well as to fine, suspend or dismiss them, subject to the approval of the Board of Directors in the case of those carrying a salary higher than Rs. 50 per mensem.

(*b*) The President shall be the officer to sue or be sued on behalf of the Bank.

(*c*) All bonds in favour of the Bank and all bonds executed by the Bank except Debenture Bonds shall be in the name of the President.

(*d*) The President, if present, shall preside at the meetings of the Board. In the absence of the President, the other directors present may elect a chairman from among themselves to preside at the meeting.

(*e*) Whenever the President is obliged to absent himself from his office by indisposition or for any other cause, one of the other directors elected by the Board from among themselves shall officiate for the President and exercise the powers and perform the duties of the President.

65. (*a*) The Board of Directors shall have power to appoint one of themselves as Honorary Treasurer.

(*b*) The Honorary Treasurer shall have custody of all properties of the Bank and shall take charge of all moneys received by the Bank from the members and from others and shall make disbursements in accordance with the directions of the Board. He shall sign the cash book in token of its correctness and produce the cash balance whenever called upon to do so by the Board or Auditor.

66. The Secretary shall be a salaried officer. He shall be responsible for the executive administration of the Bank, subject to the control of the President.

67. The President, by virtue of his office, and the Honorary Treasurer or the Secretary when specially authorised thereto by the Board of Directors, shall have power, singly or jointly to execute all documents, grant receipts, and sign cheques and papers and to transfer or negotiate in negotiable instruments. In the case of share certificates, however, they shall be signed both by the President and the Honorary Treasurer or the Secretary where an Honorary Treasurer or a Secretary has been appointed, or any one Director.

68. It shall be competent to the President to direct that any particular question or questions be decided by circulation of papers, by post or otherwise, among the members of the Board, provided that all the members of the Board shall have had a reasonable opportunity of expressing their opinions and that such decision shall have been concurred in by an absolute majority of the total number of members of the Board.

69. Any casual vacancy occurring in the office of the President or other Director by death, resignation or any other cause shall be filled up for the unexpired term of his office by the remaining members of the Board.

70. Any member of the Board who fails to attend three consecutive meetings of the Board shall be deemed to have *ipso facto* vacated his office.

71. A vacancy occurring in the Board by the resignation of the President or other Director shall take effect from the date on which the Bank receives the resignation in its office.

72. The Board may function notwithstanding any vacancy in its number.

73. The entire executive authority of the Bank shall be vested in the Board of Directors. Five

Directors including the President or other Director presiding shall form the quorum for a meeting of the Board. All questions before the Board shall be decided by a majority of votes. The Chairman shall have a second or casting vote in case of an equality of votes.

74. The Board shall meet once a month or oftener if necessary to conduct the affairs of the Bank. No member of the Board of Directors shall be entitled to be present at a meeting when any matter in which he is personally interested is being discussed.

75. Any member of the Board of Directors who commits default for more than three months in respect of a loan taken by him from the Bank shall *ipso facto* be considered disqualified to continue as a member of the Board.

76. It shall be the duty of the Board of Directors to maintain such accounts and registers as are prescribed by the Registrar from time to time, to place before a meeting of the General Body the Rigistrar's notes of audit or inspection, within one month from the date of receipt, to correspond with the Registrar and to do all other business relating to the Bank.

77. The Board of Directors shall have power to prescribe from time to time the scale of office establishment and to incur such expenditure as may be necessary for the management of the Bank with reference to the scale and within the budget allotment sanctioned by the General Body for each year.

78. It shall be competent to the Board of Directors to frame subsidiary instructions for the conduct of the business of the Bank consistent with the Regulation, the Rules under the Regulation and these bye-laws. Such subsidiary bye-laws shall be entered in the minute book of the Bank and they shall be reported to the Registrar of Co-operative Societies for approval.

79. The Board of Directors shall be competent to fix the amount and nature of the security, if any, to be given by the members of the office establishment.

80. The members of the Board of Directors shall be responsible for the good management of the Bank. They shall be liable to the Bank for any wilful neglect of their duties and for any distribution of profits or disposal of assets contrary to the provisions of the Regulation, Rules or the Bye-laws.

Board of Supervision.

81. The Board of Supervision shall come into existence two years after the opening of the Bank. The appointment, suspension, and removal of the members of the Board, the procedure at its meetings and the powers to be exercised and the duties to be performed by it shall be regulated in accordance with the Rules to be prescribed by Government under the Co-operative Societies Regulation.

General Body.

82. Subject to the general control of Government and of the Registrar of Co-operative Societies, the ultimate authority in all matters relating to the administration of the Bank shall be the General Body of members who shall meet from time to time and at least once a year to conduct the work of the Bank. The first ordinary general meeting of the General Body shall be held at the end of one year from the date of the registration of the Bank. The following among other matters shall be dealt with by the General Body :—

(i) The election and removal of their representatives on the Board of Directors and the Board of Supervision ;

(ii) The annual report due to the Registrar of Co-operative Societies ;

(iii) The Registrar's annual audit order ;

(iv) The amendment or repeal of any existing by-laws or the enactment of a new bye-law ;

(v) The expulsion of a member ;

(vi) The consideration of any complaint which any individual member may prefer against the Board of Directors ;

(vii) Appeals against the decision of the Board of Directors removing a person or Society from membership.

83. A meeting of the General Body of the members may be convened by the Board of Directors whenever necessary for the conduct of the business of the Bank and shall be so convened at the request of fifteen or more members, or at the instance of the Registrar of Co-operative Societies.

84. The quorum for a meeting of the General Body shall be 25 or one-fourth of the total number of members on the list at the time, whichever is less.

85. The President, if present, shall preside at the meetings of the General Body. In the absence of the President the members present may elect a Chairman from their number to preside at the meeting. Every member present shall have one and only one vote. Voting by proxy shall not be allowed. All questions shall be decided by a majority of votes of the members present and voting. When votes are equal, the Chairman of the meeting shall have a casting or second vote. Minor heirs or legal representative of deceased members, if admitted to membership under bye-law 16(*a*), shall have no voting power. In the case of a society shareholder, any member of the society, duly authorised in that behalf by the society, may attend in person and vote in person. Even if the same member is an individual shareholder of the Bank and also a representative of the Society, he shall not have, on that account, more than one vote.

86. Seven clear days' notice shall be given to members for a meeting of the General Body. The notice shall specify the day, hour and place of meeting and shall also be accompanied by an agenda paper showing the business to be brought up before the meeting.

87. No amendment to, alteration in, or cancellation of a bye-law and enactment of a new bye-law shall be made except at a general meeting of the members or shall take effect until it shall have been approved by Government.

88. All other matters concerning the organisation and the working of the Bank as well as the remuneration, if any, which the members of the Board of Directors, the Board of Supervision, the local agents and the auditors may receive shall be regulated by resolutions passed by the General Body and approved by Government. Provided that in the interval between the registration of the Bank and the first ordinary general meeting of the General Body, such matters shall be regulated by subsidiary instructions to be issued by Government.

Miscellaneous.

89. Government may at any time, order a revaluation of the properties mortgaged to the Bank in order to ensure that the properties so mortgaged have not deteriorated. When, as a result of such valuation, the security is found inadequate, the Bank shall have power to demand additional security from the party responsible.

90. The accounts of the Bank shall be audited at least once a year by a duly certified auditor. The Government may have the accounts of the Bank audited whenever they consider it necessary by any person to be deputed by them.

91. The Bank's year shall begin on the 1st of July and end on the 30th of June following.

92. Within one month after the close of the Bank's year the Board of Directors shall publish annually:

(*a*) a balance sheet showing the assets and liabilities of the Bank;

(*b*) a profit and loss account; and

(*c*) a statement showing the receipts and disbursements for the year.

Scholarships for Muslim Community.

READ—

Correspondence ending with letter No. D. 5. 5625-39 of 28-29, dated 4th October 1929, from the Director of Public Instruction, recommending for favourable consideration, certain modified proposals suggested by him on a resolution adopted by the Mahomedan Education Advisory Committee in their meeting held on 25th May 1928, in regard to a scheme for the institution of more scholarships for the encouragement of High School Education among the Muslim Community.

ORDER NO D. 4905-6—EDN. 1125-28-6, DATED 15TH NOVEMBER 1929.

The proposal of the Mahomedan Education Advisory Committee was that whenever any Muslim individually or a Muslim Association collectively offers and places at the disposal of the Director of Public Instruction, a sum not less than Rs. 500 and not more than Rs. 2,000 for awarding scholarships to Muslim students, Government be pleased to add thereto an equal sum, not exceeding in all Rs. 2,000 per annum, the power of awarding the scholarships being vested in the Department of Public Instruction.

In view of the comparative backwardness of the Muslim Community, the Director of Public Instruction recommends the resolution for favourable consideration with the modification that instead of Government making a grant equal to the contribution made by any Muslim or a Muslim Association, the Director may be permitted to accept contributions ranging between Rs. 500 and Rs. 2,000, investing the same in the Treasury, as a charitable endowment carrying interest at 5 per cent and that a sum equal to the interest realised on the amount deposited, might be contributed by Government every year, up to a maximum of Rs. 100 per annum.

In the circumstances reported, Government are pleased to sanction, as a special case, the recommendation of the Director of Public Instruction subject to the following conditions:—

(1) The grant of this concession will be limited for the present to a period of three years.

(2) The maximum recurring liability of Government, to find funds to finance their share of cost will be fixed at Rs. 1,000 per annum, *i. e.*, contributions up to Rs. 20,000 may be accepted under this scheme within the next three years.

(3) The rate of interest payable on such deposits will be regulated by the general rules, which may be framed from time to time, relating to the interest payable on charitable endowments and Government cannot guarantee a rate of 5 per cent for all time.

(4) The cost during the current year will be met from the lump sum provision of Rs. 2,000 made in the budget of the Education Department for awarding scholarships to boys in deserving cases.

Re-grouping of Administrative Circles of the Co-operative Department.

READ—

1. Para 6 of Government Order No. D. 2119-20—C. S. 2-26-10, dated 17th August 1928, among other things authorising the Registrar of Co-operative Societies to appoint an additional Inspector of the lowest grade for every complete increase of fifty societies over the then level of 1750.

2. Government Order No. D. 5415-16—C. S. 2-26-13, dated 24th November 1928, sanctioning the formation of 37 Co-operative administrative circles each in charge of a Co-operative Inspector.

3. Letter No. 1227, dated 23rd August 1929, from the Registrar, Co-operative Societies requesting in the circumstances explained sanction for re-grouping the present 1973 Co-operative Societies into 39 administrative circles as per statement appended and appoint two more inspectors and two peons to work under them, the extra cost being met out of the special allotment of Rs. 2,500 provided in the current year's budget of the Department for additional *pro-rata* staff.

ORDER NO. D. 4748-9—C. S. 40-29-2, DATED 12TH NOVEMBER 1929.

The proposals of the Registrar of Co-operative Societies are sanctioned.

Toll.

READ—

Government Order No. R. 791-801— R. M. 29-28-11, dated 31st July 1929, exempting among others British Military Officers on duty from the payment of toll at all the provincial toll-gates.

Letter No. C. 421—29-30, dated 5th October 1929, from the Chief Commandant, Mysore State Troops, stating that all officers, British and Indian, on duty and in uniform should be exempted and requesting that the concession shown to the British Military Officers may be extended to all the State Military Officers on duty.

ORDER NO. R. 3755-65—R. M. 26-29-10, DATED 23RD NOVEMBER 1929.

The recommendation of the Chief Commandant is sanctioned. Item 6 of clause G of the rules referred to in the Government Order of the 31st July 1929 read above, will be modified as indicated below:—

"they convey British or Mysore Military Officers".

This concession in favour of the Mysore Military Officers will be given effect to from the beginning of the next official year giving due intimation of the same in the sale notification.

Amendment to Rule 19 of the Public Branch Insurance Rules.

READ—

Letter No. 10091, dated 12th November 1929, from the Secretary, Mysore State Life Insurance Committee, requesting sanction to amend Rule 19 of the Public Branch Insurance Rules in accordance with a Resolution of the Committee passed at their meeting on 26th October 1929.

ORDER NO. FL. 3646-8—G. F. 36-29-6, DATED 22ND—23RD NOVEMBER 1929.

Sanctioned. The amended Rule will stand as follows:—

"A lapsed policy may be revived on payment of all arrears of premium with interest at 6¼ per cent per annum as noted below according to the period of lapse:—

1. If the application for renewal is made within six months from the date of lapse, it should be accompanied by a declaration in the prescribed form signed by the insured before a Magistrate or the Chairman of a Village Panchayet or an officer of the Mysore Government drawing a pay of not less than Rs. 50 or the Official Superior of the insured if he is in Government Service or a Sub-Registrar, to the effect that the insured continues to be in good health.

2. If the period of lapse is more than six months but less than one year, a lapsed policy, irrespective of the amount of assurance, can be revived by production of an ordinary medical certificate obtained from either an Assistant Surgeon of three years' standing or a Sub-Assistant Surgeon of ten years' standing and from Lady Sub-Assistant Surgeons of five years' standing on payment of a fee of Re. 1.

3. But if the period of lapse is more than one year and within two years, a satisfactory detailed medical certificate should be obtained from an Assistant Surgeon

of not less than three years' standing irrespective of the amount of assurance or from Sub-Assistant Surgeons of not less than ten years' standing and from Lady Sub-Assistant Surgeons of not less than five years' standing in cases where the sum assured is Rs. 1,000 or less, on payment of a fee of Rs. 4.

If a lapsed policy is not revived as provided for above, a surrender value may be obtained on application to the Secretary to the Insurance Committee to whom the policy should be surrendered ".

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Permitting the Public Branch Policy Holders to remit their Premia through Postal Money Orders.

READ—

Government Order No. 1493-5—G. F. 30-28-5, dated 14th August 1928, permitting the policy holders in the Public Branch, such of those as elect to do so, to remit their premia to the State Huzur Treasury by postal money order, the commission therefor being deducted from the premium due, as a means of increased facilities to the insured in this Branch.

2. Letter No. 9850, dated 8th November 1929, from the Secretary, Mysore State Life Insurance Committee, forwarding for sanction the following resolution of the Committee proposing that the concession sanctioned above be extended to such remittances made to the District Treasuries also.

"V. Proposed modifications to G. O. No. 1493-5—G. F. 30-28-5, dated 14th August 1928, permitting policy holders to remit their premiums through Postal Money Orders to the State Huzur Treasury.	Resolved that remittances of premia by Postal Money Orders to all the District Treasuries be permitted."

ORDER NO. FL. 3774-7—G. F. 36-29-12, DATED 25TH—27TH NOVEMBER 1929.

Sanctioned.

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Sericultural Department.

READ—

Report on the working of the Sericultural Department during the year 1928-29 received with letter *No. D4. 338-29, dated 10th September 1929, from the Director of Industries and Commerce in Mysore.

(Printed as annexure.)

ORDER NO. D. 4790-841—SERI. 32-29-4, DATED 14TH NOVEMBER 1929.

Recorded.

Seasonal Conditions and Mulberry Cultivation.—The area under mulberry cultivation fell from 50,194 acres in 1927-28 to 47,760 acres during the year under review. The decline in area was due partly to unfavourable seasonal conditions and partly to a fall in prices of all grades of silk.

It is seen from the report that several foreign varieties of mulberry have been planted in separate plots, that some of them are doing well and that manurial experiments are being conducted in the mulberry gardens at Mysore and Channapatna. Government desire that till the Sericultural Department has an adequate Botanical Staff, the help of the Agricultural Department should be availed of as far as possible for a systematic study of mulberry cultivation.

Expansion.—Government are glad to note that the Department has been doing propaganda work to expand mulberry cultivation in co-operation with the Local Boards and Village Panchayets. The Department supplied about 70 cart-loads of mulberry cuttings free of cost to *bona fide* sericulturists in various places and about 2,500 saplings fit for trees were supplied from the Government mulberry gardens at Mysore, Channapatna and Kolar. In addition to the nurseries at Channapatna and Mysore, a nursery for raising saplings fit for trees was prepared in the old garden at Kolar.

About 50 students were under training in the several Sericultural Farms and it is satisfactory to note that three of these trained students have started aided grainages. Reeling classes were attached to the Domestic Basin Installation maintained by private gentlemen at Siddlaghatta, Closepet, Nanjangud, Agara and Garudapalya. It is gratifying to note that the students trained in these classes have been taken as operatives in the respective installations and that the concessions sanctioned by Government in this behalf are being properly appreciated and utilised.

The Sericultural Classes attached to the Middle Schools at Malvalli and Kuderu in the Mysore District and at Grama in the Hassan District worked satisfactorily during the year. Altogether about 145 students have taken up Sericulture in the three schools and ten students of Kuderu and Malvalli Schools offered sericulture as an optional subject for the Mysore Lower Secondary Examination of 1929, eight of whom passed the examination. This is a hopeful feature as indicating the disposition to combine vocational training with general education.

Seed Supply and Grainage Operations.—The Government Grainages prepared 8,13,132 disease free layings during the year under review as against 6,84,727 during the year preceding, Channapatna Grainage leading with 3,95,805 layings. Government observe that the work in the Kolar Grainage which prepared only 41,345 layings is disappointing and that the facilities there do not appear to be properly utilised. The Director is requested to see that this grainage makes its proper contribution to the programme of supply of disease free layings. The demand for higher yielding cross breed layings was on the increase and 3,25,778 cross breed and pure race layings were made available during the year as against 2,19,818 layings in the previous year. It is gratifying to observe from the report that the number of seed rearers in Bidadi and Kunigal areas rose from 132 at the end of June 1928 to 440 during the year. The cold storage plant, installed at Mysore was utilised to conduct experiments to delay the hatching of eggs, and to preserve moths for cross breeding purposes and the results of the experiments achieved so far are interesting. Government hope that the Department will make use of the facilities provided for increasing the output of seed of higher yielding races.

Aided Grainages.—Three aided grainages were started during the year, bringing the total number of aided grainages at the end of the year to 5. These prepared 3,12,000 disease free layings which were distributed among 407 persons. The Director is requested to see that these aided grainages are carefully supervised and assisted in perfecting their technique.

Though the large and important problem of providing an adequate supply of good seed still remains to be solved, very notable progress was made in grainage work. The development of private grainages in which alone a satisfactory solution of the problem is to be sought is a very encouraging feature and the Director is requested to take steps for increasing the number of such grainages in all sericultural centres.

Sericultural Co-operation.—Two Co-operative Societies at Closepet and Thimmasandra, Channapatna Taluk, were wound up for want of competent workers and that one new society was organised at Hindignal. These Societies prepared 84,383 layings during the year as against 45,766 layings during 1927-28. It is reported that attention was devoted mainly to the consolidation of the work in the Societies already started. The usefulness of these Co-operative Societies in the scheme of improvement of Sericulture in the State cannot be over estimated, and the Director of Industries and Commerce is requested to pay more attention to the development of these societies.

Filature and Reeling.—The Assistant Superintendent of Sericulture in charge of Reeling and Filature was deputed to Italy, France and other European countries to study filature technique. Twenty students were trained in the Government Filature at Mysore and ten basins of the Mysore "Domestic" type were added on to the Filature during the year. The bulk of the silk produced was of fine denier, and it is satisfactory to note that for the first time, the Filature was able to find a market for its entire output. It is reported that the arrangements made for selling twisted and dyed filature silk in Northern India worked very satisfactorily and that the Filature has been able to create a ready demand for high grade silk both in and outside the State. Government believe that the Filature silk, though of excellent quality, still offers much

scope for improvement, especially in cleanliness, and the Director of Industries and Commerce is requested to devote attention to this problem. Government are glad to note that vigorous propaganda work was conducted by the Department to improve the quality of silk and waste produced in the State by popularising the Mysore Domestic Basin. There is however, considerable scope still for development and Government desire that advantage should be taken of the present favourable conditions as regards demand for high grade silk and of the concessions already sanctioned for the selling of domestic basins at reduced rates and the starting of reeling classes in new domestic basin installations to improve the quality of reeling and expand markets for Mysore Silk. The ideal should be to replace all the inefficient country charkas by improved reeling appliances. The Director of Industries and Commerce is requested to place himself in touch with the Trade Commissioner for Mysore in London, as to how best Mysore Silk and Mysore Silk goods could be profitably introduced into European markets.

Popularisation of Domestic Basins.—The superiority of silk reeled with the Domestic Basin to the charka reeled silk seems to have been generally recognised. Reeling demonstrations with the Mysore Domestic Basin were conducted by the Department, in important reeling centres and exhibitions of sericultural products were arranged at several places. A simple silk twisting plant which could be introduced as companion to the domestic basin is stated to be in the course of trial, and this should if successful, give a fillip to the utilisation of high grade silk on local looms, and also secure to reelers the profits of another home industry.

Government are pleased to note that all the District Boards took interest in sericultural work and co-operated with the Department in all branches of its activities. It is reported that about 25 Village Panchayets in the Mysore District were induced to obtain and supply disease free laying to the raiyats.

Central Silk Association.—The Mysore Silk Association raised its membership during the year to 161. It is reported that the Association has arranged to public a monthly bulletin giving information regarding the quality of silk most in demand in consuming centres, and the prevailing market rates. Government observe that there are several important problems relating to the silk industry which can only be solved by the earnest efforts of the Sericultural Association.

Conclusion.—Government observe that the expenditure in the Farms considerably exceeds the receipts and though this is to a certain extent inevitable in a Department which concerns itself largely with educative propaganda and experimental work, there is no reason why well equipped Farms which pursue ordinary sericultural activities should not be able to pay their way. Even farms which attend to propaganda ought with careful attention to the full utilisation of their resources, show less of disparity between expenditure and receipts. The expenditure on purely experimental work is of course on a different footing but the Department ought to be able to indicate clearly how much should be taken as coming under this head, and what progress was made in the investigation on hand. The Director is requested to see that special attention is devoted to improve the receipts from the Farms, and that expenditure on which no money receipts can properly be expected is shown separately as far as possible, and some idea is given of the results achieved from the activities to which it relates. The operations of the Department during the year under review have shown that the development of sericultural industries in the State depends upon the grading up of the Mysore Silk and Government trust that continued efforts will be made by the Department to improve seed production and reeling.

The Sericultural Department has on the whole done satisfactory work during the year under review.

N. RAMA RAO,
Secretary to Government,
Development Departments.

in the scope of their operations depends upon the staff provided for the purpose. Government have sanctioned with effect from the current year a small staff to Sericultural Inspector and it will be possible to further develop the work during the current year. It may be mentioned that some of the Societies have expressed a desire to extend their drainage operations and the facilities provided by Government for aided grainages have been extended to such societies also.

Sericultural Farms.—The aggregate receipts from the Sericultural Farms and grainages under the control of the Department during the current year amounted to Rs. 11,086 as against an expenditure on the maintenance of the farms of Rs. 26,500. The receipt do not at present bear a reasonable proportion to the expenditure incurred by Government on the farms chiefly due to the fact that the water-supply in the farms is inadequate. Arrangements were made during the last year to increase the water-supply in the more important farms by putting down bore-holes and it is hoped that the receipts of the farms during the current year will show improvement.

Filature and Reeling.—The Government Filature produced 2,749 lbs. of reeled silk during the current year. The bulk of the silk produced was of fine denier. This is the first year since the establishment of the Filature during which the entire production has been sold during the year and the Filature has been able to enter into forward contracts for the disposal of its output. The Filature has been able to create a ready demand for its silk in Bombay and in Calcutta, but the continued depression in the Industry renders it necessary that the cost of production should be brought down as low as possible. The filature was extended by the addition of 10 basins during the current year, and the controlling factors governing the silk industry point to the need for extending its output still further.

In their review of the Department for the last year, Government observe that endeavour should be made to create a market for the silk reeled in the Domestic basins. This problem has since been largely solved and the domestic basin silk finds a ready market both in the State and outside. Ten Installations of Domestic basins are now at work in the State and there is at present a demand for as many more. In view of the need for manufacturing this type of plant more largely, I propose, in future to manufacture the domestic basins in the Kolar District Workshop as well as in the Chamarajendra Technical Institute. An efficient twisting plant to twist raw silk in association with the domestic basins has now been devised and will be placed upon the market during the current year.

Central Sericultural Association.—The membership on the rolls of the Associatio has increased and the Association has commenced its work in right earnest. There ar important problems relating to the silk industry which can only be solved by the earnese efforts of the Sericultural Association. The Dewan Sahib was pleased to open at Chintan mani the last session of the Sericultural Conference convened by the Association in April 1929.

Conclusion.—The operations of the Department during the current year have shown that well reeled silk not only obtains a better price than silk reeled according to the indigenous methods but is also readily sold although the price now realised is less than what it was a few years ago. It is therefore necessary that the improved recling apparatus should be popularised as largely as possible and that the cost of production of the raw materials of the industry, *viz.*, cocoons, should be reduced without affecting the income of either the rearer or the mulberry grower. It is urgent therefore that strenuous efforts should be made by the Department to acquire a greater measure of control over seed production and to increase the quantity of cross-breed layings distributed in Government grainages. It will also be helpful if the Silk Association can organise cocoon markets such as those that prevail in Japan in order to stabilise the price of cocoons and bring the rearer into more intimate touch with the reelers engaged in the Industry.

Report on the Administration of the Geological Department.

READ—

Letter No. 3054-2, dated 23rd September 1929, from the Director of Geology in Mysore, submitting the Administration Report of the Department of Geology for the year 1928-29.

ORDER NO. D. 5783-8—GEOL. 54-29-3, DATED 2ND DECEMBER 1929.

Recorded.

General.—The new Chemical Laboratory sanctioned last year was opened in the premises of the Departmental Offices in August 1928 and the two Assistant Chemists who were till then carrying on their work in the Laboratory of the Agricultural Department were transferred there. They now carry on the work of assay and analyses under the direct supervision of the Director and Government are glad to note that the arrangement of a separate Laboratory for the Department is working satisfactorily.

The chief work of the Department during the year was the investigation of the occurrence of minerals of economic importance with a view to the conduct of prospecting operations in promising localities.

Special Lectures.—Mr. B. Rama Rao, M.A., Sub-Assistant Geologist, gave a course of lectures in Optical Mineralogy and on ore deposits with special reference to Mysore occurrences to the final year students of the Central College. The B.Sc., students were also given field instruction in Geological Survey and in the Prospecting for Minerals in the Hole-Narsipur and Byrapur areas.

Geo-physical Prospecting for Minerals.—The Director reports that his efforts to get Companies adopting this new method of prospecting to come to Mysore to detect the occurrence of ores were not successful as the fees demanded by them were very high. It is necessary to keep in touch with developments in the adoption of this and other up-to-date methods of locating minerals with a view to our availing ourselves of them as soon as it is found feasible to do so.

Ferro-chrome experiments.—It is reported that the equipment required for conducting experiments in the manufacture of ferro-chrome has been received and that investigations into the possibilities of making this material are in progress. Government understand that Bhadravati Iron Works also have this matter under study and the Director is requested to have the experiments made in co-ordination, as far as possible, with the said Works.

Engineering and allied activities.—Technical advice was furnished by the Department in connection with the projected water reservoir at Thippagondanahalli, the Hulikere Tunnel Works of the Irwin Canal Project and the Well Boring Operations of the Department of Industries and Commerce.

Limestone for manurial and other purposes.—About 13 tons of powdered limestone were supplied to the Agricultural Department for carrying out manurial experiments, and the results are awaited. Two tons of dolomitic limestone were also supplied to the Central Industrial Workshop for use as flux.

Revision of Rules relating to Licenses and Leases.—The Director is requested to expedite the disposal of this matter.

Mining Revenue.—Government are pleased to note that the whole of the demand of Rs. 2,74,148-14-1 on account of mining revenue and connected items was collected in the year.

Mining and Prospecting.—There were 34 certificates of approval, 44 mining leases and 22 prospecting licenses current during the year as against 36, 45 and 23 respectively in the last year. The results of the working of the five gold mining companies on the Kolar Gold Fields during the year were as follows:—

	1927-28 Actuals.	1928-29 App.
Total quantity of fine gold produced..	Ozs. 381,148	Ozs. 368,602
Value	Rs. 2,16,45,597	Rs. 2,08,52,996
Royalty due	„ 11,87,880	„ 11,46,628

As regards Manganese, there were 9 leases and 11 licenses current. The total output was 29,797·25 tons and the royalty recovered was Rs. 14,306-12-0.

The market for this mineral was dull and the Director is of opinion that it is necessary to give it the benefit of a reduced railway freight. He is requested to consider this suggestion in consultation with the Agent, Mysore Railways.

There were no fresh mining leases or prospecting licenses issued for chromite. The demand for the mineral was brisk and the output was 17,314·25 tons and the royalty recovered Rs. 11,944-9-10.

One prospecting license was taken out for copper for work on two old shafts near Swonhalli, in the Nanjangud Taluk. A report was issued by the Department on the results of prospecting work done in the Copper Mines at Ingladahal in the Chitaldrug District. The existence of copper ore has been proved and full information in regard to the deposit made available to persons interested in mining propositions.

For Magnesite.—There were four leases and one license current. The total output was 1,431 tons and the removal, 1,860·25 tons as against 2,373 and 2,018·5 tons respectively in the previous year.

Under *Kaolin*, there were four leases and one license current. The output was 2,563·4 tons and the whole quantity was removed, and the royalty paid was Rs. 2,103-7-0.

Departmental Mining.—Eight thousand tons of chromite mined by departmental agency at Byrapur were sold for Rs. 1,97,000, while at the Tallur Mines near Mysore 350 tons of ore were sold for a sum of Rs. 5,950. One hundred and fifty tons of Magnesite of good quality were also mined at Tallur, and the stock has found no sale yet.

Galena and Antimony Ores have been located near Chitaldrug and the prospecting work is in progress. The authorities of the Mysore Iron Works raised 21,460 tons of iron ore from the Kemmangudi hills and 1,291 tons of silicious iron ore from deposits near Tanigebyle during the calendar year 1928 for their works for Bhadravati.

Inspections.—Almost all the current Mining and Prospecting blocks other than those on the Kolar Gold Fields were inspected by the Officers of the Department during the year.

Geological Survey and History.—Mineral Prospecting and Mining Work claimed most of the attention of the Officers of the Department and the purely Scientific could not make much progress for want of staff. The Director is requested to report the arrangements necessary for more attention being paid to this work in future.

Conclusion.—The work of the Department during the year was satisfactory and Government desire to record their appreciation of it.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Declaration statements made by Partnership Firms.

READ—

Government Order No. Fl. 7563-612—G. F. 237-17-1, dated the 10th June 1918, passing orders regarding the valid acquittance to be obtained for payments made to Partnership Firms on account of articles supplied to Government Departments and among other things, directing that in the case of partnership firms having frequent transactions, they should be asked to deposit with the disburser before receiving first payment, a declaration specifying the names of the partners and countersigned by the Government Registrar of Joint Stock Companies.

2. Letter No. C. 68—29-30, dated 23rd May 1929, from the Registrar of Joint Stock Companies in Mysore, suggesting that, for reasons explained, the clause referred to in the Government Order read above may be suitably modified as indicated.

ORDER No. D. 5582-633—J. S. 28-28-2, DATED 29TH NOVEMBER 1929.

The Registrar points out that he is concerned only with companies registered under the "Mysore Companies Regulation" and Societies registered under the "Societies Registration Regulation" and has no particular facilities to ascertain the correctness or otherwise of the statements made in the declaration of partners by unregistered partnership concerns and produced before him for countersignature in consonance with the Government Order read above. He suggests, therefore, that such declarations might in future be required to be made and signed before a Magistrate or a Sub-Registrar, as that procedure would better impress on the minds of the declarers the necessity of making a true declaration. Government agree in this view, and are pleased, in modification of the instructions given in the Government Order of the 10th June 1918, to direct that such declarations in future be sworn to before a stipendiary Magistrate and attested by him under the seal of his Court, instead of being countersigned by the Registrar of Joint Stock Companies.

Secretary to Government,
Development Departments.

Mysore Co-operative Land Mortgage Bank.

READ—

Government Order No. G. 11438-44—San. 30-26-7, dated 10th April 1928, passing orders about the establishment of a Central Land Mortgage Bank at Bangalore and among other matters permitting the Bank to issue debentures up to twenty lakhs of rupees with the previous sanction of Government and guaranteeing interest on these debentures at a rate not exceeding 5 per cent.

2. Government Order No. G. 5927-8—L. M. 4-29-3, dated 11th November 1929, issuing Bye-laws for the working of the Mysore Co-operative Land Mortgage Bank.

3. Notification No. G. 5929—L. M. 4-29-4, dated 11th November 1929, issuing rules relating to the Land Mortgage Bank and Local Land Mortgage Societies.

4. Government Notification No. G. 6127—L. M. 12-29-2, dated 15th November 1929, constituting the first Board of Directors of the Land Mortgage Bank.

ORDER No. G. 6941-4—L. M. 14-29-1, DATED 4TH DECEMBER 1929.

To facilitate the working and devolopment of the Land Mortgage Bank, Government are pleased to sanction the following further concessions:—

(1) Government will guarantee to debenture holders in the Land Mortgage Bank *the repayment of the principal amount* of the debenture bonds at Maturity, as well as payment of interest as it falls due, limited to 5 per cent per annum *free of income-tax*, this guarantee being restricted to debentures issued for the first ten lakhs of rupees only. Subsequent issues will be governed by the provision of para 5 of the Government Order of 10th April 1928 read above.

(2) Government will meet for the first year the entire working expenses of the Land Mortgage Bank which are estimated to amount to Rs. 15,000, and two-thirds of the working expenses (subject to a maximum of Rs. 10,000) for the second year.

The cost for the remaining part of the official year is estimated to be Rs. 7,500. A demand for an additional grant of this amount to the Budget of the Department of Co-operative Societies will be placed before the next session of the Legislative Council.

N. RAMA RAO,
Secretary to Government,
Development Departments.

GENERAL SECRETARIAT.

Commissions granted to Mr. Badami Krishna Rao under section 99 of the Land Revenue Code Regulation, IV of 1888 and under Section 7 (3) of Mysore Village Offices Regulation No. IV of 1908.

READ—

Letter No. C. 819—29-30, dated 4th November 1929, from the Revenue Commissioner in Mysore, recommending the grant of powers under clauses (*a*), (*b*), (*d*), (*e*), and (*f*) of Section 99, Land Revenue Code and the powers of an Amildar to punish village officers under Section 7 of Village Offices Regulation to Mr. Badami Krishna Rao, retired Assistant Commissioner in respect of Sarvamanya Virapur village, Malvalli Taluk.

ORDER No. R. 3922-23—L. R. 214-29-2, DATED 29TH NOVEMBER 1929.

Government are pleased to sanction the Revenue Commissioner's recommendation and to issue the accompanying commissions to Mr. Badami Krishna Rao, Inamdar of Virapur Village.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

COMMISSION GRANTED UNDER SECTION 99 OF THE LAND REVENUE CODE REGULATION, IV OF 1888.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. Badami Krishna Rao, retired Assistant Commissioner and Inamdar of Sarvamanya Virapur Village, Malvalli Taluk, the following powers specified in clauses (*a*), (*b*), (*d*), (*c*), and (*f*) of Section 99 of the Mysore Land Revenue Code to be exercised within the limits of the said Inam Village.

Clause (*a*) to demand security for the payment of the Land Revenue or rent due to you and if the same be not furnished, to take such action, as the Deputy Commissioner is authorised to take under Section 147 to 149 except the power to fine under para 3 of Section 149 or to sell the crop under Section 149.

(*b*) To attach the property of persons making default in the payment of Land Revenue or rent due to you in the said villages.

(*d*) To exercise the powers of a Deputy Commissioner under Sections 63 and 64.

(*e*) To receive notices of relinquishment under Section 71 and to determine the date up to which such notices shall be received as in that Section provided and

(*f*) To take measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in Section 130.

II. The above mentioned powers delegated to you are vested in you during the pleasure of and subject to recall, by the Government of His Highness the Maharaja of Mysore.

COMMISSION GRANTED UNDER SECTION 7 (3) OF THE MYSORE VILLAGE OFFICES REGULATION NO. IV OF 1908.

The Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. Badami Krishna Rao, Retired Assistant Commissioner and Inamdar of Sarvamanya Virapur Village, Malvalli Taluk, the powers of an Amildar in respect of the said village, to be exercised by you to the extent described below:—

1. You may, of your own motion or on complaint and after enquiry, fine or subject to confirmation by the Assistant Commissioner, suspend any holder of a village office in the said Sarvamanya Virapur Village, Malvalli Taluk, for misconduct or for neglect of duty.

2. The power delegated to you is personal and vested in you during the pleasure of and subject to recall by the Government of His Highness the Maharaja of Mysore.

By Order,
B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

Toll Gates.

READ—

Government Order No. R. 791-801—R. M. 29-28-11, dated 31st July 1929, directing i that British Military Officers on duty will be exempted from the payment of toll at all the toll they conform to the rules laid down in the 'note' under items 6 of the exemptions referred to th

2. Correspondence ending with letter No. 9569, dated 13th November 1929, from the S to the Hon'ble the Resident in Mysore, suggesting rules governing the passage of British Military Off duty through the toll-gates in the Mysore State m modified as noted in the margin.

To entitle an officer to pass a toll-gate without payment as being on duty, he must fulfil at least one of the three following conditions:—
(i) be travelling in a Staff Car,
(ii) be wearing uniform, or
(iii) be in possession of the Toll Pass issued by Headquarters, Madras District.

ORDER NO. R. 3939-56—R. M. 9-27-117, DATED 2ND DECEMBER 1929.

Government are pleased to direct that the rules given in the 'note' under it of the exemptions in the Government Order read above be deleted and that the now suggested by the Secretary to the Hon'ble the Resident be substituted instead

It is stated that the passes referred to in rule III as now revised are issued by Headquarters, Madras District, and that too, only to officers on duty, the n of the duty and the period of validity being shown on the pass itself. A specim the toll pass should be given to each toll keeper who should be instructed to allow officer who shows such a pass to go through without molestation. The Revenue missioner is requested to intimate the number of specimen passes required for d bution in consultation with the Presidents of District Boards.

B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Governme*

FINANCIAL SECRETARIAT.

The working of Government Savings Banks.

READ—

Letter No. 135—S. B., dated the 25th October 1929, from the Comptroller to Government, mitting the Report on the working of the Government Savings Banks during the year 1928-29.

ORDER NO. FL. 3963-72—G. F. 3-29-2, DATED 4TH DECEMBER 1929.

Recorded.

The report records as in previous years an increase in the total numbe accounts as well as in the aggregate balance at their credit. Fifty-seven thousand hundred and twenty-one accounts, both current and dead had at their c Rs. 1,76,60,337 on the 30th June 1929.

It is however observed that as compared with the year 1927-28 the net inc in deposits during the year under review was about Rs. 8 lakhs less, due apparent the investment of savings as 5 Year Fixed Deposits.

Government note with satisfaction that the amount deposited under this sc during the year was Rs. 36,46,575 and that the balance at credit of these Sp Depositors on the 30th June 1929 aggregated Rs. 45,80,900.

Representations have been received for payment of interest on these 5 per cent fixed deposits being made half-yearly instead of yearly as at present. This question as well as the introduction of the Treasury Cash Certificates referred to in para 13 of the Comptroller's Report are under consideration.

The working of Collecting Savings Banks at Bangalore and Mysore has been satisfactory and those newly established at Davangere, Shimoga and Tumkur are expected to prove similarly useful as the benefits of the scheme become known to investors in those places. The Deputy Commissioners of Districts are requested to interest themselves in this matter and take all necessary action to popularise this measure for promoting thrift.

Government hope that the improvements in rules and procedure sanctioned during the year in regard to withdrawals of Deposits will effectively guard against fraudulent claims being admitted by Treasuries.

The delay in the submission of the annual accounts on the part of as many as 40 treasuries is not satisfactory. The State Huzur Treasury which is under the direct control of the Comptroller was the last to submit its returns. The Revenue Commissioner and the Comptroller are requested to warn the officers concerned and to take necessary action for ensuring the submission in future of the statements by the due date.

B. SRINIVASA IYENGAR,
Financial Secretary to Government.

Administration Report of the Stamp Department.

READ—

Letter No. Per. 36—28-29, dated the 4th October 1929, from the Commissioner of Stamps in Mysore, forwarding the Annual Report on the working of the Stamp Department for 1928-29.

ORDER NO. FL. 3797-806—ST. 12-29-3, DATED 27—28TH NOVEMBER 1929.

Recorded.

2. During the year under review, the following improvements were effected :—

(*a*) The manufacture of new receipt stamps in British Post Office red colour with the portrait of His Highness the Maharaja was ordered and to suit public convenience, three more denominations of court-fee stamps of the value of annas 5, 10 and Rs. 1-4-0 were introduced ;

(*b*) The Amildars were invested with powers to deal with the refund of unused stamps under Section 54 of the Stamp Regulation ;

(*c*) The court-fee leviable on applications for transfer of State Loan Bonds from the names of deceased persons to their heirs was ordered to be remitted when the face value is less than Rs. 100 ;

(*d*) With a view to safeguard stamp revenue, the rules for storage, issue and verification of stock of stamps in the Central and Local Depots were suitably revised ; and

(*e*) Measures were taken for the enforcement of payment of stamp duty on policies issued by Foreign Insurance Companies to residents in the Mysore State. Sanction was also accorded to the introduction of revised forms to minimise scriptory work and the cost of stationery.

3. The total stamp revenue for the year rose to Rs. 23,25,330 from Rs. 22,82,007 in the preceding year.

4. The recovery of institution fees which amounted to Rs. 9,228 as against a total dues of Rs. 75,750 was unsatisfactory. The Deputy Commissioners of Districts are requested to take energetic action for realising the arrears.

5. The establishment of the Stamp Department was revised, the main features of the revision being the adoption of a time-scale of pay to the supervisors of the offices of the Superintendents of Stamps and of the Manufactory and increase in the existing number of hands so as to cope with the increasing work of the department.

B. SRINIVASA IYENGAR,

IMPORTANT GOVERNMENT ORDERS.

DEVELOPMENT SECRETARIAT.

Private Capital and School Buildings.

READ—

Letter No. 932, dated 9th—13th June 1928, from the Secretary, Board of Education, forwarding for the consideration of Government a copy of the resolutions of the Board passed at their meeting held on 12th May 1928 on the subject of Private Capital and School Buildings.

2. Correspondence ending with letter No. L. Dis. 1188-103 of 28-29, dated 24th August 1929, from the Director of Public Instruction furnishing his opinion on the proposals referred to above.

No. D. 5716-35—EDN. 129-28-4, DATED 30TH NOVEMBER 1929.

The suggestions of the Board of Education are as follows:—

1. That people may be induced to construct school buildings of approved designs at their own cost, the building and the school being designated after the respective donors whenever the entire cost of the building is borne by them.

2. That villagers may be induced to collect public subscriptions and construct school buildings in their own villages, the names of such of them as contribute Rs. 100 and over being inscribed on a stone tablet to be fixed in a conspicuous part of the said building.

3. That private capitalists may be induced to raise school buildings for being rented out at agreed rates, the rent being payable by village panchayets out of public subscriptions or their own funds as the case may be.

4. That the funds at the credit of muzrai institutions in the State may be utilised for the construction of school buildings within or outside the area where such institutions exist, rent for such buildings, calculated at such rates of interest on the capital outlay as may be agreed to, being guaranteed and paid to such institutions by village panchayets or other recognised bodies.

5. That all Co-operative Institutions in the State may be requested to set apart as charity a small sum, say two per cent of their net annual earnings, and pay it to Government for being constituted into a school building fund, this fund being utilised by Government for putting up primary school buildings.

This subject was also considered at the meeting of the Standing Committee of the Economic Conference held on 14th July 1928. The Muzrai Commissioner explained that it was not a practicable suggestion to construct school buildings out of Muzrai funds, as there were very few Muzrai Institutions which held large sums of surplus money at credit. The Registrar of Co-operative Societies also stated that earmarking any portion of the earnings of the Co-operative Societies for buildings was not a desirable step.

Government agree with the views of the Muzrai Commissioner, and the Registrar of Co-operative Societies, and think it undesirable to issue any directions in regard to the utilisation of Muzrai Funds, and the setting apart of a part of the profits of Co-operative Societies for the purpose suggested. They are pleased to approve of the other recommendations of the Board of Education and trust that every effort will be made to give effect to them.

Appointment of a Trade Agent for Mysore in East and South Africa.

ORDER NO. D. 6816—S. O. F. 39-29, DATED 17TH DECEMBER 1929.

It has come to the notice of Government that a market for sandalwood oil, soap, art-ware, silks, *oodubattis*, and other Mysore products can be developed in East and South Africa. Government are accordingly pleased to appoint Mr. Biharilal Anantani of Zanzibar on a commission basis as Trade Agent for Mysore in East and South Africa, for pushing the sale of Mysore products in the markets there.

N. RAMA RAO,
Secretary to Government,
Development Departments.

Amrit Mahal Department.

READ—

Report on the working of the Amrit Mahal *Department during the year 1928-29 with the review of the Director of Agriculture thereon received with his letter No. Per. 45—29-30, dated 25th September 1929.

*(Printed as annexure.)

ORDER No. D. 6403-13—A. M. 13-29-3, DATED 11TH DECEMBER 1929.

Recorded.

Lieut. A. A. Monteiro was in charge of both the Live-Stock Section of the Department of Agriculture and the Amrit Mahal Department till 17th August 1928 when he went on deputation to Scotland to specialise in Animal Husbandry.

The charge of the Live-Stock Section was then transferred to a separate officer (Mr. C. Narasing Raju, L. Ag.,) and Mr. B. Lakshmipathy succeeded Lieut. Monteiro as Superintendent of the Amrit Mahal Department alone during the rest of the year.

Stock.—The number of cattle at the end of the year under review was 5,619 as against 5,733 at the end of the previous year. Births during the year amounted to 1,086 which works out to 19·6 as against 31 of the past year while the death-rate remained almost the same (10·6 per cent against 9·8 per cent). Government agree with the Director that this is a creditable record considering the general prevalence of contagious diseases and especially the severe epidemic of rinderpest during the year among cattle throughout the State. The condition of the cattle was generally fair except in parts of Tumkur and Chitaldrug Districts where they sufferred to some extent for want of adequate hot weather kavals. The Director is requested to see that wherever possible adequate hot weather kavals are reserved exclusively for the use of the Amrit Mahal Cattle.

With a [illegible] of the Agricultural population for good [illegible] Cattle Breeding Station on the Parvatadanyanakere Amrit Mahal [illegible] As a first step 40 animals were [illegible] from different Serves and sent to the Breeding Station [illegible] poses. With the natural advantages which the Breeding Station possesses. Government trust that it will fulfil all expectation and justify the expenditure incurred.

Surrender of Kavals.—The area surrendered to the Revenue Department duri[illegible] the year [illegible] first 5,008 acres during the year 1927-28. It is repor[illegible] [illegible]ed to the Revenue Department for purposes of cultivati[illegible] are leased out by the [illegible] for grazing, which is virtually a diversion of the land uses other than those for which it was surrendered. The Director is requested to ma[illegible] special reports in such cases with a view to see whether the lands may not be re-su[illegible] rendered to the Amrit Mahal Department if not really required by the Revenue Depa[illegible] ment.

Demand, Collection and Balance.—The total demand during the year, includ[illegible] the arrears of previous years (amounting to Rs. 53,854-7-11) was Rs. 1,25,776-4[illegible] Of this the balance remaining to be collected at the close of the year amounted Rs. 41,951-11-8 out of which a sum of Rs. 32,747-11-6 is said to be pendi[illegible] collection with the Revenue Department. The Deputy Commissioners of Districts a[illegible] requested to take effective steps to reduce the arrears as much as possible.

DUTIES OF THE COMMITTEES OF VISITORS OF DISTRICT HOSPITALS.

1. The Committee shall visit the Hospital once a month on a date to be fixed by them and preferably, the third Saturday of every month, in the morning, between 8 and 10.

2. No business will be transacted by the Committee unless at least three members are present.

3. The Medical Officer in charge of the Hospital will send notice of the date of visit to the Members of the Committee a week in advance.

4. It will be the duty of the Committee to hold enquiry into complaints from the public against the working of the institution in so far as it may relate to the convenience and comfort of the patients or to the popularity and usefulness of the institution and to make suitable recommendations to the Senior Surgeon.

5. Other matters cognisable by the Committee will be such as pertain to sanitation, adequacy or otherwise of accommodation, hours of Hospital attendance for out-patients, whether there is any delay in attending to patients, and such other matters (excluding those of a purely professional nature) as affect the well-being of the patients.

6. The Committee is not expected to interfere in any way with the disciplinary control of the Medical Officer over the staff of the Hospital or with any work or records of a purely professional nature.

7. The Medical Officer in charge will be bound to afford facilities to the Committee by complying with all reasonable requisition for information, etc., and will be himself present at the meeting, if called upon to do so.

8. The Committee may submit its recommendations and proposals for improving the usefulness of these institutions to the Senior Surgeon in Mysore.

Elected Presidents for the District Boards of Tumkur, Mysore, Shimoga, Kadur and Chitaldrug.

READ—

Government Order No. Camp 1-72—L. B., dated the 2nd October 1922, sanctioning the appointment of Non-official Presidents to the District Boards of Bangalore, Kolar and Hassan by election in Bangalore and in Kolar and Hassan by nomination.

2. Government Order No. L. 4633-5—L. B. 122-25-5, dated the 17th January 1927, extending the privilege of electing their Non-official Presidents to the Kolar and Hassan District Boards also.

ORDER NO. L. 4155-4226—L. B. 30-29-84, DATED 9TH DECEMBER 1929.

Under the orders read above, the Presidents of the District Boards of Bangalore, Kolar and Hassan are at present elected Non-official gentlemen. The other five District Boards have official Presidents. There has been for sometime past a steady and unanimous wish on the part of the Non-official public for having elected Presidents in all District Boards. In view of the fact that the work of the District Boards presided over by Non-official gentlemen has been satisfactory, Government are pleased to extend the privilege of electing their Presidents to the remaining District Boards of Tumkur, Mysore, Shimoga, Kadur and Chitaldrug also.

2. The Deputy Commissioner of the District will cease to be *Ex-officio* Member and President of the District Board in these Districts.

3. This order will have effect from the date of the reconstitution of the present Boards.

R. RANGA RAO,
General Secretary to Government.

Voters' Lists for District Board Elections

READ—

Voters' Lists connected with District Board Elections.

Para 2(c) of Government Order No. L. 3003-20—L. B. 39-29-26, dated 25th October 1929, directing that the list of voters for District Board elections approved by the Deputy Commissioner be printed in English and Kannada.

ORDER No. L. 4130-48—L. B. 30-29-86, DATED 7TH DECEMBER 1929.

In modification of the instructions referred to above, Government are pleased to direct that the lists of voters be printed in Kannada only instead of in both English and Kannada. The instruction as amended will read as follows:—

"2 (c) After approval of the lists, the Deputy Commissioner will arrange to get them printed in Kannada at the cost of the District Boards and to make copies of the same available for sale to the public at a price to be fixed."

R. RANGA RAO,
General Secretary to Government.

BANGALORE, THURSDAY, FEBRUARY 7, 1929.

PART II—Section 1.

APPOINTMENTS, POSTINGS, TRANSFERS, LEAVE, POWERS AND OTHER PERSONAL NOTICES.

CIVIL APPOINTMENTS.

CHIEF SECRETARIAT.

"Heads of Departments and all other Officers concerned are informed that Notifications in the Gazette are to be accepted as disposing of all references regarding appointments postings, transfers, leave and other personal questions affecting Officers, as to which orders are gazetted by the Government in this Part of the Gazette, and that any subsidiary orders as to relief of their subordinates and the like, which such Notifications necessitate, must be issued by the immediate Official Superiors of the Officers concerned in consultation with the Heads of Departments, wherever necessary immediately on receipt of the Gazette. No subordinate officer should take action on a Gazette Notification without the specific orders of his immediate Official Superior."

No. O. 2891—*O. E.* 3-28-63., *dated* 30*th January* 1929.

Mr. V. Subrahmanya Sastry, Superintendent, First Grade, General and Revenue Seretariat, is granted privilege leave for three months from 7th February 1929 or such other later date as he may avail himself of the same.

No. R. 6033—*L. R.* 99-28-173, *dated* 31*st January* 1929.

Under Article 209A of the Mysore Service Regulations, the leave granted to Mr. A. L. Puttaiya, Amildar, in Government Notification No. R. 5087—L. R. 99-28-132, dated 21st December 1928, is extended up to and inclusive of 15th January 1929, of which nine days are furlough on full pay and the rest furlough on half pay.

No. 3430—*C. B.* 7-28-21, *dated* 1*st February* 1929.

In modification of Government Notification No. 3409—C. B. 119-28-8, dated 25th January 1929, sanctioning the grant of two months' privilege leave to Mr. P. Suryanarayana Setti, B.A., LL.B., Assistant Commissioner and certain consequential arrangements, Mr. G. Sundara Rao, B.A., Assistant Commissioner is, on return from leave, posted to the charge of the Special First Class Magistrate's Court, Closepet. This cancels the posting of Mr. P. H. Krishna Rao to Closepet.

2. The other arrangements ordered in the notification referred to above remain unchanged.

No. 3435—*C. B.* 7-28-22, *dated* 1*st February* 1929.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Grant of a Commission under Section 99, Land Revenue Code, to Mr. H. Srikantiah.

READ—

Correspondence ending with letter No. C. 2673—28-29, dated the 8th February 1929, from the Revenue Commissioner in Mysore, recommending the grant of a Commission under section 99, Land Revenue Code, clauses (*a*), (*d*), (*e*), and (*f*), to Mr. H. Srikantiah in respect of Jodi Hariharpur Village and the six minor villages in Hole-Narsipur Taluk as noted in the margin.

(1) Singaranahalli.
(2) Thavanaudi.
(3) Boranahalli.
(4) Arekalhosahalli.
(5) Chakkarahalli.
(6) Beeranahalli.

ORDER No. R. 7606-8—L. R. 430-28-4, DATED 20TH MARCH 1929.

It is reported that Survey and Settlement has been introduced into the villages mentioned above and that the Jodidars have formed themselves into an Association with Mr. H. Srikantiah as their President and have appointed office bearers who are doing their work in a businesslike manner. With a view to improve the villages, they urge the grant of a Commission to their President who is employed as District Surveyor, Chitaldrug District. The Deputy Commissioner recommends sanction to the grant of a Commission under all the clauses of section 99, Land Revenue Code, to Mr. Srikantiah. The Revenue Commissioner recommends that Mr. Srikantiah may be given the powers under clauses (*a*), (*d*), (*e*), and (*f*) of section 99 to be exercised on behalf of the Jodidars. Government are pleased to approve of the Revenue Commissioner's recommendation and to direct the issue of the accompanying Commission to Mr. Srikantiah.

N. MADHAVA RAO,
Chief Secretary to Government.

Commission granted under section 99 of the Land Revenue Code, Regulation IV of 1888.

1. Singaranahalli.
2. Thavanandi.
3. Boranahalli.
4. Arekalhosahalli.
5. Chakkarahalli
6. Beeranahalli.

By virtue of the powers vested in them by the Land Revenue Code, the Government of His Highness the Maharaja of Mysore are pleased to confer on you, Mr. H. Srikantiah, Agent of Jodi Hariharpur and six other minor villages in Hole-Narsipur Taluk (noted in the margin) the following powers specified in clauses (*a*) and (*f*) of Section 99 of the Mysore Land Revenue Code to be exercised within the limits of the said Inam villages.

Clause (*a*) to demand security for the payment of the Land Revenue or rent due to you and if the same be not furnished, to take such action, as the Deputy Commissioner is authorised to take under section 147 to 149 except the power to fine under para 3 of Section 149 or to sell the crop under section 149.

(*d*) To exercise the powers of a Deputy Commissioner under sections 63 and 64.

(*e*) To receive notices of relinquishment under section 71 and to determine the date up to which such notices shall be received as in that section provided, and

(*f*) To take measures for the maintenance and repair of boundary marks in the manner provided for Survey Officers in section 130.

II. The abovementioned powers delegated to you are vested in you during the pleasure of and subject to recall, by the Government of His Highness the Maharaja of Mysore.

Re-advertisement and disposal of Special Vacancies.

READ—

(1) Government Order No. C. 4247-97—C. R. B. 5-26, dated 26th June 1927, issuing subsidiary instructions in the matter of filling up vacancies reserved for Backward Communities, in continuation of the revised recruitment rules, issued with Government Order No. 5771-830—C. R. B. 5-26-1, dated 10th June 1927.

(2) Government Order No. 2140-3—C. R. B. 9-27-1, dated 10th January 1928, accepting the resolution of the Central Recruitment Board in the matter of re-advertisement of vacancies of tutorial appointments in Middle and High Schools and directing that the same be made applicable to re-advertisement of vacancies of tutorial appointments in the Mysore University also.

(3) The following extract from the Proceedings of the Meeting of Officers held on 22nd October 1928:—

"It was decided to allow appointing officers to appoint Non-Brahmin candidates in special vacancies, without advertisement, when a qualified candidate who had gained experience of office work as a volunteer was locally available."

(4) Resolution of the Central Recruitment Board at the meeting held on 1st February 1929, with reference to the above decision at the Meeting of Officers held on 22nd October 1928.

ORDER NO. 7395-7494—C. R. B. 26-28-1, DATED 22ND MARCH 1929.

In modification of Government Orders in the matter of advertisement and disposal of special vacancies reserved for candidates of Backward Communities and in concurrence with the Central Recruitment Board, Government are pleased to direct that when no qualified candidate of a Backward Community applies for a Special Vacancy advertised for the first time according to rules, a duly qualified Non-Brahmin candidate may, if available, be appointed, instead of re-advertising the vacancy under the rules and such appointment reported to the Central Recruitment Board as heretofore in the prescribed form of "B" Statement.

N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Village Panchayet Grant-in-aid Schools.

READ—

Government Order No. D. 10143-5—Edn. 36-26-67, dated the 24th March 1928, sanctioning the opening of 54 schools on grant-in-aid basis in the Mysore District.

2. Correspondence ending with letter No. D_4 2591-103—28-29, dated 15th February 1929, from the Director of Public Instruction in Mysore requesting, in the circumstances explained, sanction for the opening of 30 more Village Panchayet Grant-in-aid schools in the Mysore District with effect from 1st July 1929 at a recurring expenditure of Rs. 3,000 per annum and a non-recurring grant of Rs. 3,000, the charges being met from the balance of the Education Cess of the District.

ORDER NO. D. 9201-3—EDN. 686-28-3, DATED 6TH MARCH 1929.

The normal income from the Education Cess in Mysore District was estimated at Rs. 1,10,000. Against this, after leaving a reserve of $\frac{1}{10}$th of the income, *viz.*, Rs. 11,000 for fluctuations, etc., an expenditure of Rs. 99,555 has so far been sanctioned.

According to the budget estimates of the Mysore District Board for 1927-28, the estimated income was fixed at Rs. 1,24,000. The actual income realised during the year was Rs. 1,18,000. The income for the year 1928-29 is estimated at Rs. 1,15,000.

After setting apart $\frac{1}{10}$th of the estimated income as reserve against fluctuations, etc., and deducting the recurring charges of Rs. 99,555 already sanctioned, there will be a balance of Rs. 3,945 available for improving the educational facilities of the District.

The Director has submitted proposals, in consultation with the District Board, Mysore, for opening 30 new Village Panchayet grant-in-aid schools with effect from 1st July 1929, at a recurring cost of Rs. 3,000 and a non-recurring expenditure of Rs. 3,000 for equipment of the new schools.

In the circumstances explained above, Government are pleased to sanction the recommendation of the Director of Public Instruction for opening 30 new Village Panchayet Grant-in-aid schools (*vide* list appended) in Mysore District with effect from 1st July 1929, at a recurring cost of Rs. 3,000 per annum and a non-recurring expenditure of Rs. 3,000, the former being met from the balance available out of the Education Cess Funds, and the latter from the accumulated balance of the Education Cess of the District.

Reviews the Forest Administration Report for the year 1927-28.

READ—

The report on the Administration of the Forest Department for the year ended 30th June 1928, received with the Chief Conservator's letter No. Pr. 36-28, dated 5th October 1928.

ORDER No. G. 11719-33—FT. 143-28-3, DATED 19TH MARCH 1929.

Recorded.

2. The Volume of Reports for future years may be reduced by omitting references to unimportant details and by relegating to appendices tabular statements now included in the body of the report, and by dwelling as far as possible only on important matters relating to the organisation and operations of the Department.

3. *General.*—The Report gives a full account of all the operations of the Department and of the measures adopted for expanding its activities. Government note that the Report is a record of progress in many directions and they have read it with much interest. The historical survey of the Department in the last six decades which forms the introduction to the Report shows the care and attention given to the conservation and development, on scientific lines, of the forest wealth of the State and the success which has attended the efforts of the Department.

4. *Reorganisation of the Department.*—The Department was reorganised during the year under review with a view to ensure closer supervision of operations and greater attention to the economic side of the work of the Department. To relieve the Chief Conservator of some of his routine duties so as to enable him to devote more attention to important questions of the Department and to provide for the systematic investigation and solution of the many problems concerning the Maland Forests, a Circle Office was created at Shimoga under a Conservator of Forests with jurisdiction over the four Revenue Districts of Shimoga, Kadur, Hassan and Chitaldrug. Other measures affecting the organisation of the Department sanctioned in the year were the constitution of four Sub-Divisions, two in the Shimoga District and two in the Mysore District, the addition of an Assistant Veterinary Inspector to the Elephant Establishment and the appointment of an Accounts Assistant to the Chief Conservator for the efficient conduct of departmental inspection of accounts.

5. *Preservation of Game.*—With a view to prevent the indiscriminate destruction of Game and to protect certain kinds of Game which were getting scarce, the Game Rules were revised during the year and the Vani Vilas Sagara was included in the list of Game Preserves.

6. *Area of Forests.*—With a net addition of 25 sq. miles during the year, the area of State Forests stood at 3,415 sq. miles on the 30th June 1928. The number of Village Forests rose from 144 to 191 in the year under report. Government trust that as a result of the advice rendered to the Panchayets by the Officers of the Forest Department, the management of the Village Forests will show gradual improvement. The general condition of these forests should be described briefly in future Reports. The proposals for the constitution of Minor Forests are pending the framing of Rules under Section 35 of the Forest Regulation and this question is under active consideration.

7. *Inam Forests.*—As a first step in the improvement of Inam Forests, the forests belonging to the Kalasa Temple were notified as Reserved Lands under Section 35 of the Forest Regulation. The Chief Conservator is requested to expedite the scheme for working these forests.

8. *Forest Settlement.*—The number of blocks dealt with in the year is reported to be 17 and there is still much work to be done and it is necessary to arrange for its completion early.

9. *Working Plans.*—The forests of the Bhadravati Division were further surveyed and their working plans revised during the year with a view to find out the capacity of the area to meet the increased demand for fuel of the Bhadravati Iron Works and to ascertain the resources of the Division in *bamboos* available for the

manufacture of paper pulp. The submission of the Report of the Assistant Conservator placed on special work for making this investigation is awaited and should be expedited. The revised Working Plan for the Heggaddevankote group of forests should be completed early.

10. *Demarcation.*—The work of cutting new demarcation lines does not compare favourably with that in the previous year and it should receive greater attention in future.

11. *Prevention of Smuggling of Sandalwood.*—Thefts of sandalwood across the frontiers of the Kadur and Shimoga Districts and the Salem frontier have been largely prevented by the Special Patrol Staff, with the help of the British Police and Forest Officers on the other side of the frontier. Government are glad to note the good work done by the officers on special work and they appreciate the assistance rendered by the Forest and Police Officers of the neighbouring parts of British India.

12. *Grazing.*—The number of cattle admitted to graze in the forests during the year was 4,17,778 against 2,36,546 in the year previous. The increase is attributed to the introduction of the Lumpsum Fee System. Goats having proved an enemy to forest growth even under restrictions, goat browsing has been prohibited except in some special areas.

13. *Lantana and other pests.*—The arrest of the spread of lantana, prickly pear and touch me-not and their eradication are, no doubt, difficult problems. The injury to forest growth by these plants is, however, very great and sustained efforts should be made to find out if there are any means of minimising the harm done by them. Government are glad to learn that the scheme of leasing out for agricultural purpose the lantana-overgrown lands in the Devarayadurga Forests is working satisfactorily and the Chief Conservator is requested to consider if the same arrangement with additional attractions if necessary, cannot be adopted wherever there is demand for land for agricultural purposes, for preventing or at least minimising the harm which these plants are causing to the natural regeneration of valuable forest trees. Whether some industrial use could not be made of these plants is another important problem for investigation. Unless some use is found for them, it may not be possible to attempt a complete solution of this problem. The Chief Conservator is requested to have this question investigated in consultation with the Director of Industries and Commerce and the Director of Agriculture.

14. *Damage to the Sandalwood Trees.*—The number of cases of damage to sandal trees is large and of the 462 cases pending, nearly 71 per cent relate to the Bangalore, Tumkur and Hassan Districts. This work requires greater attention on the part of the Revenue Officers than it has received in the past. The Revenue Commissioner is requested to issue needful instructions for the speedy disposal of pending cases and arrange to send quarterly reports to Government in the first week of January, April, July and October until the arrears are cleared off.

15. *Spike in Sandal.*—This disease is reported to have spread to the Devarayadurga Forest in the Tumkur District, which is a rich sandalwood area. The special staff sanctioned for its investigation has collected considerable data and is conducting its work on scientific lines. The affected areas were visited by the Forest Officer in charge of this work and germination tests from diseased and healthy seeds were carried out. Examination of sandal haustoria, experiments on (1) propagation of sandal by root suckers, (2) transplantation of seedlings for artificial propagation, (3) selection of the best host-plants and also their influence on disease, are receiving attention. Mr. M. J. Narasimhan, the Assistant Entomologist employed on this work is stated to have discovered the existence of intra-cellulor bodies in the cells of diseased leaves and this is considered as marking a distinct step forward in the investigation of the disease.

16. *Expansion of area under Sandal.*—Sandal dibbling on a large scale has been undertaken by the Department to make up as far as possible for the loss caused by spike and the Chief Conservator is requested to have this operation carried out according to a well considered plan for ensuring systematic work for a long period and for encouraging the growth of this very valuable forest product in all favourable areas.

17. *Afforestation.*—It is gratifying to note that both under natural and artificial regeneration, the attempts of the Department have proved successful and that the supply of seedlings of various plants to Local Bodies and Municipalities and the growing of fruit, fuel and other trees of economic value, are receiving attention. The operations of planting and sowing require to be regulated by programmes drawn up with reference to the conditions of the different forests; and the amount of work to be done each year in the several areas should be definitely laid down and effective supervision exercised to see that it is carried out. The afforestation of Gopalaswamy, Chamundi and Bababudan Hills is reported to have made progress in the year. This work is important and it should receive continued attention.

18. *Communications and Buildings.*—A quinquennial programme of Communications and Building works necessary for the proper supervision of forest operations of all kinds and for the prompt and economical transport of forest products to the places of their disposal should be drawn up and carried out in convenient instalments year by year.

19. *Exploitation-Timber.*—The quantities of timber cut in forests, brought to depots and sold during the year were 973,401 c.ft., 612,330 c.ft., and 568,912 c.ft., respectively exclusive of railway sleepers, poles and sawn materials as against 970,196 c.ft., 616,153 c.ft., and 659,726 c.ft., respectively in 1926-27. In addition to this 80,933 railway sleepers were supplied to the State Railways and 1,026 *balagi* poles to the Electrical Department, out of the fellings of the year previous, fresh fellings having been stopped pending the installation of the Creosote plant at Bhadravati. The attempt to transport *balagi* poles, by Sentinel tractors has not proved successful and the question of devising the best means for conveying these long and heavy poles fo which there is great demand by the Electrical Department has been referred for consideration by the Chief Conservator, the Chief Engineer and the Chief Electrical Engineer. The aggregate realisation from timber during the year was Rs. 10,70,669 as against Rs. 9,04,052, the increase being mainly due to the high price of timber prevailing in the market and to the supply of railway sleepers.

20. *Fuel.*—Government are glad to note that the arrangements made for the supply of fuel to the Iron Works were satisfactory. The Department undertook the supply in the year under report of fuel to Sandal Oil Factories, the Railways and the Match Factory at Shimoga.

21. *Creosote Plant.*—The construction of buildings for the Plant was completed during the year and the Plant started work towards the close of the year. The operation of the Plant is for the present limited to the treatment of some varieties of timber proved to be quite fit for use as railway sleepers after creosoting and of *balagi* poles, required by the Electrical Department for transmission lines. The Chief Conservator is requested to see if some of the kinds of timber available in the ghat forests cannot be used, after creosote treatment, for structural purposes.

22. *Stocking of Timber.*—A scheme for the stocking of seasoned timber was started during the year and a special grant was also sanctioned for the purpose. It is reported that not much progress could be made in the work in the year and that arrangements have been made for bringing the scheme into effect gradually.

23. *Sandalwood.*—In order to meet the increased demand of the Sandalwood Oil Factories, 2,473 tons of rough wood were collected and 2,115 tons of good wood prepared as against 2,036 tons and 1,773·5 tons, respectively, in the previous year. Arrangements are reported to have been made for the collection of dead wood of small sizes not hitherto exploited, with the result that a large quantity of valuable material is being gathered, adding to the supplies required by the Factories. A special staff and an additional grant were sanctioned for the collection of dead trees in some forests of the Kankanhalli Taluk where a large quantity of dry sandal in places difficult of access exists and the results of the adoption of these measures have exceeded expectations. The net revenue from sandalwood oil was Rs. 23,00,633 against Rs. 20,56,068 in the year 1926-27. A sum of Rs. 33,542 was realised by retail sales of sandalwood.

24. *Lac Cultivation.*—A quantity of 801 maunds of crude lac was collected against 636 maunds in the year previous and a total revenue of Rs. 19,519 was realised by the sale of lac and lac products such as sealing wax, polish and button lac against Rs. 16,298 in the previous year. The work of propagation and that of manufacture made satisfactory progress in the year.

25. *Saw Mill.*—The total quantity of timber sawn in the Saw Mill at Shimoga during the year was 51,590 c.ft. against 59,450 c.ft. and the revenue realised by the Mill as sawing charges was Rs. 11,667 as against Rs. 15,946 in the year previous. There is no explanation for the short work turned out during the year and the Chief Conservator is requested to submit a separate report on the subject.

26. *Financial.*—Against a total demand of Rs. 48,04,779, the amount collected was Rs. 43,38,361 and that written off Rs. 59,747, leaving a balance of Rs. 4,06,671. Of this amount a sum of Rs. 2,02,000 relates to demands which have fallen due and the Chief Conservator should take prompt measures for its realisation.

27. *Schemes under consideration.*—The following schemes are stated to be under investigation.—

(1) Plywood and Veneer Plant.
(2) Packing cases.
(3) Raising of Cinchona Plantations,
(4) Selection and supply of timber to the Gun Carriage Factory at Jubbalpore.
(5) Installing a portable Saw Mill in the Forests of the Mysore District.
(6) Manufacture of paper pulp and Bobbins.
(7) Extraction of oils and fats from the seeds of certain trees, and
(8) Collection and sale of silk cotton.

The Chief Conservator is requested to arrange for the early completion of enquiries into these schemes and for taking promptly whatever practical action is feasible in the light of results of investigations made.

28. *Forest Labour Colonies.*—The scheme for the settlement of Kunbis in the Sagar ghats has been working well and the new colony of Sholigars in the Chamarajnagar Forests has been well received by the settlers. The Chief Conservator is requested to consider what additional medical facilities might be afforded for the better health of the colonists.

29. *Itineration of Officers.*—The itineration of some of the District Forest Officers fell short of the prescribed minimum and their halts in Forest Lodges are also reported to be less than what they should have been. The explanation of the Officers concerned should be obtained and submitted with the views of the Chief Conservator and it should be impressed on them that serious notice will be taken of their conduct if they do not do the amount of touring and halting necessary for the proper performance of all their duties out of headquarters.

30. *Conclusion.*—The working of the Department during the year was satisfactory and Government are glad to note the good work of the Officers specially mentioned by the Chief Conservator.

R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

Appointment of an Amildar Temporarily for the investigation of cases of unauthorised enjoyment of Deva Daya inam lands.

READ—

Para 2 of Government Order No. 1769-72—Muz. 49-28-2, dated 1st March 1929, approving of the Muzrai Commissioner's recommendation for appointing an Officer of the status of an Amildar for a period of three months for conducting an investigation of unauthorised enjoyment or alienation of Devadaya Inams in the Taluks of Tirthahalli and Shimoga and requesting submission of proposals in the matter.

2. Correspondence ending with D. O. No. C. C. (A) 70—28-29, dated 19th March 1929, from the Muzrai Commissioner, recommending that Mr. M. N. Anandalwar, Amildar, Channagiri, under orders of transfer to Channapatna may be deputed for the investigation work for a period of three months and that he may be given an allowance of 20 per cent of the salary in addition to his pay.

ORDER NO. 2022-4—MUZ. 335-28-3, DATED 25TH MARCH 1929.

The Government are pleased to approve of the recommendation of the Muzrai Commissioner.

2. He is requested to submit proposals *re* the staff required for the Special Duty Amildar and necessary reappropriation of funds in the General Muzrai Fund Budget to meet the extra cost.

B. SRINIVASA IYENGAR,
Secy. to Govt., Financial Department.

Amendments.

1. Rule 6, Chap. IV, Part II, 'omit the words' "but not more than 2,000 gallons each."
2. "Form Q" of the license form.
"Revise the existing form and conditions to the form and conditions annexed."

CONDITIONS OF LICENSE.

1. Except when absolutely necessary for the purposes of condition 9 or when the tank and pump are erected completely inside a dangerous petroleum Installation Petroleum shall on no account be filled from the tank or pump or from a barrel of oil supplied by Petroleum Companies to be filled into the tank into any receptacle other than that clamped or fitted to a Motor Vehicle.

2. The petroleum shall be stored in one gas tight metal tank of a capacity of... ..... gallons sunk completely underground in the position shown on plan submitted, and placed in a pit lined with concrete or brick in cement, the tank being packed round with sand, earth or clay so that no air space is left below ground level and the tank is not visible.

3. A pump or pumps shall be placed in the position shown on plan submitted, the pipe connection between the tank and the pump or pumps shall be placed underground and all joints, valves and cocks shall be gas tight.

4. For the purpose of charging the tanks of locomotives the petroleum shall be:—

(*a*) Pumped through strong metal piping by means of approved pumps into above-ground measuring tanks of a capacity not exceeding 30 gallons, fixed in approved positions, and run thence trough sound hose, fitted with secure self closing cock and nozzle.

(*b*) Pumped through strong metal piping by means of approved pumps into an above-ground service tank of approved capacity, fixed in an approved position, and run thence through strong metal piping into measuring tanks of a capacity not exceeding 30 gallons, fixed in approved positions and thence through sound hose, fitted with secure self closing cock and nozzle, into the tanks of locomotives, or

(*c*) Pumped by means of approved measuring pumps, fixed in approved positions, through sound hose fitted with secure top and nozzle into the tanks of locomotives.

5. All tanks, pumps, pipes and fittings shall be strongly constructed of the best materials.

6. All service or measuring tanks shall be fitted with overflow and emptying pipes returning to the storage tank.

7. The petroleum shall enter the tank "under seal" and all tanks shall be fitted with a vent pipe leading into the open air, the open end being covered with brass gauze 32 mesh and fitted with a hood or the open end shall be fitted with an inlet valve and an exhaust valve.

8. If the licensing officer call upon the holder of a license by a notice in writing, to execute any repairs to the storage premises, which may, in the opinion of such officer be necessary for the safety of the said premises, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice as may be fixed by the notice.

9. The tank before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

10. The license-holder is prohibited from delivering any quantity of dangerons petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act.

11. All due precautions shall be taken for the prevention of unauthorised persons having access to any petroleum kept and to the vessels containing or having actually contained the same.

12. Every person managing or employed on or in connection with the storage or premises shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act. No fire or naked light shall be allowed to burn and no smoking or the lighting of any match shall be permitted within ten feet of a kerbside pump.

13. The storage premises shall be liable to inspection by an officer not being of lower rank than a Sub-Inspector of Police authorised by the Local Government in this behalf.

14. This license shall be held to cover the use of a portable kerbside pump outfit for a period of not more than one month in the place of the licensed permanent outfit in the event of the latter being out of order provided notice in writing is given to the District Authority before the portable pump is taken into use.

,, M. Basalingappa

No. P. 3400—*Cts.* 169-27, *dated* 27*th December* 1928.

In modification of Notification No. G. 10814—Cts. 27-18-11, dated 9th December 1918, Government direct that with effect from 1st January 1929, the Special First Class Magistrate's Court at Shimoga, shall cease to exercise jurisdiction in respect of First Class cases arising in the taluks of Sagar, Nagar, Sorab and Shikarpur and the Special Magistrate's Court at Sagar shall try all First Class as well as all Second and Third Class cases arising in these taluks.

No. P. 3410—*Cts.* 169-27, *dated* 27*th December* 1928.

In modification of Notification No. P. 1121—Cts. 37-24-8, dated 29th August 1924, Government direct that with effect from 1st January 1929, the Special First Class Magistrate's Court at Tumkur shall cease to exercise jurisdiction in respect of First Class cases arising in the taluks of Madhugiri, Pavagada, Sira and Koratagere and that the Special Magistrate's Court at Madhugiri shall have jurisdiction to try all First Class cases as well as all Second and Third Class cases arising in these taluks.

No P. 3420—*Cts.* 95-25, *dated* 27*th December* 1928.

In modification of Notification No. P. 468—Cts. 275-24-7, dated 31st July 1925, Government direct that with effect from 1st January 1929, the Special First Class Magistrate's Court at Chitaldrug shall cease to exercise and the Special Second Class Magistrate's Court at Chitaldrug shall have jurisdiction in respect of all Second and Third Class cases arising in the Chitaldrug Taluk.

No. P. 3425—*Cts.* 95-25, *dated* 27*th December* 1928.

Under section 41 of the Code of Criminal Procedure, 1904, the Third Class Powers conferred on the undermentioned Honorary Special Magistrates of the Bench Court at Chitaldrug in Notification No. P. 1—Cts. 64-27-8, dated 2nd July 1928, are hereby withdrawn with effect from 1st January 1929 :—

1. Mr. Abdul Rahim.
2. ,, Mylarappa.
3. ,, B. Garudachar.
4. ,, N. Shamanna.
5. ,, V. Bhistappa.
6. Mr. Dodda Yellappa.
7. ,, L. Eswarappa.
8. ,, K. S. Raghavachar.
9. ,, Kasivenkatachalasetty.
10. ,, Syed Mohiyuddin Hussain

No. P. 3433—*Cts.* 145-28-1, *dated* 28—29*th December* 1928.

Under section 1 of the Mysore Agriculturists' Relief Regulation, XVIII of 1928, Government are pleased to extend the provisions of the said Regulation to the taluks of Saga Koppa and Manjarabad, with effect from 1st January 1929.

By Order,
B. NAGAPPA,
Secretary to Government,
Law Departme:

2 0

GENERAL SECRETARIAT.

No. G. 7885—*Sany.* 1-28-6, *dated 29th December* 1928.

In exercise of powers vested in them under the Epidemic Diseases Regulation, II of 1897, the Government of His Highness the Maharaja of Mysore hereby prohibit the attendance of persons from infected areas on the occasion of the Ghati Jatra in the Dodballapur Taluk, from the 10th to the 23rd January 1929.

No. G. 7921—*Mly.* 283-28-2, *dated 2nd January* 1929.

The following Press Communique issued by the Government of India empowering the Governor-General of India to recommend European British Subjects for admission to the Royal Military College, Sandhurst, is published for general information :—

The Army Council have empowered the Governor-General of India to recommend a limited number of European British Subjects, who are the sons of parents resident in India, for admission to the Royal Military College, Sandhurst.

2. To be eligible for such nomination, a candidate will be required to qualify at the Army Entrance Examination held in India, the syllabus of which will be identical with that of the corresponding examination held in England. A candidate who wishes to appear at this examination must fulfil the following conditions :—

(*a*) Be a British Subject and the son of British Subjects, and be of pure European descent.
(*b*) Be unmarried.
(*c*) Be medically fit.
(*d*) Be in possession of a school certificate, or have matriculated.
(*e*) Have attained the age of 17½ years, and not have attained the age of 19 years :—
On 1st July of the same year for a summer examination ;
On 1st January of the following year for a winter examination.

3. The number of candidates that may be nominated by the Governor-General of India for admission to the Royal Military College, Sandhurst, is limited to a maximum of four annually. Any nominations made will be additional to the vacancies allotted to Indians and Anglo-Indians annually at the College.

4. Candidates nominated by the Governor-General of India and selected for admission to Sandhurst will not be eligible for Prize Cadetships, or for a free passage to the United Kingdom.

5. The appointment of cadets, after passing out of the Royal Military College, Sandhurst, to particular regiments of Cavalry and Infantry, to the Royal Tank Corps and to the Royal Army Service Corps, will be governed by the existence of vacancy and the requirements of the service.

6. Except in regard to the special conditions referred to in paragraph 2 (*d*) and (*e*) and in paragraph 4 above, the admission to Sandhurst of European British Subjects who are the sons of parents resident in India, will be governed generally by the Regulation, published by the Army Council.

7. Copies of the form of application may be obtained by prospective candidates direct from the Secretary to the Government of India, Army Department. The Army Entrance Examination will be held twice annually in India and will ordinarily begin in Delhi on the fourth Tuesday in June and the third Tuesday in November. Applications for admission to the June examination must reach the Secretary to the Government of India, Army Department, by the 1st April and for admission to the November examination by the 1st September.

By Order
R. RANGA RAO,
General Secretary to Government.

CHIEF SECRETARIAT.

No. L. 3998—*V. P.* 2-28-66, *dated 4th December* 1928.

No. Rel. 193—*R. A.* 26-28-1, *dated* 8—9*th January* 1929.

In exercise of the powers vested in them under section 6(2) (e) of the Mysore Representative Assembly Regulation, XVIII of 1923, the Government of His Highness the Maharaja are pleased to make the following rules :—

1. Every person who is elected or nominated to be a member of the Mysore Representative Assembly shall, before taking his seat, make at a meeting of the Representative Assembly an oath or affirmation of his allegiance to His Highness the Maharaja of Mysore, in the following form, *viz.*,

"I.....having been $\frac{\text{elected}}{\text{nominated}}$ a member of this Assembly do solemnly swear (or affirm) that I will be faithful and bear true allegiance to His Highness

the Maharaja of Mysore, His heirs and successors and that I will faithfully discharge the duty upon which I am about to enter ".

2. If any person having been elected or nominated fails to make the oath or affirmation prescribed by Rule 1, within such time as the Government of His Highness the Maharaja consider reasonable, the Government shall by Notification in the official Gazette, declare his seat to be vacant and call upon the constituency concerned to elect another person to fill up the vacancy within such time as may be prescribed by such notification or shall nominate another person as the case may be.

No. Rel. 194—*L. C.* 13-28-1, *dated* 8—*9th January* 1929.

In exercise of the powers vested in them under section 6(2) (e) of the Mysore Legislative Council Regulation, XIX of 1923, the Government of His Highness the Maharaja are pleased to make the following rules :—

1. Every person who is elected or nominated to be a member of the Council shall, before taking his seat, make at a meeting of the Council, an oath or affirmation of his allegiance to His Highness the Maharaja of Mysore, in the following form, *viz.*

"I.. .....having been $\frac{\text{elected}}{\text{nominated}}$ a member of this Council do solemnly swear (or affirm) that I will be faithful and bear true allegiance to His Highness the Maharaja of Mysore, His heirs and successors and that I will faithfully discharge the duty upon which I am about to enter ".

2. A. A. KHAN,
Secretary for Railways,
Government of Mysore.

CHIEF SECRETARIAT.

No. R. 5236—*L. R.* 110-28-11, *dated 2nd Januray* 1929.

Whereas it appears to the Government of His Highness the Maharaja of Mysore that the undermentioned lands, situated in Sosale village, T.-Narsipur Taluk, Mysore District, are needed for a public purpose, to wit for village extension of Sosale, notice to that effect is hereby given to all whom it may concern, in accordance with the provisions of section 4 (1) of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. I of 1927 and the Government hereby authorise the Assistant Commissioner in charge of Nanjangud Sub-Division to exercise the powers conferred by section 4 (2) of the Regulation. Under sub-section (4) of section 17 of the Land Acquisition Regulation of 1894, as amended by Regulation No. I of 1927, the Government direct that, in view of the urgency of the case, the provisions of section 5-A of the Regulation shall not apply to the acquisition of the lands noted below :—

District	Taluk	Hobli	Village	Name of Khatedar or owner	Survey No. or Municipal No.	Whether wet, dry, garden, vacant site, house (tiled, terraced or mud-roofed, etc.)	Total extent	Kharab	Remaining extent	Assessment	Extent now required		Boundaries			
											Extent	Assessment	East	West	North	South
Mysore	T.-Narsipur	Sosale	Sosale	Chikkamada *bin* Chikkammi Siddanamada, Anubhavadar—H. Mohadeen Khan Sab, Sosale.	530—3	Dry	32 guntas	....	32 guntas	Re. 0-8-0	26 guntas	Re. 0-8-0	Bannur Road	Survey No. 530—2	Portion of Survey No. 530—2	Survey No. 528

No. R. 5237—*L. R.* 110-28-12, *dated 2nd Januray* 1929.

Under section 6 of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. I of 1927, the Government of His Highness the Maharaja of Mysore declares that the land measuring 26 guntas be the same a little more or less, is needed for a public purpose, to wit for village extension of Sosale, and under sections 4 and 7 of the same Regulation, the Assistant Commissioner in charge of Nanjangud Sub-Division, is appointed to perform the functions of a Deputy Commissioner under the Regulation and directed to take orders for the acquisition of the said land. Under sub-section (1) of section 17 of the Regulation, the Government further directs that the possession of the said land may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in section 9 (1) of the Regulation. A plan of the land is kept in the office of the T.-Narsipur Taluk and may be inspected at any time during office hours.

N. MADHAVA RAO,

Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

No. D. 7711—*Geol.* 39-28-6, *dated* 24*th*—24*th January* 1929.

The following draft amendments which the Government propose to make in exercise of the powers conferred on them under section 8 of the Mysore Petroleum Regulation, I of 1923, to the Rules framed thereunder and issued with Notification No. I. C. 5415—Geol. 103-22-14, dated the 13th March 1924, are hereby published for the information of the persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after 1st March 1929 and that any suggestions or objections which may be received from any person or persons with respect to the said draft before the date aforesaid will be considered by Government.

Draft Amendments.

In Chapter I of Part II of the said Rules :—

For Rules 6, 7 and 8, the following shall be substituted :—

"6 Every tank or other receptacle for the storage of petroleum in bulk except a tank or receptacle which is not of sufficient capacity to contain 10,000 gallons of petroleum and is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be electrically connected with the earth in an efficient manner by means of not less than two separate and distinct connections placed at opposite extremities of such tank or receptacle and the roof and all metal connections of such tank or receptacle shall be in efficient electrical contact with the body of such tank or receptacle.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited if it is not in close proximity to any other tank or receptacle or to any building not forming part of the installation and if it is surrounded by a wall or embankment or sunk in an excavation, the enclosure thus formed being sufficient to contain the whole contents of the tank or receptacle.

7. Not less than once in every year the connections and contacts referred to in Rule 6 shall be inspected and tested by the General Electric Inspector of the Mysore Electrical Department who shall be given every facility for such inspection by the licensee of the tank or receptacle. The General Electric Inspector shall conduct the tests in such manner as may be prescribed by the Chief Electrical Engineer and prepare a report of the result in

duplicate. One of the copies shall be furnished to the licensee and the other submitted to the Chief Electrical Engineer who shall forward it without avoidable delay with his remarks to the Director of Industries and Commerce for record.

8. The fee payable for tests carried out under Rule 7 shall be Rs. 10 a year for each connection, but shall not exceed Rs. 50 for any number of connections relating to one receptacle. In case the test discloses an unsatisfactory connection, and the need for rectification, the licensee shall nevertheless be liable to pay the prescribed fee and be likewise liable to pay a fee at the same rate for every subsequent test which may be necessary till the connections are passed by the Director of Industries and Commerce on the report of the General Electrical Inspector.

By Order,
N. RAMA RAO,
Secretary to Government,
Development Departments.

LAW SECRETARIAT.

No. P. 4007—*Cts.* 4-28-22, *dated* 29*th January* 1929.

In exercise of the powers conferred by section 11 of the Mysore Motor Vehicles Regulation, 1928, the Government of His Highness the Maharaja of Mysore, are pleased to make the following amendments to the Mysore Motor Vehicles Rules issued with Notification No. P. 3015—Legis. 21-22-10, dated the 11th December 1924, as amended from time to time :—

Amendments.

I.

Insert the following as Condition (16) in the 'G' Permit Form.

"In the case of a motor bus let or plying for hire within the Cities of Bangalore and Mysore, the registered owner shall cause to be exhibited in a conspicuous place on the bus a list of the fares to be charged between different stopping places or stages along the sanctioned route or routes.

II.

Insert as Condition (17) in the 'G' Permit Form.

"In the case of a motor vehicle other than a motor bus let or plying for hire outside the Cities of Bangalore and Mysore, the registered owner shall cause to be painted in a conspicuous part of the vehicle the word 'for hire' in English and in Kannada."

By Order,
P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

No. G. 8649—*Sany.* 1-28-12, *dated* 22*nd January* 1929.

The following notification issued by the Secretary to the Chief Commissioner of Coorg prohibiting the attendance of persons from infected areas on the occasion of the ensuing Irpu Jatra in South Coorg during the Mahasivarathri festival is hereby published for general information :—

"No. 7. Whereas the Chief Commissioner of Coorg is satisfed that there is danger of an out-break of plague or cholera at Kurchi, a village in Srimanglanad in South Coorg, if persons from plague or cholera-infected areas either in the Mysore State or elsewhere are permitted to assemble at that place on the occasion of the ensuing Irpu Jatra, during the Mahasivarathri festival.

"In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, the Chief Commissioner prohibits the attendance at the said Jatra of persons from plague or cholera-infected areas on the 9th and 10th March 1929.

"All persons proceeding to the Jatra in contravention of this notification will be turned back."

Sd. A. C. Lothian,
Secretary to the Chief Commissioner.

No. G. 8885—*Mily.* 290-25-6, *dated* 24*th January* 1929.

In view of the exacting conditions of Military Service and the need for making it sufficiently attractive, it is considered necessary to provide for rewarding in a special manner members of the Mysore Army (Mysore Lancers, Mysore Transport Corps, Mysore Horse and Infantry) and of the Palace Military Establishments (Palace Kille Kacheri, Palace Band and Body Guard) who have rendered exemplary Military service; and for granting to the families of those killed in action some means of subsistence in addition to what is given under the Service Regulations. It has been accordingly decided that in such cases, lands should be given free of upset price subject to the following revised rules framed under section 233, Clauses "C" and "H" of the Land Revenue Code and issued in supersession of all previous orders on the subject.

The grant of land is in addition to pension, if any, earned by the individual. It must be understood, however, that the grant of land being a bounty from Government, no person can claim it as of right. These concessions will not apply to persons who retired prior to the issue of the Military Settlement Order of 1917 unless they have rendered Field Service during the last War Men who take their discharge voluntarily will not also be entitled to these concessions unless they have rendered field service.

Rules.

I. The Commandant of the Regiment may, immediately before or after the retirement of a soldier, or after the death of a soldier or at other time when an application is received and a grant is due under these rules, make a recommendation to the Chief Commandant for the grant of lands to the soldier or his family as the case may be. If the soldier is eligible for the grant of land and the Chief Commandant is of opinion that, in consideration of the soldier's exemplary and distinguished conduct while on field service or on account of the injuries received in action or exemplary or distinguished services in peace time, the concession may be shown to him, the Chief Commandant will submit his recommendation to Government. In cases under Clause (i) of Rule III, the recommendation may be sent up as soon as an applicant becomes eligible for the concession without waiting for his retirement. Full information should be given when making the recommendation to enable Government to decide the case on its merits.

II. The Kille Kacheri Bakshi in respect of the Kille Kacheri and the Palace Band, and the Commandant of the Body Guard in the case of the Body Guard will send up recommendations for the grant of lands to men in these units to the Huzur Secretary who will satisfy himself as to the eligibility of the individuals for the grant and forward the applications to Government.

III. For purposes of these rules, the term "Exemplary Military Service" shall mean—

(i) Devotion to duty or other acts of gallantry, conspicuous acts of bravery in the Field and shall include cases of injuries received in action.

(ii) Exemplary service for 15 years with field service.

(iii) Exemplary and distinguished service for a period qualifying for full pension during peace time.

(iv) Also any other act deserving special notice and worthy of a suitable reward at the pleasure of Government.

IV. The extent of land to be granted under these rules to a soldier or his family shall not exceed the following scale:—

	Acres.		
	Wet		Dry
Commandants	20	or	45
Resaldars and Subedars	12	or	30
Jamedars	8	or	20
Non-Commissioned Officers of and above the rank of Duffedars or Havildars.	5	or	15
Other ranks	3	or	8

Note—(i) The extents noted above are the maxima which should be granted only in rare cases.

(ii) Cases under Clauses (ii) and (iii) of Rule III, will be eligible for the grant of lands up to 50 per cent of the maxima.

(iii) The Medical Officers, Veterinary Officers and Hospital servants of the several Units who have been on Field Service for not less than six months will be eligible to the same extent as is admissible to Military Officers of corresponding rank and to followers respectively.

(iv) Non-combatants such as Clerks, followers, etc. of the Mysore Units who have been to the front and served there for not less than six months may be given the benefit of land rewards under the rules, the extent admissible being half of what is admissible to combatants under this rule.

V. The preliminary enquiry as to the eligiblity of a person for the grant of land shall be conducted in the Military Department or in the Kille Kacheri, Palace Band, or Body Guard Departments according to the Unit to which the individual belongs. After the recommendation is sanctioned by Government, all further action will rest with the Revenue authorities.

VI. Wet and dry lands granted under these rules will be held free of assessment during the first two years in all cases and at the discretion of the Revenue Commissioner at half assessment for a further period not exceeding three years. Full assessment will be payable from the sixth year onwards in all cases.

VII. The lands granted under these rules shall not be sold, mortgaged or otherwise alienated within a period of fifteen years from the date of grant. This rule will be applicable to individuals who become entitled to grant of lands hereafter. No person already in possession of lands under the rules in force so far or the heirs or assigns of such person will be deprived of them or of any concession already granted to them so long as the condition of the grant is fulfilled.

VIII. Persons who become entitled to the grant of land under these rules may apply for unoccupied assessed and unassessed lands available for cultivation to the extent admissible in any locality selected by them except under the Krishnarajasagara and in other areas that may be notified by Government from time to time.

N.B.—The reservation of lands for grant under these rules ordered in Government Orders Nos. G. 3512-15—Mily. 172-15-17, and G. 19630-40—Mily. 274-20-2, dated the 12th September 1917 and 15th April 1921, respectively, has been cancelled.

IX. The value of lands given free of cost under these rules shall not exceed Rs. 200 per acre in the case of wet lands and Rs. 100 per acre in the case of dry lands. In cases where the estimated value of the land applied for exceeds the value limit prescribed above, the extent to be granted may be correspondingly reduced, to keep the grant within the money limit prescribed.

X. The Deputy Commissioners of Districts will maintain lists of persons to whom land grants have been sanctioned or may hereafter be sanctioned in their Districts under these rules. They should also instruct the Amildars that whenever applications for the grant of lands sanctioned are forwarded to them for making the necessary assignment or allotment to the party concerned, they should furnish a report to the effect that the allotment has been made and that the condition of the inalienability of the land for fifteen years is entered in the Khetwar Patrike and in the Saguvali chits. Applications from Military men for lands are expected to be disposed of promptly. For the speedy disposal of cases of land grants the Chief Commandant may depute one of his officers to interview the Deputy Commissioners of Districts periodically for facilitating the disposal of pending applications.

A consolidated list of persons to whom land grants have been sanctioned under these rules will be maintained in the Office of the Revenue Commissioner.

No. G. 8890—*Mily.* 111-28-13, *dated 24th January* 1929.

His Highness the Maharaja is pleased to sanction the promotion of Squadron Quarter-Master Duffedar Mahadeva Rao, Pole of the Mysore Lancers to the rank of Second Grade Jamedar.

No. G. 9072, *dated 26th January* 1929.

ERRATUM.

On page 36 of Part I of the *Mysore Gazette*, dated 24th January 1929, in line 4 of paragraph 5 of the Review on the Administration Report of the Public Works Department for the year 1927-28, for the word "First", read "late".

By Order,
R. RANGA RAO,
General Secretary to Government.

CHIEF SECRETARIAT.

No. L. 4639—*V. P.* 6-28-87, *dated* 10*th January* 1929.

Under section 4 of the Land Acquisition Regulation, 1894, as amended from time to time, it is hereby notified that the property described hereunder, is required for a public purpose, *viz.*, village extension of Lakshmidevarahalli.

Under section 5A, it is directed that any person interested in the said property, may within 30 days after the issue of this notification, prefer objections, if any thereto, to the Assistant Commissioner, Davangere Sub-Division in writing, after which no objections will be heard.

A plan of the property will be available for inspection in the Office of the Amildar, Hosdurga Taluk.

By Order,
P. MAHADEVAYYA,
Secretary to Government,

GENERAL SECRETARIAT.

No. G. 8649—*Sany.* 1-28-12, *dated* 22*nd January* 1929.

The following notification issued by the Secretary to the Chief Commissioner of Coorg prohibiting the attendance of persons from infected areas on the occasion of the ensuing Irpu Jatra in South Coorg during the Mahasivarathri festival is hereby published for general information :—

"No. 7. Whereas the Chief Commissioner of Coorg is satisfed that there is danger of an out-break of plague or cholera at Kurchi, a village in Srimanglanad in South Coorg, if persons from plague or cholera-infected areas either in the Mysore State or elsewhere are permitted to assemble at that place on the occasion of the ensuing Irpu Jatra, during the Mahasivarathri festival.

"In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, the Chief Commissioner prohibits the attendance at the said Jatra of persons from plague or cholera-infected areas on the 9th and 10th March 1929.

"All persons proceeding to the Jatra in contravention of this notification will be turned back."

Sd. A. C. Lothian,
Secretary to the Chief Commissioner.

No. 3404—*P. P.* 5-28-30, *dated* 31*st January* 1929.

Intending pilgrims to Haj are hereby warned that in their own interest they should not leave the shores of India with less than Rs. 600 in their possession after purchasing the return ticket and that, if they propose to travel in the Hedjaz by car rather than by camel, they should provide themselves with another Rs. 100.

No. G. 9337—*Ft.* 229-28, *dated* 1*st February* 1929.

ERRATUM.

In Government Notification No. D. 2650—Ft. 18-25-6, dated 12th October 1926 approving the Forest Settlement of the Muthagadahalli State Forest (Block A) in Chiknayakanhalli Taluk, published on page 472, Part II of the *Mysore Gazette*, dated 21st October 1926, for 'Survey No. 42' occurring under 'East' read 'Survey No. 43.'

No. G. 9350—*Ft.* 112-28-4, *dated* 1*st February* 1929.

It is hereby published for the information of the public that the right of grazing concessions in the Gurupur State Forest, Tarikere Taluk, allowed to the villagers of Rangenahalli on payment of an annual lumpsum fee of Rs. 3 as per Government Order No. R. 8969-72—Ft. 118-15-4, dated 18th March 1916, is hereby cancelled, the said village having become "Becharak."

No. G. 9371—*Sany.* 1-28-16, *dated* 2*nd February* 1929.

In exercise of the powers vested in them under the Mysore Epidemic Diseases Regulation, II of 1897, the Government of His Highness the Maharaja of Mysore hereby prohibit the attendance of people from areas infected with cholera or plague at the Markandeyaswami Jatra, Vakkaleri, Kolar Taluk, during the period from 19th February 1929 to the end of that month. All persons proceeding to the Jatra in contravention of this notification are liable to be turned back.

No. G. 9374—*Sany.* 1-28-18, *dated* 2*nd February* 1929.

In exercise of the powers vested in them under the Epidemic Diseases Regulation No. II of 1897, the Government of His Highness the Maharaja of Mysore prohibit the attendance at the Nandi Jatra, Chikballapur Taluk, of persons from plague or cholera infected areas from the 9th March to the 18th March 1929, both days inclusive. All persons proceeding to the Jatra in contravention to this notification are liable to be turned back.

No. G. 9376—*Sany.* 1-28-17, *dated* 2*nd February* 1929.

In exercise of the powers vested in them under the Mysore Epidemic Diseases Regulation, II of 1897, the Government of His Highness the Maharaja of Mysore prohibit the attendance of persons from areas infected with cholera or plague at the Jatra of Sri Venkataramanaswami Temple of Talakayalabetta, Sidlaghatta Taluk for a period of ten days from the 18th February 1929. All persons proceeding to the Jatra from infected areas in contravention of this notification are liable to be turned back.

No. G. 9565—*Ft.* 239-28-2, *dated* 5*th February* 1929.

Mr. M. A. Muthanna, a passed candidate from the Indian Forest Service College, Dehra Dun, is appointed Additional Working Plans Officer on probation for two years.

By Order,
R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

No. Fl. 5676-8—*I. T.* 41-28-2, *dated 25th January* 1929.

CIRCULAR.

1. The following Notification No. 37, dated the 1st September 1928 of the Central Board of Revenue which prescribes a revised procedure for applying for refund of income-tax under section 48 of the Income-tax Act, 1922, is hereby published for general information.

CENTRAL BOARD OF REVENUE.

NOTIFICATION.

INCOME-TAX.

Simla, the 1st September 1928.

No. 37.—In exercise of the powers conferred by section 59 of the Indian Income-tax Act, 1922 (XI of 1922), the Central Board of Revenue directs that the following further amendments shall be made in the Indian Income-tax Rules, 1922, the same having been previously published as required by sub-section (4) of the said section, namely :—

1. For rule 36 of the said Rules, the following rule shall be *substituted*, namely :—

36. In the case of a person resident in British India, an application for a refund of income-tax under section 48 of the Act shall be made in the following form :—

Application for refund of income-tax.

Verification.

I declare that to the best of my knowledge and belief the information given in th above statement is correct and complete, that the amounts of income shown are truly state and relate to the year ended

and that no other income accrued are arose or was received by $\frac{\text{me}}{\text{the firm}}$ during th said year and that $\frac{\text{I}}{\text{the firm}}$ have no other sources of income.

Date..... Signature.....

N. B.—(*a*) *Income accruing to you outside British Inaia received in British Indic should be entered in Part I and not in Part II.*

(*b*) *All income from whatever source derived must be entered in the form includin income received by you as a partner of a firm.*

* The figures for each country should be separately shown.

NOTE 1.—In column 2 should be shown the gross amount of salary and not the net amount after deductions on account of income-tax, provident funds, etc.

NOTE 2.—"Interest on securities" means the interest on promissory notes or bonds issued by the Government of India or a local Government, or the interest on debentures or other securities for money issued by or on behalf of a Local authority or company. Where income-tax has been deducted from the interest, or where the interest has been paid income-tax free, the amount of tax so deducted or paid should be added to the amount of interest actually received, and the gross amount so arrived at should be entered in column 2 of the statement. The term "interest on securities" does not include interest on fixed deposits or mortgages or other loans, which have to be shown under heading 8.

The interest on securities of the Government of India or of Local Governments declared to be income-tax free should be shown under head 3. Those which are not declared to be income-tax free should be included under this head.

Entries under this head must be supported by the certificate issued by the person or company paying the interest under section 18 (9) of the Act.

NOTE 3.—(*a*) The income-tax payable on the interest receivable on a security of a Local Government issued income-tax free is payable by the Local Government and not by the holder of the security.

(*b*) Only the interest on securities of the Government of India or of a Local Government declared to be income-tax free should be entered against this head. Such interest will not be charged to income-tax but it must be included in the statement of total income in order to ascertain the rate of income-tax chargeable on other income. *It is chargeable to super-tax.*

(*c*) Particulars of any interest on securities issued by other authorities and stated to be free of income-tax should be entered against head 2, as income-tax on such interest is actually paid by these authorities on behalf of the recipients.

NOTE 4.—The tax is payable under this head in respect of the *bona fide* annual value of any buildings or lands appurtenant thereto, of which you are the owner, other than such portions of such buildings and lands as you may occupy for the purpose of your business.

SCHEDULE A.

Serial number	Name of village or town where the property is situated	Name of street and number of property	In the case of municipalities the name of the person in whose name the property stands in the municipal registers	Whether the property is occupied by owner or is let	Annual letting value of the property	Period during which the property remained vacant	Amount of rent actually received for the property if let	Deductions								
								One-sixth of the annual letting value shown in column 6	Premium paid to insure the property against damage or destruction	Interest paid on a mortgage or charge on the property	Ground rent paid for the property	Land revenue paid for the property	Collection charges paid	Amount claimed on account of property remaining vacant	Total of columns 8 to 13 and 13A	Net amount to be carried over to the front of the form
1	2	3	4	5	6	6A	7	8	9	10	11	12	13	13A	14	15

NOTE 5.—(*a*) Where you keep your accounts on the mercantile accountancy or book profits system, you must file a return in the following form :—

INCOME, PROFITS OR GAINS FROM BUSINESS, TRADE COMMERCE.

	Rs.	A.
Income, profits or gains as per Profit and Loss Account for the year ended .....192 .		
Add any amount debited in the accounts in respect of— .		
1. Reserve for bad debts		
2. Sums carried to reserve for provident or other funds ...		
3. Expenditure of the nature of charity or presents		
4. Expenditure of the nature of capital		
5. Income-tax or super-tax		
6. Drawings of salary of proprietor or partners		
7. Rental value of property owned and occupied		
8. Cost of additions to, or alterations, extensions, improvements of any of the assets of the business.		
9. Interest on the proprietor's or partner's capital, including intrest on reserve or other funds.		
10. Losses sustained in former years		
11. Losses recoverable under an insurance or contract of indemnity		
12. Depreciation of any of the assets of the business		
13. Private or personal expenses and expenses not incurred solely for the purpose of earning the profits.		
Total ...	...	...
Deduct.—Any profits included in the account already charged to Indian Income-tax and the interest on securities of the Government of India or of Local Governments declared to be income-tax free.		
Balance		

(Signature of the person making the return.)

Dated.....192 .

Where you do not keep your accounts in such a form, you must file a statement showing how you arrive at the taxable profits, *i.e.*, showing details of the gross receipts and of the expenditure you propose to set against those receipts. No deductions are permissible on account of—

(*i*) Property owned and occupied by the owner of the business for the purposes of a business ;

(*ii*) Additions to, or alterations, extensions, or improvements of, any of the assets of the business ;

(*iii*) Interest on the capital of the proprietors of partners of the business ;

(*iv*) Bad debts not actually written off in the accounts ;

(*v*) Losses sustained in previous years ;

(*vi*) Reserves of any kind ;

(*vii*) Sums paid on account of the income-tax or super-tax or any tax levied by a local authority other than local rates or municipal taxes in respect of the portion of the premises used for the purpose of the business ;

(*viii*) Any expenditure of the nature of charity or a present ;

(*ix*) Any expenditure of the nature of capital ;

(*x*) Any loss recoverable under an insurance or a contract of indemnity ;

(*xi*) Depreciation of any kind other than that specified in the Act ;

(*xii*) Drawings or salaries of the proprietors or the partners ;

(*xiii*) Private or personal expenses of the assessee ;

(*xiv*) Any expenditure of any kind which is not incurred solely for the purpose of earning the profits.

If you have included any such sums in your expenditure in your books, you must exclude them from the expenditure permissible for the purpose of arriving at your taxable profits.

NOTE 6.—The income, profits or gains shall be computed after making allowance for any expenditure (not being in the nature of capital expenditure) incurred *solely* for the purpose of such profession or vocation, provided that no allowance is made on account of any of your personal expenses. Professional fees received by you in any part of India (whether within British India or not) must be included by you in your receipts.

NOTE 7.—Income-tax chargeable on the profits of companies is paid by the companies, so that the dividends received by shareholdars represent the net amount remaining after any income-tax due by the company has been paid. This amount should be entered in column 2 of the statement. The proportionate tax will be added in the Income-tax Office.

If the rate of tax applicable to your total income is less than the rate of income-tax applicable to the profits or gains of the company at the time of the declaration of such dividends, you may, by attaching the company's certificate received with the divideds, have the excess collected on your dividends from the company set against the tax payable by you on your other income instead of having to apply separately for a refund.

Where a company derives a part of its profits in British India and part outside British India, such portion of its dividend as is payable out of profits taxable in British India should be shown in Part I under item 7 and the balance in Part II under item 6.

NOTE 8.—Agricultural income from land not paying land revenue or local rates to an authority in British India should be included under this head.

NOTE 9.—Deductions from total income can only be made for insurance premia in respect of insurance in your own life or on the life of your wife, or in respect of a contract for a deferred annuity on your own life or on the life of your wife. No deduction is permissible in the case of any other form of insurance except in the case of Hindu undivided families where deductions are permissible on account of premia paid in respect of insurance on the life of any male member of the family or of his wife. The original receipt or the certificate of the insurance company to which the premium was paid must be attached to the return.

NOTE 10.—The gross amount of salary and not the net amount after deductions on account of income-tax, provident fund, etc., should be shown.

NOTE 11.—Under this head should be shown interest on securities issued by the Government of India or a Local Government or a local authority in India on which interest is paid or payable outside British India, and the interest on debentures of companies operating in India paid or payable outside British India. For this purpose "Company" mean "a company as defined in the Indian Companies Act, 1913, or formed in pursuance of an Act of Parliament or of Royal Charter or Letters Patent, or of an Act of the Legislature of a British possession, and includes any foreign association carrying on business in British India whether incorporated or not, and whether its principal place of business is situate in British India or not, which the Central Board of Revenue may, by general or special order, declar to be a company for the purposes of this Act." Interest on all other securities should be shown under item 7—see Note 16. Interest should be shown gross if foreign tax is deducted therefrom after the assessee receives the interest; if the tax is deducted at source, the net interest received should be shown.

NOTE 12.—See instructions in Note 4.

NOTE 13. The details should be given as explained in Note 5, but there will be no "deduct" entry on account of profits included in the amount already charged to Indian income-tax and the interest on securities of the Government of India or a Local Government in India declared to be income-tax free.

NOTE 14.—This should show professional fees received outside British India.

NOTE 15.—The figure to be shown here is the amount actually received by the shareholder irrespective of whether the dividends are declared free of tax or not.

Where a company derives a part of its profits in British India and part outside British India, such portion of its dividend as is payable out of profits taxable in British India should be shown in Part I under item 7 and the balance in Part II under item 6.

NOTE 16.—This head will include *inter alia* interest on all securities other than those entered in item 2, see Note 11. Interest should be shown gross if foreign tax is deducted therefrom after the assessee receives the interest; if the tax is deducted at source, the net interest received should be shown.

NOTE 17.—Agricultural income from land not included in Part I should be shown under this head.

4. In rules 38 and 39 of the said Rules after the words and figures " rule 36 " the words and figures " or rule 36-A " shall be inserted.

D. Gladding,
Offg. Secretary, Central Board of Revenue.

C. No. 37/973-I.T./26.

Copy forwarded to all Commissioners of Income-tax and all Chambers of Commerce.

By Order, etc.,
Ram Nath,
For Secy. Central Board of Revenue.

2. Attention is invited to Rule 36 A of the Indian Income-tax Rules, which provides that an applicant for refund of income-tax resident in an Indian State shall swear to a declaration of his total income before a Magistrate or other official or a Political Officer.

3. All officers of the Mysore Government are requested to afford facilities to intending applicants to swear such declarations before them.

No Fl. 5932—*Ex.* 18-28-25, *dated* 5—6*th February* 1929.

By Order,
J. BHORE,
Secretary to Government,
Public Works Department.

No. R. 6481—*L. S.* 2-28-9, *dated 7th February* 1929.

The following draft rules which are proposed to be issued under Sections 17 (2) (*a*) of the Mysore Land Record of Rights Regulation X of 1927, are published for the information of all persons likely to be affected thereby. Objections or suggestions which any person may wish to urge in regard to these rules may be communicated to the Chief Secretary to Government (Revenue Department) so as to reach him before the 1*st March* 1929, after which date the draft rules will be taken up for final consideration.

By Order,
N. MADHAVA RAO,
Chief Secretary to Government.

Rules under the Record of Rights Regulation.

(i) When the Hissa Survey operations of a taluk are about to be taken up the Survey Officer in charge of the measurement party will cause to be published in the *Gazette* and also posted in the Taluk Office Notice Board and in the village chavadi, a notice in Form I stating that measurement is to be carried out and warning all land holders and others interested in the lands situated in the village to be present when their Sub-Divisions are measured and to show to the fieldman the boundaries of their plots. He should also cause the substance of the same to be announced by beat of drum in the village through the Amildar of the Taluk.

(ii) As soon as the measurer enters on his duties in each village he will announce his presence in the village by means of tom tom published throughout the village and also post in the village chavadi, a notice in Hissa Survey Form No. 2, stating as far as possible the survey numbers and hisses which are to be measured on the second following day and warning land-holders to be present on the spot at the time to show the boundaries of their plots and urge whatever other claims they might wish to put forward.

(iii) Daily notices in the same form should continue to be posted and published in the village till the work of the village is completed.

The chavadi notice and the general announcement as prescribed in this rule and in rules 1 and 2 shall be taken as sufficient notice to all the land holders of the villages concerned.

(iv) Hissas will be measured and mapped as they are found to exist on the field and the measurer will rectify mistakes and supply omissions of an obvious nature in the Preliminary Record that come to light during hissa survey in cases in which the facts are admitted by all the parties.

All cases of disputes or doubts of whatsoever nature, should be entered by him in a disputed cases register in Form No. 3.

(v) The Nimtandar or testor in charge of a group of measurers will enquire into all disputed cases and record his opinion in the column provided therefor. If any fresh disputes not entered by the measurer are brought to his notice, he should include these also in the disputed cases register.

(vi) The officer in charge of each party should see that sufficient previous notice is given of his visit to the village in which the hissa survey operations have been completed for purposes of his test. He should invite all parties interested to put forth their claims before him. Any disputes brought up before him, in addition to those brought up by the Nimtandar should also be entered in the disputed cases register and his decision given therein.

(vii) All proceedings as to such enquiries shall be oral and public. There will be no recording of statements or depositions. The only record will be the order of the party officer in the Register itself which shall contain a brief but clear summary of the essential facts elicited in the enquiry, and the grounds for the decision.

(viii) The officer shall communicate his decision verbally to the parties concerned if present at the time and make a note to that effect in the disputed cases register. If not, a written intimation of the decision shall be sent by post to the party's last known address and the date of a such intimation noted in the register.

(ix) Ordinarily, the disputes of each village must be decided in the village itself by the party officer and proper entries made in the register then and there. Where absolutely necessary a later date may be fixed for the further hearing of disputes. But in such cases ample notice must be given of the postponed dates of hearing to all parties concerned either verbally in the village itself or if later on, a clear week before the next date of hearing.

(x) An appeal against the decision of the party officer may be made to the Survey Superintendent with a copy of the decision appealed against, within one month from the date of intimation of the original decision.

Appeals may be presented either in person or by post. Appeals preferred after the said period shall be liable to be rejected but may be admitted by the appellate authority for good cause shown. The appellate authority will generally decide the dispute in the taluk itself from some convenient central place where possible. But this shall not be obligatory. The procedure for hearing appeals will be the same as for original cases.

In cases not involving any difficult question of a technical nature, the Survey Super-

Superintendent's or Deputy Commissioner's appellate decision as the case may be will be final.

(xi) The appellate officer, should maintain a register of appeals as also of other miscellaneous applications made to him in the form given below :—

1. Village.
2. Survey number and Hissa number.
3. Purport of petition.
4. Summary of order passed.
5. Reference to the Preliminary Record and the disputed cases register.

(xii) It will also be competent to the Survey Superintendent or the Deputy Commissioner as the case may be, to call for and examine at any stage the records relating to any case original or appellate whether upon his own motion or on complaints from parties and issue any instructions or pass any order as he thinks fit.

FORM No. 1.

The holders, etc..... ....of all the villages, Sirkar and settled inam, of the.....Taluk..... ..... District, are hereby informed that hissa measurement operations of the undermentioned villages will be conducted from.....or thereabouts in the respective villages by the measurers to be deputed for the purpose by the officer in charge of the operations. The holders, etc., are hereby required to be present in their fields when the measurer deputed inspects them, and supply to him particulars as regards ownership, title, boundaries or other information in his possession, failing which the measurement work will be done from information obtained on the spot.

FORM No. 2.

NOTICE.

Village . *Taluk* *District.*

It is hereby notified that the hissas in the following survey numbers will be measured day after tomorrow. All persons interested should attend the measurer in the field and show their hissas and give all necessary information. In case the concerned persons are not present in the field, the measurement will progress nevertheless on the information available.

No. R. 6520—*Rm.* 14-27-8, *dated 8th February* 1929.

ADDENDA AND CORRIGENDA SLIPS TO LAND REVENUE RULES.
Rule 85 (*b*).

Omit the last sentence in the Rule 85 (*b*) and substitute the following sentence :—

The expenditure in this connection will be met out of the single consolidated imprest of Rs. 100 and of Rs. 50 placed at the disposal of each Amildar and Deputy Amildar, respectively

The revised rule will read as follows :—

" 85 (*b*) After the preparation of the Pahani Register as per rule (*a*), the Amildar or Deputy Amildar, shall upon the application of the Shanbhog and the Patel, give due notice under Section 130 to the Khatedars of lands whose boundary marks are out of repair to get the said marks repaired within a reasonable time, after the lapse of which there shall be a second inspection of those marks by the Shanbhog and the Patel ; and should any repairs remain unexecuted, the omission should forthwith be reported to the Amildar or Deputy Amildar, with a view to the responsibility of the defaulting landholders being duly enforced as provided for in para 2 of Section 130. The expenditure in this connection will be met out of the single consolidated imprest of Rs. 100 and Rs. 50 placed at the disposal of each Amildar and Deputy Amildar respectively."

By Order,
N. MADHAVA RAO,
Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Under section 14 of the Code of Criminal Procedure, 1904, the Government of His Highness the Maharaja are pleased to appoint Mr. M. Srinivasa Rao, Landholder, Heggaddevankote, as Special Magistrate for the Bench Court at Heggaddevankote, with the powers of a Magistrate of the Third Class.

No. P. 4375—*Cts.* 79-28-18, *dated* 12*th February* 1929.

Erratum.

In the list of gentlemen appointed as Special Magistrates for the Bench Court at Bangalore City in Notification No. P. 3345—Cts. 79-28-14, dated 24th December 1928, published on page 9 of Part I of the *Mysore Gazette*, dated 3rd January 1929, for "Mr. Y. N. Pissay", read "Mr. N. Y. Pissay."

No. P. 4393—*Cts.* 22-27-14, *dated* 13*th February* 1929.

Under section 3 of the Mysore Village Courts Regulation, 1913, the Government of His Highness the Maharaja are pleased to group with effect from 1st March 1929, the following villages in the Bagepalli Taluk and to establish therefor a Village Court at Nallappareddipalli.

1. Nallappared dipalli.
2. Narasapur.
3. Patepalli.
4. Guloor.
5. Jeenajarlu.

2. The said Court shall have and exercise jurisdiction over all the villages so grouped.

No. P. 4335—*Cts.* 22-28-17, *dated* 11*th February* 1929.

Under section 14 of the Code of Criminal Procedure, 1904, the Government of His Highness the Maharaja are pleased to appoint Mr. K. M. Ramiah, Agriculturist, Mooganahalli, as Special Magistrate for the Bench Court at Bowringpet with the powers of a Magistrate of the Third Class.

By Order,
P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

No. G. 9903—*Sany.* 1-28-20, *dated* 8*th February* 1929.

In exercise of the powers vested in them under the Mysore Epidemics Regulation, II of 1897, the Government of His Highness the Maharaja of Mysore prohibit the attendance of persons from infected areas at the Jatra of Sri Venkataramanaswamy Temple at Guttahalli, Bowringpet Taluk, from 22nd February 1929 to 29th February 1929 both days inclusive.

By Order,
R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

No. Fl. 5961—*Ex.* 82-28-2, *dated* 8—9*th February* 1929.

Under section 13 of the Mysore Excise Ragulation No. V of 1901, as amended from time to time, and in supersession of Notification No. Fl. 6843—Ex. 95-27-2, dated 15th February 1928, the Government of His Highness the Maharaja of Mysore are pleased to direct that with effect from 1st July 1929, the maximum quantity of arrack (including joggory arrack) for the transport and possession of which no permits or licenses shall be required, be 4 Mysore drams throughout the Mysore State.

No. Fl. 6067—*Ex.* 72-28, *dated* 12*th February* 1929.

Tenders in the form hereto appended are hereby invited for the exclusive privilege of the *Manufacture of Arrack and other Country Spirits* for supply to the territories of Mysore, for a period of three years from 1st July 1929 to 30th June 1932.

2. The contract for the Civil and Military Station of Bangalore is included in this contract with the permission of the Hon'ble the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded, subject to the conditions specified in para 8 of this notification and to the Excise Laws passed by the Government and the rules in force in Mysore and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore.

4. The quantity of arrack required is estimated at about 35,000 gallons a month, the quantity actually issued from the Bangalore Central Distillery in the year 1927-28 having been 3,42,011 gallons. No quantity is, however, guaranteed to the contractor, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 35° U. P. separately for sugar-cane jaggory arrack and for molasses arrack as also per gallon of the marginally noted kinds of liquors, at which they offer to supply during the whole period of the contract. They should also quote rates separately for bottling in quart and pint bottles and for packing the marginally noted kinds of liquors.

1. Brandy	20° U P.
2. Whisky	"
3. Gin	"
4. Rum	"
5. Milk punch ..	15° "
6. Bottle Jaggory Arrack	35° U. P.
7. Rectified Spirit ..	60° O. P.
8. Proof Liquor ..	———
9. Denatured Spirits ..	50° O. P.
10. D. D. Rum ..	25° U. P.

6. Each tender must be accompanied by a deposit of Rs. 5,000 in cash or in Government securities, of equivalent value, duly endorsed in favour of "The Comptroller, Mysore Government," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Country Spirits," and must be sent to the Excise Commissioner at Bangalore, so as to reach him before noon on Wednesday the 6th March 1929, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in Bangalore at 12 o'clock noon on the 6th March 1929, in the presence of such of the applicants as may be present. The final disposal of tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the State Huzur Treasury, Bangalore, a further sum in cash, or Government securities which shall be accepted at the market value, duly endorsed in favour of "The Comptroller, Mysore Government," to make up with the deposit previously made, the sum of Seventy-five thousand rupees, and shall execute an agreement in the form prescribed on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

Note.—The applicants may note that they are not required to purchase the Machinery and plant in the Distillery as hitherto from the out-going Contractor. Government will take over the Stock and Block as their property from 1st July 1929 and will place them at the disposal of the successful applicant who, for their use during his contract, has to pay a hire at the rate of 12½ per cent on such value of the assets as may be ascertained and fixed by the Excise Commissioner. The exact value of the assets on which hire at 12½ per cent will be calculated, the time and manner by which the hire fixed should be paid, will be notified later on for the information of the applicants.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

(1) The contractor shall manufacture arrack and other country spirits within the enclosure of the Government Central Distillery, near Bangalore, or at such other place as may be approved by Government. For the use of the Distillery buildings near Bangalore and also for the arrangements existing in connection with the water supply, the contractor shall pay such rent to Government as may be fixed by the Chief Engineer from time to time, which will include the interest and depreciation charges for the installation of electric lights made to the distillery building. The rent at present is Rs. 1,115-8-0 per mensem.

(2) Such improvement or addition to the said buildings, or water supply or electric lighting and power as may be approved by Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government, and such repairs to the distillery buildings and channels as may be pointed out by the Executive Engineer shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed Rs. 50.

(3) The recurring monthly charges consisting of the cost of the electric power consumed and depreciation charges at 5 per cent of the initial cost shall be borne by Government and the contractor proportionately for the portions of the buildings in the occupation of each. The cost of the renewal of lamps, bulbs, etc., shall be borne by the contractor in the portion of the building occupied by him.

(4) Plant and machinery necessary for the manufacture of liquors in the Distillery which will form the property of Government will be let out to the contractor who should pay hire at a rate of 12½ per cent per annum based on the valuation of the said plant and machinery. Such improvements, additions or renewals as may be approved by the Excise Commissioner will be carried out at Government cost and the same added to the original value of the stock and block and machinery subject to the payment by the contractor of additional hire as may be fixed by the Excise Commissioner at the rate as aforesaid. The decision of the Excise Commissioner as regards the valuation and the amount of hire payable thereon is final. The contractor is not entitled to compensation for any loss sustained by him by the delay caused in executing such repairs or by accidental breakage of the machinery.

(5) The contractor is bound to take all reasonable care of the plant, machinery, etc., entrusted to him and hand them over correctly to Government at the termination of his contract. He is also liable to make good the loss if any machinery gets out of order or is lost on account of his negligence or laches. The Excise Commissioner will be the final authority to decide whether or not any machinery is lost or damaged on account of the contractor's negligence or by any of his employees and what amount should be recovered from him. Additions and replacements other than those due to the neglect of the contractor will be attended to by Government who will be the sole judges as to whether any addition or replacement is necessary or not. The contractor will be permitted to attend to all ordinary emergent repairs which are incidental to the working of the machinery after obtaining the previous sanction of the Excise Commissioner or any other Officer authorised by him when he will be reimbursed for the actual cost incurred by him. The contractor shall be bound by such rules as may be prescribed by the Excise Commissioner from time to time as regards repairs, additions and replacements, the payment of additional hire for such improvements, the custody and use of machinery, etc.

(6) The contractor shall keep in store at the Central Distillery, ordinarily a supply of ordinary arrack sufficient for a month's consumption (35,000 gallons), and never less than 25,000 gallons (of admissible spirits) in terms of 35° U. P. and also a month's supply of other kinds of liquors.

(7) The spirits manufactured shall be of good quality and filtered water or distilled water shall be invariably used at the distillery under the supervision of the Distillery Officer for reducing spirits to the authorised strength. Filtered water shall be supplied by Government and will be under the control of the Distellery Officer. Its use is limited to the reduction of the spirits only. The articles used in distilling will be approved by the said officer. No ingredients obnoxious to health will be used in distilling or put into the arrack or other country spirits or special liquors whether before or after they are manufactured. The spirits manufactured shall not be adulterated or diluted save by the addition of filtered or distilled water, as the case may be, for the purpose of reducing the strength to the authorised degree.

(8) In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish outstills after giving the manufacturers the first refusal of so doing. Government may also permit any person or persons to distil or purchase elsewhere alcohol for industrial or medicinal purposes, if the contractor is unable to supply the same at the same price as that charged in the adjoining British Indian Provinces.

(9) The contractor shall issue at the Government Central Distillery to the Senior Government Officer in charge thereof, such quantity of arrack and other kinds of country spirits as may be indented for by him for supply, (i) to such Bonded Depots and warehouses as Government may, from time to time, establish and maintain within the State; (ii) to such other places or persons or institutions as may be directed by the Excise Commissioner; and (iii) to the Government Excise Warehouse in the Civil and Military Station, Bangalore, in compliance with indents received from the Superintendent of Excise, Civil and Military Station, Bangalore.

(10) Arrack supplied to the Civil and Military Station, Bangalore, will not be paid for in advance, but once in a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the Superintendent of Excise. In the case of issues made to the State, the Distillery Officer will issue a cheque at such intervals as may be prescribed by the Excise Commissioner on the Officer in charge, State Huzur Treasury, Bangalore, to the contractor and in his favour for the value of arrack and other country spirits, if any, issued.

(11) The contractor will supply at the Distillery, denatured spirits and rectified spirits on the indents received from the respective licensees and recover the value thereof from the parties direct. The cost of carriage will be payable by themselves.

(12) Should the contractor be permitted with the approval of Government at any time during the tenure of his contract, to supply country spirits manufactured in the Central Distillery to Coorg, or any other place outside the limits of the Mysore State, such proportionate cost towards the Distillery Establishment as may be fixed by the Excise Commissioner shall be paid by the contractor.

(13) The bulk of the arrack required shall always be of the ordinary sort, *i.e.* sugarcane jaggory or molasses arrack and the contractor shall be bound to supply such arrack at such strength and in such quantities as may be prescribed by the Excise Commissioner; and the rates to be paid shall be calculated proportionately upon the prices of 35° U. P. If to meet the demand for the quantity of molasses arrack prescribed under this clause by the

Excise Commissioner, the contractor shall supply sugar-cane jaggory arrack, he will not ordinarily be entitled to claim the higher rate prescribed for jaggory arrack. When, however, the contractor is unable to supply the molasses arrack at any time on account of causes beyond his control and is obliged to supply jaggory arrack instead, he may submit a representation for payment at the higher rate payable for the latter and any such representation will receive due consideration, and the orders of Government fixing the rate shall be final. When arrack is supplied to Bonded Depots at a strength stronger than 35° U. P., payment will be made as if the strength of the arrack was 35° U. P.

(14) The contractor is also bound to manufacture and supply to the licensees special liquors, rectified spirits and other kinds in prescribed bottles (more or less) of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon). Except when otherwise required, the bottles containing liquors shall be duly corked, capsuled and sealed and shall also be labelled so as to notify the price of the bottle if required. These should be delivered duly packed in deal wood cases, wired and nailed, as may be ordered by the Excise Commissioner. No bottling or packing charges shall be claimed when supply is made in bulk or in bottles (produced by the licensed shop keepers).

(15) The contractor shall always keep an adequate supply of such bottles and packing materials, failing which he will be held responsible for any loss that may accrue to Government and to the licensees and shall also be liable to a penalty not exceeding Rs. 100 for each day's deficiency.

(16) The contractor shall have no interest in the retail vend of any country spirits, nor shall he employ as agent or in other capacity in the distillery any such persons having such interests.

(17) The contractor shall submit for the approval of the Excise Commissioner, the names of persons employed by him as Manager and Distillers in the distillery and no person not thus approved shall be permitted to act in these capacities. He will be bound to remove at once, if so ordered, any of his employees who have misbehaved, whose conduct is found to be suspicious, or who is drunk, or riotous or is in illicit possession of liquor.

(18) The contractor should keep the premises of the Distillery always clean and in sanitary condition. He should make his own arrangements for cleaning the premises and removing the ashes from the boiler and the broken bottles, etc., from the Distillery every day.

(19) The contractor, his agent and employees shall be bound to conform to the provisions of the Excise Laws and Rules for the time being in force or which may hereafter be enacted from time to time in the State of Mysore and in the Civil and Military Station of Bangalore and also to the Mysore Factories Regulation and the rules framed thereunder; and he shall see that all his employees give full effect to them.

(20) The outgoing contractor shall give, and the incoming contractor shall take over, any arrack or other country spirits and special liquors not exceeding a month's supply and any articles of stores, such as molasses, fuel, bottles, etc., which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same, such value as may be fixed by the Excise Commissioner.

(21) Should the incoming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the outgoing contractor shall cease preparing "wash" during the last month of his expiring contract and vacate the building so as to admit of the incoming contractor commencing operations. Should no notice be given, the outgoing contractor may continue distilling till the end of his contract after which further distillation by him must cease. The incoming contractor shall issue arrack and other country spirits and other special liquors from the distillery to the Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supplies ready in all Bonded Depots for issue from the 1st July of the year of his contract.

(22) Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer, Bangalore Division.

(23) In case of breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

(24) The contract shall not be transferable except with the approval of the Government of Mysore.

(25) Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the contractor shall not be entitled to claim any compensation for loss on account of such alteration. Government may also, during the currency of the contract, make alterations in the strength of liquors to be supplied either in regard to the whole contract area or any part thereof, when the rates originally agreed upon will be proportionately altered.

(26) All sums due by the contractor to Government under this contract shall be recoverable as arrears of land revenue.

By Order,

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

APPENDIX I.

Table showing the particulars of spirits issued from the Government Central Distillery during the past three years :—

by their local education authority. The Government of India have requested the India Office to supply them with copies, if available, of the regulations under which the examination is to be held at Canterbury If received, the copies will be communicated to the local Governments and Administrations in India in order to give them an indication of the lines on which regulations should be made by the local education authorities in this country. Meanwhile, the Government of India desire to know the name of the authority which would act as the local education authority for the purposes of this scholarship in the Madras Presidency, etc., etc.

Copy of letter No. S & G. 5072—28, dated the 18th October 1928, from the Secretary, Services and General Department, India Office, London, to the Secretary to the Government of India, Department of Education, Health and Lands.

MILNER MEMORIAL SCHOLARSHIPS AT THE KING'S SCHOOL, CANTERBURY.

I am directed to forward for the information of the Government of India and such action as they may consider desirable a copy of a letter from the Colonial Office dated the 16th October together with its enclosures regarding the foundation of Milner Memorial Scholarships at the King's School, Canterbury.

Letter No. 50873—1928, dated the 16th October 1928, from Mr. R. V. Vernon, Colonial Office to the Under Secretary of State, India Office.

I am directed by Mr. Secretary Amery to request you to inform Lord Birkenhead that he has received from the Head Master of the King's School, Canterbury, a memorandum of which copies are attached, in regard to the foundation at the School of Milner Memorial Scholarships with a request that the Government of the Overses Territories concerned should be asked to give such publicity as is possible to the scholarship scheme and the conditions of candidature. A circular despatch in the terms of the draft enclosed is accordingly being addressed to the Governors of the Colonies, etc., and I am to suggest that if Lord Birkenhead sees no objection, copies of the Headmaster's memorandum may be communicated to the Government of India with the request that they should give such publicity to the matter as might seem desirable.

KING'S SCHOOL, CANTERBURY.

MILNER MEMORIAL SCHOLARSHIPS.

Five Milner Memorial Scholarships have recently been founded at the King's School, Canterbury, under a Trust Deed, out of funds collected by the Lord Milner Memorial Committee, to perpetuate the memory of the work done for the British Empire by the late Lord Milner. Their value is £100 a year for five years, and one scholarship will be awarded each year. Candidates must be over 13 and under 14 years of age on June 24th. These scholarships are open to " Boys of British parentage and European descent :—

(i) whose fathers are or have been members of the permanent establishment of the Civil Services in India the Colonies not possessing responsible Government, Protectorates or the territories administered under mandate by His Majesty's Government in Great Britain or in Iraq, Egypt or the Anglo Egyptian Sudan, or

(ii) whose fathers not being or having been members of the permanent establishment nevertheless have been continuously employed in any such service for a period of not less than ten years, or

(iii) whose parents or surviving parent reside in some part of the British Empire where facilities for Secondary Education are for the time being insufficient or inadequate.

In awarding these scholarships account will be taken of—

(*a*) Intellectual ability as decided by a brief written examination.

(*b*) Character

(*c*) The financial circumstances of the parent or guardian.

2. The names of candidates for the scholarship to be awarded in 1929 must reach the Head Master, the King's School by May 1st 1929 at the latest, with a letter stating fully the grounds on which the candidate claims to be eligible for the scholarship. Applications must be accompanied with a copy of the boy's birth certificate, and a full testimonial as to his character, ability at work or games, capacity for leadership, etc., from his present or most recent schoolmaster or tutor. It must also be accompanied by a statement as to the financial circumstances of the parent or guardian on a special form which may be obtained from the Head Master. This information will be treated as strictly confidential.

3. Boys who are being educated in England will be expected to come to Canterbury for the written examination on June 26th. Boys who are being educated overseas will sit for the examination on the same date under regulations to be made by their local education authority, to whom copies of the paper will be sent, and who will return the answers to England for correction and comparison. Applications on behalf of candidates overseas must be accompanied by the name and address of the local education authority to whom papers are to be sent.

CIRCULAR.

Downing Street,
October 1928.

SIR,

I have the honour to transmit to you a copy of a memorandum which I have received from the Head Master of the King's School, Canterbury setting out details of the scholarship scheme which has been arranged at the school as a memorial to the late Viscount Milner, and I should be glad if you would take such steps as are necessary to bring the scholarships to public notice locally.

In the great majority of the oversea Territories concerned it seems probable that candidates for the scholarships would be undergoing education in this country and in these cases the need of arrangements for a local examination overseas would not arise; but in order to ensure facilities being made available for any prospective candidates who may be received their education overseas, I have agreed to suggest that arrangements may be made with the local education authority to conduct the necessary written examination and transmit the papers to Canterbury as soon as possible thereafter.

The Officer Administering the
Government of

I have etc,

GENERAL SECRETARIAT.

No. G. 9854—*Ft.* 129-27-7, *dated* 7*th February* 1929.

The Government of His Highness the Maharaja of Mysore are pleased to direct that under section 30 of the Mysore Forest Regulation (No. XI of 1900) the areas specified in schedule below which form part of the Makli State Forest, Kabbal Range, Bangalore District constituted as such in Notification No. 8, dated 10th April 1884 shall cease to be portions of the said State Forest with effect from the date of this Notification. The areas will be made available for being granted for cultivation under the rules :—

Name of block	Area of the block	Boundaries
1. Kothihalli Bylu.	169 acres ...	*North.*—Kotihalli and D line of Makli Forest which runs in north-east direction to a distance of 47 chains till it meets the 19th mile stone. *East.*—From the said point the line runs south to a distance of 15 chains where it meets Kandaranhalla then turns south-east to a distance of 8 chains where it meets the ring line of Makli Forest. *South.*—From the said point the line runs along the ring line in south-western direction to a distance of 56 chains till it meets a point at a distance of 8 chains in the north from a halla which cuts the ring line. *West.*—From the said point, the line runs in a north-west direction to a distance of 43 chains and reaches the starting point.
2. Hangarhalli Bylu.	174 acres ...	*North.*—Starting from a point about 22 chains west from a point on the ring line of Makli Forest which is about 46 chains south from the halla which cuts the said line ring line, the line runs to a distance 22 chains in an eastern direction and reaches the ring line at the said point. *East.*— From the said point the line runs along the ring line due south to a distance of 25 chains then runs in south-eastern and eastern directions to a distance of about 64 chains along the ring line and reaches a point about 10 chains north-east from the cart track which cuts through the ring line. *South.*—From the said point the line runs in south-west and western directions to a distance of about 37 chains, then turns north-west and touches a point (2697 Ft. above sea level) at about 25 chains and then turns to the west and runs to a distance of about 37 chains and reaches a point at about 11 chains south to the cart-track from Hanumanthangudi to Makli. *West.*—From the said point the line turns to the north and runs to a distance of 43 chains and reaches the starting point.
Total ...	343 acres	

Boundary description of the Makli State Forest after the above area is disafforested.

Area existing	Area disafforested	Area remaining
13832 acres	343 acres	13,489 acres

Boundaries.

First Block (or main block).

North.—The D Line which passes along the Kothihalla (natural boundary) in north-eastern and eastern directions as described in the original Notification No. 8, dated 10th April 1884 turns south-east at a point about 47 chains west from the 19th mile stone and runs in the south-eastern direction to a distance of 43 chains and joins the ring line at a point about 8 chains north from the halla which cuts through the ring line and passes along the ring line to a point about 46 chains from the said halla and turns west and runs to a point about 22 chains then turning south runs to a distance of about 43 chains and joins a point about 4 chains south from the cart track from Hanumanthan Gudi to Makli then turns to the east and runs to a distance of about 25 chains and then turns north and runs to a distance of about 37 chains till it joins the ring line. Then the line follows the ring line till it meets a point on the ring line at about 8 chains south-east from the Vodrahalla and then turns north-west, joins the Vodrahalla at a distance of about 8 chains and then turns north and north-west and joins the D line at the 19th mile stone, at about 15 chains from the Vodrahalla. Then the D line runs according to the original Notification No. 8, dated 10th April 1884 in the north and eastern directions till it meets the Kanva river.

East
South
West } No alteration from the original Notification No. 8, dated 10th April 1884.

No. G. 10356—*G. M.* 106-28-1, *dated* 18*th February* 1929.

Wednesday the 20th February 1929, is declared a holiday for all Government Officers, Courts and Institutions in Holenarasipur, in connection with the general election of members in the Municipal Council under reconstitution in that town.

No. G. 10408—*G. M.* 107-28-1, *dated* 18*th February* 1929.

Monday the 25th February 1929, is declared a holiday for all Government Offices, Courts and Institutions in Hassan Town in connection with the General Election of members in the Municipal Council under reconstitution in that town.

By Order,
R. RANGA RAO,
General Secretary to Government.

FINANCIAL SECRETARIAT.

No. Fl. 6127—*Regis.* 26-27-4, *dated* 13*th*—15*th February* 1929.

Under Section 8 of the Mysore Registration Regulation. 1903, Government are pleased to appoint the District Excise Officers as *ex-officio* Inspectors of Registration Offices within their respective jurisdictions.

No. Fl. 6124—*Regis.* 1-28, *dated* 14*th*—15*th February* 1929.

Under Section 5 of the Mysore Registration Regulation I of 1903, the Government of His Highness the Maharaja of Mysore are pleased to direct that the Sub-Registrar's Office at Mandya which has jurisdiction over the whole of the Mandya Taluk, be split up into two separate Offices with effect from 1st March 1929, one at Mandya and the other at Maddur, the former with jurisdiction over Mandya, Basaralu and Dudda Hoblies and the latter over Maddur, Koppa and Attagoor Hoblies.

No. Muz. 1616—*Muz.* 133-27-13, *dated* 16*th February* 1929.

ERRATUM.

For the words "Government Muzrai Fund Budget" occurring at para 7 of Government Order No. 1356-9—Muz. 133-27-12, dated the 21st January 1929, passing orders about training Pandits in Agama Sastra read "General Muzrai Fund Budget".

No. Fl. 6067—*Ex.* 72-28, *dated* 12*th February* 1929.

Tenders in the form hereto appended are hereby invited for the exclusive privilege of the *Manufacture of Arrack and other Country Spirits* for supply to the territories of Mysore, for a period of three years from 1st July 1929 to 30th June 1932.

2. The contract for the Civil and Military Station of Bangalore is included in this contract with the permission of the Hon'ble the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded, subject to the conditions specified in para 8 of this notification and to the Excise Laws passed by the Government and the rules in force in Mysore and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore.

4. The quantity of arrack required is estimated at about 35,000 gallons a month, the quantity actually issued from the Bangalore Central Distillery in the year 1927-28 having been 3,42,011 gallons. No quantity is, however, guaranteed to the contractor, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 35° U. P. separately for sugar-cane jaggory arrack and for molasses arrack as also per gallon of the marginally noted kinds of liquors, at which they offer to supply during the whole period of the contract. They should also quote rates separately for bottling in quart and pint bottles and for packing the marginally noted kinds of liquors.

1. Brandy	20° U P.
2. Whisky	"
3. Gin	"
4. Rum	"
5. Milk punch ..	15° "
6. Bottle Jaggory Arrack	35° U. P.
7. Rectified Spirit ..	60° O. P.
8. Proof Liquor ..	
9. Denatured Spirits ..	50° O. P.
10. D. D. Rum ..	25° U. P.

6. Each tender must be accompanied by a deposit of Rs. 5,000 in cash or in Government securities, of equivalent value, duly endorsed in favour of "The Comptroller, Mysore Government," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Country Spirits," and must be sent to the Excise Commissioner at Bangalore, so as to reach him before noon on Wednesday the 6th March 1929, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in Bangalore at 12 o'clock noon on the 6th March 1929, in the presence of such of the applicants as may be present. The final disposal of tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the State Huzur Treasury, Bangalore, a further sum in cash, or Government securities which shall be accepted at the market value, duly endorsed in favour of "The Comptroller, Mysore Government," to make up with the deposit previously made, the sum of Seventy-five thousand rupees, and shall execute an agreement in the form prescribed on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

Note.—The applicants may note that they are not required to purchase the Machinery and plant in the Distillery as hitherto from the out-going Contractor. Government will take over the Stock and Block as their property from 1st July 1929 and will place them at the disposal of the successful applicant who, for their use during his contract, has to pay a hire at the rate of 12½ per cent on such value of the assets as may be ascertained and fixed by the Excise Commissioner. The exact value of the assets on which hire at 12½ per cent will be calculated, the time and manner by which the hire fixed should be paid, will be notified later on for the information of the applicants.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

(1) The contractor shall manufacture arrack and other country spirits within the enclosure of the Government Central Distillery, near Bangalore, or at such other place as may be approved by Government. For the use of the Distillery buildings near Bangalore and also for the arrangements existing in connection with the water supply, the contractor shall pay such rent to Government as may be fixed by the Chief Engineer from time to time, which will include the interest and depreciation charges for the installation of electric lights made to the distillery building. The rent at present is Rs. 1,115-8-0 per mensem.

(2) Such improvement or addition to the said buildings, or water supply or electric lighting and power as may be approved by Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government, and such repairs to the distillery buildings and channels as may be pointed out by the Executive Engineer shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed Rs. 50.

(3) The recurring monthly charges consisting of the cost of the electric power consumed and depreciation charges at 5 per cent of the initial cost shall be borne by Government and the contractor proportionately for the portions of the buildings in the occupation of each.

(4) Plant and machinery necessary for the manufacture of liquors in the Distillery which will form the property of Government will be let out to the contractor who should pay hire at a rate of 12½ per cent per annum based on the valuation of the said plant and machinery. Such improvements, additions or renewals as may be approved by the Excise Commissioner will be carried out at Government cost and the same added to the original value of the stock and block and machinery subject to the payment by the contractor of additional hire as may be fixed by the Excise Commissioner at the rate as aforesaid. The decision of the Excise Commissioner as regards the valuation and the amount of hire payable thereon is final. The contractor is not entitled to compensation for any loss sustained by him by the delay caused in executing such repairs or by accidental breakage of the machinery.

(5) The contractor is bound to take all reasonable care of the plant, machinery, etc., entrusted to him and hand them over correctly to Government at the termination of his contract. He is also liable to make good the loss if any machinery gets out of order or is lost on account of his negligence or laches. The Excise Commissioner will be the final authority to decide whether or not any machinery is lost or damaged on account of the contractor's negligence or by any of his employees and what amount should be recovered from him. Additions and replacements other than those due to the neglect of the contractor will be attended to by Government who will be the sole judges as to whether any addition or replacement is necessary or not. The contractor will be permitted to attend to all ordinary emergent repairs which are incidental to the working of the machinery after obtaining the previous sanction of the Excise Commissioner or any other Officer authorised by him when he will be reimbursed for the actual cost incurred by him. The contractor shall be bound by such rules as may be prescribed by the Excise Commissioner from time to time as regards repairs, additions and replacements, the payment of additional hire for such improvements, the custody and use of machinery, etc.

(6) The contractor shall keep in store at the Central Distillery, ordinarily a supply of ordinary arrack sufficient for a month's consumption (35,000 gallons), and never less than 25,000 gallons (of admissible spirits) in terms of 35° U. P. and also a month's supply of other kinds of liquors.

(7) The spirits manufactured shall be of good quality and filtered water or distilled water shall be invariably used at the distillery under the supervision of the Distillery Officer for reducing spirits to the authorised strength. Filtered water shall be supplied by Government and will be under the control of the Distellery Officer. Its use is limited to the reduction of the spirits only. The articles used in distilling will be approved by the said officer. No ingredients obnoxious to health will be used in distilling or put into the arrack or other country spirits or special liquors whether before or after they are manufactured. The spirits manufactured shall not be adulterated or diluted save by the addition of filtered or distilled water, as the case may be, for the purpose of reducing the strength to the authorised degree.

(8) In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish outstills after giving the manufacturers the first refusal of so doing. Government may also permit any person or persons to distil or purchase elsewhere alcohol for industrial or medicinal purposes, if the contractor is unable to supply the same at the same price as that charged in the adjoining British Indian Provinces.

(9) The contractor shall issue at the Government Central Distillery to the Senior Government Officer in charge thereof, such quantity of arrack and other kinds of country spirits as may be indented for by him for supply, (i) to such Bonded Depots and warehouses as Government may, from time to time, establish and maintain within the State; (ii) to such other places or persons or institutions as may be directed by the Excise Commissioner; and (iii) to the Government Excise Warehouse in the Civil and Military Station, Bangalore, in compliance with indents received from the Superintendent of Excise, Civil and Military Station, Bangalore.

(10) Arrack supplied to the Civil and Military Station, Bangalore, will not be paid for in advance, but once in a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the Superintendent of Excise. In the case of issues made to the State, the Distillery Officer will issue a cheque at such intervals as may be prescribed by the Excise Commissioner on the Officer in charge, State Huzur Treasury, Bangalore, to the contractor and in his favour for the value of arrack and other country spirits, if any, issued.

(11) The contractor will supply at the Distillery, denatured spirits and rectified spirits on the indents received from the respective licensees and recover the value thereof from the parties direct. The cost of carriage will be payable by themselves.

(12) Should the contractor be permitted with the approval of Government at any time during the tenure of his contract, to supply country spirits manufactured in the Central Distillery to Coorg, or any other place outside the limits of the Mysore State, such proportionate cost towards the Distillery Establishment as may be fixed by the Excise Commissioner shall be paid by the contractor.

(13) The bulk of the arrack required shall always be of the ordinary sort, *i.e.* sugarcane jaggory or molasses arrack and the contractor shall be bound to supply such arrack at such strength and in such quantities as may be prescribed by the Excise Commissioner;

Excise Commissioner, the contractor shall supply sugar-cane jaggory arrack, he will not ordinarily be entitled to claim the higher rate prescribed for jaggory arrack. When, however, the contractor is unable to supply the molasses arrack at any time on account of causes beyond his control and is obliged to supply jaggory arrack instead, he may submit a representation for payment at the higher rate payable for the latter and any such representation will receive due consideration, and the orders of Government fixing the rate shall be final. When arrack is supplied to Bonded Depots at a strength stronger than 35° U. P., payment will be made as if the strength of the arrack was 35° U. P.

(14) The contractor is also bound to manufacture and supply to the licensees special liquors, rectified spirits and other kinds in prescribed bottles (more or less) of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon). Except when otherwise required, the bottles containing liquors shall be duly corked, capsuled and sealed and shall also be labelled so as to notify the price of the bottle if required. These should be delivered duly packed in deal wood cases, wired and nailed, as may be ordered by the Excise Commissioner. No bottling or packing charges shall be claimed when supply is made in bulk or in bottles (produced by the licensed shop keepers).

(15) The contractor shall always keep an adequate supply of such bottles and packing materials, failing which he will be held responsible for any loss that may accrue to Government and to the licensees and shall also be liable to a penalty not exceeding Rs. 100 for each day's deficiency.

(16) The contractor shall have no interest in the retail vend of any country spirits, nor shall he employ as agent or in other capacity in the distillery any such persons having such interests.

(17) The contractor shall submit for the approval of the Excise Commissioner, the names of persons employed by him as Manager and Distillers in the distillery and no person not thus approved shall be permitted to act in these capacities. He will be bound to remove at once, if so ordered, any of his employees who have misbehaved, whose conduct is found to be suspicious, or who is drunk, or riotous or is in illicit possession of liquor.

(18) The contractor should keep the premises of the Distillery always clean and in sanitary condition. He should make his own arrangements for cleaning the premises and removing the ashes from the boiler and the broken bottles, etc., from the Distillery every day.

(19) The contractor, his agent and employees shall be bound to conform to the provisions of the Excise Laws and Rules for the time being in force or which may hereafter be enacted from time to time in the State of Mysore and in the Civil and Military Station of Bangalore and also to the Mysore Factories Regulation and the rules framed thereunder; and he shall see that all his employees give full effect to them.

(20) The outgoing contractor shall give, and the incoming contractor shall take over, any arrack or other country spirits and special liquors not exceeding a month's supply and any articles of stores, such as molasses, fuel, bottles, etc., which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same, such value as may be fixed by the Excise Commissioner.

(21) Should the incoming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the outgoing contractor shall cease preparing "wash" during the last month of his expiring contract and vacate the building so as to admit of the incoming contractor commencing operations. Should no notice be given, the outgoing contractor may continue distilling till the end of his contract after which further distillation by him must cease. The incoming contractor shall issue arrack and other country spirits and other special liquors from the distillery to the Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supplies ready in all Bonded Depots for issue from the 1st July of the year of his contract.

(22) Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer, Bangalore Division.

(23) In case of breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

(24) The contract shall not be transferable except with the approval of the Government of Mysore.

(25) Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the contractor shall not be entitled to claim any compensation for loss on account of such alteration. Government may also, during the currency of the contract, make alterations in the strength of liquors to be supplied either in regard to the whole contract area or any part thereof, when the rates originally agreed upon will be proportionately altered.

(26) All sums due by the contractor to Government under this contract shall be recoverable as arrears of land revenue.

By Order,

B. SRINIVASA IYENGAR,
Secretary to Government.

APPENDIX I.

No. D. 8608—*I. & C.* 96-28 20, *dated* 22*nd February* 1929.

In addition to the Medical Officers appointed as qualified Medical Practitioners under the Workmen's Compensation Regulation in Notification No. D. 6872—I & C. 96-28-10, dated 3rd January 1929, and D. 7239—I. & C. 96-28-13, dated 16th January 1929, the Government of His Highness the Maharaja of Mysore, are pleased to declare the holders of the following degrees or diplomas as qualified Medical Practitioners within the meaning of section 2 (i) of the Regulation 1928:—

1. M. B. B. S., or higher degree granted by the University of Mysore, or a British Indian University or a University of Great Britain.
2. L. M. S., granted by a British Indian University.

No. D. 8575—*Geol.* 95-27-9, *dated* 21*st February* 1929.

In modification of Notification published on page 7, Part II, section 2 of the *Mysore Gazette*, dated the 3rd January 1929 with No. D. 6485—Geol. 95-27-7, dated the 21st December 1928 the following revised draft amendments which the Government propose to make in exercise of the powers conferred on them under section 8 of the Mysore Petroleum Regulation I of 1923 to the rules framed thereunder are hereby published for the information of the persons likely to be affected thereby, and notice is hereby given that the revised amendments will be taken into consideration on or after the 15th March 1929 and that suggestions or objections, if any, which may be received from any person with reference to the said amendments before the date aforesaid will be considered by Government.

AMENDMENTS.

(1) Rule 6, Chapter IV—Part II Omit the words "but not more than 2,000 gallons each."

(2) Form Q of the license form. "Revise the existing form and conditions to the form and conditions as hereto annexed.

By Order,
N. RAMA RAO,
Secretary to Government,
Development Departments.

FORM Q.

Special License to possess dangerous petroleum in one receptacle or more than one receptacle forming one unit and containing more than sixty-five gallons.
Rule 6, Chapter IV of Part II.

No, Fee Rs. eight

License is hereby granted to Messrs..... .....for the storage in the licensed premises described below of.....gallons of dangerous petroleum in one tank subject to the rules for the storage of petroleum published in Notification No. I. C. 5415—Geol. 103-22-14, dated the 13th March 1924 as subsequently amended and to the further conditions attached hereto.

The.....192 . Secretary to Government
or
the officer appointed by Government in this behalf

(Description of the licensed premises above referred to).

The licensed premises are situated at No..... ....and consist of a gas tight tank of a capacity of.....gallons sunk underground.

CONDITIONS OF LICENSE.

1. Except when absolutely necessary for the purposes of condition 8, or for testing the accuracy of a pump's discharge by means of a standard capacity measure or when the tank and pump are erected completely inside a Dangerous Petroleum Installation, petroleum shall on no account be filled from the tank or pump or from a barrel of oil supplied by Petroleum Companies to be filled into the tank into any receptacle other than that clamped or fitted to a Motor Vehicle.

2. The petroleum shall be stored in one gas tight metal tank of a capacity of..... gallons sunk completely underground in the position shown on plan submitted, and placed in a pit lined with concrete or brick in cement, the tank being packed round with sand, earth or clay so that no air space is left below ground level and the tank is not visible.

3. A pump or pumps shall be placed in the position shown on plan submitted, the pipe connection between the tank and the pump or pumps shall be placed underground and all joints, valves and cocks shall be gas tight.

4. For the purpose of charging the tanks of locomotives the petroleum shall be:

(*a*) Pumped through strong metal piping by means of approved pumps into above-ground measuring tanks of a capacity not exceeding 30 gallons, fixed in approved positions, and run thence through sound hose. fitted with secure self-closing cock and nozzle into the tanks of locomotives, or

(*b*) Pumped through strong metal piping by means of approved pumps into an above-ground service tank of approved capacity, fixed in an approved position, and run thence through strong metal piping into measuring tanks of a capacity not exceeding 30 gallons, fixed in approved positions, and thence through sound hose, fitted with secure self-closing cock and nozzle, into the tanks of locomotives, or

(*c*) pumped by means of approved measuring pumps, fixed in approved positions, through sound hose, fitted with secure tap and nozzle, into the tanks of locomotives.

5. All tanks pumps, pipes and fittings shall be strongly constructed of the best materials.

6. The petroleum shall enter the tank "under seal" and all tanks shall be fitted with a vent pipe leading into the open air, the open end being covered with brass gauze 32 mesh and fitted with a hood or the open end shall be fitted with an inlet valve and an exhaust valve.

7. If the licensing officer call upon the holder of a license by a notice in writing, to execute any repairs to the storage premises, which may, in the opinion of such officer be necessary for the safety of the said premises, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice as may be fixed by the notice.

8. The tank before being repaired shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same. When a tank in position is open for cleaning or repairs, no lamps of any description either ordinary, electric, electric torches or electric cables or electric fans shall be brought near the manhole of the tank (the inside of the tank may be lighted by the use of mirrors).

9. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Regulation.

10. All due precautions shall be taken for the prevention of unauthorised persons having access to any petroleum kept and to the vessels containing or having actually contained the same.

11. Every person managing or employed on or in connection with the storage premises shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act. No fire or naked light shall be allowed to burn and no smoking or the lighting of any match shall be permitted within ten feet of a kerbside pump.

12. The storage premises shall be liable to inspection by an officer not being of lower rank than a Sub-Inspector of Police authorised by the Government in this behalf.

13. This license shall be held to cover the use of a portable kerb side pump outfit for a period of not more than one month in the place of the licensed permanent outfit in the event of the latter being out of order provided notice in writing is given to the Director of Insdustries and Commerce before the portable pump is taken into use.

OFFICE OF THE SECRETARY, ECONOMIC CONFERENCE, BANGALORE.

The resignation of Mr. G. Ramachandra Rao, Honorary Special Magistrate of the Bench Court at Bagepalli, is accepted and the powers of a Magistrate of the Third Class conferred on him in Notification No. P. 79—Cts. 191-26-9, dated 29th June 1927, are hereby withdrawn.

No. P. 4751—*Legis.* 6-28-17, *dated 23rd February* 1929.

The following draft of an amendment which the Government propose to make in exercise of the powers conferred on them under section 11 of the Mysore Motor Vehicles Regulation, 1928, to the Motor Vehicles Rules, is hereby published for the information of persons likely to be affected thereby and notice is hereby given that the said draft will be taken into consideration on or after 15th March 1929 and that any suggestions or objections which may be received from any person with respect to the said draft before the aforesaid date will be considered by Government:—

Draft Amendment.

For Sub-Rule 2 of Rule 13 the following shall be substituted :—

"(2) In the Cities of Bangalore and Mysore and in the local area within the jurisdiction of the Kolar Gold Fields Sanitary Board, when acetylene or electric lamps or lamps of any other description giving a powerful and intense light are used as head lights on any motor vehicle, the glare from such lights shall be satisfactorily counteracted by—

(*a*) placing a pink paper over the lower half of the reflector, or
(*b*) painting the upper half of the glass white, or
(*c*) coating the bulbs with white paint, or
(*d*) having bulbs of frosted glass.

No. D. 8751—*Edn.* 84-28-6, *dated 25th February* 1929.

Government are pleased to make the following revised rules under section 12 of the Elementary Education Regulation, V of 1913.

1. The following schools are recognised for the purposes of the Elementary Education Regulation, V of 1913.

Section 3

(1) All Government and aided institutions giving instruction up to and including the IV Primary Class as defined in the Mysore Educational Rules ; and

(2) Other Institutions specially recognised by the Director of Public Instruction and notified in the *Mysore Gazette.*

2. The period of attendance at school required under the Regulation, shall be not less than 200 days in the year or 60 per cent of the working days, whichever is less, beginning with the 1st of June each year, and not less than three hours on each day of attendance, provided that the Director of Public Instruction may fix other periods of attendance in special cases.

3. The Compulsory Education Committees are authorised to grant certificates of exemption from attendance to children between the ages of 7 and 11 on requisition from their parents or guardians after properly satisfying themselves of the existence of a reasonable excuse for non-attendance.

Section 4 (2)

4. All exemption certificates shall be granted on printed forms as appended to these rules which can be had in duplicate free of cost from the Attendance Officer of the area concerned. Any person wishing to obtain a certificate will get the form in duplicate and produce it before the authority empowered to grant such certificates. The latter will hand over one copy to the applicant and retain the other.

5. No certificates shall hold good for a period exceeding one year.

6. Every Attendance Committee shall consist of a Chairman and not less than five members and not more than ten or such other maximum number of members as may be fixed by the Deputy Director of Public Instruction. The nomination of the Chairman and the members shall be made by the Deputy Director except in Municipal areas where it shall be competent for the President of the Municipality concerned to empanel a Committee with the concurrence of the Deputy Director.

7. The names of all members of School Attendance Committee shall be notified in the Official Gazette by the Deputy Director.

8. The term for which a Committee is appointed is three years, the members being eligible for re-nomination.

9. For each area where the Elementary Education Regulation is brought into operation there shall be an Attendance Officer, paid or honorary, who shall be nominated from among the members of the Attendance Committee or otherwise by the Attendance Committee for a period of three years at a time, with the previous approval of the Deputy Director, or the President of the Municipality concerned with the concurrence of the Deputy Director of Public Instruction.

10. The duties of an Attendance Officer shall include the checking of attendance reports, scrutiny of exemption certificates, issue of warnings, institution of prosecutions and all such other duties as the Attendance Committee may entrust to him, or as the Deputy Director or the President of the Municipality concerned, in consultation with the Deputy Director may assign from time to time. The Attendance Officer shall act as Secretary to the Attendance Commitee.

11. The powers and duties of the Committee are as follows :—

(1) They shall consider the educational needs of the area and take, after consultation, with the Education Department such steps as may be feasible to supply them.

(2) They shall maintain an up-to-date list of all boys of the prescribed ages, and shall secure their attendance at school by such means as may be authorised.

(3) They shall send to the Deputy Director of Public Instruction or to such other Educational Officer as may be nominated by the Deputy Director, a quarterly return of children between the ages of 7 and 11 attending schools within their area.

(4) Whenever the Committee are satisfied that a boy who ought to attend school does not do so without lawful exemption, they shall after due warning in writing served on the parent under the signature of the Chairman or the Attendance Officer or an Inspecting

Officer of the Education Department, not lower in rank than an Assistant Inspector of Education, make a complaint through their Attendance Officer or any other person authorised by them, against the parent of the boy before a Magistrate having jurisdiction, under section 8 of the Regulation.

(5) It shall also be within the competence of the Attendance Committee to institute a prosecution under section 9 of the Regulation through the Attendance Officer, or any other person authorised by them against an employer who knowingly employs any boy in contravention of section 6 of the said Regulation.

(6) The Attendance Committee shall meet once at least every month, and a member who fails to attend three meetings consecutively shall be considered to have vacated his seat, unless the absence is condoned by the Deputy Director or by the President of the Municipality concerned.

(7) An extraordinary meeting shall be held at any time on the written requisition of three members of the Committee addressed to the Attendance Officer.

(8) The quorum to be fixed by the Committee shall consist of not less than three members.

(9) Every question shall be decided by a majority of votes of the members present and voting on the question.

(10) The names of the members present and in the case of a division, the names of those voting upon each question, shall be recorded in the Minute Book.

(11) If, at any meeting, the Chairman is not present at the time appointed to hold the same, the members present shall choose one of their number to be the Chairman of such meeting.

(12) In case of an equality, of votes at any meeting, the Chairman of such meeting shall have a second or casting vote.

(13) A copy of the proceedings of every meeting shall be sent to the Deputy Director of Public Instruction or to such other officer or officers as he may specify.

(14) The Committee shall, with the approval of the Deputy Director or President of the Municipality concerned, have power to fill up casual vacancies for the remaining period of the term of any member whose seat has become vacant.

(15) The Headmasters of all recognised schools shall be bound to furnish all information which the Attendance Committee may reasonably require in the discharge of its duties.

12. Should a boy not appear at the school within seven days of the day appointed for entrance, or should a boy already entered be absent for seven days continuously without proper reasons, the Headmaster of the School concerned will notify the fact to the Attendance Officer.

13. The President of the Municipal Council in the case of urban areas and the Chairman of the Village Panchayet in the case of rural areas shall, within thirty days from the date of the Government Notification bringing any defined area under the operation of the Elementary Education Regulation, or such other reasonable time as may be fixed in consultation with the Deputy Director cause to be prepared a full and correct list of all children of the prescribed ages in the above area and sent to the Attendance Officer for the use of the Attendance Committee.

14. The President of the Municipal Council in the case of urban areas and the Chairman of the Village Panchayet in the case of rural areas shall also cause such list to be annually revised in the month of April and a copy of the revised list sent before the 1st May to the Attendance Officer for the use of the Attendance Committee.

15. In case of default in taking a census of children of compulsory age and furnishing the same to the Attendance Officer in time, *i.e.*, by 1st May, the fact will be communicated in the case of City Municipal Councils, to Government by the Director of Public Instruction; in the case of Town Municipal Councils, to the Deputy Commissioner by the District Educational Officer, and in the case of Village Panchayets to the Amildar by the Assistant Inspector of Education concerned.

16. The Director of Public Instruction shall have power to issue from time to time such subsidiary instructions as may be needed, for the effectual carrying out of the provisions of the Elementary Education Regulation and of these rules and all communications regarding matters requiring the orders of Government shall be made through him.

(To be in duplicate.)

The resignation of Mr. Venkataramaniah appointed as Honorary Special Magistrate of the Bench Court at Koppa in Notification No. P. 3293—Cts. 4-28-14. dated 19th December 1928, is accepted, and under section 41 of the Code of Criminal Procedure, 1904, the powers of a Magistrate of the Third Class conferred on him in the said notification are hereby withdrawn.

No. P. 4779—*Cts.* 4-28-28, *dated* 25*th February* 1929.

Under section 14 of the Code of Criminal Procedure, 1904, the Government of His Highness the Maharaja are pleased to appoint Mr. B. Kadappa, Shanbhog, as Special Magistrate for the Bench Court at Koppa, Kadur District, with the powers of a Magistrate of the Third Class.

By Order,

P. MAHADEVAYYA,

Secretary to Government,
Law Department.

OFFICE OF THE *EX-OFFICIO* SECRETARY, REPRESENTATIVE ASSEMBLY AND LEGISLATIVE COUNCIL, PUBLIC OFFICES, BANGALORE.

Official Memorandum No. 2642-51, *dated* 23*rd*—25*th February* 1929.

In connection with the Budget Session of the Representative Assembly which is to be held on or about the 10th June 1929, the following programme is prescribed for the receipt, selection and submission of Representations, Questions and Resolutions:—

1. Last date for receipt by the Deputy Commissioner or other authority of Representations, Questions and Resolutions... 8th April 1929.
2. Last date for the meeting of the members at which Representations, Questions and Resolutions are to be examined and a selection made ... ... 19th April 1929.
3. Last date for the consolidation and despatch of the above to the Secretary, Representative Assembly ... ... 27th April 1929. (Representations, Questions and Resolutions received after 8th April 1929 should be rejected.)

Every Representation, Resolution and Question should be worded in the proper form dealing with a single subject and be admissible under the rules. Attention of the Deputy Commissioners is also invited to the instructions contained in the circular letter of this office No. 1367-74, dated 7th November 1928, addressed to them, in regard to the inclusion of only such subjects as are approved by a majority of the votes of the members present at the preliminary meetings at District headquarters.

The number of Representations, Questions and Resolutions should not exceed the limit fixed by Government in rules 23, 33 and 45 of the rules published with Notification No. P. 3039—Legis. 12-23-39, dated 8th December 1923.

The Representations, Questions and Resolutions proposed by the members of the Representative Assembly representing the Mysore University should also reach the Secretary, Representative Assembly, on or before 27th April 1929.

Three typed copies of Representations, Questions and Resolutions should be sent by the Deputy Commissioners and by the Registrar of the Mysore University, with their remarks, to the Secretary, Representative Assembly, in the form annexed:—

No. 2655—L. C.
Dated 27th February 1929.

OFFICE OF THE EX-OFFICIO SECRETARY,
LEGISLATIVE COUNCIL.

ABSTRACT OF THE PROCEEDINGS OF THE MYSORE LEGISLATIVE COUNCIL—DECEMBER 1928.

The fifth session of the Second Reformed Legislative Council was held in the Council Hall, Public Offices, Bangalore, from the 17th to 20th December 1928, both days inclusive, with Mr. President (*Amin-ul-mulk* Mirza M. Ismail, O.B.E., C.I.E.,) in the Chair. All the members were present except Messrs. E. W. Rutherford and Ralph Nye.

At the outset, the President referring to the illness of His Majesty the King-Emperor, spoke as follows :—

"Before proceeding to the business of the day, let us turn our thoughts towards the Palace in London, where His Majesty the King-Emperor lies struggling with a serious illness.

Grave anxiety is felt throughout the Empire on his account, and the thoughts of his subjects all over the world have been focussed on him for some days past.

It is, I feel sure, the desire of this House which represents all classes of His Highness' subjects, that I should express, on its behalf, sincere sympathy with His Majesty in his illness and with the Royal Family in this hour of trial and poignant grief.

We join in the earnest prayer, which is going up to Heaven from millions of hearts all over the world, that God in His goodness, will speedily restore His Majesty to health and strength.

Gentlemen, may I ask you to stand up for a few seconds as an indication of your approval of the sentiments, which I have just given expression to on your behalf"?

x x x x

Rajasabhabhushana Diwan Bahadur Sir K. P. Puttanna Chetty then said on behalf of the House :—

"This Council wholeheartedly associates itself in the loyal sentiments expressed by you regarding His Imperial Majesty the King-Emperor's illness. We have been closely following the state of His Majesty's health and we are daily scanning the bulletins with great anxiety and solicitude. It is reassuring to be told by the latest bulletins that His Majesty is maintaining his strength and gaining ground every day though rather slowly. In common with the rest of the Empire, we,

the subjects of His Highness the Maharaja of Mysore, wish and pray for His Majesty's speedy restoration to health. May he live long and reign over the British Empire on which the sun never sets"!

x x x x

Secretary's Report.

The Secretary reported to the Council that Mr. S. G. Forbes, nominated official member, took his seat, that Rajasabhabhushana K. Chandy, nominated non-official member, resigned his membership and that the following Regulations received the assent of His Highness the Maharaja of Mysore on the respective dates specified against them:—

1. A Regulation further to amend the Mysore Limitation Regulation IV of 1911—V of 1928—30th June 1928.
2. A Regulation to amend the Mysore Small Cause Courts Regulation 1911—VI of 1928—2nd July 1928.
3. A Regulation further to amend the Code of Criminal Procedure, 1904—VII of 1928—2nd July 1928
4. A Regulation further to amend the Indian Penal Code, 1860, as it is in force in Mysore—VIII of 1928—2nd July 1928.
5. A Regulation to amend the Mysore Income-tax Regulation 1923—IX of 1928—4th July 1928.
6. A Regulation further to amend the Mysore Legal Practitioners Regulation 1884—X of 1928—2nd July 1928.

9. A Regulation further to amend the Mysore Municipal Regulation 1906—XIII of 1928—2nd July 1928.
10. The Workmen's Compensation Regulation—XIV of 1928—4th July 1928.
11. A Regulation to amend the Mysore Registration Regulation 1903—XV of 1928—9th July 1928.
12. A Regulation to consolidate and amend the Law relating to Motor Vehicles in Mysore—XVI of 1928—9th July 1928.
13. A Regulation to amend the Mysore Land Revenue Code, 1888—XVII of 1928—9th July 1928.
14. The Mysore Agriculturists' Relief Regulation 1928—XVIII of 1928—14th July 1928.

QUESTIONS AND ANSWERS.

There were 96 questions on the agenda, out of which 85 were answered, besides a large number of supplementary questions.

BILLS.

There were 10 Legislative measures before the House. Leave was granted to introduce a Bill to further amend the Mysore Pevention of Adulteration Regulation, 1925, and the following five Bills were introduced and referred to Select Committees;—

1. Bill to amend the Mysore Securities Regulation, 1925.
2. Bill to amend the Mysore Prevention of Adulteration Regulation, 1921.
3. Bill to amend the Government Savings Bank Act, 1873.
4. Bill to amend the Mysore Co-operative Societies Regulation, 1918.
5. Bill to amend the Mysore Income Tax Regulation.

The Bills to amend the Mysore District Board Regulation, 1926, and the Mysore Municipal Regulation, 1906 for the purpose of removing the disqualification of women to become members of Municipal Councils and District Boards and the Bill to amend the Code of Civil Procedure for exempting from attachment annuities payable under the scheme of annuities recently sanctioned by Government, were introduced and passed at one sitting by suspending the rules of business. The Report of the Select Committee appointed to consider the Bill to provide for the better regulation of Cotton Ginning and Pressing Factories and the two amendments proposed to it were considered and the motion to pass the Bill at a subsequent meeting of the Council was adopted.

The more important of the Bills referred to Select Committees are :—

(1) The Bill to amend the Mysore Securities Regulation making provision for dealing with cases of stolen securities and for cancellation of orders passed in respect of missing securities when they are found subsequently, and also making it clear that interest is not payable after the earliest date on which the payment of the principal due could have been demanded ;

(2) the Bill to amend the Mysore Co-operative Societies Regulation 1918, designed to extend the scope of the Regulation so as to bring within its purview the Land Mortgage Bank to be established in accordance with the scheme recently sanctioned by Government ; and

(3) the Bill further to amend the Mysore Income Tax Regulation providing:

(i) for the deduction of the difference between the cost price of draught animals and the amount realised by their sale in computing business income ;

(ii) for notification to Government by companies of the dividends earned by their share-holders ;

(iii) for the procedure for assessment when there has been a partition in the case of families, or change of personnel in the case of firms ;

(iv) for assessment of profits from import trade conducted in Mysore by agencies of non-resident share-holders ;

(v) for deduction at source of super-tax on dividends due to non-resident share-holders ;

(vi) for the framing of rules to ascertain the taxable income in certain special cases ;

(vii) for powers to Income-tax officers to impose penalty for persistent default and to the Deputy Commissioners and Commissioner of Income-tax to review their orders ;

(viii) for reference to the Chief Court being heard by a Bench of not less than two Judges and a Full Bench in cases of difference of opinion.

Demands for Supplementary and Additional Grants.

The Demands for additional and supplementary grants placed before the Council were 79 in number and there were 73 cut motions on them. The cut motions were either not moved or were withdrawn after discussion and the Demands were passed. Some of the questions raised by the non-official members and explained by the Members of Government in the course of the debate on the Demands, were the increase of pay of Sub-Assistant Surgeons, the need for taking proper measures to prevent the spread of leprosy, the abolition of toll-gates, the extension of medical relief in rural areas and the proper distribution of backward class scholarships.

RESOLUTIONS.

Out of 77 resolutions admitted, 22 were discussed and the remaining 55 were either not moved or lapsed for want of time. The resolutions that were discussed covered a variety of subjects, some of which are set forth below :—

One resolution urged the appointment of a mixed committee, with a non-official majority to suggest further constitutional reforms in Mysore in the direction of responsible Government. The Second Member of Council replying to the debate, on behalf of the Government, stated that while the ideal of democracy was deserving of every sympathy, the time had not yet come for declaring in Mysore, any policy in this regard and that it was advisable to await the recommendations of the Simon Commission and the Butler Committee. He added that practical politics seemed to indicate that real responsible Government was a thing for the distant future, even in British India and that, in the meantime, people should set themselves to the task of putting down social evils and encouraging the spread of mass education as conditions precedent to the fulfilment of any desire for improved political status. The resolution was put to vote and lost.

Another resolution recommended immunity to the members of the Representative Assembly and the Legislative Council from being proceeded against in any court in respect of speeches made or votes recorded by them as such members, or in respect of anything contained in any official report of the proceedings of these two constitutional bodies. It was pressed to a division and lost.

The next resolution recommended the adoption of Kannada as the medium of instruction in all High Schools. While opinion was unanimous that this was a desirable reform, it was pointed out that practical difficulties such as the want of

suitable text-books and competent teachers had to be reckoned with. The Director of Public Instruction stated that the Education Department was attempting to make Kannada an Optional Subject in Urdu Middle Schools and that if the necessary financial support were forthcoming, good text-books and good teachers could be secured. The resolution was passed by a large majority.

The question of allotting backward class and malnad scholarships on the basis of the percentage of the population of each community evoked some discussion and it was represented that the distribution made at present did not satisfy the backward classes, and most of the malnad scholarships which went to candidates coming from one particular community should also be distributed by the Committees administering the backward class scholarships. The Third Member of Council pointed out that it was definitely laid down that the distribution of the malnad scholarships was to be made without any distinction of caste or creed, that the grant for malnad scholarships was very small and that there was no idea of excluding any community from enjoying the benefit of these scholarships. He added that the department would cretainly see and put an end to any unfair distribution if brought to notice. The resolution on the subject was then withdrawn.

It was suggested that the hereditary tenure of the Shanbhogi office should be abolished and the appointment made a salaried one. In this connection, a letter received from the Secretary of this Shanbhogs' Association protesting against the resolution was read out. Replying to the debate on this resolution, the Second Member of Council stated that there were two main considerations in dealing with this question *viz.*, (1) the additional financial burden involved in the scheme of replacing the existing hereditary system by a paid agency; (2) the desirability of abolishing a system which had come down from ages by a mere stroke of the pen, and that Government had to make necessary enquiries through official channels and consider the matter very carefully before arriving at any final conclusion thereon. The resolution was thereupon withdrawn.

Information was sought as to the form and manner in which the subjects of of the State who happened to be in Government service might exercise their right of petitioning His Highness the Maharaja on matters of public welfare not directly connected with their official position. It was urged that a definite rule in this regard was necessary in order to remove possible misapprehensions. The Government stated that the rules would be made sufficiently clear if they were not so already.

Government sympathised with the desire expressed in one of the resolutions for the appointment of committees composed of officials and non-officials to regulate admissions into the Engineering and Medical Colleges and stated that the recommendations of the University Council, who already had the matter under their consideration, were awaited.

In regard to the formation of a Military Training Corps in the University, which formed the subject of one of the resolutions, the Third Member of Council stated that the suggestion would be considered in connection with the next budget and the resolution was then withdrawn.

On the question of raising of the marriageable age of girls to 14 and of boys to 20, the age of consent of girls to 16, the Government stated that the recommendations of the Age of Consent Committee appointed by the Government of India might be awaited. After a short discussion, the resolution was put to vote in two parts, one relating to the raising of the marriageable age of boys and girls and the other relating to the raising of the age of consent. The former was passed by a majority, and the latter unanimously.

The following four non-official members were elected to the Public Accounts Committee for the year 1928-29:—

1. Mr. D. H. Chandrasekharaiya, B.A., LL.B.
2. " D. S. Mallappa.
3. " H. B. Gundappa Gowda, B.A., B.L.
4. " S. C Mallaiya.

The Council thereupon adjourned *sine die*.

By Order,

P. MAHADEVAYYA,
Ex-officio *Secretary*,
Legislative Council.

DATED 27TH FEBRUARY 1929.

FINANCIAL SECRETARIAT.

No. Fl. 6067—*Ex.* 72-28, *dated* 12*th February* 1929.

Tenders in the form hereto appended are hereby invited for the exclusive privilege of the *Manufacture of Arrack and other Country Spirits* for supply to the territories of Mysore, for a period of three years from 1st July 1929 to 30th June 1932.

2. The contract for the Civil and Military Station of Bangalore is included in this contract with the permission of the Hon'ble the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded, subject to the conditions specified in para 8 of this notification and to the Excise Laws passed by the Government and the rules in force in Mysore and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore.

4. The quantity of arrack required is estimated at about 35,000 gallons a month, the quantity actually issued from the Bangalore Central Distillery in the year 1927-28 having been 3,42,011 gallons. No quantity is, however, guaranteed to the contractor, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 35° U. P. separately for sugar-cane jaggory arrack and for molasses arrack as also per gallon of the marginally noted kinds of liquors, at which they offer to supply during the whole period of the contract. They should also quote rates separately for bottling in quart and pint bottles and for packing the marginally noted kinds of liquors.

1. Brandy	20° U P.
2. Whisky	"
3. Gin	"
4. Rum	"
5. Milk punch ..	15° "
6. Bottle Jaggory Arrack	35° U. P.
7. Rectified Spirit ..	60° O. P.
8. Proof Liquor ..	———
9. Denatured Spirits ..	50° O. P.
10. D. D. Rum ..	25° U. P.

6. Each tender must be accompanied by a deposit of Rs. 5,000 in cash or in Government securities, of equivalent value, duly endorsed in favour of "The Comptroller, Mysore Government," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Country Spirits," and must be sent to the Excise Commissioner at Bangalore, so as to reach him before noon on Wednesday the 6th March 1929, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in Bangalore at 12 o'clock noon on the 6th March 1929, in the presence of such of the applicants as may be present. The final disposal of tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the State Huzur Treasury, Bangalore, a further sum in cash, or Government securities which shall be accepted at the market value, duly endorsed in favour of "The Comptroller, Mysore Government," to make up with the deposit previously made, the sum of Seventy-five thousand rupees, and shall execute an agreement in the form prescribed on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

Note.—The applicants may note that they are not required to purchase the Machinery and plant in the Distillery as hitherto from the out-going Contractor. Government will take over the Stock and Block as their property from 1st July 1929 and will place them at the disposal of the successful applicant who, for their use during his contract, has to pay a hire at the rate of 12½ per cent on such value of the assets as may be ascertained and fixed by the Excise Commissioner. The exact value of the assets on which hire at 12½ per cent will be calculated, the time and manner by which the hire fixed should be paid, will be notified later on for the information of the applicants.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

(1) The contractor shall manufacture arrack and other country spirits within the enclosure of the Government Central Distillery, near Bangalore, or at such other place as may be approved by Government. For the use of the Distillery buildings near Bangalore and also for the arrangements existing in connection with the water supply, the contractor shall pay such rent to Government as may be fixed by the Chief Engineer from time to time, which will include the interest and depreciation charges for the installation of electric lights made to the distillery building. The rent at present is Rs. 1,115-8-0 per mensem.

(2) Such improvement or addition to the said buildings, or water supply or electric lighting and power as may be approved by Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government, and such repairs to the distillery buildings and channels as may be pointed out by the Executive Engineer shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed Rs. 50.

(3) The recurring monthly charges consisting of the cost of the electric power consumed and depreciation charges at 5 per cent of the initial cost shall be borne by Government

(4) Plant and machinery necessary for the manufacture of liquors in the Distillery which will form the property of Government will be let out to the contractor who should pay hire at a rate of 12½ per cent per annum based on the valuation of the said plant and machinery. Such improvements, additions or renewals as may be approved by the Excise Commissioner will be carried out at Government cost and the same added to the original value of the stock and block and machinery subject to the payment by the contractor of additional hire as may be fixed by the Excise Commissioner at the rate as aforesaid. The decision of the Excise Commissioner as regards the valuation and the amount of hire payable thereon is final. The contractor is not entitled to compensation for any loss sustained by him by the delay caused in executing such repairs or by accidental breakage of the machinery.

(5) The contractor is bound to take all reasonable care of the plant, machinery, etc., entrusted to him and hand them over correctly to Government at the termination of his contract. He is also liable to make good the loss if any machinery gets out of order or is lost on account of his negligence or laches. The Excise Commissioner will be the final authority to decide whether or not any machinery is lost or damaged on account of the contractor's negligence or by any of his employees and what amount should be recovered from him. Additions and replacements other than those due to the neglect of the contractor will be attended to by Government who will be the sole judges as to whether any addition or replacement is necessary or not. The contractor will be permitted to attend to all ordinary emergent repairs which are incidental to the working of the machinery after obtaining the previous sanction of the Excise Commissioner or any other Officer authorised by him when he will be reimbursed for the actual cost incurred by him. The contractor shall be bound by such rules as may be prescribed by the Excise Commissioner from time to time as regards repairs, additions and replacements, the payment of additional hire for such improvements, the custody and use of machinery, etc.

(6) The contractor shall keep in store at the Central Distillery, ordinarily a supply of ordinary arrack sufficient for a month's consumption (35,000 gallons), and never less than 25,000 gallons (of admissible spirits) in terms of 35° U. P. and also a month's supply of other kinds of liquors.

(7) The spirits manufactured shall be of good quality and filtered water or distilled water shall be invariably used at the distillery under the supervision of the Distillery Officer for reducing spirits to the authorised strength. Filtered water shall be supplied by Government and will be under the control of the Distellery Officer. Its use is limited to the reduction of the spirits only. The articles used in distilling will be approved by the said officer. No ingredients obnoxious to health will be used in distilling or put into the arrack or other country spirits or special liquors whether before or after they are manufactured. The spirits manufactured shall not be adulterated or diluted save by the addition of filtered or distilled water, as the case may be, for the purpose of reducing the strength to the authorised degree.

(8) In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish outstills after giving the manufacturers the first refusal of so doing. Government may also permit any person or persons to distil or purchase elsewhere alcohol for industrial or medicinal purposes, if the contractor is unable to supply the same at the same price as that charged in the adjoining British Indian Provinces.

(9) The contractor shall issue at the Government Central Distillery to the Senior Government Officer in charge thereof, such quantity of arrack and other kinds of country spirits as may be indented for by him for supply, (i) to such Bonded Depots and warehouses as Government may, from time to time, establish and maintain within the State; (ii) to such other places or persons or institutions as may be directed by the Excise Commissioner; and (iii) to the Government Excise Warehouse in the Civil and Military Station, Bangalore, in compliance with indents received from the Superintendent of Excise, Civil and Military Station, Bangalore.

(10) Arrack supplied to the Civil and Military Station, Bangalore, will not be paid for in advance, but once in a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the Superintendent of Excise. In the case of issues made to the State, the Distillery Officer will issue a cheque at such intervals as may be prescribed by the Excise Commissioner on the Officer in charge, State Huzur Treasury, Bangalore, to the contractor and in his favour for the value of arrack and other country spirits, if any, issued.

(11) The contractor will supply at the Distillery, denatured spirits and rectified spirits on the indents received from the respective licensees and recover the value thereof from the parties direct. The cost of carriage will be payable by themselves.

(12) Should the contractor be permitted with the approval of Government at any time during the tenure of his contract, to supply country spirits manufactured in the Central Distillery to Coorg, or any other place outside the limits of the Mysore State, such proportionate cost towards the Distillery Establishment as may be fixed by the Excise Commissioner shall be paid by the contractor.

(13) The bulk of the arrack required shall always be of the ordinary sort, *i.e.* sugar-

Excise Commissioner, the contractor shall supply sugar-cane jaggory arrack, he will not ordinarily be entitled to claim the higher rate prescribed for jaggory arrack. When, however, the contractor is unable to supply the molasses arrack at any time on account of causes beyond his control and is obliged to supply jaggory arrack instead, he may submit a representation for payment at the higher rate payable for the latter and any such representation will receive due consideration, and the orders of Government fixing the rate shall be final. When arrack is supplied to Bonded Depots at a strength stronger than 35° U. P., payment will be made as if the strength of the arrack was 35° U. P.

(14) The contractor is also bound to manufacture and supply to the licensees special liquors, rectified spirits and other kinds in prescribed bottles (more or less) of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon). Except when otherwise required, the bottles containing liquors shall be duly corked, capsuled and sealed and shall also be labelled so as to notify the price of the bottle if required. These should be delivered duly packed in deal wood cases, wired and nailed, as may be ordered by the Excise Commissioner. No bottling or packing charges shall be claimed when supply is made in bulk or in bottles (produced by the licensed shop keepers).

(15) The contractor shall always keep an adequate supply of such bottles and packing materials, failing which he will be held responsible for any loss that may accrue to Government and to the licensees and shall also be liable to a penalty not exceeding Rs. 100 for each day's deficiency.

(16) The contractor shall have no interest in the retail vend of any country spirits, nor shall he employ as agent or in other capacity in the distillery any such persons having such interests.

(17) The contractor shall submit for the approval of the Excise Commissioner, the names of persons employed by him as Manager and Distillers in the distillery and no person not thus approved shall be permitted to act in these capacities. He will be bound to remove at once, if so ordered, any of his employees who have misbehaved, whose conduct is found to be suspicious, or who is drunk, or riotous or is in illicit possession of liquor.

(18) The contractor should keep the premises of the Distillery always clean and in sanitary condition. He should make his own arrangements for cleaning the premises and removing the ashes from the boiler and the broken bottles, etc., from the Distillery every day.

(19) The contractor, his agent and employees shall be bound to conform to the provisions of the Excise Laws and Rules for the time being in force or which may hereafter be enacted from time to time in the State of Mysore and in the Civil and Military Station of Bangalore and also to the Mysore Factories Regulation and the rules framed thereunder; and he shall see that all his employees give full effect to them.

(20) The outgoing contractor shall give, and the incoming contractor shall take over, any arrack or other country spirits and special liquors not exceeding a month's supply and any articles of stores, such as molasses, fuel, bottles, etc., which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same, such value as may be fixed by the Excise Commissioner.

(21) Should the incoming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the outgoing contractor shall cease preparing "wash" during the last month of his expiring contract and vacate the building so as to admit of the incoming contractor commencing operations. Should no notice be given, the outgoing contractor may continue distilling till the end of his contract after which further distillation by him must cease. The incoming contractor shall issue arrack and other country spirits and other special liquors from the distillery to the Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supplies ready in all Bonded Depots for issue from the 1st July of the year of his contract.

(22) Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer, Bangalore Division.

(23) In case of breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

(24) The contract shall not be transferable except with the approval of the Government of Mysore.

(25) Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the contractor shall not be entitled to claim any compensation for loss on account of such alteration. Government may also, during the currency of the contract, make alterations in the strength of liquors to be supplied either in regard to the whole contract area or any part thereof, when the rates originally agreed upon will be proportionately altered.

(26) All sums due by the contractor to Government under this contract shall be recoverable as arrears of land revenue.

By Order,

B. SRINIVASA IYENGAR,
Secretary to Government,

APPENDIX I.

"and their respective salts and any preparation admixture and extract containing either of them."

A. H. Lloyd,
Joint Secretary to the Government of India.

GENERAL SECRETARIAT.

No. G. 10619—*Ft.* 240-28-2, *dated* 22*nd February* 1929.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 35 (iii) of the Mysore Forest Regulation 1900, as amended by Regulation IX of 1901, that the area of the boundaries of which are set forth in the schedule annexed shall be "Reserved Land" under the general Rules for the management of the District Forests published under Government Notifications Nos. 245-1300, dated the 2nd October 1901 and R. 5390—Ft. 236-17-3, dated 25th October 1918, as well as Government Order No R. 2559-63—Ft. 179-15-5, dated 21st August 1920:—

District	Taluk	Area	Name of the Block	Situation
		A. g.		
Mysore ...	Nagamangala	771 8	Naganakere Block	Situated to the North-West of Hampapur, Naganakerekaval.

Boundaries.

Noth.—Starting from the North-West corner of Survey No. 121 of Hampapur, Naganakerekaval, the line runs North-East and South-East along the common boundary line of Survey Nos. 121 and 120 of the said village on one side and Survey Nos. 61 and 276 of Devarmallanaikanahalli and Kommonahalli villages respectively on the other and meets the North-East corner of Survey No. 120 of the former (Hampapur-Naganakere Kaval village).

East.—Thence South for about 22½ chains along the Eastern boundary line of the above Survey No. 120 to the Gadi Bhands of Kommenahalli and Dyavalapur Villages, then South-West for about 52½ chains along the Eastern boundary line of Survey Nos. 120 and 119 of Hampapur-Naganakere Kaval to the Gadi Bhands of Dyavalapur and Kuntal Koppalu villages, then South-West for about 17½ chains to the South-East corner of the latter survey number.

South.—Thence West along the Southern and common boundary lines of Survey Nos. 119 and 122 of Hampapur-Naganakere Kaval on one side, and Survey Nos. 118 and 123 on the other side respectively and meets the South-West corner of Survey No. 122, said above.

West.—Thence North along the Western and common boundaries of Survey Nos. 122, and 121 of the said village on one side and Survey No. 45 of Thatthihalli and 123 and 122 of Dondemadahalli villages on the other side, respectively to the starting point.

By Order,

R. RANGA RAO,

General Secretary to Government.

CHIEF SECRETARIAT.

No. L. 5097—*V. P.* 7-28-92, *dated* 31*st January* 1929.

Under section 4 of the Land Acquisition Regulation, 1894, as amended from time to time, it is hereby notified that the properties described hereunder, are required for a public purpose, *viz.*, for extension of village site.

Under section 5 A, it is directed that any person interested in the said properties, may within 30 days after the issue of this notification, prefer objections, if any, thereto, to the Assistant Commissioner, Gubbi Sub-Division, in writing, after which no objections will be heard.

A plan of the properties will be available for inspection in the office of the Gubbi Sub-Division.

Law Department.

GENERAL SECRETARIAT.

No. 3906—*P. P.* 18-28-19, *dated* 28*th February*—1*st March* 1929.

Whereas by the Notification of the Government of India in the Foreign Department No. 176, dated 31st December 1875, the Indian Christian Marriage Act, 1872, was, with certain modifications, declared to apply to the territories of Mysore so far as regards marriages between persons one of whom is a Christian subject of Mysore and neither of whom is a Christian British subject:

In exercise of the powers conferred by Sections 6 and 9, respectively, of the said Act, the Government of His Highness the Maharaja of Mysore are pleased (a) to grant license to the Reverend Mr. Frank Mc Laine of the "Christian Missions in Many Lands" to solemnize marriages within the territories of Mysore and outside the limits of the Civil and Military Station, Bangalore, and (b) to license the said Reverend Mr. Frank Mc Laine to grant certificates of marriage within the said territories between Indian Christians.

No. G. 10918—*Mily.* 294-28-4, *dated* 28*th February* 1929.

His Highness the Maharaja is pleased to sanction the promotion of Havildar Abdul Khalak of the 3rd Battalion, Mysore Infantry as Jamedar, 2nd grade to fill up an existing vacancy in the same Battalion.

No. L. 5884—*Ml.* 48-28-4, *dated* 5*th March* 1929.

Under sections 10 and 11 of the Mysore Municipal Regulation VII of 1906, as amended from time to time, "the Senior Officer of the Public Works Department at Goribidnur," is appointed an *ex-officio* member of the Goribidnur Minor Municipal Council in the place of, "the Senior Officer of the Public Works Department for the Goribidnur Taluk" appointed as *ex-officio* member of the said Municipal Council under Notification No. L. 3206—Ml. 92-26-39, dated 15th November 1926.

No. L. 5912—*Ml.* 105-28-11, *dated* 5th *March* 1929.

Under section 186 of the Mysore Municipal Regulation 1906, as amended from time to time, Government are pleased to apply to the Town Municipal Council of Tumkur the provisions of section 182 of the Regulation, so far as they relate to the appointment of a Chief Officer and also sections 183, 184 and 185.

By Order,
R. RANGA RAO,
General Secretary to Government.

MYSORE RAILWAYS.

No. R. S. 1874-83, *dated* 2*nd March* 1929.

In exercise of the powers conferred by clause (1) of section 117 of the Mysore Railways Regulation, 1894, and in supersession of all notifications issued thereunder, the Government of His Highness the Maharaja are pleased to declare that the Mysore Railways shall be liable to pay in respect of the buildings belonging to or under the management of the Mysore Railway Department the taxes imposed on houses and buildings by the Municipal Councils within their respective limits in aid of the funds of the Municipal Councils concerned.

By Order,
K. SRINIVASA IYENGAR.
Offg. *Secretary for Railways,*
Government of Mysore.

FINANCIAL SECRETARIAT.

No Fl. 6733—*Ex.* 18-28-27, *dated* 27—28*th February* 1929.

2. „ Manche Gowdar.

Nominated—
1. Mr. C. Krishna Murthi Rao.
2. „ M. Subbaiya.

Nanjangud Excise Licensing Board.

Elected—
1. Mr. B. Nanjundaradhya.
2. „ G. V. Nanjappa Chetty.

Nominated—
1. Mr. E. Krishnappa, Vice-President.
2. „ G. A. Sahibjan.

By Order,
B. SREENIVASA IYENGAR,
Secretary to Government,
Financial Department.

No. Fl. 6067—*Ex.* 72-28, *dated* 12*th February* 1929.

Tenders in the form hereto appended are hereby invited for the exclusive privilege of the *Manufacture of Arrack and other Country Spirits* for supply to the territories of Mysore, for a period of three years from 1st July 1929 to 30th June 1932.

2. The contract for the Civil and Military Station of Bangalore is included in this contract with the permission of the Hon'ble the Resident in Mysore.

3. The privilege for which tenders are now invited will be conceded, subject to the conditions specified in para 8 of this notification and to the Excise Laws passed by the Government and the rules in force in Mysore and to the Excise Law in force for the time being within the Civil and Military Station of Bangalore.

4. The quantity of arrack required is estimated at about 35,000 gallons a month, the quantity actually issued from the Bangalore Central Distillery in the year 1927-28 having been 3,42,011 gallons. No quantity is, however, guaranteed to the contractor, who is bound by actual requirements, be the same more or less than the estimated quantity.

5. Tenderers must specify the lowest rate per gallon of 35° U. P. separately for sugar-cane jaggory arrack and for molasses arrack as also per gallon of the marginally noted kinds of liquors, at which they offer to supply during the whole period of the contract. They should also quote rates separately for bottling in quart and pint bottles and for packing the marginally noted kinds of liquors.

1	Brandy	20° U. P.
2	Whisky	"
3	Gin	"
4	Rum	"
5	Milk punch ..	15° "
6	Bottle Jaggory Arrack	35° U. P.
7	Rectified Spirit ..	60° O. P.
8	Proof Liquor ..	
9	Denatured Spirits ..	50° O. P.
10	D. D. Rum ..	25° U. P.

6. Each tender must be accompanied by a deposit of Rs. 5,000 in cash or in Government securities, of equivalent value, duly endorsed in favour of "The Comptroller, Mysore Government," and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of the Manufacture of Country Spirits," and must be sent to the Excise Commissioner at Bangalore, so as to reach him before noon on Wednesday the 6th March 1929, after which date no tender will be received. The tenders will be opened by the Excise Commissioner at his office in Bangalore at 12 o'clock noon on the 6th March 1929, in the presence of such of the applicants as may be present. The final disposal of tenders will rest with the Government, who reserve to themselves full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them on their application.

7. The applicant whose tender may be finally accepted by the Government, shall, within eight days of the acceptance of his tender being communicated to him, deposit at the State Huzur Treasury, Bangalore, a further sum in cash, or Government securities which shall be accepted at the market value, duly endorsed in favour of "The Comptroller, Mysore Government," to make up with the deposit previously made, the sum of Seventy-five thousand rupees, and shall execute an agreement in the form prescribed on proper stamp, binding himself to conform to the conditions hereinafter set forth, and if he fails or refuses to either make the deposit or sign the agreement required within such period, the deposit already made by him will be forfeited to Government, and the contract otherwise disposed of.

Note.—The applicants may note that they are not required to purchase the Machinery and plant in the Distillery as hitherto from the out-going Contractor. Government will take over the Stock and Block as their property from 1st July 1929 and will place them at the disposal of the successful applicant who, for their use during his contract, has to pay a hire at the rate of 12½ per cent on such value of the assets as may be ascertained and fixed by the Excise Commissioner. The exact value of the assets on which hire at 12½ per cent will be calculated, the time and manner by which the hire fixed should be paid, will be notified later on for the information of the applicants.

8. The contract for which tenders are now invited shall be subject to the following conditions, namely :—

(1) The contractor shall manufacture arrack and other country spirits within the enclosure of the Government Central Distillery, near Bangalore, or at such other place as may be approved by Government. For the use of the Distillery buildings near Bangalore and also for the arrangements existing in connection with the water supply, the contractor shall pay such rent to Government as may be fixed by the Chief Engineer from time to time, which will include the interest and depreciation charges for the installation of electric lights made to the distillery building. The rent at present is Rs. 1,115-8-0 per mensem.

(2) Such improvement or addition to the said buildings, or water supply or electric lighting and power as may be approved by Government will be carried out at Government cost subject to the payment by the contractor of such additional rent or rate as may be fixed by Government, and such repairs to the distillery buildings and channels as may be pointed out by the Executive Engineer shall also be promptly executed by the contractor provided the annual cost of such repairs does not exceed Rs. 50.

(3) The recurring monthly charges consisting of the cost of the electric power consumed and depreciation charges at 5 per cent of the initial cost shall be borne by Government and the contractor proportionately for the portions of the buildings in the occupation of each. The cost of the renewal of lamps, bulbs, etc., shall be borne by the contractor in the portion

(4) Plant and machinery necessary for the manufacture of liquors in the Distillery which will form the property of Government will be let out to the contractor who should pay hire at a rate of 12½ per cent per annum based on the valuation of the said plant and machinery. Such improvements, additions or renewals as may be approved by the Excise Commissioner will be carried out at Government cost and the same added to the original value of the stock and block and machinery subject to the payment by the contractor of additional hire as may be fixed by the Excise Commissioner at the rate as aforesaid. The decision of the Excise Commissioner as regards the valuation and the amount of hire payable thereon is final. The contractor is not entitled to compensation for any loss sustained by him by the delay caused in executing such repairs or by accidental breakage of the machinery.

(5) The contractor is bound to take all reasonable care of the plant, machinery, etc., entrusted to him and hand them over correctly to Government at the termination of his contract. He is also liable to make good the loss if any machinery gets out of order or is lost on account of his negligence or laches. The Excise Commissioner will be the final authority to decide whether or not any machinery is lost or damaged on account of the contractor's negligence or by any of his employees and what amount should be recovered from him. Additions and replacements other than those due to the neglect of the contractor will be attended to by Government who will be the sole judges as to whether any addition or replacement is necessary or not. The contractor will be permitted to attend to all ordinary emergent repairs which are incidental to the working of the machinery after obtaining the previous sanction of the Excise Commissioner or any other Officer authorised by him when he will be reimbursed for the actual cost incurred by him. The contractor shall be bound by such rules as may be prescribed by the Excise Commissioner from time to time as regards repairs, additions and replacements, the payment of additional hire for such improvements, the custody and use of machinery, etc.

(6) The contractor shall keep in store at the Central Distillery, ordinarily a supply of ordinary arrack sufficient for a month's consumption (35,000 gallons), and never less than 25,000 gallons (of admissible spirits) in terms of 35° U. P. and also a month's supply of other kinds of liquors.

(7) The spirits manufactured shall be of good quality and filtered water or distilled water shall be invariably used at the distillery under the supervision of the Distillery Officer for reducing spirits to the authorised strength. Filtered water shall be supplied by Government and will be under the control of the Distellery Officer. Its use is limited to the reduction of the spirits only. The articles used in distilling will be approved by the said officer. No ingredients obnoxious to health will be used in distilling or put into the arrack or other country spirits or special liquors whether before or after they are manufactured. The spirits manufactured shall not be adulterated or diluted save by the addition of filtered or distilled water, as the case may be, for the purpose of reducing the strength to the authorised degree.

(8) In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government will be at liberty to establish outstills after giving the manufacturers the first refusal of so doing. Government may also permit any person or persons to distil or purchase elsewhere alcohol for industrial or medicinal purposes, if the contractor is unable to supply the same at the same price as that charged in the adjoining British Indian Provinces.

(9) The contractor shall issue at the Government Central Distillery to the Senior Government Officer in charge thereof, such quantity of arrack and other kinds of country spirits as may be indented for by him for supply, (i) to such Bonded Depots and warehouses as Government may, from time to time, establish and maintain within the State; (ii) to such other places or persons or institutions as may be directed by the Excise Commissioner; and (iii) to the Government Excise Warehouse in the Civil and Military Station, Bangalore, in compliance with indents received from the Superintendent of Excise, Civil and Military Station, Bangalore.

(10) Arrack supplied to the Civil and Military Station, Bangalore, will not be paid for in advance, but once in a fortnight on receipt of bills from the contractor to be submitted to the Collector, Civil and Military Station, through the Superintendent of Excise. In the case of issues made to the State, the Distillery Officer will issue a cheque at such intervals as may be prescribed by the Excise Commissioner on the Officer in charge, State Huzur Treasury. Bangalore, to the contractor and in his favour for the value of arrack and other country spirits, if any, issued.

(11) The contractor will supply at the Distillery, denatured spirits and rectified spirits on the indents received from the respective licensees and recover the value thereof from the parties direct. The cost of carriage will be payable by themselves.

(12) Should the contractor be permitted with the approval of Government at any time during the tenure of his contract, to supply country spirits manufactured in the Central Distillery to Coorg, or any other place outside the limits of the Mysore State, such proportionate cost towards the Distillery Establishment as may be fixed by the Excise Commissioner shall be paid by the contractor.

(13) The bulk of the arrack required shall always be of the ordinary sort, *i.e.* sugarcane jaggory or molasses arrack and the contractor shall be bound to supply such arrack at such strength and in such quantities as may be prescribed by the Excise Commissioner; and the rates to be paid shall be calculated proportionately upon the prices of 35° U. P. If

Excise Commissioner, the contractor shall supply sugar-cane jaggory arrack, he will not ordinarily be entitled to claim the higher rate prescribed for jaggory arrack. When, however, the contractor is unable to supply the molasses arrack at any time on account of causes beyond his control and is obliged to supply jaggory arrack instead, he may submit a representation for payment at the higher rate payable for the latter and any such representation will receive due consideration, and the orders of Government fixing the rate shall be final. When arrack is supplied to Bonded Depots at a strength stronger than 35° U. P., payment will be made as if the strength of the arrack was 35° U. P.

(14) The contractor is also bound to manufacture and supply to the licensees special liquors, rectified spirits and other kinds in prescribed bottles (more or less) of 8½ drams (6 bottles to a gallon) or pints (12 bottles to a gallon). Except when otherwise required, the bottles containing liquors shall be duly corked, capsuled and sealed and shall also be labelled so as to notify the price of the bottle if required. These should be delivered duly packed in deal wood cases, wired and nailed, as may be ordered by the Excise Commissioner. No bottling or packing charges shall be claimed when supply is made in bulk or in bottles (produced by the licensed shop keepers).

(15) The contractor shall always keep an adequate supply of such bottles and packing materials, failing which he will be held responsible for any loss that may accrue to Government and to the licensees and shall also be liable to a penalty not exceeding Rs. 100 for each day's deficiency.

(16) The contractor shall have no interest in the retail vend of any country spirits, nor shall he employ as agent or in other capacity in the distillery any such persons having such interests.

(17) The contractor shall submit for the approval of the Excise Commissioner, the names of persons employed by him as Manager and Distillers in the distillery and no person not thus approved shall be permitted to act in these capacities. He will be bound to remove at once, if so ordered, any of his employees who have misbehaved, whose conduct is found to be suspicious, or who is drunk, or riotous or is in illicit possession of liquor.

(18) The contractor should keep the premises of the Distillery always clean and in sanitary condition. He should make his own arrangements for cleaning the premises and removing the ashes from the boiler and the broken bottles, etc., from the Distillery every day.

(19) The contractor, his agent and employees shall be bound to conform to the provisions of the Excise Laws and Rules for the time being in force or which may hereafter be enacted from time to time in the State of Mysore and in the Civil and Military Station of Bangalore and also to the Mysore Factories Regulation and the rules framed thereunder; and he shall see that all his employees give full effect to them.

(20) The outgoing contractor shall give, and the incoming contractor shall take over, any arrack or other country spirits and special liquors not exceeding a month's supply and any articles of stores, such as molasses, fuel, bottles, etc., which may remain as stock in hand on the last day of the expiring contract, the latter paying the former for the same, such value as may be fixed by the Excise Commissioner.

(21) Should the incoming contractor or the Excise Commissioner so require by at least one week's previous notice in writing, the outgoing contractor shall cease preparing "wash" during the last month of his expiring contract and vacate the building so as to admit of the incoming contractor commencing operations. Should no notice be given, the outgoing contractor may continue distilling till the end of his contract after which further distillation by him must cease. The incoming contractor shall issue arrack and other country spirits and other special liquors from the distillery to the Bonded Depots, if so required by the Excise Commissioner in sufficient time (not exceeding two weeks prior to the commencement of his contract) to have his supplies ready in all Bonded Depots for issue from the 1st July of the year of his contract.

(22) Improvements of a permanent nature shall be retained and shall not be disturbed except with the approval of the Executive Engineer, Bangalore Division.

(23) In case of breach of any of the above conditions, Government will be at liberty to cancel the contract and to declare the deposit made by the contractor forfeited and also to recover from the defaulting contractor such further loss as may be occasioned by such breach.

(24) The contract shall not be transferable except with the approval of the Government of Mysore.

(25) Government reserve to themselves the power of altering the rates of duty and price, it being distinctly understood that the contractor shall not be entitled to claim any compensation for loss on account of such alteration. Government may also, during the currency of the contract, make alterations in the strength of liquors to be supplied either in regard to the whole contract area or any part thereof, when the rates originally agreed upon will be proportionately altered.

(26) All sums due by the contractor to Government under this contract shall be recoverable as arrears of land revenue.

By Order,

B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department

APPENDIX I.

***No. P. W.* 1908-10—*S., dated 14th February* 1929.**

Under section 6 of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. I of 1927, the Government of His Highness the Maharaja of Mysore declares that the lands measuring 37 acres and 20 guntas be the same a little more or less, are needed for a public purpose, to wit for the Construction of Bhadra Right Bank Channel, and under sections 4 and 7 of the same Regulation, the Assistant Commissioner in charge of Tirthahalli Sub-Dvision and Special Land Acquisition Office, is appointed to perform the functions of a Deputy Commissioner under the Regulation and directed to take orders for the acquisition of the said lands. Under sub-section (1) of section 17 of the Regulation, the Government further directs that the possession of the said lands may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in section 9 (1) of the Regulation. A plan of the lands is kept in the Special Land Acquisition Office, Shimoga, and may be inspected at any time during office hours.

By Order,
P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

No. G. 11233-45—*Sany.* 1-28-21, *dated 7th March* 1929.

CIRCULAR.

Government observe that whenever it becomes necessary on the occasion of Jatras and Fairs to take steps for the prevention of epidemics and their spread, Government are being invariably moved for the issue of a notification under section 2 of the Mysore Epidemic Regulation II of 1897. They wish to point out that under section 42 (1) of the Police Regulation V of 1908, District Magistrates can take action in such cases. It is only when the prohibition of the attendance of persons from outside the place is also considered necessary, that a reference should be made to Government through the Sanitary Commissioner with a report of action taken or proposed to be taken under the Police Regulation.

No. L. 5930—*Ml.* 47-28-12, *dated* 11*th March* 1929.

Under section 18 of the Municipal Regulation of 1906, as amended from time to time and the rules framed thereunder, Mr. John Williams is appointed as a member of the Municipal Council of Gubbi in place of Rev. Mr. J. S. Wesley who vacated his seat on the Council on account of transfer from the place.

Notification No. G. 11339—*Ft.* 7-28-48, *dated* 11*th March* 1929.

In modification of Government Notification No. G. 7393—Ft. 18-27-19, dated 4th January 1928 the Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of section 31 of the Mysore Forest Regulation, (XI of 1900), that the area, the boundaries of which are described in the annexed schedule is constituted a village forest under the provisions of the said Regulation.

2. The management of the forest will vest in the Panchayet constituted in accordance with the rules issued under Notification No. 5804—Ft. 53-13-8, dated the 5th January 1915.

General Secretary to Government.

FINANCIAL SECRETARIAT.

Rules Regulating Sales of Excise Privileges.

No. Fl. 6837—Ex. 82-28-4, dated 5th March 1929.

Under Sections 16 and 29 of the Mysore Excise Regulation, V of 1901, as amended from time to time and also Section 5 of the Opium Act, I of 1878, and in exercise of all other powers enabling them in this behalf, the Government of His Highness the Maharaja of Mysore are pleased to frame the following rules to regulate the disposal of the privilege of retail vend of intoxicating liquors and drugs, in supersession of Notification No. Fl. 7598—Ex. 96-27, dated 14th March 1928.

SECTION I.

I.—PROCEDURE REGARDING DISPOSAL.

1. The privilege of retail vend of excisable articles shall be disposed of either by auction or by such other method as may be notified by Government.

2. In cases where the right of retail vend is permitted by Government to be disposed of by calling for tenders, a notification calling for the same shall be published by the Excise Commissioner in three successive issues of the *Mysore Gazette*, after obtaining the previous approval of the Government therefor.

3. In cases where the privilege of retail vend is permitted to be disposed of by auction, the Excise Commissioner will issue every year (or on such other occasions as may be fixed by Government) a notification, both in English and in Kannada, giving such further instructions and conditions as may be required to supplement those herein contained to regulate the sales, with a statement showing the time and places of sale. "Even in cases where a notification has issued under the above clause, the Deputy Commissioners may in special cases and with the previous sanction of the Excise Commissioner, call for tenders for any individual shop or group of shops and dispose of the same as the result of such tenders prior to auction. If the shops are so disposed of, the notification regarding the sale by auction of such shops will be cancelled."

4. The Deputy Commissioners will themselves conduct the sales in important places. In other places, the Revenue Sub-Division Officer or any other Gazetted Officer of the Revenue or Excise Department, not below the rank of an Assistant Commissioner, should hold the sales.

II.—CONDITIONS OF AUCTION SALE.

5. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit. At the close of the day's sale, the deposit made by the unsuccessful bidders will be returned to them.

6. A bidder, about whose solvency the sale-conducting officer is not certain, will be required to produce either a certificate of solvency from a responsible officer of Government or two respectable persons as sureties for the due fulfilment of his obligation as a purchaser at the sale.

7. The shops will be put up to auction in the order in which they are notified in the schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of the bidders.

NOTE 1.—The privilege of vending toddy in any coffee estate or kan may be sold to the planter or kan-holder for any fixed amount not less than Rs. 36 per shop per annum.

NOTE 2.—Toddy shops in alienated villages whose claims to the Excise Revenue from toddy have been recognised or have not yet been settled shall invariably be sold separately and the amounts connected therewith shall be shown in the accounts under a distinct head. Where Inam shops are sold along with Government shops, when the former cannot be conveniently disposed of individually, the rental of Inam shops will be fixed *pro rata* according as there is increase or decrease in the rental of Government shops.

8. Every shop will, as a rule, be sold independently. Grouping will be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

9. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

10. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

11. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low, or that he has been convicted by a criminal court, or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, so as to render him undesirable as a holder of a license, or that such a course is necessary to prevent arrangements to the detriment of Government interests, or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for, or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages. No defaulter who owes arrears of Excise Revenue to Government should be allowed to bid at the Excise sales unless he produces a certificate from the Deputy Commissioner or Sub-Division Officer or District Excise Officer stating that the non-payment of the arrear due by him is due to its not having been determined or to its being in dispute or under correspondence.

12. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Excise Commissioner for special reasons and will be necessary whether the sale is held by the Deputy Commissioner himself or by any officer appointed by him.

13. If the Officer conducting the sale rejects the highest bid under condition 11, he may at his discretion either accept the next highest bid or resell the shop. In case of dispute, the Selling Officer's decision will be final.

14. Shops remaining unsold at the first auction will ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

15. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the Selling Officer, or otherwise at the close of the day's sale, make a further deposit which together with the initial deposit made under condition 5, will make up one month's *khist* for each shop. In the case of a foreigner, the initial deposit together with the further deposit will be equal to two months' *khist*, and in the case of a Bagani toddy shop, to four months' *khist*. Should he fail to do so, the deposit made by him under condition 5 will be forfeited and the shops will be put up again immediately to auction by the Selling Officer on the above conditions or otherwise disposed of by the Deputy Commissioner at the risk of the defaulter who will be debarred from bidding again for the same or for any other shop. Successful bidders will be granted proper receipts for the amount deposited by them.

16. *Every person* to whom shops have been knocked down and who has made deposits as provided in conditions 5 and 15 shall—

(1) at once apply in writing for a license for each shop knocked down to him and within a week thereafter furnish the Amildar with the boundaries of the site selected by him for the location of the shop and a statement in the prescribed form (annexed to this Notification) showing details of immovable property possessed by him, or in which he has an interest together with accurate and full details of encumbrances, etc., thereon;

(2) within fifteen days from the date of sale, deposit such further sum as with the deposits already made under condition 15 *supra* will make up two months' rent of all shops knocked down to him, unless such deposit or a larger deposit has already been made.

He shall then without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth.

17. If, on perusal of the statement of immovable property furnished under condition 16 *supra* or on an independent enquiry, it is found that the purchaser is of doubtful solvency and, if in the case of a foreigner who has already deposited

two months' *khists* under Rule 15, it is found that he has no sufficient property in the Mysore State, such purchaser or foreigner *shall* be required, either—

(1) to deposit twice the sum prescribed in condition 16 *supra*, or

(2) to execute a mortgage of his immovable property in Mysore in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser. or

(3) to get a surety or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof, by the surety or sureties or by the purchaser, or

(4) if the Amildar is not satisfied that the value of the immovable property tendered by the purchaser as security is adequate, he may require such person further to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Amildar, who shall execute a security bond for the balance of the money that may become due and execute a mortgage deed of the surety or sureties' property in favour of the Government.

The sureties referred to in sub-clauses (3) and (4) should submit to the Amildar, a statement in the prescribed form annexed to this Notification, showing details of their immovable property. The purchaser shall be bound to carry out the provisions of sub-clauses (1) to (4) above within fifteen days from the date of sale.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser.

18. As soon as the sales are over, the sale-conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

19. Deposits will be returned in any case in which the Deputy Commissioner refuses to confirm the acceptance of the bid.

20. On the failure of any person to make deposit under conditions 15 and 16 or to comply with the requisition under conditions 16 and 17 *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly re-sold. Due publication should always be given to the re-sale in the localities concerned and among persons likely to bid at the sales.

21. Re-sales effected under condition 20 will be at the risk of the defaulting bidder who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period, under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by re-sale includes closure.

22. The deposits under conditions 16 and 17 may be made either in cash or approved security. When deposits are made otherwise than in cash, the same will be accepted at their market value not exceeding the face value of the bond.

23. Deposits in cash will be adjusted towards the instalments of *khists* due in the last month of the period of the lease. Deposits of securities of Saving Bank pass books, etc., will be returned on payment in cash of the full amount of the rent due and of any penalties or other sums recoverable under the terms of the license or the conditions set forth below unless the depositors wish that Government should take them over, in which case they will be taken over at market rates, and the balance, if any, due to Government must be paid in cash. In cases of default under condition 20 of the Conditions of Auction Sale or under conditions 58 and 59 of the general conditions applicable to all Excise and Opium Licenses, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale being recovered as arrears of Land Revenue.

24. The purchaser shall adhere to all the provisions of the Excise and Opium Laws which are in force or which may come into force and of the rules which have

been or may from time to time be framed either by Government or by the Excise Commissioner or by any competent authority.

25. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

In the event of the purchaser's death, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the agreement as well as for the proper observance of all the conditions of the license.

26. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind.

III.—GENERAL CONDITIONS APPLICABLE TO ALL EXCISE AND OPIUM LICENSES.

27. (*a*) The manufacturers of arrack and other country spirits as well as the licensees of Arrack Bonded Depôts are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest.

(*b*) The lessee of an arrack shop shall not have any interest in the privilege of vending special liquors in the place and *vice versa*.

28. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits prescribed by the Deputy Commissioner, provided the site selected is approved by the Deputy Commissioner in accordance with any rules prescribed by Government. The limits of the site selected and approved will be entered in the license. The possession (except subject to the rules applicable to unlicensed persons), or sale of liquors, opium or intoxicating drugs outside those limits is prohibited.

29. Sales under any Excise or Opium license must be conducted in an approved building, of which the whole or the whole of a separable part must be entirely set aside for use as a depôt or shop. If there are means of communication between the depôt or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in municipalities or towns having a population of 2,000 and over, the shop premises shall have no doors except into the main street; unless barred and protected by wire netting, no windows or other openings shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and fro in the street, and shall not be more than four feet raised from the ground and no second room shall be used for sale, or be kept open for customers. The interior of the shop shall be sufficiently lighted by day so that the whole interior may be visible from the front door and the premises shall be kept clean and in a sanitary condition. The shop shall not be used as a place of residence; but vendors or caretakers may sleep in it at night, if necessary, to safeguard the stock.

30. (*a*) Except when two or more Foreign Liquor licenses or the Ganja and Opium licenses in the same locality are held by one person, or in the case of licenses held by Chemists and Druggists and Medical Practitioners, sales under different licenses must be conducted in different premises.

(*b*) The possession upon any licensed premises of any liquor, intoxicating drug or opium except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor, except in accordance with the terms of a compounding license, is prohibited.

31. A signboard must be affixed to the front of each shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and the current rate of sale. These particulars must be legibly painted in the local vernacular. The license must be hung up in a conspicuous place within the depôt or shop.

32. All liquor, intoxicating drugs and opium sold or kept for sale shall be of good quality undiluted and unadulterated. Nor shall a blend of different kinds of liquors be made and sold under the designation of one of them. Nothing shall be

added to liquors, opium or intoxicating drugs either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorised to inspect depôts and shops (*vide* condition 50 *infra*) are authorised to detain any liquor, intoxicating drug or opium found unfit for consumption or use, or which they may believe to have been tampered with, and the Excise Commissioner, Deputy Commissioners and Revenue Sub-Division Officers or District Excise Officers are empowered to confiscate and destroy such as are found unfit for consumption or use.

33. The manufacture, sale or transport of liquor, intoxicating drugs or opium and the tapping of drawing of toddy in the case of palm trees by persons below the age of eighteen or by persons suffering from leprosy or any contagious disease and the employment of such persons in groves, shops or depôts for the sale of the same are prohibited. The Revenue Sub-Division Officer, the District Excise Officer or the Range Inspector may call for the names of all persons employed or proposed to be employed in depôts, shops or groves and the Revenue Sub-Division Officer or District Excise Officer may forbid the sale of intoxicants or their manufacture or transport by any person whom he may disapprove.

34. No arrack, foreign liquor or beer shop will be opened before 9-30 A.M. and no other shop or depôt before sunrise. No depût or shop will be kept open, on any plea, after 8 P.M.

NOTE.—In the Bangalore City, however, the opening hour of arrack, foreign liquor and country beer shops will be 11 A.M. and the closing hour of all excise shops except those for the sale of ganja, opium and foreign liquors will be 9 P.M.

35. Deputy Commissioners are authorized to notify at the time of the auction sales that specified shops will be closed on the occasion of specified festivals and that the hours of sale at specified shops which are situated within a mile of a market or shandy will be limited on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease if it is found that the shops promote drunkenness. Special discretion is given to Deputy Commissioners to reduce these hours further in industrial areas by closing the shops on week days from 11-30 A.M. to 1-30 P.M., and on the afternoon of pay days and by directing the shops to keep open on Sundays only between 11-30 A.M. and 4 P.M. Sales after the prescribed hours of closure in the Cities of Bangalore and Mysore and Kolar Gold Fields will be allowed in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner. Power is reserved to Deputy Commissioners on the report of the Police or for other sufficient recorded reasons, to order the closure of any particular shop either in towns or in the country at 7 P.M., if they consider such a course to be advisable in the interests of the public.

36. Drunkenness, disorder or gaming shall not be permitted in depôts or shops. Entertainments of any kind in depôts or shops are also strictly forbidden.

37. No women shall be employed in the excise or opium shop for the sale of liquor, opium or intoxicating drugs without the special permission of the Deputy Commissioner unless she be a member of the renter's family.

38. No robbers or thieves or disorderly or riotous persons or prostitutes or soldiers or others known or believed to be deserters shall be harboured in depôts and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police Officer.

39. No person shall be harboured in any depôt or shop during the night.

40. Depôts and shops situated on or adjacent to the line of march must be closed, if the Deputy Commissioner so orders, while a Regiment or Detachment of European or Indian soldiers is passing or is encamped in the vicinity. Deputy Commissioners or Revenue Assistant Commissioners or District Excise Officers shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depôt and shop-keeper shall, on his own motion, close his depot or shop when there is riot or disturbance in the neighbourhood.

41. The Deputy Commissioners may order the transfer of depôts and shops from the locality to another within the limits of the same town (including cities) or village or the closure of the same. But no new shops shall be opened except with the previous sanction of the Excise Commissioner.

42. (1) No occasional licenses will be issued for the sale of liquor during *Jatras* and except in Municipal towns (including cities), existing shops, if any, will be

removed to a distance of one mile from the place of *Jatra* during the duration of the *Jatra*.

(2) Ordinary shops will not be located in unduly prominent places so as to be offensive or to offer unnecessary allurements.

43. No liquor, intoxicating drug or opium shall be sold or given—

(*a*) except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the Local Excise authorities and specified in the license—

(1) to Sailors of the Royal Navy, Soldiers and the members of their families, or
(2) to any other person living in barracks ;

(*b*) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, any classes of followers (other than private servants) whether on or off duty, who have a right to be in Cantonments ;

(2) to Policemen, Excise Officers and Railway servants when on duty, or

(*c*) in any circumstances, to any—

(1) European vagrant under escort of the Police,
(2) child or young person under 18 years of age or adult female,
(3) insane person,
(4) person known or believed to be intoxicated, or
(5) person known or suspected to be about to take part in a riot or disturbance of the public peace or other crime ;

(*d*) no child, young person under 18 years of age or adult female shall be admitted into the premises of any shop in which consumption is allowed on the premises, subject to the exception in condition 37.

NOTE.—1. The restrictions in (*a*) and (*b*) do not apply to soldiers, their families and followers when they are absent on leave from their regiments.

2. The restrictions in clauses (*c*) and (*d*) so far as they relate to adult females, do not apply to Foreign Liquor Licensees issued on fixed fees.

44. No privilege of supply or vend shall be sold, transferred or sub rented without the previous permission of the Deputy Commissioner, who may order the forfeiture of the deposits already made by the applicant or impose such conditions as are necessary for safeguarding the interests of other contractors. Nor, if the Deputy Commissioner so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

45. No holder of any Excise or Opium license will be allowed, without the written permission of the Excise Commissioner, to possess or continue to possess any interest direct or indirect in any Excise or Opium license outside the territories of Mysore, or in the Civil and Military Station of Bangalore.

46. Depôts and shops must be kept open daily unless their temporary or permanent closure is authorised under conditions 35, 37 or 38 *supra*.

47. Such supply of liquor, intoxicating drugs or opium as the Deputy Commissioner may consider sufficient to meet local requirements, must be maintained therein. The details of such supply will be published in the *Mysore Gazette*. Shops not opened by 1st July or on the dates to be fixed by the Deputy Commissioner in the case of bagani toddy shops, shall be liable to be re-sold at the risk of the licensees.

48. No liquor, intoxicating drug or opium shall be sold in shops except for cash. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in Foreign and Special Liquors for consumption off the premises.

49. No liquor or intoxicating drug shall be sold below the minimum or above the maximum retail prices that may be prescribed from time to time by Government or by any other officer empowered by them in this behalf. Power is, however, reserved to the Deputy Commissioners to raise the retail rates at which the licensee sells any intoxicating liquor or drugs if such rate is below that which may be reasonably expected to cover the cost, the rental and other incidental expenses.

Power is also reserved to the Deputy Commissioners to fix a higher retail price than the prescribed minimum price for the sale of toddy in the shops either within the areas in which the higher rate of duty is levied on arrack sold in such area or within a radius of 5 miles round such High Duty areas.

50. No liquor, intoxicating drug or opium in excess of the quantity prescribed* for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit.

51. True accounts of transactions shall be maintained from day to day in ink in the prescribed form in all shops and depôts except toddy shops. The account and permit books may be obtained from the local Excise Officers on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, intoxicating drugs or opium received must be carefully filed. The accounts and permits shall immediately after the expiry of the lease, be handed over to the Range Inspectors who shall preserve them for a further period of one year before they are destroyed.

52. Such returns and information as may be required from time to time by any officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

53. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. Short measurement or short weighment is strictly forbidden. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. In the case of toddy shops, earthen or other measures may be used provided they are of the same capacity as those of the prescribed measures which must however be maintained in all licensed premises. There is no objection however to use a quarter seer toddy measure in case of necessity.

54. Any officer of the Excise Department of rank not lower than a Sub-Inspector is authorised to inspect licensed shops and depâts. These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, intoxicating drugs and opium in the possession of licensees, and to call for and check the accounts kept in the shop or depôt. Police officers will also make an inspection when it comes within the scope of their duty.

55. An inspection note book with the pages numbered consecutively, for inspecting officers to enter their remarks in shall be maintained and always kept in the shop and be handed over to the Excise Inspector in charge of the range or any officer authorised by him to receive it on a receipt being given therefor, when it is wanted by such officers for the purposes of an enquiry under the Excise Regulation or the rules framed thereunder.

56. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into the local Government Treasury together with any * Railway and Education cesses the levy of which has been already ordered, on or before the 10th of each month beginning with July. Licensees who fail to make payment of monthly instalments as aforesaid shall be liable to pay interest from the following day together with such fines as may be imposed by the Deputy Commissioners.

NOTE.—In the malnad and semi-malnad taluks, the Deputy Commissioners may permit patels of villages who are not themselves licensees to receive payments and exceeding Rs. 50 from any individual at a time.

Kind	*Items*	*Districts*	*Rates per rupee.* * *Railway Cess*			*Edn. Cess.*		
			Rs.	a.	p.	Rs.	a.	p.

(4) Country beer ... ... 4 gallons
(5) Ganja .. .. 4 tolas
(6) Opium .. .. 1 tola
(7) Foreign Liquors ... ... 2 gallons

57. No remission or abatement of the rent shall be claimable on any account whatever nor shall any remission be granted on the allegation of loss incurred on account of temperance propaganda.

58. Any sum due by a licensee may be recovered by attachment and sale of the property of the licensee or his surety under any law for the time being in force for the recovery of arrears of Land Revenue.

59. Power is further reserved to Revenue Officers to suspend licenses in case of failure of payment of *khists* on the due dates or (in the case of toddy) tree-tax also. In the case of arrack, toddy and drug shops, this power will be exercised by Amildars and in other cases by the Deputy Commissioners.

60. In the event of the aforesaid arrack, toddy or drug licensee failing to pay his *khist*, the Amildar after suspending the license shall, with the previous sanction of the Deputy Commissioner, resell after notifying the date of re-sale by affixing a notice on the Taluk Office Notice Board, the privilege with effect from the date of issue of license to the new purchaser. The date of sale shall be after the 20th of the month for which the *khist* is due and before the close of the month. Re-sales should be held in the same way as the annual sales and subject to the same conditions as those applicable to the annual sales according to the rules. Re-sales should be given wide publicity by notifying them in the *Mysore Gazette*, whenever possible and in important villages of the taluk in which the shops to be re-sold are situated by beat of drum. The Deputy Commissioner may also in his discretion dispose of the privilege in any other manner. The re-sale should, as far as possible, be notified to the defaulter. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture at the discretion of the Deputy Commissioner who may either direct such forfeiture or appropriate the same towards the arrears due by the defaulter as well as towards the deficit, if any, arising from the re-sale or other disposal of the privilege. The officer who has power to suspend the license may, however, at his discretion allow sales to continue pending re-sale or other disposal of the privilege. Disposal of the privilege of sale otherwise than by re-sale includes also closure of the shop or tavern.

61. Interest on all moneys due shall be payable at the rate of one pie per rupee or fraction of a rupee per month or fraction of a month.

62. (1) If a licensee or any person in his employment is convicted by a competent Court of any offence against the Excise Regulation or Opium Act or of any offence under the Indian Penal Code, which in the Deputy Commissioner's opinion renders it desirable to cancel the license or if it is brought to the notice of the Deputy Commissioner that the licensee has been convicted by a competent Court of any such offence prior to the grant of a license, the Deputy Commissioner may direct that the license shall be cancelled and the privilege be re-sold or otherwise disposed of at the risk of the licensee and may further direct, if he considers it necessary to do so, that any deposits made by the licensee shall be forfeited.

(2) In fraction (s) of any of the conditions of the license by a licensee or by any person in his employment, will render the licensee liable either to be prosecuted and on conviction dealt with under clause (1) or to a fine not exceeding Rs. 50 or to cancellation of license and re-sale or other disposal of the privilege at the risk of the licensee and if considered necessary by the Deputy Commissioner, to forfeiture of deposits. The rent for the whole lease shall become due at once when a (license) is cancelled under this or the preceding rule.

63. When a licensee holds more than one license granted under the Excise Regulation or Opium Act and anyone of these licenses is cancelled under clause (1) or (2) of condition 62 above or under the Special Conditions applicable to Ganja or opium shop licenses, the Deputy Commissioner, at his discretion, may direct that any or all of the other licenses under the Excise Regulation or Opium Act held by the licensee shall be cancelled and the several privileges be re-sold or otherwise disposed of at the risk of the licensee and if necessary, may further direct that any deposits made by the licensee shall be forfeited. The rent for the whole lease shall become due when a license is cancelled under this rule.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

64. Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture,

carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise or Opium Laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No person who has been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Deputy Commissioner's previous permission.

65. Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

66. With the sanction of the Excise Commissioner, any license shall be revocable by the Deputy Commissioner, at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

67. All licensees shall be bound by any additional general rules that may be prescribed under the Excise or Opium Laws and if so required by the Deputy Commissioner or any officer authorised by him, deliver up their licenses for amendment or for the issue of fresh ones.

68. No licensee shall have claim to any compensation or remission on account of any arrangements which may be made in regard to liquors or intoxicating drugs other than those to which his license relates.

69. No holder of any Excise or Opium license in any area in the State may have any interest in or hold a license for the same article in any other area in the State in which a different rate of duty is imposed without the special permission of the Deputy Commissioner for which the party concerned must apply without delay. Breach of this condition will render the party liable to the penalties prescribed by condition 58 in respect of all or any of the licenses held.

70. The licensee shall be bound to take over any liquor or drug which may remain in the shop as stock in hand belonging to the outgoing licensee, whether the privilege is purchased at a re-sale or at an original sale, at the time when the privilege is made over to the former, paying the latter such compensation for the same as may be fixed by the Deputy Commissioner. Any liquor or drug that, at the time of stock-taking, is found to be unfit for human consumption, will be destroyed and the outgoing contractor is not entitled to any compensation for it.

SECTION II.

CONDITIONS APPLICABLE TO ARRACK LICENSES.

1. The privilege conferred by the license extends only to the sale of arrack of the strength of 35° U. P. and manufactured in the Government Central Distillery. In places where separate shops are not licensed for the sale of sugarcane jaggery arrack 35° U. P., the arrack shop-keeper may be permitted to sell jaggery arrack in reputed pint or quart bottles. This privilege is however liable to be withdrawn at any time during the lease and it shall not be open to the licensee to claim any compensation on this account. But in places where both arrack and special liquor shops exist, the privilege of selling bottled jaggery arrack will be given to the licensee of the special liquor shop. When molasses arrack is for any reason not available for issue from the Distillery, jaggery arrack may be supplied in bulk in place of molasses arrack.

2. (1) The strength and quality of arrack that may be sold, and the rates at which liquor may be purchased by licensees from Government Bonded Depôts, (for from the Government Distillery direct when specially permitted by the Excise Commissioner for want of adequate stock in the Depôts) shall be such as may, from time to time, be fixed by Government.

(2) The quantities purchased at one time shall not fall below one gallon of arrack. For the transport of liquor from the Bonded Depôts or from the Government Distillery direct in the special cases referred to in clause (1) arrack shop-keepers should provide themselves with jars or other suitable receptacles which can be effectively closed and sealed and also arrange to get the consignments properly sealed before delivery.

(3) The licensees shall pay the prescribed duty, price and other charges into a Taluk Treasury or to a special shroff, if any, appointed in this behalf at the cost of Government, and located at the Taluk Cutcherry to receive such duty, price and other charges *daily* including Sundays and holidays or to such other Officer as may

be appointed by the Deputy Commissioner, and shall obtain a receipt in the prescribed printed form. On production of such receipt, the Bonded Depot-keeper shall issue the quantity of liquor equal to the amount of duty and price shown in the said receipt which will be forwarded to the Taluk Amildar under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the liquor was issued. The receipts granted will have currency only for a period of *seven* clear days from the date of issue with the proviso that the receipt issued in one month is invariably presented for issue of liquor before the close of that month. The Depot-keeper aforesaid shall issue a permit in the prescribed form for the transport of liquor from the Bonded Depot. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

(4) Persons who purchase group of shops may, with the special permission of the Excise Commissioner (who is at liberty to refuse it) and under a license by competent authority, open a depot and remove thereto liquor purchased from the Bonded Depôt and issue therefrom the requisite supply to their shops.

(5) No consignments of arrack received at the shop which have been transported through the British Territory shall be opened before they have been verified by the officers authorised to do so.

(6) The arrack kept in the shop, offered for sale and sold, shall be unadulterated and undiluted, and it shall be of the same quality and strength as issued from the Bonded Depot, subject to such margin as may be allowed by the Excise Commissioner from time to time.

NOTE.—The licensee shall maintain intact the sample bottle issued to him by the Bonded Depot-keeper with each consignment till the bulk of the liquor in the consignment is exhausted.

(7) Arrack shop-keepers may be required by the Health Department to keep a pail of water in their shops for the purpose of washing tumblers used by consumers. Suitable arrangements shall in this case be made, so that the vendor does not himself become the cleaner of such tumblers. A pail of water shall be kept at some distance from the counter or bar and a separate individual told off for the purpose of washing the vessels used for drinking.

(8) The licensee of every shop in the Cities of Bangalore and Mysore shall pay registration fee at the rate of rupees (180) one hundred and eighty per annum in advance for the period of the license for his shop and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop. Such registration and surcharge fees on arrack as may be levied in other Municipalities with the sanction of Government will be paid by the licensee of an arrack shop.

(9) The licensee of every arrack shop in Chikmagalur will pay a surcharge fee of 4 annas a gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(10) No rural arrack shops will be permitted to be opened within three miles of Bangalore City and the Civil and Military Station, Bangalore. All existing shops within that zone will be shifted to new sites so as not to infringe this condition.

(11) The Deputy Commissioner may order a licensee at any time during the currency of his lease, to raise the rate at which he sells arrack if such rate is below that which may be reasonably expected to cover its cost, the rentals paid and incidental expenses.

(12) Every arrack shop should maintain a testing stand or a fixed board on the "gulla" for placing the trial glass of liquor for testing purposes.

SECTION III.

SPECIAL CONDITIONS APPLICABLE TO SPECIAL LIQUOR AND JAGGERY ARRACK LICENSES.

1. The privilege extends to the sale, in sealed receptacles, of special liquors manufactured in the Government Central Distillery at Bangalore only, which shall be generally of the strength of 20° U. P. and also of jaggery arrack of the strength of 35° U. P. in quantities not less than a pint of each kind, at a time.

2. The licensee is prohibited from rectifying spirits or purifying, colouring or flavouring or mixing any material therewith.

3. Liquor sold under this license shall not be consumed on the premises.

4. The license-holder shall obtain special liquors including jaggery arrack from the Bonded depots on payment into the local Government Treasury of such value as may be notified from time to time.

SECTION IV.

SPECIAL CONDITIONS APPLICABLE TO THE SALE OF COUNTRY BEER.

1. The privilege conferred by the license extends, to the sale, only in sealed bottles or in bulk, of country beer or porter brewed on the Nilgiris in Breweries which may be approved of by the Government or by Messrs. Meakin & Co., Kirkee, or by the United Brewery Co., Ltd., Bangalore, or in any other Brewery approved by Government.

2. All country beer intended to be imported into the Mysore State, in bottles, shall pay such duty as may be fixed and notified by Government from time to time into the Bangalore Taluk Treasury on the printed chellan prescribed for the purpose.

(a) An application shall then be made, with the aforesaid chellan received from the Treasury, to the Excise Commissioner in Mysore for the grant of the necessary permit.

(b) On obtaining the permit and the necessary permission of the Excise authorities of the place whereform the beer is to be exported, the liquor may be imported and transported into Mysore State under cover of the permit.

(c) The consignment on arrival at its destination shall not be opened until it is verified and certified to by an Excise Officer.

(d) The permit referred to in (a) *supra* shall be in triplicate, the original shall be issued to the applicant and the duplicate shall be sent simultaneously to the Excise Inspector concerned, who will note on the back of the permit the result of his verification, and return the same to the Excise Commissioner for being filed with the counterfoil retained in his office.

3. The licensee shall sell beer or porter of approved quality. It should not be sold to be drunk on the premises when the privilege is for sale in sealed bottles. In the case of the privilege of sale in bulk, beer may be sold to be drunk on the premises up to one reputed quart bottle at a time.

4. The beer or porter sold under this license shall be brewed from good materials and its quality shall be such as to satisfy the Excise Commissioner and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. Wort shall not exceed 1073°. The beer or porter sold shall not contain more than 8 per cent of alcohol by volume. Samples of such beer or porter shall be sent duly bottled from the shop for examination and test whenever required by the Excise Department.

5. Any Magistrate having local jurisdiction, or any officer acting under his warrant or any Excise Officer shall be allowed entry to the shop at any hour to test the beer or porter on the premises and examine the shop accounts, which it shall be the duty of the license-holder and vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned beer shall be destroyed.

6. Beer brought for the Commissariat Department and rejected by the Military or other departments, shall not, under any circumstances, be forwarded for sale in the shop.

SECTION V.

CONDITIONS APPLICABLE TO TODDY LICENSES.

1. The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the Bagani toddy shop shall not tap Date trees; but both licensees can tap any of the other palm trees named above.

2. For the supply of toddy to his shops, the licensee shall have the privilege of obtaining subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands under private arrangements, between himself and the owners of such lands. If the Deputy Commissioner is satisfied that the said (hiduvali) trees should not be tapped, he is competent to withdraw the tree-tapping license and the licensee affected thereby shall not claim damages therefor. No trees will be permitted to be tapped within 3 miles from the limits of the Bangalore City and

Civil and Military Station by any licensees other than those of the Bangalore City and Civil and Military Station toddy shops. In the case of trees on Government unoccupied lands included in the date reserve list and reserved for future use, the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. The number of trees shown in the assignment list is only approximate and is subject to alteration at the time of presenting application for trees. The Revenue Sub-Division Officer, may approve all such alterations on the recommendation of the Range Inspectors. The licensee may purchase toddy from any licensed toddy shop-keeper on application to the Inspector or Assistant Inspector who will grant the required permits on proof of the necessity for the same in the following cases :—

(*a*) Where there is an unusual demand for toddy in a shop in consequence of a festival or for any other valid reason to be recorded by the Range Inspector.

(*b*) Where trees have ceased to yield during the last few days of a lease.

(*c*) Where toddy drawn by one shop-keeper at the end of the lease cannot reach the shop before the first few days of the new lease.

3. No toddy in excess of the produce of trees licensed for that shop and covered by a transport permit shall be transported to or kept in the shop or offered for sale or sold.

4. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

5. If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under section 26 of the Excise Regulation. Fresh applications for trees shall not be accepted from licensees until the arrears of tree-tax relating to all their shops are paid up.

6. In case of default, the Amildar will order the suspension of "all current" tapping license till the arrears are paid up ; and if, after receiving notice of such suspension, the defaulter or his agent or employee continues to tap the trees, any or all of them will be punished departmentally or be prosecuted for illicit tapping.

7. Tree-rent at Re. 0-8-0 per tree shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore. Railways and Education cesses on tree-rent will be levied in addition as stated in General Condition 52 *supra*.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject of course to the levy of Government of tree-tax.

8. The tapping of trees is subject to the following conditions :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) No date tree shall be tapped oftener than once in three years or for more than four months in the year.

NOTE.—Discretion is given to the Deputy Commissioners of districts to permit the tapping of trees in alternate years if they are satisfied that it is necessary to do so for want of other trees.

(*c*) Trees shall not be over-tapped or over-worked, *i.e.*, worked every day during the currency of the permit.

(*d*) If no date trees shall the initial incision be made at any point within six feet from the ground or eighteen inches from the top of any other incision except in places where permission is specially given by the Deputy Commissioner.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree at the point of incision and the length of it shall not exceed 8 inches.

(*f*) The central spike-like clusters shall not be touched. Of the lateral leaves, not less than two layers of leaves shall be left, reckoning, from the layers immediately next to the central clusters down to top line of incision ; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters on that face of the tree on which the incision is made.

(*g*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(*gg*) The licensee shall neither prepare nor make incision into the date trees in such a way as to cause their death.

(*h*) The licensee or his employer will be liable to pay a fine equal to double the amount of tree-tax in force during the year for each tree, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(*i*) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip off their leaves or branches.

(*j*) When the licensee makes default and his shop is re-sold, or otherwise disposed of, his rights to and claims on all toddy-yielding trees for the purpose of tapping cease and determine.

9. The licensee shall not interfere with the persons holding license for cutting date leaves, mat-making, rope-making, basket-making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

10. Deputy Commissioners may subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

11. The distillation of spirit from toddy is absolutely prohibited.

12. If the licensee of a group of shops wishes to transport the toddy intended for his several shops *in one consignment*, he should obtain a depôt license and carry the toddy to this depot with the usual permit. The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depôt to the shop. The permits issued with the transport shall be subject to examination and check by the officer authorised in this behalf.

13. Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited.

14. The licensee or his vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

15. In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap man to enable Excise Officers to examine spathes or incisions as the case may be.

16. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

17. The following rules shall regulate the issue, etc., of licenses under Section 12 of the Mysore Excise Regulation, V of 1901, for the tapping of toddy-producing trees and for the drawing of toddy therefrom :—

I. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorised agents ;

(*b*) of toddy shop-keepers or renters in the Madras Presidency ;

(*c*) of malnad land-holders free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purpose as per Government Order No. Fl. 7473-83—S. R. 248-12-7, dated 11th June 1917.

(1) The maximum number of trees allowed to be tapped free of tax for *bona fide* domestic consumption such as bread-making, etc., will be as below :—

Coffee Planters	...	... Three	...	... (Annually).
Kan-holders	...	.. Two	...	... Do
Hiduvalidars	...	... One	..	... Do

(2) Coffee planters may be allowed to open an estate shop subject to a minimum shop rent of Rs. 3 per month.

(3) Kan-holders may also be allowed to open shops in their holding on the same terms, provided that they show to the satisfaction of the Deputy Commissioner that they have legitimate demand for such shops for the use of their coolies and dependents.

NOTE.—The estate or kan licensee is prohibited from selling toddy outside such estate or kan or to persons who live outside the same.

The licenses may be issued in the name of the applicant himself or of his nominee.

II. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local treasury. Forms may be obtained from him or the Assistant Inspector under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

III. The tree-tax on toddy produce by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. "The rates of tree-tax payable for trees licensed in British territory are liable to be changed during the course of the lease at the discretion of the Government of Madras." Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules; and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

IV. Applications for tree-tapping licenses, for trees in occupied or alienated lands should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such countersignature shall, in the case of illiterate owners be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

V. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at Deputy Commissioner's discretion.

VI. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the treasury concerned.

VII. For date trees, tapping licenses and transport permits shall ordinarily be issued for four months; but in special cases the Deputy Commissioners may grant such extension of time as is necessary provided that the period of the license does not exceed six months including extensions. In no case however shall the period of the license extend beyond the close of the lease.

For cocoanut trees, tree-tapping licenses shall be half-yearly; that is, they shall be in force from 1st July or any subsequent date to 31st December immediately following and from 1st January or any subsequent date to 30th June immediately following.

In the case of other kinds of toddy-yielding trees, the period shall be annual.

For the convenience of licensees, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days previous to 1st July, but pots shall not be attached before the evening of 23rd June.

VIII. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

IX. The tax payable on each kind of toddy-yielding tree and its time of payment shall be such as may from time to time be prescribed by Government.

X. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct. In the case of Bagani trees full amount of tree-tax should be paid in one instalment only, when presenting the application :—

Period within which license is applied for	Proportion of tree tax to be paid at the time of application for license	Proportion of tree-tax to be paid on the 20th of the second month
Between 1st July and end of February ...	One-half	The remaining half.
Between 1st March and 30th June ...	The whole.	

SECTION VI.

CONDITIONS APPLICABLE TO GANJA LICENSES.

1. The privilege conferred extends only to the sale of ganja, bhang and other intoxicating drugs prepared from the hemp plant.

2. Ganja, bhang or other preparation and admixtures of ganja (except halva, which may be made from the powder on the retail vendor's hand under authority of the Inspector for sale to the public and on the responsibility and at the risk of the vendor), shall be purchased from the Government only, and shall be covered by a permit in the prescribed form.

3. Ganja, bhang and majun shall be sold at such prices as may be fixed from time to time by Government and those prices shall be in addition to the duty that may from time to time be prescribed by Government.

4. The licensee shall pay the above duty and price into a Taluk Treasury and shall obtain a receipt in the prescribed printed form. On production of such receipt the Taluk Treasury shall issue the quantity of ganja equal to the amount of duty and price shown in the said receipt, and a permit in the prescribed form for the transport of the same.

5. The licensee shall sell ganja at such rates as may be prescribed by Government from time to time.

6. The licensee shall not sell to any person more than four tolas of ganja during one day on any pretence whatever.

7. The consumption of ganja in the shop or the selling of the same to persons keeping ganjakhanas or such secret places where people congregate to smoke or partake of ganja is prohibited.

8. During the closing month of the lease (June), no licensee shall apply for more ganja than is necessary to meet the legitimate requirements of the remaining days of the lease. Every indent for ganja in June either to the Central Store House Officer (Distillery Officer, Bangalore) or to a Taluk Treasury shall be sent through the Inspector of the Range concerned, who may, at his discretion, refuse to pass it in full and may pass for supply only such quantity as he considers reasonable.

9. Shop-keepers are prohibited from breaking up the pressed ganja kept for sale in their shops, except in small quantities not exceeding the average daily sales in their shops. No licensee shall destroy the seeds or any part of his stock of ganja. The seeds, if separated from the stock, as well as any part of the stock which the licensee desires to destroy should be carefully preserved for examination and destruction by an Inspecting Officer.

10. If any ganja license is used as a cloak for illicit sales or if the licensee knowingly sells ganja to a ganja smuggler, or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any offence of that nature, he may after recording his reasons, forthwith cancel the license and resell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once when a license is cancelled under this condition.

11. The Deputy Commissioner may order a licensee at any time during the currency of his lease to raise the rate at which he sells ganja if such rate is below that which may be reasonably expected to cover its costs, the rentals paid and incidental expenses.

12. No licensee shall keep any greater quantity of ganja or other intoxicating drugs from the hemp plant than may be fixed by the Deputy Commissioner. The Excise Commissioner may, at any time during the currency of the lease, if he finds that the issues to a shop are abnormally high, restrict further issues unless good reason is shown by the shop-keeper.

SECTION VII.

CONDITIONS APPLICABLE TO OPIUM LICENSES.

1. The licensee shall be bound by the rules prescribed under the Opium Act now in force, or such other law as may hereafter be enacted in the Notifications of Government and of the Excise Commissioner and any additional general or special rules which may from time to time be notified.

2. The smoking or consumption of opium or its preparations in any form in premises licensed for sale and the sale of morphia or preparations for smoking are prohibited.

3. If this license is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the license and resell, or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once, when a license is cancelled under the condition.

4. Private persons are permitted to manufacture intoxicating drugs and smoking preparations for their own use only, provided they do not exceed the limit for possession.

5. Shop-keepers shall obtain their supply of opium from any Taluk or District Treasury in entire cakes of twenty or forty tolas (more or less) at a time at such rate as may be notified by Government from time to time. The purchase shall be covered by permit in the prescribed form. During the closing month of the lease (June) the licensee may not apply for more opium than is necessary to meet legitimate requirements of the remaining days of the lease. Every indent for opium in June will be carefully scrutinized by the Officer in charge of the Taluk Treasury who may at his discretion refuse to comply with it in full and may issue such quantity as he considers reasonable. The Range Inspector may be consulted in the matter.

6. No opium other than that obtained in the manner specified above shall be sold, received or possessed by shop-keepers. Nor shall any items of food or drink be vended in any retail opium shop.

7. The privilege conferred extends only (*a*) to the retail sale of opium in ordinary shops and (*b*) to the manufacture and retail sale of intoxicating preparations made from opium or poppy other than morphia or preparations for smoking, in firms or institutions duly sanctioned.

8. The licensee shall not sell opium to the public at a price lower than the minimum retailed rate that may be fixed by Government from time to time.

9. The licensed shop-keeper may not sell at one time to any person more than one tola of opium or any other preparations of opium.

10. The licensee shall keep no greater quantity of opium or intoxicating preparations other than morphia or preparations for smoking than that fixed by the Deputy Commissioner at the time of granting the license.

11. The Deputy Commissioner may order a licensee at any time during the currency of his lease, to raise the rate at which he sells opium if such rate is below that which may be reasonably expected to cover the cost of opium the rentals paid and incidental expenses.

12. The Deputy Commissioner is empowered to restrict the issues of opium to licensees of shops suspected of malpractices at any time during the currency of the lease.

By Order,
B. SREENIVASA IYENGAR,
Secretary to Government,
Financial Department.

ANNEXURE.

List of immovable property possessed by ....

successful bidder of

_____ shop

surely of the successful bidder of

No.....at... ..... taluk.....

district for the lease of the year 19 .....19.....

(1) Name.....

(2) Father's name.....

(3) Residence and address..... .....

(4) Occupation.....

(5) Particulars of immovable property possessed :—

I

District	Taluk	Village and name of street in case of houses	Survey numbers and (door numbers in case of houses)	Extent	Wet or dry	Assessment	Market value per acre in the case of land	Registered inamdar if pattadar number
1	2	3	4	5	6	7	8	9

II. What is the nature and extent of your ownership or interest in the above property ?

III. Are there any existing encumbrances on the above property ? If so, nature and amount of each such encumbrance.

IV. Are there any other claims upon the property shown in head I above ? If so, nature and amount of such claim should be stated.

I....., son of... ....., residing at..... ....., hereby solmenly declare that the fact about my property above stated are complete and true and that there are no encumbrances thereon beyond these shown in Head III above and I shall not further encumber any of the property shown in statement above without the previous intimation in writing to the Amildar of... .....Taluk.

Witness.. ....

Address..... Place..... .....

Date..... ..... Signature.....

NOTE.—(1) Under Head II, it should be stated whether the property is the sole or joint family property of the declarant ; if joint family the share of the declarant and value thereof should be stated.

(2) Under Head IV should be noted interests in or claims on the property other than those noted under Head II, *e.g.*, claims on account of dowry or stridhanam.

(3) The Amildar should question the deponents further, if necessary, in order to elucidate their statement and should record the replies which should be signed by the deponents and the Amildar attached to this declaration.

CHIEF SECRETARIAT.

No. L. 5608—*V. P.* 7-28-103, *dated* 15*th February* 1929.

Under section 4 of the Land Acquisition Regulation, 1894, as amended from time to time it is hereby notified, that the property described hereunder is required for a public purpose, *viz.*, extending the Attikulepalya hamlet of Muniyur.

Under section 5 A it is directed that any person interested in the said property may within 30 days after the issue of this notification prefer objections if any thereto, to the Assistant Commissioner, Gubbi Sub-Division in writing after which no objections will be heard.

A plan of the property will be availabe for inspection in the Office of the Assistant Commissioner, Gubbi Sub-Division, Tumkur.

Under section 6 of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. I of 1927, the Government of His Highness the Maharaja of Mysore declares that the land measuring 2 acres and 16 guntas be the same a little more or less, is needed for a public purpose, to wit, shifting of the Kadarenahalli old village site, and under sections 4 and 7 of the same Regulation, the Assistant Commissioner in charge of Chikballapur Sub-Division, is appointed to perform the functions of a Deputy Commissioner under the Regulation and directed to take orders for the acquisition of the said

land. Under sub-section (1) of Section 17 of the Regulation, the Government further directs that the possession of the said land may be taken on the expiry of fiteen days from the date of publication of the notice mentioned in section 9 (1) of the Regulation. A plan of the land is kept in the Office of the Sub-Division Officer, Chikballapur, and may be inspected at any time during office hours.

District / Taluk / Hobli / Village	Khatedar or owner	Survey No. or Municipal No.	Whether dry, wet, or garden, vacant site, house, etc.	Total extent	Kharab	Remaining extent	Assessment	Extent now required		Boundaries

No. L. 5634-5—*V. P.* 8-28-110, *dated* 15*th February* 1929.

Whereas it appears to the Government of His Highness the Maharaja of Mysore that the undermentioned lands situated in Kadarenahalli village, Goribidnur Taluk, Kolar District, are needed for a public purpose, to wit shifting of the Kadarenahalli old village site, notice to that effect is hereby given to all whom it may concern, in accordance with the provisions of section 4 (1) of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. I of 1927 and the Government hereby authorise the Deputy Commissioner, Kolar District, and his subordinates and also Sub-Division Officer, Chikballapur to exercise the powers conferred by section 4 (2) of the Regulation. Under sub-section (4) of section 17 of the Land Acquisition Regulation of 1894, as amended by Regulation No. I of 1927, the Government direct that, in view of the urgency of the case, the provisions of section 5-A of the Regulation shall not apply to the acquisition of the land noted below :—

Kolar / Goribidnur / Kasaba / Kadarenahalli	Narasimhiah	9	Garden	2 acres and 25 guntas	9 guntas	2 acres and 16 guntas	Rs. 13-0-0	2 acres and 16 guntas	Rs. 13-0-0	Survey No. 7	Survey No. 10	Road	Survey Nos. 8 and 11

No. L. 5718—*V. P.* 8-28-120, *dated* 22*nd February* 1929.

Under section 4 of the Land Acquisition Regulation, 1894, as amended from time to time it is hereby notified that the properties described hereunder are required for a public purpose, *viz.*, for storing manure.

Under section 5A it is directed that any person interested in the above properties may within 30 days after the issue of this notification prefer objections if any thereto, to the Assistant Commissioner, Chikballapur, in writing after which no objections will be heard.

A plan of the properties will be available for inspection in the Office of Sub-Division Officer, Chikballapur.

Chief Secretary to Government.

LAW SECRETARIAT.

No. P. 5254—*Legis.* 6-28-22, *dated* 18*th March* 1929.

The following draft of amendments to the Mysore Motor Vehicles Rules which the Government propose to make in exercise of the powers conferred on them under section 11 of the Mysore Motor Vehicles Regulation 1928, is hereby published for the information of persons likely to be affected thereby and notice is hereby given that the said draft will be taken into consideration on or after the 1st April 1929 and that any suggestions or objections which may be received from any person with respect to the said draft before the date aforesaid will be considered by the Government :—

Draft Amendments.

1. For rule 18 (2) of the said rules the following rule shall be substituted, namely :—

" 18 (2) (*a*) No person who receives instruction in driving shall drive a vehicle unless

(*i*) he has obtained a temporary permit in Form-F-2 from the licensing authority; and

(*ii*) there is beside him in such vehicle a person duly licensed under Sub-rule (1) in such a position that the license could easily prevent accidents. For all breaches of any of the rules or conditions of the G Permit for which the license would have been responsible if he himself was driving the vehicle, he shall be responsible in addition to the said holder of the said permit if such breaches occur when the vehicle is being driven by the holder of the temporary permit.

(*b*) (*i*) Such permit shall enure only for a period of six months from the date of issue thereof.

(*ii*) The fee for the grant of such permits shall be Rs. 2.

(*iii*) Such permit may be renewed before the date of expiry thereof by the licensing authority for periods of six months at a time, on payment of Rs. 2.

(*iv*) (*a*) The holder of such permit shall not allow it to be used by any other person.

(*b*) He shall, when he is driving the vehicle, produce the permit upon demand by any police officer."

2. In Form F appended to the said rules.—

(*i*) for the words 'Provisional license' occurring in the heading, the words 'Temporary permit' shall be substituted;

(*ii*) In the first sentence for the words 'Provisionally licensed' the words 'temporarily permitted' shall be substituted and

(*iii*) for the second sentence the following shall be substituted, namely :—

'The holder of this temporary permit shall not drive a motor car or motor cycle with side car unless there is beside him in such a vehicle a person duly licensed under Sub-rule (1) [illegible] position that the latter could easily prevent accidents."

By Order,

FINANCIAL SECRETARIAT.

Rules Regulating Sales of Excise Privileges.

No. Fl. 6837—Ex. 82-28-4, dated 5th March 1929.

Under Sections 16 and 29 of the Mysore Excise Regulation, V of 1901, as amended from time to time and also Section 5 of the Opium Act, I of 1878, and in exercise of all other powers enabling them in this behalf, the Government of His Highness the Maharaja of Mysore are pleased to frame the following rules to regulate the disposal of the privilege of retail vend of intoxicating liquors and drugs, in supersession of Notification No. Fl. 7598--Ex. 96-27, dated 14th March 1928.

SECTION I.

I.—PROCEDURE REGARDING DISPOSAL.

1. The privilege of retail vend of excisable articles shall be disposed of either by auction or by such other method as may be notified by Government.

2. In cases where the right of retail vend is permitted by Government to be disposed of by calling for tenders, a notification calling for the same shall be published by the Excise Commissioner in three successive issues of the *Mysore Gazette*, after obtaining the previous approval of the Government therefor.

3. In cases where the privilege of retail vend is permitted to be disposed of by auction, the Excise Commissioner will issue every year (or on such other occasions as may be fixed by Government) a notification, both in English and in Kannada, giving such further instructions and conditions as may be required to supplement those herein contained to regulate the sales, with a statement showing the time and places of sale. "Even in cases where a notification has issued under the above clause, the Deputy Commissioners may in special cases and with the previous sanction of the Excise Commissioner, call for tenders for any individual shop or group of shops and dispose of the same as the result of such tenders prior to auction. If the shops are so disposed of, the notification regarding the sale by auction of such shops will be cancelled."

4. The Deputy Commissioners will themselves conduct the sales in important places. In other places, the Revenue Sub-Division Officer or any other Gazetted Officer of the Revenue or Excise Department, not below the rank of an Assistant Commissioner, should hold the sales.

II.—CONDITIONS OF AUCTION SALE.

5. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit. At the close of the day's sale, the deposit made by the unsuccessful bidders will be returned to them.

6. A bidder, about whose solvency the sale-conducting officer is not certain, will be required to produce either a certificate of solvency from a responsible officer of Government or two respectable persons as sureties for the due fulfilment of his obligation as a purchaser at the sale.

7. The shops will be put up to auction in the order in which they are notified in the schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of the bidders.

NOTE 1.—The privilege of vending toddy in any coffee estate or kan may be sold to the planter or kan-holder for any fixed amount not less than Rs. 36 per shop per annum.

NOTE 2.—Toddy shops in alienated villages whose claims to the Excise Revenue from toddy have been recognised or have not yet been settled shall invariably be sold separately and the amounts connected therewith shall be shown in the accounts under a distinct head. Where Inam shops are sold along with Government shops, when the former cannot be conveniently disposed of individually, the rental of Inam shops will be fixed *pro rata* according as there is increase or decrease in the rental of Government shops.

8. Every shop will, as a rule, be sold independently. Grouping will be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

9. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

10. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

11. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low, or that he has been convicted by a criminal court, or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, so as to render him undesirable as a holder of a license, or that such a course is necessary to prevent arrangements to the detriment of Government interests, or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for, or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages. No defaulter who owes arrears of Excise Revenue to Government should be allowed to bid at the Excise sales unless he produces a certificate from the Deputy Commissioner or Sub-Division Officer or District Excise Officer stating that the non-payment of the arrear due by him is due to its not having been determined or to its being in dispute or under correspondence.

12. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Excise Commissioner for special reasons and will be necessary whether the sale is held by the Deputy Commissioner himself or by any officer appointed by him.

13. If the Officer conducting the sale rejects the highest bid under condition 11, he may at his discretion either accept the next highest bid or resell the shop. In case of dispute, the Selling Officer's decision will be final.

14. Shops remaining unsold at the first auction will ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

15. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the Selling Officer, or otherwise at the close of the day's sale, make a further deposit which together with the initial deposit made under condition 5, will make up one month's *khist* for each shop. In the case of a foreigner, the initial deposit together with the further deposit will be equal to two months' *khist*, and in the case of a Bagani toddy shop, to four months' *khist*. Should he fail to do so, the deposit made by him under condition 5 will be forfeited and the shops will be put up again immediately to auction by the Selling Officer on the above conditions or otherwise disposed of by the Deputy Commissioner at the risk of the defaulter who will be debarred from bidding again for the same or for any other shop. Successful bidders will be granted proper receipts for the amount deposited by them.

16. *Every person* to whom shops have been knocked down and who has made deposits as provided in conditions 5 and 15 shall—

(1) at once apply in writing for a license for each shop knocked down to him and within a week thereafter furnish the Amildar with the boundaries of the site selected by him for the location of the shop and a statement in the prescribed form (annexed to this Notification) showing details of immovable property possessed by him, or in which he has an interest together with accurate and full details of encumbrances, etc., thereon ;

(2) within fifteen days from the date of sale, deposit such further sum as with the deposits already made under condition 15 *supra* will make up two months' rent of all shops knocked down to him, unless such deposit or a larger deposit has already been made.

He shall then without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth.

17. If, on perusal of the statement of immovable property furnished under condition 16 *supra* or on an independent enquiry, it is found that the purchaser is of doubtful solvency and, if in the case of a foreigner who has already deposited

two months' *khists* under Rule 15, it is found that he has no sufficient property in the Mysore State, such purchaser or foreigner *shall* be required, either—

(1) to deposit twice the sum prescribed in condition 16 *supra*, or

(2) to execute a mortgage of his immovable property in Mysore in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser, or

(3) to get a surety or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof, by the surety or sureties or by the purchaser, or

(4) if the Amildar is not satisfied that the value of the immovable property tendered by the purchaser as security is adequate, he may require such person further to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Amildar, who shall execute a security bond for the balance of the money that may become due and execute a mortgage deed of the surety or sureties' property in favour of the Government.

The sureties referred to in sub-clauses (3) and (4) should submit to the Amildar, a statement in the prescribed form annexed to this Notification, showing details of their immovable property. The purchaser shall be bound to carry out the provisions of sub-clauses (1) to (4) above within fifteen days from the date of sale.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser.

18. As soon as the sales are over, the sale-conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

19. Deposits will be returned in any case in which the Deputy Commissioner refuses to confirm the acceptance of the bid.

20. On the failure of any person to make deposit under conditions 15 and 16 or to comply with the requisition under conditions 16 and 17 *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly re-sold. Due publication should always be given to the re-sale in the localities concerned and among persons likely to bid at the sales.

21. Re-sales effected under condition 20 will be at the risk of the defaulting bidder who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period, under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by re-sale includes closure.

22. The deposits under conditions 16 and 17 may be made either in cash or approved security. When deposits are made otherwise than in cash, the same will be accepted at their market value not exceeding the face value of the bond.

23. Deposits in cash will be adjusted towards the instalments of *khists* due in the last month of the period of the lease. Deposits of securities of Saving Bank pass books, etc., will be returned on payment in cash of the full amount of the rent due and of any penalties or other sums recoverable under the terms of the license or the conditions set forth below unless the depositors wish that Government should take them over, in which case they will be taken over at market rates, and the balance, if any, due to Government must be paid in cash. In cases of default under condition 20 of the Conditions of Auction Sale or under conditions 58 and 59 of the general conditions applicable to all Excise and Opium Licenses, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale being recovered as arrears of Land Revenue.

24. The purchaser shall adhere to all the provisions of the Excise and Opium Laws which are in force or which may come into force and of the rules which have

been or may from time to time be framed either by Government or by the Excise Commissioner or by any competent authority.

25. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

In the event of the purchaser's death, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the agreement as well as for the proper observance of all the conditions of the license.

26. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind.

III.—GENERAL CONDITIONS APPLICABLE TO ALL EXCISE AND OPIUM LICENSES.

27. (*a*) The manufacturers of arrack and other country spirits as well as the licensees of Arrack Bonded Depôts are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest.

(*b*) The lessee of an arrack shop shall not have any interest in the privilege of vending special liquors in the place and *vice versa*.

28. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits prescribed by the Deputy Commissioner, provided the site selected is approved by the Deputy Commissioner in accordance with any rules prescribed by Government. The limits of the site selected and approved will be entered in the license. The possession (except subject to the rules applicable to unlicensed persons), or sale of liquors, opium or intoxicating drugs outside those limits is prohibited.

29. Sales under any Excise or Opium license must be conducted in an approved building, of which the whole or the whole of a separable part must be entirely set aside for use as a depôt or shop. If there are means of communication between the depôt or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in municipalities or towns having a population of 2,000 and over, the shop premises shall have no doors except into the main street; unless barred and protected by wire netting, no windows or other openings shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and fro in the street, and shall not be more than four feet raised from the ground and no second room shall be used for sale, or be kept open for customers. The interior of the shop shall be sufficiently lighted by day so that the whole interior may be visible from the front door and the premises shall be kept clean and in a sanitary condition. The shop shall not be used as a place of residence; but vendors or caretakers may sleep in it at night, if necessary, to safeguard the stock.

30. (*a*) Except when two or more Foreign Liquor licenses or the Ganja and Opium licenses in the same locality are held by one person, or in the case of licenses held by Chemists and Druggists and Medical Practitioners, sales under different licenses must be conducted in different premises.

(*b*) The possession upon any licensed premises of any liquor, intoxicating drug or opium except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor, except in accordance with the terms of a compounding license, is prohibited.

31. A signboard must be affixed to the front of each shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and the current rate of sale. These particulars must be legibly painted in the local vernacular. The license must be hung up in a conspicuous place within the depôt or shop.

32. All liquor, intoxicating drugs and opium sold or kept for sale shall be of good quality undiluted and unadulterated. Nor shall a blend of different kinds of liquors be made and sold under the designation of one of them. Nothing shall be

added to liquors, opium or intoxicating drugs either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorised to inspect depôts and shops (*vide* condition 50 *infra*) are authorised to detain any liquor, intoxicating drug or opium found unfit for consumption or use, or which they may believe to have been tampered with, and the Excise Commissioner, Deputy Commissioners and Revenue Sub-Division Officers or District Excise Officers are empowered to confiscate and destroy such as are found unfit for consumption or use.

33. The manufacture, sale or transport of liquor, intoxicating drugs or opium and the tapping of drawing of toddy in the case of palm trees by persons below the age of eighteen or by persons suffering from leprosy or any contagious disease and the employment of such persons in groves, shops or depôts for the sale of the same are prohibited. The Revenue Sub-Division Officer, the District Excise Officer or the Range Inspector may call for the names of all persons employed or proposed to be employed in depôts, shops or groves and the Revenue Sub-Division Officer or District Excise Officer may forbid the sale of intoxicants or their manufacture or transport by any person whom he may disapprove.

34. No arrack, foreign liquor or beer shop will be opened before 9-30 A.M. and no other shop or depôt before sunrise. No depût or shop will be kept open, on any plea, after 8 P.M.

NOTE.—In the Bangalore City, however, the opening hour of arrack, foreign liquor and country beer shops will be 11 A.M. and the closing hour of all excise shops except those for the sale of ganja, opium and foreign liquors will be 9 P.M.

35. Deputy Commissioners are authorized to notify at the time of the auction sales that specified shops will be closed on the occasion of specified festivals and that the hours of sale at specified shops which are situated within a mile of a market or shandy will be limited on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease if it is found that the shops promote drunkenness. Special discretion is given to Deputy Commissioners to reduce these hours further in industrial areas by closing the shops on week days from 11-30 A.M. to 1-30 P.M., and on the afternoon of pay days and by directing the shops to keep open on Sundays only between 11-30 A.M. and 4 P.M. Sales after the prescribed hours of closure in the Cities of Bangalore and Mysore and Kolar Gold Fields will be allowed in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner. Power is reserved to Deputy Commissioners on the report of the Police or for other sufficient recorded reasons, to order the closure of any particular shop either in towns or in the country at 7 P.M., if they consider such a course to be advisable in the interests of the public.

36. Drunkenness, disorder or gaming shall not be permitted in depôts or shops. Entertainments of any kind in depôts or shops are also strictly forbidden.

37. No women shall be employed in the excise or opium shop for the sale of liquor, opium or intoxicating drugs without the special permission of the Deputy Commissioner unless she be a member of the renter's family.

38. No robbers or thieves or disorderly or riotous persons or prostitutes or soldiers or others known or believed to be deserters shall be harboured in depôts and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police Officer.

39. No person shall be harboured in any depôt or shop during the night.

40. Depôts and shops situated on or adjacent to the line of march must be closed, if the Deputy Commissioner so orders, while a Regiment or Detachment of European or Indian soldiers is passing or is encamped in the vicinity. Deputy Commissioners or Revenue Assistant Commissioners or District Excise Officers shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depôt and shop-keeper shall, on his own motion, close his depot or shop when there is riot or disturbance in the neighbourhood.

41. The Deputy Commissioners may order the transfer of depôts and shops from the locality to another within the limits of the same town (including cities) or village or the closure of the same. But no new shops shall be opened except with the previous sanction of the Excise Commissioner.

42. (1) No occasional licenses will be issued for the sale of liquor during *Jatras* and except in Municipal towns (including cities), existing shops, if any, will be

removed to a distance of one mile from the place of *Jatra* during the duration of the *Jatra*.

(2) Ordinary shops will not be located in unduly prominent places so as to be offensive or to offer unnecessary allurements.

43. No liquor, intoxicating drug or opium shall be sold or given—

(*a*) except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the Local Excise authorities and specified in the license—

(1) to Sailors of the Royal Navy, Soldiers and the members of their families, or
(2) to any other person living in barracks;

(*b*) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, any classes of followers (other than private servants) whether on or off duty, who have a right to be in Cantonments;

(2) to Policemen, Excise Officers and Railway servants when on duty, or

(*c*) in any circumstances, to any—

(1) European vagrant under escort of the Police,
(2) child or young person under 18 years of age or adult female,
(3) insane person,
(4) person known or believed to be intoxicated, or
(5) person known or suspected to be about to take part in a riot or disturbance of the public peace or other crime;

(*d*) no child, young person under 18 years of age or adult female shall be admitted into the premises of any shop in which consumption is allowed on the premises, subject to the exception in condition 37.

NOTE.—1. The restrictions in (*a*) and (*b*) do not apply to soldiers, their families and followers when they are absent on leave from their regiments.

2. The restrictions in clauses (*c*) and (*d*) so far as they relate to adult females, do not apply to Foreign Liquor Licensees issued on fixed fees.

44. No privilege of supply or vend shall be sold, transferred or sub rented without the previous permission of the Deputy Commissioner, who may order the forfeiture of the deposits already made by the applicant or impose such conditions as are necessary for safeguarding the interests of other contractors. Nor, if the Deputy Commissioner so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

45. No holder of any Excise or Opium license will be allowed, without the written permission of the Excise Commissioner, to possess or continue to possess any interest direct or indirect in any Excise or Opium license outside the territories of Mysore, or in the Civil and Military Station of Bangalore.

46. Depôts and shops must be kept open daily unless their temporary or permanent closure is authorised under conditions 35, 37 or 38 *supra*.

47. Such supply of liquor, intoxicating drugs or opium as the Deputy Commissioner may consider sufficient to meet local requirements, must be maintained therein. The details of such supply will be published in the *Mysore Gazette*. Shops not opened by 1st July or on the dates to be fixed by the Deputy Commissioner in the case of bagani toddy shops, shall be liable to be re-sold at the risk of the licensees.

48. No liquor, intoxicating drug or opium shall be sold in shops except for cash. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in Foreign and Special Liquors for consumption off the premises.

49. No liquor or intoxicating drug shall be sold below the minimum or above the maximum retail prices that may be prescribed from time to time by Government or by any other officer empowered by them in this behalf. Power is, however, reserved to the Deputy Commissioners to raise the retail rates at which the licensee sells any intoxicating liquor or drugs if such rate is below that which may be reasonably expected to cover the cost, the rental and other incidental expenses.

Power is also reserved to the Deputy Commissioners to fix a higher retail price than the prescribed minimum price for the sale of toddy in the shops either within the areas in which the higher rate of duty is levied on arrack sold in such area or within a radius of 5 miles round such High Duty areas.

50. No liquor, intoxicating drug or opium in excess of the quantity prescribed* for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit.

51. True accounts of transactions shall be maintained from day to day in ink in the prescribed form in all shops and depôts except toddy shops. The account and permit books may be obtained from the local Excise Officers on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, intoxicating drugs or opium received must be carefully filed. The accounts and permits shall immediately after the expiry of the lease, be handed over to the Range Inspectors who shall preserve them for a further period of one year before they are destroyed.

52. Such returns and information as may be required from time to time by any officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

53. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. Short measurement or short weighment is strictly forbidden. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. In the case of toddy shops, earthen or other measures may be used provided they are of the same capacity as those of the prescribed measures which must however be maintained in all licensed premises. There is no objection however to use a quarter seer toddy measure in case of necessity.

54. Any officer of the Excise Department of rank not lower than a Sub-Inspector is authorised to inspect licensed shops and depâts. These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, intoxicating drugs and opium in the possession of licensees, and to call for and check the accounts kept in the shop or depôt. Police officers will also make an inspection when it comes within the scope of their duty.

55. An inspection note book with the pages numbered consecutively, for inspecting officers to enter their remarks in shall be maintained and always kept in the shop and be handed over to the Excise Inspector in charge of the range or any officer authorised by him to receive it on a receipt being given therefor, when it is wanted by such officers for the purposes of an enquiry under the Excise Regulation or the rules framed thereunder.

56. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into the local Government Treasury together with any * Railway and Education cesses the levy of which has been already ordered, on or before the 10th of each month beginning with July. Licensees who fail to make payment of monthly instalments as aforesaid shall be liable to pay interest from the following day together with such fines as may be imposed by the Deputy Commissioners.

NOTE.—In the malnad and semi-malnad taluks, the Deputy Commissioners may permit patels of villages who are not themselves licensees to receive payments and exceeding Rs. 50 from any individual at a time.

Kind	*Items*	*Districts*	*Rates per rupee.* * *Railway Cess* Rs. a. p.	*Edn. Cess.* Rs. a. p.

*(1) Arrack (including Jaggery Arrack), of the prescribed strength ...	4 drams
(2) Special liquors, (*ie.*, Brandy, Whisky, Gin, Rum and Milk Punch manufactured in the Government Central Distillery).	One gallon in the aggregate.
(3) Toddy, four Imperial quarts or	4 seers
(4) Country beer	4 gallons
(5) Ganja	4 tolas
(6) Opium	1 tola
(7) Foreign Liquors	2 gallons

57. No remission or abatement of the rent shall be claimable on any account whatever nor shall any remission be granted on the allegation of loss incurred on account of temperance propaganda.

58. Any sum due by a licensee may be recovered by attachment and sale of the property of the licensee or his surety under any law for the time being in force for the recovery of arrears of Land Revenue.

59. Power is further reserved to Revenue Officers to suspend licenses in case of failure of payment of *khists* on the due dates or (in the case of toddy) tree-tax also. In the case of arrack, toddy and drug shops, this power will be exercised by Amildars and in other cases by the Deputy Commissioners.

60. In the event of the aforesaid arrack, toddy or drug licensee failing to pay his *khist*, the Amildar after suspending the license shall, with the previous sanction of the Deputy Commissioner, resell after notifying the date of re-sale by affixing a notice on the Taluk Office Notice Board, the privilege with effect from the date of issue of license to the new purchaser. The date of sale shall be after the 20th of the month for which the *khist* is due and before the close of the month. Re-sales should be held in the same way as the annual sales and subject to the same conditions as those applicable to the annual sales according to the rules. Re-sales should be given wide publicity by notifying them in the *Mysore Gazette*, whenever possible and in important villages of the taluk in which the shops to be re-sold are situated by beat of drum. The Deputy Commissioner may also in his discretion dispose of the privilege in any other manner. The re-sale should, as far as possible, be notified to the defaulter. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture at the discretion of the Deputy Commissioner who may either direct such forfeiture or appropriate the same towards the arrears due by the defaulter as well as towards the deficit, if any, arising from the re-sale or other disposal of the privilege. The officer who has power to suspend the license may, however, at his discretion allow sales to continue pending re-sale or other disposal of the privilege. Disposal of the privilege of sale otherwise than by re-sale includes also closure of the shop or tavern.

61. Interest on all moneys due shall be payable at the rate of one pie per rupee or fraction of a rupee per month or fraction of a month.

62. (1) If a licensee or any person in his employment is convicted by a competent Court of any offence against the Excise Regulation or Opium Act or of any offence under the Indian Penal Code, which in the Deputy Commissioner's opinion renders it desirable to cancel the license or if it is brought to the notice of the Deputy Commissioner that the licensee has been convicted by a competent Court of any such offence prior to the grant of a license, the Deputy Commissioner may direct that the license shall be cancelled and the privilege be re-sold or otherwise disposed of at the risk of the licensee and may further direct, if he considers it necessary to do so, that any deposits made by the licensee shall be forfeited.

(2) In fraction (s) of any of the conditions of the license by a licensee or by any person in his employment, will render the licensee liable either to be prosecuted and on conviction dealt with under clause (1) or to a fine not exceeding Rs. 50 or to cancellation of license and re-sale or other disposal of the privilege at the risk of the licensee and if considered necessary by the Deputy Commissioner, to forfeiture of deposits. The rent for the whole lease shall become due at once when a (license) is cancelled under this or the preceding rule.

63. When a licensee holds more than one license granted under the Excise Regulation or Opium Act and anyone of these licenses is cancelled under clause (1) or (2) of condition 62 above or under the Special Conditions applicable to Ganja or opium shop licenses, the Deputy Commissioner, at his discretion, may direct that any or all of the other licenses under the Excise Regulation or Opium Act held by the licensee shall be cancelled and the several privileges be re-sold or otherwise disposed of at the risk of the licensee and if necessary, may further direct that any deposits made by the licensee shall be forfeited. The rent for the whole lease shall become due when a license is cancelled under this rule.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

64. Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture,

carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise or Opium Laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No person who has been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Deputy Commissioner's previous permission.

65. Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

66. With the sanction of the Excise Commissioner, any license shall be revocable by the Deputy Commissioner, at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

67. All licensees shall be bound by any additional general rules that may be prescribed under the Excise or Opium Laws and if so required by the Deputy Commissioner or any officer authorised by him, deliver up their licenses for amendment or for the issue of fresh ones.

68. No licensee shall have claim to any compensation or remission on account of any arrangements which may be made in regard to liquors or intoxicating drugs other than those to which his license relates.

69. No holder of any Excise or Opium license in any area in the State may have any interest in or hold a license for the same article in any other area in the State in which a different rate of duty is imposed without the special permission of the Deputy Commissioner for which the party concerned must apply without delay. Breach of this condition will render the party liable to the penalties prescribed by condition 58 in respect of all or any of the licenses held.

70. The licensee shall be bound to take over any liquor or drug which may remain in the shop as stock in hand belonging to the outgoing licensee, whether the privilege is purchased at a re-sale or at an original sale, at the time when the privilege is made over to the former, paying the latter such compensation for the same as may be fixed by the Deputy Commissioner. Any liquor or drug that, at the time of stock-taking, is found to be unfit for human consumption, will be destroyed and the outgoing contractor is not entitled to any compensation for it.

SECTION II.

CONDITIONS APPLICABLE TO ARRACK LICENSES.

1. The privilege conferred by the license extends only to the sale of arrack of the strength of 35° U. P. and manufactured in the Government Central Distillery. In places where separate shops are not licensed for the sale of sugarcane jaggery arrack 35° U. P., the arrack shop-keeper may be permitted to sell jaggery arrack in reputed pint or quart bottles. This privilege is however liable to be withdrawn at any time during the lease and it shall not be open to the licensee to claim any compensation on this account. But in places where both arrack and special liquor shops exist, the privilege of selling bottled jaggery arrack will be given to the licensee of the special liquor shop. When molasses arrack is for any reason not available for issue from the Distillery, jaggery arrack may be supplied in bulk in place of molasses arrack.

2. (1) The strength and quality of arrack that may be sold, and the rates at which liquor may be purchased by licensees from Government Bonded Depôts, (for from the Government Distillery direct when specially permitted by the Excise Commissioner for want of adequate stock in the Depôts) shall be such as may, from time to time, be fixed by Government.

(2) The quantities purchased at one time shall not fall below one gallon of arrack. For the transport of liquor from the Bonded Depôts or from the Government Distillery direct in the special cases referred to in clause (1) arrack shop-keepers should provide themselves with jars or other suitable receptacles which can be effectively closed and sealed and also arrange to get the consignments properly sealed before delivery.

(3) The licensees shall pay the prescribed duty, price and other charges into a Taluk Treasury or to a special shroff, if any, appointed in this behalf at the cost of Government, and located at the Taluk Cutcherry to receive such duty, price and other charges *daily* including Sundays and holidays or to such other Officer as may

be appointed by the Deputy Commissioner, and shall obtain a receipt in the prescribed printed form. On production of such receipt, the Bonded Depot-keeper shall issue the quantity of liquor equal to the amount of duty and price shown in the said receipt which will be forwarded to the Taluk Amildar under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the liquor was issued. The receipts granted will have currency only for a period of *seven* clear days from the date of issue with the proviso that the receipt issued in one month is invariably presented for issue of liquor before the close of that month. The Depot-keeper aforesaid shall issue a permit in the prescribed form for the transport of liquor from the Bonded Depot. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

(4) Persons who purchase group of shops may, with the special permission of the Excise Commissioner (who is at liberty to refuse it) and under a license by competent authority, open a depot and remove thereto liquor purchased from the Bonded Depôt and issue therefrom the requisite supply to their shops.

(5) No consignments of arrack received at the shop which have been transported through the British Territory shall be opened before they have been verified by the officers authorised to do so.

(6) The arrack kept in the shop, offered for sale and sold, shall be unadulterated and undiluted, and it shall be of the same quality and strength as issued from the Bonded Depot, subject to such margin as may be allowed by the Excise Commissioner from time to time.

NOTE.—The licensee shall maintain intact the sample bottle issued to him by the Bonded Depot-keeper with each consignment till the bulk of the liquor in the consignment is exhausted.

(7) Arrack shop-keepers may be required by the Health Department to keep a pail of water in their shops for the purpose of washing tumblers used by consumers. Suitable arrangements shall in this case be made, so that the vendor does not himself become the cleaner of such tumblers. A pail of water shall be kept at some distance from the counter or bar and a separate individual told off for the purpose of washing the vessels used for drinking.

(8) The licensee of every shop in the Cities of Bangalore and Mysore shall pay registration fee at the rate of rupees (180) one hundred and eighty per annum in advance for the period of the license for his shop and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop. Such registration and surcharge fees on arrack as may be levied in other Municipalities with the sanction of Government will be paid by the licensee of an arrack shop.

(9) The licensee of every arrack shop in Chikmagalur will pay a surcharge fee of 4 annas a gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(10) No rural arrack shops will be permitted to be opened within three miles of Bangalore City and the Civil and Military Station, Bangalore. All existing shops within that zone will be shifted to new sites so as not to infringe this condition.

(11) The Deputy Commissioner may order a licensee at any time during the currency of his lease, to raise the rate at which he sells arrack if such rate is below that which may be reasonably expected to cover its cost, the rentals paid and incidental expenses.

(12) Every arrack shop should maintain a testing stand or a fixed board on the "gulla" for placing the trial glass of liquor for testing purposes.

SECTION III.

SPECIAL CONDITIONS APPLICABLE TO SPECIAL LIQUOR AND JAGGERY ARRACK LICENSES.

1. The privilege extends to the sale, in sealed receptacles, of special liquors manufactured in the Government Central Distillery at Bangalore only, which shall be generally of the strength of 20° U. P. and also of jaggery arrack of the strength of 35° U. P. in quantities not less than a pint of each kind, at a time.

2. The licensee is prohibited from rectifying spirits or purifying, colouring or flavouring or mixing any material therewith.

3. Liquor sold under this license shall not be consumed on the premises.

4. The license-holder shall obtain special liquors including jaggery arrack from the Bonded depots on payment into the local Government Treasury of such value as may be notified from time to time.

SECTION IV.

SPECIAL CONDITIONS APPLICABLE TO THE SALE OF COUNTRY BEER.

1. The privilege conferred by the license extends, to the sale, only in sealed bottles or in bulk, of country beer or porter brewed on the Nilgiris in Breweries which may be approved of by the Government or by Messrs. Meakin & Co., Kirkee, or by the United Brewery Co., Ltd., Bangalore, or in any other Brewery approved by Government.

2. All country beer intended to be imported into the Mysore State, in bottles, shall pay such duty as may be fixed and notified by Government from time to time into the Bangalore Taluk Treasury on the printed chellan prescribed for the purpose.

(a) An application shall then be made, with the aforesaid chellan received from the Treasury, to the Excise Commissioner in Mysore for the grant of the necessary permit.

(b) On obtaining the permit and the necessary permission of the Excise authorities of the place whereform the beer is to be exported, the liquor may be imported and transported into Mysore State under cover of the permit.

(c) The consignment on arrival at its destination shall not be opened until it is verified and certified to by an Excise Officer.

(d) The permit referred to in (a) *supra* shall be in triplicate, the original shall be issued to the applicant and the duplicate shall be sent simultaneously to the Excise Inspector concerned, who will note on the back of the permit the result of his verification, and return the same to the Excise Commissioner for being filed with the counterfoil retained in his office.

3. The licensee shall sell beer or porter of approved quality. It should not be sold to be drunk on the premises when the privilege is for sale in sealed bottles. In the case of the privilege of sale in bulk, beer may be sold to be drunk on the premises up to one reputed quart bottle at a time.

4. The beer or porter sold under this license shall be brewed from good materials and its quality shall be such as to satisfy the Excise Commissioner and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. Wort shall not exceed 1073°. The beer or porter sold shall not contain more than 8 per cent of alcohol by volume. Samples of such beer or porter shall be sent duly bottled from the shop for examination and test whenever required by the Excise Department.

5. Any Magistrate having local jurisdiction, or any officer acting under his warrant or any Excise Officer shall be allowed entry to the shop at any hour to test the beer or porter on the premises and examine the shop accounts, which it shall be the duty of the license-holder and vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned beer shall be destroyed.

6. Beer brought for the Commissariat Department and rejected by the Military or other departments, shall not, under any circumstances, be forwarded for sale in the shop.

SECTION V.

CONDITIONS APPLICABLE TO TODDY LICENSES.

1. The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the Bagani toddy shop shall not tap Date trees; but both licensees can tap any of the other palm trees named above.

2. For the supply of toddy to his shops, the licensee shall have the privilege of obtaining subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands under private arrangements, between himself and the owners of such lands. If the Deputy Commissioner is satisfied that the said (hiduvali) trees should not be tapped, he is competent to withdraw the tree-tapping license and the licensee affected thereby shall not claim damages therefor. No trees will be permitted to be tapped within 3 miles from the limits of the Bangalore City and

Civil and Military Station by any licensees other than those of the Bangalore City and Civil and Military Station toddy shops. In the case of trees on Government unoccupied lands included in the date reserve list and reserved for future use, the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. The number of trees shown in the assignment list is only approximate and is subject to alteration at the time of presenting application for trees. The Revenue Sub-Division Officer, may approve all such alterations on the recommendation of the Range Inspectors. The licensee may purchase toddy from any licensed toddy shop-keeper on application to the Inspector or Assistant Inspector who will grant the required permits on proof of the necessity for the same in the following cases :—

(*a*) Where there is an unusual demand for toddy in a shop in consequence of a festival or for any other valid reason to be recorded by the Range Inspector.

(*b*) Where trees have ceased to yield during the last few days of a lease.

(*c*) Where toddy drawn by one shop-keeper at the end of the lease cannot reach the shop before the first few days of the new lease.

3. No toddy in excess of the produce of trees licensed for that shop and covered by a transport permit shall be transported to or kept in the shop or offered for sale or sold.

4. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

5. If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under section 26 of the Excise Regulation. Fresh applications for trees shall not be accepted from licensees until the arrears of tree-tax relating to all their shops are paid up.

6. In case of default, the Amildar will order the suspension of "all current" tapping license till the arrears are paid up ; and if, after receiving notice of such suspension, the defaulter or his agent or employee continues to tap the trees, any or all of them will be punished departmentally or be prosecuted for illicit tapping.

7. Tree-rent at Re. 0-8-0 per tree shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore. Railways and Education cesses on tree-rent will be levied in addition as stated in General Condition 52 *supra*.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject of course to the levy of Government of tree-tax.

8. The tapping of trees is subject to the following conditions :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) No date tree shall be tapped oftener than once in three years or for more than four months in the year.

NOTE.—Discretion is given to the Deputy Commissioners of districts to permit the tapping of trees in alternate years if they are satisfied that it is necessary to do so for want of other trees.

(*c*) Trees shall not be over-tapped or over-worked, *i.e.*, worked every day during the currency of the permit.

(*d*) If no date trees shall the initial incision be made at any point within six feet from the ground or eighteen inches from the top of any other incision except in places where permission is specially given by the Deputy Commissioner.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree at the point of incision and the length of it shall not exceed 8 inches.

(*f*) The central spike-like clusters shall not be touched. Of the lateral leaves, not less than two layers of leaves shall be left, reckoning, from the layers immediately next to the central clusters down to top line of incision ; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters on that face of the tree on which the incision is made.

(*g*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(*gg*) The licensee shall neither prepare nor make incision into the date trees in such a way as to cause their death.

(*h*) The licensee or his employer will be liable to pay a fine equal to double the amount of tree-tax in force during the year for each tree, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(*i*) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip off their leaves or branches.

(*j*) When the licensee makes default and his shop is re-sold, or otherwise disposed of, his rights to and claims on all toddy-yielding trees for the purpose of tapping cease and determine.

9. The licensee shall not interfere with the persons holding license for cutting date leaves, mat-making, rope-making, basket-making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

10. Deputy Commissioners may subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

11. The distillation of spirit from toddy is absolutely prohibited.

12. If the licensee of a group of shops wishes to transport the toddy intended for his several shops *in one consignment*, he should obtain a depôt license and carry the toddy to this depot with the usual permit. The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depôt to the shop. The permits issued with the transport shall be subject to examination and check by the officer authorised in this behalf.

13. Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited.

14. The licensee or his vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

15. In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap man to enable Excise Officers to examine spathes or incisions as the case may be.

16. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

17. The following rules shall regulate the issue, etc., of licenses under Section 12 of the Mysore Excise Regulation, V of 1901, for the tapping of toddy-producing trees and for the drawing of toddy therefrom :—

I. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorised agents ;

(*b*) of toddy shop-keepers or renters in the Madras Presidency ;

(*c*) of malnad land-holders free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purpose as per Government Order No. Fl. 7473-83—S. R. 248-12-7, dated 11th June 1917.

(1) The maximum number of trees allowed to be tapped free of tax for *bona fide* domestic consumption such as bread-making, etc., will be as below :—

Coffee Planters	...	Three	... (Annually).
Kan-holders	...	Two	... Do
Hiduvalidars	...	One	... Do

(2) Coffee planters may be allowed to open an estate shop subject to a minimum shop rent of Rs. 3 per month.

(3) Kan-holders may also be allowed to open shops in their holding on the same terms, provided that they show to the satisfaction of the Deputy Commissioner that they have legitimate demand for such shops for the use of their coolies and dependents.

NOTE.—The estate or kan licensee is prohibited from selling toddy outside such estate or kan or to persons who live outside the same.

The licenses may be issued in the name of the applicant himself or of his nominee.

II. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local treasury. Forms may be obtained from him or the Assistant Inspector under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

III. The tree-tax on toddy produce by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. "The rates of tree-tax payable for trees licensed in British territory are liable to be changed during the course of the lease at the discretion of the Government of Madras." Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules; and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

IV. Applications for tree-tapping licenses, for trees in occupied or alienated lands should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such countersignature shall, in the case of illiterate owners be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

V. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at Deputy Commissioner's discretion.

VI. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the treasury concerned.

VII. For date trees, tapping licenses and transport permits shall ordinarily be issued for four months; but in special cases the Deputy Commissioners may grant such extension of time as is necessary provided that the period of the license does not exceed six months including extensions. In no case however shall the period of the license extend beyond the close of the lease.

For cocoanut trees, tree-tapping licenses shall be half-yearly; that is, they shall be in force from 1st July or any subsequent date to 31st December immediately following and from 1st January or any subsequent date to 30th June immediately following.

In the case of other kinds of toddy-yielding trees, the period shall be annual.

For the convenience of licensees, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days previous to 1st July, but pots shall not be attached before the evening of 23rd June.

VIII. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

IX. The tax payable on each kind of toddy-yielding tree and its time of payment shall be such as may from time to time be prescribed by Government.

X. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct. In the case of Bagani trees full amount of tree-tax should be paid in one instalment only, when presenting the application :—

Period within which license is applied for	Proportion of tree tax to be paid at the time of application for license	Proportion of tree-tax to be paid on the 20th of the second month
Between 1st July and end of February ...	One-half .. .	The remaining half.
Between 1st March and 30th June ...	The whole.	

SECTION VI.

CONDITIONS APPLICABLE TO GANJA LICENSES.

1. The privilege conferred extends only to the sale of ganja, bhang and other intoxicating drugs prepared from the hemp plant.

2. Ganja, bhang or other preparation and admixtures of ganja (except halva, which may be made from the powder on the retail vendor's hand under authority of the Inspector for sale to the public and on the responsibility and at the risk of the vendor), shall be purchased from the Government only, and shall be covered by a permit in the prescribed form.

3. Ganja, bhang and majun shall be sold at such prices as may be fixed from time to time by Government and those prices shall be in addition to the duty that may from time to time be prescribed by Government.

4. The licensee shall pay the above duty and price into a Taluk Treasury and shall obtain a receipt in the prescribed printed form. On production of such receipt the Taluk Treasury shall issue the quantity of ganja equal to the amount of duty and price shown in the said receipt, and a permit in the prescribed form for the transport of the same.

5. The licensee shall sell ganja at such rates as may be prescribed by Government from time to time.

6. The licensee shall not sell to any person more than four tolas of ganja during one day on any pretence whatever.

7. The consumption of ganja in the shop or the selling of the same to persons keeping ganjakhanas or such secret places where people congregate to smoke or partake of ganja is prohibited.

8. During the closing month of the lease (June), no licensee shall apply for more ganja than is necessary to meet the legitimate requirements of the remaining days of the lease. Every indent for ganja in June either to the Central Store House Officer (Distillery Officer, Bangalore) or to a Taluk Treasury shall be sent through the Inspector of the Range concerned, who may, at his discretion, refuse to pass it in full and may pass for supply only such quantity as he considers reasonable.

9. Shop-keepers are prohibited from breaking up the pressed ganja kept for sale in their shops, except in small quantities not exceeding the average daily sales in their shops. No licensee shall destroy the seeds or any part of his stock of ganja. The seeds, if separated from the stock, as well as any part of the stock which the licensee desires to destroy should be carefully preserved for examination and destruction by an Inspecting Officer.

10. If any ganja license is used as a cloak for illicit sales or if the licensee knowingly sells ganja to a ganja smuggler, or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any offence of that nature, he may after recording his reasons, forthwith cancel the license and resell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once when a license is cancelled under this condition.

11. The Deputy Commissioner may order a licensee at any time during the currency of his lease to raise the rate at which he sells ganja if such rate is below that which may be reasonably expected to cover its costs, the rentals paid and incidental expenses.

12. No licensee shall keep any greater quantity of ganja or other intoxicating drugs from the hemp plant than may be fixed by the Deputy Commissioner. The Excise Commissioner may, at any time during the currency of the lease, if he finds that the issues to a shop are abnormally high, restrict further issues unless good reason is shown by the shop-keeper.

SECTION VII.

CONDITIONS APPLICABLE TO OPIUM LICENSES.

1. The licensee shall be bound by the rules prescribed under the Opium Act now in force, or such other law as may hereafter be enacted in the Notifications of Government and of the Excise Commissioner and any additional general or special rules which may from time to time be notified.

2. The smoking or consumption of opium or its preparations in any form in premises licensed for sale and the sale of morphia or preparations for smoking are prohibited.

3. If this license is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the license and resell, or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once, when a license is cancelled under the condition.

4. Private persons are permitted to manufacture intoxicating drugs and smoking preparations for their own use only, provided they do not exceed the limit for possession.

5. Shop-keepers shall obtain their supply of opium from any Taluk or District Treasury in entire cakes of twenty or forty tolas (more or less) at a time at such rate as may be notified by Government from time to time. The purchase shall be covered by permit in the prescribed form. During the closing month of the lease (June) the licensee may not apply for more opium than is necessary to meet legitimate requirements of the remaining days of the lease. Every indent for opium in June will be carefully scrutinized by the Officer in charge of the Taluk Treasury who may at his discretion refuse to comply with it in full and may issue such quantity as he considers reasonable. The Range Inspector may be consulted in the matter.

6. No opium other than that obtained in the manner specified above shall be sold, received or possessed by shop-keepers. Nor shall any items of food or drink be vended in any retail opium shop.

7. The privilege conferred extends only (*a*) to the retail sale of opium in ordinary shops and (*b*) to the manufacture and retail sale of intoxicating preparations made from opium or poppy other than morphia or preparations for smoking, in firms or institutions duly sanctioned.

8. The licensee shall not sell opium to the public at a price lower than the minimum retailed rate that may be fixed by Government from time to time.

9. The licensed shop-keeper may not sell at one time to any person more than one tola of opium or any other preparations of opium.

10 The licensee shall keep no greater quantity of opium or intoxicating preparations other than morphia or preparations for smoking than that fixed by the Deputy Commissioner at the time of granting the license.

11. The Deputy Commissioner may order a licensee at any time during the currency of his lease, to raise the rate at which he sells opium if such rate is below that which may be reasonably expected to cover the cost of opium the rentals paid and incidental expenses.

12. The Deputy Commissioner is empowered to restrict the issues of opium to licensees of shops suspected of malpractices at any time during the currency of the lease.

By Order,
B. SREENIVASA IYENGAR,
Secretary to Government,
Financial Department.

II. What is the nature and extent of your ownership or interest in the above property ?

III. Are there any existing encumbrances on the above property ? If so, nature and amount of each such encumbrance.

IV. Are there any other claims upon the property shown in head I above ? If so, nature and amount of such claim should be stated.

I....., son of....., residing at....., hereby solmenly declare that the fact about my property above stated are complete and true and that there are no encumbrances thereon beyond these shown in Head III above and I shall not further encumber any of the property shown in statement above without the previous intimation in writing to the Amildar of... .....Taluk.

Witness.. .....

Address..... Place..... .....

Date..... ..... Signature.....

NOTE.—(1) Under Head II, it should be stated whether the property is the sole or joint family property of the declarant ; if joint family the share of the declarant and value thereof should be stated.

(2) Under Head IV should be noted interests in or claims on the property other than those noted under Head II, *e.g.*, claims on account of dowry or stridhanam.

(3) The Amildar should question the deponents further, if necessary, in order to elucidate their statement and should record the replies which should be signed by the deponents and the Amildar attached to this declaration.

GENERAL SECRETARIAT.

No. L. 6012—*Ml.* 153-28-4, *dated* 13*th March* 1929.

Under sub-section (1) of Section 187 of the Mysore Municipal Regulation VII of 1906, as amended from time to time, the Government of His Highness the Maharaja of Mysore, are pleased to declare that the Yelandur Municipal Council constituted in accordance with Government Notification No. L. 2529—Ml. 183-26-6, dated 8th November 1927 as a Minor Municipal Council be excepted from the operation of the following provisions of the Municipal Regulation :—

Chapter.	*Numbers of the sections.*
II	... 6, 12, 13, 22
III	... 27 to 36, 39
IV	... 46 and 47
VII	... 59 to 69, 71 to 74, 80 and 81
VIII	... 82 to 88
IX	... 92 to 94, 97, 98, 99 (1) 100, 102 to 106, 107 (2) 108, 109, 111 (2) 113 (1) and (2) 116, 119, 120 (2) 121 (2) 124, 126, 130, 138 and 149
X	... 162
XI	... 169 (2)
XII	... 173, 173A, 174, 175 and 180A.
XIII	... 181 to 186.

2. Under sub-section (3) of the said section the following rules are framed for the guidance of the Yelandur Municipal Council and of the Public Officers :—

(1) The rules regarding taxation issued under Notification No. R. 6319—Ml. 81-19-6, dated 25th November 1920 as amended from time to time shall be applicable to Yelandur Municipality and shall remain in force until modified by Government.

(2) The properties of the Jahgirdar of Yelandur shall be exempt from taxation and all articles and animals imported for the *bona fide* use of the Jahgirdar shall be exempt from octroi duty in the said Municipality.

No. 3977—*P. P.* 5-28-41, *dated* 13*th March* 1929.

The following Memorandum No. 2336, dated the 8th March 1929, issued by the Mysore Residency is hereby republished for general information :—

"It is notified for information and guidance that British Subjects desirous of proceeding to or passing in transit through the French Colonies and the territories under French Mandate of Togo and Cameroon no longer require the French Consular Visa on their passports.

They must, however, be in possession of :—

(1) an official attestation proving that they have never been sentenced by any court of justice ;

(2) a medical certificate testifying that they are free from any contagious disease ; and

(3) sufficient money to cover the expenses of their eventual repatriation.

French Consular Visas are still necessary on passports of British protected persons", particularly natives of Kenya, Gambia, Gold Coast, Sierra Leone and Nigeria, desirous of proceeding to the French Colonies and Mandated territories, as well as for all foreigners (including French and British Subjects) intending to proceed to Syria."

No. L. 6016—*Ml.* 153-28-5, *dated* 13*th March* 1929.

In continuation of Notification No. L. 6012—Ml. 153-28-4, dated the 13th September 1929, Government are pleased to issue the following additional rules under section (3) of section 187 of the Municipal Regulation VII of 1906 as amended from time to time in regard to the Minor Municipal Council, Yelandur.

The Jahgirdar of Yelandur shall exercise in respect of the Municipality, the following powers :—

1. (*a*) to enter on and inspect or cause to be entered on and inspected any immovable property occupied by the Municipal Council, or any work in progress under them or under their direction ;

(*b*) to call for any extract from the proceedings of the Municipal Council or of any Committee thereof or for any book or document in the possession of or under the control of the Municipal Council, and any return, statement, account, or report which he may think fit to require such Municipal Council to furnish ;

(c) to require the Municipal Council to take into their consideration any objection which appears to him to exist to the doing of anything which is about to be done or is being done by such Municipal Council, or any information which he is able to furnish and which appears to him to necessitate the doing of a certain thing by the Municipal Council, and to make a written reply to him within a reasonable time stating their reasons for not desisting from doing, or for not doing, such thing.

2. (i) The Jahgirdar shall have power to inspect the office of the Yelandur Municipal Council, and

(ii) to call for the records of the Municipal Council and to submit the same with his opinion to Government through the Deputy Commissioner, Mysore District for such orders as they may deem fit to pass if he is satisfied that the order or proceeding of the Council or its executive is contrary to Law.

3. (i) If in the opinion of the Jahgirdar, the execution of any Order or Resolution of the Municipal Council, or the doing of any thing which is about to be done, or is being done by or on behalf of the Municipal Council is causing or is likely to cause injury or annoyance to the public or to lead to a breach of the peace, or is unlawful, he may, by order in writing under his signature, suspend the execution or prohibit the doing thereof.

(ii) When the Jahgirdar makes an order under this rule he shall forthwith forward to the Government through the Deputy Commissioner, Mysore and the Municipal Council, a copy of the order with a statement of the reasons for making it; and it shall be in the discretion of the Government to rescind the order, or to direct that it continue in force with or without modification, permanently or for such period as it thinks fit. It will be open to the Deputy Commissioner for reasons to be recorded to direct that such order should be held in abeyance pending the orders of Government and such order shall then be held in abeyance pending Government orders.

4. (i) In case of emergency, the Jahgirdar may provide for the execution of any work or the doing of any act which a Municipal Council is empowered to execute or do, and the immediate execution or doing of which is, in his opinion necessary for the health or safety of the public, and may direct that the expense of executing the work or doing the act, with a reasonable remuneration to the person appointed to execute or do it, shall be forthwith paid by the Municipal Council.

(ii) If the expense and remuneration are not so paid, the Jahgirdar may make an order directing any person, who for the time being has custody of any moneys on behalf of the Municipal Council, to pay such expense and remuneration from such moneys as he may have in his hands or may from time to time receive and such person shall be bound to obey such order.

(iii) The provision of sub-rule (ii) of Rule (3) shall apply so far as may be to any order made under this rule.

Copies of all orders passed by the Jahgirdar under the above rules shall be sent to the Deputy Commissioner simultaneously for information. The Deputy Commissioner shall forward to Government all orders passed by the Jahgirdar under these rules; and if he directs that any such order shall be held in abeyance shall submit the records forthwith for the orders of Government.

No. G. 11565—*Sany.* 1-28-24, *dated* 16*th March* 1929.

In exercise of the powers vested in them under the Mysore Epidemic Regulation II of 1897 the Government of His Highness the Maharaja of Mysore prohibit the attendance of people from infected areas at the Jatra of Sri Lakshminarasimhaswami Temple of Mittemari, Bagepalli Taluk, from 20th March 1929 to 31st March 1929 (both days inclusive). All persons proceeding to the Jatra in contravention of the notification will be turned back.

No. G. 11579—*Sany.* 1-28-25, *dated* 16*th March* 1929.

In exercise of the powers vested in them under the Mysore Epidemic Diseases Regulation II of 1897 the Government of His Highness the Maharaja of Mysore prohibits the attendance of people from outside at the Jatra of Sree Chennabasaveswara Swami, Gubbi Town, from 20th March 1929 to 28th March 1929 (both days inclusive) on account of the prevalence of plague epidemic in the place. All persons proceeding to the Jatra in contravention of this notification are liable to be turned back.

No. L. 6165—*Ml.* 44-28-6, *dated* 18*th March* 1929.

Under section 18 of the Mysore Municipal Regulation VII of 1906, as amended from time to time Mr. H. Siddiah is duly elected as Councillor of the Shimoga Town Municipal Council *vice* Mr. K. Hanumantha Rao, deceased.

By Order,

R. RANGA RAO,

General Secretary to Government.

CHIEF SECRETARIAT.

Official Memorandum No. 7161-7260—*C. R. B.* 28-28-2, *dated* 19*th March* 1929.

It has come to the notice of Government that while compiling the "C" Statements required to be furnished to the Central Recruitment Board, no uniform practice is in force in the various offices. In some offices "C" Statement is compiled with reference to the permanent incumbents of the sanctioned posts, while in others, the statement takes into account only the persons actually holding the posts on the date of compilation of the statement, whether they have any lien on the appointments or are only acting for a short time owing to the absence of the permanent incumbents on leave or pending advertisement of vacant posts.

As the "C" Statement is intended to reflect the correct composition of the establishment of the various offices, Government consider that this object can be best served by having two statements—one showing the composition of the offices with reference only to the persons holding the posts permanently and in the case of appointments sanctioned by Government on a temporary basis, the persons having the prior lien on them ; and the second statement showing the composition of the Department or Office with reference to men actually holding the respective appointments at the time of compilation of the statement. They accordingly direct that in future two "C" Statements should be prepared and furnished to the Central Recruitment Board—one with reference to the men having a permanent lien upon the appointments and the other with reference to men actually holding the posts at the close of the half year to which the statement relates.

The Report of the Students' Strike Enquiry Committee is published for general information. Public opinion on the same is invited before the end of May 1929, communications being addressed to the Secretary to Government, Development Departments.

By Order,
N. RAMA RAO,
Secretary to Government,
Development Departments.

To

The Chief Secretary
to the Government of His Highness the Maharaja
of Mysore, Bangalore.

SIR,

We beg to present our report upon the question which the Government of His Highness the Maharaja of Mysore in their order No. 866-916—C. B. 38-28-96, dated 17th August 1928, referred to us for consideration in these terms :—

"To examine the causes of strikes among the students which have occurred in recent years in Bangalore and elsewhere in the State and to propose measures to prevent such outbreaks in future, to deal with them when they occur and generally to improve discipline in educational institutions."

CHAPTER I.

INTRODUCTION.

2. Soon after the appointment of the Committee was notified, information was invited by the Secretary from heads of the principal educational institutions in the State as to whether there had been any 'strikes' among the students of their institutions in recent years and, if so, for what reasons and how they were dealt with. The Secretary also addressed the heads of educational departments and universities in British India and other Indian States with a view to ascertaining whether any measures had been devised or any rules framed by the authorities concerned to prevent the occurrence of 'strikes' among students or to deal with them when they occurred. The replies received show that no definite rules have been laid down in this respect in any part of India except in the Provinces of Bihar, Orissa and Assam where certain rules for the punishment of students taking *part in strikes are embodied in the Education Code.*

3. At our preliminary meeting held on 8th September 1928, the lines on which the Committee should proceed were considered and it was decided that every point of view should be investigated to obtain a satisfactory solution of the problems before the Committee. Accordingly, the Secretary invited through the press views on the question from persons interested therein and, in addition, addressed individually certain members of the Legislative Council, the Representative Assembly, the University Senate and the general public, besides principals, professors, inspecting officers and head-masters. Memoranda on the specific issues which engaged our attention were received from forty-two gentlemen. The Committee examined twenty-seven gentlemen, five professors of colleges, three inspecting officers, five head-masters of Government and Aided High Schools, two officers of other Government departments, the Organising Scout Commissioner, three journalists and eight others interested in education who kindly responded to the invitation to meet them to discuss the subject. The principals of colleges were requested to invite their students to send a representative of each college to present to us their point of view; and a response was received only from the students of the Maharaja's College, who sent a representative with a memorandum to meet us. To the witnesses and the writers of memoranda whose names we have recorded in the Appendix we offer our sincere thanks for the valuable information and suggestions

they placed at our disposal. We also desire to express our appreciation of the valuable services rendered by the Secretary, Mr. M. Sultan Mohiyuddin, who had to attend to the work of the Committee in addition to his arduous duties as Deputy Director of Public Instruction.

4. Since our first meeting on 8th September 1928, we have met 16 times to hear evidence, discuss conclusions and consider our report.

CHAPTER II.

HISTORY OF STRIKES IN THE STATE.

5. 'Strikes' among students in this State are of quite recent origin. The first large concerted action on the part of students to absent themselves without permission from school was in connection with the Anniversary of the late Mr. Bala Gangadara Tilak on 1st August 1921. A large number of students in Mysore and Bangalore absented themselves from their colleges and schools and made demonstrations by going in procession with pictures of Mr. Tilak. Some of the leaders who took part in these disturbances were singled out for punishment and the others were let off with a warning. The same year, on the occasion of the landing in India of His Royal Highness the Prince of Wales on 17th November, the students in Bangalore 'struck' work as a boycott of His Royal Highness' visit had been decided upon by the All-India Congress Committee. As a mark of the disapproval of the action of the students, Government closed educational institutions for about a week. The students were then allowed to return to work after tendering an apology and no other notice was taken of their conduct. The next strike on a large scale in which most of the educational institutions in the cities of Bangalore and Mysore and also in some of the mofussil towns took part was in connection with the arrival of the Simon Commission in India on 3rd February 1928, when the students in these institutions are reported to have absented themselves for one day in spite of all attempts to dissuade them. Although there was some picketing by the students, no damage to school property was done; and they returned to school the next day. On this occasion, the students concerned were only marked absent for the day and no further disciplinary action was taken. The last strike of a general nature was the recent one in connection with what is called the "Ganapathi Affair." It had its origin in a purely local grievance of the students of the Sultanpet Kannada Middle School in the Bangalore City, with reference to the non-restoration of the image of Ganapathi to its pedestal in the school compound. Though at first the strike was confined to the students of that school, it soon spread to other educational institutions in the City leading to certain unfortunate developments on the 30th July 1928. The occurrences in Bangalore excited the sympathy of students in other parts of the State, such as Mysore, Channapatna and Tumkur where the students absented themselves from school for a day. In the City of Mysore, a large number of students struck work and their disorderly behaviour forced the authorities to close the educational institutions.

CHAPTER III.

'STRIKE,' A MISNOMER.

6. The term "Students' strike" is generally taken to mean concerted absence or abstention from work on the part of students without the permission of the authorities. The views expressed by the gentlemen consulted by us show a considerable difference of opinion, as to the nature and significance of these 'strikes.' In our opinion, the term 'strike' as applied to students is a misnomer, since it implies a parallel between the mass absence of students from school or college and that abstention from work by which paid operatives seek to compel consideration of their claims by their employers. The strike in industry may be a legitimate means of enforcing adjustment between parties whose interests are different and sometimes opposed to each other. Such a proceeding cannot be regarded as having a place in student life. In our opinion the school, using the term in its widest sense, is the agency called into existence and employed by society not only to impart instruction and knowledge to the young but also to train them in the qualities essential to enable them to take, in course of time, their proper place in

society, and the school staff are its representatives to whom the parent has in a way transferred the educative functions which originally pertained to him.

Need for respect for authority.

7. School laws and rules, like the laws in society, are necessary to regulate the rights and obligations of the pupils who constitute the school society and to secure the conditions for effective work and the good of the individual and the school. In a well-conducted school, the breaches of the rules and laws will be few and few also the occasions for enforcing them by penalties. We consider that by treating the students with sympathy, kindness and tact and affording them adequate scope for self-expression and active participation in the life of the school, it should be possible to greatly reduce—if not completely prevent—the tendency to such a form of indiscipline as a 'strike.' But having said this, we desire to emphasise our view that, after having made their representation, the students must loyally abide by the decision of the authorities. Respect for authority is in fact one of the fundamental social virtues that should be inculcated in the minds of the students at all stages by the precept and example of the teachers. Defiance of authority and 'direct action' on the part of students to obtain redress of their grievance is a negation of the principles on which the school life is based.

CHAPTER IV.

CAUSES OF "STUDENTS' STRIKES."

8. The Indian student is by nature law-abiding and submissive to authority. He has behind him an age-long tradition of obedience and respect towards his parents and teachers. The attachment of the 'Shishya' to his 'Guru' which was a feature of early Indian education has few parallels in educational history. The recent occurrences which reveal an utter disregard of school loyalties therefore need an explanation.

National awakening and the Youth Movement.

9. A very important factor, referred to by many of our witnesses as contributing to the present attitude of the students, is the profound change in the outlook, ideals and spirit of the peoples of all nations, particularly in the Eastern countries, during recent years. India like the rest of the world is undergoing a great upheaval. The awakening of the national spirit in British India with the consequent political unrest and struggle for political reforms has weakened the spirit of implicit obedience to constituted authority and has given rise to various movements, such as Satyagraha, Passive Resistance, Civil Disobedience and Boycott. In the economic field too, there is great unrest due to the conflict of labour and capital and to unemployment and the struggle for existence, leading to strikes, lock-outs and other demonstrations. Such movements, starting in the fields of politics and economics, have found their way into the domain of education also, owing to the flattering appeals made to youth by political and social workers about the part that they, as the future citizens, should play in the reconstruction and regeneration of their country. The spread of these ideas and movements in British India has naturally had repercussions in Mysore notwithstanding its distinctive political conditions.

Absence of home influence.

10. The next cause of the weakening of discipline in schools is as some of our witnesses have observed, the absence of good home influence, particularly in the case of students of the pre-college stage. Both in the life of the race and in that of the individual, home is the first school and should provide an environment in which the groundwork of conduct is formed. Continuing to exercise its influence as long as the child remains under its tutelage, it moulds the child's whole life, moral standards, modes of thought, opinions and prejudices. In the hurry of modern life and the pre-occupation with economic pursuits, even cultured and intelligent parents find little time and opportunity for intimate talks with their children on matters of personal conduct and similar subjects of vital importance. Further, in many cases, boys are obliged to leave their homes and go to distant educational centres where they are left without any control and guidance and at the mercy of chance influences.

Extraneous influences.

11. The weakeniug of the salutary influence and control of the home has given a certain type of politicians and journals a chance of exploiting the students. Several witnesses have

expressed the opinion that the general strikes in this State previously referred to were mostly not organised by the students themselves from a personal conviction of the justice of the cause for which they went on strike but that the generous impulses of youth were exploited by politicians and others who regarded the student world as a pawn in their propagandist game. So far as the external and non-educational causes are concerned, the main problem is therefore how to guard the student against such undesirable influences. In view of the failure of the home to counteract these influences, it might be expected that the school would supply its omissions in this respect. But our enquiry has brought to light that this is not always done owing to certain defects in our educational system.

Lack of co-operation between the home and the school.

12. We believe there is considerable truth in the contention of some of our witnesses that there is a lack of intimate relationship and sympathy between the home and the school. The efficiency of the school and the extent of its influence on the development of the pupil depend in a large measure upon the interest and active co-operation of the home with the efforts of the school. The child is the common centre of interest for the home as well as the school, each of which requires the fullest sympathy, co-operation and support from the other. But unfortunately there are indications that this relationship is not always recognised so fully as it should be. There is generally on the part of the parents considerable indifference to the problems, methods and aims of the school. Many parents believe that they have discharged their responsibilities by sending their children to school and give no further thought to their education; while some even go to the extent of sympathising with, if not conniving at, insubordination and indiscipline on the part of their boys. For instance, in the recent strike in Bangalore there is reason to believe that the impression was prevalent among the students that they had the sympathy of the parents as well as the public. In our view nothing is more calculated to be disruptive of school discipline than such a belief on the part of the students. We earnestly hope that the parents and the public will realise that when they have sent their children to the school, there is a serious moral responsibility resting on them to second the efforts of the school in the maintenance of discipline which is so very essential for the making of a good citizen. Any dissatisfaction with the school or its management may find expression in legitimate ways, not in encouraging the students in acts of indiscipline. The school, on its side, should not develop an attitude of self-sufficiency, expecting meek acquiescence by the parents in all its acts. The responsibility for the promotion of closer mutual contact rests with both. Unless the school secures the goodwill of the parent, gains knowledge of the pupils' home life and circumstances, their special defects and merits and the needs of the larger life beyond the school, its work as an educational agency must remain incomplete.

Undue stress laid on the intellectual side of education.

13. Several other defects relating to the actual work of the school have been brought to our notice. One of them is that there is a lack of adjustment between the school and the pupil and that the entire personality of the pupil is not taken into account in the scheme of education. The representative of the students of the Maharaja's College expressed the feeling that students in Indian colleges in general were being over-worked, having to attend a series of lectures every day with little leisure or release from the tension, with the result that any occasion was seized "to sneak a holiday." Apart, however, from the question of the strenuousness of the courses in schools and colleges, there is reason to believe that there are other factors which help to keep the pupil in a state of tension, create a distaste in his mind for school work and induce him to seek an outlet for his pent-up energy in ways which are not always in the best interest of his healthy mental and moral development. In the education imparted in our schools and colleges, too much attention has been given to the intellectual side of the students, to the comparative neglect of the social, moral, aesthetic and physical aspects of their nature. Even on the intellectual side, there is too great a tendency to uniformity, and examinations dominate the whole system. Not adapted to encouraging the self-expression of the student either on the intellectual or on the physical plane, it tends to create a distaste for the school and all that it stands for.

Inadequate social life.

14. Another defect in the school and college life in India is the lack of adequate organisation of the corporate and social life of the students. Social training which it is a function

of the school or college to provide cannot be found in books, but has to be acquired by actual practice. The social life of the school should therefore be developed systematically, channels for the expression of the social impulses being provided and various forms of social activity created. The authorities should even be prepared to take away some time from that assigned to intellectual pursuits and devote it to social activities. In the corporate life of the school, social and moral development proceed hand in hand and it is therefore the greatest instrument of discipline at the disposal of the school.

Teacher's personality.

15. An important factor in the school economy is the staff. In the opinion of many of our witnesses, the general level of teachers leaves much to be desired, not in purely academic qualifications but in those qualities which go to form personality. The following view expressed by one of the gentlemen (a college professor) who favoured us with a note is typical of that of a great majority of our witnesses :—

"Many of the teachers have no real zest for their work, and often take up the work as a mere stepping stone to something else. Even when there are teachers who are fit for work, many of them do not take any pains to be in intimate touch with their pupils, so that they command no genuine love or respect. It is no wonder if the boys, left to themselves, allow themselves to be so easily exploited for purposes other than their studies."

Personality is, in our view, the first requisite of the teacher. It is a thing not to be defined or analysed, but every pupil can feel its power and charm. It is largely a matter of natural endowment. Yet it can be cultivated. Sympathy with the difficulties and the point of view of the students, sincerity, moral enthusiasm, tact, goodwill, faith and a sense of vocation are essential for every teacher. In no calling are these qualities more needed than in his. For, as has been said, "in no place more than in the school room can a private citizen promote the well-being of society by the uprightness and the purity of his life, the refinement of his tastes and the loftiness of his aims.

Lack of personal contact between the teachers and students.

16. The lack of intimate relationship and personal contact between the teachers and the taught is an important cause of many of the "disciplinary ills" in the schools and colleges. The memorandum submitted by the students' representative says: "Co-operation and tolerance on the part of the staff is necessary to bring out the best in us and suppress the evil side. The students feel that teachers hold themselves rather aloof from them. Hence, though we may respect them for their authority, we do not go to them with our hopes and ideals. We do not feel that they will respond to our feelings. We can hardly see things from their point of view or they from ours. Hence, there may be several misunderstandings and ill-feelings rankling in us which might upon occasion find expression in a strike." The teachers are said to over-emphasise 'prestige.' One of the witnesses observed that he found that the heads of mission schools had succeeded most in touching the hearts of their students and that there was generally a personal quality in them which left permanent and pleasant memories. It is but natural that in mission schools and other institutions in which the staff have taken up their work in a spirit of service and sacrifice, there should be a closer and more intimate touch between them and the students. This is not, however, the only reason for the difference in this respect between such institutions and Government schools. Among the other reasons. the first is the frequent transfer of teachers in Government schools. Teachers do not remain in a school for any considerable length of time, and they are therefore unable to develop intimate contact with their pupils or to make their contribution to the building up of the school tradition. Secondly, the security of appointment in Government service sometimes breeds a certain 'superiority' and indifference to the student. Thirdly, and this is a factor which is common to all schools, Government as well as aided, the unwieldy size of the classes reduces the chances for the operation of the personal influence of the teacher on the individual pupil. Lastly, the pay and prospects of teachers, particularly in the lower grades, are not adequate to attract the right kind of men to the profession and to keep them contented therein; and very often, owing to economic stress, the teachers take up other work to supplement their resources, so that the time which should be given to the care and training of the pupils is devoted to work unconnected with the school.

CHAPTER V.

MEASURES TO PREVENT STRIKES AND GENERALLY TO IMPROVE DISCIPLINE IN EDUCTIONAL INSTITUTIONS.

Closer relationship between the home and the school.

17. The promotion of a common understanding and the establishment of cordial feelings between the home and the school appear to us to be necessary conditions for securing discipline in schools. The active co-operation of the parents with the school will make the life of the pupil in the home and the school a unity. For this, it is necessary that the school should respond to the sentiments and ideals of the home. As a means of establishing a close relationship between these two agencies, we would recommend that teachers should avail themselves of all opportunities of becoming acquainted with the parents and paying occasional visits to them to enquire about the progress of the pupils at home and to tell them how their boys have been doing at school. Such visits, we feel, would be greatly appreciated by the parents. While there are many opportunities for such social intercourse between the teachers and the parents in small towns and villages, there are not so many in large towns. The arrangement which we have recommended below (para 23) to the effect that a teacher should be placed in charge of a batch of pupils to supervise their conduct, advise and guide them and, in short, to be their mentor both within and outside the school would meet the requirements of the case. In return, the teachers should welcome visits of parents to school to enquire about their children. Parents should also be invited to school occasionally to witness school debates, school games and other activities of the students or to attend to lantern entertainments of lectures. Such opportunities should be used by the teachers for informal talk with parents about their children. Several other suggestions have also been made to us for bringing parents and teachers together and for securing mutual co-operation, such as the formation of Parents' Associations and of Advisory Committees for each school consisting of select teachers and representatives of parents, the celebration of a "Parents' Day", and the holding of occasional social gatherings in connection with tournaments or other important events to which parents may be invited. We consider these suggestions quite useful and recommend their adoption by all schools, Government as well as aided, as far as possible, the details being determined according to the conditions of each school.

18. Cards reporting the progress of pupils are now, it is understood, being issued by high schools three times a year. In our opinion, these reports are not frequent enough to secure the necessary check and control over the pupils by the parents. We recommend that in all schools a regular monthly report may be sent to the parents to bring to their notice facts about the regularity, diligence, punctuality and general conduct of pupils. In addition, specific cases of misconduct should be promptly reported to parents. The issue of these cards would, no doubt, involve a considerable increase of clerical work, particularly in large schools. But in view of the fact that children sometimes get into bad ways without their parents knowing anything about it until it is too late, we are of opinion that it is well worth while for the school to undertake this extra trouble.

Hostels.

19. In educational centres and particularly in large towns there is a considerable influx of students from the mofussil for the purpose of education. Not being subject to wholesome control either of the home or of the school, they provide a very combustible material to designing political and other agitators. Students should be brought under good and healthy influences out of school hours. An effective means of doing this would be to attach a hostel to every high school and college and make it obligatory on every student who does not live with his parent or guardian to reside in the hostel. Since many students are poor, it would be necessary to reduce as far as possible the cost of living in hostels. For this purpose, we would recommend that the Government grant might be increased so as fully to cover the establishment charges, only the boarding and lodging charges being borne by the pupils. Appeals may also be made to private charity for the maintenance of indigent students in hostels, as is done in the case of the Ramakrishna Home. Each

hostel should have a resident warden, assisted in the case of large hostels by a certain number of resident assistant wardens, who should be members of the school staff selected for their social and personal qualities and the natural sympathy with boys. These may each be in charge of a certain number of students—not more than 30 for a warden—in whom they should take a parental interest and over whom they should exercise close supervision in respect not only of their studies but also of their conduct and life outside the school. Such an arrangement would secure to the pupils the benefits of corporate life and the salutary control of the school over their out-of-school activities. The ideal arrangement would be to have common hostels where students of all communities might reside together and participate in the common life of the hostel, separate messing arrangements being made when necessary. But as communal hostels have come to stay on account of the peculiar social conditions of the country, we would suggest that frequent opportunities might be provided for bringing the boarders of various hostels together in social, athletic and recreational activities so as to foster among them a feeling of brotherhood and of common loyalty to the school.

Leisure occupations.

20. The proper employment of leisure is an important factor in its influence upon character. Students after leaving school will become masters of their own leisure time. It is necessary therefore that provision should be made by educational and social agencies to develop in students desirable interests and provide proper leisure occupations, subject to unobtrusive supervision and guidance without in any way interfering with the spontaneity of the students. This will not only prepare them for a wise use of leisure in after-school or college life but relieve them from the narrowing influence of the routine of their daily work, enrich their lives, provide desirable modes of self-expression and keep them from undesirable external influences. Besides making the fullest use of the library, reading room, art studio, sport activities, debating societies, excursions, etc., some schools with a central location might be so organised as to become common centres and attract pupils after school hours to indulge in various forms of recreation and amusement. Philanthropic bodies and social agencies might very usefully supplement the efforts of the school in this direction as the Y.M.C.A. is doing now.

Selection of teachers.

21. Coming now to the internal administration, organisation, discipline and curriculum of schools, we desire to refer in the first place to the teacher. In the selection of persons for appointment as teachers, qualities of the head should not be over-estimated and those of the heart ignored. We want teachers with the essential quality of humanity in them. They should have a sense of ministry, and develop an insight into the personalities of their pupils and try "to find in each of them the lamp that illuminates and the spring that motivates." We therefore recommend that the appointment of teachers should ordinarily be made on probation in the first instance and that, in assessing their work for purposes of confirmation and subsequent promotion, not merely intellectual ability but also the other qualities mentioned above should be taken into due consideration.

Pay and prospects of teachers.

22. If teachers are to exercise a beneficial influence upon the pupils, satisfactory conditions should be secured for their work. The teaching service especially in the lower grades should be sufficiently well paid so as to attract the right kind of persons for the work and keep them contented. For, a discontented teacher is, as Mr. Fisher once said, "a public danger." We also consider that it will conduce to raise the dignity of the profession and make the teachers take a pride in their work if deserving men among them in Government as well as aided schools are rewarded with medals, invitations to palace durbars or other suitable forms of public recognition.

The amount of class room work that the teachers have to do is considered by some of our witnesses to be somewhat too heavy to leave them energy and inclination to take part in the social, physical and recreational activities of the pupils. The question might be considered by the Department.

Size of classes.

23. The chief obstacle in the way of the development of contact of teachers with pupils individually is, as is mentioned above, the large size of the classes. While the Department has prescribed 30 in primary and 40 in middle and high schools as the maximum

strength, it is understood that in several cases the number is largely exceeded in practice. The situation is aggravated in high schools where there are specialist-teachers responsible for one or more subjects in all the classes of the school. From the point of view of the influence on the conduct and behaviour of the boys, the class-teacher system which makes one teacher responsible for a class is best fitted to enable him to come into constant contact with the pupils and exercise effective influence over them. Since, however, the system of specialist teaching in high schools cannot be changed, we are in favour of each member of the staff in these schools being made responsible for a batch of 20 or 30 pupils independently of his responsibility for his special subject. He should supervise their work and conduct in the school, on the play field, and even outside the school. He should visit the parents of his charges, advise the boys and help them in difficulties connected with their school work and other difficulties. A close filiation of this nature will, it is hoped, serve also to counteract undesirable influences to which school boys are at present subjected. Such a system with suitable modifications may with advantage be adopted in the colleges also.

Transfer of teachers.

24. We recognise that there is considerable force in the plea against the frequent transfers of teachers in Government schools. Teachers of the right type influence the tone of the school and help to build up a good tradition. Students constitute an unstable factor. They come and go, and it is the teacher who has to stabilize the tone of the school. The tone and tradition in all great institutions have been built up by teachers of personality. It is, therefore, our view that head-masters and teachers having been properly selected should be left undisturbed in the same school for a sufficiently long period, as far as the exigencies of Government service allow.

Greater freedom for heads of institutions.

25. We are of opinion that principals of colleges and head-masters of high schools should be allowed greater freedom from external administrative control. For example, we note that at present neither headmasters of Government high schools nor even principals of colleges have the power to close the institution at their discretion for a day for any special reason. As they are the best judges of the need for so doing and are responsible for the discipline in their institutions, we are of opinion that they should be given full discretion in the matter, except where the question refers to a number of institutions in one place, in which case, the order of the common authority should be obtained with a view to securing uniformity and preventing disturbance of one institution by the students of another. We wish to observe also that in high schools, larger freedom in matters of internal administration might be given to the head-masters.

Employment of women teachers.

26. A suggestion has been made that women teachers should be employed in primary and middle schools and even in high schools if suitable candidates are available. So far as primary schools are concerned, although the question of strikes does not arise, we strongly commend the suggestion as the foundations of good discipline must be laid at this stage. Women are the best teachers of young children. Work amongst children appeals strongly to them and they are able by their gentleness and affection to exercise a greater influence over their pupils and give them better training than what a male teacher can.

Extra curricular activities.

27. We have referred to the importance of corporate activities in the life of the student. A systematic and wise organisation of such activities is as necessary as that of the intellectual life, and methods of social training should be devised with equal care. Organised games afford unique opportunities for social and moral development and every school should have a play field of its own. Societies and clubs for interests such as games, debates, acting, musical performances and excursions are other forms of social activities which call for organisation in high schools and colleges. But a great part of the value of these activities is missed if students are not themselves allowed to organise them. The aim of the teachers should be chiefly to help the students in this respect. This point of view was stressed by the students' representative from the Maharaja's College.

Students and politics.

28. Next comes the vexed question of the relation of students to politics. Various views have been placed before us and after carefully considering them, we are definitely of opinion that college and high school students should be allowed

freedom to discuss political and social subjects in their unions and debating societies The study of political philosophy and its practical applications has always been inseparable from university training; and discussion of political subjects of current interest, even though controversial, has a place in educational institutions of an advanced grade. Professors and teachers should take part in these discussions and endeavour to give correct ideas about the subjects and thereby counteract any unhealthy external influences. The participation of the teachers will also tend to develop in the students a greater sense of responsibility for their views and statements. As it is desirable to give the students opportunities for coming in touch with distinguished persons, school or college authorities should invite such persons to address students on subjects of importance and interest. It should, however, be definitely impressed upon the students that theirs is the stage of preparation and that any political activity which either interferes with their work or conflicts with discipline should be avoided.

Co-operation of students in the maintenance of discipline.

29. Pupils generally are given no share in the maintenance of discipline. Thus they feel that the school rules are the expression of the teacher's will, that it is therefore his business to find out and judge cases of wrong doing and that their part is only to obey. Modern educational opinion and practice is in favour of enabling pupils to participate in the maintenance of discipline in the school as it is calculated to create in them a sense of responsibility for order, to promote self-control and to provide opportunities to them to think in terms of the school as a whole. Various forms of what is called "self-government" in schools have been introduced both in foreign countries and in India. The National High School, Bangalore, is reported to have developed a system of class panchayets consisting of five elected representatives of the students. These panchayets are charged with the responsibility of maintaining discipline and formulating programmes of extra curricular activities under the guidance of teachers. This arrangement is said to have worked satisfactorily. As it secures the co-operation of all the pupils through their chosen leaders, the experiment is, in our opinion, well worth a trial in high schools, wherever conditions are favourable. In colleges, we would recommend the establishment of Students' Representative councils somewhat on the lines of the one recently formed in the Maharaja's College, Mysore. Such a council might discuss all matters relating to studemts, focus their opinion aud represent their ideas to the authorities, who should give sympathetic consideration to their representations.

Military training.

30. Of other activities which are calculated to improve discipline in educational institutions, we should like to mention military training for college students. The Senate of the Mysore University have recently declared in favour of making service in a University Training Corps compulsory for all students not declared by a doctor to be physically unfit. We are opinion that a course of military training will discipline the life of the undergraduate, encourage self-reliance and help him to take a correct view of his duties and responsibilities as a citizen. Training corps in university centres in British India appear to have attained a large measure of popularity.

Spread of scout movement.

31. Practically all of our witnesses testified to the usefulness of the scout movement and declared themselves in favour of its vigorous spread in the State. The organising Scout Commissioner told us that one reason why scouting was not so popular in the cities as in the mofussil was that teachers trained in scouting took no interest in organising troops, owing to other occupations which left them little time for this work. The distances in a large city appear to be also responsible. We were told by some head-masters that a good number of boys cannot join the movement owing to their inability to provide themselves with uniforms. Many teachers qualified to undertake the training of scouts are said to have not done so owing to lack of encouragement from the head-masters and the departments. In view of these considerations, we recommend that Government might encourage this very healthy movement by sanctioning an increased grant, so as to enable the authorities to provide uniforms for poor children and otherwise make the movement more attractive and popular. We also suggest that in assessing the work of a teacher his active interest in the movement may be taken into account.

Moral and religious education.

32. The curricula of studies, as we have stated in an earlier connection, are devoid of certain elements that appeal to the Indian mind. There was a considerable volume of opinion in favour of religious, moral and civic instruction in schools. It is learnt that so far back as 1908, the Government of Mysore, being "convinced that one of the readiest and most effective means of forming and strengthening the character of youth is to be found in imparting religious and moral instruction to them as a systematic part of the school curriculum" directed that it should be introduced in schools of all grades, but that owing to the lack of suitable text books, due effect has not yet been given to this order though some attempt to do so has been made in the primary and middle schools. We generally agree that moral and religious instruction is necessary, particularly in the early stage of student life, to give the student clear ideas of morality and religion and set high ideals before him. It is our opinion that, if moral education is to be effective, it should not consist of the enunciation of abstract principles but that it should be imparted indirectly by means of stories, anecdotes and illustrative incidents from the lives of saints and heroes With regard to religious education, in view of the various religions represented in India and the differences in their creeds, we consider that it should be of a universal type calculated to teach the fundamental varieties common to all religions and inculcate respect for all of them, so as to unite the youth of different communities in mutual tolerance and good will. We understand that this is also the view of the. Board of Education and that text books containing extracts from all the principal religions of India are in preparation under the direction of the Board.

Civics.

33. We consider it equally important that a course in civics sholud be given in all schools and colleges to teach the duties and responsibilities of citizenship. The Visvesvaraya Committee appointed by Government to report on the recent disturbances in Bangalore in connection with the students' strike over the "Ganesha affair" have also stressed the need for giving "some kind of instruction in civics so as to make the future generation grow into useful citizens."

CHAPTER VI.

MEASURES TO DEAL WITH STRIKES WHEN THEY OCCUR.

34. The measures that we have proposed in the preceding section are positive and will, it is hoped, prevent the tendency to "strike." Students will have ample opportunities of making their representations. The school authorities should give full consideration to such representations. In many cases, they may see their way to grant the request of the students, particularly when there is reason to believe that it is backed by public opinion. When they cannot do so, it is the duty of the students to submit loyally to the decision and any active defiance thereof by them will have to be treated as an infringement of a fundamental rule of discipline and as meriting punishment.

35. In cases of disobedience or infringement of rules, the school authorities have a wide range of penalties at present at their disposal, such as fines, deprivation of scholarships, freeships and prizes, cancellation of attendance, rustication and dismissal; and we do not consider it necessary to arm them with any further powers. In the administration of punishment, however, regard should be had to variety of considerations. The punishment should be one adopted to the wrongdoer, and the same punishment cannot always be awarded for the same fault.

36. In cases of strikes, the leaders merit a different treatment from those who follow them, either by threats or by persuasion. Though a few of our witnesses consider that in case of general strikes, no action should be taken beyond a deprivation of attendance for the days of absence, the majority have expressed the view with which we fully agree, that in the interest of discipline, suitable punishment should be meted out to the strikers by the authority concerned at his discretion, When a strike has been organised by students of all schools in any locality, the punishment should be uniform for all institutions. Accordingly we recommend that, in such cases, the Vice-Chancellor in the case of colleges and the Director of Public Instruction in the case of other schools should decide the form of punishment in consultation with the heads of all the institutions concerned.

37. Any disturbance or trespass or interference with the liberties of other students cannot be tolerated in any circumstances and should be promptly put down with the aid of the civil authorities if necessary.

38. Finally, while pleading with the educational authorities to be responsive to public opinion and to concede all reasonable demands of the students when the public are in sympathy with them, we would earnestly appeal to the public as well as the press, in the best interests of the students as well as of the country, to co-operate with the authorities in their attempts to maintain discipline which is an essential preparation for a well-ordered life of true freedom and service.

CHAPTER VII.

SUMMARY.

The suggestions and recommendations of the Committee are briefly summarised below :—

I. "Strikes" are inappropriate to and have no legitimate place in student life. (Para 6.)

II. Respect for school laws and rules and for the authority of the school is a virtue to be inculcated in every student. (Para 7.)

III. The chief causes contributing to "Students' strikes" are :—

(1) The influence on the students of the political and economic unrest resulting from the changed outlook, ideals and spirit of the people in recent years. (Para 9.)

(2) Absence of good home influence. (Para 10.)

(3) Certain defects in the organisation of our educational system, such as -

(*a*) Lack of co-operation between the home and the school. (Para 12.)

(*b*) Undue stress laid upon the intellectual side of education to the comparative neglect of the physical, moral and social sides. (Paras 13 and 14.)

(*c*) Absence of personality among teachers. (Para 15.)

(*d*) Lack of intimate contact between the teachers and the taught, due to the frequent transfer of teachers, the unwieldy size of the classes, the taking up of other occupations by teachers owing to inadequacy of pay, etc. (Para 16.)

IV. The following measures are suggested to prevent strikes and generally to improve discipline in educational institutions :—

(1) Promotion of a closer relationship between the teachers and the parents—

(*a*) by creating opportunities for them to meet together frequently (Para 17.)

(*b*) by keeping parents informed, by periodical and special reports, of the conduct of their boys in school and their progress in studies. (Para 18.)

(2) Attachment of a hostel to every high school and college and making it obligatory on every student who does not live with his parent or guardian to reside in the hostel. (Para 19.)

(3) Providing for leisure occupations of students. (Para 20.)

(4) Payment of greater attention to certain personal qualities in the selection of teachers for appointment or promotion. (Para 21.)

(5) Improvement of the pay of teachers and public recognition of their good work in other ways. (Para 22.)

(6) Reduction in the size of classes so as to enable teachers to exercise more effective supervision over students' work and making each teacher responsible for looking after a batch of students. (Para 23.)

(7) Avoidance of frequent transfer of teachers. (Para 24.)

(8) Giving greater freedom to principals of colleges and head-masters of high schools in the grant of holidays. (Para 25.)

(9) Employment of women teachers in the primary schools. (Para 26.)

(10) Giving of greater freedom and responsibility to students in the organisation of extra-curricular activities. (Para 27.)

(11) Permitting discussion of political and social subjects by college and high school students. (Para 28.)

(12) Association of students in the maintenance of discipline by a system of class panchayets. (Para 29.)

(13) Introduction of military training in colleges. (Para 30.)

(14) Encouragement of the scout movement. (Para 31.)

(15) Imparting of moral and religious instruction in a suitable form in all schools. (Para 32.)

(16) Introduction of a course in civics in all schools and colleges. (Para 33.)

V. The following suggestions are made for dealing with strikes when they occur:—

(1) Students acting in defiance of the decision of the school authorities after having been given every opportunity to make representations merit punishment. (Para 34.)

(2) The forms of punishment now at the disposal of the authorities are quite sufficient. (Para 35.)

(3) In cases of strikes, the leaders should be dealt with more severely than the followers. (Para 36.)

(4) When there is a strike by students of all schools in any locality, the form of punishment should be determined by the common authority to whom all the schools are subordinate. (Para 36.)

(5) Unlawful acts by students should be promptly put down with the aid of the civil authorities. (Para 37.)

(6) Co-operation between the educational authorities on the one hand and the public and the press on the other is necessary for the maintenance of discipline among students. (Para 38.)

We have the honour to be,
Sir,
Your most obedient servants,

(1) (Sd.) K. R. Srinivasaiengar,
Chairman.
(2) ,, N. S. Subba Rao.
(3) ,, K. Shankaranarayana Rao.
(4) ,, K. H. Ramayya.
(5) ,, J. C. Rollo.
(6) ,, E. P. Metcalfe.
(7) ,, A. E. Walden.
(8) ,, M. Shama Rao.
(9) ,, D. Venkatramaiyar.
(10) ,, D. H. Chandrasekharaiya.
(11) ,, B. S. Ranoji Rao.

M. S. MOHIYUDDIN,
Secretary to the Committee.

Report of the Taxation Enquiry Committee in Mysore.

Letter No. 2—Enc. 10, dated 2nd—13th March 1929 from B. Sreenivasa Iyengar, Esq. B.A., B.L., Secretary to the Taxation Enquiry Committee, Bangalore, to N. Rama Rao, Esq. B.A., B.L., Secretary to Government, Development Departments, Bangalore.

With reference to G.O's. Nos. D. 9339-406—E. C. 44-27-1, dated 8th March 1928, and 9739-800—E. C. 44-27-3, dated 15th March 1928, appointing a Committee of the marginally-noted gentlemen to consider the proposals contained in Mr. N. S. Subba Rao's Report on Taxation in Mysore, I am directed to forward the accompanying report to Government.

CHAIRMAN.
Sir Charles Todhunter.

MEMBERS.
1. Mr. P. W. O'Brien.
2. ,, N. S. Subba Rao.
3. ,, S. Venkatesiah.
4. ,, B. K. Garudachar.
5. Rao Bahadur N. S. Nanjundiah.
6. Mr. N. Rama Rao.
7. ,, M. S. Linge Gowda.
8. ,, S. P. Rajagopalachari.
9. ,, B. Abdur Rahmon.
10. Col. P. A. Barton.
11. Mr. K. Subramani Aiyar.
12. ,, B. Sreenivasa Iyengar (also Secretary to the Committee).

2. The Committee commenced their sittings on the 31st March 1928 and met seven times in all. The details of the attendance of the members on the several dates of meeting are given in Appendix A. At a series of prolonged and fully attended meetings held on the 31st March and the 11th, 12th and 13th April 1928, the Committee arrived at certain provisional conclusions, a statement of which was submitted to Government with my letter No. 121, dated 14th—16th April 1928.

Meanwhile, three Sub-Committees had been constituted to consider and report to the Full Committee in more detail on certain branches of the subject as indicated below :—

(1) *Income-tax.*—The question of revising the Income-tax schedule was referred to a Sub-Committee consisting of Messrs. B. Sreenivasa Iyengar, P. W. O'Brien and K. S. Aiyar, a copy of whose report is attached as Appendix B. After the Full Committee had considered this report, the same Sub-Committee, with the addition of Mr. N. S. Subba Rao and Rao Bahadur N. S. Nanjundiah, was asked to examine the question of the increase in the Super-tax rates and the report of the enlarged Sub-Committee is attached as Appendix C.

(2) *Death duties.*—The examination of the question of the practicability of levying death duties in Mysore was referred to a Sub-Committee consisting of Messrs. B. K. Garudachar and S. Venkatesiah and Rao Bahadur N. S. Nanjundiah. A copy of the report of this Sub-Committee is attached as Appendix D. The Sub-Committee having found that there were no practical difficulties in the way of levy of such duties in Mysore, the Full Committee resolved that the question of drawing up a scheme for the levy of such a tax on lines that would be appropriate in Mysore be referred to this Sub-Committee with the addition of Messrs. N. S. Subba Rao and M. S. Linge Gowda and Col. P. A. Barton. This enlarged Sub-Committee has, however, so far been unable to meet, and on further consideration of the question, the Full Committee have come to the conclusion that the drawing up of the scheme may lie over until such time as the levy of the tax comes within the range of practical politics.

(3) *Taxation of motor vehicles.*—A Sub-Committee consisting of Messrs. N. Rama Rao, K. S. Aiyar, and B. Abdur Rahmon and Col. P. A. Barton, with whom Mr. C. Ranganatha Rao Sahib, Director of Industries and Commerce, was associated, considered the details of the method of levy and the rate of a general tax on motor transport in the shape of a surcharge on petrol. This Sub-Committee's report is attached as Appendix E.

3. The Full Committee met again on the 6th February 1929 for reconsideration and amplification of their provisional conclusions in the light of the reports of the Sub-Committees, and held a joint meeting with the Octroi Committee on the 11th idem. The members met finally on the 2nd March 1929 and passed the report, embodying their final recommendations, as detailed in the following pages.

4. Mr. B. K. Garudachar, who was unable to attend the final meeting, signified his acceptance of the report subject to certain reservations which are contained in his letter which is printed as Appendix F.

I have the honour to be,
Sir,
Your most obedient servant,
B. SREENIVASA IYENGAR,
Secretary, Taxation Enquiry Committee.

REPORT.

INTRODUCTORY REMARKS.

Under a Government Order of 25th January 1927, Mr. N. S. Subba Rao, M.A., Bar-at-law, then Principal of the Maharaja's College, Mysore, was placed on deputation,

(1) to examine how far the recommendations of the Indian Taxation Enquiry Committee are applicable to conditions in Mysore, and which of them may be adopted with advantage,

(2) to investigate into the suitability of the new or alternative taxes suggested by that Committee and the desirability or otherwise of levying them, and

(3) to examine the margin of unutilised powers of taxation of Local Bodies and the question of the assignment or transfer to them of any items of revenue which are now credited to Government, but which may be placed at the disposal of the said bodies for a proper development of Local Self-Government.

2. The Report on Taxation in Mysore, prepared by Mr. N. S. Subba Rao in pursuance of these instructions, was placed before the Economic Conference on the 28th February 1928. In accordance with a resolution passed by that body, this Committee was appointed by Government "to consider the proposals contained in Mr. Subba Rao's Report, and to make recommendations as to the adjustments that are necessary in order to secure a more even apportionment of the burden of taxation and as to the order of precedence in which new schemes of taxation should be taken up in the event of further revenue being required."

3. At the outset of our enquiry, our attention was drawn to the following statements made in Mr. Subba Rao's Report :—

155. "The desirability of new taxes can only be determined with reference to the nature of public expenditure and the adequacy or the reverse of the existing sources of revenue."

156. "In recent years, the revenue (of the Mysore State) has tended to be stationary, one or two heads even showing a tendency to a fall."

156. "Expenditure on the other hand has been increasing steadily, and in some years very sharply."

157. "The only alternatives (for securing an equilibrium between revenue and expenditure) are either a reduction in the heavy demands made by the Imperial Government on the taxable capacity and the resources of the state, or additional taxes."

89. "The revenues of the State are, for the most part, derived from the agricultural classes of the country, whose income level is, as a rule, low."

92. "The taxes of the State fall, in the main, on labourers, urban and rural, and small land-holders and peasant proprietors. The comparatively wealthy persons consist of large holders, *viz.*, big merchants and the upper grades of the professional classes. This class may be said to be comparatively under-taxed. Classes like small traders in villages and towns, and the lower grades of the professional classes contribute practically nothing to State funds."

4. The Committee did not feel that they were called upon by their terms of reference to make an examination of the general financial position of the State. At the same time, they could not be blind to the fact that, in view of the rapid developments that are in progress in several departments, anything in the nature of an appreciable remission of taxation in the near future is improbable. It follows that the means of adjustment of the burden are to be sought rather through increasing the burden on the classes that are comparatively lightly taxed than by attempting to reduce that of the rest.

5. Mr. N. S. Subba Rao's proposals have been grouped under the following heads :—

(i) Taxes in Mysore which have their counterpart in British India.
(ii) New or alternative taxes.
(iii) Local finance.

6. His observations under the first group, relating to Land Revenue, Excise, Income Tax and Stamps, will now be dealt with.

LAND REVENUE.

P 22. "The system of assessment is empirical and does not consciously follow any defined principle in respect of basis."

P 22. "The main recommendation (of the Indian Taxation Enquiry Committee), *viz.*, statutory sanction of the rate of levy, is based on the obvious principle that taxation should receive the approval of the Legislature and should not be left to the discretion of the Executive."

P 19. "Gifts of land and fixed assessments have deprived the State of a considerable amount of revenue."

P 19. "A gap in the system of assessment is the absence of assessment of building sites for provincial purposes."

P 32. "Equity and the rights of the general tax-payer demand that water-rates should be separated from Land Revenue and levied on an economic basis."

P 24. In the case of lands at the disposal of Government, the possibility of substituting a system of leases for long periods of years, instead of selling them outright, may be considered.

7. The Committee's recommendations on these proposals are as follows :—

In view of the resettlements that have recently been completed all over the State, we do not consider that re-examination of the system of land revenue assessment would be of any practical value at present. Nor are we prepared to recommend any enquiry into the extent of alienation of inam lands from the original grantees or their descendants with a view to further taxation. We are entirely in accord with the policy of Government in resuming inam lands that are bought in for arrears of revenue and converting them to ordinary raiyatwari. We agree that the present system does not provide adequately for the assessment of building sites for provincial purposes. The system of levying a fine, when agricultural land is converted to non-agricultural purposes, leaves a large potential increment free of taxation. It is desirable that this defect should be remedied. We recommend that, in the disposal of house sites in the possession of Government hereafter, the Madras system as described below should be adopted as far as possible.

In Madras, standard scales of ground rent have been fixed, and when any land is to be disposed of, such one of these scales as may be appropriate is applied to the plot, which is then sold by auction subject to that rent.

This should be coupled with the following rider :—

The practice of making over a substantial fraction of the proceeds of this tax to the Municipal Bodies should, in the opinion of the Committee, be generally adopted. At the same time, it is undesirable that there should be made over with them the management of the lands, which seems to be much better left in the hands of the Revenue Authorities.

In respect of special classes of lands which are likely to become valuable in course of time, *e.g.*, lands fit for coffee or tea estates, lands irrigable under large irrigation works, etc., the Committee consider it desirable to adopt the system of leasing such lands for a term of years instead of selling them outright.

As regards the question of water rates, wherever possible the charge for water should be separated from the charge for the land. The general principles governing the levy of water rates, contained in para 138 of the Indian Taxation Enquiry Committee's Report (printed as Appendix G.), are recommended for adoption.

EXCISE.

P 36. 8. Mr. Subba Rao states:—

"The increase in the yield from shop rentals has been far greater in proportion than the increase in the yield from duties."

"The relative proportions of shop rentals and duty in the case of arrack and toddy are in marked contrast, not merely with each other, but also to some extent with the proportions in British India."

P 50. "Another aspect of the problem worth investigation at the present time is the illicit manufacture of liquor."

The Committee are not satisfied that the fall in Excise Revenue in recent times has been accompanied by a compensating gain in welfare. We would recommend an enquiry into the question of illicit practices and into the adequacy of the preventive and controlling staff. Concurrently with the question of the Excise staff, the possibility of an increase in the rates of excise duties and a surcharge on foreign liquors should be examined. It may be considered whether the surcharge system should not be applied to the sale of liquor by clubs. In the case of toddy, experiments may be made in the separation of the privileges of wholesale and retail vend. Lastly, the question of increasing the tree rent may also be considered.

INCOME-TAX.

9. Mr. Subba Rao's proposals under this head are:—

P 62. (1) "The minimum of exemption.....is decidedly too high."

P 63. "There is much to be gained in administrative convenience by adopting the same rates as those that obtain in British India."

(2) "The rates be raised, in the first instance, all round by 50 per cent except in the case of four and half pies which may be converted to the nearest whole number, *viz.*, 5 pies."

(3) Allowances may however be made for wives, dependents and children on incomes not exceeding Rs. 2,500.

P 65. (4) When a person has an income from agriculture in addition to one from other sources, there is theoretical justification for the proposition that the former should be taken into consideration for the purposes of determining the rate at which the latter should be assessed.

The Committee agreed that a revision of the income-tax rates in Mysore was called for and had the question of modification of the tax schedule examined by a Sub-Committee. The members have not been able to arrive at complete unanimity in their detailed recommendations on this subject. A majority accept the suggestion of the Sub-Committee for maintaining the present minimum of Rs. 2,400 for the time being. The Committee, with the exception of Mr. B. K. Garudachar, recommend the adoption of the following tax schedule:—

Grades of income	Present rates	Proposed rates
Rs.	Pies	Pies
2,400— 4,999	3	3
5,000— 9,999 (5,000—8,999)	3	4½
(9,000—9,999)	4½	
10,000—19,999	4½	6
20,000—24,999	4½	7½
25,000—29,999	6	9
30,000—39,999	6	12
40,000—49,999	9	15
50,000—and above	12	18

Companies and Registered Firms to pay the new maximum rates.

Mr. B. K. Garudachar suggests the following scale in the higher grades :—

Rs.	Pies.
20,000 —29,999	7½
30,000—39,999	9
40,000 —49,999	12
50,000 and above	15

As regards the question of super-tax, the Income-tax Sub-Committee suggested the adoption of the recommendation of the Indian Taxation Enquiry Committee, *viz.*, to reduce the limit of exemption from super-tax from Rs. 50,000 to Rs. 30,000 and to levy a lower rate of 6 pies in the rupee on incomes between Rs. 30,000 and Rs. 50,000. In this connection, three alternatives were considered by the Committee—

the first was to retain the present limit of exemption at Rs. 50,000, as in British India, and to enhance the rates of income-tax on incomes between Rs. 30,000 and Rs. 50,000;

the second, to adopt the Sub-Committee's proposal to impose a rate of 6 pies in the rupee on the excess over Rs. 30,000 in the case of incomes between Rs. 30,000 and Rs. 50,000; and

the third, to adopt a graduated scale, namely, 3 pies in the rupee on the excess over Rs. 30,000 in the case of incomes from Rs. 30,000 to Rs. 40,000, 6 pies on the excess over Rs. 40,000 in the case of incomes from Rs. 40,000 to Rs. 50,000, and one anna, as at present, in the case of incomes over Rs. 50,000.

The Committee approved of the third alternative and recommend its adoption. Mr. B. K. Garudachar is not in favour of this proposal.

As regards the questions of graduating the scale in the case of incomes of more than a lakh of rupees and of reducing the minimum in the case of Undivided Hindu Families, it was pointed out to us that these were not practical issues as there are no incomes of over a lakh and no Undivided Hindu Families that come within the scope of this tax. For this practical reason, the Committee agreed to recommend that the existing arrangements should be allowed to stand without prejudice to the theoretical advantages of the proposals.

The Committee do not propose that any action be taken at present in the direction of the inclusion of income from agricultural sources for the purpose of fixing the rates of tax on non-agricultural incomes.

STAMPS AND COURT FEES.

10. Mr. N. S. Subba Rao states that the recommendations made by the Indian Taxation Enquiry Committee regarding these taxes are generally applicable in Mysore, but are matters for appraisal by the legal advisers to the Government. An expert enquiry is suggested.

On this subject, the Committee are of the opinion that the Government should await the result of the consideration of the proposals of the Indian Taxation Enquiry Committee by the Government of India.

II. NEW OR ALTERNATIVE TAXES.

11. The taxes recommended by Mr. Subba Rao for provincial purposes are the following :—

(1) A ground rent on building land.
(2) Taxes on motor cars.
(3) Succession duties.
(4) A tax on tobacco.

Under item (1) his proposals are as follows :—

P 103. The State should reserve to itself the right of levying a fair ground rent in addition to any initial fine on lands outside towns used for purposes other than agriculture. This is not likely to be a large source of revenue.

P 104. As regards land in towns, however, " there is no doubt that a large unearned increment escapes taxation," and it is reasonable "that the Government should retain its rights as landlord and obtain for itself a share of the increased value, both capital and annual."

P 105. While a ground rent on building land is an equitable form of taxation, the Report says that, in present circumstances, a considerable addition to the resources of the State is not likely, especially as " the duty levied on unearned increments will have to go to Municipalities, who have helped to create them."

The Committee are in favour of the proposal on general grounds, and their recommendation on this subject has already been indicated under the Land Revenue Section—*vide* para 7 *supra*.

12. *Item (2) Motor taxation.*—The question of the taxation of motor vehicles involves several considerations extraneous to the Committee's terms of reference. From the point of view of public convenience, there have to be considered the injury done to the roads by certain classes of vehicles, the injury done to the health of the people by the immense amount of dust that is thrown up, and the danger to life and limb through reckless driving. Other considerations are, the necessity for regular running by those who undertake this public service, suitable vehicles and competent passed drivers, the necessity for regulation of fares and the elimination of cut-throat competition, and continuous inspection and control by competent officers. From the point of view of the State Railways, there have to be considered the supplementing of the railway services in some cases, competition with them in others, and generally the co-ordination of the motor-bus services with the railway services and with one another. From the point of view of finance, there has to be considered the fact that the cost of keeping up the roads is bound to grow to a figure out of all proportion with the expenditure in the past, and that tolls are a highly unsuitable and unpopular form of taxation, but that it is extremely difficult to find any adequate substitute, and particularly to find one which does not tax the vehicles registered in the State without letting the vehicle that comes from outside go free. There is also the question of the loss that would be involved to local bodies by the abolition of tolls and the compensation which would have to be given to them if tolls were abolished.

The Committee's first and provisional conclusion was in favour of recommending the imposition of a general tax on motor transport in the shape of a surcharge on petrol, and they appointed a Sub-Committee to suggest details of the method of levy and the rate.

The Sub-Committee came to the conclusion that a surcharge of 2 annas per gallon on petrol consumed in the State, including the Civil and Military Station, would be the most convenient method of taxing motor vehicles and that it would have the additional merit of reaching vehicles from outside which ply in Mysore. The best method of collecting the surcharge would be by an arrangement with the importing agents who could instruct the sub-agents and vendors to add on the tax as part of the price at which petrol is sold to consumers. The surcharge system would depend for its success on the co-operation of the Civil and Military Station, and a working agreement would have to be arrived at with the authorities there.

The proposals of the Sub-Committee are very much on the same lines as those subsequently arrived at by the Indian Road Development Committee, and we have accordingly expressed our general concurrence in the proposals of the latter.

The existence of the Civil and Military Station as an enclave in the State creates a difficulty. Our suggestion regarding this is, that the Government of India should be moved to treat the Civil and Military Station as a part of Mysore for the purpose of reckoning the consumption of the State, since a good portion of the petrol consumed is purchased in the Civil and Military Station. If that is done, it would then be possible to allocate a proportion of the grant received from the Government of India under the proposals of the Road Development Committee to the Civil and Military Station, upon whatever principles might be adopted in the case of large towns generally, with reference to paragraph 69 of the Report of the Committee (copy of which is attached as Appendix H).

A further provisional conclusion of the Committee was that, on the imposition of a general tax on motor transport in the shape of a surcharge on petrol, all tolls

on motor cars should be abolished, only those on the borders of the State being continued in respect of cars not registered in the State.

Having been informed, however, that the quantity of petrol consumed in the State, including the Civil and Military Station, is about 11 lakhs of gallons per annum, and that a surcharge on petrol at two annas a gallon would only yield about Rs. 1·37 lakhs, the Committee were much impressed with the fact that the relief that would be given by the imposition of a surcharge of 2 annas a gallon would be inadequate to provide for the large increase in expenditure which is necessary on the roads of the State, and would be practically useless for the purpose of providing for the abolition of tolls. The Committee's provisional resolutions on this subject required therefore to be revised.

P 107. For the purpose of the imposition of further taxation, it is desirable to consider the case of private vehicles and motor omnibuses separately. In the case of private vehicles, Mr. Subba Rao suggests (1) that taxes should be levied at an average rate of Rs. 30 for motor cycles, Rs. 80 for cars and Rs. 100 for heavy motor vehicles, the registration fee (as well as the fees for renewal) now paid by heavy motor vehicles being merged in the above taxes, (2) that Municipal taxation on motor vehicles and levy of tolls from such vehicles in all parts of the State should be abolished and Local Bodies compensated and (3) that special provision should be made for levying tolls on motor vehicles not registered in the State.

The Committee were not altogether prepared to recommend the abolition of the local taxation. They thought that the license tax might continue, provided that steps should simultaneously be taken to prevent the stabling of the motor vehicles outside the municipal limits for use within them.

In the case of motor-buses there are two alternatives, which may be described as the *alternatives of free competition and monopoly. The proposal in the first case is to raise the rate now charged per mile for running services over particular roads, if necessary, and to grant licenses freely to all applicants who satisfy the conditions laid down, provided the roads concerned can carry the traffic, and subject to such regulation as would prevent racing and other elements of cut-throat competition such as would be to the detriment of the public convenience. The other alternative is to recover for the benefit of the State the money value of the privilege which is involved by the grant of a license, in other words to let out to approved persons for a term of years at a time, the right to work regulated and co-ordinated services under a prearranged system. The essentials of such a system are (1) that the bus services should act as feeders to, and generally not in competition with the State Railways, (2) that there should be a set of services co-ordinated both with the railways and with other bus systems throughout the State, (3) that the system adopted should afford inducements to develop the less as well as the more profitable routes and should ensure regular running even when there is a likelihood of some vehicles running comparatively empty, (4) that fares should be fixed at rates which would be reasonable from the point of view of the user of the bus and would at the same time yield a reasonable rate of profit to the proprietor, (5) that the service should be under continuous inspection and control by competent Inspectors and (6) that regular depots for petrol and repair shops, which could serve private cars as well as buses, should be set up at suitable places.

The manner in which it is suggested that such a system should be worked i that there should, first, be an elaborate enquiry into the roads on which the greates amount of traffic takes place, and a selection of groups of routes, generally those o some of those radiating from particular centres, which would serve as the head quarters of all the services leased together and of the controlling officer. The enquir would involve a fixation among other things of the times of running and number o vehicles required to run on each route. When schedules of this nature had bee prepared, tenders would be invited from the owners of motor-buses for the sol privilege of working each group of services for a term of years. On examination o the tenders, the privileges would not be allotted necessarily to the lowest or an other tenderer, but an endeavour would be made so to distribute the business as t give a fair share of it to all respectable owners of a sufficient number of vehicles In making this distribution it is probable that some levelling up of rates would tak place. For instance, a tenderer who submitted a very low tender might, before hi

*Mr. Kotaiya dissents from the alternative suggestions about monopoly.

tender was rejected altogether, be given the option of coming up to the amount tendered by a rival who had already been provided for with another group of services.

Colonel Barton added the suggestion that, if the services were brought under State control in the manner indicated, a further feature of the scheme might be to arrange, through the State Life Insurance Department, for the sale of tickets which would ensure passengers against injury to life or limb as an alternative to the ordinary tickets and at a slight percentage advance in price.

13. Item (3) *Death Duties* :—

P 112. Mr. Subba Rao observes in his report that " succession duties are essential in any system of taxation that claims to be equitable " and suggests " that succession duties in the form recommended by the (Indian Taxation Enquiry) Committee should be levied in Mysore as an appropriate method of taxing those who are at present taxed comparatively lightly."

P 108. The Committee having provisionally arrived at the opinion that duties on inheritance are a highly suitable form of taxation, the question of the practicability of levying them in Mysore was referred to a Sub-Committee consisting of Messrs. Garudachar and Venkatesaiya and Rao Bahadur Nanjundiah. The Sub-Committee found that there were no practical difficulties in the way of levy of such duties in Mysore, and the same body, with the addition of Mr. Subba Rao, Col. Barton and Mr. Linge Gowda, was requested to draw up for the consideration of the main Committee a scheme for the levy of such a tax on lines that would be appropriate in Mysore. This enlarged Sub-Committee was unable, unfortunately, to meet for the further consideration of the question that had been referred to it. In the circumstances, the Committee submit to the Government, confirming the conclusions already arrived at,

that (1) duties on inheritance are a highly suitable form of taxation,

(2) there appear to be no practical difficulties in the way of levy of such duties in Mysore, but

(3) the actual working out of a scheme for the levy of such duties may be left until their levy becomes a practical issue.

14. Item (4) *Tax on Tobacco* :—

Mr. Subba Rao's proposals under this item are :—

P 114. State taxes on tobacco may be introduced as a development of the existing system of licensing the trade in the cities of Mysore and Bangalore. The license fee should bear some proportion to the amount of tobacco handled. Outside the two cities, the right of vend should be auctioned by taluks, each buyer being empowered to license retail vendors to whom alone the cultivator should be allowed to sell.

The Committee are of opinion that a tax on tobacco is an eminently suitable form of additional taxation and that a system of taxation may be built up on the basis of the present taxation through Octroi and Municipal licenses, further developments being undertaken on the lines indicated in the report of the Indian Taxation Enquiry Committee as control is secured, and that, if and when a State tax on tobacco is introduced and so supplants a municipal tax, the municipality ought to be compensated on the basis of the revenue at the time of its introduction.

III. LOCAL FINANCE.

15. Under this group head, the following propositions of Mr. Subba Rao were considered :—

P 147. (*a*) " The (Indian) Taxation Enquiry Committee have called attention to the fact that the finances of Local Bodies all over the country are inadequate for the services which they have to perform."

P 130. (*b*) In municipalities " the directions in which additional amounts may be obtained are improvement in the assessment and collection of the profession tax. "

P 129. (*c*) There is scope for the improvement of revenue under tax on buildings and lands by revising the valuation and increasing the rates.

P 127-8. (*d*) "Octroi duties offend against the rules of sound finance." The general impression is that these duties offer much scope for leakage of revenue. The substitution of a tax on sales for octroi duties may be considered.

P 134. (*e*) The larger municipalities may improve their resources by levying—

(1) an entertainment tax,

(2) a tax on advertisements.

P 138. (*f*) In the case of District Boards, a cess on income-tax has been suggested.

P 147. (*g*) A carefully considered system of grants-in-aid from general revenues is stated to be necessary.

P 152. (*h*) Generally speaking, the balance of argument is against the transfer to Village Panchayets of items of provincial revenue. It has been suggested that Hulbanni and Amarayi would be found to be exceptions to this rule, inasmuch as local collection and appropriation would lead to greater rigour in collection. In order to test this, a transfer might be made in one taluk in each district and the yield watched for a year or two.

In considering the proposals on local taxation, the Committee had the benefit of a full discussion at a joint meeting of the Taxation and Octroi Committees on the 11th February 1929. This was based to a considerable extent on a note written for the Octroi Committee by the President, which is printed as Appendix I.

As a result, our final recommendations on this subject are as follows :—

(1) As compared with other forms of property, house sites, whether built upon or not, are very inadequately taxed.

(2) The Municipal taxes on houses in the State are very low compared with other taxes and compared with rates elsewhere, and the method of assessment is capable of much improvement. Enquiry should be made into the revision of the valuation of the houses in municipal limits and the possibility of an increase in the rates, and the work of valuation should be done by lent officers of the Revenue Department.

(3) The professions and trades in Municipalities do not bear their share of the common burden.

(4) The Octroi tax offends against all the canons.

(5) A terminal tax would be no better and would be inapplicable to Mysore conditions.

(6) The five articles, *viz.*, piece-goods, tobacco, jaggery, sugar, kerosine oil, sheep and goats to which it was suggested, as a result of the earlier discussions of the Octroi Committee, that octroi should be limited, are all articles that can be taxed otherwise more effectively than through stoppage and assessment at an octroi barrier.

(7) The substitutes for octroi suggested by these considerations are (*a*) increased rates of house-tax, coupled with an improved method of assessing the tax, (*b*) a graduated tax on professions and trades, (*c*) a tax on cattle, sheep and goats slaughtered, (*d*) a license fee for the vend of tobacco, which might be levied either at a fixed rate or through auction of the right of vend.

The question of a quantitative shop tax upon piece-goods, jaggery and sugar and kerosine oil was discussed, but it was decided that this would only be a half-way house between octroi and a properly assessed profession tax, and that it would be better to adopt the latter at once, provided of course that an efficient machinery for assessing it could be secured.

The question of sheep and goats sold at markets within Municipalities was also discussed. We consider that the levy of a market fee for such purposes is appropriate, but this is a matter quite independent of that of substitution of other taxes for octroi.

Mr. B. K. Garudachar and Mr. Oosman Khan of the Octroi Committee were doubtful if the income under the new proposals would be adequate to replace the octroi, but were quite prepared to accept them on the understanding that they should be tried out first by a special staff under Government direction and that Government should make good any loss that might result to the Municipalities that might be selected for the trial.

The Committee are strongly of opinion that it is necessary that the changes herein suggested should be given a fair trial in selected areas by a thoroughly efficient and trained agency, working independently of the local body, before being commended for general adoption. In particular, an endeavour should be made to follow the example of the Government of India in securing an improved income-tax staff, and this staff, or an extension of it, should be employed in assessing profession tax, with reference to the income-tax assessment in the case of those who pay income-tax, and as the result of a house-to-house visitation and inspection of account books and invoices in the case of smaller traders.

The Committee understand that the levy of an entertainment tax in Bangalore City is already under consideration and recommend the consideration of the same question in other large towns.

In the opinion of the Committee, the levy of a tax on advertisements does not appear likely to be productive.

As regards the question of levy of a cess on income-tax in rural areas, we are of opinion that the best course would be to follow the same plan as has been proposed in the case of the Municipalities, provided it is found, on enquiry, that there is reason to anticipate a yield which would be in proportion to the trouble and expense involved.

On the question of assignment of Hulbanni and Amarayi revenue, the Committee understand that Government have already passed orders expressing their inability to make over the entire receipts from Hulbanni and Amarayi to the Village Panchayets. There is probably no objection to the transfer of these items to the Panchayets in exchange for a fixed payment based on the average realisations in the past.

16. To sum up: the Committee are of opinion that the principal measures to be taken in order to secure a more even apportionment of the burden of taxation are to increase the rates of income-tax and super-tax and to provide for direct taxation by local bodies of the professional and trading classes. They are also of opinion that house sites are very inadequately taxed both by the State and by Local Bodies, and houses also by the latter. They regard the question of the taxation of motor vehicles and the improvement of the roads as a special problem outside the scope of the ordinary measures of taxation, and consider the proposals of the Indian Road Development Committee quite inadequate to meet the expenditure required in Mysore. They consider that octroi should be finally abolished and taxes of a direct nature substituted. In the event of further revenue being required, they consider that death duties and a tax on tobacco should be introduced.

C. G. TODHUNTER,
Chairman.

Mr. P. W. O'Brien.—I do not agree with most of the suggestions in para 12. I would not be in favour of any legislation which would interfere with development of Motor Transport in the State.

Mr. B. K. Garudachar.—I endorse the opinion of Mr. O'Brien regarding para 12.

Mr. S. Venkatesiah.—Dissenting, however, from the reasoning and some suggestions in para 12 about Motor Taxation.

APPENDIX A.

Details of the attendance of the members on the several dates of meeting of the Committee.

Date of the Meeting	Particulars of attendance
31st March 1928	All present, except Mr. B. K. Garudachar.
11th April 1928	All present.
12th ,, ...	Do
13th ,, ...	Do
6th February 1929	Do except Messrs. P. W. O'Brien, S. Venkatesiah, N. S. Subba Rao, S. P. Rajagopalachari, and Rao Bahadur N. S. Nanjundiah.
11th February 1929	Do except Messrs. P. W. O'Brien, S. Venkatesiah, S. P. Rajagopalachari, and Rao Bahadur N. S. Nanjundiah.
2nd March 1929	Do except Mr. B. K. Garudachar.

APPENDIX B.

Proceedings of the Meeting of the Sub-Committee appointed by the Mysore Taxation Enquiry Committee to prepare a revised scale of rates of Income-tax, held on the 7th April 1928, in the Public Offices, Bangalore.

Present.

Mr. K. Subramani Aiyar, B.A., F.S.A.A. (Member).

Mr. B. Sreenivasa Iyengar, B.A., B.L. (Secretary and Member).

Mr. P. W. O'Brien was absent from Bangalore on the date of the meeting, but forwarded a statement of his views later in the form of a note.

The subject was discussed.

The sub-committee submit the following report for the consideration of the Committee :—

When the question of levy of income-tax for the first time in Mysore was under consideration a distinct promise appears to have been held out by the Government that, when the income-tax was levied, the rates would be lower than those of British India. The limit of exemption was fixed at Rs. 1,200 in the original Bill as the Government of India minimum was then Rs. 1,000. The latter having been raised to Rs. 2,000, the minimum taxable limit in Mysore was placed at Rs. 2,400 in the Bill placed before the Mysore Legislature.

In introducing the Income-tax Bill (which was enacted as Regulation No. IV of 1920) before the Legislative Council, Mr. Chakravarthi, then Financial Secretary, observed as follows :—

"The minimum taxable limit will be fixed at a fairly high figure so as not to press at all on the poorer classes who are seriously affected by the prevailing high prices. Members of this Council are aware that the Government of India have recently raised the minimum taxable limit to Rs. 2,000, and the minimum in the case of Mysore will probably be placed at Rs. 2,400, which will mean that all persons having an income of less than Rs. 200 per mensem will be altogether exempt from income-tax. I would particularly invite the attention of Members to this fact, for with the minimum taxable limit fixed at this high figure, most of the objections against income-tax ought to cease. As regards rates, they will vary from 3 pies to 1 anna in the rupee according to the total annual income of the assessee. So it will be seen that our rates in the majority of cases will be lower than the rates in British India."

The first regulation was in force for three years. When it was found that an amendment of the Income-Tax Regulation was necessary on the model of Government of India Act of 1922, the Income-Tax Commissioner, Mr. Chandy, recommended that the opportunity of

amending the original regulation may be taken for enhancing the rates so as to b in line with British Indian rates. He observed as follows :—

"The rates of income-tax prevailing in British India may, in my opinion, b in Mysore at least in the case of higher incomes."

Government however decided to retain the old schedule practically unaltered.

The sub-committe believe that it will generally be conceded that the avera income of an assessee in Mysore is comparatively less than that of a person in Bri and on this assumption they are of opinion that the comparatively low economic of the people of the State will have to be taken into consideration in deciding th of rates of income-tax, especially in the case of assessees of moderate means.

There is, however, much to be said in favour of the adoption of the classificatio in British India as suggested in the reference to us.

The Indian Taxation Enquiry Committee have, after an exhaustive enquir subject, suggested the feasibility of enhancement of the intermediate scales in Brit In Mysore the intermediate scales are rather few, and it seems desirable to adop graduated scale than what exists at present with a view to remove inequality an revenue.

In view of these considerations, the sub-committee propose that the Brit classification may be adopted, but with lower rates of tax so adjusted that th resulting from the revision may not be felt by the poorer classes and the enhancem rates may be progressive in the case of higher incomes.

The Committee have resolved to adopt the British Indian minimum for taxat sub-committee venture to suggest that the taxable minimum may continue to be for some time to come.

The following scale is proposed for consideration :—

Grades of Income	Present rates	British Indian rates	Increase of 50 per cent proposed by Mr. N. S. Subba Rao	Rates recomm by the sub-com
Rs.	Pies.	Pies.	Pies.	
2,000— 2,399	...	5	4½	.....
2,400— 4,999	3	5	4½	3 pies (No chang
5,000— 8,999	3	6	4½	4½ ,, (Increase
9,000— 9,999	4½	6	7	4½ ,, (Adjusting
10,000—19,999	4½	9	7	6 ,, (Increase
20,000—24,999	4½	12	7	9 ,, (Increase (Adjust
25,000—29,999	6	12	9	9 ,, (Increase
30,000—39,999	6	15	9	12 ,, (Increase
40,000—49,999	9	18	13½	15 ,, (Increase
50,000 and above	12	18	18	18 ,, (Increase
In the case of every Company, Registered Firm, etc.—				
On all incomes not below Rs. 2,000.	...	18	18	.....
On all incomes not below Rs. 2,400.	12	18	18	18 ,, (Increase

NOTE.—It will be seen from the above that the sub-committee do not recommend an in the case of incomes below Rs. 5,000. As regards higher incomes, they suggest a revision of 1½ pies, 3 pies, 6 pies, making allowances for necessary variation in regard to i ome few cases in readjusting the old and new classifications.

In regard to the enhancement of the maximum rate of income-tax from 1 18 pies, it has to be borne in mind that the State will not derive the full benefi revision in the case of assessees, who are also taxed in the United Kingdom and a to relief under section 49 of the Income-Tax Regulation, 1923.

However, the scale above proposed will yield a substantial increase of revenu the event of additional taxation being found necessary, the revision suggested adopted.

(Sd.) K. SUBRAMANI AIY

,, B. SREENIVASA IYE

Opinion of Mr. P. W. O'Brien.

I would prefer that the taxable minimum be fixed at Rs. 2,000 and suggest the following scale for consideration :—

Grades of Income—New Scale	Proposed Rates	Present Rates
Rs.	Pies.	Pies.
2,000— 3,999	3	0,3
4,000— 5,999	4	3
6,000— 9,999	5	3,4½
10,000—14,999	6	4½
15,000—24,999	9	4½
25,000—39,999	12	6
40,000—50,000 and above	18	9,12

As regards the scale for Companies, Registered Firms, etc., I am in agreement with the scale proposed by Mr. K. S. Aiyar and Mr. B. Sreenivasa Iyengar.

(Sd.) P. W. O'BRIEN.
11-4-28.

APPENDIX C.

Proceedings of the meeting of the Enlarged Income-Tax Sub-Committee held on the 8th December 1928, in the Public Offices, Bangalore.

PRESENT.

Mr. B. Sreenivasa Iyengar.
,, N. S. Subba Rao.
,, K. Subramani Aiyar.
Rao Bahadur N. S. Nanjundiah.
Mr. O'Brien was in England on the date of the meeting.

The accompanying note prepared by Mr. B. Sreenivasa Iyengar was considered. After a full discussion of the points contained in it, the Sub-Committee arrived at the following conclusions :—

(1) Following the recommendation of the Indian Taxation Enquiry Committee, the limit of super-tax in Mysore may be reduced to Rs. 30,000 and a lower rate of six pies in the rupee may be levied on incomes exceeding this amount.

The limit of exemption from the levy of super-tax at one anna may remain at Rs. 75,000 in the case of a Hindu undivided family.

The present and proposed schedule of super-tax will stand as follows in juxta-position :—

PRESENT.		PROPOSED.	
Incomes up to Rs. 50,000 ...	Nil.	Incomes up to Rs. 30,000 ...	Nil.
		Excess over Rs. 30,000 up to Rs. 50,000 in the case of incomes of Companies, individuals and un-registered firms and up to Rs. 75,000 in the case of a Hindu undivided family.	Six pies in the rupee.
Excess over Rs. 50,000 in the case of incomes of Companies, individuals and unregistered firms.	One anna in the rupee.		No change.
Excess over Rs. 75,000 in the case of a Hindu Undivided Family.	One anna in the rupee.		No change.

(2) As regards the question of levying a cess on income-tax in rural areas, the sub-committee is of the opinion that such a levy is both sound and equitable, not only in rural areas but also throughout the State. In view, however, of the resolution of the

Committee to enhance the rates of income-tax, it is a point for consideration whether simultaneously a cess on income-tax should also be levied at this stage. The sub-committee considers that such a levy could be appropriately made, if and when it is decided to abolish the system of interior road toll-gates in the State, as compensation may have to be paid to Local Bodies for the loss of revenue involved thereby. It is hardly likely that the loss would be fully covered by fresh taxation on motor transport.

(3) The sub-committee does not recommend the imposition of a tax modelled on the *Haisyat* tax which obtains in the Punjab, inasmuch as Village Panchayets are already empowered to levy taxes which will fall on the classes of persons whom it is proposed to bring within the range of the suggested tax.

(Sd.) B. SREENIVASA IYENGAR.
" N. S. SUBBA RAO.
" K. SUBRAMANI AIYAR.
" N. S. NANJUNDIAH.

Note by Mr. B. Srinivasa Iyengar.

1. The opinion of the Taxation Enquiry Committee on this subject at the last meeting is contained in the following extract of the *interim* report to Government :—

* * * *

7. *Income-tax.*—The question of income-tax was referred to a sub-committee consisting of Mr. B. Sreenivasa Iyengar, Mr. P. W. O'Brien and Mr. K. Subramani Aiyar, a copy of whose report is attached as Appendix A. For the purposes of certain further enquiries to be made by them, Messrs. Rao Bahadur N. S. Nanjundiah and N. S. Subba Rao were added to their number. The following conclusions were recorded on a consideration of the report of the sub-committee :—

(*a*) The Committee by a majority are in favour of maintaining the minimum of Rs. 2,400 for the time being.

(*b*) The Committee recommend the adoption of the scale below :—

Rs.			Pies.
2,400	to	4,999	3
5,000	to	9,999	4½
10,000	to	19,999	6
20,000	to	24,999	7½
25,000	to	29,999	9
30,000	to	39,999	12
40,000	to	49,999	15
50,000	and above.		18

Companies and registered firms to pay at the new maxium rates.

Mr. Garudachar prefers the following scale in the higher grades :—

Rs.			Pies.
20,000	to	24,999	6
25,000	to	29,999	7½
30,000	to	39,999	10½
40,000	to	49,999	12
50,000	and above		18

(*c*) The income-tax sub-committee has been asked to examine the question of the increase in the super-tax rates, having in view the increase proposed in the rates of income-tax.

(*d*) The Committee do not propose that any action be taken at present in the direction of inclusion of income from agricultural sources for the purposes of fixing the rates on non-agricultural incomes.

* * * *

12. *Local taxation.*—(i) It was resolved that the income-tax sub-committee be asked to examine the question of the levy of a cess on income-tax in rural areas as well as of a tax on the lines of *Haisyat* tax in the Punjab.

* * * *

2. A rough estimate of additional revenue according to the above proposal of the Committee is about Rs. 2½ lakhs.

3. Two questions are now referred to the income-tax sub-committee :—

Firstly, the desirability of increase in the super-tax rates.

Secondly, levy of a cess on income-tax in rural areas with or without a tax on professions and trades.

4251

4. As regards the first point, the recommendation of the Indian Taxation Enquiry Committee is as follows :—

The limit for super-tax should be reduced from Rs. 50,000 to Rs. 30,000 and a new rate of super-tax of 6 pies on the first Rs. 20,000 or part thereof in excess of that sum introduced, In the case of the Joint Hindu Family the limit of exemption might be reduced to Rs. 60,000. the anna rate being applied to the first Rs. 40,000 of excess.

Mr. N. S. Subba Rao does not specifically refer to this recommendation in his report.

The rates of super-tax in Mysore and in British India are shown in juxta-position in the enclosure to this note.

In Mysore a flat rate of 1 anna in the rupee is levied as super-tax on Companies, individuals and unregistered firms on incomes exceeding Rs. 50,000, and in the case of a Joint Hindu Family the limit is raised to Rs. 75,000.

In British India, while the companies are required to pay super-tax at a flat rate of 1 anna in the rupee on incomes in excess of Rs. 50,000, as in Mysore, there is in respect of other assessees a graduated scale according to which the rates rise from 1 anna to 6 annas in the rupee.

From a reference to the list of persons assessed to super-tax in the year 1927-28, it will be seen that there are only 22 assessees, of whom about half a dozen are individual assessees, the rest being Companies. The total demand for super-tax was about Rs. 4½ lakhs, of which the tax due from individual assessees was less than Rs. 5,000. The enhancement of the rates of super-tax on the income of Companies is not contemplated. And in view of the small number of other assessees subject to super-tax the enhancement of the rates by the adoption of a progressive scale as in British India will not yield any appreciable addition to revenue.

Having regard to the conditions in Mysore, it looks as though the super-tax limit of Rs. 50,000 is unduly high. The suggestions made by the Indian Taxation Enquiry Committee of reducing this limit to Rs. 30,000 and of levying a lower rate of 6 pies in the rupee on incomes between Rs. 30,000 and Rs. 50,000 seem reasonable and may be accepted.

Their recommendation to reduce the limit of exemption in the case of Hindu Undivided Family to Rs. 75,000 to Rs. 60,000 may also be adopted.

According to the above proposals the number of assessees liable to super-tax will be about 30 and an additional revenue of Rs. 25,000 to Rs. 30,000 may be expected.

5. *Regarding the second question : Levy of a cess on income-tax in rural areas, etc.*—

This is a question which requires detailed examination.

The Lawrence Committee in Bombay, which was set up in 1915 to make recommendations for improving the finances of Local Bodies, definitely proposed the levy of a cess on Income-tax. They said "This suggestion meets with a considerable share of support and has our cordial sympathy. The importance of securing a contribution to local revenues from the professional, commercial and trading classes cannot be gainsaid, and their present exemption is felt to be a grievance by the agriculturists. In the allotment of this cess to different local authorities very difficult problems arise."

"The Bill on which the Bombay Local Boards Act of 1923 is based originally included a provision among the taxes imposable by a District Board for a proportionate surcharge on income-tax payable under the Income-tax Act, 1922, but this was dropped as the sanction of the Government of India was necessary, and it was considered unlikely that this would be given"—*vide* page 120 of Cumming's Bombay Local Boards Manual, 1925.

The Indian Taxation Enquiry Committee seem to refer to this in page 335 of their report, where it is said "the introduction of the tax on professions and trades in the Bombay Presidency was suggested by a committee appointed by the Bombay Government to enquire into the question of local taxation in 1925. Proposals have been recently made in the same Presidency for the levy of a tax on all non-agricultural incomes exceeding Rs. 600 per annum for financing a scheme of compulsory education."

The proposal to levy a cess on income-tax would be of doubtful expediency here, especially as it is under contemplation to enhance the rates of tax on income for raising revenue for provincial purposes.

6. As regard the tax on professions and trades, the position in British India is explained in para 445 of the Indian Taxation Enquiry Committee Report.

In Municipal areas taxes on professions and trades may be levied and it is believed that they are actually levied in several Municipalities. Mr. Subba Rao in page 129 of his report says "the figures show that the revenue from this source is very small."

While there may be no objection on principle to the levy of a tax on professions and trades in rural areas on the lines of the *Haisyat* in Punjab administration, difficulties may be encountered in the assessment and the calculation of the taxes for want of adequate staff. The Panchayets are not under the control of the District Boards. It will have to be left to the discretion of each Panchayet to levy a tax of this kind. Whether it would be really productive under present conditions is a matter for consideration.

In respect of the excess over fifty thousand rupees of total income.

Mysore rates of super-tax	Rate.	British Indian rates of super-tax	Rate.
(1) Every company, every unregistered firm, every individual and every other association of individuals not being a registered firm or company.	1 anna in the rupee.	(1) In the case of every company ...	1 anna in the rupee.
(2) Undivided Hindu Families—		(2) (*a*) in the case of every Hindu Undivided Family :—	
(*a*) in respect of the first twenty-five thousand rupees of the excess.	Nil	(i) in respect of the first twenty-five thousand rupees of the excess.	Nil
(*b*) in respect of the balance of the excess.	1 anna in the rupee.	(ii) for every rupee of the next twenty-five thousand rupees of the excess.	1 anna in the rupee.
		(*b*) in the case of every individual unregistered firm and other association of individuals not being a registered firm or a company for every rupee of the first fifty thousand rupees of such excess.	1 anna in the rupee.
		(*c*) in the case of every individual, Hindu Undivided Family, unregistered firm and other association of individuals not being a registered firm or a company—	
		(i) for every rupee of the second fifty thousand rupees of such excess.	1½ annas in the rupee.
		(ii) for every rupee of the next fifty thousand rupees of such excess.	2 annas in the rupee.
		(iii) for every rupee of the next fifty thousand rupees of the excess.	2½ annas in the rupee.
		(iv) for every rupee of the next fifty thousand rupees of such excess.	3 annas in the rupee.
		(v) for every rupee of the next fifty thousand rupees of such excess.	3½ annas in the rupee.
		(vi) for every rupee of the next fifty thousand rupees of such excess.	4 annas in the rupee.
		(vii) for every rupee of the next fifty thousand rupees of such excess.	4½ annas in the rupee.
		(viii) for every rupee of the next fifty thousand rupees of such excess.	5 annas in the rupee.
		(ix) for every rupee of the next fifty thousand rupees of such excess.	5½ annas in the rupee.
		(x) for every rupee of the remainder of the excess.	6 annas in the rupee.

APPENDIX D.

Report of the Sub Committee in the matter of the levy of Succession Duties.

PRESENT.

Mr. B. K. Garudachar.
Rao Bahadur N. S. Nanjundaiya.
Mr. S. Venkatesaiya.

We have considered the legal aspect of the question in relation to existing conditions in Mysore as compared with the statements contained in Appendix XII to the Report of the Indian Taxation Enquiry Committee. The Indian Succession Act is in force in Mysore

as in British India. The Hindu Wills Act and the Bombay Regulation are not in force in Mysore. The probate and Administration Regulation (VI of 1914) is in force in Mysore. This Regulation provides for Probate and Letters of Administration in cases to which the Indian Succession Act does not apply. But sections 187 and 190 of the Indian Succession Act are not reproduced herein. So that a succession certificate under the Succession Certificate Regulation (VII of 1901) may be taken or Probate or Letters of Administration under Regulation VI of 1914 at the choice of the party. Under para 2 of section 4 of the Probate and Administration Regulation the right of survivorship is distinguished from inheritance and excluded from the operation of the Act.

Further under section 1 of the Administrator-General's Act the properties of British subjects in Mysore are subject to its operation.

The rates of duties are levied under the Court Fees Regulation, which prescribes separate rates for a succession certificate and for Probate or Letters of Administration, with an exemption limit of Rs. 1,000 in the latter case. Further duties in case of Probate or Letters of Administration are levied only on property in Mysore.

In other respects the legal position is the same as in British India.

A Record of Rights Regulation applicable to agricultural holdings has been recently enacted. The operation of this Regulation is being extended to limited areas by notification.

For the rest the lines of least resistance, the arguments *pro* and *con* and the inequalities of the law as existing are the same as set out in the Report of the Indian Taxation Committee and Appendix XII thereto. The industrial and commercial development of Mysore is on a lower level than in British India.

(Sd.) S. VENKATESAIYA.
,, N. S. NANJUNDAIYA.
,, B. K. GARUDACHAR.

APPENDIX E.

Proceedings of the meeting of the Sub-Committee appointed by the Taxation Enquiry Committee to consider the question of the levy of a General Tax on Motor Transport in the shape of a surcharge on petrol, held on the 15th November 1928, at 8 a.m., in the Public Offices, Bangalore.

PRESENT.

Mr. N. Rama Rao, B.A., B.L.,
,, C. Ranganatha Rao Sahib, B.A., B.L.,
Col. P. A. Barton,
Mr. K. Subramani Aiyar, B.A., F.S.A.A.
,, B. Abdur Rahmon, B.A.

The sub-committee resolved as follows :—

1. In fixing the rate the sub-committee are of opinion that regard should be had to two considerations.

The duty should not be so high as to act as a drag on the development of motor traffic, and it should also not raise the price to the consumer in the State to such an extent as to offer a temptation to smuggling from outside. The sub-committee think that the surcharge should in no case exceed the rate of Re. 0-4-0 on the gallon, which is the excise duty in British India. They are of opinion that it is undesirable to levy a surcharge of more than Re. 0-2-0 a gallon on the petrol consumed in the State.

The sub-committee believe that the quantity of petrol consumed in the State may be estimated at 1,100,000* gallons, including the Civil and Military Station, and at the rate suggested by us the return from the tax would be Rs. 1·37 lakhs. This, in the opinion of the sub-committee, is the most that this levy can be expected to yield, and whether it would be worth while having recourse to it depends on the realisations from the existing taxes which it is to displace, and the compensation, if any, which will have to be paid to local bodies which are at present deriving a revenue from them.

The sub-committee have no hesitation in saying that, on its own merits, a surcharge on petrol is the most convenient method of taxing motor vehicles, and that it has the additional merit of reaching vehicles from outside which ply in Mysore for a term; but the pitch has to be fixed with due regard to the considerations set forth above.

* This figure is based on the latest quarterly returns of consumption.

The sub-committee think that the best method of collecting the surcharge would be by an arrangement with the importing agents who could instruct their sub-agents and vendors to add it on as part of the price at which petrol is sold to the consumers.

The surcharge system depends for its success on the co-operation of the Civil and Military Station, and a working arrangement will have to be arrived at with the authorities there.

APPENDIX F.

Letter from MR. B. K. GARUDACHAR agreeing to the REPORT with the following qualifying NOTE.

In acknowledging the receipt of the draft report of Taxation Committee, I affix my signature for the report with the following note :—

(1) Under head "Land Revenue" our observation in para 7 is made about the special classes of lands which are likely to become valuable in course of time are to be leased for a limited number of years. I consider the value of such land is increased by the exertion and investment made by the holder of the land. If the time limit for the ownership for the land is fixed, the interest of the owner in the land in the latter part of his term will be lessened and the land loses its value. Hence I am of opinion the ownership of the land is to be for perpetuity.

(2) Although I agree on the general principle of the Report as to the possible ways and means of Taxation to augment the Revenues of the State, I am strongly of opinion, the country, as it is, cannot bear any increase of taxation. If at all, the suggestion of this Report can be considered after the lapse of five years from this date in the least.

B. K. GARUDACHAR,
27-2-1929.

APPENDIX G.

Extract from the Report of the Indian Taxation Enquiry Committee.

138. The principles of general application for the future which may be deduced from these criticisms of the varying systems in force may perhaps be summed up as follows :—

(1) It seems to be clear, especially in view of recent developments of the land revenue systems, that wherever possible the charge for water should be separated from the charge for the land.

(2) The minimum charge, except in the case of protective works, or where a special concession is given to a particular area or class of cultivators, should be the cost of supplying the water, that is to say, the cost of maintenance of the irrigation work, *plus* interest on capital cost.

(3) The maximum should be a figure so fixed as to take for the Government the whole of the increase in the return from the land except such portion as will be just sufficient to induce the cultivator to take the water.

(4) The normal should be a moderate share of the value of the water to the cultivator.

(5) This value will vary with prices, with the demand for the water, with the reliability of the source of supply and with the quality of water in so far as, for instance, it carries silt, but should not bear any relation to the cost of the supply, once the figure of the cost is covered.

(6) The rate should be fixed per acre or other unit of area and should take account of the value as so determined and of the quantity used as estimated with reference to a schedule of proportional requirements of different crops in the locality.

(7) The rates should be as few as possible and they should be examined with a view to increase or decrease periodically, not less than once in ten years.

(8) Where the demand is not constant, and the raiyats agree to pay for water whether they require it or not, a reduced payment for a term of years may be accepted.

(9) Where a guarantee of supply is newly given, it is legitimate to take a reasonable share of the addition made to the capital or annual value of the land by such guarantee. *This should be a charge on the owner and over and above the charge on the occupier for the* use of the water. In the case of a controlled rent there should be provision for recovery from the tenant as under the Agra Tenancy Act.

(10) The rates under protective works should be examined periodically with the rest, unless there are special reasons for subsidising the cultivators under these works at the expense of the general tax-payer.

APPENDIX H.

Extract from the Report of the Indian Road Development Committee.

(2) Burden on large towns.

69. It has also been objected that a great part of a duty on motor spirit will be paid by motor transport in large towns, and that the receipts will be spent on extra-municipal roads from which the towns derive no direct benefit. Objections of this nature are perhaps an inevitable incident of *ad hoc* taxation, and may be a reason why such taxation should be avoided. But in this case, it is not difficult to show that the complaint is over-stated. It may be assumed that part of the proceeds of the duty will be spent on main roads leading into large towns and on the improvements of their approaches generally. It should be obvious that the improvement of communications between a town and the surrounding country would not only benefit the country, but also bring reciprocal advantages to the town. It would be as easy to maintain that local bodies in the vicinity of a large town are required to incur heavy expenditure on roads for the benefit to motor traffic from the town which they are unable to tax. It has been stated in evidence before us that the advantages resulting from this improvement of communications may not be fully shared by cities like Bombay. We are convinced, however, that such cases are not incapable of being adjusted by some suitable arrangements with the local Governments.

APPENDIX I.

Note written by the President for the Octroi Committee.

I trust that the Members of the Octroi Committee will excuse my troubling them, even at this late stage of their enquiry, with a note on certain aspects of it which is designed to suggest the possibility of the collection of certain statistics other than those already called for with, it is hoped, advantage to the final result.

I should like to begin with some general considerations. Municipal taxation is, more than any other form of taxation, a payment for services rendered. The Municipality provides, or ought to provide, roads, lighting, water, drainage, etc., and levies taxes which at the best are only just sufficient to pay the cost of these services. It follows that the people who pay these taxes should be the people who benefit by the services, and not others, and that the more directly the taxes can be made to approximate to a direct payment for the services the better, subject always to the canon of ability.

Sir Josiah Stamp (than whom there is no higher authority) has stated that octroi has nearly all the vices. Its first cousin, the terminal tax, has theoretically more, but practically less. All the world agrees as to the very objectionable nature of this form of taxation, and Mysore is no exception, if the resolutions in the Legislative Council and at the meeting of the merchants are to be taken as evidence. The question then arises how is it that, in spite of these objections to it, octroi taxation still survives.

The causes may be grouped under three heads :—

(1) Octroi is comparatively little unpopular because the taxation is concealed.

(2) The burden of the tax can be shifted.

(3) Octroi survives, not by merits of its own, but because of the objections taken to every alternative that has been suggested.

The first of these is the only real merit. There is no doubt that it is human nature to pay much more willingly when one does not know what one is paying. For instance, if the raiyat were not instructed in the matter, he would be much less likely to object to two rupees a year taken out of him in the shape of salt tax than to one rupee taken in the shape of a poll tax. In the case of the terminal tax this process goes still further. The tax is collected by the railways, together with the freight, and the odium of it passes away from the people who actually impose it altogether, and lies on the broad shoulders of the railway administration.

It is no merit of the octroi that the burden is often shifted, but if the taxation is left in the hands of a municipal authority, this fact is undoubtedly apt, wittingly or unwittingly, to have much weight. The burden is shifted from the townspeople, who ought to pay for the services, to the raiyats who bring in goods from outside. It is shifted from the richer citizen, who ought to pay more in proportion, to the poorer ones, since the articles taxed are generally the necessaries of life of the poorest classes of the population.

Finally it is to be feared that, in respect of the alternatives, consciously or unconsciously similar considerations come into play. Supposing that direct taxation is imposed upon houses and levied through the land lord, the land-lord might have difficulty in recovering the whole of it from the tenant. In any case he would have to raise his rent. Now the Indian Taxation Enquiry Committee had evidence before them, from practically every Province, to the

effect that the objection to the imposition of direct taxation arose mainly from land-lords on the municipal bodies. It is observed from the proceedings of the Octroi Committee that the objection to the alternatives, which was apparently held to prevail without any scrutiny of figures, was put forward on behalf of "those representing municipal interests." I venture to think that the Octroi Committee, in the interests of the tax-payers of the whole State, should give the alternative of direct taxation further consideration.

Before dealing with this point, I should like to note some tendencies in regard to octroi taxation in British India. One of these is for octroi to tend to become a tax on sales. This is arrived at in this way. The merchants of a town, tired of the trouble and annoyance of having all their goods overhauled, offer to the municipality at the close of a year in which they have paid octroi to compound with them to pay the same amounts in the ensuing year. At the same time, in the course of that year, they tender all their invoices to the municipality, thus enabling them to make up an account of what the merchants would have paid had the octroi been levied on the actual imports of the year. This enables the municipality to compound with them for the ensuing year on the basis of the invoices, and so on: so that in effect the octroi is converted into an actual tax on sales levied one year in arrears. This tax again has a tendency to be converted into a profession tax. The process of working out actual transactions on invoices is only less cumbrous than that of levy of octroi, and it is only a step from the levy of tax on transactions year by year to the grouping of traders into series of groups, preferably with reference to their income-tax results, and the levy of a round sum fixed on past experience from each of the members of each group.

These tendencies are evidently at work in Mysore also. Thus, for instance, in the proceedings of the Octroi Committee of the 17th December 1927, it is proposed to make a list of articles such as tobacco and petrol in the case of which it is more convenient to tax the shops than to tax the imports, and it is also found that in municipalities generally a shop tax is preferred to the profession tax.

It seems desirable to make some further remarks on the proceedings above referred to. While it is recommended that the octroi should be abolished in the case of these larger luxuries, it is also proposed that it should be abolished in the case of necessaries of life and of small luxuries of the poor. From the statement put up showing the estimates of the terminal tax to be collected at different places, it would appear that the articles that would remain are the raw materials of industry such as raw cotton, hides and skins, oil-seeds and spices, and a few articles of trade such as piece-goods, bamboos, glassware and paper and stationery. The question then arises whether the end to be attained cannot be secured in some much simpler way. A reference to the evidence before the Indian Taxation Enquiry Committee of Mr. Sim, who had an intimate knowledge of the terminal tax in Cawnpore, and was one of the ablest exponents of Railway Policy India has ever seen, will show how very delicate a matter is the adjustment of a goods schedule, and how very easily a small increase may divert trade. The effect of the proposals in respect of terminal tax of the 17th December would apparently be to impose a differential goods tariff on the raw materials despatched to the growing manufacturing centres in the Mysore State. Is it not possible that this might have the effect of checking these developments? Take, for instance, the case of Davangere, which imports and deals with a large quantity of raw cotton. Supposing the addition of the terminal tax raised the railway freight to Davangere in such a way as to make it cheaper to send the cotton to some competing centre in the Bombay Presidency, is it not possible that the effect of imposition of the tax would be the ruin of a very promising trade centre?

Considerations like these have led the municipalities in Bombay which also deal in cotton to convert their octroi or terminal tax into a direct tax on the number of bales of cotton turned out from the ginning mills. This seems to be a perfectly proper system of taxation. The establishment of the mills in the town causes the influx of a large floating population and much damage to the roads, in other words, more expenditure on the services afforded by the town, and this is appropriately recouped by a direct tax on the trade which makes the provision of these additional services necessary. A direct tax is much more willingly paid than would be a terminal tax, which might divert the whole of the traffic somewhere else. Similar considerations apply to the case of tanneries, and somewhat similar ones to the case of the big piece-goods and other bazaars.

It has been seen then that the octroi tends to be converted into a tax on sales and the tax on sales into a profession tax, and that the exemption of necessaries and small luxuries for the poor from the tax altogether and the substitution of a shop tax in the case of tobacco, petrol and other important articles of trade will leave very little of revenue yielding capacity to be taxed by the octroi staff, while, in the case of a terminal tax on the raw materials of industry, it is evident that a direct tax on the industry itself is preferable. If these conclusions are accepted, it appears to be inevitable that, if the municipalities are to carry on at all, there must be some further examination of the possibilities of their doing so with the aid of direct taxation. In regard to this, the proceedings of the Committee so far recorded

show nothing further than an assumption that the effect of abolishing the octroi tax would be to double or treble the house tax. What I venture to suggest is that an expert enquiry be made in two or three typical municipalities for the purpose of determining exactly what rates of direct taxation would be necessary if the octroi were to be abolished.

I should like to make one or two brief remarks on the subject of this enquiry. In the first place, I would invite attention to the fact, that, while agricultural land bears the chief burden of taxation in the State, land cropped with houses bears less burden than any other form of property, and therefore is a very suitable subject for taxation. In the second place, a house tax, except in the case of the very poor, who can be exempted, is the most appropriate way of adjusting taxation to the circumstances of the individual. In the third place, an increase, even if it were of a hundred per cent, would still leave the house-tax very low in comparison with most other countries, and in the fourth place, there are many towns in which a large increase could be made in the yield by means of a proper valuation without any increase in the rate at all. What I should like therefore to see is a careful valuation, by independent Revenue Officers delegated for the purpose, of two or three of the towns in which there has been the longest interval since the last revision. The expense involved in such a valuation would not be thrown away, since no doubt the municipal authorities concerned would be ready subsequently to revise their valuations in the light of it.

In the next place, I should like to see the question of the tax on professions or circumstances or shops or factories examined on a comprehensive basis. Whatever the name given, I would bring all these under a single tax. As has already been suggested under the head of a terminal tax, a large manufacturing concern might perhaps pay with reference to output. The members of the professions and the larger shop-keepers could best pay on the basis of the income-tax returns. For the small shop-keepers there would be a shop-tax, which would be an extension of the profession tax to the smaller classes of traders. If it is suggested that this would be difficult to assess and collect, I would point out that a tax of the kind is already being assessed and collected throughout Eastern India and that for many years the income-tax was levied over the whole of British India on incomes down to Rs. 500 per annum.

If an estimate of this nature could be made for two or three typical municipalities, I believe it would be found that at least the amount of money now realised could be realised without any such alarming increase in the rates as has been anticipated, with a considerable decrease in the cost of collection and a more considerable decrease in the indirect cost to the people, who now pay with their taxes the recognised mamuls to the octroi staff.

Rules Regulating Sales of Excise Privileges.

No. Fl. 6837—Ex. 82-28-4, dated 5th March 1929.

Under Sections 16 and 29 of the Mysore Excise Regulation, V of 1901, as amended from time to time and also Section 5 of the Opium Act, I of 1878, and in exercise of all other powers enabling them in this behalf, the Government of His Highness the Maharaja of Mysore are pleased to frame the following rules to regulate the disposal of the privilege of retail vend of intoxicating liquors and drugs, in supersession of Notification No. Fl. 7598—Ex. 96-27, dated 14th March 1928.

SECTION I.

I.—PROCEDURE REGARDING DISPOSAL.

1. The privilege of retail vend of excisable articles shall be disposed of either by auction or by such other method as may be notified by Government.

2. In cases where the right of retail vend is permitted by Government to be disposed of by calling for tenders, a notification calling for the same shall be published by the Excise Commissioner in three successive issues of the *Mysore Gazette*, after obtaining the previous approval of the Government therefor.

3. In cases where the privilege of retail vend is permitted to be disposed of by auction, the Excise Commissioner will issue every year (or on such other occasions as may be fixed by Government) a notification, both in English and in Kannada, giving such further instructions and conditions as may be required to supplement those herein contained to regulate the sales, with a statement showing the time and places of sale. "Even in cases where a notification has issued under the above clause, the Deputy Commissioners may in special cases and with the previous sanction of the Excise Commissioner, call for tenders for any individual shop or group of shops and dispose of the same as the result of such tenders prior to auction. If the shops are so disposed of, the notification regarding the sale by auction of such shops will be cancelled."

4. The Deputy Commissioners will themselves conduct the sales in important places. In other places, the Revenue Sub-Division Officer or any other Gazetted Officer of the Revenue or Excise Department, not below the rank of an Assistant Commissioner, should hold the sales.

II.—CONDITIONS OF AUCTION SALE.

5. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit. At the close of the day's sale, the deposit made by the unsuccessful bidders will be returned to them.

6. A bidder, about whose solvency the sale-conducting officer is not certain, will be required to produce either a certificate of solvency from a responsible officer of Government or two respectable persons as sureties for the due fulfilment of his obligation as a purchaser at the sale.

7. The shops will be put up to auction in the order in which they are notified in the schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of the bidders.

NOTE 1.—The privilege of vending toddy in any coffee estate or kan may be sold to the planter or kan-holder for any fixed amount not less than Rs. 36 per shop per annum.

NOTE 2.—Toddy shops in alienated villages whose claims to the Excise Revenue from toddy have been recognised or have not yet been settled shall invariably be sold separately and the amounts connected therewith shall be shown in the accounts under a distinct head. Where Inam shops are sold along with Government shops, when the former cannot be conveniently disposed of individually, the rental of Inam shops will be fixed *pro rata* according as there is increase or decrease in the rental of Government shops.

8. Every shop will, as a rule, be sold independently. Grouping will be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

9. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

10. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

11. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low, or that he has been convicted by a criminal court, or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, so as to render him undesirable as a holder of a license, or that such a course is necessary to prevent arrangements to the detriment of Government interests, or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for, or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages. No defaulter who owes arrears of Excise Revenue to Government should be allowed to bid at the Excise sales unless he produces a certificate from the Deputy Commissioner or Sub-Division Officer or District Excise Officer stating that the non-payment of the arrear due by him is due to its not having been determined or to its being in dispute or under correspondence.

12. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Excise Commissioner for special reasons and will be necessary whether the sale is held by the Deputy Commissioner himself or by any officer appointed by him.

13. If the Officer conducting the sale rejects the highest bid under condition 11, he may at his discretion either accept the next highest bid or resell the shop. In case of dispute, the Selling Officer's decision will be final.

14. Shops remaining unsold at the first auction will ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

15. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the Selling Officer, or otherwise at the close of the day's sale, make a further deposit which together with the initial deposit made under condition 5, will make up one month's *khist* for each shop. In the case of a foreigner, the initial deposit together with the further deposit will be equal to two months' *khist*, and in the case of a Bagani toddy shop, to four months' *khist*. Should he fail to do so, the deposit made by him under condition 5 will be forfeited and the shops will be put up again immediately to auction by the Selling Officer on the above conditions or otherwise disposed of by the Deputy Commissioner at the risk of the defaulter who will be debarred from bidding again for the same or for any other shop. Successful bidders will be granted proper receipts for the amount deposited by them.

16. *Every person* to whom shops have been knocked down and who has made deposits as provided in conditions 5 and 15 shall—

(1) at once apply in writing for a license for each shop knocked down to him and within a week thereafter furnish the Amildar with the boundaries of the site selected by him for the location of the shop and a statement in the prescribed form (annexed to this Notification) showing details of immovable property possessed by him, or in which he has an interest together with accurate and full details of encumbrances, etc., thereon ;

(2) within fifteen days from the date of sale, deposit such further sum as with the deposits already made under condition 15 *supra* will make up two months' rent of all shops knocked down to him, unless such deposit or a larger deposit has already been made.

He shall then without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth.

17. If, on perusal of the statement of immovable property furnished under condition 16 *supra* or on an independent enquiry, it is found that the purchaser is of doubtful solvency and, if in the case of a foreigner who has already deposited

two months' *khists* under Rule 15, it is found that he has no sufficient property in the Mysore State, such purchaser or foreigner *shall* be required, either—

(1) to deposit twice the sum prescribed in condition 16 *supra*, or

(2) to execute a mortgage of his immovable property in Mysore in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser, or

(3) to get a surety or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof, by the surety or sureties or by the purchaser, or

(4) if the Amildar is not satisfied that the value of the immovable property tendered by the purchaser as security is adequate, he may require such person further to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Amildar, who shall execute a security bond for the balance of the money that may become due and execute a mortgage deed of the surety or sureties' property in favour of the Government.

The sureties referred to in sub-clauses (3) and (4) should submit to the Amildar, a statement in the prescribed form annexed to this Notification, showing details of their immovable property. The purchaser shall be bound to carry out the provisions of sub-clauses (1) to (4) above within fifteen days from the date of sale.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser.

18. As soon as the sales are over, the sale-conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

19. Deposits will be returned in any case in which the Deputy Commissioner refuses to confirm the acceptance of the bid.

20. On the failure of any person to make deposit under conditions 15 and 16 or to comply with the requisition under conditions 16 and 17 *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly re-sold. Due publication should always be given to the re-sale in the localities concerned and among persons likely to bid at the sales.

21. Re-sales effected under condition 20 will be at the risk of the defaulting bidder who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period, under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by re-sale includes closure.

22. The deposits under conditions 16 and 17 may be made either in cash or approved security. When deposits are made otherwise than in cash, the same will be accepted at their market value not exceeding the face value of the bond.

23. Deposits in cash will be adjusted towards the instalments of *khists* due in the last month of the period of the lease. Deposits of securities of Saving Bank pass books, etc., will be returned on payment in cash of the full amount of the rent due and of any penalties or other sums recoverable under the terms of the license or the conditions set forth below unless the depositors wish that Government should take them over, in which case they will be taken over at market rates, and the balance, if any, due to Government must be paid in cash. *In cases of default* under condition 20 of the Conditions of Auction Sale or under conditions 58 and 59 of the general conditions applicable to all Excise and Opium Licenses, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale being recovered as arrears of Land Revenue.

24. The purchaser shall adhere to all the provisions of the Excise and Opium Laws which are in force or which may come into force and of the rules which have

been or may from time to time be framed either by Government or by the Excise Commissioner or by any competent authority.

25. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

In the event of the purchaser's death, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the agreement as well as for the proper observance of all the conditions of the license.

26. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind.

III.—GENERAL CONDITIONS APPLICABLE TO ALL EXCISE AND OPIUM LICENSES.

27. (*a*) The manufacturers of arrack and other country spirits as well as the licensees of Arrack Bonded Depôts are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest.

(*b*) The lessee of an arrack shop shall not have any interest in the privilege of vending special liquors in the place and *vice versa*.

28. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits prescribed by the Deputy Commissioner, provided the site selected is approved by the Deputy Commissioner in accordance with any rules prescribed by Government. The limits of the site selected and approved will be entered in the license. The possession (except subject to the rules applicable to unlicensed persons), or sale of liquors, opium or intoxicating drugs outside those limits is prohibited.

29. Sales under any Excise or Opium license must be conducted in an approved building, of which the whole or the whole of a separable part must be entirely set aside for use as a depôt or shop. If there are means of communication between the depôt or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in municipalities or towns having a population of 2,000 and over, the shop premises shall have no doors except into the main street; unless barred and protected by wire netting, no windows or other openings shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and fro in the street, and shall not be more than four feet raised from the ground and no second room shall be used for sale, or be kept open for customers. The interior of the shop shall be sufficiently lighted by day so that the whole interior may be visible from the front door and the premises shall be kept clean and in a sanitary condition. The shop shall not be used as a place of residence; but vendors or caretakers may sleep in it at night, if necessary, to safeguard the stock.

30. (*a*) Except when two or more Foreign Liquor licenses or the Ganja and Opium licenses in the same locality are held by one person, or in the case of licenses held by Chemists and Druggists and Medical Practitioners, sales under different licenses must be conducted in different premises.

(*b*) The possession upon any licensed premises of any liquor, intoxicating drug or opium except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor, except in accordance with the terms of a compounding license, is prohibited.

31. A signboard must be affixed to the front of each shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and the current rate of sale. These particulars must be legibly painted in the local vernacular. The license must be hung up in a conspicuous place within the depôt or shop.

32. All liquor, intoxicating drugs and opium sold or kept for sale shall be of good quality undiluted and unadulterated. Nor shall a blend of different kinds of liquors be made and sold under the designation of one of them. Nothing shall be

436

added to liquors, opium or intoxicating drugs either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorised to inspect depôts and shops (*vide* condition 50 *infra*) are authorised to detain any liquor, intoxicating drug or opium found unfit for consumption or use, or which they may believe to have been tampered with, and the Excise Commissioner, Deputy Commissioners and Revenue Sub-Division Officers or District Excise Officers are empowered to confiscate and destroy such as are found unfit for consumption or use.

33. The manufacture, sale or transport of liquor, intoxicating drugs or opium and the tapping of drawing of toddy in the case of palm trees by persons below the age of eighteen or by persons suffering from leprosy or any contagious disease and the employment of such persons in groves, shops or depôts for the sale of the same are prohibited. The Revenue Sub-Division Officer, the District Excise Officer or the Range Inspector may call for the names of all persons employed or proposed to be employed in depôts, shops or groves and the Revenue Sub-Division Officer or District Excise Officer may forbid the sale of intoxicants or their manufacture or transport by any person whom he may disapprove.

34. No arrack, foreign liquor or beer shop will be opened before 9-30 A.M. and no other shop or depôt before sunrise. No depût or shop will be kept open, on any plea, after 8 P.M.

NOTE.—In the Bangalore City, however, the opening hour of arrack, foreign liquor and country beer shops will be 11 A.M. and the closing hour of all excise shops except those for the sale of ganja, opium and foreign liquors will be 9 P.M.

35. Deputy Commissioners are authorized to notify at the time of the auction sales that specified shops will be closed on the occasion of specified festivals and that the hours of sale at specified shops which are situated within a mile of a market or shandy will be limited on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease if it is found that the shops promote drunkenness. Special discretion is given to Deputy Commissioners to reduce these hours further in industrial areas by closing the shops on week days from 11-30 A.M. to 1-30 P.M., and on the afternoon of pay days and by *directing the shops to keep open on Sundays only between 11-30* A.M. and 4 P.M. Sales after the prescribed hours of closure in the Cities of Bangalore and Mysore and Kolar Gold Fields will be allowed in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner. Power is reserved to Deputy Commissioners on the report of the Police or for other sufficient recorded reasons, to order the closure of any particular shop either in towns or in the country at 7 P.M., if they consider such a course to be advisable in the interests of the public.

36. Drunkenness, disorder or gaming shall not be permitted in depôts or shops. Entertainments of any kind in depôts or shops are also strictly forbidden.

37. No women shall be employed in the excise or opium shop for the sale of liquor, opium or intoxicating drugs without the special permission of the Deputy Commissioner unless she be a member of the renter's family.

38. No robbers or thieves or disorderly or riotous persons or prostitutes or soldiers or others known or believed to be deserters shall be harboured in depôts and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police Officer.

39. No person shall be harboured in any depôt or shop during the night.

40. Depôts and shops situated on or adjacent to the line of march must be closed, if the Deputy Commissioner so orders, while a Regiment or Detachment of European or Indian soldiers is passing or is encamped in the vicinity. Deputy Commissioners or Revenue Assistant Commissioners or District Excise Officers shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depôt and shop-keeper shall, on his own motion, close his depot or shop when there is riot or disturbance in the neighbourhood.

41. The Deputy Commissioners may order the transfer of depôts and shops from the locality to another within the limits of the same town (including cities) or village or the closure of the same. But no new shops shall be opened except with the previous sanction of the Excise Commissioner.

42. (1) No occasional licenses will be issued for the sale of liquor during *Jatras* and except in Municipal towns (including cities), existing shops, if any, will be

removed to a distance of one mile from the place of *Jatra* during the duration of the *Jatra*.

(2) Ordinary shops will not be located in unduly prominent places so as to be offensive or to offer unnecessary allurements.

43. No liquor, intoxicating drug or opium shall be sold or given—

(*a*) except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the Local Excise authorities and specified in the license—

(1) to Sailors of the Royal Navy, Soldiers and the members of their families, or
(2) to any other person living in barracks ;

(*b*) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, any classes of followers (other than private servants) whether on or off duty, who have a right to be in Cantonments ;

(2) to Policemen, Excise Officers and Railway servants when on duty, or

(*c*) in any circumstances, to any—

(1) European vagrant under escort of the Police,
(2) child or young person under 18 years of age or adult female,
(3) insane person,
(4) person known or believed to be intoxicated, or
(5) person known or suspected to be about to take part in a riot or disturbance of the public peace or other crime ;

(*d*) no child, young person under 18 years of age or adult female shall be admitted into the premises of any shop in which consumption is allowed on the premises, subject to the exception in condition 37.

NOTE.—1. The restrictions in (*a*) and (*b*) do not apply to soldiers, their families and followers when they are absent on leave from their regiments.

2. The restrictions in clauses (*c*) and (*d*) so far as they relate to adult females, do not apply to Foreign Liquor Licensees issued on fixed fees.

44. No privilege of supply or vend shall be sold, transferred or sub rented without the previous permission of the Deputy Commissioner, who may order the forfeiture of the deposits already made by the applicant or impose such conditions as are necessary for safeguarding the interests of other contractors. Nor, if the Deputy Commissioner so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

45. No holder of any Excise or Opium license will be allowed, without the written permission of the Excise Commissioner, to possess or continue to possess any interest direct or indirect in any Excise or Opium license outside the territories of Mysore, or in the Civil and Military Station of Bangalore.

46. Depôts and shops must be kept open daily unless their temporary or permanent closure is authorised under conditions 35, 37 or 38 *supra*.

47. Such supply of liquor, intoxicating drugs or opium as the Deputy Commissioner may consider sufficient to meet local requirements, must be maintained therein. The details of such supply will be published in the *Mysore Gazette*. Shops not opened by 1st July or on the dates to be fixed by the Deputy Commissioner in the case of bagani toddy shops, shall be liable to be re-sold at the risk of the licensees.

48. No liquor, intoxicating drug or opium shall be sold in shops except for cash. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in Foreign and Special Liquors for consumption off the premises.

49. No liquor or intoxicating drug shall be sold below the minimum or above the maximum retail prices that may be prescribed from time to time by Government or by any other officer empowered by them in this behalf. Power is, however, reserved to the Deputy Commissioners to raise the retail rates at which the licensee sells any intoxicating liquor or drugs if such rate is below that which may be reasonably expected to cover the cost, the rental and other incidental expenses.

Power is also reserved to the Deputy Commissioners to fix a higher retail price than the prescribed minimum price for the sale of toddy in the shops either within the areas in which the higher rate of duty is levied on arrack sold in such area or within a radius of 5 miles round such High Duty areas.

50. No liquor, intoxicating drug or opium in excess of the quantity prescribed* for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit.

51. True accounts of transactions shall be maintained from day to day in ink in the prescribed form in all shops and depôts except toddy shops. The account and permit books may be obtained from the local Excise Officers on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, intoxicating drugs or opium received must be carefully filed. The accounts and permits shall immediately after the expiry of the lease, be handed over to the Range Inspectors who shall preserve them for a further period of one year before they are destroyed.

52. Such returns and information as may be required from time to time by any officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

53. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. Short measurement or short weighment is strictly forbidden. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. In the case of toddy shops, earthen or other measures may be used provided they are of the same capacity as those of the prescribed measures which must however be maintained in all licensed premises. There is no objection however to use a quarter seer toddy measure in case of necessity.

54. Any officer of the Excise Department of rank not lower than a Sub-Inspector is authorised to inspect licensed shops and depâts. These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, intoxicating drugs and opium in the possession of licensees, and to call for and check the accounts kept in the shop or depôt. Police officers will also make an inspection when it comes within the scope of their duty.

55. An inspection note book with the pages numbered consecutively, for inspecting officers to enter their remarks in shall be maintained and always kept in the shop and be handed over to the Excise Inspector in charge of the range or any officer authorised by him to receive it on a receipt being given therefor, when it is wanted by such officers for the purposes of an enquiry under the Excise Regulation or the rules framed thereunder.

56. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into the local Government Treasury together with any * Railway and Education cesses the levy of which has been already ordered, on or before the 10th of each month beginning with July. Licensees who fail to make payment of monthly instalments as aforesaid shall be liable to pay interest from the following day together with such fines as may be imposed by the Deputy Commissioners.

NOTE.—In the malnad and semi-malnad taluks, the Deputy Commissioners may permit patels of villages who are not themselves licensees to receive payments and exceeding Rs. 50 from any individual at a time.

Kind	*Items*	*Districts*	*Rates per rupee.* * *Railway Cess* Rs. a. p.	*Edn. Cess.* Rs. a. p.
Toddy	... Tree tax, tree rent and shop-rent.	Bangalore ...	..	0 0 6

		Hassan ...	..	0 0 6

*(1) Arrack (including Jaggery Arrack), of the prescribed strength ...	4 drams
(2) Special liquors, (*ie.*, Brandy, Whisky, Gin, Rum and Milk Punch manufactured in the Government Central Distillery).	One gallon in the aggregate.
(3) Toddy, four Imperial quarts or	4 seers
(4) Country beer	4 gallons
(5) Ganja	4 tolas
(6) Opium	1 tola
(7) Foreign Liquors	2 gallons

57. No remission or abatement of the rent shall be claimable on any account whatever nor shall any remission be granted on the allegation of loss incurred on account of temperance propaganda.

58. Any sum due by a licensee may be recovered by attachment and sale of the property of the licensee or his surety under any law for the time being in force for the recovery of arrears of Land Revenue.

59. Power is further reserved to Revenue Officers to suspend licenses in case of failure of payment of *khists* on the due dates or (in the case of toddy) tree-tax also. In the case of arrack, toddy and drug shops, this power will be exercised by Amildars and in other cases by the Deputy Commissioners.

60. In the event of the aforesaid arrack, toddy or drug licensee failing to pay his *khist*, the Amildar after suspending the license shall, with the previous sanction of the Deputy Commissioner, resell after notifying the date of re-sale by affixing a notice on the Taluk Office Notice Board, the privilege with effect from the date of issue of license to the new purchaser. The date of sale shall be after the 20th of the month for which the *khist* is due and before the close of the month. Re-sales should be held in the same way as the annual sales and subject to the same conditions as those applicable to the annual sales according to the rules. Re-sales should be given wide publicity by notifying them in the *Mysore Gazette*, whenever possible and in important villages of the taluk in which the shops to be re-sold are situated by beat of drum. The Deputy Commissioner may also in his discretion dispose of the privilege in any other manner. The re-sale should, as far as possible, be notified to the defaulter. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture at the discretion of the Deputy Commissioner who may either direct such forfeiture or appropriate the same towards the arrears due by the defaulter as well as towards the deficit, if any, arising from the re-sale or other disposal of the privilege. The officer who has power to suspend the license may, however, at his discretion allow sales to continue pending re-sale or other disposal of the privilege. Disposal of the privilege of sale otherwise than by re-sale includes also closure of the shop or tavern.

61. Interest on all moneys due shall be payable at the rate of one pie per rupee or fraction of a rupee per month or fraction of a month.

62. (1) If a licensee or any person in his employment is convicted by a competent Court of any offence against the Excise Regulation or Opium Act or of any offence under the Indian Penal Code, which in the Deputy Commissioner's opinion renders it desirable to cancel the license or if it is brought to the notice of the Deputy Commissioner that the licensee has been convicted by a competent Court of any such offence prior to the grant of a license, the Deputy Commissioner may direct that the license shall be cancelled and the privilege be re-sold or otherwise disposed of at the risk of the licensee and may further direct, if he considers it necessary to do so, that any deposits made by the licensee shall be forfeited.

(2) In fraction (s) of any of the conditions of the license by a licensee or by any person in his employment, will render the licensee liable either to be prosecuted and on conviction dealt with under clause (1) or to a fine not exceeding Rs. 50 or to cancellation of license and re-sale or other disposal of the privilege at the risk of the licensee and if considered necessary by the Deputy Commissioner, to forfeiture of deposits. The rent for the whole lease shall become due at once when a (license) is cancelled under this or the preceding rule.

63. When a licensee holds more than one license granted under the Excise Regulation or Opium Act and anyone of these licenses is cancelled under clause (1) or (2) of condition 62 above or under the Special Conditions applicable to Ganja or opium shop licenses, the Deputy Commissioner, at his discretion, may direct that any or all of the other licenses under the Excise Regulation or Opium Act held by the licensee shall be cancelled and the several privileges be re-sold or otherwise disposed of at the risk of the licensee and if necessary, may further direct that any deposits made by the licensee shall be forfeited. The rent for the whole lease shall become due when a license is cancelled under this rule.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

64. Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture,

carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise or Opium Laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No person who has been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Deputy Commissioner's previous permission.

65. Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

66. With the sanction of the Excise Commissioner, any license shall be revocable by the Deputy Commissioner, at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

67. All licensees shall be bound by any additional general rules that may be prescribed under the Excise or Opium Laws and if so required by the Deputy Commissioner or any officer authorised by him, deliver up their licenses for amendment or for the issue of fresh ones.

68. No licensee shall have claim to any compensation or remission on account of any arrangements which may be made in regard to liquors or intoxicating drugs other than those to which his license relates.

69. No holder of any Excise or Opium license in any area in the State may have any interest in or hold a license for the same article in any other area in the State in which a different rate of duty is imposed without the special permission of the Deputy Commissioner for which the party concerned must apply without delay. Breach of this condition will render the party liable to the penalties prescribed by condition 58 in respect of all or any of the licenses held.

70. The licensee shall be bound to take over any liquor or drug which may remain in the shop as stock in hand belonging to the outgoing licensee, whether the privilege is purchased at a re-sale or at an original sale, at the time when the privilege is made over to the former, paying the latter such compensation for the same as may be fixed by the Deputy Commissioner. Any liquor or drug that, at the time of stock-taking, is found to be unfit for human consumption, will be destroyed and the outgoing contractor is not entitled to any compensation for it.

SECTION II.

CONDITIONS APPLICABLE TO ARRACK LICENSES.

1. The privilege conferred by the license extends only to the sale of arrack of the strength of 35° U. P. and manufactured in the Government Central Distillery. In places where separate shops are not licensed for the sale of sugarcane jaggery arrack 35° U. P., the arrack shop-keeper may be permitted to sell jaggery arrack in reputed pint or quart bottles. This privilege is however liable to be withdrawn at any time during the lease and it shall not be open to the licensee to claim any compensation on this account. But in places where both arrack and special liquor shops exist, the privilege of selling bottled jaggery arrack will be given to the licensee of the special liquor shop. When molasses arrack is for any reason not available for issue from the Distillery, jaggery arrack may be supplied in bulk in place of molasses arrack.

2. (1) The strength and quality of arrack that may be sold, and the rates at which liquor may be purchased by licensees from Government Bonded Depôts, (for from the Government Distillery direct when specially permitted by the Excise Commissioner for want of adequate stock in the Depôts) shall be such as may, from time to time, be fixed by Government.

(2) The quantities purchased at one time shall not fall below one gallon of arrack. For the transport of liquor from the Bonded Depôts or from the Government Distillery direct in the special cases referred to in clause (1) arrack shop-keepers should provide themselves with jars or other suitable receptacles which can be effectively closed and sealed and also arrange to get the consignments properly sealed before delivery.

(3) The licensees shall pay the prescribed duty, price and other charges into a Taluk Treasury or to a special shroff, if any, appointed in this behalf at the cost of Government, and located at the Taluk Cutcherry to receive such duty, price and other charges *daily* including Sundays and holidays or to such other Officer as may

be appointed by the Deputy Commissioner, and shall obtain a receipt in the prescribed printed form. On production of such receipt, the Bonded Depot-keeper shall issue the quantity of liquor equal to the amount of duty and price shown in the said receipt which will be forwarded to the Taluk Amildar under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the liquor was issued. The receipts granted will have currency only for a period of *seven* clear days from the date of issue with the proviso that the receipt issued in one month is invariably presented for issue of liquor before the close of that month. The Depot-keeper aforesaid shall issue a permit in the prescribed form for the transport of liquor from the Bonded Depot. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

(4) Persons who purchase group of shops may, with the special permission of the Excise Commissioner (who is at liberty to refuse it) and under a license by competent authority, open a depot and remove thereto liquor purchased from the Bonded Depôt and issue therefrom the requisite supply to their shops.

(5) No consignments of arrack received at the shop which have been transported through the British Territory shall be opened before they have been verified by the officers authorised to do so.

(6) The arrack kept in the shop, offered for sale and sold, shall be unadulterated and undiluted, and it shall be of the same quality and strength as issued from the Bonded Depot, subject to such margin as may be allowed by the Excise Commissioner from time to time.

NOTE.—The licensee shall maintain intact the sample bottle issued to him by the Bonded Depot-keeper with each consignment till the bulk of the liquor in the consignment is exhausted.

(7) Arrack shop-keepers may be required by the Health Department to keep a pail of water in their shops for the purpose of washing tumblers used by consumers. Suitable arrangements shall in this case be made, so that the vendor does not himself become the cleaner of such tumblers. A pail of water shall be kept at some distance from the counter or bar and a separate individual told off for the purpose of washing the vessels used for drinking.

(8) The licensee of every shop in the Cities of Bangalore and Mysore shall pay registration fee at the rate of rupees (180) one hundred and eighty per annum in advance for the period of the license for his shop and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop. Such registration and surcharge fees on arrack as may be levied in other Municipalities with the sanction of Government will be paid by the licensee of an arrack shop.

(9) The licensee of every arrack shop in Chikmagalur will pay a surcharge fee of 4 annas a gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(10) No rural arrack shops will be permitted to be opened within three miles of Bangalore City and the Civil and Military Station, Bangalore. All existing shops within that zone will be shifted to new sites so as not to infringe this condition.

(11) The Deputy Commissioner may order a licensee at any time during the currency of his lease, to raise the rate at which he sells arrack if such rate is below that which may be reasonably expected to cover its cost, the rentals paid and incidental expenses.

(12) Every arrack shop should maintain a testing stand or a fixed board on the "gulla" for placing the trial glass of liquor for testing purposes.

SECTION III.

SPECIAL CONDITIONS APPLICABLE TO SPECIAL LIQUOR AND JAGGERY ARRACK LICENSES.

1. The privilege extends to the sale, in sealed receptacles, of special liquors manufactured in the Government Central Distillery at Bangalore only, which shall be generally of the strength of 20° U. P. and also of jaggery arrack of the strength of 35° U. P. in quantities not less than a pint of each kind, at a time.

2. The licensee is prohibited from rectifying spirits or purifying, colouring or flavouring or mixing any material therewith.

3. Liquor sold under this license shall not be consumed on the premises.

4. The license-holder shall obtain special liquors including jaggery arrack from the Bonded depots on payment into the local Government Treasury of such value as may be notified from time to time.

SECTION IV.

SPECIAL CONDITIONS APPLICABLE TO THE SALE OF COUNTRY BEER.

1. The privilege conferred by the license extends, to the sale, only in sealed bottles or in bulk, of country beer or porter brewed on the Nilgiris in Breweries which may be approved of by the Government or by Messrs. Meakin & Co., Kirkee, or by the United Brewery Co., Ltd., Bangalore, or in any other Brewery approved by Government.

2. All country beer intended to be imported into the Mysore State, in bottles, shall pay such duty as may be fixed and notified by Government from time to time into the Bangalore Taluk Treasury on the printed chellan prescribed for the purpose.

(a) An application shall then be made, with the aforesaid chellan received from the Treasury, to the Excise Commissioner in Mysore for the grant of the necessary permit.

(b) On obtaining the permit and the necessary permission of the Excise authorities of the place whereform the beer is to be exported, the liquor may be imported and transported into Mysore State under cover of the permit.

(c) The consignment on arrival at its destination shall not be opened until it is verified and certified to by an Excise Officer.

(d) The permit referred to in (a) *supra* shall be in triplicate, the original shall be issued to the applicant and the duplicate shall be sent simultaneously to the Excise Inspector concerned, who will note on the back of the permit the result of his verification, and return the same to the Excise Commissioner for being filed with the counterfoil retained in his office.

3. The licensee shall sell beer or porter of approved quality. It should not be sold to be drunk on the premises when the privilege is for sale in sealed bottles. In the case of the privilege of sale in bulk, beer may be sold to be drunk on the premises up to one reputed quart bottle at a time.

4. The beer or porter sold under this license shall be brewed from good materials and its quality shall be such as to satisfy the Excise Commissioner and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. Wort shall not exceed 1073°. The beer or porter sold shall not contain more than 8 per cent of alcohol by volume. Samples of such beer or porter shall be sent duly bottled from the shop for examination and test whenever required by the Excise Department.

5. Any Magistrate having local jurisdiction, or any officer acting under his warrant or any Excise Officer shall be allowed entry to the shop at any hour to test the beer or porter on the premises and examine the shop accounts, which it shall be the duty of the license-holder and vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned beer shall be destroyed.

6. Beer brought for the Commissariat Department and rejected by the Military or other departments, shall not, under any circumstances, be forwarded for sale in the shop.

SECTION V.

CONDITIONS APPLICABLE TO TODDY LICENSES.

1. The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the Bagani toddy shop shall not tap Date trees; but both licensees can tap any of the other palm trees named above.

2. For the supply of toddy to his shops, the licensee shall have the privilege of obtaining subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands under private arrangements, between himself and the owners of such lands. If the Deputy Commissioner is satisfied that the said (hiduvali) trees should not be tapped, he is competent to withdraw the tree-tapping license and the licensee affected thereby shall not claim damages therefor. No trees will be permitted to be tapped within 3 miles from the limits of the Bangalore City and

Civil and Military Station by any licensees other than those of the Bangalore City and Civil and Military Station toddy shops. In the case of trees on Government unoccupied lands included in the date reserve list and reserved for future use, the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. The number of trees shown in the assignment list is only approximate and is subject to alteration at the time of presenting application for trees. The Revenue Sub-Division Officer, may approve all such alterations on the recommendation of the Range Inspectors. The licensee may purchase toddy from any licensed toddy shop-keeper on application to the Inspector or Assistant Inspector who will grant the required permits on proof of the necessity for the same in the following cases:—

(*a*) Where there is an unusual demand for toddy in a shop in consequence of a festival or for any other valid reason to be recorded by the Range Inspector.

(*b*) Where trees have ceased to yield during the last few days of a lease.

(*c*) Where toddy drawn by one shop-keeper at the end of the lease cannot reach the shop before the first few days of the new lease.

3. No toddy in excess of the produce of trees licensed for that shop and covered by a transport permit shall be transported to or kept in the shop or offered for sale or sold.

4. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

5. If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under section 26 of the Excise Regulation. Fresh applications for trees shall not be accepted from licensees until the arrears of tree-tax relating to all their shops are paid up.

6. In case of default, the Amildar will order the suspension of "all current" tapping license till the arrears are paid up; and if, after receiving notice of such suspension, the defaulter or his agent or employee continues to tap the trees, any or all of them will be punished departmentally or be prosecuted for illicit tapping.

7. Tree-rent at Re. 0-8-0 per tree shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore. Railways and Education cesses on tree-rent will be levied in addition as stated in General Condition 52 *supra*.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject of course to the levy of Government of tree-tax.

8. The tapping of trees is subject to the following conditions:—

(*a*) Date trees shall be tapped only by professional men.

(*b*) No date tree shall be tapped oftener than once in three years or for more than four months in the year.

NOTE.—Discretion is given to the Deputy Commissioners of districts to permit the tapping of trees in alternate years if they are satisfied that it is necessary to do so for want of other trees.

(*c*) Trees shall not be over-tapped or over-worked, *i.e.*, worked every day during the currency of the permit.

(*d*) If no date trees shall the initial incision be made at any point within six feet from the ground or eighteen inches from the top of any other incision except in places where permission is specially given by the Deputy Commissioner.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree at the point of incision and the length of it shall not exceed 8 inches.

(*f*) The central spike-like clusters shall not be touched. Of the lateral leaves, not less than two layers of leaves shall be left, reckoning, from the layers immediately next to the central clusters down to top line of incision; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters on that face of the tree on which the incision is made.

(*g*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(*gg*) The licensee shall neither prepare nor make incision into the date trees in such a way as to cause their death.

(*h*) The licensee or his employer will be liable to pay a fine equal to double the amount of tree-tax in force during the year for each tree, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(*i*) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip off their leaves or branches.

(*j*) When the licensee makes default and his shop is re-sold, or otherwise disposed of, his rights to and claims on all toddy-yielding trees for the purpose of tapping cease and determine.

9. The licensee shall not interfere with the persons holding license for cutting date leaves, mat-making, rope-making, basket-making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

10. Deputy Commissioners may subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

11. The distillation of spirit from toddy is absolutely prohibited.

12. If the licensee of a group of shops wishes to transport the toddy intended for his several shops *in one consignment*, he should obtain a depôt license and carry the toddy to this depot with the usual permit. The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depôt to the shop. The permits issued with the transport shall be subject to examination and check by the officer authorised in this behalf.

13. Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited.

14. The licensee or his vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

15. In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap man to enable Excise Officers to examine spathes or incisions as the case may be.

16. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

17. The following rules shall regulate the issue, etc., of licenses under Section 12 of the Mysore Excise Regulation, V of 1901, for the tapping of toddy-producing trees and for the drawing of toddy therefrom ;—

I. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorised agents ;

(*b*) of toddy shop-keepers or renters in the Madras Presidency ;

(*c*) of malnad land-holders free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purpose as per Government Order No. Fl. 7473-83—S. R. 248-12-7, dated 11th June 1917.

(1) The maximum number of trees allowed to be tapped free of tax for *bona fide* domestic consumption such as bread-making, etc., will be as below :—

Coffee Planters	...	... Three	...	... (Annually).
Kan-holders	...	.. Two	...	... Do
Hiduvalidars	...	... One	..	... Do

(2) Coffee planters may be allowed to open an estate shop subject to a minimum shop rent of Rs. 3 per month.

(3) Kan-holders may also be allowed to open shops in their holding on the same terms, provided that they show to the satisfaction of the Deputy Commissioner that they have legitimate demand for such shops for the use of their coolies and dependents.

NOTE.—The estate or kan licensee is prohibited from selling toddy outside such estate or kan or to persons who live outside the same.

The licenses may be issued in the name of the applicant himself or of his nominee.

II. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local treasury. Forms may be obtained from him or the Assistant Inspector under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

III. The tree-tax on toddy produce by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. "The rates of tree-tax payable for trees licensed in British territory are liable to be changed during the course of the lease at the discretion of the Government of Madras." Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules; and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

IV. Applications for tree-tapping licenses, for trees in occupied or alienated lands should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such countersignature shall, in the case of illiterate owners be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

V. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at Deputy Commissioner's discretion.

VI. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the treasury concerned.

VII. For date trees, tapping licenses and transport permits shall ordinarily be issued for four months; but in special cases the Deputy Commissioners may grant such extension of time as is necessary provided that the period of the license does not exceed six months including extensions. In no case however shall the period of the license extend beyond the close of the lease.

For cocoanut trees, tree-tapping licenses shall be half-yearly; that is, they shall be in force from 1st July or any subsequent date to 31st December immediately following and from 1st January or any subsequent date to 30th June immediately following.

In the case of other kinds of toddy-yielding trees, the period shall be annual.

For the convenience of licensees, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days previous to 1st July, but pots shall not be attached before the evening of 23rd June.

VIII. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

IX. The tax payable on each kind of toddy-yielding tree and its time of payment shall be such as may from time to time be prescribed by Government.

X. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct. In the case of Bagani trees full amount of tree-tax should be paid in one instalment only, when presenting the application :—

Period within which license is applied for	Proportion of tree tax to be paid at the time of application for license	Proportion of tree-tax to be paid on the 20th of the second month
Between 1st July and end of February ...	One-half	The remaining half.
Between 1st March and 30th June ...	The whole.	

SECTION VI.

CONDITIONS APPLICABLE TO GANJA LICENSES.

1. The privilege conferred extends only to the sale of ganja, bhang and other intoxicating drugs prepared from the hemp plant.

2. Ganja, bhang or other preparation and admixtures of ganja (except halva, which may be made from the powder on the retail vendor's hand under authority of the Inspector for sale to the public and on the responsibility and at the risk of the vendor), shall be purchased from the Government only, and shall be covered by a permit in the prescribed form.

3. Ganja, bhang and majun shall be sold at such prices as may be fixed from time to time by Government and those prices shall be in addition to the duty that may from time to time be prescribed by Government.

4. The licensee shall pay the above duty and price into a Taluk Treasury and shall obtain a receipt in the prescribed printed form. On production of such receipt the Taluk Treasury shall issue the quantity of ganja equal to the amount of duty and price shown in the said receipt, and a permit in the prescribed form for the transport of the same.

5. The licensee shall sell ganja at such rates as may be prescribed by Government from time to time.

6. The licensee shall not sell to any person more than four tolas of ganja during one day on any pretence whatever.

7. The consumption of ganja in the shop or the selling of the same to persons keeping ganjakhanas or such secret places where people congregate to smoke or partake of ganja is prohibited.

8. During the closing month of the lease (June), no licensee shall apply for more ganja than is necessary to meet the legitimate requirements of the remaining days of the lease. Every indent for ganja in June either to the Central Store House Officer (Distillery Officer, Bangalore) or to a Taluk Treasury shall be sent through the Inspector of the Range concerned, who may, at his discretion, refuse to pass it in full and may pass for supply only such quantity as he considers reasonable.

9. Shop-keepers are prohibited from breaking up the pressed ganja kept for sale in their shops, except in small quantities not exceeding the average daily sales in their shops. No licensee shall destroy the seeds or any part of his stock of ganja. The seeds, if separated from the stock, as well as any part of the stock which the licensee desires to destroy should be carefully preserved for examination and destruction by an Inspecting Officer.

10. If any ganja license is used as a cloak for illicit sales or if the licensee knowingly sells ganja to a ganja smuggler, or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any offence of that nature, he may after recording his reasons, forthwith cancel the license and resell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once when a license is cancelled under this condition.

11. The Deputy Commissioner may order a licensee at any time during the currency of his lease to raise the rate at which he sells ganja if such rate is below that which may be reasonably expected to cover its costs, the rentals paid and incidental expenses.

12. No licensee shall keep any greater quantity of ganja or other intoxicating drugs from the hemp plant than may be fixed by the Deputy Commissioner. The Excise Commissioner may, at any time during the currency of the lease, if he finds that the issues to a shop are abnormally high, restrict further issues unless good reason is shown by the shop-keeper.

SECTION VII.

CONDITIONS APPLICABLE TO OPIUM LICENSES.

1. The licensee shall be bound by the rules prescribed under the Opium Act now in force, or such other law as may hereafter be enacted in the Notifications of Government and of the Excise Commissioner and any additional general or special rules which may from time to time be notified.

2. The smoking or consumption of opium or its preparations in any form in premises licensed for sale and the sale of morphia or preparations for smoking are prohibited.

3. If this license is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the license and resell, or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once, when a license is cancelled under the condition.

4. Private persons are permitted to manufacture intoxicating drugs and smoking preparations for their own use only, provided they do not exceed the limit for possession.

5. Shop-keepers shall obtain their supply of opium from any Taluk or District Treasury in entire cakes of twenty or forty tolas (more or less) at a time at such rate as may be notified by Government from time to time. The purchase shall be covered by permit in the prescribed form. During the closing month of the lease (June) the licensee may not apply for more opium than is necessary to meet legitimate requirements of the remaining days of the lease. Every indent for opium in June will be carefully scrutinized by the Officer in charge of the Taluk Treasury who may at his discretion refuse to comply with it in full and may issue such quantity as he considers reasonable. The Range Inspector may be consulted in the matter.

6. No opium other than that obtained in the manner specified above shall be sold, received or possessed by shop-keepers. Nor shall any items of food or drink be vended in any retail opium shop.

7. The privilege conferred extends only (*a*) to the retail sale of opium in ordinary shops and (*b*) to the manufacture and retail sale of intoxicating preparations made from opium or poppy other than morphia or preparations for smoking, in firms or institutions duly sanctioned.

8. The licensee shall not sell opium to the public at a price lower than the minimum retailed rate that may be fixed by Government from time to time.

9. The licensed shop-keeper may not sell at one time to any person more than one tola of opium or any other preparations of opium.

10. The licensee shall keep no greater quantity of opium or intoxicating preparations other than morphia or preparations for smoking than that fixed by the Deputy Commissioner at the time of granting the license.

11. The Deputy Commissioner may order a licensee at any time during the currency of his lease, to raise the rate at which he sells opium if such rate is below that which may be reasonably expected to cover the cost of opium the rentals paid and incidental expenses.

12. The Deputy Commissioner is empowered to restrict the issues of opium to licensees of shops suspected of malpractices at any time during the currency of the lease.

By Order,
B. SREENIVASA IYENGAR,
Secretary to Government,
Financial Department.

ANNEXURE.

List of immovable property possessed by ....

NOTE.—(1) Under Head II, it should be stated whether the property is the sole or joint family property of the declarant ; if joint family the share of the declarant and value thereof should be stated.

(2) Under Head IV should be noted interests in or claims on the property other than those noted under Head II, *e.g.*, claims on account of dowry or stridhanam.

(3 The Amildar should question the deponents further, if necessary, in order to elucidate their statement and should record the replies which

PART II--Section 2.

NOTIFICATIONS BY GOVERNMENT.

CHIEF SECRETARIAT.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

NOTIFICATION.

No. 4169—*P. P.* 85-28, *dated* 27*th March* 1929.

1. **His Exalted Highness Asaf Jah Muzaffar-ul-Mulk wal Mamalik Nizam-ul-Mulk Nizam-ud-Daula Nawab Mir Osman Ali Khan Bahadur., Fateh Jang, G.C.S.I., G.B.E.,** Nizam of Hyderabad, is expected to arrive at Mysore by special train on Thursday the 4th April 1929, at 7-10 A M.

2. His Exalted Highness will be received on the Railway Station Platform by His Highness the Maharaja, attended by the Principal Officers and Sirdars of the State, present at Mysore, and by such Officers and other persons as may be invited to be present on the occasion.

3. After presentations, His Exalted Highness the Nizam will inspect the Guard of Honour on the platform.

4. Their Highnesses will proceed to Government House escorted by His Highness the Maharaja's Body Guard and the Mysore Horse.

5. A Guard of Honour of the Palace Infantry, with band and colours, will be drawn up on the platform of the Railway Station between the gate by which His Exalted Highness will leave the station and the north end of the platform, and will salute His Exalted Highness as he alights from the carriage.

6. A salute of 21 guns will be fired by the Palace Battery when His Exalted Highness arrives at Government House.

7. The main road to Government House will be lined by the spearsmen of His Highness the Maharaja's Rachevar and Bhale Forces and by the Mysore State Troops. The Troops will salute His Exalted Highness as he passes.

8. Along the route.—

The President and Members of the Mysore City Municipal Council, the leading landholders and merchants, and other gentlemen invited, will assemble at the Municipal Pandal in Curzon Park, between the Statue Square and the Memorial Fountain, and the President will present flowers to His Exalted Highness and His Highness the Maharaja.

9. The following will be the route by which His Exalted Highness will pass from the Railway Station to Government House:—

Leaving the Railway Station, pass along the Railway Station Road up to the Sri Krishnarajendra Hospital, turn right into Sayyaji Rao Road, enter Albert Victor Road leaving the Memorial Fountain to the right, thence to the Municipal Pavilion. From there the procession will move on and pass straight on to the eastern gate of Curzon Park leaving the Statue to the right, and through Hardinge Circle and Government House Road to Government House by the western entrance of the porch.

10. DRESS :—Durbar Uniform will be worn by all officers entitled to wear it.
Europeans not entitled to wear uniform will appear in morning Dress.
Indians not entitled to wear uniform will appear in Palace Dress.

No. 4264—*P. P.* 85-28, ***dated 2nd April*** 1929.

His Exalted Highness the Nizam of Hyderabad is expected to arrive at Mysore, at 8-30 A.M. on Thursday the 4th April 1929, instead of at 7-10 A.M. as specified in Government Notification No. 4169—P. P. 85-28, dated the 27th March 1929.

No. G. 5021—*G. M.* 54-28-1, *dated* 30*th October* 1928.

It is notified for general information that the following books are available for sale at reduced prices at the Government Central Book Depot, Bangalore :—

No. G. 12327—Suny. 1-28-27, dated 3rd April 1929.

In exercise of the powers vested in them under the Mysore Epidemics Regulation II of 1897, the Government of His Highness the Maharaja of Mysore hereby prohibit the attendance of people from areas infected with cholera or plague at the Jatra at Chikkthirupathi, Lakkur Hobli, Malur Taluk during the period from 20th April 1929 to 27th April 1929 (both days inclusive). All persons proceeding to the Jatra in contravention of this Notification are liable to be turned back.

By Order,
R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

Official Memorandum No. D. 10122—I. & C. 341-28-2, dated 2nd April 1929.

The following note by Sir Alfred Chatterton on Sugar-cane cultivation under the Krishnarajasagara is hereby published for the information of the Public. Government would be glad to receive suggestions and criticisms on the various proposals contained in the note from persons interested in the subject. All communications may be addressed to the Secretary to Government, Development Departments, and should reach before the 1st June 1929.

By Order,
N. RAMA RAO,
Secretary to Government,
Development Departments.

SUGAR-CANE CULTIVATION UNDER THE KRISHNARAJASAGARA.

The problem which I propose to discuss in this note is what policy should be pursued to obtain the maximum economic advantage from the very large expenditure which has been incurred on and which will yet be incurred to complete this combined hydro-electric and irrigation project. The works are estimated to ultimately cost Rs. 641 Lakhs, of which approximately Rs. 400 Lakhs has already been expended involving interest charges which calculated at 5½ per cent amount to Rs. 24 Lakhs per annum. The hydro-electric developments have been carried out and the capacity of the Sivasamudram Station has been increased by 36,000 Horse power. At this moment, I have not before me any information of recent date as to the extra revenue which is now earned by the Sivasamudram Installations, but it is estimated to ultimately amount to Rs. 30 Lakhs and is probably now about two-thirds of that sum. The interest charges are not therefore a serious burden at the present time, but they will rapidly increase and after the sanctioned programme of work is completed, they will be very heavy and it is necessary that the irrigation returns should as rapidly as possible be developed to meet them.

2. In July 1927, Government appointed a Committee to advise them as to the measures necessary for the development of irrigation under this reservoir and the valuable report submitted by that Committee was accepted by Government and the requisite orders passed giving administrative sanction to the recommendations contained therein.

3. In this report, the Committee stated that the water available for irrrigation would be 35,718 million C.ft. or sufficient for an area of about 1,20,000 acres, assuming that in each year one-third of the land was under sugar-cane with a duty of 2½ acres per million cubic feet: one-third under paddy with a duty of 4 acres per million cubic feet and one-third under garden crops with a duty of 10 acres per million cubic feet. This works out at an average of 4 acres of irrigation per million cubic feet, on the assumption that the areas under each kind of crop are equal. On this basis, 1,20,000 acres will require 30,000 million cubic feet of water and there is a margin of 5,718 million cubic feet or nearly 20 per cent to allow for contingencies and for possibly excessive cultivation of sugar-cane. This is, I consider, a very reasonable and even somewhat conservative estimate of the duty that may be expected from the water and I do not in any way share the opinions of some who have thrown doubts on the possibility of realising these estimates.

4. Near the conclusion of their report, the Committee stated "No pains should be spared to develop irrigation in accordance with the latest practices and with an eye to the highest returns. The Policy indicated in this report should be steadily pursued for at least 15 years from the date Government begin to give water for irrigation". From this I conclude that the Committee consider that 15 years will be necessary to bring the ultimate area under irrigation and one member taking a less favourable view in a separate note would extend the period to thirty years. The history of the development of irrigation in the

Madras Presidency especially under the Godaveri and Kistna systems furnishes ample warrant for such views and I have but little doubt that unless special measures are taken there will be a comparatively slow expansion of irrigation and that the adoption of block systems with a triennial rotation of crops will tend further to extend the time. I am nevertheless in favour of the principle of the block system as being in the long run calculated to give the best return.

5. It appears to me however that this irrigation project affords an unprecedented oppotunity for the adoption of a new policy which will carry the idea, the germ of which appears in the block system, to its complete development. The essential feature of the block system is a triennial rotation of crops to which the cultivator is made to conform in his own and in the general interest. One of these three crops is sugar-cane, which is estimatad to yield a return of Rs. 500 per acre, as compared with Rs. 80 for paddy and Rs. 50 for garden produce. It will be agreed that sugar-cane is a capitalist crop and that to realise the large return given above will involve proportionately heavy cultivation expenses. To avoid controversy I will not suggest a definite figure. But that is not all when the crop is ripe it must be crushed and the resulting juice boiled down to Jaggery by the cultivator or the canes sold to a mill for the manufacture of Sugar. Years ago I worked out in Coimbatore that a pair of bullocks will crush an acre of cane in three weeks and I formed the opinion, both there and later in Mysore, that the lack of cattle power was one of the reasons that restricted the area of cane cultivation.

6. I think we may assume that the cultivators under the lands commanded by the High Level Canal are mostly without resources and quite unable to find the capital necessary to engage in Sugar-cane cultivation. They may be able to borrow a little money but it is quite certain that without extraordinary measures to help them the development of sugar-cane growing will be very slow. Moreover when cane is grown, there will be the difficulty of crushing the crop and when all obstacles are overcome, of the realisable profits a large portion will be absorbed in interest on advances.

7. I have for a long time held the view that India is not self-supporting in the matter of sugar because the cultivator of sugar-cane has perforce also to be a manufacturer of *gur*. I do not think it is necessary now to elaborate this proposition but I would point out that the more intensive the cultivation of cane and the higher the percentage of land under this crop, the greater are the disadvantages under which the indigenous system labours. We are now contemplating 33 per cent of the cultivated area being under sugar-cane and I agree with the dissentient member in his pessimistic outlook. But unlike him, I do not accept the situation as I think that it is extremely easy to provide remedies for all the difficulties which normally the cultivator will have to face if left to himself.

8. My proposal amounts to this—that Government should come to the aid of the cultivator and should provide him with financial assistance to grow sugar-cane, that Government should take over his crop when it has been cut and that they should provide the machinery to crush it and work it up into a marketable product and that finally they should place the product on the market. If this is agreed to, the work should be taken in hand at once and preliminary arrangements made so that directly water is let into the Canals, which I understand will be in 1931, a large area of Sugar-cane can be started. At this stage, it would be quite useless to discuss in detail how these operations can be carried out. As a matter of fact, there should be no difficulty about them and the details can be varied to suit local needs and will certainly be subject to modification as experience accumulates. It does however appear to me to be necessary to clearly indicate what financial responsibility Government will incur and what benefits will accrue to the cultivators and what return will be obtained by the State.

9. The proposal of the Committee accepted by Government amouts to this that under this irrigation system, the cultivators must agree to put one-third of their land under sugar-cane or they will not get water. This is justifiable as without such a provision no adequate return can be obtained on the expenditure to provide the irrigation water. The cultivator runs no risk of not getting a market for his crop as India imports about 800,000 tons of sugar a year and on this import, there is a duty of 25 per cent. Experience shows that cane can be grown in Mysore and that the conditions, when water is available, are very favourable. There is therefore no more risk in growing sugar-cane than any other crop. If Government take over the crop, they take over produce which can easily be sold at the current market prices and they will pay the cultivator for his crop at rates computed by a sliding scale depending on prevailing market rates. The investigations necessary to obtain an equitable sliding scale will not be easy as it will have to be based on the sucrose contents of the cane and one may reaonably anticipate that it will take time to get it to work smoothly. There is considerable experience on this matter available at Nelikuppam in the South Arcot District of the Madras Presidency and in the North of India, where a number of sugar manufacturing companies are at work.

10. All advances made to cultivators should be on a commercial basis and the rate of interest should be one per cent above the average bank rate. I assume for the sake of illustration that it will be necessary to advance the raiyat or cultivator a sum of Rs. 200 per

acre of cane for cultivation expenses, for the purchase of seed cane and for manures. Ultimately with 40,000 acres under cane such advances would amount to Rs. 80 lakhs but it is important to remember that they will be floating advances, such as if necessary the Imperial Bank or the Bank of Mysore could make, and they will be secured by the fact that the crop when ready will be handed over to Government for conversion into jaggery or sugar. On the basis of Rs. 200 per acre and allowing a period of five years to bring the whole area under cultivation, the amount of finance to be granted will start with about Rs. 16 to Rs. 20 lakhs and will increase annually by that amount but the transactions of each year will be complete in a definite period as the cultivator liquidates his debt by handing over his crop. Only failure of the crop through negligence or unavoidable causes will lead to default and it will be easy to provide an insurance rate to cover such contingencies.

11. To deal with the crop, I would in the first instance advise Government to instal five roller crushing mills driven by electric power or by oil or gas engines, each with an adequate battery of boiling pans. There is a great deal of experience available as to the working of such plants and they should be of a capacity to deal with about 200 acres of cane in the season. Roughly, I except they will cost about Rs. 20,000 each or say Rs. 100 per acre. To cover the whole area of 40,000 acres with such plants would involve a permanent capital outlay of Rs. 40 lakhs. But before that area is reached, it is possible that these plants may in some tracts be superseded by large sugar mills and in that case the displaced jaggery plants can be moved elsewhere. The establishment of large sugar mills should be a subject for later consideration, but it may be assumed that the successful cultivation of cane, on a large scale and with a high degree of concentration, will render them inevitable. Whether they are to be Government Mills or set up by private agency need not now be discussed.

12. The Committee estimate the return from sugar-cane at Rs. 500 per acre or at Rs. 2 crores from 40,000 acres and these figures, I accept, save that I think the evidence as to the existence of 40,000 acres of good sugar-cane land is not convincing. It seems to me that it is necessary that a very careful survey of the area commanded should be made by a competent expert staff and unequivocal evidence obtained. That there is a large area I do not doubt but the actual extent and its classification into grades certainly requires urgent attention.

13. Under this scheme of working the Sugar-cane cultivation, the raiyat will be relieved of anxiety regarding finance. The local market for jaggery need not be flooded directly the crushing season is over as is usually the case when the raiyat crushes his own cane and there need not be those violent fluctuations in prices which usually occur. In addition the quality of jaggery can be fairly standardised and that in itself will be an advantage whilst the standard of quality may also be raised as the conditions under which manufacture will take place will be favourable to the production of a high quality.

14. The most important and novel feature of this scheme will be that the whole of the sale proceeds of the crop will pass through the hands of Government and will necessitate the provision of a very competent accounts department to deal with their distribution. The cultivator will be credited with the value of his produce and from that gross value will be deducted all advances made to him, during the previous year with the accrued interest charges, together with his total water-rate for the area irrigated under the block system. I do not accept the charges proposed by the Committee as equitable to Government, nor do I suggest what they should be, but I do suggest that of the unaided raiyat under the Deccan Canals can pay as much as Rs. 50 or Rs. 60 per acre, it will be equitable to charge a much higher rate than Rs. 15 per acre contemplated by the Committee.

15. It is proposed to recover part of the cost of the project by the levy 'of a contribution,' on the land irrigated averaging Rs. 100 per acre and to spread the period of payment over five years. This is in accordance with local custom and I understand will not be objected to but I venture to suggest that it is not sound policy. To levy the whole contribution in the five initial years is to levy it during the time when the cultivator requires all the capital he can command and during the period when it is desirable that he should be given every possible encouragement so that he may learn to appreciate the advantages of supervised cultivation. I would therefore suggest for consideration that the contribution be either dropped entirely and a much higher water-rate levied or that it be increased in amount and recovered over a long period of years. I have seen irrigated land increase from Rs. 100 per acre to Rs. 1,000 per acre and I am sure that in the case of this irrigation system, if worked on the lines I have proposed, the land values will increase in at least the same ratio. It is universally agreed now that unearned increments should be regarded as a legitimate source from which public revenue may be derived and it would, I think, be a somewhat short sighted policy in this instance to follow ancient precidents.

16. I have not adequate data to prepare a financial forcast of the effect of these proposals. The results will depend on the prevailing prices for sugar and jaggery several years hence and though there is no certainty about them, it is hardly likely that they will be lower than at present. The benefits of this scheme should be shared by Government and by the

cultivators and after the whole cost of working it has been debited to the annual income, any surplus profits might be distributed in some predetermined ratio. Merely for consideration, I suggest that since Government bears the financial burdens and thereby obtains unusually chief finance for the cultivator, the ratio should be 60 per cent to Government and 40 per cent to the cultivators but a very detailed examination might lead to the adoption of some other ratio.

At the present moment, it appears to me undesirable to consider more than the general outline of these proposals which I have now submitted. If they are accepted as a guide to the policy to be persued, it would then be desirable to appoint a special officer to consider them in detail and devise a working plan. I presume that in some form or other, they will be presented to the Legislative Assembly and that they will only be adopted with popular approval of them as a satisfactory selution of the problem before the Government.

It may not be inopportune to draw attention to the somewhat similar methods adopted in the Soudan under the great reservoir on one of the branches of the Nile to secure a rapid expansion of the irrigated cotton crop. Writing without references I think that in this case the Soudan Government have given concessions to a private company which has already financed the whole of the works necessary to deliver the water on to the land and its further assumption of responsibility for the conduct of the cultivation in accordance with the results of modern agricultural knowledge is a comparatively slight matter. Yet it is essential if anything like a reasonable return is to be obtained.

5th March 1929. Alfred Chatterton.

LAW SECRETARIAT

No. P. 5781—*Pol.* 198-28-2, *dated* 30*th March* 1929.

In modification of Notification No. P. 5932—Police 50-26-68, dated 16th May 1927, the Government are pleased to direct that the officers of the Public Works Department referred to therein, shall be entitled to free licenses in Form IX of the Mysore Arms Rules, 1926, in respect of a gun and a revolver and a reasonable quantity of ammunition for the same.

No. P. 5813—*Cts.* 41-28-50, *dated* 1*st April* 1929.

The privilege leave of one month granted to Mr. B. R. Ramalingiah, M.A., B.L., Second Grade Munsiff in charge of the Second Magistrate's Court, Tumkur, in Government Notification No. P. 4087—Cts. 41-28-37, dated 1st February 1929, is hereby extended by fifteen days.

The existing acting arrangement will continue during the above period.

No. Rel. 298—*L. C.* 17-28-1, *dated* 3*rd April* 1929.

In exercise of the powers vested in them under section 6 (1) of the Mysore Legislative Council Regulation, XIX of 1923, the Government of His Highness the Maharaja of Mysore are pleased to modify sub-rule (3) of Rule 23 of the Rules relating to the constitution of the Committee on Public Accounts, issued with Notification No. P. 4347—Legis. 13-23-22, dated 5th February 1924, as follows:—

"(3) One of the Members of the Council of His Highness the Maharaja appointed by the Government for the purpose, shall be the Chairman of the Committee. In the case of equality of votes on any matter, the Chairman shall have a second or a casting vote."

No. Rel. 299—*L. C.* 17-28-2, *dated* 3*rd April* 1929.

Under rule 23 (3) of the rules for the conduct of business of the Legislative Council, relating to the constitution of the Committee on Public Accounts, as modified by Notification No. Rel. 298—L. C. 17-28-1, dated 3rd April 1929, the Government of His Highness the Maharaja of Mysore are pleased to appoint the Third Member of Council as Chairman of the Committee on Public Accounts.

By Order,
P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

No. R. 7893—*R. M.* 10-28-51(*a*), *dated* 3*rd April* 1929.

Under paragraph 2 of the rules, issued in Government Order No. R. 14-25—L. R. 149-24-74, dated the 3rd October 1925, the wet lands under the marginally noted tanks in the Devasamudra Hobli of the Molakalmuru Taluk, are notified as being entitled to remission of half wet assessment during the year 1928-29.

2. Gowrasamudra.
3. Siddapura.
4. Devasamudra.

By Order,
P. MAHADEVAYYA,

FINANCIAL SECRETARIAT.

Rules Regulating Sales of Excise Privileges.

No. Fl. 6837—Ex. 82-28-4, dated 5th March 1929.

Under Sections 16 and 29 of the Mysore Excise Regulation, V of 1901, as amended from time to time and also Section 5 of the Opium Act, I of 1878, and in exercise of all other powers enabling them in this behalf, the Government of His Highness the Maharaja of Mysore are pleased to frame the following rules to regulate the disposal of the privilege of retail vend of intoxicating liquors and drugs, in supersession of Notification No. Fl. 7598—Ex. 96-27, dated 14th March 1928.

SECTION I.

I.—PROCEDURE REGARDING DISPOSAL.

1. The privilege of retail vend of excisable articles shall be disposed of either by auction or by such other method as may be notified by Government.

2. In cases where the right of retail vend is permitted by Government to be disposed of by calling for tenders, a notification calling for the same shall be published by the Excise Commissioner in three successive issues of the *Mysore Gazette*, after obtaining the previous approval of the Government therefor.

3. In cases where the privilege of retail vend is permitted to be disposed of by auction, the Excise Commissioner will issue every year (or on such other occasions as may be fixed by Government) a notification, both in English and in Kannada, giving such further instructions and conditions as may be required to supplement those herein contained to regulate the sales, with a statement showing the time and places of sale. "Even in cases where a notification has issued under the above clause, the Deputy Commissioners may in special cases and with the previous sanction of the Excise Commissioner, call for tenders for any individual shop or group of shops and dispose of the same as the result of such tenders prior to auction. If the shops are so disposed of, the notification regarding the sale by auction of such shops will be cancelled."

4. The Deputy Commissioners will themselves conduct the sales in important places. In other places, the Revenue Sub-Division Officer or any other Gazetted Officer of the Revenue or Excise Department, not below the rank of an Assistant Commissioner, should hold the sales.

II.—CONDITIONS OF AUCTION SALE.

5. A deposit must be made by each bidder previous to bidding and will be received *by the selling officer on the day of sale.* A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the case of shops whose average monthly rental is very small, the selling officer may fix such other reasonable amount as he may deem fit. At the close of the day's sale, the deposit made by the unsuccessful bidders will be returned to them.

6. A bidder, about whose solvency the sale-conducting officer is not certain, will be required to produce either a certificate of solvency from a responsible officer of Government or two respectable persons as sureties for the due fulfilment of his obligation as a purchaser at the sale.

7. The shops will be put up to auction in the order in which they are notified in the schedule unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the selling officer. The rentals and the consumption of the previous three years will be notified for the information of the bidders.

NOTE 1.—The privilege of vending toddy in any coffee estate or kan may be sold to the planter or kan-holder for any fixed amount not less than Rs. 36 per shop per annum.

NOTE 2.—Toddy shops in alienated villages whose claims to the Excise Revenue from toddy have been recognised or have not yet been settled shall invariably be sold separately and the amounts connected therewith shall be shown in the accounts under a distinct head. Where Inam shops are sold along with Government shops, when the former cannot be conveniently disposed of individually, the rental of Inam shops will be fixed *pro rata* according as there is increase or decrease in the rental of Government shops.

8. Every shop will, as a rule, be sold independently. Grouping will be resorted to only under very exceptional circumstances limiting the number of shops so grouped strictly to the necessity of the occasion.

9. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

10. No shops will be knocked down in the name of two or more persons unless they represent a duly recognised company or firm by means of a power-of-attorney. The selling officer shall refuse to register as a purchaser any one in whose name the bidding has not proceeded.

11. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that it is too low, or that he has been convicted by a criminal court, or has previously been guilty of such a breach of the conditions of a license or of a contract under the Excise Regulation or Opium Act, so as to render him undesirable as a holder of a license, or that such a course is necessary to prevent arrangements to the detriment of Government interests, or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative after recording his reasons for doing so. Village officers will not be allowed to bid for, or to have any pecuniary interest in shops for the sale of intoxicants within the limits of their villages. No defaulter who owes arrears of Excise Revenue to Government should be allowed to bid at the Excise sales unless he produces a certificate from the Deputy Commissioner or Sub-Division Officer or District Excise Officer stating that the non-payment of the arrear due by him is due to its not having been determined or to its being in dispute or under correspondence.

12. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation by the Deputy Commissioner, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid unless revised by the Excise Commissioner for special reasons and will be necessary whether the sale is held by the Deputy Commissioner himself or by any officer appointed by him.

13. If the Officer conducting the sale rejects the highest bid under condition 11, he may at his discretion either accept the next highest bid or resell the shop. In case of dispute, the Selling Officer's decision will be final.

14. Shops remaining unsold at the first auction will ordinarily be disposed of by re-auction or by tender or otherwise at the discretion of the Deputy Commissioner later on.

15. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the Selling Officer, or otherwise at the close of the day's sale, make a further deposit which together with the initial deposit made under condition 5, will make up one month's *khist* for each shop. In the case of a foreigner, the initial deposit together with the further deposit will be equal to two months' *khist*, and in the case of a Bagani toddy shop, to four months' *khist*. Should he fail to do so, the deposit made by him under condition 5 will be forfeited and the shops will be put up again immediately to auction by the Selling Officer on the above conditions or otherwise disposed of by the Deputy Commissioner at the risk of the defaulter who will be debarred from bidding again for the same or for any other shop. Successful bidders will be granted proper receipts for the amount deposited by them.

16. *Every person* to whom shops have been knocked down and who has made deposits as provided in conditions 5 and 15 shall—

(1) at once apply in writing for a license for each shop knocked down to him and within a week thereafter furnish the Amildar with the boundaries of the site selected by him for the location of the shop and a statement in the prescribed form (annexed to this Notification) showing details of immovable property possessed by him, or in which he has an interest together with accurate and full details of encumbrances, etc., thereon;

(2) within fifteen days from the date of sale, deposit such further sum as with the deposits already made under condition 15 *supra* will make up two months' rent of all shops knocked down to him, unless such deposit or a larger deposit has already been made.

He shall then without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth.

17. If, on perusal of the statement of immovable property furnished under condition 16 *supra* or on an independent enquiry, it is found that the purchaser is of doubtful solvency and, if in the case of a foreigner who has already deposited

two months' *khists* under Rule 15, it is found that he has no sufficient property in the Mysore State, such purchaser or foreigner *shall* be required, either—

(1) to deposit twice the sum prescribed in condition 16 *supra*, or

(2) to execute a mortgage of his immovable property in Mysore in favour of the Government for all moneys that may become due under the terms of the contract with a power of sale in favour of the mortgagee to be exercised in default of payment thereof by the purchaser, or

(3) to get a surety or sureties, residents of and possessing sufficient property in the Mysore State, to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract and to execute a mortgage deed of his or their immovable property in favour of Government for the payment of all moneys due under the said contract by the purchaser with a power of sale in favour of the mortgagee in default of payment thereof, by the surety or sureties or by the purchaser, or

(4) if the Amildar is not satisfied that the value of the immovable property tendered by the purchaser as security is adequate, he may require such person further to produce, in addition to mortgaging his property, a surety or sureties to be approved by the Amildar, who shall execute a security bond for the balance of the money that may become due and execute a mortgage deed of the surety or sureties' property in favour of the Government.

The sureties referred to in sub-clauses (3) and (4) should submit to the Amildar, a statement in the prescribed form annexed to this Notification, showing details of their immovable property. The purchaser shall be bound to carry out the provisions of sub-clauses (1) to (4) above within fifteen days from the date of sale.

The bond and the mortgage deeds shall be stamped and registered at the expense of the purchaser.

18. As soon as the sales are over, the sale-conducting officer shall forward a list of successful bidders with his remarks to the Deputy Commissioner for confirmation of the sales.

19. Deposits will be returned in any case in which the Deputy Commissioner refuses to confirm the acceptance of the bid.

20. On the failure of any person to make deposit under conditions 15 and 16 or to comply with the requisition under conditions 16 and 17 *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made shall be forfeited and the shop promptly re-sold. Due publication should always be given to the re-sale in the localities concerned and among persons likely to bid at the sales.

21. Re-sales effected under condition 20 will be at the risk of the defaulting bidder who will forfeit all gain, and, in the event of loss, will be required to make good the deficiency between the total amount payable for the whole period, under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case, the forfeited deposits will be deducted from the loss arising from the re-sale and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of Land Revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale. Disposal otherwise than by re-sale includes closure.

22. The deposits under conditions 16 and 17 may be made either in cash or approved security. When deposits are made otherwise than in cash, the same will be accepted at their market value not exceeding the face value of the bond.

23. Deposits in cash will be adjusted towards the instalments of *khists* due in the last month of the period of the lease. Deposits of securities of Saving Bank pass books, etc., will be returned on payment in cash of the full amount of the rent due and of any penalties or other sums recoverable under the terms of the license or the conditions set forth below unless the depositors wish that Government should take them over, in which case they will be taken over at market rates, and the balance, if any, due to Government must be paid in cash. In cases of default under condition 20 of the Conditions of Auction Sale or under conditions 58 and 59 of the general conditions applicable to all Excise and Opium Licenses, all securities deposited are liable to be sold for any amount due to Government under the terms of the lease, the remainder, if any, due after such sale being recovered as arrears of Land Revenue.

24. The purchaser shall adhere to all the provisions of the Excise and Opium Laws which are in force or which may come into force and of the rules which have

been or may from time to time be framed either by Government or by the Excise Commissioner or by any competent authority.

25. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below though a formal license may not have been issued to him.

In the event of the purchaser's death, his heirs and assigns shall be responsible for all moneys that may become due to Government under the terms of the agreement as well as for the proper observance of all the conditions of the license.

26. The licenses issued under the above clauses will contain the following general conditions common to all Excise and Opium licenses and the special conditions prescribed below for each particular kind.

III.—GENERAL CONDITIONS APPLICABLE TO ALL EXCISE AND OPIUM LICENSES.

27. (*a*) The manufacturers of arrack and other country spirits as well as the licensees of Arrack Bonded Depôts are prohibited from holding any interest in the retail vend of arrack or in the vend of other intoxicants and from employing any person who has such interest.

(*b*) The lessee of an arrack shop shall not have any interest in the privilege of vending special liquors in the place and *vice versa*.

28. Except where definite sites in the possession or under the control of Government have been prescribed, purchasers of shops must make their own arrangements for securing proper sites for their shops. They are at liberty to choose any site within the local limits prescribed by the Deputy Commissioner, provided the site selected is approved by the Deputy Commissioner in accordance with any rules prescribed by Government. The limits of the site selected and approved will be entered in the license. The possession (except subject to the rules applicable to unlicensed persons), or sale of liquors, opium or intoxicating drugs outside those limits is prohibited.

29. Sales under any Excise or Opium license must be conducted in an approved building, of which the whole or the whole of a separable part must be entirely set aside for use as a depôt or shop. If there are means of communication between the depôt or shop and an adjoining dwelling house, they must be kept locked at night. In the case of arrack shops in municipalities or towns having a population of 2,000 and over, the shop premises shall have no doors except into the main street; unless barred and protected by wire netting, no windows or other openings shall be allowed to the rear or at the ends of the building; there shall be no possible means of ingress or egress in any other direction; the bar at which the sale is held shall be opposite the entrance door and so situated that all persons inside can be seen by any one passing to and fro in the street, and shall not be more than four feet raised from the ground and no second room shall be used for sale, or be kept open for customers. The interior of the shop shall be sufficiently lighted by day so that the whole interior may be visible from the front door and the premises shall be kept clean and in a sanitary condition. The shop shall not be used as a place of residence; but vendors or caretakers may sleep in it at night, if necessary, to safeguard the stock.

30. (*a*) Except when two or more Foreign Liquor licenses or the Ganja and Opium licenses in the same locality are held by one person, or in the case of licenses held by Chemists and Druggists and Medical Practitioners, sales under different licenses must be conducted in different premises.

(*b*) The possession upon any licensed premises of any liquor, intoxicating drug or opium except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor, except in accordance with the terms of a compounding license, is prohibited.

31. A signboard must be affixed to the front of each shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and the current rate of sale. These particulars must be legibly painted in the local vernacular. The license must be hung up in a conspicuous place within the depôt or shop.

32. All liquor, intoxicating drugs and opium sold or kept for sale shall be of good quality undiluted and unadulterated. Nor shall a blend of different kinds of liquors be made and sold under the designation of one of them. Nothing shall be

added to liquors, opium or intoxicating drugs either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorised to inspect depôts and shops (*vide* condition 50 *infra*) are authorised to detain any liquor, intoxicating drug or opium found unfit for consumption or use, or which they may believe to have been tampered with, and the Excise Commissioner, Deputy Commissioners and Revenue Sub-Division Officers or District Excise Officers are empowered to confiscate and destroy such as are found unfit for consumption or use.

33. The manufacture, sale or transport of liquor, intoxicating drugs or opium and the tapping of drawing of toddy in the case of palm trees by persons below the age of eighteen or by persons suffering from leprosy or any contagious disease and the employment of such persons in groves, shops or depôts for the sale of the same are prohibited. The Revenue Sub-Division Officer, the District Excise Officer or the Range Inspector may call for the names of all persons employed or proposed to be employed in depôts, shops or groves and the Revenue Sub-Division Officer or District Excise Officer may forbid the sale of intoxicants or their manufacture or transport by any person whom he may disapprove.

34. No arrack, foreign liquor or beer shop will be opened before 9-30 A.M. and no other shop or depôt before sunrise. No depût or shop will be kept open, on any plea, after 8 P.M.

NOTE.—In the Bangalore City, however, the opening hour of arrack, foreign liquor and country beer shops will be 11 A.M. and the closing hour of all excise shops except those for the sale of ganja, opium and foreign liquors will be 9 P.M.

35. Deputy Commissioners are authorized to notify at the time of the auction sales that specified shops will be closed on the occasion of specified festivals and that the hours of sale at specified shops which are situated within a mile of a market or shandy will be limited on market days generally or that they will be liable to limitation on such occasions by orders issued during the currency of the lease if it is found that the shops promote drunkenness. Special discretion is given to Deputy Commissioners to reduce these hours further in industrial areas by closing the shops on week days from 11-30 A.M. to 1-30 P.M., and on the afternoon of pay days and by directing the shops to keep open on Sundays only between 11-30 A.M. and 1 P.M. Sales after the prescribed hours of closure in the Cities of Bangalore and Mysore and Kolar Gold Fields will be allowed in special cases under separate licenses and on payment of such fees as may be prescribed by the Excise Commissioner. Power is reserved to Deputy Commissioners on the report of the Police or for other sufficient recorded reasons, to order the closure of any particular shop either in towns or in the country at 7 P.M., if they consider such a course to be advisable in the interests of the public.

36. Drunkenness, disorder or gaming shall not be permitted in depôts or shops. Entertainments of any kind in depôts or shops are also strictly forbidden.

37. No women shall be employed in the excise or opium shop for the sale of liquor, opium or intoxicating drugs without the special permission of the Deputy Commissioner unless she be a member of the renter's family.

38. No robbers or thieves or disorderly or riotous persons or prostitutes or soldiers or others known or believed to be deserters shall be harboured in depôts and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police Officer.

39. No person shall be harboured in any depôt or shop during the night.

40. Depôts and shops situated on or adjacent to the line of march must be closed, if the Deputy Commissioner so orders, while a Regiment or Detachment of European or Indian soldiers is passing or is encamped in the vicinity. Deputy Commissioners or Revenue Assistant Commissioners or District Excise Officers shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depôt and shop-keeper shall, on his own motion, close his depot or shop when there is riot or disturbance in the neighbourhood.

41. The Deputy Commissioners may order the transfer of depôts and shops from the locality to another within the limits of the same town (including cities) or village or the closure of the same. But no new shops shall be opened except with the previous sanction of the Excise Commissioner.

42. (1) No occasional licenses will be issued for the sale of liquor during *Jatras* and except in Municipal towns (including cities), existing shops, if any, will be

460

removed to a distance of one mile from the place of *Jatra* during the duration of the *Jatra*.

(2) Ordinary shops will not be located in unduly prominent places so as to be offensive or to offer unnecessary allurements.

43. No liquor, intoxicating drug or opium shall be sold or given—

(*a*) except at shops specially approved by the General Officer Commanding the Division (or independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the Local Excise authorities and specified in the license—

(1) to Sailors of the Royal Navy, Soldiers and the members of their families, or
(2) to any other person living in barracks ;

(*b*) (1) to persons whom a vendor knows, or has reason to believe, to be camp followers, *i.e.*, any classes of followers (other than private servants) whether on or off duty, who have a right to be in Cantonments ;

(2) to Policemen, Excise Officers and Railway servants when on duty, or

(*c*) in any circumstances, to any—

(1) European vagrant under escort of the Police,
(2) child or young person under 18 years of age or adult female,
(3) insane person,
(4) person known or believed to be intoxicated, or
(5) person known or suspected to be about to take part in a riot or disturbance of the public peace or other crime ;

(*d*) no child, young person under 18 years of age or adult female shall be admitted into the premises of any shop in which consumption is allowed on the premises, subject to the exception in condition 37.

NOTE.—1. The restrictions in (*a*) and (*b*) do not apply to soldiers, their families and followers when they are absent on leave from their regiments.

2. The restrictions in clauses (*c*) and (*d*) so far as they relate to adult females, do not apply to Foreign Liquor Licensees issued on fixed fees.

44. No privilege of supply or vend shall be sold, transferred or sub rented without the previous permission of the Deputy Commissioner, who may order the forfeiture of the deposits already made by the applicant or impose such conditions as are necessary for safeguarding the interests of other contractors. Nor, if the Deputy Commissioner so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

45. No holder of any Excise or Opium license will be allowed, without the written permission of the Excise Commissioner, to possess or continue to possess any interest direct or indirect in any Excise or Opium license outside the territories of Mysore, or in the Civil and Military Station of Bangalore.

46. Depôts and shops must be kept open daily unless their temporary or permanent closure is authorised under conditions 35, 37 or 38 *supra*.

47. Such supply of liquor, intoxicating drugs or opium as the Deputy Commissioner may consider sufficient to meet local requirements, must be maintained therein. The details of such supply will be published in the *Mysore Gazette*. Shops not opened by 1st July or on the dates to be fixed by the Deputy Commissioner in the case of bagani toddy shops, shall be liable to be re-sold at the risk of the licensees.

48. No liquor, intoxicating drug or opium shall be sold in shops except for cash. The licensees shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police Officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in Foreign and Special Liquors for consumption off the premises.

49. No liquor or intoxicating drug shall be sold below the minimum or above the maximum retail prices that may be prescribed from time to time by Government or by any other officer empowered by them in this behalf. Power is, however, reserved to the Deputy Commissioners to raise the retail rates at which the licensee sells any intoxicating liquor or drugs if such rate is below that which may be reasonably expected to cover the cost, the rental and other incidental expenses.

Power is also reserved to the Deputy Commissioners to fix a higher retail price than the prescribed minimum price for the sale of toddy in the shops either within the areas in which the higher rate of duty is levied on arrack sold in such area or within a radius of 5 miles round such High Duty areas.

50. No liquor, intoxicating drug or opium in excess of the quantity prescribed* for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit.

51. True accounts of transactions shall be maintained from day to day in ink in the prescribed form in all shops and depôts except toddy shops. The account and permit books may be obtained from the local Excise Officers on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, intoxicating drugs or opium received must be carefully filed. The accounts and permits shall immediately after the expiry of the lease, be handed over to the Range Inspectors who shall preserve them for a further period of one year before they are destroyed.

52. Such returns and information as may be required from time to time by any officer not below the rank of an Excise Assistant Inspector shall be furnished by holders of licenses without delay.

53. Only such weights and measures as may from time to time be prescribed by the Excise Commissioner shall be possessed or used on any licensed premises. Short measurement or short weighment is strictly forbidden. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment. In the case of toddy shops, earthen or other measures may be used provided they are of the same capacity as those of the prescribed measures which must however be maintained in all licensed premises. There is no objection however to use a quarter seer toddy measure in case of necessity.

54. Any officer of the Excise Department of rank not lower than a Sub-Inspector is authorised to inspect licensed shops and depâts. These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, intoxicating drugs and opium in the possession of licensees, and to call for and check the accounts kept in the shop or depôt. Police officers will also make an inspection when it comes within the scope of their duty.

55. An inspection note book with the pages numbered consecutively, for inspecting officers to enter their remarks in shall be maintained and always kept in the shop and be handed over to the Excise Inspector in charge of the range or any officer authorised by him to receive it on a receipt being given therefor, when it is wanted by such officers for the purposes of an enquiry under the Excise Regulation or the rules framed thereunder.

56. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into the local Government Treasury together with any * Railway and Education cesses the levy of which has been already ordered, on or before the 10th of each month beginning with July. Licensees who fail to make payment of monthly instalments as aforesaid shall be liable to pay interest from the following day together with such fines as may be imposed by the Deputy Commissioners.

NOTE.—In the malnad and semi-malnad taluks, the Deputy Commissioners may permit patels of villages who are not themselves licensees to receive payments and exceeding Rs. 50 from any individual at a time.

*(1) Arrack (including Jaggery Arrack), of the prescribed strength ...	4 drams
(2) Special liquors, (*ie.*, Brandy, Whisky, Gin, Rum and Milk Punch manufactured in the Government Central Distillery).	One gallon in the aggregate.
(3) Toddy, four Imperial quarts or	4 seers
(4) Country beer	4 gallons
(5) Ganja	4 tolas
(6) Opium	1 tola
(7) Foreign Liquors	2 gallons

57. No remission or abatement of the rent shall be claimable on any account whatever nor shall any remission be granted on the allegation of loss incurred on account of temperance propaganda.

58. Any sum due by a licensee may be recovered by attachment and sale of the property of the licensee or his surety under any law for the time being in force for the recovery of arrears of Land Revenue.

59. Power is further reserved to Revenue Officers to suspend licenses in case of failure of payment of *khists* on the due dates or (in the case of toddy) tree-tax also. In the case of arrack, toddy and drug shops, this power will be exercised by Amildars and in other cases by the Deputy Commissioners.

60. In the event of the aforesaid arrack, toddy or drug licensee failing to pay his *khist*, the Amildar after suspending the license shall, with the previous sanction of the Deputy Commissioner, resell after notifying the date of re-sale by affixing a notice on the Taluk Office Notice Board, the privilege with effect from the date of issue of license to the new purchaser. The date of sale shall be after the 20th of the month for which the *khist* is due and before the close of the month. Re-sales should be held in the same way as the annual sales and subject to the same conditions as those applicable to the annual sales according to the rules. Re-sales should be given wide publicity by notifying them in the *Mysore Gazette*, whenever possible and in important villages of the taluk in which the shops to be re-sold are situated by beat of drum. The Deputy Commissioner may also in his discretion dispose of the privilege in any other manner. The re-sale should, as far as possible, be notified to the defaulter. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture at the discretion of the Deputy Commissioner who may either direct such forfeiture or appropriate the same towards the arrears due by the defaulter as well as towards the deficit, if any, arising from the re-sale or other disposal of the privilege. The officer who has power to suspend the license may, however, at his discretion allow sales to continue pending re-sale or other disposal of the privilege. Disposal of the privilege of sale otherwise than by re-sale includes also closure of the shop or tavern.

61. Interest on all moneys due shall be payable at the rate of one pie per rupee or fraction of a rupee per month or fraction of a month.

62. (1) If a licensee or any person in his employment is convicted by a competent Court of any offence against the Excise Regulation or Opium Act or of any offence under the Indian Penal Code, which in the Deputy Commissioner's opinion renders it desirable to cancel the license or if it is brought to the notice of the Deputy Commissioner that the licensee has been convicted by a competent Court of any such offence prior to the grant of a license, the Deputy Commissioner may direct that the license shall be cancelled and the privilege be re-sold or otherwise disposed of at the risk of the licensee and may further direct, if he considers it necessary to do so, that any deposits made by the licensee shall be forfeited.

(2) In fraction (s) of any of the conditions of the license by a licensee or by any person in his employment, will render the licensee liable either to be prosecuted and on conviction dealt with under clause (1) or to a fine not exceeding Rs. 50 or to cancellation of license and re-sale or other disposal of the privilege at the risk of the licensee and if considered necessary by the Deputy Commissioner, to forfeiture of deposits. The rent for the whole lease shall become due at once when a (license) is cancelled under this or the preceding rule.

63. When a licensee holds more than one license granted under the Excise Regulation or Opium Act and anyone of these licenses is cancelled under clause (1) or (2) of condition 62 above or under the Special Conditions applicable to Ganja or opium shop licenses, the Deputy Commissioner, at his discretion, may direct that any or all of the other licenses under the Excise Regulation or Opium Act held by the licensee shall be cancelled and the several privileges be re-sold or otherwise disposed of at the risk of the licensee and if necessary, may further direct that any deposits made by the licensee shall be forfeited. The rent for the whole lease shall become due when a license is cancelled under this rule.

NOTE.—For continuing breaches of a license, continuing fines may be imposed.

64. Licensees are bound to report to the Deputy Commissioner all instances which come to their knowledge of persons employed by them in the manufacture,

carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Excise or Opium Laws or of engagements entered into by them and to comply with the Deputy Commissioner's orders respecting the continued employment of such persons. No person who has been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Deputy Commissioner's previous permission.

65. Pecuniary dealings by licensees of any kind whatever with officials of the Excise Department are absolutely prohibited.

66. With the sanction of the Excise Commissioner, any license shall be revocable by the Deputy Commissioner, at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

67. All licensees shall be bound by any additional general rules that may be prescribed under the Excise or Opium Laws and if so required by the Deputy Commissioner or any officer authorised by him, deliver up their licenses for amendment or for the issue of fresh ones.

68. No licensee shall have claim to any compensation or remission on account of any arrangements which may be made in regard to liquors or intoxicating drugs other than those to which his license relates.

69. No holder of any Excise or Opium license in any area in the State may have any interest in or hold a license for the same article in any other area in the State in which a different rate of duty is imposed without the special permission of the Deputy Commissioner for which the party concerned must apply without delay. Breach of this condition will render the party liable to the penalties prescribed by condition 58 in respect of all or any of the licenses held.

70. The licensee shall be bound to take over any liquor or drug which may remain in the shop as stock in hand belonging to the outgoing licensee, whether the privilege is purchased at a re-sale or at an original sale, at the time when the privilege is made over to the former, paying the latter such compensation for the same as may be fixed by the Deputy Commissioner. Any liquor or drug that, at the time of stock-taking, is found to be unfit for human consumption, will be destroyed and the outgoing contractor is not entitled to any compensation for it.

SECTION II.

CONDITIONS APPLICABLE TO ARRACK LICENSES.

1. The privilege conferred by the license extends only to the sale of arrack of the strength of 35° U. P. and manufactured in the Government Central Distillery. In places where separate shops are not licensed for the sale of sugarcane jaggery arrack 35° U. P., the arrack shop-keeper may be permitted to sell jaggery arrack in reputed pint or quart bottles. This privilege is however liable to be withdrawn at any time during the lease and it shall not be open to the licensee to claim any compensation on this account. But in places where both arrack and special liquor shops exist, the privilege of selling bottled jaggery arrack will be given to the licensee of the special liquor shop. When molasses arrack is for any reason not available for issue from the Distillery, jaggery arrack may be supplied in bulk in place of molasses arrack.

2. (1) The strength and quality of arrack that may be sold, and the rates at which liquor may be purchased by licensees from Government Bonded Depôts, (for from the Government Distillery direct when specially permitted by the Excise Commissioner for want of adequate stock in the Depôts) shall be such as may, from time to time, be fixed by Government.

(2) The quantities purchased at one time shall not fall below one gallon of arrack. For the transport of liquor from the Bonded Depôts or from the Government Distillery direct in the special cases referred to in clause (1) arrack shop-keepers should provide themselves with jars or other suitable receptacles which can be effectively closed and sealed and also arrange to get the consignments properly sealed before delivery.

(3) The licensees shall pay the prescribed duty, price and other charges into a Taluk Treasury or to a special shroff, if any, appointed in this behalf at the cost of Government, and located at the Taluk Cutcherry to receive such duty, price and other charges *daily* including Sundays and holidays or to such other Officer as may

be appointed by the Deputy Commissioner, and shall obtain a receipt in the prescribed printed form. On production of such receipt, the Bonded Depot-keeper shall issue the quantity of liquor equal to the amount of duty and price shown in the said receipt which will be forwarded to the Taluk Amildar under the endorsement of the Bonded Depot-keeper aforesaid, as to the date and hour when the liquor was issued. The receipts granted will have currency only for a period of *seven* clear days from the date of issue with the proviso that the receipt issued in one month is invariably presented for issue of liquor before the close of that month. The Depot-keeper aforesaid shall issue a permit in the prescribed form for the transport of liquor from the Bonded Depot. He shall also issue sample bottles with the consignments in such manner as may be ordered by the Excise Commissioner.

(4) Persons who purchase group of shops may, with the special permission of the Excise Commissioner (who is at liberty to refuse it) and under a license by competent authority, open a depot and remove thereto liquor purchased from the Bonded Depôt and issue therefrom the requisite supply to their shops.

(5) No consignments of arrack received at the shop which have been transported through the British Territory shall be opened before they have been verified by the officers authorised to do so.

(6) The arrack kept in the shop, offered for sale and sold, shall be unadulterated and undiluted, and it shall be of the same quality and strength as issued from the Bonded Depot, subject to such margin as may be allowed by the Excise Commissioner from time to time.

NOTE.—The licensee shall maintain intact the sample bottle issued to him by the Bonded Depot-keeper with each consignment till the bulk of the liquor in the consignment is exhausted.

(7) Arrack shop-keepers may be required by the Health Department to keep a pail of water in their shops for the purpose of washing tumblers used by consumers. Suitable arrangements shall in this case be made, so that the vendor does not himself become the cleaner of such tumblers. A pail of water shall be kept at some distance from the counter or bar and a separate individual told off for the purpose of washing the vessels used for drinking.

(8) The licensee of every shop in the Cities of Bangalore and Mysore shall pay registration fee at the rate of rupees (180) one hundred and eighty per annum in advance for the period of the license for his shop and he shall pay a surcharge of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month in each such shop. Such registration and surcharge fees on arrack as may be levied in other Municipalities with the sanction of Government will be paid by the licensee of an arrack shop.

(9) The licensee of every arrack shop in Chikmagalur will pay a surcharge fee of 4 annas a gallon on all arrack sold by him in excess of 55 gallons a month in each such shop.

(10) No rural arrack shops will be permitted to be opened within three miles of Bangalore City and the Civil and Military Station, Bangalore. All existing shops within that zone will be shifted to new sites so as not to infringe this condition.

(11) The Deputy Commissioner may order a licensee at any time during the currency of his lease, to raise the rate at which he sells arrack if such rate is below that which may be reasonably expected to cover its cost, the rentals paid and incidental expenses.

(12) Every arrack shop should maintain a testing stand or a fixed board on the "gulla" for placing the trial glass of liquor for testing purposes.

SECTION III.

SPECIAL CONDITIONS APPLICABLE TO SPECIAL LIQUOR AND JAGGERY ARRACK LICENSES.

1. The privilege extends to the sale, in sealed receptacles, of special liquors manufactured in the Government Central Distillery at Bangalore only, which shall be generally of the strength of 20° U. P. and also of jaggery arrack of the strength of 35° U. P. in quantities not less than a pint of each kind, at a time.

2. The licensee is prohibited from rectifying spirits or purifying, colouring or flavouring or mixing any material therewith.

3. Liquor sold under this license shall not be consumed on the premises.

4. The license-holder shall obtain special liquors including jaggery arrack from the Bonded depots on payment into the local Government Treasury of such value as may be notified from time to time.

SECTION IV.

SPECIAL CONDITIONS APPLICABLE TO THE SALE OF COUNTRY BEER.

1. The privilege conferred by the license extends, to the sale, only in sealed bottles or in bulk, of country beer or porter brewed on the Nilgiris in Breweries which may be approved of by the Government or by Messrs. Meakin & Co., Kirkee, or by the United Brewery Co., Ltd., Bangalore, or in any other Brewery approved by Government.

2. All country beer intended to be imported into the Mysore State, in bottles, shall pay such duty as may be fixed and notified by Government from time to time into the Bangalore Taluk Treasury on the printed chellan prescribed for the purpose.

(a) An application shall then be made, with the aforesaid chellan received from the Treasury, to the Excise Commissioner in Mysore for the grant of the necessary permit.

(b) On obtaining the permit and the necessary permission of the Excise authorities of the place whereform the beer is to be exported, the liquor may be imported and transported into Mysore State under cover of the permit.

(c) The consignment on arrival at its destination shall not be opened until it is verified and certified to by an Excise Officer.

(d) The permit referred to in (a) *supra* shall be in triplicate, the original shall be issued to the applicant and the duplicate shall be sent simultaneously to the Excise Inspector concerned, who will note on the back of the permit the result of his verification, and return the same to the Excise Commissioner for being filed with the counterfoil retained in his office.

3. The licensee shall sell beer or porter of approved quality. It should not be sold to be drunk on the premises when the privilege is for sale in sealed bottles. In the case of the privilege of sale in bulk, beer may be sold to be drunk on the premises up to one reputed quart bottle at a time.

4. The beer or porter sold under this license shall be brewed from good materials and its quality shall be such as to satisfy the Excise Commissioner and shall be of the same quality and density as purchased from the Brewer, without dilution or adulteration. Wort shall not exceed 1073°. The beer or porter sold shall not contain more than 8 per cent of alcohol by volume. Samples of such beer or porter shall be sent duly bottled from the shop for examination and test whenever required by the Excise Department.

5. Any Magistrate having local jurisdiction, or any officer acting under his warrant or any Excise Officer shall be allowed entry to the shop at any hour to test the beer or porter on the premises and examine the shop accounts, which it shall be the duty of the license-holder and vendor to keep and produce. Such accounts shall be true and correct, and written up daily in the prescribed forms. All condemned beer shall be destroyed.

6. Beer brought for the Commissariat Department and rejected by the Military or other departments, shall not, under any circumstances, be forwarded for sale in the shop.

SECTION V.

CONDITIONS APPLICABLE TO TODDY LICENSES.

1. The exclusive privilege conferred by the license extends to the sale of Date, Palmyra, Cocoanut, Bagani and Dadasal toddy. But in tracts where both Date and Bagani toddy shops exist, the licensee of the Date toddy shop shall not tap Bagani trees and the licensee of the Bagani toddy shop shall not tap Date trees; but both licensees can tap any of the other palm trees named above.

2. For the supply of toddy to his shops, the licensee shall have the privilege of obtaining subject to tree-tax rules, toddy-yielding trees in the groves assigned to his shops or groups of shops, and he shall be at liberty to manufacture toddy from the trees in private lands under private arrangements, between himself and the owners of such lands. If the Deputy Commissioner is satisfied that the said (hiduvali) trees should not be tapped, he is competent to withdraw the tree-tapping license and the licensee affected thereby shall not claim damages therefor. No trees will be permitted to be tapped within 3 miles from the limits of the Bangalore City and

Civil and Military Station by any licensees other than those of the Bangalore City and Civil and Military Station toddy shops. In the case of trees on Government unoccupied lands included in the date reserve list and reserved for future use, the previous sanction of the Excise Commissioner should be obtained before accepting applications for licensing them. The number of trees shown in the assignment list is only approximate and is subject to alteration at the time of presenting application for trees. The Revenue Sub-Division Officer, may approve all such alterations on the recommendation of the Range Inspectors. The licensee may purchase toddy from any licensed toddy shop-keeper on application to the Inspector or Assistant Inspector who will grant the required permits on proof of the necessity for the same in the following cases :—

(*a*) Where there is an unusual demand for toddy in a shop in consequence of a festival or for any other valid reason to be recorded by the Range Inspector.

(*b*) Where trees have ceased to yield during the last few days of a lease.

(*c*) Where toddy drawn by one shop-keeper at the end of the lease cannot reach the shop before the first few days of the new lease.

3. No toddy in excess of the produce of trees licensed for that shop and covered by a transport permit shall be transported to or kept in the shop or offered for sale or sold.

4. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

5. If any instalments are not paid within the time, the tapping license shall be liable to be cancelled or suspended under section 26 of the Excise Regulation. Fresh applications for trees shall not be accepted from licensees until the arrears of tree-tax relating to all their shops are paid up.

6. In case of default, the Amildar will order the suspension of "all current" tapping license till the arrears are paid up ; and if, after receiving notice of such suspension, the defaulter or his agent or employee continues to tap the trees, any or all of them will be punished departmentally or be prosecuted for illicit tapping.

7. Tree-rent at Re. 0-8-0 per tree shall be paid at the time of application for a tapping license for all Government trees applied for being tapped for the supply of toddy shops whether within or outside the Mysore Territories or in the Civil and Military Station, Bangalore. Railways and Education cesses on tree-rent will be levied in addition as stated in General Condition 52 *supra*.

NOTE.—No trees on Government occupied land can be tapped without the consent of the owner. The present arrangements as regards trees in alienated land will hold good, subject of course to the levy of Government of tree-tax.

8. The tapping of trees is subject to the following conditions :—

(*a*) Date trees shall be tapped only by professional men.

(*b*) No date tree shall be tapped oftener than once in three years or for more than four months in the year.

NOTE.—Discretion is given to the Deputy Commissioners of districts to permit the tapping of trees in alternate years if they are satisfied that it is necessary to do so for want of other trees.

(*c*) Trees shall not be over-tapped or over-worked, *i.e.*, worked every day during the currency of the permit.

(*d*) If no date trees shall the initial incision be made at any point within six feet from the ground or eighteen inches from the top of any other incision except in places where permission is specially given by the Deputy Commissioner.

(*e*) The depth and width of the incision shall not exceed one-third of the diameter of the tree at the point of incision and the length of it shall not exceed 8 inches.

(*f*) The central spike-like clusters shall not be touched. Of the lateral leaves, not less than two layers of leaves shall be left, reckoning, from the layers immediately next to the central clusters down to top line of incision ; or in other words, above the top line of the incision not less than eight leaves shall be left excluding the central spike-like clusters on that face of the tree on which the incision is made.

(*g*) The licensee shall not cut or injure or permit to be cut or injured the trees licensed to him or any other trees.

(*gg*) The licensee shall neither prepare nor make incision into the date trees in such a way as to cause their death.

(*h*) The licensee or his employer will be liable to pay a fine equal to double the amount of tree-tax in force during the year for each tree, which may die from over-tapping or careless tapping either during the lease or within six months after its expiration. He will be liable to pay a similar fine for every tree which he prepares for tapping if it dies in consequence of such preparation before he taps it.

(*i*) The licensee will not be entitled to compensation for any trees withdrawn or taken up for public purposes or for any trees standing on the banks or beds of irrigation works under the control of the Public Works Department which that department may require to cut down or strip off their leaves or branches.

(*j*) When the licensee makes default and his shop is re-sold, or otherwise disposed of, his rights to and claims on all toddy-yielding trees for the purpose of tapping cease and determine.

9. The licensee shall not interfere with the persons holding license for cutting date leaves, mat-making, rope-making, basket-making, or for agricultural or other purposes when they make use of the trees assigned for such purposes, and not reserved for tapping.

10. Deputy Commissioners may subject to the orders of the Excise Commissioner from time to time, prescribe the minimum number of trees for which license will be granted, and the minimum number to be entered in a single application. They may also direct that the trees situated in one village only shall be included in an application.

11. The distillation of spirit from toddy is absolutely prohibited.

12. If the licensee of a group of shops wishes to transport the toddy intended for his several shops *in one consignment*, he should obtain a depôt license and carry the toddy to this depot with the usual permit. The toddy intended for each shop shall be distributed in accordance with the permits granted for transport from the depôt to the shop. The permits issued with the transport shall be subject to examination and check by the officer authorised in this behalf.

13. Tree-foot sales or sales in the open or the disposal of toddy in any other manner unauthorised by the rules, are strictly prohibited.

14. The licensee or his vendors shall not sell to any person more than three measuring seers of toddy to be consumed by the person at one time in the shop, nor shall it be sold to the public at less than the retail rates fixed by Government. Toddy can be removed without a permit for consumption up to the limit of one imperial gallon or four seers.

15. In every grove where toddy-yielding trees are tapped, a ladder shall always be kept by the tap man to enable Excise Officers to examine spathes or incisions as the case may be.

16. The licensee shall pay the usual mohatarfa tax on carts used for conveying toddy, but such carts shall not be impressed for Government work.

17. The following rules shall regulate the issue, etc., of licenses under Section 12 of the Mysore Excise Regulation, V of 1901, for the tapping of toddy-producing trees and for the drawing of toddy therefrom :—

I. Tree-tapping licenses in the prescribed form shall be issued on the application—

(*a*) of licensed toddy shop-keepers or of their duly authorised agents ;

(*b*) of toddy shop-keepers or renters in the Madras Presidency ;

(*c*) of malnad land-holders free of the prescribed tree-tax for drawing toddy for *bona fide* domestic purpose as per Government Order No. Fl. 7473-83—S. R. 248-12-7, dated 11th June 1917.

(1) The maximum number of trees allowed to be tapped free of tax for *bona fide* domestic consumption such as bread-making, etc., will be as below :—

Coffee Planters	...	... Three	...	... (Annually).
Kan-holders	...	.. Two	...	... Do
Hiduvalidars	...	... One	..	... Do

(2) Coffee planters may be allowed to open an estate shop subject to a minimum shop rent of Rs. 3 per month.

(3) Kan-holders may also be allowed to open shops in their holding on the same terms, provided that they show to the satisfaction of the Deputy Commissioner that they have legitimate demand for such shops for the use of their coolies and dependents.

NOTE.—The estate or kan licensee is prohibited from selling toddy outside such estate or kan or to persons who live outside the same.

The licenses may be issued in the name of the applicant himself or of his nominee.

II. Application for the grant of tree-tapping licenses must be made in the prescribed form to the Excise Inspector of the Range concerned through the local treasury. Forms may be obtained from him or the Assistant Inspector under him. Applicants must first pay the first instalment of tree-tax together with the tree-rent on Government trees due on account of the trees which they desire to tap.

III. The tree-tax on toddy produce by trees in the Madras Presidency, but consumed in the Mysore State, will be credited to the Mysore Government. The rate of tree-tax to be paid in such cases will invariably be the highest in force on either side of the frontier. "The rates of tree-tax payable for trees licensed in British territory are liable to be changed during the course of the lease at the discretion of the Government of Madras." Tree-tax on trees in the Madras Presidency for which tapping licenses are about to be taken out by Mysore shop-keepers, must be paid in one instalment to the Amildar of the taluk concerned in the Mysore State, who will grant a receipt in the prescribed chellan form and certify at the foot that the applicant is a person entitled to take out tree-tapping licenses. The applicant will then make his application to British authorities in accordance with the Madras Government Tree-tapping Rules; and will obtain a transport permit from the Inspector concerned in the Mysore State, for the transport of the toddy drawn from the frontier to the shop or depôt for which it is intended, after having complied with all requirements of the Madras Government Rules. The British and the Mysore Governments reserve to themselves the right to impose in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore Licensees alike. The arrangements agreed to by the Madras and Mysore Governments with regard to the issue of the licenses for tapping trees in either territory on the application of shop-keepers in the other do not prevent the reservation of trees in any specified area, in the Madras Presidency or in Mysore State, with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into the British or the Mysore Treasury does not entitle an applicant to tapping licenses for trees so reserved.

IV. Applications for tree-tapping licenses, for trees in occupied or alienated lands should be countersigned by the owner of the trees intended to be marked, in token of his consent to the trees being tapped and to holding himself liable for the tree-tax in case the license-holder fails to pay it and such countersignature shall, in the case of illiterate owners be attested by the patel or shanbhog of the village in which the trees stand. Applications for tree-tapping licenses for trees in the State Forest and plantations should be countersigned by the Forest Range Officer in token of his consent.

V. On receipt of an application, the Inspector will at once take steps for the marking of the tree by an officer superior in rank to a Sub-Inspector or in special cases by an officer not inferior in rank to a Sub-Inspector and for the timely issue of the license and transport permits as detailed in the T. T. Rules. Applicants for date trees shall get the requisite space on their stems prepared and point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so, after reasonable notice, the tree-tax and tree-rent paid by them shall be liable to be forfeited at Deputy Commissioner's discretion.

VI. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree until the tree has been marked by the proper officer. But the removal of leaves for the purpose of making incisions and the preparation of the spathes or spaces for the drawing of toddy is permitted as soon as the application in the prescribed form has been delivered to the treasury concerned.

VII. For date trees, tapping licenses and transport permits shall ordinarily be issued for four months; but in special cases the Deputy Commissioners may grant such extension of time as is necessary provided that the period of the license does not exceed six months including extensions. In no case however shall the period of the license extend beyond the close of the lease.

For cocoanut trees, tree-tapping licenses shall be half-yearly; that is, they shall be in force from 1st July or any subsequent date to 31st December immediately following and from 1st January or any subsequent date to 30th June immediately following.

In the case of other kinds of toddy-yielding trees, the period shall be annual.

For the convenience of licensees, applications for tree-tapping licenses will be received, trees will be marked and licenses will be issued during the fifteen days previous to 1st July, but pots shall not be attached before the evening of 23rd June.

VIII. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap. The Excise Commissioner may relax the restriction in any local area on sufficient cause being shown. This will not apply to toddy contained in the pots attached to the spathes of the trees.

IX. The tax payable on each kind of toddy-yielding tree and its time of payment shall be such as may from time to time be prescribed by Government.

X. The tree-tax shall be payable in the following instalments, unless the Excise Commissioner shall otherwise direct. In the case of Bagani trees full amount of tree-tax should be paid in one instalment only, when presenting the application:—

Period within which license is applied for	Proportion of tree tax to be paid at the time of application for license	Proportion of tree-tax to be paid on the 20th of the second month
Between 1st July and end of February ...	One-half	The remaining half.
Between 1st March and 30th June ...	The whole.	

SECTION VI.

CONDITIONS APPLICABLE TO GANJA LICENSES.

1. The privilege conferred extends only to the sale of ganja, bhang and other intoxicating drugs prepared from the hemp plant.

2. Ganja, bhang or other preparation and admixtures of ganja (except halva, which may be made from the powder on the retail vendor's hand under authority of the Inspector for sale to the public and on the responsibility and at the risk of the vendor), shall be purchased from the Government only, and shall be covered by a permit in the prescribed form.

3. Ganja, bhang and majun shall be sold at such prices as may be fixed from time to time by Government and those prices shall be in addition to the duty that may from time to time be prescribed by Government.

4. The licensee shall pay the above duty and price into a Taluk Treasury and shall obtain a receipt in the prescribed printed form. On production of such receipt the Taluk Treasury shall issue the quantity of ganja equal to the amount of duty and price shown in the said receipt, and a permit in the prescribed form for the transport of the same.

5. The licensee shall sell ganja at such rates as may be prescribed by Government from time to time.

6. The licensee shall not sell to any person more than four tolas of ganja during one day on any pretence whatever.

7. The consumption of ganja in the shop or the selling of the same to persons keeping ganjakhanas or such secret places where people congregate to smoke or partake of ganja is prohibited.

8. During the closing month of the lease (June), no licensee shall apply for more ganja than is necessary to meet the legitimate requirements of the remaining days of the lease. Every indent for ganja in June either to the Central Store House Officer (Distillery Officer, Bangalore) or to a Taluk Treasury shall be sent through the Inspector of the Range concerned, who may, at his discretion, refuse to pass it in full and may pass for supply only such quantity as he considers reasonable.

9. Shop-keepers are prohibited from breaking up the pressed ganja kept for sale in their shops, except in small quantities not exceeding the average daily sales in their shops. No licensee shall destroy the seeds or any part of his stock of ganja. The seeds, if separated from the stock, as well as any part of the stock which the licensee desires to destroy should be carefully preserved for examination and destruction by an Inspecting Officer.

10. If any ganja license is used as a cloak for illicit sales or if the licensee knowingly sells ganja to a ganja smuggler, or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any offence of that nature, he may after recording his reasons, forthwith cancel the license and resell or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once when a license is cancelled under this condition.

11. The Deputy Commissioner may order a licensee at any time during the currency of his lease to raise the rate at which he sells ganja if such rate is below that which may be reasonably expected to cover its costs, the rentals paid and incidental expenses.

12. No licensee shall keep any greater quantity of ganja or other intoxicating drugs from the hemp plant than may be fixed by the Deputy Commissioner. The Excise Commissioner may, at any time during the currency of the lease, if he finds that the issues to a shop are abnormally high, restrict further issues unless good reason is shown by the shop-keeper.

SECTION VII.

CONDITIONS APPLICABLE TO OPIUM LICENSES.

1. The licensee shall be bound by the rules prescribed under the Opium Act now in force, or such other law as may hereafter be enacted in the Notifications of Government and of the Excise Commissioner and any additional general or special rules which may from time to time be notified.

2. The smoking or consumption of opium or its preparations in any form in premises licensed for sale and the sale of morphia or preparations for smoking are prohibited.

3. If this license is used as a cloak for illicit sales or if the licensee knowingly sells opium to an opium smuggler or if the Deputy Commissioner has reason to suspect that the licensee is guilty of any of these offences, he may, after recording his reasons, forthwith cancel the license and resell, or otherwise dispose of the privilege at the risk of the licensee. The rent for the whole lease shall become due at once, when a license is cancelled under the condition.

4. Private persons are permitted to manufacture intoxicating drugs and smoking preparations for their own use only, provided they do not exceed the limit for possession.

5. Shop-keepers shall obtain their supply of opium from any Taluk or District Treasury in entire cakes of twenty or forty tolas (more or less) at a time at such rate as may be notified by Government from time to time. The purchase shall be covered by permit in the prescribed form. During the closing month of the lease (June) the licensee may not apply for more opium than is necessary to meet legitimate requirements of the remaining days of the lease. Every indent for opium in June will be carefully scrutinized by the Officer in charge of the Taluk Treasury who may at his discretion refuse to comply with it in full and may issue such quantity as he considers reasonable. The Range Inspector may be consulted in the matter.

6. No opium other than that obtained in the manner specified above shall be sold, received or possessed by shop-keepers. Nor shall any items of food or drink be vended in any retail opium shop.

7. The privilege conferred extends only (*a*) to the retail sale of opium in ordinary shops and (*b*) to the manufacture and retail sale of intoxicating preparations made from opium or poppy other than morphia or preparations for smoking, in firms or institutions duly sanctioned.

8. The licensee shall not sell opium to the public at a price lower than the minimum retailed rate that may be fixed by Government from time to time.

9. The licensed shop-keeper may not sell at one time to any person more than one tola of opium or any other preparations of opium.

10 The licensee shall keep no greater quantity of opium or intoxicating preparations other than morphia or preparations for smoking than that fixed by the Deputy Commissioner at the time of granting the license.

11. The Deputy Commissioner may order a licensee at any time during the currency of his lease, to raise the rate at which he sells opium if such rate is below that which may be reasonably expected to cover the cost of opium the rentals paid and incidental expenses.

12. The Deputy Commissioner is empowered to restrict the issues of opium to licensees of shops suspected of malpractices at any time during the currency of the lease.

By Order,
B. SREENIVASA IYENGAR,
Secretary to Government,
Financial Department.

ANNEXURE.

List of immovable property possessed by ....

successful bidder of _____ shop

surely of the successful bidder of

No.....at... .....taluk.....

district for the lease of the year 19 .....19.....

(1) Name.....

(2) Father's name..... ....

(3) Residence and address..... .....

(4) Occupation..... .....

(5) Particulars of immovable property possessed :—

I

District	Taluk	Village and name of street in case of houses	Survey numbers and (door numbers in case of houses)	Extent	Wet or dry	Assessment	Market value per acre in the case of land	Registered Inamdar if pattedar number
1	2	3	4	5	6	7	8	9

II. What is the nature and extent of your ownership or interest in the above property ?

III. Are there any existing encumbrances on the above property ? If so, nature and amount of each such encumbrance.

IV. Are there any other claims upon the property shown in head I above ? If so, nature and amount of such claim should be stated.

I....., son of....., residing at..... ....., hereby solemnly declare that the fact about my property above stated are complete and true and that there are no encumbrances thereon beyond these shown in Head III above and I shall not further encumber any of the property shown in statement above without the previous intimation in writing to the Amildar of.....Taluk.

Witness.. .....

Address.....

Place.....

Date..... .....

Signature.....

NOTE.—(1) Under Head II, it should be stated whether the property is the sole or joint family property of the declarant; if joint family the share of the declarant and value thereof should be stated.

(2) Under Head IV should be noted interests in or claims on the property other than those noted under Head II, *e.g.*, claims on account of dowry or stridhanam.

(3) The Amildar should question the deponents further, if necessary, in order to elucidate their statement and should record the replies which should be signed by the deponents and the Amildar attached to this declaration.

CHIEF SECRETARIAT.

No. L. 6009—*Ml.* 15-28-59, *dated* 13*th March* 1929.

Under section 4 of the Land Acquisition Regulation 1894, as amended from time to time, it is hereby notified that the property described hereunder is required for a public purpose, *viz.*, for a burial ground of Lingayets at Arjunabettahalli of Nelamangala Taluk.

Under section 5A it is directed, that any person interested in the said property may within 30 days after the issue of this notification prefer any objections to the Deputy Commissioner, in writing after which no objection will be heard.

A plan of the property is available for inspection in the office of the Sub-Division Officer, Dobballapur Sub-Division :—

Government of Mysore.

meets the south-east corner of Survey No. 57 of the same village. Then it turns north and runs along the western boundary of Survey No. 60 and then in an easterly direction along the southern boundary of Survey No. 59 to its south-east corner. Then turning north it passes along the eastern boundary of Survey Nos. 59, 51 and 49 in order of the same village, and meets the north-east corner of the last named survey number.

East.—From the above point the line runs south-east and south along the northern, eastern and southern boundaries of Survey No. 50 of Chowlukere and meets the trijunction bondhs of Chowlukere, Bommagondanakere and Bukklurahalli village. Then turning south-west it passes along the eastern boundary of Survey No. 61 of Chowlukere till it meets the common bondh of Survey Nos. 61 and 62 of that village, then along the portion of the eastern boundary of Survey No. 62 till it meets the north-eastorn corner of Survey No. 131 and of Mallurhalli at the trijunction points of Survey Nos. 130 and 131 of Mallurhalli and 62 of Chowlukere. Then shooting down southwards it runs along the eastern boundary of Survey No. 131 of Mallurhalli till it meets the south-east corner of that survey number.

South.—From the abovementioned point, the line runs west along the northern boundary of Survey Nos. 135 and 133 of Mallurahalli village till it meets the north-west corner of the latter survey number. Then it turns north-west and passes along the eastern boundary of Survey No. 116 of that village till it meets the north-east corner of the same survey number; then it turns west along the northern limits of 116 and 117 till it meets the north-west corner of the latter survey number.

West.—From the above point the line runs north along the eastern boundary of Survey No.125 of Mallurhalli to its north-east corner; then turning north-east it runs along the southern and eastern boundaries of Survey No. 46 of Abbianahalli village till it meets the north-east corner of that survey number. Then it runs north-east along the eastern boundary of Survey No. 43 and then in a north-westerly direction along the northern boundary of that survey number till it meets its north-west corner; then turning south-west runs along the eastern boundary of Survey No. 36 till it meets its south-east corner; then along the common boundary between Survey Nos. 35 and 36 in a north-westerly direction till it meets the north-west corner of Survey No. 35; then taking a turn towards north-east, it runs along the western boundary of Survey No. 36 till it meets its north-west corner; then turning south-east passes along the southern boundary of Survey No. 32 till it meets its south-east corner and then runs north along the western boundaries of Survey Nos. 37 and 38 of Abbianahalli village till it meets the starting point.

The following rights are admitted in the block.—

(*A*) *Rights of ways.*—(1) and (2) Foot-paths in Survey Nos. 129 and 131 of Malluruhalli village, open to men and cattle for going to Gokattes in these survey numbers. They enter the forest at the south-west corner of Survey No. 129 and also south-west corner of Survey No. 131 of Mallurhalli village.

(3) Cart-track from Abbianahalli to Hirehalli—width 12′—open to men, cattle and carts that enters the forest at the south-east corner of Survey No. 32 of Abbianahalli and passes through Survey Nos. 37, 39 and 40 of the village.

(4) Cart-trace from Abbianahalli to Malluruhalli, open to men, cattle and carts that enters the forest at about a furlong to the east of the north-west corner of Survey No. 40 of Abbianahalli village and passes through Survey Nos. 40 and 42 of that village cutting the cart-track mentioned "Under 3."

(5) Cart-track open to men, cattle and carts from Chowlukere to Malluruhalli, enters the forest at about 1½ furlongs to the east of the north-west corner of Survey No. 66 of Chowlukere village.

(6) Cart-track open to men, cattle and carts from Bommagondankere to Malluruhalli that enters the forest at about 2 furlongs south of the north-east corner of Survey No. 50 of Chowlukere and passes through Survey Nos. 50, 61 and 62 of Chowlukere and meets the Hirehalli-Abbianahalli cart-track.

(7) Cart-track open to men, cattle and carts from Hirehalli to Chowlukere entering the forest at the southernmost corner of Survey No. 50 of Chowlukere passing through Survey Nos. 50 and 60 of Chowlukere village.

(*B*) *Right of grazing.*—(1) The cattle of Abbianahalli except goats are allowed free grazing in the grazing season in Gomal Survey Nos. 37, 38, 39, 40 and 41 of that village included inside the State Forest.

By Order,

R. RANGA RAO,

Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

No. D. 10390—*J. S.* 19-28-3. *dated 8th April* 1929.

It is notified for general information that in accordance with Rule (3) of Government Order No. 11066-111—I. & C. 158-18-51, dated the 14th May 1919, the temporary Auditor's Certificate granted to Mr. K. Srinivasaraghavachar, B.A., L.T., in Notification No. D. 10636—J. S. 24-27-4, dated the 3rd April 1928, authorising him to audit the accounts of the Joint Stock Companies in the State, for a period of two years, in the English, Kannada and Telugu languages is hereby withdrawn.

No. D. 10434—*Geol.* 930-27-15, *dated* 11*th April* 1929.

In exercise of the powers conferred on them under Section 8 of the Mysore Petroleum Regulation I of 1923, the Government of His Highness the Maharaja of Mysore are pleased to direct that the following amendments be made to the rules issued under the Mysore Petroleum Regulation. The draft of the amendments was previously published in the *Mysore Gazette* for general information.

AMENDMENTS.

(1) Rule 6, Chapter IV—Part II. Omit the words "but not more than 2,000 gallons each."

(2) Form Q of the license form. "Revise the existing form and conditions to the form and conditions as hereto annexed."

By Order,
N. RAMA RAO,
Secretary to Government,
Development Departments.

FORM Q.

Special License to possess dangerous petroleum in one receptacle or more than one receptacle forming one unit and containing more than sixty-five gallons.
Rule 6, Chapter IV of Part II.

No.

Fee Rs. eight

License is hereby granted to Messrs..... for the storage in the licensed premises described below of.....gallons of dangerous petroleum in one tank subject to the rules for the storage of petroleum published in Notification No. I. C. 5415—Geol. 103-22-14, dated the 13th March 1924 as subsequently amended and to the further conditions attached hereto.

The.....192 .

Secretary to Government
or
the officer appointed by Government in this behalf.

(Description of the licensed premises above referred to.)

The licensed premises are situated at No..... .....and consist of a gas tight tank of a capacity of.....gallons sunk underground.

CONDITIONS OF LICENSE.

1 Except when absolutely necessary for the purposes of condition 8, or for testing the accuracy of a pump's discharge by means of a standard capacity measure or when the tank and pump are erected completely inside a Dangerous Petroleum Installation, petroleum shall on no account be filled from the tank or pump or from a barrel of oil supplied by Petroleum Companies to be filled into the tank into any receptacle other than that clamped or fitted to a Motor Vehicle.

2. The petroleum shall be stored in one gas tight metal tank of a capacity of..... gallons sunk completely underground in the position shown on plan submitted, and placed in a pit lined with concrete or brick in cement, the tank being packed round with sand, earth or clay so that no air space is left below ground level and the tank is not visible.

3. A pump or pumps shall be placed in the position shown on plan submitted, the pipe connection between the tank and the pump or pumps shall be placed underground and all joints, valves and cocks shall be gas tight.

4. For the purpose of charging the tanks of locomotives the petroleum shall be:

(*a*) Pumped through strong metal piping by means of approved pumps into above-ground measuring tanks of a capacity not exceeding 30 gallons, fixed in approved positions

and run thence through sound hose, fitted with secure self-closing cock and nozzle into the tanks of locomotives, or

(*b*) pumped through strong metal piping by means of approved pumps into an above ground service tank of approved capacity, fixed in an approved position, and run thence through strong metal piping into measuring tanks of a capacity not exceeding 30 gallons fixed in approved positions, and thence through sound hose, fitted with secure self-closing cock and nozzle, into the tanks of locomotives, or

(*c*) pumped by means of approved measuring pumps, fixed in approved positions, through sound hose, fitted with secure tap and nozzle, into the tanks of locomotives.

5. All tanks pumps, pipes and fittings shall be strongly constructed of the best materials.

6. The petroleum shall enter the tank "under seal" and all tanks shall be fitted with a vent pipe leading into the open air, the open end being covered with brass gauze 32 mesh and fitted with a hood or the open end shall be fitted with an inlet valve and on exhaust valve.

7. If the licensing officer call upon the holder of a license by a notice in writing, to execute any repairs to the storage premises, which may, in the opinion of such officer be necessary for the safety of the said premises, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice as may be fixed by the notice.

8. The tank before being repaired shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same. When a tank in position is open for cleaning or repairs, no lamps of any description either ordinary, electric, electric torches or electric cables or electric fans shall be brought near the manhole of the tank (the inside of the tank may be lighted by the use of mirrors).

9. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to anyone who has not a license under section 5 or section 6 of the Regulation.

10. All due precautions shall be taken for the prevention of unauthorised persons having access to any petroleum kept and to the vessels containing or having actually contained the same.

11. Every person managing or employed on or in connection with the storage premises shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act. No fire or naked light shall be allowed to burn and no smoking or the lighting of any match shall be permitted within ten feet of a kerbside pump.

12. The storage premises shall be liable to inspection by an officer not being of lower rank than a Sub-Inspector of Police authorised by the Government in this behalf.

13. This license shall be held to cover the use of a portable kerbside pump outfit for a period of not more than one month in the place of the licensed permanent outfit in the event of the latter being out of order provided notice in writing is given to the Director of Industries and Commerce before the portable pump is taken into use.

LAW SECRETARIAT.

No. P. 6049—*Cts.* 144-28-5, *dated* 11*th April* 1929.

Under sections 4A and 4B of the Mysore Civil Courts Regulation of 1883 as amended by Regulation VII of 1926, the Judge of the Court of Small Causes, Bangalore, is appointed as an Additional Subordinate Judge to the Subordinate Judge's Court, Bangalore, and under section 4 (b) of the said Regulation he shall hold court at Bangalore.

No. P. 6074-82—*Pol.* 226-28-1, *dated* 12*th April* 1929.

As instances of accidents due to unlicensed manufacture and possession of "Bellulli Patas" for use during Deepavali, Shaban and other festivals continue to occur in spite of the instructions conveyed in Circular No. P. 6462-70--Pol. 103-25-9, dated 29th June 1926, Government direct that the notices contemplated in para 2 of the said circular be published every year well in time before each such festival in the manner best calculated to ensure wide publicity to the risks and the liability to prosecution involved.

No. 4448—*P. P.* 95-28-2, *dated* 15—16*th April* 1929.

The following Press Communique No. 19, dated the 23rd March 1929, is hereby republished for general information :—

The first examination in India of Indian gentlemen for entry to the King's commissioned ranks of the Executive and Engineer Branches of the Royal Indian Marine will be held in Delhi on the 25th June 1929 and succeeding days.

2. The following information is published in advance of the full regulations regarding entry to the Royal Indian Marine in order to give prospective candidates as long a notice as possible of the first examination. The examination will last for about ten days and the papers will be sent to England for correction by the Civil Service Commissioners. The results cannot be expected before about the 1st September.

3. Successful candidates for the Executive Branch will be required to spend nine months on the Indian Mercantile Marine Training Ship "Dufferin" in Bombay in order to give them some experience of sea life before proceeding to England. During the period they are undergoing training on the "Dufferin" their parents or guardians will be required to pay Rs. 50 per mensem for each boy which includes board, lodging, tuition, medical attendance and games, and in addition a sum of Rs. 10 per mensem on account of pocket money and laundry and use of text books and stationery. They will then be required to proceed to England for about two years—the first half of which will be spent on His Majesty's ship "Erebus." The term on the "Erebus" begins in September, and those candidates who are accepted for the Royal Indian Marine at the June 1929 examination will join the "Erebus" in September 1930.

4. Successful candidates for the Engineer Branch will proceed as soon as possible to England for training as apprentices in selected Engineering Firms on the Clyde and Tyne. The training will last for five years and the parent or guardian of each boy will be required to execute an agreement that the boy will join the Royal Indian Marine at the expiry of his course of training provided that he is eventually passed as suitable.

5. At this examination, the following vacancies will be offered to successful candidates provided they have obtained the qualifying number of marks :—

Executive Branch	...	...	...	.. 3
Engineer Branch	..	...	...	... 4

6. Candidates must have attained the age of 17½ and must not have attained the age of 19½ on the 1st July 1929.

7. Anglo-Indians are eligible to compete at this examination.

8. A candidate, before being allowed to sit for the examination, wil be required to furnish proof that he has attained the general educational standard required for the diploma of the Chief's Colleges, school leaving certificate recognised by a local Government, Matriculation Examination of an incorporated University or any higher examination. He will also be required to satisfy a Medical Board at Delhi as to his physical fitness.

GENERAL SECRETARIAT.

No. 4492—*C. B.* 187-28, *dated* 19*th April* 1929.

Under section 23(2) (a) of the Mysore Municipal Regulation of 1906, as amended from time to time, Government are pleased to appoint Mr. Y. Ramaswamy, B.A., C.E., Assistant Engineer, Mysore City Improvement Trust Board and also Municipal Engineer, as President, Mysore City Municipal Council, during the absence of Mr. T. G. Rama Iyer, B.A., on other duty.

Under section 4 of the City of Mysore Improvement Regulation 1903, as amended from time to time, Mr. Y. Ramaswamy, will also be the Chairman of the Mysore City Improvement Trust Board during the said period.

By Order,
B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

FINANCIAL SECRETARIAT.

No. 4479—*C. B.* 134-28-13, *dated* 18*th April* 1929.

The privilege leave of three months granted to Mr. M. A. Rangachar, Secretary to the Board of Management, Mysore Iron Works, in Notification No. 3195—C. B. 134-28-2, dated 16th January 1929, is hereby extended under Article 171 and 209A of the Mysore Service Regulations by another month of which twenty-four days will be privilege leave and six days furlough on average salary.

By Order,
B. SRINIVASA IYENGAR,
Secretary to Government,
Financial Department.

ELECTRICAL SECRETARIAT.

No. 1017-23—*E. D. S., dated* 19*ht April* 1929.

Under Article 171 of the Mysore Service Regulations, Mr. E. A. Periera, Electrical Foreman, Sivasamudram, is granted privilege leave for two months with effect from the 19th March 1929.

By Order,
K. R. SESHACHAR,
Secretary to Government,
Electrical Department.

9. The subjects of the examination and the maximum number of marks obtainable for each subject are as follows :—

PART I.

	Maximum marks.
(i) English	100
(ii) General Knowledge	100
(iii) Interview and Record (includes an examination in English and General Knowledge)	400
(iv) One of the following :—	
(a) Modern language (includes the following oriental languages—Arabic, Urdu and Hindi ...	100
(b) General History	

PART II.

(v) Latin	300
(vi) Greek	300
(vii) French	300
(viii) German	300
(ix) Hindi	300
(x) Sanskrit	300
(xi) Persian	300
(xii) Urdu	300
(xiii) Modern History	300
(xiv) Indian History from 1526 A.D.	300
(xv) Lower Mathematics	300
(xvi) Higher do	300
(xvii) Physics	300
(xviii) Chemistry	300
(xix) Biology	300
(xx) Freehand or Geometrical drawing	50

All four subjects in Part I must be taken.

Of Part II not more than three subjects may be offered by a candidate but two of these subjects must be Physics and Lower Mathematics, and he must obtain such marks in the two latter subjects taken together as to satisfy the examining authority.

10. A candidate taking General History in Part I may not offer Modern History or Indian History in Part II. A candidate may not offer the same language in Parts I and II nor may he offer more than two languages in all. Only one Oriental Language may be taken in the examination. Any one of the following Modern Languages may be offered :—

French, German, Italian, Spanish, Russian, Arabic, Urdu and Hindi.

N.B.—The term "Oriental Language" includes all Asiatic Languages.

In addition to the above-named subjects, candidates may take Freehand Drawing or Geometrical Drawing, each of which carries 50 marks. A candidate must obtain at least 140 marks at the Interview and Record in order to qualify.

Physics, Chemistry and Biology. Not more than two of these subjects may be taken by a candidate who must satisfy the examining authority that he has had suitable laboratory training totalling 80 hours for each subject taken.

11. Successful candidates will be eligible according to the means of their parents for financial assistance from Government during their courses of training in England. Details of this assistance and of the courses of training themselves together with details of the syllabus for the examination will be published as soon as possible in the form of Provisional Regulations for entry into the Royal Indian Marine. Meanwhile, candidates can obtain details of the syllabus of the various subjects of the examination (which is the same as the Army Entrance Examination) from the publication entitled "Provisional Regulations respecting admission of Indian gentlemen to the Royal Military Academy, Woolwich, the Royal Military College, Sandhurst, and the Royal Air Force Cadet College, Cranwell" copies of which have been placed on sale with the Manager, Government of India, Central Publication Branch, 8, Hastings Street, Calcutta,—price 4 annas per copy.

12. Candidates should apply by letter to the Secretary to the Government of India, Marine Department, for the necessary printed form of application to sit for the examination. The closing date for applications will be the 1st May 1929; no application received after that date will be considered.

13. Candidates travelling to Delhi for the examination must do so at their own expense and make their own arrangements for accommodation in Delhi. Parents and Guardians must ensure that candidates are provided with sufficient funds to meet the cost of their expenses while attending the examination. A fee of Rs. 50 will be levied from each candidate for the examination.

By Order,
R. RANGA RAO,
Offg. *Chief Secretary to Government.*

LAW SECRETARIAT.

No. G. 13168—*Ft.* 305-28-2, *dated* 24*th April* 1929.

Under section 30 of the Mysore Forest Regulation, XI of 1900, the Government of His Highness the Maharaja of Mysore, direct that the area, the boundaries of which are described below, which forms part of the Balur State Forest, Mudgere Taluk, constituted in Government Notification No. R. 5860—Ft. 99-13-4, dated 7th January 1915, be disafforested and treated as an enclosure within the said forest with a right of way thereto :—

Boundaries.

North.—Starting from a point south-west at a distance of 10 chains to the south-west corner of Survey No. 47 of Mudagundi along the northern demarcation line of Balur State Forest where the Mudagundi foot-path cuts it, the line runs north-east to a distance of 10 chains to a point about 7½ chains west to the junction of the Mudagundi foot-path and the halla ;

East.—then south-west to a distance of 10 chains to a point 22½ chains north-west of the western corner of Survey No. 48 of Mudagundi village ; then again almost west over a distance of 2½ chains to a point 22½ chains north of the bend of the northern boundary of Survey No. 49 of Mudagundi village ;

South.—thence north-west over a distance of 14½ chains to a point 26¼ chains north-west of the bend already referred to ;

West.—and then nort-east for a distance of 10 chains till a point 12 chains south of the junction of the southern corner of Survey No. 58 of Mudagundi and the demarcation line and then east for a distance of 6¼ chains till it meets the starting point.

No. G. 13412—*G. M.* 134-28-2, *dated* 29*th April* 1929.

Monday the 3rd June 1929 is declared a General Holiday for all Offices, Courts and Public Institutions in the State on account of His Majesty the King Emperor's Birthday.

By Order,
R. RANGA RAO,
Offg. *Chief Secretary to Government.*

LAW SECRETARIAT.

No. P. 6436—*Cts.* 8-28-45, *dated* 24*th April* 1929.

Under section 12 of the Code of Criminal Procedure, 1904, Mr. R. Shama Iyengar, B.A., Acting Assistant Commissioner posted to the charge of the Special Magistrate's Court, at French Rocks in Notification No. 4408—C. B. 94-28-5, dated 18th April 1929, is appointed a Magistrate of the First Class and under section 37 of the said code he is invested with all the additional powers specified in Schedule IV as powers with which a Magistrate of the First Class may be invested by Government except the following powers :—

(i) Power to try cases summarily—section 260.
(ii) Power to hear appeals from convictions by Magistrates of the Second and Third Classes— section 407.
(iii) Power to try cases of sedition under section 124A of the Indian Penal Code.

2. Under section 357 of the said code, he is also empowered to take down the evidence of witnesses in cases tried by him in his own hand in the English language.

No. P. 6525—*Cts.* 8-28-48, *dated* 26*th April* 1929.

Under section 37 of the Code of Criminal Procedure, 1904, Mr. M. Channaraj Urs, B.A., LL.B., City Magistrate, Mysore, is invested with the following additional powers :—

(i) Power to try cases summarily—section 260.
(ii) Power to hear appeals from conviction by the Magistrates of the Second and Third Classes—section 407.

No. P. 6557—*Cts.* 8-28-49, *dated* 29*th April* 1929.

Mr. G. Sundara Rao, B.A., Special First Class Magistrate, Bangalore District, is empowered to perform the functions of a Magistrate under the Mysore Lunacy Regulation 1916.

No. P. 6631—*Cts.* 41-28-45, *dated* 1*st May* 1929.

Under Article 165 of the Mysore Service Regulations, Mr. H. V. Chandrasekhariah, B.A., LL.B., Special Magistrate, Mandya, is granted privilege leave of absence for ten days from the 22nd April 1929 or the subsequent date from which he may avail himself of the same.

The Sub-Division Officer and *Ex-officio* First Class Magistrate, Mandya, will be in charge of the Court during the above period.

By Order,
P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

By Order,
P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

No. R. 8622—*L. R.* 268-28-8, *dated* 20—24*th April* 1929.

A. & C. TO LAND REVENUE RULES—18 AND 20.

(1) Add the following paragraph at the end of Rule 20 of the Land Revenue Rules:—

"Where sand, stone or such other materials are removed for a public work by any department or local authority by its own agency or through contractors to whom permission has been given under this rule, the Officer in charge of the work should arrange to collect royalty at the prescribed rates and credit the same to Land Revenue. Executive Engineers and other Departmental Officers in the case of District Boards and Municipalities, etc., should furnish to the Deputy Commissioners of Districts, every month a statement showing the names of persons to whom such permission is given, the quantities of the different materials used, the royalty payable thereon and the amounts actually credited. In all other cases a person who wishes to quarry or remove the said materials whether for a Government work or other purposes should obtain the permission of, and pay royalty to, the Revenue Department directly. The rates of royalty at present fixed by Government are given in Appendix A."

(2) Transpose Appendix A of the Land Revenue Rules from Rule 18 to Rule 20, omitting "Fuller's earth" therefrom.

(3) Omit the second para of the Note under Rule 18 and substitute the following therefor :—

"The rates charged by the Deputy Commissioner under the rule are given in Appendix M."

(4) Insert the following table as Appendix M of the Land Revenue Rules :—

	Per cart load.		
	Rs.	a.	p.
Rough stone (including undressed burnt stone and every kind of stone that has not been chiselled)	0	1	0
Chiselled stone	0	2	0
Fuller's earth	0	4	0
Metal and gravel	0	0	6
Earth	0	0	6

No. R. 8768—*L. R.* 449-28-3, *dated* 24*th April* 1929.

In exercise of the powers conferred by Section 233 of the Land Revenue Code, Government of His Highness the Maharaja of Mysore are pleased to direct that the follow amendment be made to the rules under the Land Revenue Code, issued with Notificat No. 264 R. 122, dated the 10th July 1901 :—

Substitute the following paragraph for the existing fourth para of clause (1) of Notif tion No. R. 106—L. R. 255-22, dated the 5th October 1927 :—

" No lands shall be classed under "A" unless the Amildar or Deputy Amildar has satis himself, by personal inspection or otherwise, that their market value, including malki if a does not exceed one year's assessment thereon. If any lands so entered are afterwards fou to possess a higher value, they should be transferred to the list of lands classed under "I The lands classed as "A" will be given to the applicant without auction *i.e.*, free of up price or for an upset price equal to the value of the malki if no other applications are receiv within one month after the date of the first application. If there are more applications th one for the land or if it appears that the land is valuable and should really have been class under "B" the right of occupancy shall be sold by auction."

No. R. 8805—*R. M.* 10-28-76, *dated* 25*th April* 1929.

Under paragraph 2 of the rules issued in Government Order No. R. 14-25—L. R. 14 24-75, dated the 3rd October 1925, as amended by Government Order No. R. 4229-40 L. R. 489-26-4, dated the 1st December 1927, the following villages of the Bagepalli Tal and of the Gudibanda Sub-Taluk, Kolar District, are notified as being entitled to half w and garden assessment during the year 1928-29.

PUCLIC WORKS SECRETARIAT,

No. P. W. 24-75-7, *dated* 20*th April* 1929.

Under section 6 of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amended Regulation of No. I of 1927, the Government of His Highness the Maharaja of Mysore declares that the land measuring .....be the same a little more or less, is needed for a public purpose, *viz.*, for the deviation of Bangalore-Mysore Road near Channapatna and under sections 4 and 7 of the same Regulation, the Assistant Commissioner in charge of Closepet Sub-Division is appointed to perform the functions of a Deputy Commissioner under the Regulation and directed to take orders for the acquisition of the said lands. Under Sub-section 17 of the Regulation, the Government further directs that the possession of the said land may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in section 9 (1) of the Regulation. A plan of the lands is kept in the office of the Amildar :—

GENERAL SECRETARIAT.

No. R. 9270—*R.M.* 56-27-6, *dated* 10*th May* 1929.

CULTIVATION OF LANDS OVERGROWN WITH LANTANA OR PRICKLY PEAR.

A and C Slips to 159 of the Revenue Manual, Volume I, page 116, as per Government Order No. R. 8477-86—R. M. 56-27-5, dated the 19th April 1929.

The above para will be modified and recast as follows :—

(1) Deputy Commissioners are empowered to grant lands assessed or unassessed, up to a limit of 20 acres and 10 acres as regards dry and wet lands respectively. The Revenue Commissioner is authorised to grant up to 100 acres and 25 acres similarly. Applications for larger areas should be submitted to Government for sanction after due investigation.

The conditions governing each grant are as follows :—

(i) Lantana or prickly pear should be eradicated from a prescribed extent of land every year and the whole area taken up cleared of pest and brought under cultivation within a period to be fixed by the Deputy Commissioner.

(ii) The period of concession in each case should be fixed with due regard to the extent of land overgrown with lantana or prickly pear, the cost involved in eradicating the pest and the time which may elapse before the raiyat who undertakes such clearing, can expect to reimburse himself the outlay he has had to incur.

(iii) Failure to remove the lantana or prickly pear from the area prescribed in any year, and to keep the area already cleared free from further growth, renders the grantee liable to pay the full assessment from the date of such failure.

(2) The Deputy Commissioner may for sufficient reasons, extend the total period within which the entire area is to be cleared and condoned any default that may have been made in clearing the prescribed extent in any year.

(3) The remission of kandayam on the lands granted as above will be sanctioned annually by the Jamabandi Officer, after satisfying himself that the conditions of the grant have been complied with. He may also reduce the amount of remission whenever necessary and direct payment of the balance.

(4) When lands under occupation are found to be overgrown with lantana or prickly pears and the Deputy Commissioner, on personal inspection is satisfied that reasonable precaution has been taken by the occupier thereof against its ravages and that some special concessions are necessary to ensure its thorough removal the Deputy Commissioner, may where the land is fairly large in extent grant remissions of assessment thereon for a period not exceeding five years. When only a portion of a land to which the concessions are made applicable is so overgrown, the remission granted will be proportionate to the area affected.

(5) In the case of Kharab and gomal land which cannot be given out for cultivation without affecting the requirements of the people for grazing and other purposes, local officers should endeavour to encourge the raiyats te adopt combined action to remove the pest, subjecting them, in case of non-compliance, to the temporary suspension of the privileges granted to them in respect of the land if necessary. If the growth is so great as to be a menace to the health of the neighbouring people or a source of obstruction to efforts which are being made for its destruction in the vicinity and its removal is likely to be too costly for the raiyats to undertake and to impose too great a burden on them the clearance should be effected out of the special funds of District Boards. Where the existence of lantana or prickly pear in the lands is likely to be injurious to cultivation in the adjacent agricultural land, the owners of the latter may be induced by the grant of similar concessions to check its growth and progress.

(6) Sufficient collateral security should be taken when takavi or other loans are granted for the improvement of the lands taken up under these rules.

(7) All lands enjoying the benefit of the above concessions should be periodically inspected and steps taken to enforce the conditions in cases of neglect.

(8) Lists of large blocks of lands overgrown with lantana and available for cultivation under the rules should be prepared and periodically advertised by the Deputy Commissioners of Districts, with the concurrence of the Revenue Commissioner with a view to attract intending settlers. Applications should be disposed of without delay.

Note.—A special report should be submitted at the end of every official year on the working of the above rules in all the Districts.

(9) In the case of occupied lands obtained or held under the concessions granted by Government, the responsibility of the land owners or occupants to keep their lands clear of vegetation should be strictly enforced. The concessions allowed in rule 4 *supra*, should be granted more freely.

(10) In the case of unoccupied lands (assessed and unassessed) if persons do not readily come forward to take them up for cultivation on the conditions laid down in the foregoing rules, immediate action should be taken by the local officers to remove the pest by employing a special agency, if necessary, the cost involved being debited to Government. The lands thus cleared of lantana should be disposed of at once for cultivation by sale in public auction.

(11) As regards vacant sites the local bodies are responsible for keeping them in a sanitary condition and they should actively help in removing rank growth on unoccupied sites in villages. In the case of occupied Village sites the Village Sanitation Rules should be strictly enforced and prompt steps should be taken to prosecute the owners of such sites, if they persist in their failure to remove such growth in spite of notices served on them under the rules.

(12) As regards communal lands (including gomal) and unoccupied village sites the removal of the pest should be undertaken under the Village Improvement Scheme, the contribution from the villagers being limited to one-third of the cost, the remaining two-thirds being borne by Government.

(13) In the case of lands under the control of Government Departments, the Heads of Departments concerned should with a view to induce the people to exert in this important direction, set an example by making it a point to see that the lands in their charge adjoining occupied lands, communications, and village sites are kept clear of lantana at least up to a limit of 100 yards and take the necessary action for the eradication of the pest so that the efforts made to remove it from the adjacent agricultural communal lands and village sites may be attended with successful results without affording scope for its regeneration.

(14) The Revenue Commissioner should impress upon all local officers the importance of the extirpation of lantana and other rank growth and see that these officers carry out the measures needed and enforce the rules on the subject.

N. B.—An annual report should be submitted to Government.

(15) The above rules will be in force until further orders.

By Order,
B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

By Order,

PUBLIC WORKS SECRETARIAT.

No. P. W. 2550-2—*S., dated 25th April* 1929.

Under section 6 of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. I of 1927, the Government of His Highness the Maharaja of Mysore declares that the land measuring 18 acres and 35 guntas be the same a little more or less, is needed for a public purpose, to wit for the construction of a new tank (Nelligudde Tank) near Bidadi and under sections 4 and 7 of the same Regulation, the Assistant Commissioner in charge of Closepet Sub-Division is appointed to perform the functions of a Deputy Commissioner under the Regulation and directed to take orders for the acquisition of the said lands. Under Sub-section (1) of section 17 of the Regulation, the Government further directs that the possession of the said land may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in section 9 (1) of the Regulation. A plan of the lands is kept in the office of the Closepet Sub-Division and may be inspected at any time during office hours.

A. A. KHAN,
Secretary for Railways,
Government of Mysore.

No. D. 12132—*Geol.* 16-28-6, *dated* 22*nd May* 1929.

In exercise of the powers conferred on them by section 4 of the Mysore Explosives Regulation II of 1888, the Government of His Highness the Maharaja of Mysore are pleased to direct that the following amendments be made to the rules issued under the said Regulation, the draft of which has been published in the Gazette for general information :—

AMENDMENTS.

Clause (*i*) *of Rule* 3, *Chapter I, page* 1.

Add "or coloured matches known as Bengal lights" after words "paper caps for toy pistols"; and

" Or to the possession, sale, transport or importation of snaps when contained in fully manufactured Christmas or bon-bon crackers" at the end of the clause.

Form 'F' Article 11 *of Schedule I, page* 62.

Insert the following as condition 2A after condition 2 :—

" The licensee shall exhibit his stock and his books and records to any Magistrate or to any Police Officer duly empowered in this behalf, whenever such Magistrate or Officer may call upon him so to do."

(ii) In condition 3 after the word "building" insert the words " approved by such officer as the Government may prescribe."

Form 'I' Articles 12 *and* 13 *of Schedule I, page* 70.

Add the following proviso at the end of Condition 8 (b) :—

"Provided also that where two or more lightning conductors are attached to one and the same magazine, the fee for testing all such conductors shall not exceed the fee prescribed in this condition for testing a single lightning conductor."

Form 'K' Articles 14 *and* 15 *of Schedule I.*

Add the following as Condition 2A :—

"2A. The licensee shall exhibit his stock and his books and records to any Magistrate or to any Police Officer duly empowered in this behalf, whenever such Magistrate or Officer may call upon him so to do."

No. D. 12479—*Edn.* 92-27-62, *dated* 28*th May* 1929.

Under section 48 (i) of the Land Acquisition Regulation 1894, as amended from time to time, Government hereby withdraw from the acquisition of 120 Sq. yards in the Hosdurga Town for the construction of a building for the Girls' School, notified in No. D. 8088—Edn. 92-27-21, dated the 1st February 1928, published in the *Mysore Gazette*, Part II, Section 2, page 107, dated the 9th February 1928.

By Order,
N. RAMA RAO,
Secretary to Government,
Development Departments.

LAW SECRETARIAT.

No. P. 7188—*Legis.* 6-28-27, *dated* 29*th May* 1929.

The following draft of an amendment which the Government propose to make in exercise of the powers conferred on them under Section 11 of the Mysore Motor Vehicles Regulation, 1928 to the Mysore Motor Vehicles Rules is hereby published for the information of persons likely to be affected thereby and notice is hereby given that the said draft will be taken into consideration on or after the 15th June 1929, and that any suggestions or objections which may be received from any person with respect to the draft before the aforesaid date will be considered by Government :—

Draft Amendment.

The following shall be added after sub-rule (2) (*d*) of Rule 30 :—

" (*dd*) In the case of a motor vehicle owned by a person residing outside Mysore and regularly plying for hire on any road in Mysore Territory but with either or both the termini outside the State, a permit in Form G under Rule 27 (1) shall be taken from the District Magistrate and a further permit in Form H under Rule 30 (1) from the Deputy Commissioner of the district concerned."

By Order,
P. MAHADEVAYYA,
Secretary to Government,
Law Department.

GENERAL SECRETARIAT.

No. R. 9904—*R. M.* 11-28-30,*dated* 28*th May* 1929.

The name of " Bolikoppa " a Jodi Inam Village in the Shimoga Taluk, is changed to "Ramapura."

By Order,
B. NARAYANASWAMI IYENGAR,
Offg. *General Secretary to Government.*

CHIEF SECRETARIAT.

No. G. 12649—*Ft.* 277-28-3, *dated* 11*th April* 1929.

Under section 4 of the Land Acquisition Regulation, 1894, as amended from time to time it is hereby notified, that the property described here under, is required for a public purpose, *viz.*, for Constructing Forest Lodge.

Under section 5-A, it is described that any person interested in the above property, may within 30 days after the issue of this notification, prefer objections, if any thereto, to the Assistant Commissioner, in charge of Closepet Sub-Division, in writing, after which no objections will be heard.

A plan of the property will be available for inspection in the Office of the Closepet Sub-Division :—

(*e*) ,, S. L. Mannaji Rao Kadom, Member, Legislative Council.

By Order,
R. RANGA RAO,
Offg. *Chief Secretary to Government.*

DEVELOPMENT SECRETARIAT.

No. D. 12675—*Edn.* 1080-28-2, *dated* 30*th May* 1929.

Mr. H. V. Ramaswami, Medical Inspector of Primary Schools, Bangalore, was granted twelve days privilege leave in continuation of the one month's privilege leave from 11th March 1929, sanctioned to him by the Director of Public Instruction in his Notification No. L. 4142 of 28-29, dated 23rd February 1929.

Mr. S. Raja Iyengar, Medical Inspector for High and Middle Schools was in charge of the Office of the Medical Inspector for Primary Schools in addition to his own, during this period.

By Order,
N. RAMA RAO,
Secretary to Government,
Development Departments.

LAW SECRETARIAT.

No. P. 7230—*Cts.* 41-28-30, *dated* 30*th May* 1929.

Under Article 165 of the Mysore Service Regulations, Mr. J. Rudrappa, M.A., LL.B., Special First Class Magistrate, Sagar, is granted privilege leave of absence for one month from the 1st June 1929 or from such subsequent date from which he may avail himself of the same.

Mr. M. K. Sivasankara Rao, B.A., B.L., Acting Sheristedar, District Court, Shimoga, now in charge of the Special Second Magistrate's Court at Chitaldrug, is appointed as Acting Munsiff, Second Grade and posted on his relief at Chitaldrug, to the charge of the Special First Class Magistrate's Court, Sagar, during the period of absence of Mr. J. Rudrappa on leave or until further orders.

No. P. 7235—*Cts.* 41-28-61, *dated* 30*th May* 1929.

Under section 12 of the Code of Criminal Procedure, 1904, Mr. M. K. Shivashankara Rao, posted to the charge of the Special First Class Magistrate's Court at Sagar, in Notification No. P. 7230—Cts. 41-28-60, dated 30th May 1929, is appointed a Magistrate of the First Class and under section 37 of the said Code he is invested with all the additional powers specified in Schedule IV as powers with which a Magistrate of the First Class may be invested by Government except the following powers :—

(i) Power to try cases summarily--Section 260.
(ii) Power to hear appeals from convictions by Magistrates of the Second and Third Classes—Section 407.
(iii) Power to try cases of sedition under section 124A of the Indian Penal Code.

2. Under section 357 of the said Code, he is also empowered to take down the evidence of witnesses in cases tried by him in his own hand in the English language.

By Order,
P. MAHADEVAYYA,
Secretary to Government,
Law Department.

FINANCIAL SECRETARIAT.

No. 5229—*C. B.* 134-28-15, *dated* 5*th June* 1929.

PART II--Section 2.

NOTIFICATIONS BY GOVERNMENT.

CHIEF SECRETARIAT.

No. 5161—*P. P.* 104-28-8, *dated* 28*th May* 1929.

It is hereby notified that, on account of Khedda operations, all kinds of shooting, netting, beating of game and fishing in the State and District Forests of the Heggaddevankote Taluk, are prohibited from 1st August to 15th December 1929.

No. G. 14651—*Ft.* 231-28-7, *dated* 6*th June* 1929.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation, XI of 1900, that, from 1st July 1929, the area, the boundaries of which are set forth in the schedule appended to this Notification, shall be deemed to be a 'State Forest' subject to the exercise of the rights specified at foot thereof:—

District	Taluk	Name of block	Approximate area in acres
Mysore ..	Mysore ...	Chamundi Block ...	1,516 acres or 2—4 sq. miles nearly.

Boundaries.

1 Chain = 33 feet.

North.—Starting from the bondh in Survey No. 149, where the road from the Mysore City to Chamundi Betta crosses the common boundary of the villages the line runs eastwards along the southern boundary of Survey No. 149 to the trijunction bondh of Mysore, Kurubarahalli and Chamundi Betta Villages, then in the same direction along the southern boundaries of Survey Nos. 14 and 104 of Kurubarahalli Village to the trijunction bondh of Kurubarahalli, Alanahalli and Chamundi Betta Villages, thence east along the southern boundary of Survey No. 41 and along the south-western and southern boundaries of Survey No. 33 of Alanahalli Village to the Mysore-Chamundi Betta Motor Road at the south-east corner of the said Survey No. 33.

East.—The line then turns southwards and runs along the Mysore-Chamundi Betta Motor Road, through Survey Nos. 118 and 181 of Sakhalli and Uttanahalli respectively to the north-west corner of Survey No. 157 of Uttanahalli Village.

South.—Then the line turns westwards and runs along the northern boundary of Survey No. 158 of Uttanahalli village and in the same direction for about 58 chains through Survey No. 181 and along the northern boundary of Survey No. 182 to its north-west corner, then south-west along the western corner of Survey Nos. 182 and 183 to the south-west corner of Survey No. 183, then south through Survey No. 181 crossing the Uttanahalli-Chamundi Betta Road, to a point in the common boundary of Uttanahalli and Hosahundi Villages at a distance of about 19 chains west from the north-west corner of Survey No. 57 of Hosahundi Village, then in the same direction for about 44 chains through Survey No, 42 of Hosahundi to a point about 18 chains west from the north-west corner of Survey No. 62 of the village. Then the line turns westward and runs for about 65 chains in this Survey No. 42 to a point in the common boundary of Hosahundi and Bhandypalya Villages at a distance of about 32 chains north from the south-west corner of Survey No. 42 of Hosahundi Village, thence north along the common boundary of Bhandipalya and Hosahundi to the trijunction bondh of Bhandipalya, Hosahundi and Uttanahalli Villages, thence westward along the common boundary of Chamundi Betta and Bhandipalya to the north-west corner of Survey No. 56 of Bhandipalya, then south along the western boundary of the said Survey No. 56 for about 15 chains to the north-east corner of Survey No. 4 of Chamundi Betta Village, then goes westwards along the northern boundaries of Survey Nos. 4 and 18 of Chamundi Betta, to the north-west corner of the latter number where it touches the Mysore-Uttanahalli road.

West.—Then the line turns northwards and passes along the western common boundary of Mysore and Chamundi Betta Village, for about 195 chains and reaches the starting point.

Remarks.

A. The following rights of way are admitted in the Block.

1. *Steps from Mysore to Chamundi Betta.*—The path enters the block in the northern demarcation line at a point 20 chains south-west from the south-west corner of Survey No. 146 of Mysore Village runs in south-west easterly, south and again south-east direction for about 105 chains in Survey No. 40 of Chamundi Betta Village and quits the block at a point about 12 chains north from the north-west corner of Survey No. 28 of Chamundi Betta Village and enters the Chamundi Betta enclosure.

2, *Cart track from Mysore to Chamundi Betta.*—This road enters the block in its northern boundary at the south-west corner of Survey No. 104 of Kurubarahalli and goes south-west in a zig-zag way in Survey Nos. 40 and 41 of Chamundi Betta Village, quits the block at the south-west corner of Survey No. 67 and enters the Chamundi Betta enclosure.

3. *Foot-path from Sakkahalli to Chamundi Betta.*—This path enters the block in the eastern demarcation line at a point 4 chains west from the southern bondh of Survey No. 93 of Sakkahalli, runs south-west and north-west through Survey Nos. 118 and 3 of Sakkahalli and Chamundi Betta Villages, respectively for about 110 chains and leaves the block at a point 10 chains south-east from the south-east corner of Survey No. 3 of Chamundi Betta and enters the Chamundi Betta enclosure.

4. *Steps from Uttanahalli to Chamundi Betta.*—This path branches off from the motor road enters the block at a point 2 chains south from the south-west corner of Survey No. 183 of Uttanahalli Village, runs north-west and north through Survey Nos. 181 and 3 of Uttanahalli and Chamundi Betta Villages, respectively for about 85 chains leaves the block at a point 7 chains, south-west from the south-west corner of Survey No. 59 of Chamundi Betta.

5. *Foot-path from Palace Kaval to Chamundi Betta.*—This path enters the block at the north-west corner of Survey No. 4 of Chamundi Betta, runs north-east for about 96 chains through Survey Nos. 19 and 3 of Chamundi Betta and quits the block at a point about 7 chains south-east from the south-west corner of Survey No. 20 and enters the Chamundi Betta enclosure.

6. *Foot-path from Mysore to Lalitadri.*—This path enters the block at the southern boundary of Kurubarahalli Village at a point 4 chains east from the south-west corner of Survey No. 104 of Kurubarahalli, runs eastwards for about 50 chains and enters the Lalitadri enclosure.

Enclosures.

B. The following are treated as enclosures in the block with right of way thereto:—

1. The Chamundi Betta Village with the exception of Survey Nos. 40, 41, 3 and 19 are clubbed together and treated as an enclosure with a margin of not less than one chain all round.

2. The bungalow called Lalitadri with a magin of 2 chains all round is treated as an enclosure.

3. Survey Nos. 60 and 117 of Sakkahalli being assessed occupied lands, are clubbed together and treated as an enclosure with a margin of 2 chains all round.

4. Survey No. 108 of Sakkahalli being an occupied land is treated as an enclosure with a margin of 2 chains on two sides and the motor road on the other sides.

5. Survey No. 94 of Sakkahalli being an occupied land is treated as an enclosure with a margin of 2 chains on 3 sides and the new motor road on the other side.

All the roads, foot-paths and steps will be open to men, cattle and carts throughout the year.

C. The following concessions are granted in the block :—

1. The villagers of Chamundi Betta, Hosahundi and Bhandipalya are allowed to cut and remove grass for their *bona fide* purposes from localities specially selected by the District Forest Officer, under free permits issued by the District Forest Officer or by the local Forest Range Officer, under the order of the District Forest Officer.

No. G. 14656—*Ft.* 249-28-5, *dated 6th June* 1929.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from the date of this Notification, Survey No. 109 of Masarangala, Mallipatna Hobli, Arkalgud Taluk, Hassan District, measuring 3 acres and 36 guntas in extent shall be deemed to be a State Forest, being included in the Kendinne State Forest.

The boundary of the said State Forest after this addition will be as described in the Shedulce annexed to this notification subjeet to the exercise of rights specified at foot thereof.

621

Schedule.

District	Taluk and Hobli	Name of block	Approximate area in acres
Hassan ...	Arkalgud Taluk, Mallipatna Hobli.	Kendinne	... 235 acres and 36 guntas

Boundaries.

North.—A cleared line 33′ wide running from the boundary bondhs of Nelabhalli village skirting Survey Nos. 25, 26, 29 and 31 of Hosahalli and 125 of Honganur.

PART II--Section 2.

NOTIFICATIONS BY GOVERNMENT.

CHIEF SECRETARIAT.

No. G. 14696—*Ft.* 384-26-4, *dated 7th June* 1929.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of section 30 of the Mysore Forest Regulation (XI of 1900) the area specified in the schedule below which forms a portion of the Telaginamane Block (as per notifications Nos. I. C. 6430-3—Ft. 190-21-2, dated 30th June 1922, and No. 421-Ft—F. 15-1900, dated the 7th January 1907 under section 23 of the Mysore Forest Regulation of 1900 and section 9 of the Forest Rules of 1878) shall cease to be State Forest.

SCHEDULE.

District	Taluk	Area proposed to be disafforested	Name of block
Shimoga ...	Shikarpur and Sagar	40 acres and 7 guntas ...	Telaginamane

N.B.—The description of boundaries of the State Forest after disafforestation is as follows:—

Boundaries.

North.—Starting from a point on the common boundary between Malla and Naragodu at the southern most corner of survey No. 77 of Malla the line runs south-east along the common boundary between Malla and Nichadi on one side and Naragod and Siraguppe on the other side to a point about 18 chains south-east from the south-west corner of survey No. 46 of Nichadi village; thence south-east joining the north-eastern corner of survey No. 12 of Telaginamane; thence east to north-western corner of survey No. 43 of Nichadi village; thence along the west and south-sides of survey Nos. 43, 42 and 41 to the south-east corner of the last named survey number of the Nichadi village.

East.—Then the line runs south-west along the common boundary between Nichadi and Chikkabelagunji to the trijunction bhands of the said two villages with Telaginamane; then south-east along the west side of survey No. 25 of Chikkabelagungi to its south-west corner; then south-west for about 29 chains through survey No. 24 to its south-western corner, then south-east for about 44 chains through survey No. 21 to the south-west corner of survey No. 22; then along the south side of survey No. 22 east side of survey No. 23 and south side of survey No. 23 and south side of survey No. 19 to the trijunction bhands of Chikkabelagungi, Hirebelagungi, with Chennasetti Koppa then south-east along the common boundary between Chikkabelagunji and Channasetti Koppa to the trijunction bhands of the said two villages with Bidarkoppa.

South.—Then the line runs south-west, north-west, west and north-west, along the common boundary between Chikkabelagunji and Talaginamane, on one side and Bidarakoppa, Nedravalli, Kaspadi on the other side to the trijunction bhands of Telaginamane, Kaspadi with Shiraguppa.

West.—Then the line runs north-east along the common boundary between Shiraguppe and Telaginamane to the trijunction bhands of the said two villages with Nichadi; then north-west along the north side of survey No. 49 of Shiraguppe to its north-west corner; then along the east side of survey No. 36 (tank) to its northernmost corner; then north, for about 81 chains through survey Nos. 33 of Shiralguppa and 44 of Naraguodu to the starting point.

No. G. 14723—*Ft.* 320-28-3, *dated 8th June* 1929.

The Government of His Highness the Maharaja of Mysore are pleased to declare under Section 30 of the Mysore Forest Regulation XI of 1900, that the area specified in the Schedule below which forms part of the Gullahatti State Forest constituted as a State Forest, (*Vide* Notification No. R. 1743—Ft. 183-15-5, dated 8th August 1916), shall cease to be a portion of the said State Forest with effect from the date of this notification.

SCHEDULE.

District	Taluk	Area disafforested	Name of forest a portion of which is disafforested	Name of disafforested	Situation
Bangalore ...	Kankanhalli	40 acres ...	Gullahatti ...	Subedaranakere.	The forest is situated to the immediate South-west of the Ragihalli State Forest.

Boundaries of the block Disafforested.

North.—Starting from the common bhands of the eastern corner of survey No. 49 which is about 13 chains from the north-eastern corner of survey No. 10 and south-east corner of survey No. 12 of Jakkasandra village, the line runs eastwards for about 27 chains to the south-east corner (Northern portion of survey No. 49) of survey No. 49.

East.—Then its turns south and runs through survey No. 1 of Gullahatti Kaval for a distance of about 3½ furlongs to the trijunction bhands of survey No. 53 (North-east) 33, (North-west) of Jakkasandra and survey No. 1 of Gullahatti Kaval.

South.—From the above point, the line turns west and runs along the north side of survey No. 53 of the quadro junction bhands of survey Nos. 83, 87, 84 and 49 of Jakkasandra.

West.—Thence it turns north and runs in a straight line along the eastern side of survey No. 49 of the said village to the starting point.

Boundaries of Gullahatti State Forest after the above Disafforestation.

Area after Disafforestation ... | 4,739 acres and 36 guntas or 7·40 square miles.

North.—Starting from a point on the south side of survey No. 38 of Vaddarapalya about 5 chains south-east from its south-east corner, then south-east and east along the demarcation line of the Ragihalli State Forest for about 70 chains.

East.—Thence south-east and south along the demarcation line of the said Ragihalli State Forest to the trijunction bhands of the Ragihalli State Forest, Gullahatti Kaval and Sivanahalli village, then south, south-east and south along the western boundary of the said Sivanahalli village to the north-west corner of survey No. 21 of the Biliginkuppe village, then south-east along its west side to the north-east corner of survey No. 44 of the said village.

South.—Thence north-east along the north side of the said survey No. 44 to its north-west corner, then west along the north side of survey No. 137 of Biliginkuppe to its north-western corner, then south-west along its west side to the north-east corner of survey No. 77 of the said village, then west along its north side for about 18 chains to a point about 5 chains east from its north-west corner, then north and north-west through survey No. 1 of the Kaval for about 10 chains to a point about 5 chains east from the north-east corner of survey No. 45 of Jakkasandra, then north for 10 chains and north-west for 25 chains through the said survey No. 1.

West.—Then from the above point to the north-west corner of survey No. 33 of Jakkasandra, thence turns due north and runs through the said survey No. 1 of the Kaval for about 3½ furlongs to a south-east corner of survey No. 49 of Jakkasandra which is about 13 chains east to the south-east of the south-east corner of survey No. 97 of the latter village, thence runs north-east along its east side for about 40 chains till it meets a halla, then north-east along the said halla for about 17 chains to a point on a small halla about 5 chains south-east from the south-east corner of survey No. 30 of Jakkasandra, then north-east through survey No. 1 of the Kaval for 10 chains to a point about 7 chains east from the north-east corner of survey No. 32 of Jakkasandra, then north-west for 10 chains and in the same direction for 13 chains through the said survey No. 1 to a point about 5 chains south-east from the north-east corner of survey No. 49 of Gothigehalli, then north-east for 17 chains through the said survey No. 1 to a point about 5 chains south-east from the south-east corner of survey No. 40 of Gothigehalli, then north-east for 14 chains through the said survey No. 1 to a point about 5 chains south-east from the south-east corner of survey No. 26 of the said village, then north-east and north for 12 chains through the said survey No. 1 to a point on a halla about 5 chains east from the north-east corner of survey No. 26 then north for 14 chains through survey No. 1 to a point about 5 chains east from the north-east corner of survey No. 25, then north-west through the said survey No. 1 for about 58 chains to a point on the east side of survey No. 77 about 5 chains north from the north-west corner of

survey No. 84, then north-west along the said east side of survey No. 77 for about 34 chains to its north-east corner, then north-east along the east side of survey No. 175 of Vaddarapalya to a point about 5 chains south from the south-east corner of survey No. 115 and then east and north-east through survey No. 1 of the Kaval for about 37 chains to the starting point.

N.B.—The Revenue Survey, survey numbers referred to in the above are all old survey numbers.

PRESS COMMUNIQUE.

No. 5383—*P. P.* 110-28-2, *dated (Camp) Mysore, the* 15—17*th June* 1929.

2. The rules for the current year and syllabus are annexed.

3. Applications from candidates in the Mysore State with connected papers, in duplicate, should reach the undersigned not later than the 10th July 1929.

4. Application forms can be had in the General and Revenue Secretariat.

By Order,
R. RANGA RAO,
Offg. *Chief Secretary to Government.*

ANNEXURE I.

FINANCE DEPARTMENT.

RESOLUTION.

Simla, the 2nd May 1929.

Rules for the examination of candidates for admission to the Indian Audit and Accounts Service, the Military Accounts Department and the Imperial Customs Service.

No. F.-24/III/R. II.—In supersession of this Department Resolution No F.-16/II/R. II, dated the 9th May 1928, the following revised rules, which are liable to alteration from year to year, are prescribed for the examination of candidates in India for admission to the Indian Audit and Accounts Service, the Military Accounts Department and the Imperial Customs Service. Special rules applicable to Burman candidates will be issued later. Burman candidates shall not compete at the competitive examination to be held under Rule 1 in the year 1929.

1. A competitive examination for admission to the Indian Audit and Accounts Service, the Military Accounts Department and the Imperial Customs Service shall be held in India at such time as the Governor-General in Council may direct.

2. The maximum number of candidates to be admitted to the examination may, at the discretion of Governor-General in Council, be limited to such number, not being less than 200, as the Governor General in Council may decide. If the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who shall be admitted to the examination, having regard to the suitability of the applicants for the services in question.

3. (*i*) A candidate shall apply to be admitted to the examination before such date, and in such form, as the Governor-General in Council may prescribe.

(*ii*) If a candidate is employed at the date of his application in Government service he shall make application through the head of his Department to the Local Government if he is employed by the Local Government, or to the Government of India if he is employed in a department under the control of the Government of India.

(*iii*) If he is not in such service, he shall apply to the authority of the area in which his parents reside at the time of the application or have previously resided for a period of not less than three years, or in which he has himself resided (otherwise than as a student at a University only) for the like period.

The authority of the area to whom application shall be made, shall, if the application is based on residence in a Governor province, be the Local Government of that province; if it is based on residence in Coorg, the North-West Frontier Province, Delhi or Ajmer-Merwara, be the Chief Commissioner concerned, and, if it is based on residence in a State in India, be the Political Officer or Agent through the Durbar.

(*iv*) No candidate shall make more than one application in any year.

4. A candidate must be a male who is either (*i*) a British subject of Indian domicile, who was, and whose father and mother were, born within His Majesty's dominions and allegiance, or (*ii*) a British subject of Indian domicile whose father was at the time of the candidate's birth and still is (or if dead, continued until his death to be) a British subject or a subject of a State in India or (*iii*) a ruler or a subject of a State in India

in respect of whom the Governor-General in Council has made a declaration under section 96-A of the Government of India Act.

5. A candidate must have attained the age of 22 and must not have attained the age of 25 on the 1st day of August in the year in which the examination is held provided that a candidate, over the age of 25 and under the age of 30 on that date, may be admitted to the examination (*a*) if he holds a substantive post under Government and (*b*) if he is recommended by the head of his Department.

6. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient discharge of his duties and a candidate who is found, after examination by a Medical Board, not to satisfy these requirements, will not be accepted for admission to the examination.

7. A candidate must satisfy the Governor-General in Council that his character is such as to qualify him for employment in the public service. No candidate who is in the employment of Government will be admitted to the examination unless the report from the head of his Department as to the character and attainments is satisfactory.

*8. A candidate must hold a Degree of a University approved by the Governor-General in Council or the Senior Diploma of the Mayo College, Ajmere.

In exceptional cases the Public Service Commission may, on the recommendation of the Local Government, treat as a qualified candidate, a candidate who, though not possessing any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which, in the opinion of the Commission, justifies his admission to the examination.

9. No candidate shall be admitted to the examination unless he holds a certificate given by the Public Service Commission of having been accepted for admission.

10. Candidates must pay the following fees :—

1. Rs. 5 with the application form ;
2. Rs. 16 for the examination by a Medical Board ; and
3. if accepted for admission to the examination, Rs. 50 within three weeks after the notification of acceptance.

No claim for a refund of these fees will be entertained.

11. The examination will include the following subjects. Each subject carries the number of marks shown against it :—

Section A to be taken by all candidates :—

English	300
Viva Voce	200

Section B candidates are allowed to take not more than two of the following subjects, each of which carries a maximum of 400 marks :—

Political Economy and Economic History.
Mathematics (pure and mixed).
Physics.
Chemistry.
Indian and English History.
Philosophy.
Botany.
Zoology.
One of the following classical languages with its literature :—
Latin, Greek, Sanskrit, Arabic and Persian.

12. A candidate who takes Physics or Chemistry or Botany or Zoology as an optional subject must have undergone one year's laboratory training in an institution authorised to prepare candidates in that subject for a University Degree and must send in a voucher to that effect from the head of the institution.

13. If a candidate's handwriting is not easily legible, a deduction, which may be of considerable amount, will be made on this account from the total marks otherwise accruing to him.

14. A list of competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor and in that order so many competitors up to the determined number of appointments as are found by the Public Service Commission to be qualified by examination, shall be designated to be selected candidates, provided that the Governor-General in Council is satisfied that the candidate is duly qualified in other respects. Should any selected candidate become disqualified the candidate next in order of merit and in other respects duly qualified shall be deemed to be a selected candidate. The Governor-General in Council will decide to which service a successful candidate shall be assigned, and, in doing so, will, so far as possible, have regard to any preference stated by the candidate.

**The following Universities have been approved by the Governor-General in Council, viz.* :—

Indian Universities.

Any University incorporated by an Act of the Central or a Provincial Legislature in India.

The Mysore University.
The Osmania University.

637

English and Welsh Universities.

The Universities of Birmingham, Bristol, Cambridge, Durham, Leeds, Liverpool, London, Manchester, Oxford, Sheffield, Wales and Reading.

Scotch Universities.

The Universities of Aberdeen, Edinburgh, Glasgow and St. Andrews.

Irish Universities.

The University of Dublin (and Trinity College), the Queen's University of Belfast,

---

ORDERED that the Resolution be published in the *Gazette of India*.

E. Burdon,
Secy. to the Govt. of India.

ANNEXURE B.

SYLLABUS.

Section A (Compulsory).

1. *English.*—An essay and a paper design to test the candidate's power to write and understand English.

2. *Viva voce.*—The examination is intended to test the candidate's alertness, intelligence and general outlook. In assigning marks regard will be paid to the candidate's previous career.

Section B.

(Optional subjects of which not more than 2 may be taken.)
There will be two papers in each subject, each of 3 hours.
A choice of questions will be given in each paper.
In the optional subjects the papers will be approximately of the standard required for an Honours Degree in an Indian University.

3. *Political Economy and Economic History.*—The papers will include Industrial History and will have special reference to India. Candidates should be prepared to illustrate theories by facts and to analyse facts with the help of theory. The history of economic thought will be included.

4. *Mathematics (pure and mixed).*—There will be one paper on Pure and one on Mixed Mathematics. The subjects inculuded in Pure Mathematics will be :—
1. Algebra, Trigonometry and Theory of Equations with Determinants.
2. Pure Plane Geometry and Analytical Geometry of two and three dimensions.
3. Differential and Integral Calculus and Differential Equations.

The subjects included in mixed Mathematics will be :—
1. Statics (including Theory of Attractions and Potential) and Hydrostatics.
2. Dynamics of a particle and Elementary Rigid Dynamics.

5. *Physics.*—There will be one paper on General Physics, Heat and Sound and one on Electricity, Magnetism and Light.

6. *Chemistry.*—There will be one paper on General (including Physical) Chemistry and Inorganic Chemistry and one on Organic Chemistry.

7. *Indian and English History.*—The examination will be in Indian History from the beginning of Asoka's reign to the close of the 19th Century and in English History from 1485 to 1880. The papers will include questions on social and literary developments.

8. *Philosophy.*—There will be one paper on Moral Philosophy and Metaphysics and one on Logic and Psychology.

9. *Botany and Zoology.*—There will be two papers on each subject. Vegetable Physiology will be included in Botany.

10. *One classical language with its literature*, namely.
1. Latin,
2. Greek,
3. Sanskrit
4. Arabic, and
5. Persian.

Candidates will be expected to show a knowledge of the principal classical authors and to be able to translate from and compose in the language.

No. P. W. 2606-8—*S., dated 2nd May* 1929.

Whereas it appears to the Government of His Highness the Maharaja of Mysore, that the undermentioned lands situated in Nernahalli village, Kolar Taluk, Kolar District, are needed for a public purpose, to wit for opening a feeder channel to Kolar Amanikere from Nernahalli tank, notice to that effect is hereby given to all whom it may concern, in accordance with the provisions of section 4 (1) of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. I of 1927 and the Government hereby authorise the Deputy Commissioner, Kolar and his subordinates and also the Sub-Division Officer Kolar Division, to exercise the powers conferred by section 4 (2) of the Regulation. Under sub-section 4 of section 17 of the Land Acquisition Regulation of 1894, as amended by Regulation No. I of 1927, the Government direct that, in view of the urgency of the case, the provisions of section 5-A of the Regulation shall not apply to the acquisition of the lands noted below :—

In exercise of the powers conferred by section 11 of the Mysore Motor Vehicles Regulation 1928, the Government of His Highness the Maharaja are pleased to make the following amendments to the Mysore Motor Vehicles Rules issued with Notification No. P. 3015—Legis. 21-22-10, dated the 11th December 1924, as amended from time to time:—

AMENDMENTS.

1. In Rule 4, for the word and figure "Rule 33" the word and figure "Rule 4 A" shall be substituted.

2. The following shall be added as Rules 4 A and 4 B :—

"4 A. The fee payable for the registration of a heavy Motor Vehicle as defined in Rule 31 shall be Rs. 32 if the vehicle is one let or plied for hire under a permit, and Rs. 40 in other cases."

"4B. Such registration, in the case of heavy Motor Vehicles not let or plied for hire shall be in force for a period of twelve months only and may be renewed for further periods of twelve months at a time. The fee payable for each renewal shall be Rs. 40."

"3. In Sub-Rule (1) of Rule 27 the word "possess" shall be substituted for the words "take annually."

4. The following shall be added as sub-rules (1-A), (1-B) and (1-C) of Rule 27:—

(1-A) "Such permits shall be in force for twelve months from the date of issue and thereafter they may be renewed for further periods of twelve months at a time and their validity shall be limited to the road or roads specified therein."

(1-B) "The fee payable for the first grant of such permits shall be Rs. 16 and the fee payable for the renewal of permits already granted shall be Rs. 8."

"These fees shall be charged in addition to the fee payable under Rules 4, 4A and 30 (2)."

If any application for the grant or renewal of a permit is rejected, the fee paid in that behalf shall be refunded to the applicant.

(1-C) "A permit presented after the date of its expiry shall not be renewed and only a new permit shall be issued in such a case."

5. Rules 28, 29 and 33 shall be deleted.

By Order,
P. MAHADEVAYYA,
Secretary to Government,
Law Department.

REMARKS.—A plan of the property is available in the office of the Assistant Commissioner, Davangere Sub-Division for inspection any time during office hours except on closed holidays.

No. R. S. 2263, dated 25th April 1929.

Under section 6 of the Land Acquisition Regulation of 1894, as amended by the Land Acquisition Amendment Regulation No. I of 1927, the Government of His Highness the Maharaja of Mysore declares that the land measuring 1 acre and 24½ guntas be the same a little more or less, is needed for a public purpose, to wit, construction of Railway Staff Quarters, and under sections 4 and 7 of the same Regulation, the Assistant Commissioner in charge of Nanjangud Sub-Division is appointed to perform the functions of a Deputy Commissioner under the Regulation and directed to take orders for the acquisition of the said lands. Under sub-section (1) of section 17 of the Regulation, the Government further directs that the possession of the said lands may be taken on the expiry of fifteen days from the date of publication of the notice mentioned in Section 9 (1) of the Regulation. A plan of the land is kept in the Office of the Amildar, Nanjangud Taluk, and may be inspected at any time during office hours.
